FOREWORD

The U.S. Air Force Installations Directory comprises installations owned, operated, jointly used or currently available for use by the U.S. Air Force outside continental U.S., which are active, inactive or on caretaker status.

The U.S. Air Force Installations Directory has been compiled from information developed in field surveys, reports on file in this headquarters, reports furnished by National Defense agencies, real property records, and station housing reports presently being submitted by the overseas commands in compliance with AFM 150-15A, dated 1 September 1950 and special request to all commands, Subject: "Status of Housing and Occupancy", dated 25 February 1951.

Attention is invited to the fact that information so received from different sources varies considerably. All available information has been used and data presented herein is considered the most recent and reliable that can be obtained.

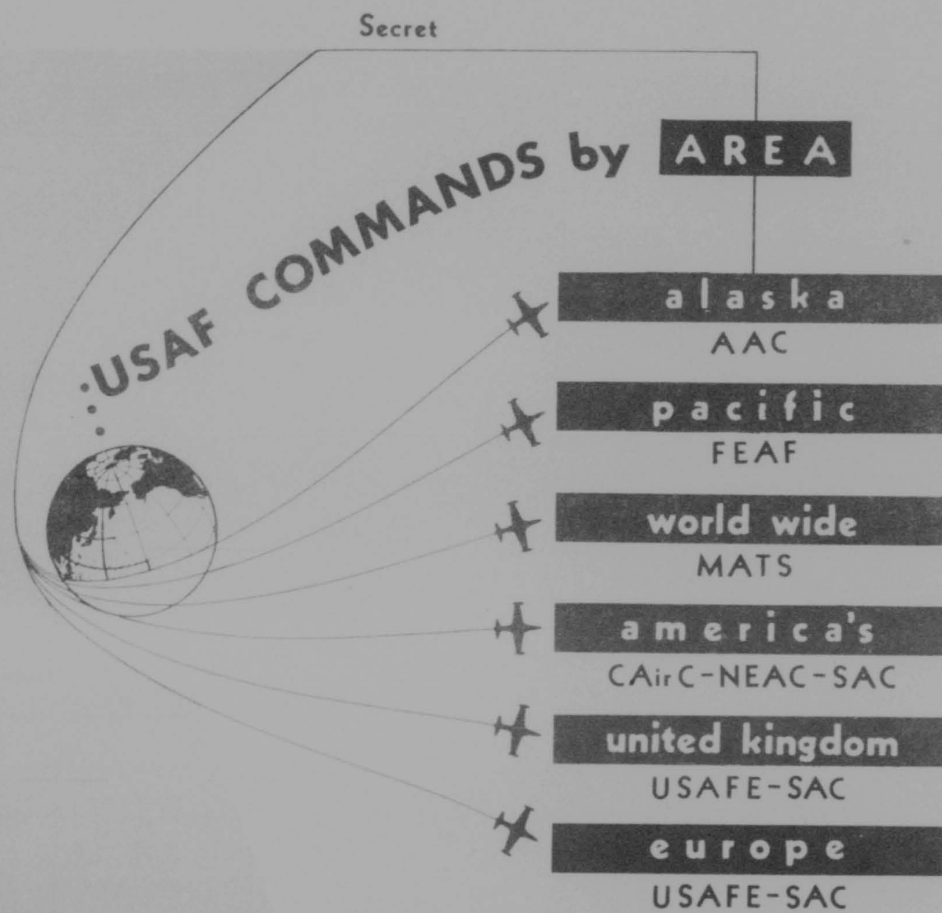

Installations in the Airfield section of the Directory are designated by Classification, Category and Status. Classification is in accordance with AFM 05-1, dated 19 December 1949, P, S and M indicating primary, secondary and minor USAF installations, O a U.S. Government installation other than Air Force and N a non-U.S. Government installation being utilized by USAF. Categories used herein, indicate the determination made by HQ USAF that an installation is eligible for: (1) Construction with 25 year life expectancy, an Installations Planning Board and FEMA sponsored housing; (2) Construction with 25 year life expectancy and an Installations Planning Board; (3) Construction with 25 year life expectancy; (4) Construction with 15 year life expectancy and an Installations Planning Board; (5) Construction with 15 year life expectancy; (6) No determination made. Installation Status is indicated by symbols A active and I inactive.

The 15 March 1946 issue, of the U.S. Air Force Installations Directory, is the master list of all Air Force installations outside the continental limits of the United States: used, constructed or improved for or by the USAF during the course of World War II, and should be retained for reference purposes.

In order that information contained herein may be kept currently accurate, it is requested that Page 58 of this directory be used to report corrections, additions or deletions.

EXPLANATORY NOTES*General*

This study contains a detailed description of the capacity and occupancy of all housing available for military personnel at USAF installations worldwide. The scope and detail of the study are based on the requirements of a special request to all commands, subject: "Status of Housing and Occupancy", dated 26 February 1951. The capacity of all housing and the occupancy are provided herein for each installation without regard to command or individual unit assignment.

Installations

The installations included in this study are all those under the jurisdiction of the USAF having authorized military housing and/or having USAF military personnel currently assigned thereto; also, installations that are under the jurisdiction of the Department of the Army and the Department of the Navy or a foreign government at which USAF military personnel are assigned. These installations include air bases, auxiliary fields, depots, range camps, command headquarters, aircraft control and warning stations, etc.

Types of Housing

The types of housing are classified into two general groups, "Troop" and "Family". These groups include all existing housing originally designed for or authorized for permanent conversion to housing. All military personnel not living in military housing and for whom no beds are reserved at an installation are reported separately under "Commutator".

The individual types of housing are further defined as follows:

"Troop Permanent": Includes all buildings designed and planned for troop housing and have been originally, or later modified to be, constructed with permanent type foundations and structural framing, finished masonry walls or with other exterior materials of equivalent durability, roofing material with life expectancy of not less than 20 years, and with complete interior finish.

"Troop Temp. (MOB)": Includes all housing based on the design and plan of mobilization construction and constructed of standard wood framing, sheathing and siding in accordance with, or based on, the 700 and 800 construction plan series prepared by the Corps of Engineers, Department of the Army.

"Troop Temp. (T/O)": Includes all housing based on theater of operations type design and plan and constructed of light wood framing and sheathing covered with tar paper or with substitute wall or siding materials in accordance with, or based on TO 11.2, TO 11.4 and TO 700 constructed plan series prepared by the Corps of Engineers, Department of the Army. Also included under this type are various hutments and prefabricated or demountable buildings as the quonset hut and the CCC (Civilian Conservation Corps) structure.

"Troop Leased": Includes buildings or portions thereof leased by USAF for a specified length of time and at a fixed rental cost for the purpose of housing military personnel. Not included are buildings occupied on a contract basis.

"Troop Other": Includes all former PHA dormitory projects that have been transferred to the jurisdiction of the Department of the Air Force, together with all other types of buildings authorized for use as housing that cannot be properly classified under any of the types described above. Also included are all personnel temporarily occupying buildings not authorized by Hq, USAF for use as housing.

Types of Housing

"Family-Permanent": Includes all buildings designed and planned for purpose of providing family housing for military personnel and have been originally, or later modified to be, constructed with permanent type foundations and structural framing, finished masonry walls or with other exterior materials of equivalent durability, roofing material with life expectancy of not less than 20 years, and with complete interior finish.

"Family-Temporary": Includes all buildings designed and planned for purpose of providing family housing for military personnel but with construction standards below those described as permanent for "Family-Permanent".

"Family-Mob Conv": Includes all mobilization type buildings permanently converted by authority of Bq USAF, from their originally designed purposes to family housing for military personnel. (Mobilization construction is defined under "Troops-Mobilization.")

"Family-T/O Conv": Includes all theater of operations type buildings permanently converted, by authority of Bq USAF, from their originally designed purposes to family housing for military personnel. (T/O type construction is defined under "Troops-T/O.")

"Family Other": Includes existing family housing that was neither designed nor planned for housing of military personnel. In this group are civilian type residences acquired as a part of real estate acquisitions; housing constructed with Federal funds, other than Department of the Air Force; and other types of family housing as trailers, demountable houses, etc. that are used to provide housing facilities, but which cannot be classified in the types described above.

"FHA Permanent": Includes all former permanent type (See Family-Permanent above) Public Housing Administration family housing projects that have been transferred to the jurisdiction of the Department of the Air Force.

"FHA Temporary": Includes all former temporary type (See Family-Temporary above) Public Housing Administration family housing projects.

"FHA Permanent": Includes all family housing of permanent type construction (See Family-Permanent above) for which a need has been certified by the Air Force to the Federal Housing Administration and the FHA has in turn approved and insured the sponsor for their construction.

"FHA Temporary": Includes all family housing of a temporary type construction (See Family-Temporary above) for which a need has been certified by the Air Force to the Federal Housing Administration and the FHA has in turn approved and insured the sponsor for their construction.

"Other Housing" Includes existing housing - Troop and Family - that was neither designed nor planned for housing of military personnel. In this group are civilian type residences acquired as a part of real estate acquisitions; housing constructed with Federal funds, other than Department of the Air Force; requisitioned or commandeered housing in occupied countries; and other types of housing as trailers, demountable houses, etc. that are used to provide housing facilities but which cannot be classified in the types described above.

EXPLANATORY NOTES

Capacity & Occupancy

The current capacities for each type of housing are shown by class of personnel for which it is designed. Personnel are included in the appropriate columns by class of personnel regardless of where they are housed.

The capacity for each type of housing is the "Authorized Normal Capacity" in accordance with the basic space allowances and capacity of standard type housing specified in AFR 93-8, dated 12 September 1950.

The "Capacity Not in Use for Housing" includes all housing that is vacant or is temporarily used for purposes other than housing. All buildings constructed for or converted to housing are considered available for housing at all times unless they have been permanently redesignated or permanently converted to other uses by proper authority.

*Commutation: Includes all military personnel assigned to and working on the installation who are living off-base, whether or not on commutation status and for whom no Government housing is being provided.

Remarks

A space for remarks is provided for each installation for the purpose of explaining unusual circumstances or to elaborate on facts that cannot be fully brought out in the other spaces.

The preliminary drafts of Subtitle D (Air Force) and Subtitle B (Army) have been printed as a committee print by the Committee on the Judiciary of the House of Representatives. This project is part of a larger undertaking, commenced by Congress in 1946, to revise and enact into law each of the fifty titles of the United States Code. The work of the Joint Army-Air Force Statutory Revision Group, accordingly, is going forward with the approval and assistance of the Committee on the Judiciary of both Houses of Congress.</p> <p>3. The attached preliminary draft of Subtitle D (Air Force) is now being circulated to the Air Staff to obtain the comments and suggestions of each staff agency, against the background of its specialized experience and responsibility, as to the accuracy and completeness of the restatement of those laws with which that agency is directly concerned. Comment by the Air Staff upon the Army subtitle is not desired except where the commenting agency feels that the interrelation of parallel provisions compels consideration of that draft. This will also be the case as to the preliminary draft of the new National Guard title. If a particular staff agency has no comments, a reply to that effect is desired.</p> | |

FOREWORD

This preliminary draft of a proposed bill for a general codification of the laws relating to the Air Force is issued by the subcommittee of the Committee on the Judiciary for the purpose of inviting suggestions, comments, and criticisms. The draft presented is intended primarily to serve as a basis for the expression of opinions. All comments received will be carefully considered for the preparation of a bill to be introduced on the subject.

While the draft has been prepared for the subcommittee, it is not intended to represent the subcommittee's final views and recommendations. The subcommittee's view and recommendations will be formulated only after the opinions of the interested public have been received and considered.

Joseph H. Brupay
M. C.

Chairman, Subcommittee No. 2.

JUNE 25, 1952.

INTRODUCTION

This is a preliminary draft of the subtitle, called "Air Force", which is one of four subtitles in a projected title of the United States Code. Upon enactment into law, this title will codify the great bulk of the law relating to the military aspects of national defense.

A preliminary draft of the subtitle relating to the Army is also being issued. Preliminary drafts of the subtitle relating to the Navy and that relating to general defense law (and such of the law common to the three military departments as is not covered in the other subtitles) are also being prepared.

The draft is printed and circulated at this time to obtain comments and suggestions on the accuracy and completeness of the proposed rearrangement and restatement of existing law relating primarily to the Air Force. Because it is not intended to change in any respect the substance of the law now in force, substantive errors in existing law have not been corrected, but will be noted for future consideration.

In general the proposed text, revision notes, and tables account for all statutes, codified in the United States Code, that are reflected in—

- (1) title 10;
- (2) chapter 11A of title 5;
- (3) those parts of title 32 which deal with the National Guard of the United States and the National Guard while in the service of the United States; and
- (4) a number of sections of titles 5, 22, 23, 24, 31, 34, 37, 40, 43, 47, 50, and 50 Appendix, which, upon careful examination, are more appropriately allocated to the Air Force subtitle. (See Table 2, Appendix.)

In addition, the draft includes some relevant laws that have not heretofore been codified in the United States Code. (See Table 1, Appendix.)

Some laws pertaining primarily to the Air Force that are now outside of the parts of the United States Code named have not been brought within the new subtitle because they are either of government-wide application or are integral parts of government-wide subjects treated in other titles. (See Table 4, Appendix.) Other laws have been omitted, but not repealed, because although now in force they are of temporary or limited interest only. (See Tables 2C and 2D, Appendix.) Still other laws, now in titles 5, 10, and 32, have been

INTRODUCTION

omitted and transferred as belonging more properly to other titles of the United States Code. (See Table 2B, Appendix.) Laws that have been impliedly repealed, or are executed, obsolete, or otherwise unnecessary, have also been omitted and will be expressly repealed. (See Table 2A, Appendix.) Laws now codified in title 32 of the United States Code that deal with the National Guard not in the service of the United States have been excluded because they are not within the scope of this draft. (See Table 2G, Appendix.)

The draft includes all pertinent laws enacted through May 18, 1952. (Recent laws not included in Supplement IV to the 1946 Edition of the United States Code are listed in Table 5, Appendix.)

The draft excludes many of the major laws common to the three military departments. These will be included in the subtitle relating to general defense law. However, since the remainder need to be stated separately for each of the three services, a number of laws have been included that apply to the Navy and to other Government agencies. (See Table 3, Appendix.)

Following each section of the proposed text is a revision note showing the United States Code sections on which the revised section is based and explaining the significant differences in wording between the source text as now stated in the United States Code and the proposed text. Changes in language for precision and clarity, the reasons for which are obvious, have not been specifically explained. Provisions that authorize appropriations to be made, but neither specify dollar limitations nor require specific ear-marking to make the appropriation available, have been uniformly omitted as surplusage. The frequency of omissions of this kind makes it more appropriate to note the fact here than to repeat it in many revision notes. To further simplify these revision notes the basis of applicability to the Air Force of each law restated for the Air Force in this draft is shown in Table 6, Appendix.

In this draft, source citations to the Statutes at Large have been omitted. They will be supplied in the final draft.

- 303. Secretary of the Air Force; powers and duties; delegations by; compensation.
- 305. Under Secretary of the Air Force; Assistant Secretaries of the Air Force.
- 307. Comptroller of the Air Force; appointment; functions.
- 313. Secretary of the Air Force; successors to duties.
- 315. Secretary of the Air Force; special powers and duties.

§ 301. Department of the Air Force: seal

- 1 (a) "Department of the Air Force" means the executive part of
- 2 the Department of the Air Force and all commands, forces, reserve
- 3 components, installations, activities, and functions under the control
- 4 or supervision of the Secretary of the Air Force.
- 5 (b) "Executive part of the Department of the Air Force" means
- 6 the executive part of the Department of the Air Force at the seat of
- 7 Government.
- 8 (c) The Secretary shall have a seal, of a design approved by the
- 9 President, made for the Department of the Air Force. Judicial
- 10 notice shall be taken of the seal.

Revision Note

Based on 5-626 (a) (1st 21 words of 1st sentence), 626 (c), and 626 (g); and 10-1801 (c) and 1801 (d).

In subsection (a), 5-626 (c), based on section 207 (c) of the National Security Act of 1947, defines the Department of the Air Force as the Department at the seat of Government and all forces, functions, and activities under the control or supervision of the Department of the Air Force. 10-1801 (c), based on section 2 (c) of the Air Force Organization Act of 1951, however, defines that overall organization as the Air Force Establishment. These two sections are combined in subsection (a) as a definition of the Department of the Air Force. The word "commands", in 10-1801 (c), is substituted for the words "field headquarters", in 5-626 (c).

§ 303. Secretary of the Air Force: powers and duties; delegations by; compensation

- 1 (a) The Secretary of the Air Force is the head of the Department
- 2 of the Air Force. The Secretary shall be appointed from civilian
- 3 life by the President, by and with the advice and consent of the Senate.
- 4 (b) The Secretary shall perform such duties relating to Air Force
- 5 affairs, and in such manner, as the President or the Secretary of
- 6 Defense directs. He has the authority necessary to conduct all

7 affairs of the Department of the Air Force, including but not limited
8 to—

- 9 (1) research and development;
- 10 (2) functions necessary or appropriate for the training, oper-
11 ations, administration, logistical support and maintenance,
12 welfare, preparedness, and effectiveness of the Air Force; and
13 (3) such other activities as may be prescribed by the President
14 or the Secretary of Defense as authorized by law.

15 (c) The Secretary may assign such functions, powers, and duties
16 as he considers appropriate to the Under Secretary of the Air Force
17 and to the Assistant Secretaries of the Air Force. Officers of the
18 Air Force shall, as directed by the Secretary, report on any matter
19 to the Secretary, the Under Secretary, or an Assistant Secretary.

20 (d) The Secretary, or, as he may prescribe, the Under Secretary or
21 an Assistant Secretary, shall supervise all matters relating to—

- 22 (1) the procurement activities of the Department of the Air
23 Force;
- 24 (2) planning for the mobilization of materials and industrial
25 organizations essential to the wartime needs of the Air Force; and
26 (3) activities of the reserve components of the Air Force.

27 (e) The Secretary, as he considers appropriate, may assign, detail,
28 and prescribe the duties of, members of the Air Force and civilian
29 personnel of the Department of the Air Force.

30 (f) The compensation of the Secretary is \$18,000 a year.

Revision Note

Based on 5:190, 626 (a) (less 1st 21 words of 1st sentence), 626 (c), 626-2 (less (e)), 626a, and 626b (last 10 words).

In subsection (b), 5:190 and 5:626-2 (a), which define the duties and responsibilities of the Secretary of the Air Force in general terms, are combined to reflect the provisions of the National Security Act of 1947 (5 U. S. C. 171 et seq.), relating to the authority of the Secretary of Defense. The words "relative to military commissions, the military forces, the warlike stores of the United States"; in 5:190, are omitted as covered by the enumeration in 5:626-2 (a). The appropriation authorization in 5:626-2 (a) is omitted as surplusage.

In subsection (d), the words "in addition to other duties" are omitted as surplusage. The word "supervise" is substituted for the words "be charged with supervision".

In subsection (e), the words after the semicolon of 5:626-2 (d) are omitted as surplusage.

In subsection (f), the second sentence of section 301 (b) of the National Security Act of 1947, as amended, is omitted as superseded by the Act of Oct. 15, 1949, ch. 695, sec. 1, 63 Stat. 880, which specifies the compensation of the Secretary of the Air Force.

§ 305

ORGANIZATION

1

§ 305. Under Secretary of the Air Force; Assistant Secretaries of the Air Force

1 (a) There shall be an Under Secretary of the Air Force, and two
2 Assistant Secretaries of the Air Force, in the Department of the Air
3 Force. The Under Secretary and the Assistant Secretaries shall be
4 appointed by the President, by and with the advice and consent of
5 the Senate.

6 (b) The compensation of the Under Secretary and of the Assistant
7 Secretaries is that prescribed by law for assistant secretaries of
8 executive departments.

Revision Note

Based on 5-626 (d), 626-1 (a), and 626b (less last 10 words).

Subsection (b) combines those parts of 5-626-1 (a) and 5-626b which deal with the compensation of the Under and Assistant Secretaries of the Air Force. 5-626b provides that their compensation shall be "at the rate of \$15,000 per annum or at the rate hereafter prescribed by law for assistant secretaries of executive departments". Section 302 of the National Security Act of 1947, as amended, provided that the compensation should be "at the rate of \$10,330 a year or at the rate hereafter prescribed by law for assistant secretaries of executive departments". Section 5 (a) of the Act of Oct. 15, 1919, ch. 695, 63 Stat. 880, specifies an annual salary of \$15,000 for assistant secretaries of executive departments. 5-626-1 (a) provides that the Under Secretary and Assistant Secretaries "shall receive the compensation prescribed by law". In the revised subsection the current rate of compensation is omitted as surplusage.

§ 307. Comptroller of the Air Force; appointment; functions

1 (a) The Secretary of the Air Force, subject to the authority and
2 direction of the Secretary of Defense, shall cause budgeting, account-
3 ing, progress and statistical reporting, internal audit, administrative
4 organization, and managerial procedures relating thereto, in the
5 Department of the Air Force, to be organized and conducted in a
6 manner consistent with the operations of the Office of Comptroller
7 of the Department of Defense.

8 (b) There shall be a Comptroller of the Air Force, and a Deputy
9 Comptroller of the Air Force, in the Department of the Air Force.
10 The Comptroller and the Deputy Comptroller shall be appointed by
11 the Secretary. The Secretary may appoint a member of the Air
12 Force as Comptroller or as Deputy Comptroller. However, if he
13 appoints a member of the Air Force either as Comptroller, or as
14 Deputy Comptroller, he shall appoint a civilian to the other office.

15 (c) Subject to the authority of the Secretary, the Comptroller is
16 responsible for all budgeting, accounting, progress and statistical
17 reporting, internal audit, administrative organization, and managerial
18 procedures relating thereto, in the Department of the Air Force.

19 (d) The Comptroller is under the direction and supervision of,
20 and is directly responsible to, the Secretary, the Under Secretary, or
21 an Assistant Secretary. However, this subsection does not prevent
22 the Comptroller from having concurrent responsibility to the Chief
23 of Staff, the Vice Chief of Staff, or a Deputy Chief of Staff, if the
24 Secretary so prescribes.

Revision Note

Based on 5:172a.

In subsection (a), the word "structure" is omitted as surplusage.

In subsection (b), the words "The Secretary may appoint a member of the Air Force as Comptroller or as Deputy Comptroller" are substituted for the words "The Secretaries of the military departments may in their discretion appoint either civilian or military personnel as comptrollers of the military departments", since no specific authority is needed for the appointment of a civilian to the position. The substituted language clarifies a possible ambiguity as to whether the Deputy Comptroller may be a member of the Air Force if the Comptroller is a civilian. The legislative history indicates that such was contemplated, and the Department of the Navy has so construed the language by the appointment of a Navy officer to that position.

§ 313. Secretary of the Air Force: successors to duties

1 (a) If the Secretary of the Air Force dies, resigns, is removed from
2 office, is absent, or is disabled, the person who is highest on the follow-
3 ing list, and who is not absent or disabled, shall perform the duties
4 of the Secretary until the President, under section 179 of the Revised
5 Statutes (5 U. S. C. 6), directs another person to perform those duties
6 or until the absence or disability ceases:

7 (1) The Under Secretary of the Air Force.

8 (2) The Assistant Secretaries of the Air Force in order of their
9 length of service as such.

10 (3) The Chief of Staff.

11 (b) Performance of the duties of the Secretary by the Chief of Staff
12 or any officer of the Air Force designated under section 179 of the
13 Revised Statutes (5 U. S. C. 6) shall not be considered as the holding
14 of a civil office within the meaning of section 1733 (b) of this title.

Revision Note

Based on 5:626-1 (b) and 626-1 (c).

In subsection (b), the effect of section 1733 (b) of this title is stated.

§ 315. Secretary of the Air Force: special powers and duties

1 (a) The Secretary of the Air Force may delegate to subordinate
2 officials the authority to employ persons in the departmental service
3 of the Department of the Air Force wherever located.

4 (b) If satisfactory proof is presented that a person who was dis-
5 charged honorably or under honorable conditions has lost his certifi-

§ 315

ORGANIZATION

6 certificate of discharge from the Air Force, or that it was destroyed without
7 his procurement or connivance, the Secretary may give that person,
8 or his surviving spouse, a certificate of that discharge, indelibly
9 marked to show that it is a certificate in lieu of the lost or destroyed
10 certificate. A certificate given under this subsection may not be
11 accepted as a voucher for the payment of a claim against the United
12 States for pay, bounty, or other allowance, or as evidence in any
13 other case.

14 (c) The Secretary shall issue a certificate of discharge or an order
15 of acceptance of resignation, in the true name of any person who
16 was separated from the Air Force honorably or under honorable
17 conditions after serving under an assumed name during a war with
18 another nation or people, upon application by, or on behalf of, that
19 person, and upon proof of his identity. However, a certificate or
20 order may not be issued under this subsection if the name was
21 assumed to conceal a crime or to avoid its consequence.

Revision Note

Based on 5:187a, 199, and 200.

In subsection (b), the word "person" is substituted for the words "any officer or enlisted man", since the persons to whom the subsection applies may not be members of the Air Force at the time of the application. The words "surviving spouse" are substituted for the word "widow" to cover cases involving female members of the Air Force.

In subsection (c), the words "enlisted or" and "while minors or otherwise" are omitted as surplusage. The words "the War of the Rebellion" are omitted as obsolete.

- 19 September 19, 1951, by Congress, or whenever the President finds
- 20 that it is in the national interest to increase the number of officers
- 21 in the executive part of the Department. The Secretary shall report
- 22 quarterly to Congress the number of commissioned officers in the
- 23 executive part of the Department of the Air Force and the justification therefor.

 29 he makes a special finding that the extension is necessary in the
 30 public interest. No officer may be detailed or assigned to duty in
 31 the executive part of the Department of the Air Force within two
 32 years after relief from that duty, except upon a special finding by
 33 the Secretary that the detail or assignment is necessary in the public
 34 interest. This subsection does not apply in time of war or national
 35 emergency declared by Congress after September 19, 1951.

36 (c) There shall be in the Air Staff a general officer who shall
 37 advise and assist the Secretary and the Chief of Staff on matters
 38 relating to the reserve components of the Air Force and who shall
 39 perform such other duties in connection therewith as the Secretary
 40 or the Chief of Staff may assign.

Revision Note

Based on 101811.

In subsection (a), the words "which shall be known as" are omitted as surplusage.

In subsection (d), the words "After September 19, 1952" are substituted for the words "This subsection shall not take effect until one year after the enactment of this Act". The words "after September 19, 1951" are substituted for the word "hereafter".

1 (a) The Air Staff shall furnish professional assistance to the Secretary,
 2 the Under Secretary, and the Assistant Secretaries, of the Air
 3 Force, and the Chief of Staff.

5 (1) prepare such plans for the national security, for employment
 6 of the Air Force for that purpose, both separately and in
 7 conjunction with the land and naval forces, and for recruiting,
 8 organizing, supplying, equipping, training, serving, mobilizing,
 9 and demobilizing the Air Force, as will assist in the execution of

19 (5) perform other duties, not otherwise assigned by law, as
 20 prescribed by the Secretary.

Revision Note

Based on 10-1815.

In subsection (a), the word "furnish" is substituted for the word "render".

In subsection (b) (1), the words "vested in", "imposed upon", and "assigned to", are omitted as surplusage. In subsection (b) (2), the words "all questions affecting" and "in-state of" are omitted as surplusage.

36 effect.

37 (g) In addition to the functions and duties performed by it for the
38 Department of the Army, the National Guard Bureau shall perform
39 similar functions and duties for the Department of the Air Force, and
40 shall be the channel of communication between the Department of
41 the Air Force and the States, the Territories, and the District of
42 Columbia on all matters affecting the Air National Guard.

Revision Note

Based on 5-626 (f), and 10-38 (less last paragraph).

In subsection (e), the words "Air Force Reserve" are substituted for the words "Officers' Reserve Corps, the Organized Reserves, and the Enlisted Reserve Corps".

In subsection (e), the words "For the purpose specified herein" are omitted as surplusage.

In subsection (f), the words "upon approval" are substituted for the words "After action", since the policies and regulations described could be carried into effect only if approved by the Secretary, and also to conform to similar provisions in section 507 (d) of this title.

In subsection (g), the word "perform" is substituted for the words "be charged with". All of 5-626 (f) except the first proviso of the first sentence is omitted as executed.

39 the Secretary of the Air Force considers appropriate to carry out this
40 section. This subsection does not apply to guided missiles.
- 41 (g) The President may prescribe regulations for the government
42 of the Air Force.

Revision Note

Based on 5:626e (a) and 626e (b) and 10:16, 20, 20e, 20f, and 1831.

In subsection (e), the words "Effective on July 10, 1950" are omitted as surplusage. The words "not to exceed" are omitted as surplusage, since the section states the authorized number and any number over that would not be authorized. The words "a general officer of the Air Force" are substituted for the words "General officers holding office in any general officer grade, under permanent or temporary appointments". The words "including general officers of the Army of the United States, or any component thereof" are omitted as covered by the words "of the Air Force".  referred to in various revised sections of this title (see Distribution Tables).

In subsections (a)-(f), the words "commissioned officers" are substituted for
 the word "members" in 10:1837 (a), since, under the laws to which reference
 is made, only commissioned officers may be designated to perform these functions.

Revision Note

This section states expressly definitions that have heretofore been implicit in the law.

II

§ 1103. Air Force: members on active duty

- 1 (a) After July 30, 1954, the authorized strength of the Air Force
 2 in members on active duty, exclusive of—
 3 (1) officer candidates;
 4 (2) aviation cadets;
 5 (3) members of the reserve components on active duty for
 6 training purposes only;
 7 (4) members paid from appropriations for the Air National
 8 Guard or the Air Force Reserve; and
 9 (5) members of the reserve components ordered to active duty
 10 in an emergency declared after July 10, 1950;
 11 is ~~502,000~~^{502,000}.
- 12 (b) After July 30, 1954, the authorized daily average strength of
 13 the Air Force in members on active duty during the fiscal year,
 14 exclusive of—
 15 (1) officer candidates;
 16 (2) members of the reserve components on active duty for
 17 training purposes only; and
 18 (3) members employed in the Selective Service System;
 19 is ~~502,000~~^{502,000}.

Revision Note

Based on 10:208 (a); 50 App.: 452; and section 1 of uncodified Act of Aug. 3, 1950, ch. 537 (as applicable to 10:208 (a) and 50 App.: 452), 64 Stat. 408, as restated by uncodified 1st paragraph of section 3 of the Act of June 19, 1951, ch. 144, Title I, 65 Stat. 88.

The words "After July 30, 1954" are inserted to reflect section 1 of the Act of Aug. 3, 1950, as restated (10 U. S. C. 20) (note), which suspends, until July 31, 1954, the operation of the authorized strength restrictions imposed by the revised section. That subsections (a) and (b) are in force concurrently is confirmed by the opinion of the Judge Advocate General of the Army (JAGA 1952:2294, 4 Mar. 52).

In subsection (a), the reference to one-year enlistees as an excepted category, in 10:208 (a), is omitted to conform to 50 App.: 452, as restated by section 1 (b) of the 1951 amendments to the Universal Military Training and Service Act, 65 Stat. 76. The one-year enlistees program was abolished by section 1 (b) of the 1951 amendments to that act, 65 Stat. 80.

§ 1105. Regular Air Force: members on active duty

- 1 After July 30, 1954, the authorized strength of the Regular Air
 2 Force in members on active duty, exclusive of members of the Regu-
 3 lar Air Force in the categories listed in clauses (1)-(5) of section
 4 1103 (a) of this title, is 502,000 less the number of members of the
 5 Air Force on active duty who are neither members of the Regular
 6 Air Force nor members of those categories.

Ch. 51

AUTHORIZED STRENGTH

§ 1105

Revision Note

The revised section is inserted to make explicit in the law the authorized strength of the Regular Air Force, which has heretofore been implied from provisions relating to the strength of the Air Force in members on active duty. The implication is based on an opinion of the Judge Advocate General of the Army construing the same laws as they affect the Army. That opinion (JAGX 1951/1549, 14 Feb. 51) concludes that the authorized strength of the Regular Army is the same as the authorized strength of the Army in members on active duty, exclusive of certain categories. An express statement in the law of the authorized strength of the Regular Air Force is desirable, since other sections, for example section 1101 of this title, expressly refer to that authorized strength. The words "After July 30, 1954" are inserted to reflect section 1 of the Act of Aug. 3, 1950, as restated (10 U. S. C. 20) (note), which suspends, until July 31, 1954, the operation of the authorized strength restrictions imposed by section 1103 of this title, referred to in the revised section.

§ 1107. Regular Air Force: commissioned officers on active list

- 1 After July 30, 1954, the authorized strength of the Regular Air
- 2 Force in commissioned officers on the active list is the sum of the
- 3 number authorized by section 1109 of this title and the numbers in
- 4 designated categories specifically authorized by law as additional
- 5 numbers.

Revision Note

The revised section is inserted to make it clear that the total authorized strength of the Regular Air Force in commissioned officers on the active list includes the additional numbers in designated categories specially authorized by law as additional numbers, excluded from the strength of 27,500 specified in section 1109 of this title. The words "After July 30, 1954" are inserted to reflect section 1 of the Act of Aug. 3, 1950, as restated (10 U. S. C. 20) (note), which suspends, until July 31, 1954, the operation of the authorized strength restrictions imposed by section 1100 of this title on which the revised section is based.

§ 1109. Regular Air Force: commissioned officers on active list; exclusive of certain categories

- 1 After July 30, 1954, the authorized strength of the Regular Air
- 2 Force in commissioned officers on the active list, exclusive of members
- 3 in designated categories specifically authorized by law as additional
- 4 numbers, is 27,500.

Revision Note

Based on 10-20 (b) (less last 17 words); and uncodified section 1 of Act of Aug. 3, 1950, ch. 547 (as applicable to 10-20 (b) (less last 17 words), 64 Stat. 408, as restated by uncodified 1st paragraph of section 3 of the Act of June 19, 1951, ch. 144, Title 1, 65 Stat. 88.

The words "After July 30, 1954" are inserted to reflect section 1 of the Act of Aug. 3, 1950, as restated (10 U. S. C. 20) (note), which suspends, until July 31, 1954, the operation of the authorized strength restrictions imposed by this section.

§ 1111

PERSONNEL

11

**§ 1111. Regular Air Force: commissioned officers on active list;
Air Force nurses**

- 1 (a) The authorized strength in Air Force nurses on the active list
2 of the Regular Air Force is 549, or 6/1000 of the authorized strength
3 of the Regular Air Force in members on active duty, exclusive of
4 members of the Regular Air Force in the categories listed in clauses
5 (1)–(5) of section 1103 (a) of this title, whichever is greater.
- 6 (b) Of the authorized strength of the Air Force in Air Force nurses
7 on the active list of the Regular Air Force, not more than 7/1000 may
8 be in the grade of lieutenant colonel in the Regular Air Force, and not
9 more than 16/1000 may be in the grade of major in the Regular Air
10 Force. The Secretary of the Air Force shall prescribe the authorized
11 strength of the Air Force in Air Force nurses on the active list in the
12 grade of captain in the Regular Air Force.

Revision Note

Based on 10/166 (a) (2d sentence and proviso of last sentence) and 166f (b) (1st 22 words of 1st sentence).

In subsection (a), the words "exclusive of members of the Regular Air Force in the categories listed in clauses (1)–(5) of section 1103 (a) of this title" are inserted to make it clear that the authorized strength to which the ratio of 6/1000 applies is that authorized strength prescribed in section 1105. The words "in members on active duty" are inserted for clarity and to conform to section 1105 of this title which states the authorized strength of the Regular Air Force in members on active duty. The figure "549" results from the allocation of the original figure 2558 heretofore made between the Army and the Air Force under section 208 (c) of the National Security Act of 1947 (5 U. S. C. 629c (c)). (See Joint Army and Air Force Adjustment Regulation No. 1–11–62, May 16, 1949.) This allocation has had the force of law since July 29, 1950, when the period for transfers, including the administrative authority to change the allocation, expired.

**§ 1113. Regular Air Force: commissioned officers on active list;
women medical specialists**

- 1 (a) The authorized strength in women medical specialists on the
2 active list of the Regular Air Force is 53, or 9/10,000 of the authorized
3 strength of the Regular Air Force in members on active duty, ex-
4 clusive of members of the Regular Air Force in the categories listed
5 in clauses (1)–(5) of section 1103 (a) of this title, whichever is greater.
- 6 (b) Of the authorized strength in women medical specialists on
7 the active list of the Regular Air Force, not more than 5 percent
8 may be in the grade of major in the Regular Air Force. The Secretary
9 of the Air Force shall prescribe the authorized strength in women
10 medical specialists on the active list in the grade of captain in the
11 Regular Air Force.

Ch. 51

AUTHORIZED STRENGTH

§ 1115

Revision Note

Based on 10-1966a (a) (24 sentence, and last sentence as applicable to strength) and 166f (b) (less 24 and last sentences and 1st 22 words of 1st sentence).

In subsection (a), the words "exclusive of members of the Regular Air Force in the categories listed in clauses (1)-(6) of section 1103 (a) of this title" are inserted to make it clear that the authorized strength to which the ratio of 6:1000 applies is that authorized strength prescribed in section 1105 of this title. The words "in members on active duty" are inserted for clarity and to conform to section 1105 of this title which states the authorized strength of the Regular Air Force in members on active duty. The figure "53" results from the allocation of the original figure 409, heretofore made between the Army and the Air Force under section 208 (c) of the National Security Act of 1947 (5 U. S. C. 620c (c)). This allocation has had the force of law since July 29, 1950, when the period for transfers, including the administrative authority to change the allocation, expired. Although the Act of May 16, 1950, ch. 186, sec. 3, 64 Stat. 161, 110-1966a (a) restated the 409 figure, it is clear from the Congressional committee reports on the Act of May 16, 1950, that the figure 409 was intended to be a total applicable to both the Army and the Air Force.

In subsection (b), the words "and the remainder of such authorized commissioned strength shall be in permanent commissioned grade of captain to second lieutenant, inclusive" are omitted as covered by section 1325 of this title, which authorizes original designation only in the grade of second lieutenant and by section 1333 of this title, which authorizes promotions of women medical specialists only to grades below lieutenant colonel.

§ 1115. Regular Air Force: commissioned officers on active list; women commissioned officers, other than Air Force nurses and women medical specialists

1 (a) After July 30, 1954, the authorized strength in women commis-
2 sioned officers, other than Air Force nurses and women medical
3 specialists, on the active list of the Regular Air Force is as prescribed
4 by the Secretary of the Air Force. However, as so prescribed, it may
5 not be more than 2 percent of the authorized strength of the Regular
6 Air Force in commissioned officers on the active list.

7 (b) The authorized strength in women commissioned officers, other
8 than Air Force nurses and women medical specialists, on the active
9 list of the Regular Air Force in the grade of lieutenant colonel in the
10 Regular Air Force is as prescribed by the Secretary. However, as so
11 prescribed, it may not be more than 10 percent of the authorized
12 strength in women commissioned officers, other than Air Force nurses
13 and women medical specialists, on the active list of the Regular Air
14 Force.

Revision Note

Based on 5-627a (as applicable to commissioned officers) and 627b (c), and section 1 of uncodified Act of Aug. 3, 1950, ch. 537 (as applicable to 5-627a (as applicable to commissioned officers)), as restated by unmodified 1st paragraph of section 3 of the Act of June 19, 1951, ch. 144, Title I, 65 Stat. 88.

§ 1115

PERSONNEL

11

In *subsection (a)*, the words "other than Air Force nurses and women medical specialists" are inserted, since 5-627a was enacted before the transfer of any nurse functions or women medical specialist functions to the Air Force. When transfer of those functions was made, an allocation of authorized strength in nurses and women medical specialists was also made. The proviso of 5-627a is omitted as executed. The first sentence of 5-627b (c) is omitted, since the grades in which women, other than Air Force nurses and women medical specialists, may be originally appointed in the Regular Air Force are set forth in section 1319 of this title. The purpose of the first sentence of 5-627b (c) was to authorize appointments in higher grades only for a limited period under section 308 of the Act of June 12, 1948, ch. 419, 62 Stat. 373 (5-627g). The words "After July 30, 1954" are inserted to reflect section 4 of the Act of Aug. 3, 1950, as restated (10 U. S. C. 20) (note), which suspends, until July 30, 1954, the operation of the authorized strength restrictions imposed by the revised section.

In subsections (a) and (b), the words "on the active list" are inserted for clarity.

§ 1117. Regular Air Force: commissioned officers on active list; special categories

- 1 (a) Except for Air Force nurses and women medical specialists,
2 the authorized strength of the Regular Air Force in commissioned
3 officers on the active list in each of the categories of officers designated
4 under section 713 of this title is as prescribed by the Secretary of the
5 Air Force.
6 (b) The Secretary may prescribe regulations for the administra-
7 tion of this section as it relates to medical service officers.

Revision Note

Based on 10-156a (24 sentences), 156b (as applicable to 10-156a (24 sentences)), and 506 (d).

The revised section consolidates the strength provisions applicable generally to officers of the Air Force with those applicable specifically to medical service officers. The words within the last parentheses of 10-506 (d) are omitted as surplusage. The exception in the revised section makes explicit, with respect to the general rule, the effect of the words "any limitations provided by laws enacted after January 1, 1947", in view of the special rules enacted for the Army Nurse Corps and the Women's Medical Specialist Corps on April 16, 1947, made applicable to the Air Force by transfer order.

§ 1119. Regular Air Force: strength in grade; general officers

- 1 (a) The authorized strength of the Regular Air Force in general
2 officers on the active list, exclusive of the number authorized for the
3 categories named in subsection (b) of this section, is 75,10,000 of the
4 authorized strength of the Regular Air Force in commissioned officers
5 on the active list, exclusive of the number of commissioned officers on
6 the active list authorized in each of the categories named in subsection
7 (b). Of this authorized strength, not more than one-half may be in a
8 grade in the Regular Air Force above brigadier general.

9 (b) The authorized strength of each of the following categories—
 10 (1) medical officers;
 11 (2) dental officers;
 12 (3) veterinary officers; and
 13 (4) chaplains;
 14 in general officers on the active list of the Regular Air Force is 5/1000
 15 of the authorized strength of the category concerned in commissioned
 16 officers on the active list of the Regular Air Force. Not more than
 17 one-half of the authorized strength in general officers in such a
 18 category may be in a grade in the Regular Air Force above brigadier
 19 general.
 20 (c) The number of general officers authorized for the active list of
 21 the Regular Air Force by subsections (a) and (b) may not be more
 22 than 156. Of this total there may not be more than—
 23 (1) 4 medical officers, of whom not more than 2 may be in a
 24 Regular Air Force grade above brigadier general;
 25 (2) 1 dental officer, in the Regular Air Force grade of brigadier
 26 general;
 27 (3) 1 chaplain, in the Regular Air Force grade of brigadier
 28 general;
 29 (4) 150 on the active list of the Regular Air Force, exclusive
 30 of those authorized under clauses (1)–(3) of this subsection, of
 31 whom not more than 75 may be in a Regular Air Force grade
 32 above brigadier general.
 33 (d) When the application of the percentages and ratios specified
 34 in this section results in a fraction, a fraction of one-half or more is
 35 counted as one, and a fraction of less than one-half is disregarded.
 36 (e) General officers on the active list of the Regular Air Force who
 37 are specifically authorized by law to hold any civil office under the
 38 United States are not counted in determining authorized strength
 39 under this section.

Revision Note

Based on 10,506a (a) less 1st proviso and last 65 words of 2d proviso.
 Section 503 (a) of the Officer Personnel Act of 1947 (10,506a (a)) provides,
 subject to certain percentage limitations, for the following authorized strength
 of the Regular Army in general officers on the active list:

| | |
|------------------------------|-----|
| Medical Corps | 16 |
| Dental Corps | 4 |
| Veterinary Corps | 1 |
| The Chaplains | 2 |
| Army, exclusive of the above | 334 |
| Total | 357 |

§ 1119

PERSONNEL

11

Under section 208 (c) of the National Security Act of 1947 (5 U. S. C. 626c (c)), allocations of those authorized strengths were made between the Army and the Air Force as follows:

| | Army | Air Force |
|--|------|-----------|
| Medical Corps | 12 | 1 |
| Dental Corps | 3 | 1 |
| Veterinary Corps | 1 | 9 |
| The Chaplains | 1 | 1 |
| Army and Air Force, exclusive of the above | 184 | 150 |
| Total | 201 | 156 |

After the enactment of the Officer Personnel Act of 1947, section 308 of the Army Organization Act of 1950 (10-61-1) provided for an Assistant Judge Advocate General and three brigadier generals in the Judge Advocate General's Corps of the Army. The creation of these four general officer spaces served to increase the mentioned authorized strength figures from 357 to 361, and the figure 201 to 205. The opinion of the Judge Advocate General of the Army (JAGA 1948-5806) is in accord with that conclusion.

The revised section reflects the authorized strength of the Regular Air Force in general officers on the active list resulting from the mentioned allocation to the Air Force.

That allocation, and those mentioned in the following paragraphs, have had the force of law since July 26, 1950, when the period for transfers, including the administrative authority to change these allocations, expired.

The figures "4 and 2" in subsection (c) (1), fixed for officers designated as medical officers, result from the allocation of the original figures 16 and 8.

The figure "1" in subsection (c) (2), fixed for an officer designated as dental officer, results from the allocation of the original figures 4 and 2.

The figure "1" in subsection (c) (3), fixed for an officer designated as chaplain, results from the allocation of the original figures 2 and 1. (The major general was allocated to the Army; the brigadier general to the Air Force.)

The figures "150 and 75" fixed in subsection (c) (4) result from the allocation of the original figures 334 and 167. That allocation corresponds to the allotment made by the Secretary of War between the Air Corps and the Army exclusive of the Air Corps, the Medical Department, and the Chaplains, under 10-596a (a) (34) (provis). That proviso is omitted as executed.

§ 1121. Regular Air Force; strength in grade; promotion-list officers

- 1 (a) Subject to subsection (b), the authorized strength of the
- 2 Regular Air Force in officers in each grade in the Regular Air Force
- 3 on each of the promotion lists authorized by section 1337 of this title,
- 4 except those established for Air Force nurses or women medical
- 5 specialists, shall be as prescribed by the Secretary of the Air Force.
- 6 A vacancy in any grade on a promotion list may be filled by an
- 7 appointment in any lower grade.
- 8 (b) Each strength prescribed by the Secretary under subsection (a)
- 9 shall be stated as a percentage of the strength authorized for the
- 10 particular list, and the schedule of percentages may be different for

11 each list. No schedule for a list may authorize, with respect to a
 12 grade, a percentage that is higher than the sum of (1) the figure
 13 fixed for the grade according to the following table, and (2) the
 14 amounts, if any, by which the percentages fixed by the Secretary
 15 for higher grades are less than the figures fixed according to the
 16 table:

| Grade | Column 1 | Column 2 | Column 3 |
|--------------------|--|--------------------------|---|
| | Medical officers, dental officers, chaplains, and public accountants | Medical service officers | All other grades from 1st sergeant through 1st lieutenant, except those established for Air Force nurses or women medical specialists |
| | Percent | Percent | Percent |
| Colonel | 16 | 72 | 4 |
| Lieutenant colonel | 14 | 71 20 | 14 |
| Major | 10 | 70 25 | 14 |
| Captain | 22 | 71 25 | 22 |
| First lieutenant | 30 | 71 24 | 18 |
| Second lieutenant | 37 | 71 24 | 18 |

¹ Colonels whose retirement is deferred under sec. 2621 (b) of this title are not included within this percentage.
² As determined by the Secretary, except that the column must total 100 percent.
³ None may be authorized by the Secretary for this category.

17 (c) The Secretary may prescribe regulations for the administration
 18 of this section as it relates to medical service officers.

Revision Note

Based on 10:156a (proviso of last sentence), 156b (as applicable to 10:156a (proviso of last sentence)), 559 (b) (1) (less 2d proviso), 559 (b) (2) (1st sentence), 941a (d) (81st thru 105th words of 2d proviso of clause (3)), and 1837 (b) (last sentence, as applicable to strength).

In subsections (a) and (b), the words "except those established for Air Force nurses or women medical specialists" are inserted for clarity. 10:1837 (d) authorizes the Secretary to establish promotion lists for nurses and women medical specialists. However, section 505 of the Officer Personnel Act of 1947 (10:559b), referred to in 10:1837 (d), does not prescribe any strength in grade for nurses or women medical specialists. The authorized strength of the Air Force in nurses and women medical specialists is covered by sections 1111 and 1113 of this title.

Subsection (b) clarifies the joint effect of the scale of percentages and the third proviso of 10:559 (b) (1), by combining them into a single rule. The last proviso of 10:559 (b) (1) is omitted as executed. The table restates in consolidated form the rules relating to the limitations applicable to the Secretary when setting authorized strengths for the several promotion lists.

§ 1123. Regular Air Force: strength in grade; temporary increases

1 The authorized strength in any grade in the Regular Air Force, as
 2 prescribed by or under this chapter, is automatically increased to the
 3 minimum extent necessary to give effect to each appointment made
 4 in that grade under section 1341, 1343, 1353, 1367, or 2621 (a) (1) (3)

§ 1123

5 of this title, or under section 3651 of subtitle B of this title (Army).
 6 An authorized strength so increased is increased for no other purpose,
 7 and while he holds that grade the officer whose appointment caused
 8 the increase is counted for the purpose of determining when other
 9 appointments, not under those sections, may be made in that grade.

Revision Note

Based on 10:166f (b) (last sentence), 506c (f) (last 43 words of 1st sentence),
 559 (b) (2) (less 1st sentence), 559b (31st through 56th words of 1st sentence), 559c
 (k) (less last 47 words), and 598 (14 words before 1st proviso) and 37:277 (b).

The revised section consolidates various provisions permitting "temporary"
 strengths in grade in excess of authorized strengths. The second sentence of the
 revised section clarifies the meaning of the word "temporary" heretofore used in
 this connection.

§ 1125. Regular Air Force: warrant officers on active duty

1 (a) After July 30, 1954, the authorized strength of the Regular Air
 2 Force in warrant officers on active duty is 4,800.
 3 (b) Of the warrant officers of the Regular Air Force on active duty,
 4 not more than 40 percent may be in the grade of chief warrant officer
 5 in the Regular Air Force.

Revision Note

Based on 10:20s (c) (last 16 words) and 591 (less 1st and 2d sentences); and
 section 1 of unmodified Act of Aug. 3, 1950, ch. 537 (as applicable to 10:20s (b)
 (last 17 words)), 64 Stat. 498, as restated by unmodified 1st paragraph of section
 3 of the Act of June 19, 1951, ch. 144, Title I, 65 Stat. 88.

In subsection (a), the words "active duty" are substituted for the words "active
 list" in 10:20s (b), since the terms are synonymous in their application to warrant
 officers of the Regular Air Force. The words "After July 30, 1954" are inserted
 to reflect section 1 of the Act of Aug. 3, 1950, as restated (10 U. S. C. 20) (note),
 which suspends, until July 31, 1954, the operation of the authorized strength
 restrictions imposed by the revised subsection. The last sentence, less proviso, of
 10:591 is omitted as superseded by the last sentence of 10:20s (b).

§ 1127. Regular Air Force: enlisted members on active duty

1 After July 30, 1954, the authorized strength of the Regular Air
 2 Force in enlisted members on active duty, exclusive of members of
 3 the Regular Air Force in the categories listed in clauses (1)-(5) of
 4 section 1103 (a) of this title, is 502,000 less the number of members of
 5 the Air Force on active duty who are neither enlisted members of the
 6 Regular Air Force nor members of those categories.

Revision Note

The revised section is inserted to make explicit in the law the authorized
 strength of the Regular Air Force in enlisted members on active duty, which has
 heretofore been implied from provisions relating to the strength of the Air Force.

in members on active duty. The implication is based on an opinion of the Judge Advocate General of the Army (JAGA 1951-15-19, 14 Feb. 51), construing the same laws as applicable to the Army, that the authorized strength of the Regular Army in enlisted members on active duty is the authorized strength of the Regular Army in members on active duty, exclusive of the number of commissioned and warrant officers of the Regular Army on active duty. An express statement in the law of the authorized strength of the Regular Air Force in enlisted members on active duty is desirable, since section 1129 of this title expressly refers to that authorized strength. The words "After July 30, 1954" are inserted to reflect section 1 of the Act of Aug. 3, 1950, as restated (10 U. S. C. 20) (note), which suspends, until July 31, 1954, the operation of the authorized strength restrictions on which the revised section is based.

§ 1129. Regular Air Force: women warrant officers and women enlisted members on active duty

- 1 (a) After July 30, 1954, the authorized strength of the Regular Air
2 Force in women warrant officers on active duty is as prescribed by the
3 Secretary of the Air Force. However, it may not be more than 2
4 percent of the authorized strength of the Regular Air Force in warrant
5 officers on active duty.
- 6 (b) After July 30, 1954, the authorized strength of the Regular Air
7 Force in women enlisted members on active duty is as determined by
8 the Secretary. However, it may not be more than 2 percent of the
9 authorized strength of the Regular Air Force in enlisted members on
10 active duty, exclusive of members of the Regular Air Force in the
11 categories listed in clauses (1)-(5) of section 1193 (a) of this title.

Revision Note

Based on 5-927a (less applicability to commissioned officers); and section 1 of uncodified Act of Aug. 3, 1950, ch. 537 (as applicable to 5-927a (less applicability to commissioned officers)), as restated by uncodified 1st paragraph of section 3 of the Act of June 19, 1951, ch. 144, Title I, 65 Stat. 88.

In subsections (a) and (b), the words "on active duty" are inserted for clarity. The words "After July 30, 1954" are inserted to reflect section 1 of the Act of Aug. 3, 1950, as restated (10 U. S. C. 20) (note), which suspends, until July 30, 1954, the operation of the authorized strength restrictions imposed by the revised section.

In subsection (b), the words "exclusive of members of the Regular Air Force in the categories listed in clauses (1)-(5) of section 1193 (a) of this title" are inserted to make it clear that the authorized strength to which the "2 percent" applies is that authorized strength prescribed in section 1127 of this title. The words "within the authorized . . . warrant, and enlisted strengths of the Regular Air Force" are omitted as surplusage in view of the "2 percent" limitation. The proviso is omitted as executed.

§ 1133. Air Force Reserve

- 1 After July 30, 1954, the authorized strength of the Air Force
2 Reserve, exclusive of members who are included in the strength of

- 3 502,000 authorized in section 1103 (a) of this title for members of the
- 4 Air Force on active duty, is 500,000.

Revision Note

Based on 10:20: (d) (less last sentence), and section 1 of uncodified Act of Aug. 3, 1950, ch. 537 (as applicable to 10:20: (d) (less last sentence)), 64 Stat. 408, as restated by uncodified 1st paragraph of section 3 of the Act of June 19, 1951, ch. 144, Title 1, 65 Stat. 88.

The words "After July 30, 1954" are inserted to reflect section 1 of the Act of Aug. 3, 1950, as restated (10 U. S. C. 20) (note), which suspends, until July 31, 1954, the operation of the authorized strength restrictions imposed by this section. The words "officers, warrant officers, and enlisted persons" are omitted as surplusage.

§ 1135. Air Force Reserve: warrant officers

- 1 The Secretary of the Air Force may prescribe the authorized
- 2 strength of the Air Force Reserve in warrant officers.

Revision Note

Based on 10:20: (d) (18th through 21st words of last sentence).

§ 1137. Air National Guard and Air National Guard of United States

- 1 After July 30, 1954, the authorized strength of the Air National
- 2 Guard and the Air National Guard of the United States, exclusive of
- 3 members who are included in the strength of 502,000 authorized in
- 4 section 1103 (a) of this title for members of the Air Force on active
- 5 duty, is 150,000. The strength authorized by this section shall be
- 6 allocated among the States, the Territories, Puerto Rico, the Canal
- 7 Zone, and the District of Columbia.

Revision Note

Based on 10:20: (c), and section 1 of uncodified Act of Aug. 3, 1950, ch. 537 (as applicable to 10:20: (c)), 64 Stat. 408, as restated by uncodified 1st paragraph of section 3 of the Act of June 19, 1951, ch. 144, Title 1, 65 Stat. 88.

The words "After July 30, 1954" are inserted to reflect the Act of Aug. 3, 1950, ch. 537, 64 Stat. 408 (10 U. S. C. 20) (note), which suspends, until July 31, 1954, the operation of the authorized strength restrictions imposed by this section.

CHAPTER 53. ENLISTMENTS

See:

- 1201. Air Force: enlistment oath; who may administer.
- 1203. Air Force: persons not qualified.
- 1205. Air Force: emergency or wartime.
- 1206. Air Force: Filipinos.
- 1207. Regular Air Force: recruiting campaigns.
- 1209. Regular Air Force: qualifications, term, grade.
- 1211. Regular Air Force: women: qualifications.
- 1213. Regular Air Force: aviation cadets: qualifications, grade, limitations.
- 1215. Regular Air Force: reenlistment after commissioned service.
- 1219. Air Force Reserve: qualifications, term.
- 1221. Air National Guard of United States: enlistment oath; who may administer.
- 1223. Air National Guard of United States: term, grade.
- 1225. Air National Guard of United States and inactive National Guard: term.

§ 1201. Air Force: enlistment oath; who may administer

- 1 Each person enlisting in the Air Force shall take the following oath:
- 2 "I, _____ do solemnly swear (or affirm)
- 3 that I will bear true faith and allegiance to the United States of
- 4 America; that I will serve them honestly and faithfully against
- 5 all their enemies whomsoever; and that I will obey the orders of
- 6 the President of the United States and the orders of the officers
- 7 appointed over me, according to regulations and the Uniform
- 8 Code of Military Justice."
- 9 The oath may be taken before any commissioned officer of any armed
- 10 force.

Revision Note

Based on 50-737.

The words "or affirmation" are omitted as covered by the definition of the word "oath" in section 1 of title 1 of the United States Code. The words "of any armed force" are inserted in the last sentence, since they are necessarily implied by their use in the opening clause of 50-737.

§ 1203. Air Force: persons not qualified

- 1 (a) No person who is insane, intoxicated, or a deserter from an
- 2 armed force of the United States, or who has been convicted of a
- 3 felony, may be enlisted or mustered into the Air Force. However, in
- 4 meritorious cases, the Secretary of the Air Force may, by regulation
- 5 or otherwise, authorize the enlistment or muster into the Air Force of
- 6 deserters and persons convicted of felonies.
- 7 (b) No person whose service during his last term of enlistment was
- 8 not honest and faithful may be reenlisted in the Air Force. How-

§ 1203

II

9 ever, the Secretary may authorize the reenlistment or muster into the
10 Air Force of such a person if his conduct after that service has been
11 good.

12 (c) In time of peace, no person may be accepted for original enlist-
13 ment in the Air Force unless he is, or has made a legal declaration that
14 he intends to become, a citizen of the United States.

Revision Note

Based on 10:622, 623, 624, and 625.

In subsection (b), the words "an armed force" are substituted for the words "the military service", to conform to Article 85 of the Uniform Code of Military Justice (50 U. S. C. 679). Since the authority to enlist deserters "in meritorious cases", granted to the Secretary by the Act of July 29, 1941, ch. 325 (10:622), is equivalent to or broader than his authority to do so under section 1 of the Act of Aug. 22, 1912, ch. 336 (10:624), the applicability of 10:624 to 10:622 is omitted as surplusage.

In subsection (c), the word "soldier", in 10:623, is omitted as covered by the word "person".

In subsection (d), the words "(except an Indian)", in section 2 of the Act of Aug. 1, 1894, ch. 179, 28 Stat. 216, are not contained in 10:625. They are also omitted from the revised section, since section 201 of the Act of Oct. 14, 1940, ch. 876 (8 U. S. C. 601) provides that Indians are citizens and nationals of the United States.

§ 1205. Air Force: emergency or wartime

1 Except as provided in section 1209 of this title—

2 (1) original enlistments in the Air Force in time of war or
3 emergency declared by Congress, shall be without specification
4 of component, and for the duration of the war or emergency
5 plus six months; and

6 (2) only persons at least 18 years of age and otherwise qualified
7 under regulations prescribed by the Secretary of the Air Force
8 are eligible for original enlistment.

Revision Note

Based on 10:634 (less last 18 words of 1st sentence).

The words "particular" and "or unit thereof" are omitted as surplusage. The words "Except as provided in section 1209 of this title" are inserted, since that section, by its terms, is an exception to 10:634. The third sentence of 10:634 is omitted as covered by section 1201 of this title. The last sentence of 10:634 is omitted as surplusage.

§ 1206. Air Force: Filipinos

1 A Filipino who was serving in the Army on July 1, 1937, may be
2 retained in the Air Force under his current enlistment and may be
3 reenlisted without regard to his citizenship.

Ch. 53

ENLISTMENTS

§ 1209

Revision Note

Based on 10-626a.

The last 13 words of 10-626a are omitted as surplusage.

§ 1207. Regular Air Force: recruiting campaigns

- 1 The Secretary of the Air Force shall conduct intensive recruiting
2 campaigns to obtain enlistments in the Regular Air Force.

Revision Note

Based on 10-635.

The word "conduct" is substituted for the words "initiate and carry forward".
The word "volunteer" is omitted as surplusage.

§ 1209. Regular Air Force: qualifications, term, grade

- 1 (a) Notwithstanding section 1205 of this title, the Secretary of the
2 Air Force may accept original enlistments in the Regular Air Force
3 of qualified, effective, and able-bodied male persons who are not less
4 than 17 or more than 35 years of age, for periods of two, three, four,
5 five, or six years. However, no person under 18 years of age may
6 be originally enlisted without the written consent of his parent or
7 guardian, if he has a parent or guardian entitled to his custody and
8 control.

- 9 (b) The Secretary may accept reenlistments in the Regular Air
10 Force for periods of three, four, five, or six years. However, a person
11 who last served in one of the highest three enlisted grades may be
12 reenlisted for an unspecified period of time on a career basis, under
13 regulations prescribed by the Secretary. No age limitation applies
14 to reenlistments. No enlisted member is entitled to be reenlisted
15 for a period that would expire before the end of his current enlistment.

- 16 (c) An enlistment in the Regular Air Force in force at the out-
17 break of a war or entered into during a war, unless sooner terminated
18 by the President, continues in effect until six months after the termi-
19 nation of that war.

- 20 (d) Subject to subsection (c), a person is enlisted in the Regular
21 Air Force in the grade prescribed by the Secretary.

- 22 (e) A person who, upon his discharge from the Regular Air Force,
23 is recommended for reenlistment is entitled to be reenlisted in the
24 grade held by him when discharged, if he applies therefor within
25 the period specified by the Secretary, but not later than three months
26 after his discharge. However, a person who has been discharged
27 from the Regular Air Force because of the acceptance of his resigna-
28 tion is not entitled, upon reenlistment, to the grade held by him when
29 discharged.

- 30 (f) This section does not deprive a person of any right to be
31 reenlisted in the Regular Air Force under any other provision of law.

Revision Note

Based on 10-625 (less applicability to enlisted section, Air Force Reserve), 621, 627, 628 (less 2d proviso of 1st sentence, 2d and 3d sentences, 4th sentence to 1st colon, and last 52 words of 1st proviso of 4th sentence), and 636.

In subsection (a), the words "Effective July 1, 1947" are omitted as surplusage. Those parts of 10-621 and 627 fixing the minimum age for original enlistments are omitted as superseded by 10-628.

In subsection (d), the word "ratings" is omitted as obsolete. The proviso of 10-636 is omitted as executed. The words "Notwithstanding any other provisions of law" are omitted as surplusage.

In subsection (e), the words "rank, rating, or" are omitted as surplusage.

In subsection (f), the reference to "section 110 of Title 37" is omitted, since section 10 of the Pay Readjustment Act of 1942, as amended, upon which 37 U. S. C. 110 was based, was repealed by sections 531 (b) (34) and 531 (c) (12) of the Career Compensation Act of 1949, 63 Stat. 839. The reference to "section 636a of this title" is omitted as surplusage. The reference to "sections 1 and 4 of Title 32" is omitted as inapplicable to enlistments in the Regular Air Force. The reference to "section 611a of Title 38" is omitted as executed.

§ 1211. Regular Air Force: women; qualifications

- 1 Women who are at least 18 years of age and who have the qualifica-
- 2 tions prescribed by the Secretary of the Air Force may be accepted
- 3 for original enlistment or reenlistment in the Regular Air Force,
- 4 under the laws applicable to the original enlistment or reenlistment
- 5 of males, so far as those laws are adaptable to the enlistment of
- 6 women. However, no woman under 21 years of age may be originally
- 7 enlisted or reenlisted without the written consent of her parent or
- 8 guardian, if she has a parent or guardian.

Revision Note

Based on 5-627 (less 13th through 19th words) and 627d.

§ 1213. Regular Air Force: aviation cadets; qualifications, grade, limitations

- 1 (a) The grade of aviation cadet is a special enlisted grade in the
- 2 Regular Air Force.
- 3 (b) Under regulations prescribed by the Secretary of the Air
- 4 Force—
- 5 (1) any male citizen of the United States may be originally
- 6 enlisted as an aviation cadet, if otherwise qualified; and
- 7 (2) any male enlisted member of the Air Force may be designa-
- 8 ted, with his consent, as an aviation cadet by the Secretary,
- 9 if otherwise qualified.
- 10 (c) Except in time of war or emergency declared by Congress after
- 11 June 13, 1949, at least 20 percent of the aviation cadets designated in
- 12 each fiscal year shall be selected from members of the Regular Air

13 Force who are eligible and qualified. No person may be originally
14 enlisted or designated as an aviation cadet unless—

15 (1) he agrees in writing that, upon his successful completion
16 of the course of training as an aviation cadet, he will accept a
17 commission as second lieutenant in the Air Force Reserve, and
18 will serve on active duty as such for a period of three years,
19 unless sooner release-1; and

20 (2) if under 21 years of age, he has the consent of his parent
21 or guardian to his agreement.

22 (d) No person otherwise qualified for original enlistment or designation
23 as an aviation cadet in the Regular Air Force may be disqualified
24 because he does not have a college education.

Revision Note

Based on 10:291f-2, 293 (as applicable to aviation cadets), 297a, and 299 (1st and 2d sentences).

In subsection (a), the last 59 words of 10:297a are omitted as executed. The word "separate" is omitted as surplusage.

In subsection (b), 10:291f-2 (less 1st proviso) is omitted as covered by 10:299 (1st sentence).

In subsection (c), the words "Regular Army or" are omitted, since the period for transfer of personnel between the Army and the Air Force under section 208 (b) of the National Security Act of 1947, as amended (5 U. S. C. 626e (c)), expired on July 26, 1950.

In subsection (d), the words "in the Regular Air Force" are substituted for the words "in the aviation service", since the "aviation service" was a part of the Regular Army before the creation of a separate Air Force. The words "aviation cadet" are substituted for the words "flying cadet" to conform to subsection (a) of the revised section.

§ 1215. Regular Air Force: reenlistment after commissioned service

1 Any former enlisted member of the Regular Air Force who has
2 served on active duty as a reserve officer in the Air Force, or who
3 was discharged as an enlisted member to accept an appointment in
4 the Air Force without specification of component, is entitled to
5 reenlist in the Regular Air Force in the enlisted grade that he held
6 before his commissioned service, without loss of seniority, if his
7 commissioned service terminates honorably or under honorable conditions,
8 and he applies for reenlistment within six months after the
9 termination of that service, regardless of the existence of a vacancy
10 in his grade or of a physical disability incurred or having its inception
11 in line of duty.

Revision Note

Based on 10:631a (less last proviso).

§ 1219. Air Force Reserve: qualifications, term

1 (a) A person who is eligible to enlist in the Regular Air Force,
2 and who has the military or technical training prescribed by the
3 Secretary of the Air Force by regulation, may enlist in the Air Force
4 Reserve. However, for original enlistments of specialists in such
5 units as may be prescribed by those regulations, the maximum age
6 is 45 years.

7 (b) Enlistments in the Air Force Reserve are for three years, but
8 those in effect at the outbreak of a war or entered into during a
9 war, unless sooner terminated by the President, continue in effect
10 until the expiration of six months after the termination of that war.

11 (c) Women may enlist in the Air Force Reserve under laws appli-
12 cable to the enlistment of males, in the grades, for the periods, and
13 under regulations, prescribed by the Secretary.

Revision Note

Based on 5:627 (d); and 10:424, 424 (1+8 words), and 425 (as applicable to enlisted section, Air Force Reserve).

In subsection (c), the word "now" is omitted as surplusage. The words "or ratings" are omitted as obsolete.

§ 1221. Air National Guard of United States: enlistment oath; who may administer

1 Each person enlisting in the Air National Guard of the United
2 States shall sign an enlistment contract, and subscribe to the oath
3 prescribed in section — (32:123 (less applicability to Army and
4 Air National Guard of United States)) of title — (National Guard).
5 The oath may be taken before any commissioned officer of the Air
6 National Guard authorized by the law of his State or Territory, or
7 of Puerto Rico, the Canal Zone, or the District of Columbia, in the
8 case of members of its Air National Guard, to administer oaths of
9 enlistment in the Air National Guard.

Revision Note

Based on 32:123 (as applicable to Air National Guard of United States).

The words "or affirmation" are omitted as covered by the definition of the word "oath" in section 1 of title 1. The words "Each person" are substituted for the word "Men".

§ 1223. Air National Guard of United States: term, grade

1 (a) Original enlistments in the Air National Guard of the United
2 States are for three years, and reenlistments for one or three years.
3 However, if an emergency is declared by Congress, the President may,
4 by proclamation, extend an enlistment until six months after the
5 termination of that emergency.

10 without vacating his grade in the Air National Guard.

Revision Note

Based on 32:4a (2d proviso) and 124 (as applicable to Air National Guard of United States).

In subsection (a), the first proviso of 32:124 is omitted as executed. The word "reenlistments" is substituted for the words "subsequent enlistments" to conform to other sections covering contracts for periods of service after original enlistments.

In subsection (b), the word "ratings" is omitted as obsolete. The word "category" is substituted for the word "branches", since there are no branches in the Air Force. The words "an enlisted member . . . in a grade above private" are substituted for the words "noncommissioned officers, first-class privates, and enlisted specialists".

§ 1225. Air National Guard of United States and inactive National Guard: term

- 1 Under regulations prescribed by the Secretary of the Air Force, a
2 person qualified for enlistment in the active Air National Guard may
3 be enlisted in the inactive Air National Guard and the Air National
4 Guard of the United States for a single term of one or three years.

- 3 (2) Brigadier general.
- 4 (3) Colonel.
- 5 (4) Lieutenant colonel.
- 6 (5) Major.

- 9 (8) Second lieutenant.
- 10 (b) The warrant officer grades in the Regular Air Force are:

In subsection (b), the words "first, chief warrant officer" and "and second, warrant officer (junior grade)" are omitted from Supplement IV of the 1946 Edition of the United States Code. 10:593a as originally enacted specified the two grades and stated after each grade the provisions relating to pay and allowances. Section 531 (b) (3) of the Career Compensation Act of 1949, 63 Stat. 839, repealed only that part of 10:593a relating to pay and allowances, and did not repeal the names of the grades, which are set forth in the revised section.

Based on 10:506 (a) (less last 24 words) and 506c (a).

The words "In addition to the officers permanently appointed in general officer grades above that of major general (authorized by other provisions of law)" in 10:506 (a), are omitted as surplusage, since no appointments are authorized in the Regular Air Force above the grade of major general. The words "additional" and "subject to the conditions and limitations set forth", in 10:506c (a), are omitted as surplusage. The words "Within the authorized active list commissioned officer strength of the Regular Army", in 10:506c (a), are omitted, since unless otherwise specified, all appointments must be within the authorized strength.

- 5 (2) be at least 21 years of age;
- 6 (3) be of good moral character;
- 7 (4) be physically qualified for active military service; and
- 8 (5) have such other qualifications as the Secretary of the Air
- 9 Force may prescribe.

Revision Note

Based on 10:506e (b).

The words "except under section 1333 (a) of this title" are inserted, since that section is an exception to the general provisions of this section. (See opinion of the Judge Advocate General of the Army (1948/2124, 1 Mar. 48).)

§ 1313. Commissioned officers: original appointment; age limitations

- 1 (a) No person may be originally appointed in a commissioned grade
- 2 in the Regular Air Force, except under section 1333 (a) of this title,
- 3 if his age at the date of his appointment is more than —
- 4 (1) 34 years, for a person appointed with a view to designation
- 5 as a chaplain;
- 6 (2) 32 years, for a person appointed with a view to designation
- 7 as a medical officer, dental officer, veterinary officer, or judge
- 8 advocate;
- 9 (3) 30 years, for a person appointed with a view to designation
- 10 as a medical service officer; or
- 11 (4) 27 years, for all other persons.
- 12 (b) The maximum ages specified in subsection (a) are increased
- 13 by the period of active commissioned service in the Air Force, and
- 14 in the Army, after December 31, 1947, performed after the appointee
- 15 became 21 years of age and before his appointment. However, a
- 16 maximum age may not be so increased by more than five years.

Revision Note

Based on 10:506e (e) (less last proviso).

In subsection (a), the words "except under section 1333 (a) of this title" are inserted, since that section is an exception to the general provisions of the revised section. (See opinion of the Judge Advocate General of the Army (1948/2124, 1 Mar. 48).)

Ch. 55 APPOINTMENTS IN THE REGULAR AIR FORCE § 1317

§ 1315. Commissioned officers: original appointment; college education not required

- 1 No person otherwise qualified for original appointment in a com-
 2 missioned grade in the Regular Air Force may be disqualified because
 3 he has not had a college education.

Revision Note

Based on 10-293 (as applicable to commissioned officers).

The words "in the Regular Air Force" are substituted for the words "in the aviation service", since the "aviation service" was a part of the Regular Army before the creation of a separate Air Force.

§ 1317. Commissioned officers: original appointment; service credit

- 1 (a) In determining grade, position on a promotion list, seniority
 2 in his grade in the Regular Air Force, and eligibility for promotion, a
 3 person originally appointed in a commissioned grade in the Regular
 4 Air Force, except a person appointed under section 1333 (a) of this
 5 title, shall be credited, at the time of his appointment, with the active
 6 commissioned service in the Air Force, and in the Army, after Decem-
 7 ber 31, 1947, which he performed after becoming 21 years of age and
 8 before his appointment. However, not more than five years of
 9 service may be so credited.
- 10 (b) A person originally appointed in a commissioned grade in the
 11 Regular Air Force, with a view to designation in one of the following
 12 categories, except a person appointed under section 1333 (a) of this
 13 title, shall be credited at the time of his appointment, in addition
 14 to the service with which he is credited under subsection (a), and
 15 for the same purposes, with the following service:
- 16 (1) Medical officer—four years.
 - 17 (2) Dental officer—three years.
 - 18 (3) Chaplain—three years.
 - 19 (4) Judge advocate—three years.
 - 20 (5) Veterinary officer—two years.
- 21 (c) Under regulations prescribed by the Secretary of the Air
 22 Force, a person who is originally appointed in a commissioned grade
 23 in the Regular Air Force with a view to designation as a medical
 24 service officer, and who, at the time of appointment, holds a degree
 25 of doctor of philosophy or a comparable degree in a science allied to
 26 medicine, so recognized by the Secretary, may be credited at the time
 27 of his appointment, in addition to the service with which he is credited
 28 under subsection (a), and for the same purposes, with three years of
 service.

29 (d) Notwithstanding any other provision of law, no person who
 30 was a cadet at the United States Military Academy may be originally
 31 appointed in a commissioned grade in the Regular Air Force before
 32 the date on which his classmates at the Academy are graduated and
 33 appointed as officers. No person who was a cadet at, but did not
 34 graduate from, the Academy may be credited, upon appointment
 35 as an officer of the Regular Air Force, with longer service than that
 36 credited to any member of his class at the Academy whose service
 37 in the Air Force, or in the Army and the Air Force, has been con-
 38 tinuous since graduation.

39 (e) A graduate of the United States Military Academy who is
 40 originally appointed a second lieutenant in the Regular Air Force
 41 under section 3651 (b) of subtitle — (Army) is not entitled to
 42 any service credit under this section.

Revision Note

Based on 10:156e (last 68 words), 156h (as applicable to 10:156e (last 68 words)), 506e (c), and 506e (f) (last 23 words of last sentence).

In subsections (a) and (b), the words "except a person appointed under section 1333 (a) of this title" are inserted, since the service credit provisions of the revised section do not apply to appointments made under that section.

In subsection (c), the words "the Secretary" are substituted for the words "the Surgeon General", since the functions which, for the Army, are assigned by statute to subordinate officers of the Army, are, for the Air Force, assigned to the Secretary of the Air Force.

§ 1319. Commissioned officers; original appointment; determination of grade

1 — Based upon the service credited under section 1317 of this title,
 2 the commissioned grade in which a person is originally appointed in
 3 the Regular Air Force is:

- 4 (1) For persons with less than three years of service—second
 5 lieutenant.
 6 (2) For persons with at least three, but less than seven, years
 7 of service—first lieutenant.
 8 (3) For persons with at least seven years of service—captain.

Revision Note

Based on 10:506c (d) (1st sentence).

§ 1321. Commissioned officers; medical officers; original appointment; professional examination

1 No person may be originally appointed as a first lieutenant in the
 2 Regular Air Force with a view to designation as a medical officer,
 3 except under section 1333 (a) of this title, until he passes an examina-

4 tion of his professional fitness before an examining board composed
5 of three or more medical officers designated by the Secretary.

Revision Note

Based on 10:93.

The words "except under section 1333 (a) of this title" are inserted, since that section is an exception to the general provisions of the revised section. (See opinion of the Judge Advocate General of the Army (1948/2124, 1 Mar. 48).)

§ 1323. Commissioned officers; medical service officers; original appointment; additional qualifications, grade

1 Under regulations prescribed by the Secretary of the Air Force, an
2 original appointment in the Regular Air Force with a view to designation
3 as a medical service officer may be made only in the grade of
4 second lieutenant and from the following persons:

- 5 (1) Members of the Regular Air Force.
- 6 (2) Members of reserve components not in an inactive status.
- 7 (3) Graduates of an accredited school of pharmacy or optometry,
8 or of a school or college with a degree in a science allied
9 to medicine, or with any other degree approved by the Secretary.

Revision Note

Based on 10:156c (less last 68 words) and 156b (less applicability to 10:156a, 156b, 156d, and 156e (last 68 words)).

The exception to 10:181 is omitted as inapplicable. The references to 10:505-506d and 552c are omitted as executed. The reference to 10:552a is omitted as repealed by section 507 (d) (2) of the Officer Personnel Act of 1947, 61 Stat. 894. The words "and except as hereinafter provided for transfer thereto" are omitted as executed. The 31 words before the proviso of 10:156e are omitted as covered by sections 1311 and 1315 of this title. The words "members of reserve components not in an inactive status" are substituted for the words "or its active Reserve". The words "the Secretary" are substituted for the words "the Surgeon General", since the functions which, for the Army, are assigned by statute to subordinate officers of the Army are, for the Air Force, assigned to the Secretary of the Air Force.

§ 1325. Commissioned officers; Air Force nurses and women medical specialists; original appointment; additional qualifications, grade

1 An original appointment in the Regular Air Force with a view to
2 designation as an Air Force nurse or woman medical specialist may
3 be made only in the grade of second lieutenant. To be eligible for
4 an original appointment in the Regular Air Force with a view to
5 designation as an Air Force nurse, a woman must be a graduate of a
6 hospital or university training school and a registered nurse.

§ 1325

PERSONNEL

II

Revision Note

Based on 10:166 (c) and 166a (c).

The words "other than appointments under sections 166b-166d of this title", in 10:166 (c), are omitted as executed. The words "by the President, by and with the advice and consent of the Senate" are omitted as covered by section 1309 of this title. The words "citizens of the United States who have attained the age of twenty-one years", "not over twenty-eight years of age on the date of nomination by the President", and "and who possess such physical and other qualifications as may be prescribed by the Secretary of the Army", are omitted as covered by sections 1311 and 1313 of this title.

§ 1327. Female commissioned officers, other than Air Force nurses and women medical specialists: original appointment

- 1 (a) Except as specifically provided otherwise, original appoint-
 2 ments of women in commissioned grades in the Regular Air Force
 3 shall be made in the manner prescribed by law for the original
 4 appointment of male commissioned officers in the Regular Air Force,
 5 with such changes as are necessary for the appointment of women.
 6 (b) This section does not apply to original appointments in com-
 7 missioned grades in the Regular Air Force with a view to designation
 8 as an Air Force nurse or woman medical specialist.

Revision Note

Based on 5:627 (13th thru 16th words), 627b (a), and 627b (b).

5:627b (a) is omitted as covered by sections 1309, 1311, and 1313 of this title. The words "except as specifically provided otherwise" are substituted for the words "except as modified or otherwise provided in". The words "now or hereafter" are omitted as surplusage.

Subsection (b) is inserted, since original appointments in the Regular Air Force with a view to designation as Air Force nurses or women medical specialists are covered by section 1325 of this title.

§ 1331. Commissioned officers; chaplains: original appointment; examination

- 1 No person in civil life may be originally appointed in the Regular
 2 Air Force with a view to designation as a chaplain unless he passes
 3 an examination prescribed by the President as to his moral, mental,
 4 and physical qualifications.

Revision Note

Based on 10:232.

The words "in the Regular Air Force" are inserted, since historically 10:232 has been limited to the Regular service. The word "satisfactorily" is omitted as surplusage.

Ch. 55 APPOINTMENTS IN THE REGULAR AIR FORCE § 1337

§ 1333. Commissioned officers; medical and dental officers; original appointment; additional method authorized as exception to general procedure

1 (a) Notwithstanding sections 1311, 1313, 1317, and 1321 of this
2 title, original appointments in the Regular Air Force may also be
3 made in the grades of first lieutenant through colonel, with a view
4 to designation as medical or dental officers, as the needs of the Air
5 Force require. These appointments may be made only from quali-
6 fied civilian doctors of medicine and dentists who are citizens of the
7 United States and who have such other qualifications as the Secre-
8 tary of the Air Force may prescribe.

9 (b) An officer appointed under subsection (a) shall be credited for
10 promotion with the minimum number of years of service required for
11 promotion of officers of that category to the grade in which he is
12 appointed.

13 (c) The Secretary may prescribe regulations to carry out this
14 section.

Revision Note

Based on 10:91a, 91b, 121a, and 121b.

In subsection (a), the words "notwithstanding sections 1311, 1313, 1317, and 1321 of this title" are inserted, since this section is an exception to those sections. (See opinion of the Judge Advocate General of the Army (1948 2124, 1 Mar. 48).) The words "Subject to any limitation of the commissioned strength of the Army prescribed by law" are omitted, since unless otherwise specified all appointments must be within the authorized strength. The words "the President, by and with the advice and consent of the Senate" are omitted as covered by section 1309 of this title.

§ 1335. Commissioned officers; original appointment; determination of place on promotion list

1 The name of each person originally appointed in a commissioned
2 grade in the Regular Air Force shall be placed on the applicable
3 promotion list, if any, immediately below the officers of the same
4 grade having the same or next longer service.

Revision Note

Based on 10:506c (d) (less 1st sentence).

§ 1337. Promotion lists; promotion-list officer defined; determination of place upon transfer or promotion

1 (a) The names of all commissioned officers in grades below brigadier
2 general on the active list of the Regular Air Force, except Air
3 Force nurses, women medical specialists, and those in special categories
4 otherwise excluded by law, shall be carried on promotion lists
5 in order of seniority. Air Force nurses and women medical specialists

6 may be carried on promotion lists, but only on separate promotion
7 lists maintained under subsection (b). Officers whose names are
8 carried on a promotion list may be called "promotion-list officers".

9 (b) A separate promotion list may be maintained for officers of
10 the Regular Air Force in each of the following categories:

- 11 (1) Chaplains.
- 12 (2) Judge Advocates.
- 13 (3) Medical officers.
- 14 (4) Dental officers.
- 15 (5) Veterinary officers.
- 16 (6) Medical service officers.
- 17 (7) Air Force nurses.
- 18 (8) Women medical specialists.
- 19 (9) Any category established by the Secretary of the Air

20 Force under section 713 (i) of this title.

21 (c) The names of all officers, other than Air Force nurses and
22 women medical specialists, not on a list maintained under subsection
23 (b), shall be carried on the Air Force promotion list.

24 (d) If a promotion-list officer is transferred from one category to
25 another whose officers are carried on a different promotion list, his
26 name shall be placed upon the promotion list, to which he is trans-
27 ferred, among the officers of his grade in accordance with seniority
28 as determined under section 1809 (b) of this title.

29 (e) Unless specifically provided otherwise, upon the promotion of
30 a promotion-list officer, his name shall be placed at the foot of the
31 list of officers of his grade.

Revision Note

Based on 10:559 (a), 559e (c) (1)-(7), 559 (d) (1), 559 (d) (3) (last sentence),
559 (d) (4), and 1837 (d) (less last sentence).

In subsection (a), the last sentence of 10:559 (a) is omitted as surplusage,
since the term defined therein was not used in the source statute. 10:559 (c) (2)
is omitted as obsolete, since the Air Corps promotion list expired with the creation
of the Air Force by section 208 of the National Security Act of 1947 (5 U. S. C.
626c). The Air Force promotion list is based on 10:559 (c) (1).

The provisions of subsections (a), (b), and (c) of the revised section dealing
with Air Force nurses and women medical specialists are based on 10:1837 (d),
which authorizes the Secretary of the Air Force to establish separate promotion
lists for nurses and women medical specialists. Section 505 of the Officer Person-
nel Act of 1947 (10:559b), referred to in 10:1837 (d), does not prescribe the
procedure for promotion of nurses and women medical specialists. If a separate
promotion list is not established for them, their names may not be carried on
the Air Force promotion list. The promotion of Air Force nurses and women
medical specialists is covered by section 1353 of this title.

§ 1339. Selection boards

1 (a) The Secretary of the Air Force shall appoint selection boards,
 2 to meet at times prescribed by him, to recommend promotion-list
 3 officers and brigadier generals of the Regular Air Force for promotion
 4 in the Regular Air Force. Each board shall be composed of five or
 5 more officers of the Regular Air Force who hold a grade above lieuten-
 6 ant colonel in the Regular Air Force or in the Air Force without
 7 specification of component, and who are senior, in both Regular Air
 8 Force grade and in their grade in the Air Force without specification
 9 of component, to any officer considered by that board. However, a
 10 selection board considering female promotion-list officers other than
 11 Air Force nurses or women medical specialists may include female
 12 promotion-list officers other than officers in those categories whose
 13 grades, either in the Regular Air Force or in the Air Force without
 14 specification of component, are above that of any female officer
 15 being considered by that board.

16 (b) No selection board may serve longer than one year and no
 17 member may serve on two consecutive boards for promotions to the
 18 same grade, if the second board considers any officer considered but
 19 not recommended for promotion by the first.

20 (c) Each member of a selection board shall swear that he will
 21 perform his duties without prejudice or partiality, having in view the
 22 special fitness of officers and the efficiency of the Air Force.

23 (d) Except as otherwise provided by law, promotion-list officers
 24 and brigadier generals of the Regular Air Force may be promoted to
 25 the grades of captain through major general in the Regular Air Force
 26 only when recommended by a selection board. A recommendation
 27 for promotion must be made by the majority of the membership of
 28 the board.

29 (e) Within 10 days after a board first meets, each officer eligible
 30 for consideration by that board may send a letter, through official
 31 channels, calling attention to matters of record in the Department of
 32 the Air Force concerning himself which he considers important.
 33 The letter may not contain any reflection upon the character, conduct,
 34 or motives of any officer, or criticism of any officer.

35 (f) This section does not apply to Air Force nurses and women
 36 medical specialists.

Revision Note

Based on 5:627b (f); and 10:559a (a) (1) (3), 559a (a) (4) (less proviso),
 559a (a) (5), 559a (a) (8), and 559a (c).

In subsection (a), the words "female promotion-list officers . . . whose grades,
 either in the Regular Air Force or in the Air Force without specification of com-
 ponent, are above that of" are substituted for the words "female officers senior
 in permanent grade and temporary rank to", in 5:627b (f). The words "under
 such regulations as the Secretary of the Army may prescribe", in 10:559a (a) (2),

§ 1339

PERSONNEL

II

and "Under regulations prescribed by the Secretary of the Air Force", in 5:627b (f), are omitted as surplusage.

Subsection (f) and the provisions of subsection (a) dealing with Air Force nurses and women medical specialists are inserted for clarity. Although they may be "promotion-list" officers under section 1337 of this title, they are promoted only under section 1353 of this title.

§ 1341. Commissioned officers: promotion to first lieutenant; effect of failure of promotion

1 (a) A promotion-list officer in the grade of second lieutenant who
2 is found to be fully qualified shall be promoted to the grade of first
3 lieutenant in the Regular Air Force upon completing three years of
4 service with which he is entitled to be credited for promotion. If a
5 promotion-list officer in that grade is found to be not fully qualified
6 upon completing that service, he shall be discharged under section
7 2509 of this title.

8 (b) Vacancies in the grade of first lieutenant on a promotion list
9 may be filled by promoting second lieutenants on that list with less
10 than three years of service, in order of seniority, under regulations
11 prescribed by the Secretary of the Air Force.

12 (c) This section does not apply to Air Force nurses and women
13 medical specialists.

Revision Note

Based on 10:559b (less 31st through 56th words of 1st sentence).

In subsection (b), the last sentence of 10:559b is omitted as executed. The words "in order of seniority" are substituted for the words "but no officer in the grade of second lieutenant will be promoted under the provisions of this section ahead of any officer in that grade whose name appears above his on the promotion list concerned".

Subsection (c) is inserted for clarity. Although Air Force nurses and women medical specialists may be "promotion-list" officers under section 1337 of this title, they are promoted only under section 1353 of this title.

§ 1343. Commissioned officers: promotion to captain, major, and lieutenant colonel

1 (a) Promotion-list officers shall be promoted to the grades of cap-
2 tain, major, and, except as provided in subsection (f), lieutenant
3 colonel in the Regular Air Force, under subsections (b) and (c), or
4 eliminated from the active list under section 1351 of this title.

5 (b) Without regard to vacancies, each promotion-list officer whose
6 grade in the Regular Air Force is first lieutenant, captain, or
7 major shall be considered by a selection board for promotion to the
8 next higher grade in the Regular Air Force, far enough in advance of
9 the date on which he will complete 7, 14, or 21 years of service with
10 which he is entitled to be credited for promotion, as the case may be,

Ch. 55 APPOINTMENTS IN THE REGULAR AIR FORCE § 1343

11 so that, if recommended, he may be promoted on the date on which
12 he will complete that service.

13 (c) Having in view the number of actual and anticipated vacancies
14 on a promotion list in the grade of captain, major, or lieutenant colonel
15 in the Regular Air Force, the Secretary of the Air Force may direct a
16 selection board to consider and recommend officers on that list for
17 promotion to the next higher grade in the Regular Air Force without
18 regard to length of service. However, no officer may be considered
19 for promotion under this section more than two years before the date
20 on which it is anticipated that he will be promoted if recommended,
21 and unless the same board considers all officers above him on that list
22 who are not on a recommended list.

23 (d) The names of promotion-list officers recommended for promo-
24 tion under this section and section 1347 of this title shall be carried
25 on permanent recommended lists of their grade and promotion list
26 in the same order among themselves as on the applicable promotion
27 list, and they shall be promoted in that order when there is a vacancy
28 in that grade for that list. It is not mandatory that the authorized
29 numbers be maintained in any grade on any promotion list.

30 (e) A promotion-list officer who has been twice considered and not
31 recommended for promotion to any one grade in the Regular Air
32 Force may not again be considered for promotion under this section.

33 (f) Female promotion-list officers, other than Air Force nurses or
34 women medical specialists, may be promoted to the grade of lieutenant
35 colonel in the Regular Air Force only to fill vacancies in the number
36 authorized by the Secretary for female promotion-list officers, and
37 only when recommended by a selection board under regulations
38 prescribed by the Secretary. Such a female promotion-list officer
39 whose grade is major in the Regular Air Force may not be eliminated
40 from the active list because of failure of selection for promotion to
41 the grade of lieutenant colonel in the Regular Air Force.

42 (g) Whenever an officer is promoted under subsection (b), all
43 officers in the same grade and on the same promotion list, whose
44 names are on the recommended list above that of the officer who
45 must be promoted because of length of service, shall be promoted at
46 the same time and shall retain among themselves their existing
47 seniority.

48 (h) This section does not apply to Air Force nurses and women
49 medical specialists.

Revision Note

Based on 5:627b (d) and 627b (h) (4th proviso); and 10:559c (a) (less proviso),
559c (b)-(d), 559c (f), 559c (j), and 559c (k) (last 17 words).

In subsection (a), the words "after January 1, 1949", in 10:559c (a), are
omitted as executed.

§ 1343

PERSONNEL

II

Subsection (b) and the provisions of subsection (f) dealing with Air Force nurses and women medical specialists are inserted for clarity. Although they may be "promotion-list" officers under section 1337 of this title, they are promoted only under section 1333 of this title.

§ 1345. Commissioned officers: promotion to captain, major, and lieutenant colonel; selection board procedure

1 (a) When promotion-list officers in the grade of first lieutenant,
2 captain, or major in the Regular Air Force are to be considered, under
3 section 1343 of this title, by a selection board for promotion to the
4 next higher grade in the Regular Air Force to fill existing or antici-
5 pated vacancies, the Secretary of the Air Force may direct the
6 board to—

- 7 (1) consider officers in the specified grade in the order of their
- 8 seniority on the promotion list concerned;
- 9 (2) recommend those who are fully qualified for promotion;
- 10 (3) pass over those not so qualified; and
- 11 (4) continue this procedure until the number of officers
- 12 specified by him is recommended.

13 (b) When a promotion-list officer in the grade of first lieutenant,
14 captain, or major in the Regular Air Force must be considered under
15 section 1343 of this title for promotion because of length of service,
16 or because he is on a promotion list above an officer who must be
17 considered for that reason, the Secretary may—

- 18 (1) furnish the board a list of officers to be considered for
- 19 promotion to the grade concerned; and
- 20 (2) direct the board to recommend the officers on that list
- 21 whom it considers fully qualified for promotion.

22 (c) In lieu of the procedures set forth in subsections (a) or (b),
23 the Secretary may furnish to the board a list of promotion-list officers
24 to be considered and may direct it to recommend a number specified
25 by him for promotion. The board shall recommend those officers
26 whom it considers to be the best qualified. However, the number
27 prescribed by the Secretary for recommendation must be at least
28 80 percent of those listed for consideration.

§ 1347. Commissioned officers: promotion to captain, major, and lieutenant colonel; officers with special qualifications

5 or will be an inadequate number of officers in any of those grades
6 with special qualifications, he may direct a selection board to recom-
7 mend a prescribed number of officers with those qualifications, for
8 promotion to that grade, under the procedures prescribed in sections
9 1343 and 1345 of this title. However, an officer considered but not
10 recommended under this subsection shall be treated as though he
11 had not been considered for promotion within the meaning of section

The last sentence of 49:559c (1) is omitted as surplusage.

**§ 1349. Commissioned officers; medical, dental, and veterinary
officers; promotion to captain, major, and lieutenant
colonel; professional examination**

1 (a) No promotion-list officer designated as a medical officer or
2 veterinary officer whose grade in the Regular Air Force is below
3 lieutenant colonel may be promoted in the Regular Air Force until
4 he passes an examination of his professional fitness before an examin-
5 ing board composed of three or more medical officers of the Regular
6 Air Force selected by the Secretary of the Air Force. No promotion-
7 list officer designated as a dental officer whose grade in the Regular
8 Air Force is below lieutenant colonel may be promoted in the Regular
9 Air Force until he passes an examination of his professional fitness
10 before an examining board composed of one medical officer and two
11 dental officers of the Regular Air Force, selected by the Secretary.
12 The examination shall be prescribed by the Secretary and shall be
13 held at such time before the right to promotion accrues as may be
14 in the best interests of the Air Force.

15 (b) If a promotion-list officer designated as a medical, dental, or
16 veterinary officer in the grade of first lieutenant or captain in the
17 Regular Air Force is found disqualified for promotion by the examin-
18 ing board, the Secretary shall appoint a board of review to consider
19 the findings of the examining board.

20 (c) A board of review shall be composed in the same manner as an
21 examining board, except that its members must be senior in rank to
22 the officer examined, and must not have served on the examining
23 board that examined him.

24 (d) If the board of review concurs in the findings of the examining
25 board, the officer shall be honorably discharged with one year's pay.
26 If it does not concur in the findings, the officer shall be considered
27 qualified and shall be promoted.

§ 1349

II

28 (c) A promotion-list officer designated as a medical, dental, or
 29 veterinary officer in the grade of major in the Regular Air Force
 30 who fails in his first examination for promotion shall be suspended
 31 from promotion and re-examined as soon as practicable after one year
 32 from the date of his first examination.

33 (f) If on reexamination such a major is found qualified, he is eligi-
 34 ble for promotion. If he is found disqualified for promotion and is
 35 eligible for retirement, he shall be retired under the applicable provi-
 36 sions of this title. If he is found disqualified for promotion and is
 37 not eligible for retirement, he shall be separated.

38 (g) While an officer is suspended from promotion under subsection
 39 (c), his right to promotion passes successively to the officers below
 40 him who are in the same grade and on the same promotion list, and
 41 who are or may become eligible for promotion.

42 (h) If the needs of the Air Force require that an officer entitled to
 43 promotion upon examination under subsection (a) be absent from a
 44 place where an examining board could be convened, the officer may
 45 be promoted, subject to examination as soon as practicable. How-
 46 ever, if he is thereafter examined and found disqualified for that pro-
 47 motion, he shall, if the proceedings are approved by the Secretary,
 48 be treated as if he had been examined before promotion and had
 49 failed.

Revision Note

Based on 10:101, 102, 103, 125, 143a, 555a (less 1st 34 words), and 556a (as applicable to professional examination).

In subsections (a), (b), and (c), the word "promotion-list" is inserted, since the requirement of a professional examination for the promotion of medical, dental, and veterinary officers is applicable only to promotion in Regular Air Force grade.

In subsections (b) and (f), the provisions of 10:102 and 103, respectively, pertaining to retirement for physical disability, are omitted as superseded by chapter 81 of this title.

In subsection (f), the reference to promotion upon a finding of physical disability incurred in line of duty, in 10:103, is omitted as covered by section 3007 of this title. The last sentence is inserted for clarity, since the officer might not be eligible for retirement under any law.

§ 1351. **Commissioned officers: effect of failure of promotion to captain, major, or lieutenant colonel**

1 (a) As used in this title, "deferred officer" means a promotion-list
 2 officer considered for promotion to the grade of captain, major, or
 3 lieutenant colonel, under section 1343 of this title, but not recom-
 4 mended for promotion.

5 (b) One year after the date on which a deferred officer would have
 6 been promoted had he been recommended by a selection board, the

Ch. 55 APPOINTMENTS IN THE REGULAR AIR FORCE § 1351

7 years of service with which he is entitled to be credited for promotion
8 purposes shall be reduced so that he does not have more than 7, 14,
9 or 21 years of service, if in the grade of first lieutenant, captain, or
10 major, as the case may be.

11 (c) A deferred officer shall be considered again by the next selection
12 board considering officers of his grade and promotion list. If recom-
13 mended by this board, his name shall be placed on the applicable
14 recommended list with the other officers recommended by the board,
15 in the same order among themselves as on the promotion list, but
16 below officers placed on that list by an earlier board. If a deferred
17 officer is promoted upon the recommendation of the next board con-
18 sidering officers of his grade, his first failure does not count as a
19 failure of selection when he is thereafter considered for promotion to
20 another grade in the Regular Air Force.

21 (d) A deferred officer who is not recommended by the next selec-
22 tion board considering officers of his grade and promotion list shall—

23 (1) if he is eligible, be retired under section 2804 of this title;

24 (2) if he is not eligible for retirement under section 2804 of
25 this title, but is eligible for retirement under any other provision
26 of law, be retired under that law on the date he would have been
27 retired under section 2804 of this title if he were eligible; or

28 (3) if he is not eligible for retirement under section 2804 of
29 this title or any other provision of law, be honorably discharged
30 on the date he would have been retired under section 2804 of this
31 title if he were eligible, with severance pay computed by multi-
32 plying his years of service, but not more than 12, computed under
33 section 2833 (a) of this title, by two months' basic pay of the
34 grade in which he is serving on the date of his discharge.

35 (e) For the purpose of subsection (d) (3), a fraction of one-half or
36 more of a year is counted as a whole year, and a fraction of less than
37 one-half of a year is disregarded.

Revision Note

Based on 10:559e (c), 559e (b), less 16th through 33d words and proviso of last sentence, and 941a (c) less clause (1).

In subsection (b), the words "shall suffer loss in precedence for promotion purposes to those officers who were recommended by the selection board which failed to recommend him" and "however such loss in precedence for promotion purposes and such loss in years of service for promotion purposes shall not result in any loss in seniority by such 'deferred officer' until his juniors are promoted to the next higher grade" are omitted as covered by subsection (c) of the revised section.

In subsection (d), the words "in effect on that date including any provision of law providing for voluntary retirement on his own application", in 10:941a (c) clause (2), are omitted as surplusage. The words "in the grade and with the retired pay to which he would be entitled if retired" are omitted as covered by

sections 3001 and 3101 of this title. The words "(computed at the rate applicable on the date of his elimination)", in 10.941a (c) (clause (3)), are omitted as surplusage. The words "but not more than 12" are substituted for the proviso of clause (3) of 10.941a (c). The words "basic pay" are substituted for the words "base and longevity pay" to conform to the terminology of the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.).

§ 1353. Commissioned officers; Air Force nurses and women medical specialists: promotion to first lieutenant, captain, major, and lieutenant colonel

- 1 (a) Commissioned officers of the Regular Air Force designated as
2 Air Force nurses and women medical specialists shall be promoted to
3 the grade of first lieutenant in the Regular Air Force upon completing
4 the service prescribed for promotion to that grade under section 1341
5 of this title.
- 6 (b) Commissioned officers of the Regular Air Force designated as
7 Air Force nurses and women medical specialists shall be promoted to
8 the grade of captain in the Regular Air Force or eliminated from the
9 active list in the manner prescribed in sections 1343, 1345, and 1351
10 of this title.
- 11 (c) Under regulations prescribed by the Secretary, commissioned
12 officers of the Regular Air Force designated as Air Force nurses and
13 women medical specialists shall be promoted to the grade of major
14 in the Regular Air Force, by selection, to fill vacancies in that grade.
- 15 (d) Under regulations prescribed by the Secretary, commissioned
16 officers of the Regular Air Force designated as Air Force nurses shall
17 be promoted to the grade of lieutenant colonel in the Regular Air
18 Force, by selection, to fill vacancies in that grade.

Revision Note

Based on 10.106f (a), 106f (b) (2d sentence), and 106f (c).

§ 1355. Commissioned officers: promotion to colonel

- 1 (a) Having in view the number of actual and anticipated vacancies
2 in any promotion list in the grade of colonel in the Regular Air Force
3 and the number of officers desired in that grade on that promotion
4 list, the Secretary of the Air Force shall furnish to selection boards
5 lists of officers in the grade of lieutenant colonel in the Regular Air
6 Force, in order of seniority in Regular Air Force grade, to be con-
7 sidered by those boards. He shall direct the boards to recommend
8 a number prescribed by him for promotion to that grade. The list
9 furnished may not contain the name of any officer who is on a recom-
10 mended list for promotion to that grade. The board shall recom-
11 mend the prescribed number of those officers whom it considers to
12 be the best qualified.

13 (b) Whenever the Secretary considers that there is or will be an
 14 inadequate number of officers with special qualifications, in the grade
 15 of colonel on the Air Force promotion list, he may direct that a
 16 specified number of the officers to be recommended for promotion to
 17 the grade of colonel in the Regular Air Force be officers with those
 18 qualifications.

19 (c) The names of officers recommended for promotion to the grade
 20 of colonel in the Regular Air Force shall be carried at the foot of the
 21 appropriate permanent recommended list for promotion to that grade
 22 in the same order among themselves as on the applicable promotion
 23 list and shall be promoted in that order when there is a vacancy in
 24 that grade for that list. A vacancy in that grade may be filled at any
 25 time. It is not mandatory that the authorized numbers be main-
 26 tained in the grade of colonel on any promotion list.

27 (d) The ratio of the number of officers on any promotion list who
 28 are named for consideration for promotion to the grade of colonel in
 29 the Regular Air Force, to the number directed to be recommended,
 30 may be prescribed by the Secretary.

31 (e) No officer may be considered for promotion to the grade of
 32 colonel in the Regular Air Force more than two years before the date
 33 on which it is anticipated that he will be promoted if selected.

34 (f) An officer must complete at least one year of service in the grade
 35 of lieutenant colonel in the Regular Air Force before being promoted
 36 to the grade of colonel in the Regular Air Force.

Revision Note

Based on 10:559d (less first proviso of (b)).

In subsection (a), the last 18 words of 10:559d (a) are omitted as executed.
 10:559d (a) (less last 18 words) is omitted as surplusage. The words "and until
 June 30, 1948, in addition thereto may include the names of any officers in per-
 manent grade below that of colonel who served during the current war in any
 general officer grade (temporary appointment)", in 10:559d (b), are omitted as
 executed.

In subsection (f), the words "After June 30, 1949" are omitted as executed.

§ 1357. Commissioned officers: promotion to brigadier general

1 (a) Having in view the number of actual and anticipated vacancies
 2 in the grade of brigadier general in the Regular Air Force and the
 3 number of officers desired in that grade, the Secretary of the Air
 4 Force shall furnish to selection boards lists of officers in the grade of
 5 colonel in the Regular Air Force, in order of seniority in Regular Air
 6 Force grade, to be considered by those boards. He shall direct the
 7 boards to recommend a number prescribed by him for promotion to
 8 that grade, but it is not mandatory that he direct the recommenda-
 9 tion of a number sufficient to maintain the authorized number for

10 that grade. The list furnished may not contain the name of any
 11 officer who is on a recommended list for promotion to that grade.
 12 The board shall recommend the prescribed number of those officers
 13 whom it considers to be best qualified.

14 (b) The names of officers recommended for promotion to the grade
 15 of brigadier general in the Regular Air Force shall be carried at the
 16 foot of the permanent recommended list for promotion to that grade,
 17 in the order determined by the Secretary.

18 (c) If an officer is recommended for promotion to the grade of
 19 brigadier general in the Regular Air Force and is not removed from
 20 the list by the President, he may be appointed as soon as a vacancy
 21 exists in the authorized number for that grade.

22 (d) The ratio of the number of officers on any promotion list who
 23 are named for consideration for promotion to the grade of brigadier
 24 general in the Regular Air Force, to the number directed to be recom-
 25 mended, may be prescribed by the Secretary.

26 (e) No officer may be considered for promotion to the grade of
 27 brigadier general in the Regular Air Force more than one year before
 28 the date on which it is anticipated that he will be promoted if
 29 recommended.

30 (f) An officer must complete at least one year of service in the
 31 grade of colonel in the Regular Air Force before being promoted to
 32 the grade of brigadier general in the Regular Air Force.

Revision Note

Based on 10:559c.

In subsection (a), the words "and, until June 30, 1948, in addition thereto may include the names of any officers in permanent grade below that of brigadier general who served during the current war in any general officer grade under temporary appointment", in 10:559c (b), are omitted as executed. The last 67 words of the first sentence of 10:559c (b) are omitted as inapplicable to the Air Force, since the Air Force is not organized by statute into brigades.

In subsection (c), the words "shall be nominated, and by and with the advice and consent of the Senate" are omitted as covered by section 1309 of this title.

In subsection (f), the words "After June 30, 1949" are omitted as executed. The last 19 words of 10:559c (a) are omitted as executed. The first 30 words of 10:559c (a) are omitted as surplusage. 10:559c (a) (less 1st 30 and last 19 words), which constitutes the reference to 10:559c, is omitted, since 10:559c does not apply to the Air Force.

§ 1359. Commissioned officers: promotion to major general

1 (a) Having in view the number of actual and anticipated vacancies
 2 in the grade of major general in the Regular Air Force and the num-
 3 ber of officers desired in that grade, the Secretary of the Air Force
 4 shall furnish to selection boards lists of officers in the grade of brigadier
 5 general in the Regular Air Force, in order of seniority in Regular

6 Air Force grade, to be considered by those boards. He shall direct
7 the boards to recommend a number prescribed by him for promotion
8 to that grade, but it is not mandatory that he direct the recom-
9 mendation of a number sufficient to maintain the authorized number
10 for that grade. The list furnished may not contain the name of
11 any officer who is on a recommended list for promotion to that
12 grade. The board shall recommend the prescribed number of those
13 officers whom it considers to be best qualified.

14 (b) The names of officers recommended for promotion to the grade
15 of major general in the Regular Air Force shall be carried at the foot
16 of the permanent recommended list for promotion to that grade, in
17 the order determined by the Secretary.

18 (c) If an officer is recommended for promotion to the grade of
19 major general in the Regular Air Force and is not removed from the
20 list by the President, he may be appointed as soon as a vacancy
21 exists in the authorized number for that grade.

22 (d) The ratio of the number of officers on any promotion list who
23 are named for consideration for promotion to the grade of major
24 general in the Regular Air Force, to the number directed to be
25 recommended, may be prescribed by the Secretary.

26 (e) No officer may be considered for promotion to the grade of
27 major general in the Regular Air Force more than one year before
28 the date on which it is anticipated that he will be promoted if
29 recommended.

30 (f) An officer must complete at least one year of service in the grade
31 of brigadier general in the Regular Air Force before being promoted
32 to the grade of major general in the Regular Air Force.

Revision Note

Based on 10:559f.

In subsection (a), the words "and until June 30, 1948, in addition thereto may include the names of any officers in permanent grade below that of major general who served during the current war in any general officer grade under temporary appointment" are omitted as executed. The last 67 words of the first sentence of 10:559f (b) are omitted as inapplicable to the Air Force, since the Air Force is not organized by statute into branches.

In subsection (c), the words "shall be nominated, and by and with the consent of the Senate" are omitted as covered by section 1309 of this title.

In subsection (f), the words "After June 30, 1949" are omitted as executed. The last 19 words of 10:559f (a) are omitted as executed. The first 31 words of 10:559f (a) are omitted as surplusage. 10:559f (a) (less 1st 31 and last 19 words), which constitutes the reference to 10:559g, is omitted, since 10:559g does not apply to the Air Force.

§ 1361. Commissioned officers: effect of removal from recommended list by President or failure of confirmation by Senate

1 The President may remove from a recommended list for promotion
2 to any grade the name of any promotion-list officer or brigadier general
3 of the Regular Air Force who in his opinion is not qualified for
4 promotion. If an officer's name is so removed, or if the Senate does
5 not consent to his appointment, he continues to be eligible for con-
6 sideration for promotion by the next selection board considering
7 officers of his grade. If he is promoted on the recommendation of
8 that board, he has the same date of rank and place on the promotion
9 list that he would have had if he had been promoted as a result of
10 his original selection. If the second board does not recommend
11 him, or if he again fails of promotion because his name is removed
12 from the recommended list by the President or because the Senate
13 does not consent to his appointment, he shall be eliminated from the
14 active list under section 1351 of this title.

Revision Note

Based on 10:559a (a) (6).

§ 1363. Warrant officers: original appointment and promotion; qualifications

1 (a) Original appointments as warrant officers (junior grade) in the
2 Regular Air Force shall be made from persons who have served at
3 least one year on active duty in the Air Force.

4 (b) Promotions to the grade of chief warrant officer in the Regular
5 Air Force shall be made from persons who have at least 10 years of
6 active service, as warrant officers (junior grade), or as warrant officers
7 under the law in effect on August 21, 1941, or both.

Revision Note

Based on 10:591 (1st sentence and 1st 11 words of 2d sentence).

In subsection (a), the words "On or after August 21, 1945" are omitted as surplusage.

In subsections (a) and (b), the word "only" is omitted, since the appointment of reserve warrant officers in the Air Force is authorized by section 1411 of this title.

In subsection (b), the words "promotions to the grade of" are substituted for the words "original permanent appointments in", since only warrant officers serving in a lower grade are eligible for appointment as chief warrant officer. The words "August 21, 1941" are substituted for the words "under existing law". The words "and from among master and chief engineers, Army Mine Planter Service, hereafter appointed as such under the provisions of existing law" are omitted as inapplicable to the Air Force.

Ch. 55 APPOINTMENTS IN THE REGULAR AIR FORCE § 1367

§ 1364. Warrant officers: original appointment; college education not required

- 1 No person otherwise qualified for original appointment in a warrant
- 2 officer grade in the Regular Air Force may be disqualified because he
- 3 has not had a college education.

Revision Note

Based on 10:293 (as applicable to warrant officers).

The words "in the Regular Air Force" are substituted for the words "in the aviation service", since the "aviation service" was a part of the Regular Army before the creation of a separate Air Force.

§ 1365. Female warrant officers: original appointment and promotion; qualifications

- 1 Under regulations prescribed by the Secretary of the Air Force,
- 2 female citizens of the United States may be appointed as warrant
- 3 officers in the Regular Air Force. Laws applicable to the appoint-
- 4 ment of male warrant officers in the Regular Air Force apply to
- 5 the appointment of female warrant officers in the Regular Air Force.

Revision Note

Based on 5:627 (17th through 19th words) and 627c.

The words "in each of the several warrant officer grades" and "now or hereafter" are omitted as surplusage.

§ 1367. Warrant officers: reappointment after commissioned service

- 1 Any former warrant officer of the Regular Air Force who serves on
- 2 active duty as a reserve commissioned officer of the Air Force, or who
- 3 has been discharged as a warrant officer to accept an appointment in
- 4 the Air Force without specification of component, is entitled to be
- 5 reappointed in his warrant officer grade in the Regular Air Force
- 6 without loss of seniority or credit for service, if his commissioned serv-
- 7 ice terminates honorably or under honorable conditions, and he applies
- 8 for reappointment within six months after the date of termination
- 9 of that service, regardless of a physical disability incurred or having
- 10 its inception in line of duty.

Revision Note

Based on 10:298 (less 14 words before 1st proviso and last proviso).

The words "appointment in the Air Force without specification of component" are substituted for the words "commission in the Army of the United States".

§ 1369. Commissioned and warrant officers: physical examination for promotion

1 (a) The President may prescribe a system of physical examination
2 tion for all officers of the Regular Air Force in grades below brigadier
3 general to determine their fitness for promotion in the Regular Air
4 Force. Each examination shall be given before the right to promotion
5 accrues.

6 (b) If the needs of the Air Force require that an officer entitled
7 to promotion upon physical examination under subsection (a) be
8 absent from a place where an examining board can be convened, he
9 may be promoted, subject to examination as soon as practicable.
10 However, if he is thereafter examined and found physically disqualified
11 for that promotion, he shall, if the proceedings are approved by
12 the Secretary of the Air Force, be treated as if he had been examined
13 before promotion and had failed.

14 (c) If an officer fails to pass the physical examination and is
15 reported unfit for promotion, the officer next below him on a recommended
16 list for promotion who has passed the examination and is
17 otherwise qualified shall be promoted.

Revision Note

Based on 10:555a (1st 34 words), 556, and 556a (less applicability to professional examination).

In subsection (a), the word "Regular" is inserted, since the statutory requirement of a physical examination applies only to promotions in the Regular Air Force. The first and fourth provisions of section 3 of the Act of Oct. 1, 1890, ch. 1241, 26 Stat. 562, are not contained in 10:556. They are also omitted from the revised section as executed.

§ 1371. Commissioned and warrant officers: acceptance of promotion

1 (a) An officer who is promoted in the Regular Air Force is considered
2 to have accepted his promotion upon the date of the order
3 announcing it, unless he expressly declines the promotion. He is
4 entitled to the pay and allowances of the higher grade from that date,
5 unless entitled to them from an earlier date under another provision
6 of law.

7 (b) An officer need not take the oath of office upon promotion if
8 his service since last taking it has been continuous.

Revision Note

Based on 10:558 (less applicability to reserve components and appointments without specification of component).

In subsection (a), the words "at any time after December 7, 1941" are omitted as executed. The words "for all purposes" are omitted as surplusage.

Revision Note

Based on 10:352 and 378 (less proviso of 1st sentence and 21 and last sentences); and 32:18 and 19 (less last proviso).

In subsection (a), the words "reserve components of the Air Force", in 10:352 and 378 (c), are substituted for the words "Officers' Reserve Corps" and "National Guard of the United States", in 32:18, since the cited sections cover all reserve components of the Air Force.

 14 component of the Air Force.
- 15 (c) Except as provided in subsection (d), in time of peace an original
 16 appointment as a male commissioned officer in the Air Force Reserve
 17 with a view to receiving a rating under clause (1), (3), (4), or (5) of
 18 section 2129 of this title may be made only in the grade of second
 19 lieutenant.
- 20 (d) A former male commissioned officer of the Regular Air Force
 21 may, if qualified, be appointed as a commissioned officer in the Air
 22 Force Reserve in the highest grade which he has held in the Regular
 23 Air Force, or in any lower grade.

Revision Note

Based on 10:353 (less 1st 25 words of 2d sentence).

In subsections (a), (b), (c), and (d), the words "Air Force Reserve" are substituted for the words "Officers' Reserve Corps", since the Officers' Reserve Corps is now a part of the Air Force Reserve. The word "male" is inserted, since the grades in which female commissioned officers may be appointed are covered by section 1405 of this title.

In subsection (a), the words "or of the Philippine Islands" added by the Act of June 12, 1934, ch. 467, 48 Stat. 939, to section 37 of the National Defense Act of 1916, as amended, are not contained in 10:353. They are also omitted from the revised section, since Proclamation No. 2695, effective July 4, 1946, 60 Stat. 1352 (48 U. S. C. 1240 (note)), proclaimed the independence of the Philippine Islands.

In subsection (b), the words "former officers of the National Guard of the United States" are omitted as covered by the words "former commissioned officer of the Army or the Air Force". The words "Regular Army, National Guard of the United States, and Enlisted Reserve Corps" are omitted as covered by the words "Army" and "Air Force". The last 18 words of 10:353 are omitted as executed.

In subsections (b) and (c), the words "Infantry, Cavalry, Field Artillery, Coast Artillery" are omitted as inapplicable to the Air Force. The words "with

§ 1403

a view to receiving a rating under clause (1), (3), (4), or (5) of section 2129 of this title" are substituted for the words "Air Corps", since that revised section, in establishing the categories of officers who may be rated as "flying officers", substantially covers those officers of the present-day Air Force who were formerly in the Army Air Corps.

§ 1405. Female commissioned officers; Air Force Reserve: appointment; qualifications, grade

1 (a) To be eligible for appointment as a female commissioned officer
2 in the Air Force Reserve, including appointment with a view to
3 designation as an Air Force nurse or woman medical specialist,
4 a person must —

5 (1) be a female citizen of the United States;

6 (2) be at least 21 years of age; and

7 (3) have the qualifications prescribed by the Secretary of the
8 Air Force.

9 (b) Except as provided in subsection (c), appointments of women
10 as commissioned officers in the Air Force Reserve may be made in
11 the grades of second lieutenant through lieutenant colonel only.
12 However, a person who has served satisfactorily as the commanding
13 officer of the Women's Army Corps established by the Act of July 1,
14 1943 (57 Stat. 371), or in the grade of colonel under section 721 of
15 this title may, if otherwise qualified, be appointed in the grade of
16 colonel.

17 (c) Appointments of women as commissioned officers in the Air
18 Force Reserve with a view to designation as Air Force nurses or
19 women medical specialists may be made in the grades, and under
20 regulations, prescribed by the Secretary. A woman appointed as a
21 commissioned officer in the Army under section 1 of the Act of June 22,
22 1944, ch. 272 (58 Stat. 324), and thereafter discharged honorably or
23 under honorable conditions from the Army, may, if otherwise quali-
24 fied, be appointed as a commissioned officer in the Air Force Reserve
25 in the highest grade in which she served satisfactorily on active duty.

Revision Note

Based on 5-6271 (c); and 10-376.

In subsections (a) and (c), the words "Air Force Reserve" are substituted for the words "Officers' Reserve Corps", in 10-376, since the officers' section of the Air Force Reserve is a part of the Air Force Reserve.

In subsection (b), the words "by the President alone" are omitted as covered by section 1401 of this title.

In subsection (c), the words "female commissioned officers in permanent grade in the Air Force Reserve with a view to designation as Air Force nurses or women medical specialists" are substituted for the words "in the Army Nurse Corps Section and the Women's Medical Specialists Corps Section of the Officers' Reserve Corps", since the Air Force does not have organic corps created by statute.

Ch. 57 APPOINTMENTS IN THE RESERVE COMPONENTS § 1411

§ 1407. Commissioned officers; Air Force Reserve; appointment; A. R. O. T. C. graduates

1 The President alone, under regulations prescribed by him, may
2 appoint any graduate of the junior or senior division of the Air
3 Reserve Officers' Training Corps in a commissioned grade in the
4 Air Force Reserve, if that graduate—

5 (1) has satisfactorily completed the courses of military training
6 prescribed for the senior division;

7 (2) has satisfactorily completed the further training prescribed
8 in section 3709 of this title;

9 (3) has participated after graduation in the practical instruction
10 prescribed by the Secretary of the Air Force;

11 (4) is at least 21 years of age; and

12 (5) agrees under written oath to serve the United States as
13 a reserve officer for at least five years from the date of his
14 appointment, unless he is sooner discharged.

Revision Note

Based on 10:351.

The words "in a commissioned grade in the Air Force Reserve" are substituted for the words "reserve officer of the Army of the United States", since 10:354 does not apply to appointments in the Air National Guard of the United States.

§ 1409. Commissioned officers; Air Force Reserve; aviation cadets; appointment; qualifications, grade

1 (a) An aviation cadet who successfully completes the prescribed
2 course of training shall be appointed a second lieutenant in the Air
3 Force Reserve, and shall be promoted to the grade of first lieutenant
4 in the Air Force Reserve upon completing three years of active
5 duty under section 1213 (c) (1) of this title.

6 (b) Under regulations prescribed by the Secretary of the Air
7 Force, a person who completes the course of training as an aviation
8 cadet or aviation student, and who has served in the Army or the
9 Air Force in time of war as a commissioned or flight officer, may be
10 originally appointed in any commissioned grade in the Air Force
11 Reserve.

Revision Note

Based on 10:299 (less 13, 24, and last sentence) and 299c.

§ 1411. Warrant officers; Air Force Reserve; appointment; qualifications, grade

3 warrant officer (junior grade) in the Air Force Reserve.

§ 1411

Revision Note

Based on 10, 20a (d) (last sentence, less 18th through 21st words) and 593a (as applicable to Air Force Reserve).

The words "first, chief warrant officer" and "and second, warrant officer (junior grade)" are omitted from Supplement IV of the 1946 Edition of the United States Code. 10, 593a as originally enacted specified the two grades and stated after each grade the provisions relating to pay and allowances. Section 531 (b) (30) of the Career Compensation Act of 1949, 63 Stat. 839, repealed only that part of 10, 593a relating to pay and allowances, and did not repeal the names of the grades, which are set forth in the revised section.

§ 1413. Commissioned and warrant officers; Air Force Reserve; promotion

1 The promotion of commissioned and warrant officers of the Air
2 Force Reserve who are qualified for promotion shall be based, so
3 far as practicable, upon recommendations made through estab-
4 lished channels of command, and shall be made under regulations
5 prescribed by the Secretary of the Air Force.

Revision Note

Based on 10, 360.

The words "and transfer" are omitted as executed, since they related to the transfer of officers to the Officers' Reserve Corps of the Army at the time it was established. The words "commissioned and warrant" are inserted for clarity, since warrant officers may now be appointed in the Air Force Reserve under section 1414 of this title.

§ 1415. Commissioned and warrant officers; Air National Guard of United States; appointment; qualifications, grade

1 (a) Subject to section 1401 (c) of this title, the President may
2 appoint a commissioned or warrant officer of the Air National Guard
3 in the Air National Guard of the United States in the grade that he
4 holds in the Air National Guard. The acceptance of an appointment
5 in the Air National Guard of the United States by an officer of the
6 Air National Guard does not vacate his office in the Air National
7 Guard.

8 (b) The warrant officer grades in the Air National Guard of the
9 United States are chief warrant officer and warrant officer (junior
10 grade).

11 (c) In a mobilization of the Air National Guard of the United
12 States, the officers necessary to bring organizations to war strength
13 shall, so far as practicable, be taken from the Air National Guard.
14 For this purpose, warrant officers and enlisted members of the Air
15 National Guard may in time of peace be appointed in commissioned
16 grades in the Air National Guard of the United States.

Ch. 57 APPOINTMENTS IN THE RESERVE COMPONENTS § 1419

17 (d) Subject to section 1137 of this title, the number of officers in
18 the grades of first lieutenant and second lieutenant in the Air Na-
19 tional Guard of the United States is unlimited.

Revision Note

Based on 10:593a (as applicable to Air National Guard of United States); 32:34a (last proviso), 81 (proviso of 2d paragraph and last paragraph), 113 (last sentence), and 143a.

In subsection (a), the last paragraph of 32:113a is omitted as executed. The words "and who is federally recognized in that grade and branch", in 32:113a, are omitted as surplusage. The last sentence of 32:143 is omitted, since under 32:113a, officers and warrant officers of the Air National Guard may be appointed in the Air National Guard of the United States, and they are, by definition, federally recognized. The words "and branch" are omitted as obsolete.

In subsection (b), the words "first, chief warrant officer" and "and second, warrant officer (junior grade)" are omitted from Supplement IV of the 1946 Edition of the United States Code. 10:593a as originally enacted specified the two grades and stated after each grade the provisions relating to pay and allowances. Section 521 (b) (30) of the Career Compensation Act of 1949, 63 Stat. 839, repealed only that part of 10:593a relating to pay and allowances, and did not repeal the names of the grades, which are set forth in the revised section.

§ 1417. Commissioned and warrant officers; Air National Guard of United States; appointment; effective date

1 When an officer of the Air National Guard to whom temporary
2 Federal recognition has been extended is appointed in the Air Na-
3 tional Guard of the United States, his appointment shall bear the date
4 of the temporary recognition and shall be considered to have been
5 effective from that date.

Revision Note

Based on 32:15 (2306) through 2510) words of clause (b).

§ 1419. Commissioned and warrant officers; Air National Guard of United States; appointments; oath

1 Each person who is appointed as an officer in the Air National
2 Guard of the United States shall subscribe to the following oath:
3 "I, _____, do solemnly swear that I will sup-
4 port and defend the Constitution of the United States and the
5 Constitution of the State of _____ against all enemies,
6 foreign and domestic; that I will bear true faith and allegiance
7 to the same; that I will obey the orders of the President of the
8 United States and of the Governor of the State of _____;
9 that I make this obligation freely, without any mental reserva-
10 tion or purpose of evasion, and that I will well and faithfully dis-

Revision Note

Based on 32: 112 (as applicable to Air National Guard of United States).

§1421. Commissioned and warrant officers: acceptance of promotion

1 (a) Subject to section 1417 of this title, a commissioned or warrant
2 officer of the Air Force Reserve or the Air National Guard of the
3 United States who is promoted in his reserve component is considered
4 to have accepted his promotion upon the date of the order announcing
5 it, unless he expressly declines the promotion. He is entitled to the
6 pay and allowances of the higher grade from that date, unless entitled
7 to them from an earlier date under another provision of law.

8 (b) An officer need not take the oath of office upon promotion if
9 his service since last taking it has been continuous.

Revision Note

Based on 10: 558 (as applicable to reserve components).

In subsection (a), the words "Subject to section 1417 of this title" are inserted for clarity. The words "at any time after December 7, 1941," are omitted as executed. The words "for all purposes" are omitted as surplusage. The words "commissioned or warrant" are inserted for clarity, since warrant officers may now be appointed in the Air Force Reserve under section 1411 of this title.

§ 1503. Commissioned officers; Regular and reserve components; appointment in higher grade

- 1 (a) Whenever the number of officers of the Regular Air Force in
2 any grade in the Regular Air Force above second lieutenant is less
3 than the number authorized, the vacancies may be filled by the ap-
4 pointment of qualified officers, as prescribed in subsection (c).
- 5 (b) Whenever, under authorization by Congress, the number of
6 commissioned officers on active duty for a period of more than 30
7 days is more than the authorized strength of the Regular Air Force in
8 commissioned officers on the active list, the Secretary of the Air Force
9 shall determine the additional number of officers needed in each of the
10 commissioned grades based upon the number of officers serving on
11 active duty and the tasks being performed by the Air Force. Vacan-
12 cies resulting from that determination may then be filled by the
13 appointment of qualified officers as prescribed in subsection (c).
- 14 (c) Subject to subsections (a) and (b) and under regulations pre-
15 scribed by the Secretary, a commissioned officer of the Regular Air
16 Force, or a commissioned officer of a reserve component of the Air

20 of the Air Force, without vacating any other grade held by him. Ap-
21 pointments made under this subsection shall be made on a fair and
22 equitable basis. Selections shall be based upon ability and efficiency
23 with regard being given to seniority and age.

§ 1503

PERSONNEL

11

In subsection (a), the words "in any grade in the Regular Air Force above second lieutenant" are substituted for the words "in the grades of major general and brigadier general" and "officers of any promotion list, holding office . . . in the grades of colonel, lieutenant colonel, major, captain, and first lieutenant, respectively", since, under section 1303 (a) of this title, the grades enumerated include each commissioned grade in the Regular Air Force except the grade of second lieutenant.

In subsection (b), the words "commissioned officers on active duty for a period of more than 30 days" are substituted for the words "Regular Army officers and all officers of the Army of the United States or any reserve component thereof ordered into active military service for extended Federal service in excess of 30 days".

In subsection (c), the words "without vacating any other grade held by him" are substituted for the words "without vacating his permanent appointment or any temporary appointment held by him under this or any other provision of law".

§ 1505. Commissioned officers; reserve components; appointment in higher or lower grade

1 Subject to section 1503 of this title, a commissioned officer of a
2 reserve component of the Air Force who is ordered to, or is serving on,
3 active duty may be appointed, with his consent, to a grade in the
4 Air Force without specification of component that is higher or lower
5 than the grade held by him in his reserve component, without affecting
6 the latter grade.

Revision Note

Based on 10:506d (d) (last sentence).

The words "in the Army of the United States" are omitted as covered by section 1509 of this title. The word "commissioned" is inserted, since the revised section does not apply to warrant officers.

§ 1507. Temporary officers; appointment during emergency or wartime

1 (a) In time of emergency declared by the President or Congress,
2 and in time of war, the President may appoint any qualified person
3 who holds no commissioned grade in the Regular Air Force or a
4 reserve component of the Air Force, in any commissioned grade in
5 the Air Force without specification of component.

6 (b) A person appointed under subsection (a) may be ordered to
7 active duty for such period as the President prescribes.

8 (c) Unless sooner vacated, the appointment of an officer under
9 subsection (a) is effective during the war or emergency in which it is
10 made and for six months thereafter.

Revision Note

Based on 10:506d (e).

In subsection (b), the words "who holds no commissioned grade in the Regular Air Force or a reserve component of the Air Force" are substituted for the words

Ch. 59 APPOINTMENT WITHOUT SPECIFICATION § 1511

"(including persons who hold no Regular Army or reserve status)", since only persons who hold no commissioned status in the regular or reserve components of the Air Force may be appointed under the revised section. The words "active duty" are substituted for the words "active military service of the United States".

§ 1509. Appointments in commissioned grade: how made, how terminated

- 1 (a) The appointment of a person under section 1503, 1505, or
2 1507 of this title shall be made without reference to any other appoint-
3 ment that he may hold in the Air Force.
- 4 (b) Appointments of commissioned officers in the Air Force without

6 grades below brigadier general, and by the President by and with the
7 advice and consent of the Senate in general officer grades.
- 8 (c) The President may vacate at any time an appointment in a
9 commissioned grade in the Air Force without specification of com-
10 ponent.

Revision Note

Based on 10-506d (f).

In subsection (a), the words "or not held" are omitted as surplusage. The listing of the categories of persons who may be given a temporary appointment is omitted as covered by the reference to the sections under which such appointments may be made.

§ 1511. Warrant officers: appointment

- 1 (a) The grades of warrant officers in the Air Force without speci-
2 fication of component are chief warrant officer and warrant officer
3 (junior grade).
- 4 (b) In time of national emergency declared by Congress or the
5 President, and in time of war, the Secretary of the Air Force, under
6 regulations prescribed by him, may make appointments of chief
7 warrant officers and warrant officers (junior grade) in the Air Force
8 without specification of component. Appointments under this
9 subsection continue in effect during the pleasure of the Secretary,
10 but for not longer than six months after the termination of that war
11 or emergency. The number of such appointments in effect at one
12 time may not be more than $\frac{1}{2}$ of 1 percent of the actual strength of the
13 Air Force in enlisted men on active duty.
- 14 (c) A warrant officer appointed under subsection (b) is entitled—
15 (1) to count all periods of active duty under the appointment
16 as warrant or enlisted service for all purposes; and
17 (2) to the benefits of all laws and regulations applicable to
18 the retirement, pensions, and disability of members of the Air
19 Force on active duty.

20 (d) If a person appointed under subsection (b) is a member of the
 21 Air Force at the time of his appointment, he may accept the appoint-
 22 ment without prejudice to his existing status. Upon termination of
 23 his appointment he is entitled to the grade held at the time of that
 24 appointment.

Revision Note

Based on 10:591a and 593a (less applicability to Regular Air Force and reserve components).

In subsection (a), the words "first, chief warrant officer" and "and second, warrant officer (junior grade)" are omitted from Supplement IV of the 1946 Edition of the United States Code. 10:593a as originally enacted specified the two grades and stated after each grade the provisions relating to pay and allowances. Section 531 (b) (3) of the Career Compensation Act of 1949, 63 Stat. 839, repealed only that part of 10:593a relating to pay and allowances, and did not repeal the names of the grades, which are set forth in the revised section.

In subsection (c), the words "while in active Federal service", "while so serving", and "rank", are omitted as surplusage. The words "on active duty" are substituted for the words "when called or ordered into the active military service by the Federal Government under existing statutory authorizations". The words "pay and allowances" are omitted, since they are determined by the grade held. The proviso of the third sentence of 10:591a is omitted as superseded by section 204 (a) and (c) of the Career Compensation Act of 1949 (37 U. S. C. 232 (a) and (c)).

In subsection (d), the fifth sentence of 10:591a is omitted as surplusage.

§ 1513. Commissioned and warrant officers: acceptance of appointment in higher grade

1 (a) An officer who is promoted in the Air Force without specifica-
 2 tion of component is considered to have accepted his promotion upon
 3 the date of the order announcing it, unless he expressly declines the
 4 promotion. He is entitled to the pay and allowances of the higher
 5 grade from that date, unless entitled to them from an earlier date
 6 under another provision of law.

7 (b) An officer need not take the oath of office upon promotion if
 8 his service since last taking it has been continuous.

Revision Note

Based on 10:558 (as applicable to appointments without specification of component).

In subsection (a), the words "at any time after December 7, 1941" are omitted as executed. The words "for all purposes" are omitted as surplusage.

- 7 (2) who has the same length of service as the officer not of
- 8 the Regular Air Force; and
- 9 (3) who is on duty in the grade that he holds in the Air Force
- 10 Reserve.

Revision Note

Based on 10, 5094 (h).

The words "permanent or temporary (herein referred to as 'active-duty grade') and 'active-duty grade'" are omitted as surplusage. The words "A commissioned officer of the Air Force, other than of the Regular Air Force," are substituted for the words "Each temporary officer and each Reserve officer of any Reserve component". The words "Air Force Reserve" are substituted for the words "Officers' Reserve Corps". The words "now or hereafter" are omitted as surplusage.

3 of the Air Force, and the period of service and appointment or enlistment of any member of the Air Force without specification of component, are extended for the duration of any war in which the United States may be engaged and for six months thereafter.

Revision Note

Based on 10: 10a.

The revised section applies only to officers of reserve components and members of the Air Force without specification of component, since the extension of service during war of enlisted members of the Regular Air Force, and of the Air Force Reserve, is governed by sections 1209 (c) and 1219 (b) of this title, and the service of officers of the Regular Air Force is continuous and does not need to be covered by this revised section. The words "Unless terminated at an earlier date by the President" are substituted for the proviso. The words "training and service" are omitted as covered by the word "service". The word "commission" is omitted as covered by the word "appointment".

§ 1605. Reserve members: retention after becoming qualified for retired pay

1 Any member of a reserve component who has qualified for retired pay under chapter 87 of this title may, with his consent and by order of the Secretary of the Air Force, be retained on active duty, or in service, other than active, in a reserve component. A person so retained shall be credited with that service for all purposes.

Revision Note

Based on 10: 1036a (c).

The words "active duty, or in service, other than active, in a reserve component" are inserted to reflect the words "Federal service as used in Title III of the Act of June 29, 1948, ch. 708 (10: 1036-1036a), of which 10: 1036a (c) was a part.

§ 1607. Air Force Reserve: commissioned officers

1 (a) A commissioned officer of the Air Force Reserve may, in the discretion of the President, be ordered to active duty—
 2 (1) with his consent, for any period prescribed by the President; and
 3 (2) without his consent, for not more than 15 days in any
 4 calendar year, or for any period during a national emergency
 5 declared by Congress.
 6 (b) Commissioned officers of the Air Force Reserve may not be
 7 ordered to active duty in larger numbers than are permissible under
 8 appropriations for that specific purpose.
 9 (c) Each officer ordered to duty under this section during any war in
 10 which the United States may be engaged shall be relieved from active
 11 duty, at his request, within six months after the termination of that
 12 war.
 13
 14

15 (d) The President may relieve an officer of the Air Force Reserve
16 from active duty at any time.

Revision Note

Based on 10: 299 (last sentence, less 1st 12 words), 358 (proviso of 1st sentence), 369, and 506d (d) (less last sentence and less applicability to officers of Air National Guard of United States).

In subsections (a) and (b), the words "Air Force Reserve" are substituted for the words "Reserve component of the Army" and "Reserve", since section 1615 of this title prescribes different conditions for ordering officers of the Air National Guard of the United States to active duty.

Subsection (d) is substituted for clarity, for the words "To the extent provided from time to time by appropriations for this purpose", in 10:506d (d), and "To the extent provided for from time to time by appropriations for this specific purpose", in 10:369.

In subsection (d), 10:299 (last sentence, less 1st 12 words) are omitted as covered by 10:506d (d) (2d sentence).

§ 1611. Air Force Reserve: enlisted members

1 (a) An enlisted member of the Air Force Reserve may, in the dis-
2 cretion of the President, be ordered to active duty individually or as
3 a member of an organization that is ordered to active duty --

4 (1) with his consent, for any period; and

5 (2) without his consent, for not more than 15 days in a calen-
6 dar year, or for any period of time during a national emergency
7 declared by Congress.

8 (b) Except in time of national emergency declared by Congress,
9 enlisted members of the Air Force Reserve may not be ordered to

Revision Note

Based on 32:82.

The words "governing the Air Force, except those applicable only to members of the Regular Air Force" are substituted for the words "governing the Regular Army, so far as such laws and regulations are applicable to officers and enlisted men whose permanent retention in the military service, either on the active list or on the retired list, is not contemplated by existing law".

§ 1623. Air National Guard in Federal service: call

11 considers necessary to repel the invasion, suppress the rebellion, or
 12 execute those laws. Orders for these purposes shall be issued through
 13 the governors of the States, the Territories, Puerto Rico, or the
 14 Canal Zone, and, in the District of Columbia, through the commanding
 15 general of the National Guard of the District of Columbia.

Revision Note

Based on 32-81a (as applicable to Air National Guard).

The word "may" is substituted for the words "it shall be lawful for". The words "to such officers of the militia as he may think proper" are omitted as surplusage. The words "members and units" are substituted for the word "number".

§ 1625. **Air National Guard in Federal service; period of service; apportionment**

1 (a) Whenever the President calls the Air National Guard of a
 2 State, a Territory, the District of Columbia, Puerto Rico, or the
 3 Canal Zone, into Federal service, he may specify in the call the period
 4 of the service. Members and units called shall serve inside or outside
 5 the territory of the United States during the term specified, unless
 6 sooner relieved by the President. However, except as provided in
 7 section 1619 of this title, no member of the Air National Guard may
 8 be kept in Federal service beyond the term of his commission or
 9 enlistment.

10 (b) When the Air National Guard of a State, a Territory, the
 11 District of Columbia, Puerto Rico, or the Canal Zone, is called into
 12 Federal service with the Air National Guard of another of those
 13 jurisdictions, the President may apportion the total number called on
 14 the basis of the populations of the jurisdictions which are affected
 15 by the call.

Revision Note

Based on 32-81b (less last sentence, and last sentence as applicable to Air National Guard).

In subsections (a) and (b), the words "Air National Guard" are substituted for the words "organized militia (including the National Guard)". The words "Federal service" are substituted for the words "service of the United States" and "actual service of the United States".

In subsection (b), the word "representative" is omitted as surplusage.

The last proviso of section 5 of the Act of Jan. 21, 1963, ch. 196 is not contained in 32-81b. It is also omitted from the revised section, since in the opinion of the Judge Advocate General of the Army (JAG 0103, Dec. 12, 1929, p. 20) it was impliedly repealed by section 3 of the Act of April 25, 1914, ch. 71, 38 Stat. 347.

3 prescribed by the President, without further commission or enlist-
4 ment.

5 (b) Immediately before such a member is mustered out of Federal
6 service he shall be examined as to physical fitness under regulations
7 prescribed by the President. The record of this examination shall
8 be retained by the United States.

Revision Note

Based on 32:83.

In subsections (a) and (b), the words "Each member" are substituted for the words "Every officer and enlisted man". The words "Federal service" are substituted for the words "the service of the United States" and "the active service of the United States".

In subsection (b), the words "The record of this examination shall be retained by the United States" are substituted for the words "and the record thereof shall be filed and kept in the War Department", to conform to the Act of June 19, 1934, ch. 668 (44 U. S. C. 300 et seq.) which governs the care and custody of Government records generally.

§ 1629. Retired commissioned officers: status

1 A retired commissioned officer of the Air Force who is recalled to
2 active duty is considered, for all purposes except promotion, to be an
3 officer of the organization to which he is assigned.

Revision Note

Based on 10:399.

The words "and shall be an extra number therein" are omitted, since, to the opinion of the Judge Advocate General of the Army (JAG) 210.85, Feb. 21, 1923, they were repealed by the Act of July 31, 1935, ch. 422, 49 Stat. 595. The words "in the discretion of the President, employed on active duty" are omitted as surplusage. The words "arm, corps, department" are omitted, since the Air Force does not have organic corps created by statute.

§ 1631. Retired members: limitations: grade

1 (a) In time of peace, the Secretary of the Air Force may recall any
2 retired commissioned officer of the Air Force, with his consent, to

§ 1631

- 10 (4) to serve on courts-martial, courts of inquiry, and boards;
- 11 (5) to perform staff duties not involving service with troops;
- 12 (6) as an acting quartermaster;
- 13 (7) to perform the duties of a commanding officer or staff
- 14 duties at any air base temporarily left without its regular
- 15 garrison and without a commissioned officer on duty by
- 16 reason of troop movements; and
- 17 (8) to perform duties at the Soldiers' Home.
- 18 (b) In time of peace, the Secretary may recall any retired member
- 19 of the Regular Air Force, with his consent, to active duty as a
- 20 professor or assistant professor of air science and tactics, or as a
- 21 military instructor, under section 1723 of this title.
- 22 (c) In time of war retired commissioned officers of the Air Force
- 23 may, in the discretion of the President, be recalled to active duty
- 24 for any purpose.
- 25 (d) Any female officer of the Air Force, other than an Air Force
- 26 nurse or woman medical specialist, whose retired grade is colonel
- 27 and who is recalled to active duty shall be recalled in that grade.

Revision Note

Based on 5-627b (b) (last 13 words of 3d proviso) and 10-386 (as applicable to active duty of retired members), 990, 991, 992, 993, 995, 996, and 1181 (as applicable to active duty of retired members).

In subsection (a), the words "In time of peace" are inserted for clarity, since subsection (c) covers recall in time of war. The word "recall" is substituted for the words "assignable", "assign", and "assigned", to conform to present terminology.

In subsection (a) (2), the words "Air National Guard" are substituted for the words "Organized Militia" in 10-991, to conform to present terminology.

In subsection (a) (8), the words "Upon a selection by the commissioners of that institution approved by the Secretary of War", "and a retired officer shall not be assignable to any other duty", and "Provided, That they shall receive from the Government only the pay and emoluments allowed by law to retired officers", in section 1259 of the Revised Statutes, as amended, are not contained in 10-996. They are also omitted from the revised section, since the provisions as to selection by the commissioners were superseded by section 7 of the Act of Mar. 3, 1883, ch. 130, 22 Stat. 565; the provisions limiting assignment were superseded by other laws contained in the revised section; and the provisions as to pay and allowances were superseded by section 511 of the Career Compensation Act of 1949 (37 U. S. C. 311).

In subsections (a) and (c), the provisions of 10-992 and 995, relating to pay and allowances, are omitted as superseded by section 511 of the Career Compensation Act of 1949 (37 U. S. C. 311).

In subsection (b), the word "member" is substituted for the words "officers, warrant officers, and enlisted men". The words "as may be necessary" and "as he may deem necessary" are omitted as surplusage.

In subsection (d), the words "other than an Air Force nurse or woman medical specialist" are inserted since the 5-627b when enacted was not applicable to persons in those categories.

Revision Note

Based on 10:500b (b) (words of 3d proviso after semicolon).
The word "grade" is substituted for the word "rank". The word "title" is omitted as surplusage. The words "pay and allowances" are omitted, since they are determined by the grade held.

2 may appoint an officer of the Air Force as a senior member of the

Based on 10:506b (c) (less last 12 words).
The words "Within the limitations as to numbers in grade prescribed in this Act" are omitted as executed by the declaration of a national emergency on December 16, 1950, in accordance with an opinion of the Judge Advocate General of the Army (JAGA 1951/6180, 17 Oct. 51). The words "may appoint" are inserted to make it explicit that the revised section prescribes the appointment as well as the rank and pay that go with it. 14 any compensation or emoluments thereof. He is entitled to credit
15 for all service while so detailed, as if serving with the United States
16 Air Force.

They are also omitted from the revised section, since Proclamation No. 2695, effective July 4, 1946, 60 Stat. 1352 (48 U. S. C. 1240 (note)), proclaimed the independence of the Philippine Islands. Similar provisions relating to the Philippines are now contained in section 5 of the Act of June 26, 1906, ch. 500, 60 Stat. 315. The word "members" is substituted for the words "officers and enlisted men".

In subsection (b), the words "entitled to credit for all service" are substituted for the words "and shall be allowed the same credit for longevity, retirement, and for all other purposes".

12 of the Foreign Service of the United States. These expenses shall
13 be paid from appropriations of the Department of State.

Revision Note

In subsection (a), the words "members of the Air Force" are substituted for the words "military . . . personnel". The words "under their supervision" are omitted as surplusage.

Ch. 63 SPECIAL APPOINTMENTS AND ASSIGNMENTS § 1723

Revision Note

Based on 10:292c.

Although section 1107 (i) of the Act of June 23, 1938, ch. 601, 52 Stat. 1028, specifically amended the Air Commerce Act of 1926, referred to in the revised section, to substitute the Administrator of Civil Aeronautics for the Secretary of Commerce, section 1 of Reorganization Plan No. 5, May 24, 1950, 15 F. - 1 (a) The President may detail not more than five officers, selected
- 2 from any of the categories named in subsections (a), (b), (c), (d),

In subsection (a), the words "selected from any of the categories named in subsections (a), (b), (c), (d), (g), and (h) of section 713 of this title" are substituted for the words "of the Medical Department" since these categories constitute the Air Force counterpart of the Medical Department of the Army as that Department existed before the enactment of the Army Organization Act of 1950.

In subsection (b), the word "members" is substituted for the words "officers, warrant officers, and enlisted men". The words "as he may deem necessary" are omitted as surplusage. The first proviso of 10:1181, dealing with pay and allowances, is omitted, since any member on active duty is entitled to the pay of his grade, and a retired member may be detailed to duty only if first recalled to active duty. The words "having a course of military training prescribed by him and having not less than 100 physically fit male students who are at least 14 years of age" are substituted for the word "said". The word "said" refers to the schools described in section 4501 of this title. 9 (b) No officer may be appointed to a grade in the Air Force with-
10 out specification of component under subsection (a) unless the Chief
11 of Staff certifies that no officer of suitable grade in the Regular Air
12 Force or a reserve component of the Air Force is available for the
13 duty requiring the higher grade.

14 (c) An officer appointed to a higher grade under subsection (a) is
15 counted only in his grade in the Regular Air Force or a reserve com-
16 ponent of the Air Force for the purpose of computing numbers in
17 grade.

Revision Note

Based on 10:292a and 292d.

In subsections (a), (b), and (c), the word "grade" is substituted for the word "rank".

In subsection (a), the third proviso of 10:292a is omitted as inapplicable to the Air Force.

In subsection (b), the words "Chief of Staff" are substituted for the words "Chief of the Air Corps", since, under section 208 (b) of the National Security Act of 1947 (5 U. S. C. 626e (b)), the Chief of Staff succeeded to the functions of the Chief of the Air Corps.

In subsection (c), the first 39 words of 10:292d are omitted as surplusage.

§ 1731. Aides: detail; number authorized

1 (a) Each major general of the Air Force is entitled to three aides,
2 selected by him from commissioned officers of the Air Force in any
3 grade below major.

4 (b) Each brigadier general of the Air Force is entitled to two
5 aides, selected by him from commissioned officers of the Air Force
6 in any grade below captain.

Revision Note

Based on 10:498.

§ 1733. Duties: Regular Air Force officers; performance of civil functions restricted

1 (a) No commissioned officer of the Regular Air Force may be—
2 (1) employed on civil works or internal improvements;
3 (2) allowed to be employed by an incorporated company; or
4 (3) employed as acting paymaster or disbursing agent of the
5 Bureau of Indian Affairs;
6 if that employment requires him to be separated from his unit or
7 organization, or interferes with the performance of his military duties.

§ 1723

PERSONNEL

II

8 (b) Except as otherwise provided by law, no commissioned officer
 9 on the active list of the Regular Air Force may hold a civil office by
 10 election or appointment. The acceptance of a civil office or the
 11 exercise of its functions by such an officer terminates his appointment
 12 in the Air Force.

Revision Note

Based on 10:495, 576, and 577.

In subsection (a), the words "unit or organization" are substituted for the words "company, regiment, or corps".

In subsections (a) and (b), the word "Regular" is inserted before the words "Air Force", since historically 10:495 relates only to Regular officers, and 10:576 refers to officers "on the active list", which includes only officers of the Regular Air Force. The word "proper" is omitted as surplusage.

In subsection (b), the words "Except as otherwise provided by law" are inserted, since other laws enacted after the date of enactment of 10:576 authorize the performance of the functions of certain civil offices. The words "appointment in the Foreign Service of the Government" are omitted as covered by the words "hold a civil office". The words "terminates his appointment in the Air Force" are substituted for the words "shall be considered as having resigned his place in the Army" and "shall thereby cease to be an officer of the Army, and his commission shall be thereby vacated".

§ 1735. Duties: officers; superintendence of cooking for enlisted members

1 (a) The cooking for enlisted members of the Air Force shall be
 2 superintended by the officers of the organizations to which the mem-
 3 bers belong. Under regulations prescribed by the Secretary of the
 4 Air Force, medical officers shall cooperate with those officers in
 5 superintending the cooking.

6 (b) The Secretary of the Air Force shall issue instructions to medi-
 7 cal officers for the proper preparation of the Air Force ration.

Revision Note

Based on 10:104 and 497.

In subsection (a), the words "officers of the organizations to which the members belong" are substituted for the words "line officers", in 10:497, and "officers of the line", in 10:104.

In subsection (b), the word "issue" is substituted for the word "promulgate". The word "for" is substituted for the words "as may tend to insure". The word "regulations" is omitted as surplusage. The words "The Secretary of the Air Force" are substituted for the words "the Surgeon General", since the functions which, for the Army, are assigned by statute to subordinate officers of the Army are, for the Air Force, assigned to the Secretary of the Air Force. The words "Medical Department of the Army" and "said corps" are omitted, since the Air Force does not have organic departments or corps created by statute.

§ 1737. Duties: medical officers, contract surgeons; attendance on families of members

1 Medical officers and contract surgeons of the Air Force shall,
2 when practicable, attend the families of members of the Air Force
3 free of charge.

Revision Note

Based on 10-96.

§ 1739. Duties: chaplains; assistance required of commanding officers

1 (a) Each chaplain, when practicable, shall hold appropriate reli-
2 gious services at least once on each Sunday for the command to which
3 he is assigned, and shall perform appropriate religious burial services
4 for members of the Air Force who die while in that command.

5 (b) Each commanding officer shall furnish facilities to any chaplain
6 assigned to his command, to assist the chaplain in performing his
7 duties.

Revision Note

Based on 10-238 and 239, and uncodified Act of Feb. 2, 1901, ch. 192, section 12 (last sentence), 31 Stat. 750.

In subsection (a), the words "members of the Air Force" are substituted for the words "officers and soldiers".

In subsection (b), the words "regiments, hospitals, and posts" are omitted, since at the time of the enactment of section 1127 of the Revised Statutes, chaplains were authorized only for regiments, hospitals, and posts. The revised section preserves the broad coverage of the original statute. The requirement to furnish "necessary means of transportation", in the uncodified last sentence of section 12 of the Act of Feb. 2, 1901, ch. 192, 31 Stat. 750, is omitted as covered by the word "facilities".

§ 1741. Duties: officers on active list; detail to recruiting restricted

1 A commissioned officer on the active list of the Regular Air Force
2 may not be detailed for recruiting duty if a competent retired officer
3 can be obtained for that duty.

Revision Note

Based on 10-536.

The word "commissioned" is inserted, since historically the section relates only to commissioned officers. The words "Regular Air Force" are inserted for clarity, since only officers of the Regular Air Force are "on the active list".

§ 1743. Duties: warrant officers; regulations, limitations

1 (a) The Secretary of the Air Force may prescribe regulations for
2 the direction and control of warrant officers of the Air Force.

§ 1743

PERSONNEL

II

- 3 (b) Under regulations prescribed by the President, a warrant
4 officer may be assigned to perform duties which necessarily include
5 those normally performed by a commissioned officer.

Revision Note

Based on 10:593 (1st sentence) and 599.

In subsection (a), the words "Subject to the provisions of sections 591, 591a, 593, 593a, 594, 599 of this title" are omitted as surplusage, since those sections contain substantive provisions of law which the Secretary of the Air Force must recognize in any event. The words "warrant officers of the Air Force" are substituted for the words "the personnel in the grades of chief warrant officer and warrant officer (junior grade)". The words "including warrant officers of the Army Mine Planter Service" are omitted as inapplicable to the Air Force. The word "rules" is omitted as surplusage. The words "direction and control" are substituted for the words "govern and administer properly". The words "as he may deem necessary" are omitted as surplusage.

In subsection (b), the first sentence, less provisos, of 10:593, is omitted as surplusage. The last proviso is omitted as covered by Article 136 (a) (4) of the Uniform Code of Military Justice (50 U. S. C. 732).

§ 1745. Duties: female members; limitations

- 1 Female members of the Air Force may not be assigned to duty in
2 aircraft engaged in combat missions.

Revision Note

Based on 5:6271 (a) (proviso).

§ 1747. Duties: enlisted members; civilian employment restricted, use as servants prohibited

- 1 (a) No enlisted member of the Air Force on active duty may be
2 ordered or permitted to leave his post to engage in a civilian pursuit
3 or business, or a performance in civil life, for emolument, hire, or
4 otherwise, if the pursuit, business, or performance interferes with the
5 customary or regular employment of local civilians in their business
6 or profession.
7 (b) No Air Force band or member thereof may receive remunera-
8 tion for furnishing music outside the limits of an air base, in competi-
9 tion with local civilian musicians.
10 (c) No officer of the Air Force may use an enlisted member of the
11 Air Force as a servant.

Revision Note

Based on 10:608, 609, and 905.

In subsection (a), the words "whether a noncommissioned officer, musician, or private" are omitted as surplusage.

In subsection (c), the words "in any case whatever" are omitted as surplusage.

CHAPTER 65. RANK AND COMMAND

- Sec.
- 1801. Rank: commissioned officers of Air Force, Army, Navy, and Marine Corps.
 - 1803. Rank: commissioned officers of Air Force on active duty.
 - 1805. Rank: commissioned officers serving under appointments in Air Force without specification of component.
 - 1807. Rank: commissioned officers of Regular Air Force in grades of brigadier general and major general; seniority list.
 - 1809. Rank: commissioned officers of Regular Air Force in grades below brigadier general.
 - 1811. Rank: warrant officers.
 - 1813. Command: when different commands of Air Force, Army, and Marine Corps join.
 - 1815. Command: flying units.
 - 1817. Command: commissioned officers of Air Force in same grade on duty at same place.
 - 1819. Command: commissioned officers in certain designated categories.
 - 1821. Command: female members of Air Force.
 - 1823. Command: chaplains.
 - 1825. Command: retired officers.

§ 1801. Rank: commissioned officers of Air Force, Army, Navy, and Marine Corps

- 1 (a) The rank among commissioned officers of the Air Force and
- 2 those of the Army, the Navy, and the Marine Corps is as follows:

| Air Force | Army | Navy | Marine Corps |
|--------------------|--------------------|--------------------------------|--------------------|
| Lieutenant general | Lieutenant general | Vice admiral | Lieutenant general |
| Major general | Major general | Rear admiral of the upper half | Major general |
| Brigadier general | Brigadier general | Rear admiral of the lower half | Brigadier general |
| Colonel | Colonel | Captain | Colonel |
| Lieutenant colonel | Lieutenant colonel | Commander | Lieutenant colonel |
| Major | Major | Lieutenant commander | Major |
| Captain | Captain | Lieutenant | Captain |
| First lieutenant | First lieutenant | Lieutenant (junior grade) | First lieutenant |
| Second lieutenant | second lieutenant | Ensign | second lieutenant |

- 3 (b) The rank, within each grade, among major generals of the Air
- 4 Force, major generals of the Army, rear admirals of the upper half
- 5 of the Navy, and major generals of the Marine Corps, and among
- 6 brigadier generals of the Air Force, brigadier generals of the Army,
- 7 rear admirals of the lower half of the Navy, and brigadier generals
- 8 of the Marine Corps, is determined by their dates of rank.
- 9 (c) A commissioned officer of a reserve component of the Air
- 10 Force, or of the Air Force without specification of component, who
- 11 is senior in rank to a commissioned officer of the Regular Air Force,

12 is also senior in rank to a commissioned officer of the Army, the
 13 Navy, or the Marine Corps, who is junior in rank to that commissioned
 14 officer of the Regular Air Force.

Revision Note

Based on 10:517, and 34:241 and 651.

In subsection (a), the word "Regular", pertaining to major generals and brigadier generals, in 10:517, is omitted, since the last sentence of 10:517 establishes the rank of non-Regular officers of the Air Force, with respect to officers of the Regular Air Force. The effect of establishing their rank with respect to Regular officers, when read in connection with the provisions prescribing the rank of officers of the Regular Air Force with officers of the other services, under 10:517 (less last sentence) and 34:241, is therefore to establish the rank of non-Regular officers of the Air Force with respect to officers of the other listed services. This allows a consolidation of 10:517 (less last sentence, as applicable to rank) and 34:241, together with 34:651, into a table of rank among officers of the Army, the Navy, the Air Force, and the Marine Corps. The words "lineal rank only being considered", in 34:241, are covered by setting forth the grades in tabular form. The words "whether on the active or retired list", in 34:241, are omitted, since retired officers of the Navy continue to be officers of the Navy. Reference to the grade of commodore in the Navy, in R. S. 1466, is omitted from the 1946 Edition of the United States Code and the revised section as abolished by the Act of Mar. 3, 1899, 30 Stat. 1005.

In subsection (b) the words "in such grades", in 10:517, are omitted as surplusage.

§ 1803. Rank: commissioned officers of Air Force on active duty

- 1 (a) Commissioned officers of the Air Force serving on active duty,
 2 including officers of the Air National Guard called into Federal
 3 service, rank according to—
- 4 (1) date of rank as prescribed under section 1807 or 1809 of
 5 this title, for an officer of the Regular Air Force serving in his
 6 Regular Air Force grade;
- 7 (2) date of appointment in a grade held in the Air Force
 8 without specification of component, for an officer of the Regular
 9 Air Force serving in that grade; and
- 10 (3) date of entry on active duty, for a reserve officer or an
 11 officer of the Air National Guard called into Federal service;
 12 except that, if he previously served on active duty in the same
 13 or any higher grade, his date of rank precedes the date of his
 14 entry on active duty by the period of his active duty, and
 15 service under section —, —, or — (32:63-65) of title — (National
 16 Guard), performed in the grade in which he was placed on active
 17 duty or in any higher grade.
- 18 (b) When the dates of rank prescribed by subsection (a) are the
 19 same, rank is determined by length of all active commissioned
 20 service in the Air Force, and the Army, including commissioned

Ch. 65

RANK AND COMMAND

21 service under section —, —, and — (32:63-65) of title — (National
22 Guard). —

23 (c) When the dates of rank prescribed by subsection (a), and
24 length of active commissioned service computed under subsection
25 (b), are the same:

26 (1) Officers of the Regular Air Force rank before reserve
27 officers and officers of the Air National Guard.

28 (2) Officers of the Regular Air Force rank among themselves
29 according to section 1809 of this title.

30 (3) Reserve officers and officers of the Air National Guard
31 rank among themselves according to age.

Revision Note

Based on 10:511.

In subsection (a), the words "Unless special assignment is made by the President under the provisions of the One hundred and nineteenth Article of War", are omitted as surplusage, since they deal with command and not rank. The substance of the omitted words is covered by section 1817 of this title.

In subsection (a) (1), the references to sections 1807 and 1809 of this title, are inserted as a necessary implication of those sections.

In subsection (b), the reference, in 10:511, to 32:144-146, dealing with pay and allowances, not contained in the source statute, but contained in the 1946 Edition of the United States Code, is omitted as surplusage.

§ 1805. Rank: commissioned officers serving under appointments in Air Force without specification of component

1 The President may, in accordance with the needs of the Air Force,
2 adjust dates of rank of commissioned officers of the Air Force serving
3 in the Air Force without specification of component.

Revision Note

Based on 10:506d (c) (last sentence).

§ 1807. Rank: commissioned officers of Regular Air Force in grades of brigadier general and major general; seniority list

1 (a) The date of rank of an officer of the Regular Air Force whose
2 grade in the Regular Air Force is brigadier general or major general
3 is the date of his appointment in that grade in the Regular Air Force,
4 except that, if he is already serving in a general officer grade on that
5 date in the Air Force with or without specification of component, his
6 date of rank precedes the date of his appointment by the length of
7 his previous active duty in a general officer grade. However, the
8 date of rank of such an officer may not be earlier than that of the
9 junior general officer in the same grade in the Regular Air Force
10 who was appointed to that grade before him.

§ 1807

PERSONNEL

II

- 11 (b) The names of general officers of the Regular Air Force shall
- 12 be carried on a seniority list in the order of seniority in both Regular
- 13 Air Force grade and date of rank as determined under subsection (a).

Revision Note

Based on 10:506a (b) and (c).

The revised section consolidates and restates, for clarity, the provisions relating to date of rank of brigadier generals and major generals of the Regular Air Force.

In subsection (b), the words "seniority in both Regular Air Force grade and date of rank" are substituted for the words "most senior in permanent general officer grade", to make it clear that major generals are carried on the list ahead of brigadier generals.

§ 1809. Rank: commissioned officers of Regular Air Force in grades below brigadier general

- 1 (a) Among commissioned officers of the same grade in the Regular
- 2 Air Force who are on the same promotion list, rank in Regular Air
- 3 Force grade is determined by the order in which their names appear
- 4 on that list.
- 5 (b) Among commissioned officers of the same grade in the Regular
- 6 Air Force who are not on the same promotion list or not on a promo-
- 7 tion list, rank in Regular Air Force grade is determined —
- 8 (1) by date of rank;
- 9 (2) if dates of rank are the same, by length of continuous active
- 10 commissioned service in the Regular Air Force;
- 11 (3) if dates of rank and length of continuous active commis-
- 12 sioned service in the Regular Air Force are the same, by rank
- 13 established at the time of original appointment in the Regular
- 14 Air Force; and
- 15 (4) in other cases, by the Secretary of the Air Force.
- 16 (c) Rank among the graduates of each class at the United States
- 17 Military Academy who, upon graduation, are appointed in the Air
- 18 Force shall be fixed under regulations prescribed by the Secretary
- 19 of the Air Force.

Revision Note

Based on 10:166e (1st sentence), 506e (f) (less 1st sentence and last 23 words of last sentence), 559 (d) (2), 559 (d) (3) (less last sentence), and 1837 (d) (last sentence, less applicability to strength).

In subsection (b), the words "or not on a promotion list" are substituted for the first sentence of 10:166e, as modified by 10:1837 (d). Under section 1337 of this title, Air Force nurses and women medical specialists may be carried on separate promotion lists, but if a separate promotion list is not maintained for them, their names may not be placed on the Air Force promotion list.

In subsection (c), the word "rank" is substituted for the words "relative seniority".

Ch. 65

RANK AND COMMAND

§ 1817

§ 1811. Rank: warrant officers

- 1 Warrant officers rank next below second lieutenants and rank
- 2 among themselves under regulations prescribed by the Secretary of
- 3 the Air Force.

Revision Note

Based on 10:593 (less 1st sentence).

The second sentence of 10:593 is omitted as executed.

§ 1813. Command: when different commands of Air Force, Army, and Marine Corps join

- 1 When different commands of one or more of —
- 2 (1) the Air Force;
- 3 (2) the Army; and
- 4 (3) the Marine Corps;
- 5 join or serve together, the officer highest in rank in the Air Force, the
- 6 Army, or the Marine Corps on duty there, and who is otherwise
- 7 eligible to command, commands all those forces, unless otherwise
- 8 directed by the President.

Revision Note

Based on 10:597a.

The word "corps" is omitted as obsolete. The words "(1) the Air Force; (2) the Army; and (3) the Marine Corps;" are substituted for the words "military forces". The words "forces drafted or called into the service of the United States, or Volunteers" are omitted, since those persons would be members of one of the enumerated services. The words "and give orders for what is needful in the service" are omitted as surplusage. The words "and who is otherwise eligible to command" are inserted for clarity.

§ 1815. Command: flying units

- 1 Flying units shall be commanded by commissioned officers of the
- 2 Air Force who have received aeronautical ratings as pilots of service
- 3 types of aircraft.

Revision Note

Based on 10:294.

The words "or qualified permanent general officers of the line who have received aeronautical ratings as pilots of service types of aircraft" are omitted as covered by the words "commissioned officers of the Air Force".

§ 1817. Command: commissioned officers of Air Force in same grade on duty at same place

- 1 When two or more commissioned officers of the same grade who
- 2 are otherwise eligible to command are on duty in the same area, field,
- 3 command, or organization, the President may assign the command
- 4 without regard to rank in that grade.

§ 1817

PERSONNEL

II

Revision Note

Based on 10:507.

The word "area" is substituted for the word "department" to conform to section 727 of this title. The words "seniority of" are omitted as surplusage. The words "who are otherwise eligible to command" are inserted for clarity.

§ 1819. Command: commissioned officers in certain designated categories

- 1 (a) An officer designated as a medical, dental, veterinary, or medi-
- 2 cal service officer is not entitled to exercise command because of his
- 3 rank, except within the categories prescribed in subsections (a), (b),
- 4 (c), (d), (g), and (h) of section 713 of this title.
- 5 (b) An Air Force nurse or woman medical specialist may exercise
- 6 command only within her category, or over persons placed under her
- 7 charge.

Revision Note

Based on 10:82 and 1066 (less 1st sentence).

In subsection (a), the words "Except as provided in section 94 of this title", not contained in R. S. 1169, but contained in the 1946 Edition of the United States Code, are omitted as surplusage, since 10:94 deals exclusively with assignments. The words "except within the categories prescribed in subsections (a), (b), (c), (d), (g), and (h) of section 713 of this title" are substituted for the words "in the line or in other staff corps". Air Force nurses and women medical specialists are not covered by subsection (a), since their command authority is specifically stated in subsection (b).

In subsection (b), the last 22 words of the last sentence of 10:1066 are omitted as surplusage.

§ 1821. Command: female members of Air Force

- 1 The Secretary of the Air Force shall prescribe the military author-
- 2 ity which female members of the Air Force, other than Air Force
- 3 nurses and women medical specialists, may exercise.

Revision Note

Based on 5:627f (a) (less proviso).

The words "other than Air Force nurses and women medical specialists" are inserted, since persons designated in those categories are covered by section 1819 (b) of this title. The 12 words before the proviso are omitted as superseded by section 303 (e) of this title.

§ 1823. Command: chaplains

- 1 An officer designated as a chaplain has rank without command.

Revision Note

Based on 10:235.

The words "and shall be on the same footing with other officers of the Army, as to tenure of office, retirement, and pensions" are omitted as obsolete, since

Ch. 65

RANK AND COMMAND

§ 1825

there is no distinction between the status of a chaplain as an officer and the status of other officers of the Air Force.

§ 1825. **Command: retired officers**

- 1 A retired officer has no right to command except when on active
- 2 duty.

Revision Note

Based on 10:1024.

The words "and from the line of promotion" are omitted, since they refer to the operation of laws relating to promotion in the Regular Air Force which apply, under section 1337 of this title (10:559 (a)), only to officers on the active list. The words "except when on active duty" are inserted for clarity.

CHAPTER 67. THE UNIFORM

Sec.

- 1901. President may prescribe.
- 1903. Unauthorized wearing prohibited.
- 1905. When wearing by persons not on active duty authorized.
- 1907. When distinctive insignia required.
- 1909. When wearing Air Force aviation badges by aliens authorized.
- 1911. Jurisdictions to which provisions apply.

§ 1901. President may prescribe

- 1 The President may prescribe the uniform of the Air Force.

Revision Note

Based on 10:1391.

§ 1903. Unauthorized wearing prohibited

- 1 Except as otherwise provided in this chapter no person except a
- 2 member of the Air Force may wear—
- 3 (1) the uniform, or a distinctive part of the uniform, of the
- 4 Air Force; or
- 5 (2) a uniform any part of which is similar to a distinctive part
- 6 of the uniform of the Air Force.

Revision Note

Based on 10:1393 (1st paragraph, less 1st, 2d, and last provisos).

The words "Except as otherwise provided in this chapter" are inserted to give effect to the exceptions in other revised sections of this chapter.

§ 1905. When wearing by persons not on active duty authorized

- 1 (a) A member of the Air National Guard may wear the uniform
- 2 prescribed for the Air National Guard.
- 3 (b) A retired officer of the Air Force may wear the uniform of his
- 4 retired grade.
- 5 (c) A person who is discharged honorably or under honorable
- 6 conditions from the Air Force may wear the uniform while going
- 7 from the place of discharge to his home, within three months after
- 8 his discharge.
- 9 (d) A person not on active duty who served honorably in the armed
- 10 forces in time of war, and whose most recent period of service
- 11 terminated honorably or under honorable conditions, may bear the
- 12 title, and, upon occasions of ceremony, wear the uniform, of the
- 13 highest grade held by him in the armed forces during that war.

- 14 (c) While portraying a member of the Air Force, an actor in a
15 theatrical or motion-picture production may wear the uniform if the
16 portrayal does not tend to discredit the armed forces.

Revision Note

Based on 10:1023 (1st sentence), 1025b, and 1393 (words of 1st proviso of 1st paragraph before 1st semicolon, between 2d and 4th semicolons, and between 8th and 9th semicolons).

In subsection (a), the rule stated in the words before the first semicolon of the first proviso of the first paragraph of 10:1393 is restated to make positive the authority of members of the Air National Guard to wear their prescribed uniform.

In subsection (d), the words between the second and third semicolons of the first proviso of the first paragraph of 10:1393 are omitted as superseded by 10:1025b, which authorizes the wearing of the uniform by members of the Air Force who are discharged honorably or under honorable conditions.

In subsection (e), the words "while portraying a member of the Air Force as actor in a theatrical or motion-picture production" are substituted for the words "any person from wearing the uniforms of the United States Army, Navy, or Marine Corps, in any playhouse or theater or in moving-picture films while actually engaged in representing therein a military or naval character".

§ 1907. When distinctive insignia required

- 1 (a) A person in any of the following categories may wear the uni-
2 form authorized for that category, if it includes distinctive insignia
3 prescribed by the Secretary of the Air Force to distinguish it from
4 the uniform of the Air Force:
- 5 (1) The uniform prescribed by the Secretary to be worn by
6 an officer or resident of a veterans' home administered by the
7 Veterans' Administration.
- 8 (2) The uniform prescribed by the university, college, or
9 school for an instructor or member of the organized cadet corps
10 of—
- 11 (A) a State university or college, or a public high school,

- 13 (B) an educational institution having a regular course in
14 military instruction, and having a member of the Air Force
15 as instructor in air science and tactics.
- 16 (3) The uniform prescribed by the Air Force to be worn by a
17 civilian while attending a course of military instruction con-
18 ducted by the Air Force.
- 19 (4) The uniform prescribed by a military society composed of
20 persons discharged honorably or under honorable conditions
21 from the armed forces of the United States to be worn by a
22 member of that society upon occasions of ceremony.

Based on 10:1393 (words of 1st proviso of 1st paragraph between 1st and 2d semicolons, and between 4th and 8th semicolons, 2d proviso of 1st paragraph, last proviso of 1st paragraph, and last proviso of last paragraph).

In subsection (a), the word "mark" is omitted as surplusage.

In subsection (a) (1), the word "resident" is substituted for the word "member".

In subsection (a) (4), the words "persons discharged honorably or under honorable conditions from the armed forces of the United States" are substituted for the words "entirety of honorably discharged officers or enlisted men, or both, of the United States Army, Navy, or Marine Corps, Regular or Volunteer".

§ 1909. When wearing Air Force aviation badges by aliens authorized

- 1 Under regulations prescribed by the Secretary of the Air Force, a
- 2 citizen of a foreign country who graduates from an Air Force school
- 3 may wear the appropriate aviation badges of the Air Force.

Based on 10:1393 (words of 1st proviso of 1st paragraph after 9th semicolon).

§ 1911. Jurisdictions to which provisions apply

- 2007. Enlisted members: pay and allowances not to accrue during suspended sentence of dishonorable discharge.
- 2009. Enlisted members: forfeiture of right to pension by deserters.

- 4 the United States, in the purchase or sale of any such supplies
- 5 procured, supplied, or sold, by the Air Force, or in its custody; or
- 6 (2) take or apply to his own use any gain not allowed by law
- 7 for transacting business connected with the duties of his office.

Revision Note

Based on 10:1315.

The words "officer of the Air Force who is engaged in the procurement or sale of quartermaster supplies" are substituted for the words "officer belonging to the Quartermaster Corps, or doing the duty of a quartermaster or assistant quartermaster", since the Air Force does not have organic corps created by statute. The words "such supplies" are substituted for the words "any article entering into the composition of the ration allowed to troops in the service of the United States, or of any article designated by the officers of the Inspector General's Department of the Army, and furnished for sale to officers and enlisted men at cost prices, or of tobacco furnished for sale to enlisted men, or of any other article intended for or appertaining to said department or service", since the enumerated articles cover all quartermaster supplies.

§ 2003. Members of Air Force: forfeiture of pay and allowances during absence from duty due to disease from intemperate use of alcohol or drugs

- 1 A member of the Air Force on active duty who is absent from duty
- 2 for a continuous period of more than one day because of disease that

PERSONNEL

II

3 is directly caused by and immediately follows his intemperate use of
 4 alcoholic liquor or habit-forming drugs is not entitled to pay for the
 5 period of that absence. However, each member whose pay is so
 6 forfeited for more than one month is entitled to \$5.00 for each full
 7 month that his pay is forfeited. Any determination of periods and
 8 causes of absence under this section shall be made under regula-
 9 tions prescribed by the Secretary of the Air Force, and is final and
 10 conclusive.

Revision Note

Based on 10:847a, 847c, and 847d.

The words "A member of the Air Force on active duty" are substituted for the words "person in active service in the military service", in 10:847a. The words "regular", "at any one time", "as distinguished from injurs", and "as distinguished from allowances", in 10:847a; "within the scope of", "procedure", and "for all purposes", in 10:847c; and "for necessary personal expenses", in 10:847d, are omitted as surplusage.

§ 2005. Commissioned officers: forfeiture of pay and allowances when dropped from rolls

1 A commissioned officer of the Air Force who is dropped from the
 2 rolls under section 2501 of this title for absence without leave for three
 3 months forfeits all pay due or to become due.

Revision Note

Based on 10:849.

The words "under section 2501 of this title" are inserted for clarity. The word "commissioned" is inserted, since 50:739 historically is not applicable to warrant officers. The words "by the President" are omitted as surplusage.

§ 2007. Enlisted members: pay and allowances not to accrue during suspended sentence of dishonorable discharge

1 Pay and allowances do not accrue to an enlisted member of the
 2 Air Force who is in confinement under sentence of dishonorable
 3 discharge, while the execution of the discharge is suspended.

Revision Note

Based on 10:876.

The words "enlisted member of the Air Force" are substituted for the word "soldier". The words "under authority of the Articles of War" are omitted as surplusage. The last 46 words of 10:876 are omitted as executed. The words "who is in confinement" are inserted to conform to the decision of the Comptroller General, 15 Comp. Gen. 646, January 21, 1936.

§ 2009. Enlisted members: forfeiture of right to pension by deserters

1 No enlisted member of the Air Force who deserts is entitled to a
 2 pension.

Ch. 69 MISCELLANEOUS PROHIBITIONS AND PENALTIES § 2013

Revision Note

Based on 10:1432.

The words "enlisted member of the Air Force" are substituted for the word "soldier", since 10:1432 applies only to enlisted members. The words "besides incurring the penalties which on Apr. 26, 1898, attached to the crime of desertion" are omitted as surplusage, since the specific punishment for desertion is set forth in Article 85 of the Uniform Code of Military Justice (50 U. S. C. 679).

§ 2011. Enlisted members: required to make up time lost

- 1 An enlisted member of the Air Force who—
 2 (1) deserts;
 3 (2) is absent from his organization, station, or duty for more
 4 than one day without proper authority;
 5 (3) is confined for more than one day while awaiting trial and
 6 disposition of his case, and his conviction is finally approved and
 7 if necessary confirmed;
 8 (4) is confined for more than one day under a sentence which
 9 has been finally approved and if necessary confirmed; or
 10 (5) is unable for more than one day to perform his duties be-
 11 cause of intemperate use of drugs or alcoholic liquor, or because
 12 of disease or injury resulting from his misconduct;
 13 is liable, after his return to full duty, to serve for a period which,
 14 when added to the period that he served before his absence amounts
 15 to the term of his enlistment.

Revision Note

Based on 10:629.

The words "enlisted member of the Air Force" are substituted for the word "soldier". The words "in an existing or subsequent enlistment", "the service of the United States", and "renders himself", are omitted as surplusage. The reference to furloughs to the "Army reserve" is omitted, since the authority for such furloughs no longer exists. The words "finally approved and if necessary confirmed" are inserted in clauses (3) and (4) to conform to administrative practice.

§ 2013. Enlisted members: donation and travel allowance on discharge for fraudulent enlistment

- 1 Under regulations prescribed by the Secretary of the Air Force, a
 2 member of the Air Force who is discharged because of fraudulent en-
 3 listment or induction, and who would otherwise be without funds for
 4 his immediate needs, is entitled to not more than \$10 and transporta-
 5 tion in kind from the place of discharge to his home or any other
 6 place selected by him. However, the cost of transportation may not
 7 be more than the cost of transportation to the place where he last
 8 enlisted.

§ 2013

PERSONNEL

11

Revision Note

Based on 10-919.

The words "member of the Air Force" are substituted for the word "person". The word "because" is substituted for the words "on account of". The words "hereafter", "be allowed", "in these cases", "in each case", and "in the case", are omitted as surplusage. The provisions of 10-919 relating to the Civilian Conservation Corps are omitted as obsolete.

§ 2017. United States Disciplinary Barracks: training of prisoners

- 1 The Secretary of the Air Force—
- 2 (1) shall provide for the military training of offenders who are
- 3 confined in the United States Disciplinary Barracks under
- 4 sentence of Air Force courts-martial and whose conduct indicates that, upon completing a course of military training, they
- 5 may be worthy of honorable restoration to duty or of being
- 6 permitted to reenlist;
- 7
- 8 (2) may provide for the organization of offenders selected for
- 9 military training under clause (1) into disciplinary units; and
- 10 (3) may provide for equipping disciplinary units.

Revision Note

Based on 10-1456.

The words "except color sergeants" are omitted as obsolete. The reference to 10-1454 and the words "organized as infantry" are omitted as inapplicable to the Air Force. The words "under sentence of Air Force courts-martial" are inserted, since persons under the jurisdiction of either the Army or the Air Force may be confined in the Disciplinary Barracks.

§ 2019. United States Disciplinary Barracks: parole; remission of sentence; restoration to duty

- 1 (a) The Secretary of the Air Force may provide a system of parole
- 2 for offenders who are confined in the United States Disciplinary
- 3 Barracks under sentence of Air Force courts-martial.
- 4 (b) Whenever he considers it advisable, the Secretary may remit
- 5 the unexecuted part of the sentence of such an offender, and may
- 6 order his honorable restoration to active duty if he has not been discharged. If he has been discharged the Secretary may authorize
- 7 his reenlistment or, upon written application, order his return to
- 8 active duty. Such an order revives the enlistment contract for a
- 9 period equal to that not previously served under it. So far as it
- 10 relates to honorable restoration to active duty, this subsection applies
- 11 to general prisoners confined elsewhere under sentence of Air Force
- 12 courts-martial.
- 13

Ch. 69 MISCELLANEOUS PROHIBITIONS AND PENALTIES § 2019

Revision Note

Based on 10:1457, 1457a, and 1457b.

In subsection (a), the words "the terms and conditions of such parole to be such as the Secretary of the Army may prescribe" are omitted as surplusage.

In subsections (a) and (b), the words "under sentence of Air Force court-martial" are inserted for clarity, since persons under the jurisdiction of either the Army or the Air Force may be confined in the Disciplinary Barracks.

CHAPTER 71. MISCELLANEOUS RIGHTS AND BENEFITS

See.

- 2133. Pilot rating: Regular Air Force; college education not required.
- 2135. Administration of oaths.

§ 2101. Air Force Register: Regular Air Force officers; service to be listed

- 1 (a) The official Air Force Register shall include, with respect to
- 2 each officer of the Regular Air Force—
- 3 (1) his lineal rank;
- 4 (2) all service as an officer of the Regular Air Force, and of the
- 5 Regular Army;
- 6 (3) all enlisted service; and
- 7 (4) all non-regular service.
- 8 (b) The names of retired officers of the Regular Air Force shall be
- 9 carried on the Air Force Register.

Revision Note

Based on 10:500 and 1023 (less 1st sentence).

In subsection (a), the words "of all officers of the line" are omitted as inapplicable to the Air Force. The words "shall be given separately for the different arms of the service" are omitted, since the Air Force does not have organic arms created by statute. The words "non-regular service" are substituted for the words "or shall have served in the Volunteer Army, either as an enlisted man or officer".

Ch. 71 MISCELLANEOUS RIGHTS AND BENEFITS § 2105

The words "Volunteer Army" were intended to cover all service other than regular service. While there is no longer a Volunteer Army, there are still many types of service other than regular service, and the words "Volunteer Army" have consistently been administratively interpreted to include all non-regular service. Clause (2) is inserted for clarity, as a necessary implication of 10:500.

In subsection (b), the words "and shall be subject to the rules and articles of war, and to trial by general court-martial for any breach thereof" are omitted as superseded by Article 2 (4) of the Uniform Code of Military Justice (50 U. S. C. 552).

§ 2103. Service credit: officers; service as cadet not counted

- 1 In computing length of service for any purpose, no officer of the Air
- 2 Force may be credited with service as a cadet at the United States
- 3 Military Academy or as a midshipman at the United States Naval
- 4 Academy, if he was appointed as a cadet or midshipman after August
- 5 24, 1912.

Revision Note

Based on 37:4c.

The Acts of June 7, 1924, ch. 291, Title I (proviso of 7th paragraph under "Finance Department"), 43 Stat. 481; Feb. 12, 1925, ch. 225, Title I (proviso of 6th paragraph under "Finance Department"), 43 Stat. 896; Apr. 15, 1926, ch. 146, Title I (proviso of 5th paragraph under "Finance Department"), 44 Stat. 257, contain the same language, substantively, as the Act of Aug. 24, 1912, but are appropriation act provisions and contain no language of futurity. The Act of Aug. 24, 1912, however, was intended to be permanent as evidenced by the use of the word "Hereafter". The word "service" is substituted for the words "time spent".

§ 2105. Service credit: certain service as a nurse, woman medical specialist, or civilian employee of the Army Medical Department to be counted

- 1 In computing years of active duty, there shall be credited for all
- 2 purposes, except the determination of grade, rank, and right to pro-
- 3 motion in the Regular Air Force, the following service, in addition to
- 4 any other service which may be credited—
- 5 (1) all active duty performed in the Army Nurse Corps as it
- 6 existed at any time before April 16, 1947;
- 7 (2) all active duty performed in the Navy Nurse Corps as it
- 8 existed at any time before April 16, 1947;
- 9 (3) all active duty performed under an appointment under
- 10 the Act of December 22, 1942, ch. 805 (56 Stat. 1072), or the
- 11 Act of June 22, 1944, ch. 272 (58 Stat. 324); and
- 12 (4) all active full-time service, except as a student or appren-
- 13 tice, with the Medical Department of the Army as a civilian
- 14 employee—
- 15 (A) in the dietetic or physical therapy categories, if the
- 16 service was performed after April 6, 1917; or

§ 2105

PERSONNEL

II

17 (B) in the occupational therapy category, if the service
 18 was performed before appointment as a commissioned officer
 19 in the Regular Army in the Army Nurse Corps or the Wo-
 20 men's Medical Specialist Corps, or before appointment as a
 21 commissioned officer in the Regular Air Force with a view
 22 to designation as an Air Force nurse or woman medical
 23 specialist.

Revision Note

Based on 10:166i.

The words "active duty" are substituted for the words "active Federal military service" and "active military service" for uniformity. In clauses (1) and (2), the words "as it existed at any time before April 16, 1947" are inserted for clarity, since the legislative history of 10:166i shows that the reference is intended to apply to the corps established by law before April 16, 1947. Service as an Air Force nurse would now be included as "other service that may be credited". In clause (4), the word "Army" is substituted for the words "War Department", since the Medical Department was in the Army and not in the War Department.

§ 2107. Service credit: Regular Air Force warrant officers; commissioned service to be counted as warrant service

1 A warrant officer of the Regular Air Force is entitled to count
 2 active commissioned service in the Air Force, and in the Army, as
 3 warrant service for all purposes.

Revision Note

Based on 10:598 (last proviso).

§ 2109. Service credit: Regular Air Force enlisted members; commissioned service to be counted as enlisted service

1 An enlisted member of the Regular Air Force is entitled to count
 2 active commissioned service in the Air Force, and in the Army, as
 3 enlisted service for all purposes.

Revision Note

Based on 10:631a (last proviso).

§ 2111. Applicability of laws to female members

1 Except as otherwise specifically provided and except as neces-
 2 sary to adapt such a law to those persons, laws applicable to male
 3 members or male former members of the Regular Air Force, to male
 4 members or male former members of the Air Force Reserve, or to
 5 their dependents or beneficiaries, apply in like cases to female
 6 members or female former members of the Regular Air Force, to
 7 female members or female former members of the Air Force Reserve,
 8 and to their dependents and beneficiaries, respectively.

Revision Note

Based on 5-627c and 627i (b); and 10-166b and 375.

The provisions of 5-627c and 627i (b) are omitted as superseded by section 102 (g) and (j) of the Career Compensation Act of 1949 (37-231 (g) and (j)). The words "now or hereafter" are omitted as surplusage. The word "members" is substituted for the description of classes of persons covered by the source statutes, since those descriptions cover all members and former members of the Regular Air Force and Air Force Reserve.

§ 2113. Dual capacity: reserve officers not on active duty exempt from restrictions

1 When he is not on active duty, a commissioned officer of a reserve
2 component of the Air Force is not considered to be an officer or
3 employee of the United States, or a person holding an office of trust
4 or profit or discharging any official function under or in connection
5 with the Government of the United States, by reason of his appoint-
6 ment, oath, or status, or any duties or functions performed or pay
7 or allowances received in that capacity.

Revision Note

Based on 10-372 and 32-29.

Since 10-372 and 32-29 cover all reserve components of the Air Force, the words "a reserve component of the Air Force" are substituted for the words "Officers' Reserve Corps", in 10-372, and "National Guard of the United States", in 32-29. The word "solely" is omitted as surplusage. The word "considered" is substituted for the words "held or deemed".

§ 2115. Compensation: members of Air Force, other than members of Regular Air Force; when same as that provided for members of Regular Air Force

1 Any member of the Air Force, other than a member of the Regular
2 Air Force, is entitled to the pay and allowances, pensions, retired
3 pay, and other compensation, provided by law or regulation for a
4 member of the Regular Air Force of corresponding grade and length
5 of service, whenever—
6 (1) he is called or ordered to active duty for a period of
7 more than 30 days, and is disabled in line of duty from disease
8 during that period of duty;
9 (2) he is in training under section 3502 of this title for a
10 period of more than 30 days, and is disabled in line of duty
11 from disease during that period of training; or
12 (3) he is called or ordered to active duty, or to perform training,
13 for any period of time, and is disabled in line of duty from
14 injury during that period of duty or training.

§ 2115

PERSONNEL

11

Revision Note

Based on 10:456 (less applicability to hospitalization and death gratuities), and 32:100a (no applicability to Air National Guard, less applicability to hospitalization and death gratuities).

The words "active duty for training", "inactive-duty training", and "shall be deemed to have been in the active military service during such period and", in 10:456, are omitted as surplusage. The references, in 32:100a, to 10:22-23, 24-26, and 30-36, are omitted as inapplicable to the Air Force. The reference to 10:25a is omitted as executed. So far as the references in 32:100a apply to the pay and allowances, pensions, retirement pay, and other compensation for members of the Air National Guard of the United States on active duty, they are omitted as covered by 10:456. With the exception of 32:62 (4th proviso of last sentence), the references in 32:100a do not refer to the training of members of the Air National Guard of the United States, and are therefore omitted from the revised section. The words "active duty for a period of more than" are substituted for the words "active military service by the Federal Government for extended military service in excess of", in 10:456. In clauses (1), (2), and (3), the words "during that period of duty", "during that period of training", and "during that period of duty or training", are substituted for the words "while so employed" and "while so engaged".

§ 2117. Death gratuity

- 1 (a) The Secretary of the Air Force shall have a death gratuity
2 paid to the widow, child, or other dependent relative named in
3 subsection (b), of—
- 4 (1) each member of the Regular Air Force on active duty
5 who dies from a disability incurred not as a result of his own
6 misconduct; and
- 7 (2) each member of the Air Force other than a member of
8 the Regular Air Force, who dies from a disability incurred in
9 line of duty—
- 10 (A) while on active duty for a period of more than 30
11 days, if the death is caused by disease;
- 12 (B) while in training under section 3502 of this title, for
13 a period of more than 30 days, if the death is caused by
14 disease; or
- 15 (C) while on active duty, or while in training, for any
16 period of time, if the death is caused by injury.
- 17 The death gratuity shall be equal to six months' basic pay at the rate
18 to which the member was entitled on the date of his death.
- 19 (b) The amount payable under subsection (a) shall be paid,
20 immediately upon receipt of official notification of the death of the
21 member, to the living person highest on the following list:
- 22 (1) The widow of the deceased member.
- 23 (2) His child or children, except a married child or an
24 unmarried child over 21 years of age who was not a dependent of
25 the deceased member.

- 26 (3) Any other dependent relative designated by the deceased
- 27 member.
- 28 (4) Any dependent grandchild, parent, brother, sister, or
- 29 grandparent of the deceased member whom the Secretary of
- 30 the Air Force determines to have been dependent upon the
- 31 deceased member.
- 32 (c) The determination of the Secretary as to dependency under
- 33 subsection (b) (4) is conclusive upon the General Accounting Office.
- 34 (d) If a beneficiary dies before he receives the death gratuity, it
- 35 shall be paid to the living beneficiary next in the order set forth in
- 36 subsection (b).
- 37 (e) The Secretary shall prescribe regulations requiring each
- 38 member of the Air Force having no wife or eligible child to designate
- 39 the dependent relative to whom the death gratuity shall be paid upon
- 40 his death.
- 41 (f) Payments under subsection (a) (1) shall be made from funds
- 42 appropriated for the pay of the Air Force.

Revision Note

Based on 10:456 (as applicable to death gratuities), 903, and 903a, and 32:160a (as applicable to death gratuities for Air National Guard of United States).

In subsection (a), 10:456 (as applicable to death gratuities) and 32:160a (as applicable to death gratuities for Air National Guard of United States) provide the same death gratuities for members of the Air Force, other than members of the Regular Air Force, as are "now or may hereafter" be provided for members of the Regular Air Force under certain conditions of service and disability. Subsection (a) (2) provides such persons with the death gratuity now provided by law for members of the Regular Air Force. By combining these provisions in one section, the revised section insures that any change hereafter made will apply equally to all classes of persons covered by it. The words "active duty for training", "inactive-duty training", and "shall be deemed to have been in the active military service during such period and", in 10:456, are omitted as surplusage. The references, in 32:160a, to 10:22-23, 24-26, and 30-36 are omitted as inapplicable to the Air Force. The reference to 10:23a is omitted as executed. So far as the references in 32:160a apply to death gratuities for members of the Air National Guard of the United States on active duty, they are omitted as covered by 10:456. With the exception of 32:62 (4th proviso of last sentence), the references in 32:160a do not refer to the training of members of the Air National Guard of the United States, and are therefore omitted from the revised section. The words "active duty for a period of more than" are substituted for the words "active military service by the Federal Government for extended military service in excess of", in 10:456. In clauses (2) (A), (B), and (C), the words "while on active duty", "while in training", "while on active duty, or while in training", are substituted for the words "while so employed" and "while so engaged". 10:903 (1st proviso of last sentence) is omitted as surplusage. 10:903 (last proviso of last sentence) is omitted as executed. 10:903a is omitted as covered by 10:903, since commissioned officers of the Regular Air Force designated as Air Force nurses are members of the Regular Air Force.

§ 2119. Funeral expenses

- 1 (a) Under regulations prescribed by the Secretary of the Air Force,
2 the United States shall pay the funeral expenses of—
- 3 (1) each member of the Regular Air Force who dies while on
4 active duty;
- 5 (2) each accepted applicant for enlistment in the Regular Air
6 Force who dies before becoming a member;
- 7 (3) each person who is discharged from an enlistment in the
8 Regular Air Force while a patient in a hospital and who continues
9 as such until his death;
- 10 (4) each civilian officer or employee of the Department of the
11 Air Force who, by competent authority, has been ordered from
12 his home in the United States to Hawaii, Alaska, Puerto Rico,
13 the Canal Zone, or a foreign country, and who dies while traveling
14 to or from, or while on duty at, that place;
- 15 (5) each civilian officer or employee of the Department of the
16 Air Force who dies on a military transport or while with troops
17 in the field, or who, while on a military transport or with troops
18 in the field, incurs an injury or contracts a disease resulting
19 directly in death away from his home;
- 20 (6) each member of a reserve component of the Air Force
21 who dies from a disability incurred in line of duty while on active
22 duty in time of peace; and
- 23 (7) each member of the Air Reserve Officers' Training Corps,
24 or person attending a Citizens' Air Training Camp, who dies
25 from a disability incurred in line of duty while traveling to or
26 from, or while attending a camp under section 3709 or 3801 of
27 this title.
- 28 (b) For a person covered by clause (1), (2), (3), (4), or (5) of
29 subsection (a), funeral expenses include—
- 30 (1) recovery of the body and its preparation for burial;
- 31 (2) interment, or cremation if requested by his relatives; and
- 32 (3) transportation of the remains to his home or to a national
33 cemetery designated by proper authority.
- 34 (c) For a person covered by clause (6) or (7) of subsection (a),
35 funeral expenses include—
- 36 (1) recovery of the body, and its preparation for burial, in-
37 cluding the use of the uniform and clothing issued to him;
- 38 (2) interment, or cremation if requested by his relatives; and
- 39 (3) transportation of the remains, and round-trip transporta-
40 tion and subsistence of an escort, to the home of the deceased
41 or to the place where he received his orders for active duty or
42 training, or to any other place designated by his relatives if the
43 distance thereto is no greater than the distance to his home.

CH. 71 MISCELLANEOUS RIGHTS AND BENEFITS § 2121

44 (d) If any person pays all or part of the expenses payable by the
 45 United States under subsection (b) or (c), he is entitled to an amount
 46 not exceeding that payable by the United States under subsection
 47 (b) or (c).

48 (e) As used in subsection (a) (6), "in time of peace" includes, but
 49 is not limited to, the period after September 2, 1945, and before the
 50 date of the termination of World War II.

Revision Note

Based on 10:455d, 455f (less applicability to 10:455a), 916, 916a, 916b, and 916d.

In subsection (a), the words "the Philippine Islands", in 10:916b, are omitted, since the Philippine Islands is now a foreign country.

In subsection (a) (4), the words "traveling to or from" are substituted for the words "performing authorized travel thereto or therefrom", in 10:916b.

In subsection (a) (5), the word "military" is substituted for the word "Army", before the word "transport", in 10:916b, since the functions formerly performed by the Army transport service are now performed by military transport services.

In subsection (a) (6) and (7), 10:455d (1st 42 words) describes the persons benefited by cross reference to 10:455a and 455e. Subsections (a) (6) and (7) are substituted for 10:455d (1st 42 words) to execute that cross reference.

In subsection (e), the words "termination of World War II" are substituted for the words "which is prior to the first day on which the United States is, by action of the Congress, or the President, or both, no longer engaged in any war in which the United States is engaged on June 18, 1918". The President on September 11, 1945, approved a recommendation of the War and Navy Departments designating "World War II" as the official name "for the present war covering all theaters and the entire period of hostilities" (see Code of Federal Regulations, 1945 Supplement, Titles 1-9, page 473). The words "(the date of formal surrender by Japan)" are omitted as surplusage.

§ 2121. Burial of prisoners: removal and reinterment of remains

- 1 The Secretary of the Air Force may pay the expenses of—
 2 (1) preparation for burial and interment of military prisoners
 3 who die at military posts or bases, prisoners of war, and interned
 4 alien enemies who die in prison camps in the United States;
 5 (2) removal of remains from abandoned posts or bases to
 6 permanent military posts, bases, or national cemeteries;
 7 (3) removal of remains of members of the Air Force, Army,
 8 Navy, or Marine Corps, interred in fields, abandoned graves, or
 9 abandoned private or municipal cemeteries; and
 10 (4) segregation of bodies in permanent American cemeteries in
 11 Great Britain and France.

Revision Note

Based on 10:916c.

The word "bases" is inserted to make it clear that these functions may be performed reciprocally by the military departments. In clause (3), the words

§ 2121

PERSONNEL

II

"members of the Air Force, Army, Navy, or Marine Corps" are substituted for the words "Federal soldiers, sailors, or marines" to make it clear that the revised section is not limited in application to the removal of remains of enlisted members only.

§ 2123. Assignments and allotments of pay

1 (a) Under regulations prescribed by the Secretary of the Air Force,
2 a commissioned officer of the Air Force may transfer or assign his pay
3 account, when due and payable.

4 (b) A contract surgeon or contract dental surgeon, on duty in
5 Alaska, Hawaii, the Philippine Islands, or Puerto Rico, may transfer
6 or assign his pay account, when due and payable, under the regula-
7 tions prescribed under subsection (a).

8 (c) No assignment of pay by an enlisted member of the Air Force
9 is valid.

10 (d) Under regulations prescribed by him, the Secretary may allow
11 any --

- 12 (1) member of the Air Force;
- 13 (2) contract surgeon; or
- 14 (3) permanent civilian employee of the Department of the
15 Air Force on duty in Alaska or outside the continental limits
16 of the United States;

17 to make allotments from his pay for the support of any of his relatives,
18 or for any other purpose which the Secretary considers proper. If
19 an allotment made under this subsection is paid to the allottee before
20 the disbursing officer receives a notice of discontinuance from the per-
21 son required by regulation to furnish the notice, the amount of the
22 allotment is credited to the disbursing officer. If an allotment is
23 erroneously paid because the person required by regulation to so
24 report failed to report the death of the allotter or any other fact that
25 makes the allotment not payable, the amount of the payment not
26 recovered from the allottee shall, if practicable, be collected by the
27 Secretary from the person who failed to make the report.

Revision Note

Based on 10-891, 892, 893, and 894.

In subsection (c), the words "enlisted member of the Air Force" are substituted for the words "noncommissioned officer or private". The words "previous to his discharge" are omitted as surplusage, since after his discharge he is not a member.

In subsection (d), the words "member of the Air Force" are substituted for the words "officers, members of the Army Nurse Corps . . . and enlisted men of the Army". The words "active or retired" are omitted as surplusage, since retired members continue to be members of the Air Force. The words "which in his discretion warrant such action" are omitted as surplusage. The last sentence of 10-894 is omitted as executed. The words "the Secretary" are sub-

Ch. 71 MISCELLANEOUS RIGHTS AND BENEFITS § 2125

stituted for the words "the Chief of Finance" since the functions which, for the Army, are assigned by statute to subordinate officers of the Army, are, for the Air Force, assigned to the Secretary of the Air Force.

§ 2125. Enlisted members' deposits

- 1 (a) Under regulations prescribed by the Secretary of the Air Force,
2 an enlisted member of the Air Force may make deposits of \$5.00 or
3 more with any finance officer of the Air Force. The finance officer
4 shall give the member a deposit book containing the name of the
5 member and of the finance officer. The amount, date, and place of
6 each deposit shall be entered in that book.
- 7 (b) An amount deposited under subsection (a)—
8 (1) shall be held during such period of the member's service
9 as the Secretary prescribes;
10 (2) shall be accounted for in the same manner as public funds;
11 (3) shall be deposited in the Treasury and kept as a separate
12 fund called the "Pay of the Air Force Deposit Fund";
13 (4) is forfeited by desertion;
14 (5) is exempt from liability for the member's debts; and
15 (6) is not subject to forfeiture by sentence of a court-martial.
- 16 (c) Until one year after the termination of all wars in which the
17 United States was engaged on December 18, 1942, an amount
18 deposited under subsection (a) for six months or more shall be paid,
19 with interest at the rate of 4 percent a year, to the member at such
20 time as the Secretary prescribes, or to his next of kin or legal repre-
21 sentative, from the Pay of the Air Force Deposit Fund. After that
22 date payment, with interest at the rate of 4 percent a year, may be
23 made only to the member upon his discharge, or to his next of kin or
24 legal representative.
- 25 (d) The United States may not recover any indebtedness to the
26 United States or any instrumentality thereof from an amount de-
27 posited under subsection (a), or the interest thereon.
- 28 (e) Subject to subsection (b) (4), the United States is liable to an
29 enlisted member for amounts deposited by him under subsection (a).

Revision Note

Based on 10, 906, 906a, 907, and 908; and uncodified Act of Dec. 18, 1942, ch. 765, 56 Stat. 1057.

The first sentence of 10, 906 is based on R. S. 1305, as restated by the Act of June 12, 1906, ch. 3078, 34 Stat. 246. Section 1 of the Act of Dec. 18, 1942, ch. 765, 56 Stat. 1057, amended the second sentence of R. S. 1305 to read as set forth in the second sentence of 10, 906. However, section 3 of the Act of Dec. 18, 1942, provided that the amendments made by that act "shall be effective during the present war [World War II] and for a period of one year thereafter". Therefore, the second sentence of R. S. 1305, as restated by the Act of June 12, 1906, though permanent law, has been suspended for the period the Act of Dec.

18, 1942, is effective. Section 2 of the Act of Dec. 18, 1942, ch. 765, 56 Stat. 1058, also amended R. S. 1306, to read as set forth in 10:907. Thus, R. S. 1306, as restated by the Act of June 12, 1906, though permanent law, has also been suspended for the same period. The only change in permanent law made by the Act of Dec. 18, 1942, is to authorize the Secretary, for the period it is in effect, to permit the payment of interest and the withdrawal of deposits prior to the final discharge or death of the depositor. Therefore, although the provisions of R. S. 1305 and 1306, as modified by the Act of Dec. 18, 1942, are not fully contained in 10:906 and 907, they are set forth in subsections (b), (c), and (e) of the revised section.

In subsection (c), the words "next of kin or legal representative" are substituted for the words "heirs or representatives", since money descends to next of kin rather than to heirs. The words "until one year after the termination of all wars in which the United States was engaged on December 18, 1942" are inserted because of section 3 of the Act of Dec. 18, 1942.

In subsection (d), 10:906a is set forth as a positive rule of law rather than negatively as a rule of construction.

§ 2127. Exemption from arrest for debt: enlisted members

- 1 No enlisted member of the Air Force, while on active duty, may
- 2 be arrested on mesne process or taken or charged in execution for
- 3 any debt, unless it was contracted before his enlistment and amounted
- 4 to at least \$20 when first contracted.

Revision Note

Based on 10:910.

The words "enlisted member of the Air Force, while on active duty" are substituted for the words "enlisted man . . . during his term of service", since the words "during his term of service" were clearly not intended to exempt enlisted reservists from arrest while not on active duty.

§ 2129. Flying officer rating: qualifications

- 1 Only officers of the Air Force in the following categories may be
- 2 rated as flying officers:
 - 3 (1) Officers who have aeronautical ratings as pilots of service
 - 4 types of aircraft or as aircraft observers.
 - 5 (2) Flight surgeons.
 - 6 (3) Officers undergoing flight training.
 - 7 (4) Under regulations prescribed by the Secretary of the Air
 - 8 Force, officers who are members of combat crews, other than
 - 9 pilots of service types of aircraft, aircraft observers, and
 - 10 observers.
 - 11 (5) In time of war, officers who have aeronautical ratings as
 - 12 observers.

Revision Note

Based on 10:291c, 291c-1, and 291c.

The proviso of 10:291c and the words "after June 30, 1948", in 10:291c-1, are omitted as executed. The definition of the term "flying officer", in 10:291c, originally was a definition of the term "flying officer in time of peace" as provided by section 2 of the Act of July 2, 1926, ch. 721, 44 Stat. 781. Section 1 of the Act of Oct. 4, 1910, ch. 742, 54 Stat. 963, eliminated the words "in time of peace". As a consequence of that amendment the first 26 words of 10:291c are omitted as surplusage.

§ 2131. Pilot rating in time of peace: qualifications

- 1 To be eligible to receive a rating as a pilot in time of peace, a
- 2 member of the Air Force, other than an aviation cadet, must pilot a
- 3 heavier-than-air craft for at least 200 hours, of which 75 are alone,
- 4 and must successfully complete the prescribed course.

Revision Note

Based on 10:291d.

The words "by competent authority" are omitted as surplusage.

§ 2133. Pilot rating: Regular Air Force; college education not required

- 1 No person in the Regular Air Force who is otherwise qualified to be
- 2 rated as a pilot may be disqualified because he does not have a
- 3 college education.

Revision Note

Based on 10:293 (less applicability to officers and aviation cadets).

The words "in the Regular Air Force" are substituted for the words "in the aviation service", since the "aviation service" was a part of the Regular Army before the creation of a separate Air Force.

§ 2135. Administration of oaths

- 1 Any commissioned officer of the Air Force, whether or not on
- 2 active duty, may administer any oath required in the enlistment
- 3 or appointment of any person in the armed forces of the United
- 4 States.

Revision Note

Based on 10:19.

The words "of any component (including the reserve component)" are omitted, since the words "Air Force" include the reserve components. The words "any oath required in the enlistment or appointment of any person" are substituted for the words "the oath required for the enlistment of any person, the oath required for the appointment of any person to commissioned or warrant officer grade, and any other oath required by law in connection with the enlistment or appointment of any person".

CHAPTER 73. HOSPITALIZATION

Sec.

- 2201. Members of Air Force, other than members of Regular Air Force.
- 2203. Members of A. R. G. T. C. and C. A. T. C.; members of reserve components not covered by section 2201.
- 2205. When Secretary may require.
- 2207. When authorized for enlisted members beyond term of enlistment.
- 2209. Transportation for hospitalized enlisted members on furlough.
- 2211. Aviation cadets.

§ 2201. Members of Air Force, other than members of Regular Air Force

- 1 Any member of the Air Force, other than a member of the Regular
- 2 Air Force, is entitled to the hospital benefits provided by law or
- 3 regulation for a member of the Regular Air Force of corresponding
- 4 grade and length of service, whenever --
- 5 (1) he is called or ordered to active duty for a period of more
- 6 than 30 days, and is disabled in line of duty, from disease, during
- 7 that period of duty;
- 8 (2) he is in training under section 3502 of this title for a
- 9 period of more than 30 days, and is disabled in line of duty, from
- 10 disease, during that period of training; or
- 11 (3) he is called or ordered to active duty, or to perform train-
- 12 ing, for any period of time, and is disabled in line of duty, from
- 13 injury, during that period of duty or training.

Revision Note

Based on 10-456 (as applicable to hospitalization), and 32-160a (as applicable to hospitalization for Air National Guard of United States).

The words "active duty for training", "inactive-duty training", and "shall be deemed to have been in the active military service during such period and", in 10-456, are omitted as surplusage. The references, in 32-160a, to 10-22-23, 24-26, and 30-26 are omitted as inapplicable to the Air Force. The reference to 10-25a is omitted as executed. So far as the references in 32-160a apply to the hospitalization of members of the Air National Guard of the United States on active duty, they are omitted as covered by 10-456. With the exception of 32-62 (4th proviso of last sentence), the references in 32-160a do not refer to the training of members of the Air National Guard of the United States, and are therefore omitted from the revised section. The words "active duty for a period of more than" are substituted for the words "active military service by the Federal Government for extended military service in excess of", in 10-456. In clauses (1), (2), and (3), the words "during that period of duty", "during that period of training", and "during that period of duty or training", are substituted for the words "while so employed" and "while so engaged".

Ch. 73

HOSPITALIZATION

§ 2203

§ 2203. **Members of A. R. O. T. C. and C. A. T. C.: members of reserve components not covered by section 2201**

1 (a) Under regulations prescribed by the President, the following
2 persons are entitled to the benefits of subsection (b):

3 (1) Any member of a reserve component of the Air Force who
4 is injured, or contracts a disease, in line of duty while on active
5 duty in time of peace.

6 (2) Any member of the Air Reserve Officers' Training Corps,
7 and any person attending a Citizens' Air Training Camp, who is
8 injured, or contracts a disease in line of duty, while traveling to
9 or from, or while attending, a training camp under section 3709
10 or 3891 of this title.

11 (b) So far as any benefit named in this subsection is not provided
12 for him under section 2201 of this title, any person named in subsec-
13 tion (a) is entitled to --

14 (1) the hospitalization, rehospitalization, and medical and
15 surgical care in a hospital and at his home, appropriate for the
16 treatment of his injury or disease until the resulting disability
17 cannot be materially improved by further hospitalization or
18 treatment;

19 (2) the basic pay and allowances to which he was entitled at
20 the time the injury was incurred or the disease contracted, during
21 the period of his hospitalization or rehospitalization, but not for
22 more than a total of six months after the termination of his pre-
23 scribed tour of duty or training;

24 (3) subsistence "during hospitalization or rehospitalization
25 when he is not entitled to basic pay and allowances under clause
26 (2); and

27 (4) necessary transportation incident to his hospitalization,
28 rehospitalization, and return to his home when he is discharged
29 from a hospital.

30 (c) As used in subsection (a) (1), "in time of peace" includes, but
31 is not limited to, the period after September 2, 1945, and before the
32 date of the termination of World War II.

Revision Note

Based on 10:455a, 455e, and 455f (as applicable to 10:455a).

In subsection (a), the words between the first and second semicolons of 10:455a are omitted as executed.

In subsection (a) (1), the words "Any member of a reserve component of the Air Force" are substituted for the words "Members of the Officers' Reserve Corps and of the Enlisted Reserve Corps of the Army and members of the National Guard of the United States".

In subsection (b), the words "So far as any benefit named in this subsection is not provided for him under section 2201 of this title" are inserted, since it is

possible that the benefits provided by that revised section will, as to certain persons, overlap those provided by this revised section.

In subsection (b) (2), the words "whether in money or in kind", in 10:455a, are omitted, since basic pay and allowances are payable only in money. The word "basic" is inserted before the word "pay" to conform to the terminology of the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.).

In subsection (c), the words "termination of World War II" are substituted for the words "which is prior to the first day on which the United States is, by action of the Congress, or the President, or both, no longer engaged in any war in which the United States is engaged on June 18, 1948". The President on September 11, 1945, approved a recommendation of the War and Navy Departments designating "World War II" as the official name "for the present war covering all theaters and the entire period of hostilities" (see Code of Federal Regulations, 1945 Supplement, Titles 1-9, page 173). The words "(the date of formal surrender by Japan)" are omitted as surplusage.

Section 3 of the Act of June 19, 1948, ch. 509, 62 Stat. 488, making 10:455f applicable to the Air Force, though not contained in the United States Code, is executed by making the revised section applicable to the Air Force.

§ 2205. When Secretary may require

- 1 (a) The Secretary of the Air Force, under regulations prescribed
- 2 by him, may order the necessary hospitalization, medical and surgical
- 3 treatment, and domiciliary care, and may incur obligations with
- 4 respect thereto, of—
- 5 (1) any member of the Air Force on active duty; and
- 6 (2) any member of the Air National Guard of the United
- 7 States in training under section 3502 of this title.
- 8 (b) Subsection (a) applies whether or not the member was injured,
- 9 or contracted a disease, in line of duty. It does not apply to a mem-
- 10 ber treated in a private hospital, or by a civilian physician, while on
- 11 leave of absence for more than 24 hours.

Revision Note

Based on 10:455e (less 1st proviso, as applicable to Air National Guard of United States); and 32:164d (less 1st proviso, as applicable to Air National Guard of United States).

In subsection (a), the references to 10:455a-455d and 32:164a-164e, and the words "nor any other law of the United States shall be construed as limiting the power and authority", are omitted, since the revised section makes explicit the authority of the Secretary to require the prescribed hospitalization and care. The words "so long as any or all are necessary" and "in the active military service" are omitted as surplusage. With the exception of 32:62 (4th proviso of last sentence), the references in 10:455e and 32:164d do not refer to members of the Air National Guard of the United States and are therefore omitted from the revised section.

Ch. 73

HOSPITALIZATION

§ 2209

§ 2207. When authorized for enlisted members beyond term of enlistment

1 (a) If the enlistment of a member of the Air Force on active duty
2 expires while he is disabled from disease or injury incident to service
3 and not because of his misconduct, and while he needs medical care
4 or hospitalization, he may be retained in service, with his consent,
5 beyond the expiration of his term of enlistment.

6 (b) A member retained in service under subsection (a) is entitled
7 to medical care and hospitalization, and to any basic pay and allow-
8 ances or expense money authorized by law, until he recovers suffi-
9 ciently to meet the physical requirements for reenlistment, or until
10 competent authority determines that recovery to that extent is
11 impossible. However, his pay is subject to forfeiture as if his term
12 of enlistment had not expired.

13 (c) This section does not prevent the retention in service, without
14 his consent, of an enlisted member of the Air Force under section
15 2011 of this title.

Revision Note

Based on 10-628a.

In subsection (b), the words "basic pay and allowances" are substituted for the words "pay and allowances . . ." and credit for longevity", to conform to the terminology of the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.). The words "whichever is earlier" are omitted as surplusage.

§ 2209. Transportation for hospitalized enlisted members on furlough

1 (a) The Secretary of the Air Force, under regulations prescribed
2 by him, may issue a furlough certificate, to be signed by the command-
3 ing officer of the hospital, to any enlisted member of the Air Force
4 who is disabled and under treatment in a hospital.

5 (b) A member who presents a furlough certificate, issued under
6 subsection (a), to an agent of a railroad or steamship company is
7 entitled to buy transportation to his home and return, at the rate of
8 one cent a mile.

9 (c) Upon presentation of a furlough certificate on which a ticket
10 was issued under subsection (b), the company issuing the ticket is
11 entitled to receive from the United States the difference between the
12 amount paid by the member and the scheduled rate for that ticket.

Revision Note

Based on 10-758.

In subsection (a), the words "wounded and otherwise" are omitted as surplusage. The words "enlisted member of the Air Force" are substituted for the word "soldiers". The words "who are given furloughs at any time" are omitted as surplusage, since the authority is discretionary.

§ 2209

PERSONNEL

11

In subsection (b), the words "over whose lines said soldier may travel to and from his home during the furlough period" are omitted as surplusage, since the authority extends only to transportation to and from his home.

§ 2211. Aviation cadets

- 1 "Medical care and hospitalization shall be furnished to aviation
- 2 cadets on active duty.

Based on 10.304 (36th thru 39th words).

- 4 himself conspicuously by gallantry and intrepidity at the risk of his
- 5 life above and beyond the call of duty.

Revision Note

Based on 10:1403.

The words "That the provisions of existing law relating to the award of medals of honor to officers, noncommissioned officers, and privates of the Army be, and they hereby are, amended so that", in the Act of July 9, 1918, ch. 143 (8th paragraph under "Ordnance Department"), 40 Stat. 870, are not contained in 10:1403. They are also omitted from the revised section as surplusage. The word "member" is substituted for the words "officer or enlisted man". The word "only" is omitted as surplusage. The word "award" is inserted for clarity, since the President determines the recipient of the medal in addition to presenting it.

§ 2303. Distinguished-service cross: award

- 1 The President may award a distinguished-service cross of appro-
- 2 priate design and a ribbon, together with a rosette or other device

3 to be worn in lieu thereof, to a person who, while serving in any
 4 capacity with the Air Force, distinguishes himself by extraordinary
 5 heroism in connection with military operations against an armed
 6 enemy.

Revision Note

Based on 10:1406.

The words "but not in the name of Congress" are omitted as surplusage, since a medal is presented in the name of Congress only if the law so directs. The words "since the 6th day of April, 1917" are omitted as executed. The word "award" is substituted for the word "present" to cover the determination of the recipients as well as the actual presentation of the medal, and to conform to sections 2307, 2309, and 2329 of this title. The words "or herself" are omitted, since, under section 1 of title 1, words importing the masculine gender include the feminine.

§ 2305. Distinguished-service medal: award

1 The President may award a distinguished-service medal of appro-
 2 priate design and a ribbon, together with a rosette or other device to
 3 be worn in lieu thereof, to a person who, while serving in any capacity
 4 with the Air Force, distinguishes himself by exceptionally meritorious
 5 service to the United States in a duty of great responsibility.

Revision Note

Based on 10:1407.

The words "but not in the name of Congress" are omitted as surplusage, since a medal is presented in the name of Congress only if the law so directs. The words "since the 6th day of April, 1917" are omitted as executed. The word "award" is substituted for the word "present" to cover the determination of the recipients as well as the actual presentation of the medal, and to conform to sections 2307, 2309, and 2329 of this title. The words "or herself" are omitted, since, under section 1 of title 1, words importing the masculine gender include the feminine.

§ 2307. Medal of honor; distinguished-service cross; distinguished-service medal: limitations on award

1 (a) No more than one medal of honor, distinguished-service cross,
 2 or distinguished-service medal may be awarded to a person. How-
 3 ever, for each succeeding act that would otherwise justify the award
 4 of such a medal or cross, the President may award a suitable bar or
 5 other device to be worn as he directs.
 6 (b) No medal of honor, distinguished-service cross, distinguished-
 7 service medal, or device in lieu thereof, may be awarded to a person
 8 unless—
 9 (1) the award is made within three years after the date of the
 10 act justifying the award;

11 (2) a statement setting forth the distinguished service and
12 recommending official recognition of it was made within two
13 years after the distinguished service; and

14 (3) it appears from records of the Department of the Air Force
15 that the person is entitled to the award.

16 (c) No medal of honor, distinguished-service cross, distinguished-
17 service medal, or device in lieu thereof, may be awarded or presented
18 to a person whose service after he distinguished himself has not been
19 honorable.

Revision Note

Based on 10:1409 (less words between 1st and 2d semicolons) and 1411.

In subsection (a), the words "may be awarded to a person" are substituted for the words "shall be issued to any one person" to conform to the other subsections of the revised section.

In subsection (b), the words "Except as otherwise prescribed in this section" are omitted as surplusage.

In subsection (c), the words following the third semicolon of 10:1409 are omitted as executed.

§ 2309. Medal of honor; distinguished-service cross; distinguished-service medal; delegation of power to award

1 The President may delegate his authority to award the medal of
2 honor, distinguished-service cross, and distinguished-service medal,
3 to a commanding general of a separate air force or higher unit in
4 the field.

Revision Note

Based on 10:1410.

§ 2311. Silver star; award

1 A person may wear, as the President directs, a silver star, three-
2 sixteenths of an inch in diameter, for each citation for gallantry in
3 action that does not warrant a medal of honor or distinguished-
4 service cross, if the person earned the citation while serving in any
5 capacity with the Air Force and it has been published in orders
6 issued from the headquarters of a force that is the appropriate
7 command of a general officer.

Revision Note

Based on 10:1412.

§ 2313. Medal of honor; distinguished-service cross; distinguished-service medal; silver star; replacement

1 Any medal of honor, distinguished-service cross, distinguished-
2 service medal, or silver star, or any bar, ribbon, rosette, or other device
3 issued for wear with or in lieu of any of them, that is lost or destroyed,

§ 2313

4 or becomes unfit for use, without fault or neglect of the person to
5 whom it was awarded, shall be replaced without charge.

Revision Note

Based on 10-1416.

§ 2315. Medal of honor; distinguished-service cross; distin-
guished-service medal; silver star; availability of ap-
propriations

1 The Secretary of the Air Force may spend, from any appropriation
2 for contingent expenses of the Department of the Air Force, amounts
3 necessary to provide medals and devices under sections 2301, 2303,
4 2305, 2307, 2309, 2311, 2313, and 2329 of this title.

Revision Note

Based on 10-1424.

§ 2317. Medal of honor; distinguished-service cross; distin-
guished-service medal; silver star; regulations

1 The President may prescribe regulations to carry out sections 2301,
2 2303, 2305, 2307, 2309, 2311, 2313, 2315, and 2329 of this title.

Revision Note

Based on 10-1401.

The words "from time to time any and all rules . . . and orders" are omitted
as surplusage.

§ 2319. Distinguished flying cross; award; limitations on award

1 (a) The President, under regulations prescribed by him, may
2 award a distinguished flying cross of appropriate design with accom-
3 panying ribbon to any person who, while serving in any capacity with
4 the Air Force, distinguishes himself by heroism or extraordinary
5 achievement while participating in an aerial flight.

6 (b) Not more than one distinguished flying cross may be awarded
7 to a person. However, for each succeeding act that would otherwise
8 justify the award of such a cross, the President may award a suitable
9 bar or other device to be worn as he directs.

10 (c) No distinguished flying cross, or device in lieu thereof, may be
11 awarded or presented under this section to a person whose service
12 after he distinguished himself has not been honorable.

Revision Note

Based on 10-1429 (less 1st 49 words of last sentence).

In subsection (a), the words "but not in the name of Congress" are omitted as
surplusage, since a medal is presented in the name of Congress only if the law so
directs. The word "award" is substituted for the word "present" to cover the

determination of the recipients as well as the actual presentation of the medal. The proviso of the first sentence of 10:1429 is omitted as executed.

§ 2321. Legion of Merit: award

1 The President, under regulations prescribed by him, may award a
2 decoration called the "Legion of Merit", having suitable appurte-
3 nances and devices and not more than four degrees, to any member
4 of the armed forces of the United States or of any friendly foreign
5 nation who, since September 8, 1939, has distinguished himself by
6 exceptionally meritorious conduct in performing outstanding services.

Revision Note

Based on 10:1408b (1).

The words "Government of the Philippines" are omitted as covered by the words "any friendly foreign nation".

§ 2323. Medal for Merit: award

1 The President, under regulations prescribed by him, may award a
2 decoration called the "Medal for Merit", having distinctive ap-
3 purtenances and devices and only one degree, to any civilian of any
4 nation prosecuting the war in existence on July 20, 1942, under the
5 joint declaration of the United Nations, as then constituted, or of
6 any other friendly foreign nation, who, since September 8, 1939, has
7 distinguished himself by exceptionally meritorious conduct in per-
8 forming outstanding services. The Medal for Merit may be awarded
9 to a civilian of a foreign nation but only for performing an excep-
10 tionally meritorious or courageous act in the furtherance of the war
11 efforts of the United Nations as then constituted.

Revision Note

Based on 10:1408b (2).

The words "in existence on July 20, 1942" are inserted for clarity and refer to the war in existence on the date of enactment of the source statute. The words "as then constituted" are inserted for clarity, since the United Nations organization in existence on July 20, 1942, is not the present United Nations organization. The words "the proclamation of an emergency by the President" are omitted as surplusage.

§ 2325. Soldier's Medal: award; limitations on award

1 (a) The President, under regulations prescribed by him, may award
2 a decoration called the "Soldier's Medal", of appropriate design with
3 accompanying ribbon, to any person who, while serving in any
4 capacity with the Air Force, distinguishes himself by heroism not
5 involving actual conflict with an enemy.
6 (b) Not more than one Soldier's Medal may be awarded to a
7 person. However, for each succeeding act that would otherwise

§ 2325

PERSONNEL

II

8 justify the award of such a medal, the President may award a suitable
9 bar or other device to be worn as he directs.

Revision Note

Based on 10:1428.

In subsection (a), the words "but not in the name of Congress" are omitted as surplusage, since the medal is presented in the name of Congress only if the law so directs. The word "award" is substituted for the word "present" to cover the determination of the recipients as well as the actual presentation of the medal. The words "or herself" are omitted, since, under section 1 of title 1, words importing the masculine gender include the feminine. The words "after July 2, 1926", are omitted as operationally obsolete.

§ 2327. Service medals: issue; replacement; availability of appropriations

1 (a) The Secretary of the Air Force shall procure, and issue without
2 charge to any person entitled thereto, any service medal authorized
3 for members of the Air Force after September 26, 1947, and any ribbon
4 clasp, star, or similar device prescribed as a part of that medal.

5 (b) Under regulations prescribed by the Secretary, any medal or
6 other device issued under subsection (a) that is lost, destroyed, or
7 becomes unfit for use without fault or neglect of the owner may be
8 replaced at cost. However, if the owner is a member of the Air
9 Force, the medal or device may be replaced without charge.

10 (c) The Secretary may spend, from any appropriation for the
11 support of the Air Force, amounts necessary to provide medals and
12 devices under this section and section 2329 of this title.

Revision Note

Based on 10:1415a (less 20th through 29th words and clauses (a) through (d), 1415b, and 1415c.

In subsection (a), the words "authorized for members of the Air Force after September 26, 1947" are substituted for the words "hereafter authorized", since, under Transfer Order 1, that date was the effective date of the transfer of personnel from the Army to the Air Force under section 208 (c) of the National Security Act of 1947, as amended (5 U. S. C. 626e (c)). The proviso of 10:1415a is omitted as surplusage, since the revised section is not limited to persons who are members of the Air Force at the time of the issue.

In subsection (b), the words "member of the Air Force" are substituted for the words "persons in the military service of the United States".

§ 2329. Medals: posthumous award and presentation

1 (a) If a person dies before the award of a medal of honor, distin-
2 guished-service cross, distinguished-service medal, distinguished fly-
3 ing cross, or device in lieu thereof, to which he is entitled, the award
4 may be made and the medal or device presented to his representative,
5 as designated by the President.

Ch. 75

DECORATIONS AND AWARDS

§ 2333

6 (b) If a person dies before an authorized service medal, or device
7 prescribed as a part thereof, is presented to him under section 2327
8 of this title, it may be presented to his family.

Revision Note

Based on 10:1409 (words between 1st and 2d semicolon), 1415a (20th through 29th words), and 1429 (1st 49 words of last sentence).

In subsection (a), the words "within three years from the date", in 10:1409, are omitted as covered by section 2507 of this title. The words "who shall distinguish himself", in 10:1409, and "who distinguishes himself", in 10:1429, are omitted as covered by the words "the award . . . to which he is entitled".

§ 2331. Posthumous commissions

1 (a) The President may issue, or have issued, an appropriate com-
2 mission in the name of any member of the Air Force who, after
3 September 26, 1947—

4 (1) was appointed to a commissioned grade but was unable
5 to accept the appointment because of death in line of duty;

6 (2) successfully completed the course at an officers' training
7 school and was recommended for appointment to a commissioned
8 grade by the officer in charge of the school, but was unable to
9 accept the appointment because of death in line of duty; or

10 (3) was officially recommended for appointment or promotion
11 to a commissioned grade and the recommendation for whose
12 appointment or promotion was approved by the Secretary of
13 the Air Force, but who was unable to accept the promotion or
14 appointment because of death in line of duty.

15 (b) A commission issued under subsection (a) shall issue as of the
16 date of the appointment, recommendation, or approval, as the case
17 may be, and the member's name shall be carried on the records of
18 the Department of the Air Force as if he had served in the grade in
19 which posthumously commissioned, from the date of the appoint-
20 ment, recommendation, or approval, to the date of his death.

Revision Note

Based on 10:491a, 491b, and 491c.

In subsection (a), the words "after September 26, 1947" are substituted for the words "after September 8, 1939", since, under Transfer Order 1, that date was the effective date of the transfer of personnel from the Army to the Air Force under section 208 (e) of the National Security Act of 1947, as amended (5 U. S. C. 626e (e)).

§ 2333. Posthumous warrants

1 (a) The Secretary of the Air Force may issue, or have issued, an
2 appropriate warrant in the name of a member of the Air Force who,

§ 2333

PERSONNEL

II

- 3 after September 26, 1947, was officially recommended for appoint-
4 ment or promotion to a noncommissioned grade but was unable to
5 accept the appointment or promotion because of death in line of duty.
6 (b) A warrant issued under subsection (a) shall issue as of the date
7 of the recommendation, and the member's name shall be carried on
8 the records of the Department of the Air Force as if he had served,
9 from the date of the recommendation to the date of his death, in the
10 grade to which posthumously appointed or promoted.

Revision Note

Based on 10-612.

In subsection (a), the words "after September 26, 1947" are substituted for the words "after September 8, 1939", since, under Transfer Order I, that date was the effective date of the transfer of personnel from the Army to the Air Force under section 208 (c) of the National Security Act of 1947, as amended (5 U. S. C. 626c (c)).

§ 2335. Posthumous commissions and warrants: effect on pay and allowances

- 1 No person is entitled to any bonus, gratuity, pay, or allowance
2 because of a posthumous commission or warrant.

Revision Note

Based on 10-491d.

- 5 of failure to achieve the standards of performance prescribed by the
- 6 Secretary, to show cause for his retention on the active list.

Revision Note

Based on 10:581.

The words "Immediately following June 29, 1948" are omitted as executed. The word "commissioned" is inserted before the word "officer", since the chapter is limited to proceedings involving commissioned officers. The reference to "regulations" is omitted as covered by section 2413 of this title.

§ 2403. Boards of inquiry; composition; duties

- 1 (a) Boards of inquiry, each composed of three or more general

Revision Note

Based on 10:582 and 583 (1st 32 words of 1st sentence).

§ 2405. Boards of review: composition; duties

1 (a) Boards of review, each composed of five or more general
2 officers, shall be convened by the Secretary of the Air Force, at such
3 times as he may prescribe, to review the cases of officers recom-
4 mended by boards of inquiry for removal from the active list of the
5 Regular Air Force, and to make recommendations as to the retention
6 of those officers.

7 (b) If a board of review recommends the retention of an officer,
8 his case is closed. However, at any future time he may be again re-
9 quired to show cause for retention under section 2401 of this title.

10 (c) If a board of review recommends the removal of an officer
11 from the active list of the Regular Air Force, it shall send its recom-
12 mendations to the Secretary for his action.

Revision Note

Based on 10:583 (less 1st 32 words of 1st sentence and last sentence).

§ 2407. Removal of officer: action by Secretary of Air Force upon recommendation

1 The Secretary of the Air Force may remove an officer from the
2 active list of the Regular Air Force for any cause that he considers
3 satisfactory, if the removal is recommended by a board of review
4 under this chapter. The Secretary's action in such a case is final
5 and conclusive.

Revision Note

Based on 10:580 and 583 (last sentence, less proviso).

The words "if the removal is recommended by a board of review under this chapter" are substituted for the words "in the manner hereinafter prescribed", in 10:580. The words "Notwithstanding any other provision of law", in 10:580, are omitted as surplusage.

§ 2409. Rights and procedures

1 (a) Each officer under consideration for removal from the active
2 list of the Regular Air Force under this chapter shall be—

3 (1) notified in writing of the pendency of any proceeding for
4 his removal;

5 (2) allowed reasonable time to prepare his defense;

6 (3) allowed to appear in person and by counsel at proceedings
7 before a board of inquiry and a board of review; and

8 (4) allowed full access to, and furnished copies of, records rele-
9 vant to his case at all stages of the proceeding.

Ch. 77 SEPARATION FOR FAILURE TO MEET STANDARDS § 2413

10 (b) No person may be a member of more than one board convened
11 under this chapter for the same officer.

Revision Note

Based on 10:584.

§ 241L. Officer considered for removal: voluntary retirement or
honorable discharge: severance benefits

1 (a) At any time during proceedings under this chapter and before
2 the removal of an officer from the active list of the Regular Air Force,
3 the Secretary of the Air Force may grant his request—

4 (1) for voluntary retirement, if he is otherwise qualified there-
5 for; or

6 (2) for honorable discharge with severance benefits under sub-
7 section (b).

8 (b) Each officer removed from the active list of the Regular Air
9 Force under this chapter shall—

10 (1) if on the date of removal he is eligible for voluntary retire-
11 ment under any law, be retired in the grade and with the pay to
12 which he would be entitled if retired at his request; or

13 (2) if on that date he is ineligible for voluntary retirement, be
14 honorably discharged in the grade then held with severance pay
15 equal to one month's basic pay at the rate to which he was en-
16 titled on the date of discharge, multiplied by the number of years
17 of his active Federal commissioned service, but not more than 12.

18 (c) For the purpose of subsection (b) (2), a fraction of one-half or
19 more of a year is counted as a whole year, and a fraction of less than
20 one-half of a year is disregarded.

Revision Note

Based on 10:583 (proviso of last sentence) and 585.

In subsection (b), the words "basic pay" are substituted for the words "base
and longevity pay" to conform to the terminology of the Career Compensation
Act of 1949 (37 U. S. C. 231 et seq.). The words "not more than 12" are substi-
tuted for the first proviso of 10:585.

§ 2413. Regulations

1 The Secretary of the Air Force may prescribe regulations to carry
2 out this chapter.

Revision Note

Based on 10:587 (a).

CHAPTER 79. SEPARATION FOR VARIOUS REASONS

Sec.

- 2501. Air Force; commissioned officers; limitations on dismissal.
- 2503. Air Force; enlisted members; discharge certificate; limitations on discharge.
- 2505. Air Force; enlisted members; emergency or wartime; discharge.
- 2507. Air Force; enlisted members; dependency discharge.
- 2509. Regular Air Force; commissioned officers; discharge during three-year probationary period.
- 2511. Regular Air Force; warrant officers; termination of appointment.
- 2513. Regular Air Force; enlisted members; resignation of members enlisted on a career basis; limitations.
- 2515. Regular Air Force; enlisted members; minority discharge.
- 2517. Regular Air Force; enlisted members; purchase of discharge.
- 2519. Regular Air Force; enlisted members; aviation cadets; discharge.
- 2521. Regular Air Force; women commissioned officers, warrant officers, enlisted members; termination of appointment or enlistment.
- 2523. Air Force Reserve; commissioned officers; discharge.
- 2525. Air National Guard of United States; commissioned and warrant officers; discharge.
- 2527. Air National Guard of United States; enlisted members; discharge.

§ 2501. Air Force; commissioned officers; limitations on dismissal

- 1 No commissioned officer may be dismissed from the Air Force
- 2 except—
- 3 (1) by sentence of a general court-martial;
- 4 (2) in commutation of a sentence of a general court-martial;
- 5 or
- 6 (3) in time of war, by order of the President. However, the
- 7 President may drop from the rolls of the Air Force any commissioned
- 8 officer (A) who has been absent without leave for three months or more, or (B) who is sentenced to confinement in
- 9 a Federal or State penitentiary or correctional institution after
- 10 having been found guilty of an offense by a court other than a
- 11 court-martial and whose sentence has become final.
- 12

Revision Note

Based on 50-739.

The words "absent without leave" are substituted for the words "absent without authority from his place of duty" to conform to Article 86 of the Uniform Code of Military Justice (50 U. S. C. 680). The word "commissioned" is inserted, since the rule stated in 50-739 historically is not applicable to warrant officers.

§ 2503. Air Force: enlisted members; discharge certificate, limitations on discharge

- 1 (a) A discharge certificate shall be given to each lawfully inducted
- 2 or enlisted member of the Air Force upon his discharge.
- 3 (b) No enlisted member of the Air Force may be discharged before
- 4 his term of service expires, except—
- 5 (1) as otherwise specifically provided in this title;
- 6 (2) by sentence of a general or special court-martial; or
- 7 (3) as prescribed by the Secretary of the Air Force.

Revision Note

Based on 10:652a

In subsections (a) and (b), the words "from said service" are omitted as surplusage. The requirement of a discharge certificate is stated positively, since the literal effect of 10:1580 would permit the indefinite retention of a member if such a certificate were refused him. The word "enlisted" is inserted as being within the meaning of the word "inducted".

Clause (b) (1) is inserted, since other sections of this title are necessarily exceptions to the general rule here stated.

§ 2505. Air Force: enlisted members, emergency or wartime; discharge

- 1 A person enlisted without specification of component under section
- 2 1205 of this title may be discharged at any time by the President, or
- 3 otherwise according to law.

Revision Note

Based on 10:634 (last 18 words of 1st sentence).

§ 2507. Air Force: enlisted members; dependency discharge

- 1 The Secretary of the Air Force may discharge an enlisted member
- 2 of the Air Force, if, after his enlistment or induction, members of his
- 3 family become dependent upon him for care or support because of
- 4 the death or disability of a member of that family.

Revision Note

Based on 10:652.

The words "from the service of the United States" are omitted as surplusage. The words "or induction" are inserted for clarity.

§ 2509. Regular Air Force: commissioned officers; discharge during three-year probationary period

- 1 The Secretary of the Air Force, under regulations prescribed by
- 2 him, may discharge a commissioned officer of the Regular Air Force
- 3 who has less than three years of continuous service as a commissioned
- 4 officer therein. However, such an officer may not be discharged

§ 2569

PERSONNEL

5 because of his marriage, unless the marriage occurred within one
6 year after the date of his original appointment.

Revision Note

Based on 10:484a.

The words "initially commissioned after the date of this section" are omitted as surplusage. The words "until July 1, 1942, the marriage of an officer shall not be a cause for revocation of commission" are omitted as executed. The word "appointment" is substituted for the word "commission", since the intent is to rescind the authority of a person to be an officer and not merely to revoke the written indicia of that authority. The words "of the Regular Air Force" are inserted for clarity. The word "revoke" is omitted, since the discharge of the officer would terminate his appointment.

§ 2511. Regular Air Force: warrant officers; termination of appointment

1 The appointment of a warrant officer of the Regular Air Force
2 under section 1363 of this title may be terminated under regulations
3 prescribed by the Secretary of the Air Force. The termination of an
4 appointment under this section is final and conclusive.

Revision Note

Based on 10:591 (2d sentence, less 1st 11 words).

§ 2513. Regular Air Force: enlisted members; resignation of members enlisted on a career basis, limitations

1 (a) Except as provided in subsection (b), a member of the Regular
2 Air Force who serves at least three years of an enlistment for an
3 unspecified period under section 1209 (b) of this title shall be dis-
4 charged within three months after submitting his resignation to the
5 Secretary of the Air Force.

6 (b) The Secretary is not required to accept a resignation submitted
7 under subsection (a) —

8 (1) until the member completes two years of service in his
9 current overseas assignment, if the resignation is submitted
10 after the member embarks for such an assignment or while he is
11 stationed overseas;

12 (2) until two years after the member completes a course of
13 instruction under section 3503 of this title, if he is taking, or has
14 taken, such a course;

15 (3) until six months after its submission, if the member is
16 under investigation or in default concerning public property or
17 funds;

18 (4) while the member is absent without leave or is serving a
19 sentence of a court-martial; or

20 (5) during a war, or during a national emergency declared by
21 Congress or the President.

Revision Note

Based on 10:628 (2d proviso of 1st sentence, 2d and 3d sentences, and 4th sentence to 1st colon).

In subsection (a), the words "and such resignation shall be accepted by the Secretary of the Army" are omitted as surplusage.

In subsection (b), the words "other than an enlisted member of a Regular Army Puerto Rican unit" are omitted as obsolete.

§ 2515. Regular Air Force: enlisted members; minority discharge

1 Upon the application of the parents or guardian of an enlisted
2 member of the Regular Air Force under 18 years of age who enlisted
3 without the written consent of his parents or guardian, the Secretary
4 of the Air Force shall discharge the member with the pay and form
5 of discharge certificate to which he is otherwise entitled.

Revision Note

Based on 10:628 (last 52 words of 1st proviso of 4th sentence).

The words "enlisted member of the Regular Air Force under 18 years of age" are substituted for the words "such person".

§ 2517. Regular Air Force: enlisted members; purchase of discharge

1 Subject to section 8 of the Universal Military Training and Service
2 Act (50 U. S. C. App. 458), and under regulations prescribed by him,
3 the President may, in time of peace, permit any enlisted member of
4 the Regular Air Force to buy his discharge. The amount paid for a
5 discharge shall be paid to a finance officer of the Air Force and de-
6 posited in the Treasury to the credit of any current appropriation for
7 the support of the Air Force designated by the Secretary of the Air
8 Force.

Revision Note

Based on 10:651.

The words "regulations prescribed by him" are substituted for the words "such rules and upon such conditions as he may prescribe". The words "Subject to section 8 of the Universal Military Training and Service Act (50 U. S. C. App. 458)" are inserted, since the right to purchase a discharge is suspended during the life of that act. The words "The amount" are substituted for the words "The purchase money to be". The words "finance officer" are substituted for the word "paymaster". The last 19 words of 10:651 are omitted as surplusage. The word "Regular" is inserted, since historically 10:651 is applicable only to members of the Regular Air Force.

§ 2519 PERSONNEL II

§ 2519. Regular Air Force: enlisted members, aviation cadets; discharge

1 The Secretary of the Air Force may discharge an aviation cadet
2 at any time.

Revision Note

Based on 10:299 (1st 12 words of last sentence).

§ 2521. Regular Air Force: women commissioned officers, warrant officers, enlisted members; termination of appointment or enlistment

1 The Secretary of the Air Force, under regulations prescribed by
2 the President, may terminate the appointment or enlistment of any
3 woman member of the Regular Air Force. However, the appoint-
4 ment of a commissioned officer may not be terminated, under this
5 section, by dismissal.

Revision Note

Based on 5:627f (b); and 10:166j.

The words "the circumstances and in accordance with", in 5:627f (b) and 10:166j, are omitted as surplusage. The word "appointment" is substituted for the word "commission", in 5:627f (b) and 10:166j, and for the word "warrant", in 5:627f (b), since the intent is to rescind the authority of a person to be an officer, and not merely to revoke the written indicia of authority. The words "any woman member" are substituted for the words "of any female person", in 5:627f (b), and "any officer commissioned in any of the corps established by sections 166-166h and 374-377 of this title", in 10:166j. Section 111 of Title I of the Act of Apr. 16, 1947, ch. 38 (10:166j) authorized the President to "terminate the commission of any officer commissioned in the corps established by this title". Title I of that act established the Army Nurse Corps and Women's Medical Specialist Corps in the Regular Army. Although sections 114-117 of that act (10:374-377) authorized the commission of reserve officers in an Army Nurse Corps Section and a Women's Medical Specialist Corps Section of the Organized Reserve Corps, the "corps" referred to by section 111 did not include those sections of the Organized Reserve Corps. Therefore, the authority of the President to terminate the appointment of an officer of the Air Force designated as an Air Force nurse or woman medical specialist is limited by the revised section to commissioned officers of the Regular Air Force in these categories. The appointment of any reserve officer may be terminated under section 2523 of this title. The last sentence of the revised section is inserted because of section 2501 of this title.

§ 2523. Air Force Reserve: commissioned officers; discharge

1 The President may discharge a commissioned officer of the Air
2 Force Reserve at any time.

Revision Note

Based on 10:358 (2d and last sentences).
The last sentence of 10:358 is omitted as executed.

§ 2525. Air National Guard of United States: commissioned and warrant officers; discharge

1 (a) The appointment of a commissioned or warrant officer of the
2 Air National Guard of the United States shall be terminated, and
3 his Federal recognition as an officer of the Air National Guard shall
4 be withdrawn, when —

5 (1) he becomes 64 years of age; or

6 (2) his appointment in the Air National Guard is terminated
7 or vacated.

8 However, upon his request and under regulations prescribed by the
9 Secretary of the Air Force, he may be transferred to the inactive
10 Air National Guard and remain in the Air National Guard of the
11 United States in the same or a lower grade.

12 (b) The Secretary may terminate the appointment of a commis-
13 sioned or warrant officer of the Air National Guard of the United
14 States and withdraw his Federal recognition as an officer of the Air
15 National Guard, if he has been absent without leave for three months.

16 (c) Under regulations prescribed by the President, a commissioned
17 or warrant officer of the Air National Guard of the United States
18 whose Federal recognition as an officer of the Air National Guard is
19 withdrawn shall be discharged from the Air National Guard of the
20 United States.

Revision Note

Based on 32:114 (2d sentence) and 115 (less 1st sentence and 1st 24 words of 2d sentence).

§ 2527. Air National Guard of United States: enlisted members; discharge

1 (a) An enlisted member who is discharged from the Air National
2 Guard of the United States is entitled to a discharge certificate,
3 similar in form and classification to the corresponding certificate
4 prescribed for members of the Regular Air Force.

5 (b) Under regulations prescribed by the Secretary of the Air
6 Force, an enlisted member of the Air National Guard of the United
7 States may be discharged, in time of peace, before his enlistment
8 expires.

Revision Note

Based on 32:125 (as applicable to Air National Guard of United States).

3 member of the Air Force entitled to basic pay who has been called
4 or ordered to active duty for a period of more than 30 days, is unfit
5 to perform his duties because of physical disability incurred while
6 entitled to basic pay, the Secretary may retire the member, subject
7 to section 3109 of this title, with retired pay computed under section
8 3101 of this title, if the Secretary also determines that—

Ch. 81 RETIREMENT FOR PHYSICAL DISABILITY § 2603

- 11 (2) the disability is not the result of the member's intentional
 12 misconduct or willful neglect, and was not incurred during a
 13 period of unauthorized absence; and
 14 (3) either—
 15 (A) the member has at least 20 years of service computed
 16 under section 2615 of this title; or
 17 (B) the disability is at least 30 percent under the standard
 18 schedule of rating disabilities in use by the Veterans'
 19 Administration at the time of the determination; and
 20 either—
 21 (i) the member has at least eight years of service
 22 computed under section 2615 of this title;
 23 (ii) the disability is the proximate result of the per-
 24 formance of active duty; or
 25 (iii) the disability was incurred in line of duty in
 26 time of war or national emergency.

Revision Note

Based on 37:272 (a) (less clause (5) and 2d proviso), 272 (b) (less clause (5) and 2d and last provisos), and 272 (f) (less applicability to 37:272 (c) and (e)).

The words "any other member" are substituted for the words "a member of a Reserve component", since the words "Reserve component" are defined by section 102 (k) of the Career Compensation Act of 1949 (37 U. S. C. 231 (k)), to include members of the Air Force appointed, enlisted, or inducted without specification of component. The words "his duties" are substituted for the words "the duties of his office, rank, grade, or rating". The words "with retired pay computed under section 3101 of this title" are substituted for the words "upon retirement, shall be entitled to receive disability retirement pay as prescribed in subsection (d) of this section". The proviso of 37:272 (f) is omitted as surplusage. The words "in use . . . at the time of the determination" are substituted for the words "in current use". In clause (3) (B), the words "during a period of active service", in 37:272 (a) (last proviso), are omitted as surplusage.

§ 2603. Members of Regular Air Force; members of Air Force on active duty for more than 30 days: temporary retired list

- 1 Upon a determination by the Secretary of the Air Force that a
 2 member of the Regular Air Force entitled to basic pay, or any other
 3 member of the Air Force entitled to basic pay who has been called
 4 or ordered to active duty for a period of more than 30 days, would
 5 be qualified for retirement under section 2601 of this title but for the
 6 fact that there is no finding that his disability is of a permanent
 7 nature, the Secretary shall place the name of the member on the
 8 temporary retired list, with pay computed under section 3101 of this
 9 title, if the Secretary also determines that accepted medical principles
 10 indicate that the member's disability may be of a permanent nature.

§ 2603

PERSONNEL

II

Revision Note

Based on 37:272 (a) (clause (5)) and 272 (b) (clause (5)).

The words "any other member of the Air Force" are substituted for the words "member of a Reserve component", since the words "Reserve component" are defined by section 102 (k) of the Career Compensation Act of 1949 (37 U. S. C. 231 (k)), to include members of the Air Force appointed, enlisted, or inducted, without specification of component. The words "with pay computed under section 3101 of this title" are substituted for the words "shall be entitled to receive disability retirement pay as prescribed in subsection (d) of this section". The words "would be qualified for retirement under section 2601 of this title" are substituted for clauses (2), (3), and (4) of 37:272 (a) and 37:272 (b), and the last proviso of 37:272 (a), since the rules contained therein are fully stated in that revised section.

§ 2605. Members of Regular Air Force; members of Air Force on active duty for more than 30 days; separation

1 Upon a determination by the Secretary of the Air Force that a
2 member of the Regular Air Force entitled to basic pay, or any other
3 member of the Air Force entitled to basic pay who has been called
4 or ordered to active duty for a period of more than 30 days, is unfit
5 to perform his duties because of physical disability incurred while
6 entitled to basic pay, the member may be separated from the Air
7 Force, with severance pay computed under section 2625 of this title,
8 if the Secretary also determines that—

9 (1) the member has less than 20 years of service computed
10 under section 2615 of this title;

11 (2) the disability is not the result of the intentional misconduct
12 or willful neglect of the member, and was not incurred during a
13 period of unauthorized absence;

14 (3) there is a finding, based upon accepted medical principles,
15 that the disability is of a permanent nature, or accepted medical
16 principles indicate that the disability may be of that nature; and
17 (4) either—

18 (A) the disability is less than 30 percent under the
19 standard schedule of rating disabilities in use by the Vet-
20 erans' Administration at the time of the determination, and
21 the disability was (i) the proximate result of the perform-
22 ance of active duty, or (ii) incurred in line of duty in time of
23 war or national emergency;

24 (B) the disability is less than 30 percent under the
25 standard schedule of rating disabilities in use by the Vet-
26 erans' Administration at the time of the determination, and
27 the member has at least eight years of service computed
28 under section 2615 of this title; or

29 (C) the disability is at least 30 percent under the standard
30 schedule of rating disabilities in use by the Veterans'

Ch. 81 RETIREMENT FOR PHYSICAL DISABILITY § 2607

31 Administration at the time of the determination, the dis-
 32 ability was neither the proximate result of the performance
 33 of active duty nor incurred in line of duty in time of war or
 34 national emergency, and the member has less than eight
 35 years of service computed under section 2615 of this title
 36 on the date when he would otherwise be retired under
 37 section 2601 of this title.
 38 However, if the member is eligible for transfer to the inactive status
 39 list under section 2617 of this title, and so elects, he shall be trans-
 40 ferred to that list in lieu of being separated.

Revision Note

Based on 37:272 (a) (24 proviso) and 272 (b) (24 and last proviso).
 To state fully in the revised section the rule contained in 37:272 (a) (24 proviso) and 272 (b) (24 and last proviso), the provisions of 37:272 (a) (less clause (5) and 1st proviso), 272 (b) (less clause (5) and 1st proviso) and 272 (f) (less applicability to 37:272 (c)), also contained in section 2601 of this title, are repeated. The words "any other member" are substituted for the words "a member of a Reserve component", since the words "Reserve component" are defined by section 102 (k) of the Career Compensation Act of 1949 (37 U. S. C. 231 (k)), to include members of the Air Force appointed, enlisted, or inducted without specification of component. The words "his duties" are substituted for the words "the duties of his office, rank, grade, or rating". The words "with severance pay computed under section 2625 of this title" are substituted for the words "shall be entitled to receive disability severance pay as prescribed in section 273 of this title". The words "in use . . . at the time of the determination" are substituted for the words "in current use". In clause (4) (A), the words "during a period of active service", in 37:272 (a) (last proviso), are omitted as surplusage. The proviso of 37:272 (f) is omitted as surplusage. The last sentence of the revised section, relating to transfer to the inactive status list, is inserted for clarity because of section 2617 of this title.

§ 2607. **Members of Air Force on active duty for 30 days or less; disability from injury; retirement**

1 Upon a determination by the Secretary of the Air Force that a
 2 member of the Air Force not covered by section 2601, 2603, or 2605
 3 of this title is unfit to perform his duties because of physical dis-
 4 ability resulting from an injury, the Secretary may retire the member,
 5 subject to section 3109 of this title, with retired pay computed under
 6 section 3101 of this title, if the Secretary also determines that—
 7 (1) there is a finding, based upon accepted medical principles,
 8 that the disability is of a permanent nature;
 9 (2) the injury is not the result of the member's intentional
 10 misconduct or willful neglect, and was not incurred during a
 11 period of unauthorized absence; and
 12 (3) either—
 13 (A) the member has at least 20 years of service computed
 14 under section 2615 of this title; or

11

15 (B) the disability is at least 30 percent under the standard
 16 schedule of rating disabilities in use by the Veterans' Ad-
 17 ministration at the time of the determination, and is the
 18 proximate result of the performance of active duty, full-
 19 time training duty, or inactive duty training.

Revision Note

Based on 37:271 (a), 272 (c) (less clause (5) and last proviso), and 272 (f) (as applicable to 37:272 (e)).

37:271 (a) is omitted as surplusage. As it relates to retirement it is only a statement of the general coverage of the retirement sections of this chapter. As it relates to separation it is only a statement of the general coverage of the separation sections of this chapter. The words "a member of the Air Force not covered by section 2601, 2603, or 2605 of this title" are substituted for the words "a member of the uniformed services, other than those members covered in subsections (a) and (b) of this section". The words "his duties" are substituted for the words "the duties of his office, rank, grade, or rating". The words "with retired pay computed under section 3101 of this title" are substituted for the words "shall be entitled to receive disability retirement pay as prescribed in subsection (b) of this section". The proviso of 37:272 (f) is omitted as surplusage. The words "in use . . . at the time of the determination" are substituted for the words "in current use". The words "other full-time duty" are omitted as covered by the words "active duty". In clause (2), the words "and was not incurred during a period of unauthorized absence" are inserted to conform to other revised sections of this chapter and because of section 2613 of this title.

§ 2609. Members of Air Force on active duty for 30 days or less; disability from injury: temporary retired list

1 Upon a determination by the Secretary of the Air Force that a
 2 member of the Air Force not covered by section 2601, 2603, or 2605
 3 of this title, would be qualified for retirement under section 2607 of
 4 this title but for the fact that there is no finding that his disability
 5 is of a permanent nature, the Secretary shall place the name of the
 6 member on the temporary retired list, with pay computed under
 7 section 3101 of this title, if the Secretary also determines that accepted
 8 medical principles indicate that the member's disability may be of a
 9 permanent nature.

Revision Note

Based on 37:272 (c) (clause (5)).

The words "a member of the Air Force not covered by section 2601, 2603, or 2605 of this title" are substituted for the words "a member of the uniformed services, other than those members covered in subsections (a) and (b) of this section". The words "with pay computed under section 3101 of this title" are substituted for the words "shall be entitled to receive disability retirement pay as prescribed in subsection (b) of this section". The words "would be qualified for retirement under section 2607 of this title" are substituted for clauses (2), (3), and (4) of 37:272 (c), since the rules contained therein are fully stated in that revised section.

Ch. 81 RETIREMENT FOR PHYSICAL DISABILITY § 2611

§ 2611. Members of Air Force on active duty for 30 days or less; disability from injury: separation

1 Upon a determination by the Secretary of the Air Force that a
2 member of the Air Force not covered by section 2601, 2603, or 2605
3 of this title is unfit to perform his duties because of physical disability
4 resulting from an injury, the member may be separated from the Air
5 Force, with severance pay computed under section 2625 of this title,
6 if the Secretary also determines that—

7 (1) the member has less than 20 years of service computed
8 under section 2615 of this title;

9 (2) the disability is not the result of the intentional miscon-
10 duct or willful neglect of the member, and was not incurred
11 during a period of unauthorized absence;

12 (3) there is a finding, based upon accepted medical principles,
13 that the disability is of a permanent nature, or accepted medical
14 principles indicate that the disability may be of that nature;
15 and

16 (4) the disability is less than 30 percent under the standard
17 schedule of rating disabilities in use by the Veterans' Admini-
18 stration at the time of the determination, and was the proximate
19 result of the performance of active duty, full-time training duty,
20 or inactive duty training.

21 However, if the member is eligible for transfer to the inactive status
22 list under section 2617 of this title, and so elects, he shall be trans-
23 ferred to that list in lieu of being separated.

Revision Note

Based on 37:272 (e) (last proviso).

To state fully in the revised section the rule contained in 37:272 (e) (last proviso), the provisions of 37:272 (e) (less clause (5) and 1st proviso) and 272 (f) (as applicable to 272 (e)), also contained in section 2607 of this title, are repeated. The words "a member of the Air Force not covered by section 2601, 2603, or 2605 of this title" are substituted for the words "a member of the uniformed services, other than those members covered in subsections (a) and (b) of this section". The words "his duties" are substituted for the words "the duties of his office, rank, grade, or rating". The words "with severance pay computed under section 2625 of this title" are substituted for the words "and upon separation shall be entitled to receive disability severance pay as prescribed in section 273 of this title". The proviso of 37:272 (f) is omitted as surplusage. The words "in use . . . at the time of the determination" are substituted for the words "in current use". The words "other full-time duty" are omitted as covered by the words "active duty". In clause (2), the words "and was not incurred during a period of unauthorized absence" are inserted to conform to other revised sections of this chapter and because of section 2613 of this title. The last sentence of the revised section, relating to transfer to the inactive status list, is inserted for clarity because of section 2617 of this title.

§ 2613

PERSONNEL

11

§ 2613. **Members of Air Force: disability from intentional misconduct or willful neglect: separation**

1 Each member of the Air Force who incurs a physical disability
2 which, in the determination of the Secretary of the Air Force, makes
3 him unfit to perform his duties, and which resulted from his intentional
4 misconduct or willful neglect or was incurred during a period of
5 unauthorized absence, shall be separated from the Air Force, without
6 entitlement to any benefits under this chapter.

Revision Note

Based on 37:278.

The words "his duties" are substituted for the words "the duties of his office, rank, grade, or rating".

§ 2615. **Members of Air Force: computation of service**

1 (a) For the purpose of this chapter, a member of the Regular Air
2 Force shall be credited with the service described in clause (1) or that
3 described in clause (2), whichever is greater —

4 (1) the service which he is considered to have for the purpose
5 of separation or mandatory elimination from the active list; or
6 (2) the sum of—

7 (A) his service while on the active list or on active duty,
8 or while participating in full-time training or other full-time
9 duty under the National Defense Act, as amended, the
10 Naval Reserve Act of 1938, as amended, or any other
11 provision of law, as a member of the uniformed services, a
12 nurse, a reserve nurse after February 2, 1901, a contract
13 surgeon, a contract dental surgeon, or an acting dental
14 surgeon; and

15 (B) his service while participating in exercises or perform-
16 ing duties under sections 1618 and 3502 of this title, and
17 sections —, —, —, and — (32:62 (less 4th and
18 5th provisos of last sentence), 63, 64, and 65) of title —
19 (National Guard).

20 (b) A member of the Air Force, other than a member of the Regular
21 Air Force, shall be credited, for the purposes of this chapter, with
22 the number of years of service that he would use if he were computing
23 his retired pay under chapter 87 of this title.

Revision Note

Based on 37:282 (less applicability to persons referred to in 37:281).

In subsection (a) (2) (A), reference to service as a contract nurse, veterinarian, or field clerk is omitted, since persons having such service have been heretofore retired and are within the class of persons referred to in 37:281.

Ch. 81 RETIREMENT FOR PHYSICAL DISABILITY § 2619

In subsection (a) (2) (B), the references to 10-22-23, 24-26, and 30-36 are omitted as inapplicable to the Air Force. The reference to 32-70 is omitted as repealed by section 16 of the Act of June 15, 1933, ch. 87, 48 Stat. 159. The reference to 10-23a is omitted as enacted. The references to 10-38 and 32-66 and 172-173 are omitted as covered by the words "active duty". The references to 32-144-147, 171, and 176 are omitted, since they deal with pay and do not authorize duty or training. The reference to 32-62, not contained in 37-282, is inserted, since section 92 of the National Defense Act, as amended (32-62) is referred to in section 412 of the Career Compensation Act of 1949 (37-282).

In subsection (b), the words "any other member of the Air Force" are substituted for the words "members of the reserve components of the uniformed services", since the words "reserve components" are defined by section 102 (k) of the Career Compensation Act of 1949 (37 U. S. C. 231 (k)), to include members of the Air Force appointed, enlisted, or inducted without specification of component.

§ 2617. Members of Air Force: transfer to inactive status list in lieu of separation

- 1 Any member of the Air Force who has at least 20 years of service
- 2 computed under section 2903 of this title, and who would be qualified
- 3 for retirement under this chapter but for the fact that his disability is
- 4 less than 30 percent under the standard schedule of rating disabilities
- 5 in use by the Veterans' Administration at the time of the determina-
- 6 tion, may elect, in lieu of being separated, to be transferred to the
- 7 inactive status list under section 2909 of this title and, if otherwise
- 8 eligible, receive retired pay under chapter 87 of this title upon
- 9 becoming 60 years of age.

Revision Note

Based on 37-272 (a).

The words "Notwithstanding the foregoing provisions of this section" and "satisfactory Federal" are omitted as surplusage. The words "Air Force" is substituted for the words "Air Force of the United States . . ." and all Regular and Reserve components thereof". The words "in use . . ." at the time of the determination" are substituted for the words "in current use". The words "and receiving disability severance pay pursuant to subchapter III of this title" are omitted as surplusage. The word "otherwise" is substituted for the words "in all other respects".

§ 2619. Members of Air Force on temporary retired list: periodic physical examination; final determination of status

- 1 (a) A physical examination shall be given at least once every 18
- 2 months to each member of the Air Force whose name is on the
- 3 temporary retired list to determine whether there has been a change
- 4 in the nature or extent of the disability for which he was temporarily
- 5 retired. He may be required to submit to these examinations while
- 6 his name is carried on the list. The failure of a member to report for
- 7 an examination under this subsection, after receipt of proper noti-
- 8 fication, is cause for terminating his disability retired pay. How-
- 9 ever, payments to him shall be resumed if there was just cause for

10 his failure to report. If payments are so resumed, he is entitled to
 11 the pay which he would have received, but for the termination, for
 12 the period, not more than one year, before the resumption of the
 13 payments.

14 (b) The Secretary of the Air Force shall make a final determina-
 15 tion of the case of each member whose name is on the temporary
 16 retired list upon the expiration of five years after the date when the
 17 member's name was placed upon that list.

18 (c) If, as a result of a periodic examination under subsection (a),
 19 or upon a final determination under subsection (b), it is determined
 20 that the physical disability is of a permanent nature and is at least
 21 30 percent under the standard schedule of rating disabilities in use
 22 by the Veterans' Administration at the time of the determination,
 23 the name of the member shall be removed from the temporary retired
 24 list and he shall be retired under section 2601 or 2607 of this title,
 25 whichever applies, with retired pay computed under section 3101 of
 26 this title.

27 (d) If, as a result of a periodic examination under subsection (a),
 28 or upon a final determination under subsection (b), it is determined
 29 that the physical disability is of a permanent nature and is less than
 30 30 percent under the standard schedule of rating disabilities in use
 31 by the Veterans' Administration at the time of the determination,
 32 the name of the member shall be removed from the temporary retired
 33 list and—

34 (1) if he has less than 20 years of service computed under
 35 section 2615 of this title—

36 (A) he may be separated from the Air Force under section
 37 2605 or 2611 of this title, whichever applies; or

38 (B) if he is eligible for transfer to the inactive status list
 39 under section 2617 of this title, and so elects, he shall be
 40 transferred to that list in lieu of being separated; or

41 (2) if he has at least 20 years of service computed under
 42 section 2615 of this title, he shall be retired under section 2601
 43 or 2607 of this title, whichever applies, with retired pay com-
 44 puted under section 3101 of this title.

45 (e) If, as a result of a periodic examination under subsection (a),
 46 or upon final determination of a member's case under subsection
 47 (b), it is determined that he is physically fit to perform his duties, the
 48 Secretary shall treat him as provided in section 2621 of this title.

49 (f) Any member of the Air Force whose name is on the temporary
 50 retired list, and who is required to travel to submit to a physical
 51 examination under subsection (a), is entitled to the travel and trans-
 52 portation allowances authorized for his retired grade for temporary
 53 duty travel performed on active duty.

Ch. 81 RETIREMENT FOR PHYSICAL DISABILITY § 2621

Revision Note

Based on 37:272 (e) (less 1st proviso of last sentence), 272 (f) (as applicable to 37:272 (e)), and 274.

In subsection (a), the word "periodic" is omitted as covered by the words "at least once every 18 months". The words "at a later date", in 37:274 (b), are omitted as surplusage. 37:274 (a) is omitted as covered by 37:272 (e) (1st sentence).

In subsection (e), the words "in use . . . at the time of the determination" are substituted for the words "in current use", in 37:272 (e). The words "with retired pay computed under section 3101 of this title" are substituted for the words "and he shall be entitled to receive disability retirement pay as prescribed in subsection (d) of this section". References to specific sections on permanent retirement are substituted for the word "permanently", before the word "retired", in 37:272 (e).

In subsection (d), clause (2) (B) is inserted for clarity because of section 2617 of this title.

In subsection (e), the words "as a result of a periodic examination under subsection (a)" are inserted for clarity because of section 2621 of this title.

In subsection (f), the words "rank" and "rating" are omitted as covered by the word "grade".

§ 2621. Members of Air Force on temporary retired list: return to active duty; promotion

1 (a) With his consent, any member of the Air Force whose name is
2 on the temporary retired list, and who is found to be physically fit
3 to perform his duties under section 2619 (e) of this title, may—

4 (1) if a commissioned officer of the Regular Air Force, be
5 recalled to active duty and, as soon as practicable, be reappointed
6 by the President, by and with the advice and consent of the
7 Senate, to the active list of the Regular Air Force in the grade
8 held by him therein when his name was placed on the temporary
9 retired list, or in the next higher grade therein;

10 (2) if a warrant officer of the Regular Air Force, be recalled
11 to active duty and, as soon as practicable, be reappointed in the
12 Regular Air Force by the Secretary of the Air Force in the grade
13 held by him therein when his name was placed on the temporary
14 retired list, or in the next higher warrant grade therein;

15 (3) if an enlisted member of the Regular Air Force, be
16 reenlisted in the Regular Air Force in the grade held by him
17 therein when his name was placed on the temporary retired list,
18 or in the next higher enlisted grade therein;

19 (4) if a member of a reserve component of the Air Force, be
20 reappointed or reenlisted in his reserve component in the grade
21 held by him therein when his name was placed on the temporary
22 retired list, or in the next higher commissioned, warrant, or
23 enlisted grade, as the case may be, in that reserve component;

§ 2621

PERSONNEL

II

24 (5) if a member of the Air National Guard of the United
 25 States when the disability was incurred and, if he cannot be
 26 reappointed or reenlisted therein, be appointed or enlisted in
 27 the Air Force Reserve in the grade corresponding to the grade
 28 held by him in the Air National Guard of the United States
 29 when his name was placed on the temporary retired list, or in
 30 the next higher commissioned, warrant, or enlisted grade, as
 31 the case may be, in the Air Force Reserve; and

32 (6) if a member of the Air Force without specification of
 33 component, be reappointed or reenlisted in the Air Force without
 34 specification of component in the grade held by him therein
 35 when his name was placed on the temporary retired list, or in
 36 the next higher commissioned, warrant, or enlisted grade, as the
 37 case may be, in the Air Force without specification of component.

38 (b) If a person is appointed, reappointed, enlisted, or reenlisted
 39 under subsection (a), his status on the temporary retired list ter-
 40 minates on the date of his appointment, reappointment, enlistment,
 41 or reenlistment, as the case may be. However, if such a person does
 42 not consent to the action proposed under subsection (a), his status
 43 on the temporary retired list and his disability retired pay shall be
 44 terminated as soon as practicable.

45 (c) Disability retired pay terminates—

46 (1) on the date of his recall to active duty under subsection

47 (a) (1), for any officer of the Regular Air Force;

48 (2) on the date of his reappointment or reenlistment, for any
 49 other member of the Air Force.

50 (d) Whenever seniority in grade or years of service is a factor
 51 in determining the qualifications of a member of the Air Force for
 52 promotion, each member who has been appointed, reappointed,
 53 enlisted, or reenlisted, under subsection (a), shall, when his name is
 54 placed on a promotion list or any similar list, have the seniority in
 55 grade and be credited with the years of service authorized by the
 56 Secretary.

57 (e) Action under this section shall be taken on a fair and equitable
 58 basis, with regard being given to the probable opportunities for
 59 advancement and promotion which the member might reasonably
 60 have had if his name had not been placed on the temporary retired list.

Revision Note

Based on 37:275, 276, and 277 (a).

In subsection (a), the reference to 2619 (b) is substituted for the words "If, as a result of a periodic physical examination". The words "his duties" are substituted for the words "the duties of his office, rank, grade, or rating", in 37:275 and 276.

Ch. 81 RETIREMENT FOR PHYSICAL DISABILITY § 2621

In subsection (a) (2), the words "the President", in 37-277 (a), are omitted as inapplicable to the appointment of warrant officers.

Subsection (a) (6), relating to the reappointment of temporary officers who have no commission in a component, is inserted, since the words "Reserve component" are defined by section 102 (k) of the Career Compensation Act of 1949 (37 U. S. C. 231 (k)), to include members of the Air Force appointed without specification of component.

In subsections (a) and (d), the words "rank" and "rating" are omitted as covered by the word "grade".

§ 2625. Members of Air Force: disability severance pay

1 (a) Any member of the Air Force who is separated from the Air
2 Force under section 2605 or 2611 of this title is entitled, upon separa-
3 tion, to disability severance pay. His disability severance pay is
4 computed by multiplying (1) his years of service, but not more than
5 12, computed under section 2613 of this title, by (2) whichever of the
6 following gives him the highest amount:

7 (A) Twice the amount of monthly basic pay to which he would
8 be entitled if serving (i) on active duty on the date when he is
9 separated and (ii) in the grade in which he was serving on the
10 date when his name was placed on the temporary retired list,
11 or, if his name was not carried on that list, on the date when he
12 is separated.

13 (B) Twice the amount of monthly basic pay to which he would
14 be entitled if serving (i) on active duty on the date when his name
15 was placed on the temporary retired list, or, if his name was not
16 carried on that list, on the date when he is separated, and (ii) in
17 any grade in the Air Force without specification of component
18 higher than that described in clause (A), in which he served satis-
19 factorily, as determined by the Secretary of the Air Force.

20 (C) Twice the amount of monthly basic pay to which he would
21 be entitled if serving (i) on active duty on the date when his name
22 was placed on the temporary retired list, or, if his name was not
23 carried on that list, on the date when he is separated, and (ii) in
24 the grade in the Regular Air Force or a reserve component of the
25 Air Force to which he would have been promoted had it not been
26 for the physical disability for which he is separated and which
27 was discovered as a result of a physical examination for promo-
28 tion.

29 (D) Twice the amount of monthly basic pay to which he would
30 be entitled if serving (i) on active duty on the date when his
31 name was placed on the temporary retired list, or, if his name
32 was not carried on that list, on the date when he is separated, and
33 (ii) in the grade in the Air Force without specification of compo-
34 nent to which he would have been promoted had it not been
35 for the physical disability for which he is separated and which

§ 2625

PERSONNEL

36 was discovered as a result of a physical examination for pro-
 37 motion, if his eligibility for promotion was required to be based
 38 on cumulative years of service or years of service in grade.

39 (b) For the purpose of subsection (a), a fraction of one-half or
 40 more of a year of active service is counted as a whole year, and a
 41 fraction of less than one-half of a year is disregarded.

42 (c) The amount of disability severance pay received under this
 43 section shall be deducted from any compensation for the same dis-
 44 ability to which the former member of the Air Force or his dependents
 45 become entitled under any law administered by the Veterans' Admin-
 46 istration. However, no deduction may be made from any death
 47 compensation to which his dependents become entitled because of
 48 his death.

Revision Note

Based on 37-273.

In subsection (a), the words "twice the amount of monthly" are substituted for the words "two months". The words "if his name was not carried on that list" are substituted for the words "whichever is earlier", since the member might be separated without ever being carried on the list. The words "but not more than 12" are substituted for the words "but not to exceed a total of two years' basic pay", to simplify the necessary calculation. The substituted words produce the same result. The words "rank" and "rating" are omitted as covered by the word "grade".

In subsection (b), the words "and a fraction of less than one-half of a year is disregarded" are inserted to reflect the legislative history of the rule (see Senate Hearings on H. R. 5007, 81st Cong., page 313).

In subsection (c), the words "The amount of disability severance pay received under this section" are substituted for the words "That in the case of a former member of the uniformed services who has received disability severance pay as provided in this section, the amount of such disability severance pay".

§ 2627. Members of Air Force: effect of separation on benefits and claims

1 Unless a person who has received disability severance pay again
 2 becomes a member of a uniformed service, he is not entitled to any
 3 payment from the service from which he was separated, for, or
 4 arising out of, his service before separation, under any law admin-
 5 istered by the Air Force or for the Air Force by another uniformed
 6 service. However, this section does not prohibit the payment of
 7 money to a person who has received disability severance pay, if the
 8 money was due him on the date of his separation or becomes due as
 9 a result of a claim against the United States.

Ch. 81 RETIREMENT FOR PHYSICAL DISABILITY § 2631

Revision Note

Based on 37:280.

The words "a person who has received disability severance pay" are substituted for the words "any former member who has been separated for physical disability from any of the uniformed services and paid disability severance pay". The words "any payment . . . for" are substituted for the words "for any monetary obligation provided under any provision . . . on account of". The words "this section does not prohibit" are substituted for the words "shall not operate to bar". The words "the payment of money to . . . if the money was due him" are substituted for the words "from receiving or the service concerned from paying any moneys due and payable". The words "valid" and "processed" are omitted as surplusage.

§ 2629. Secretary of Air Force: powers, functions, and duties

- 1 (a) The Secretary of the Air Force shall prescribe regulations to
2 carry out this chapter.
- 3 (b) The Secretary has all powers, functions, and duties incident to
4 the determination under this chapter of —
- 5 (1) the fitness of any member of the Air Force for active duty;
6 (2) the percentage of disability of any member at the time of
7 his separation from active service;
- 8 (3) the fitness of any person for reappointment, reenlistment,
9 or reentry upon active duty; and
- 10 (4) the entitlement to, and payment of, disability severance
11 pay to any person.
- 12 (c) The Secretary of the Air Force or the Administrator of Vet-
13 erans' Affairs, as prescribed by regulations issued by the President,
14 has the powers, functions, and duties under this chapter incident to
15 hospitalization, reexaminations, and the payment of disability retired
16 pay.

Revision Note

Based on 37:283 (1st 17 words) and 284.

In subsection (a), the words "within his department or agency" are omitted as surplusage.

In subsections (b) and (c), the words "under this chapter" are inserted for clarity.

§ 2631. Disability retiring boards: composition, powers, functions, and duties

- 1 (a) The Secretary of the Air Force may, from time to time, assemble
2 retiring boards to inquire into, and determine the facts concerning the
3 nature and cause of, the disability of any officer of the Air Force who
4 appears to be unfit to perform his duties.
- 5 (b) Each retiring board shall be composed of not less than five nor
6 more than nine commissioned officers of the Air Force. Two mem-

7 bers of the board must be medical officers, if the board consists of five
8 or six members; three, if it consists of seven or eight members; and
9 four, if it consists of nine members. The officers, except the medical
10 officers, must be, so far as practicable, senior in rank to the officer
11 whose disability is to be considered. Each board has the powers of a
12 court-martial and a court of inquiry that are necessary for its purpose.

13 (c) Each member of a retiring board shall swear, in each case, to
14 discharge his duties honestly and impartially.

15 (d) If a board finds that an officer is unfit to perform his duties, it
16 shall also find and report the cause which, in its judgment, produced
17 his disability, and whether the disability is an incident of service.

18 (e) The record of the proceedings and findings of each board shall
19 be sent to the Secretary.

Revision Note

Based on 10:961, 962, 963, 964, and 965.

In subsection (a), the words "under the direction of the President", in 10:961, are omitted as surplusage, since all functions of the Secretary of the Air Force are under the direction of the President. The word "may" is substituted for the word "shall", in 10:961, since section 2629 (b) (1) of this title vests the determination of fitness for active service in the Secretary, making the convening of retiring boards under this revised section discretionary with him. The words "unfit to perform his duties" are substituted for the words "incapable of performing the duties of his office", in 10:964, to conform to the other revised sections of this chapter.

In subsections (a) and (b), the words "of the Air Force" are inserted after the word "officer" for clarity, to conform to an opinion of the Attorney General, 10 Op. Atty. Gen. 116, September 13, 1861, holding that the board cannot be made up of officers of different services.

In subsection (b), the word "commissioned" is inserted before the word "officer", since 10:961-965 when enacted, applied only to commissioned officers. The words "medical officers" are substituted for the words "Medical Corps", in 10:961, since the Air Force does not have organic corps created by statute. The exact number of medical officers on boards of various sizes is inserted for definiteness. The numbers given are based on an opinion of the Judge Advocate General of the Army, 3003, Dec. 19, 1923 (Dig. Ops. JAG 1912-1930, § 325).

In subsection (d), the words "unfit to perform his duties" are substituted for the words "incapacitated for active service", in 10:964, to conform to the other sections of this chapter.

In subsection (e), the words "and shall be laid by him before the President for his approval or disapproval and orders in the case" are omitted as superseded by section 2629 (b) of this title.

§ 2633. Members of Air Force: right to full and fair hearing

1 No member of the Air Force may be retired or separated from the
2 Air Force under this chapter without a full and fair hearing if he
3 demands it.

Ch. 81 RETIREMENT FOR PHYSICAL DISABILITY § 2637

Revision Note

Based on 37, 283 (less last 17 words).
The words "including regulations" are omitted as covered by section 2629 (a) of this title.

§ 2635. Members of Air Force, other than members of Regular Air Force: applicability of laws

- 1 The laws and regulations that entitle any retired member of the
- 2 Regular Air Force to pay, rights, benefits, or privileges apply in like
- 3 manner to any other member of the Air Force who is retired, or to
- 4 whom retired pay is granted, because of physical disability.

Revision Note

Based on 37, 272 (i).
The words "is retired, or to whom retired pay is granted" are substituted for the words "heretofore or hereafter retired or granted retirement pay". The words "any other member of the Air Force" are substituted for the words "all members of the reserve components", since the words "reserve components" are defined by section 162 (k) of the Career Compensation Act of 1949 (37 U. S. C. 231 (k)), to include members of the Air Force appointed, enlisted, or inducted without specification of component.

§ 2637. Suspension of laws for mandatory retirement or separation during war or emergency

- 1 In time of war, or of emergency declared by Congress or the Presi-
- 2 dent, the President may suspend the operation of any provision of
- 3 this chapter prescribing mandatory retirement or separation of officers
- 4 of the Regular Air Force.

Revision Note

Based on 10, 941a (f) (as applicable to mandatory retirement or separation for physical disability).

Revision Note

Based on 10:166g (a) (28th thru 54th and 69th thru 84th words of last proviso).
The words "whose grade in the Regular Air Force is above captain" are substituted for the words "if her permanent grade is major or higher". The words "whichever is later" are omitted as surplusage.

Revision Note

Based on 10:594 (less proviso) and 941a (a) (1) (less 23 words before 1st proviso and 1st proviso, as applicable to warrant officers).

The applicability of 10:941a (a) (1) to warrant officers of the Regular Air Force is based on an opinion of the Judge Advocate General of the Army (JAGA 1950-6951, 4 Jan. 51), which holds that warrant officers are not required to retire at age 60, but may retire at age 60 upon their request.

§ 2707. Age 60: Regular Air Force commissioned officers below major general

Based on 10:941a (a) (1) (less 23 words before 1st proviso and 1st proviso, less applicability to warrant officers).

The words "After that date which is six months after August 7, 1947, unless provided otherwise by some provision of law" and the last proviso are omitted as executed. The words "(other than a professor of the United States Military Academy)" are omitted as inapplicable to the Air Force. The words "under applicable provisions of law" are omitted as surplusage. The words "unless retained under section 2825 of this title" are inserted for clarity.

§ 2711. Age 64: Regular Air Force major generals whose retirement has been deferred

- 1 Each commissioned officer whose grade in the Regular Air Force
- 2 is major general, and whose retirement under section 2825 of this
- 3 title, has been deferred under clause (2) of that section shall be re-
- 4 tired when he becomes 64 years of age, subject to section 3109 of this
- 5 title, unless retired or separated at an earlier date.

Revision Note

The rule stated in the revised section is inserted as a necessary implication of the rule stated in clause (2) of section 2825 of this title.

§ 2713. Computation of years of service: voluntary retirement, Regular Air Force nurses and women medical specialists

- 1 In determining whether an officer of the Regular Air Force who
- 2 is designated as an Air Force nurse or a woman medical specialist may
- 3 be retired under section 2701 or 2703 of this title, and in computing
- 4 her retired pay under section 3101 of this title, her years of service
- 5 are computed, subject to section 3109 of this title, by adding—
- 6 (1) all active duty;
- 7 (2) all service in the Navy or Marine Corps that may be in-
- 8 cluded in determining the eligibility of an officer of the Navy or
- 9 Marine Corps for retirement; and
- 10 (3) all service computed under section 2105 of this title.

Revision Note

Based on 10:166g (a) (55th through 65th words of last proviso), 951 (as applicable to 10:166g (a) (last proviso)), and 951b (as applicable to 10:166g (a)

(last proviso); and uncodified Act of June 18, 1878, ch. 263, section 7 (as applicable to 10:166g (a) (last proviso)), 20 Stat. 150.

The revised section consolidates the words "active Federal service in the armed forces of the United States", in 10:166g (a), with other service computation provisions applicable to nurses and women medical specialists. The words "active duty" are substituted for the words "active Federal service in the armed forces of the United States", in 10:166g (a), for uniformity. The words "longevity pay and" in section 7 of the Act of June 18, 1878, ch. 263, 20 Stat. 150, are omitted as superseded by section 202 of the Career Compensation Act of 1949 (37 U. S. C. 233). The last sentence of section 7 of the Act of June 18, 1878, is omitted, since the distinction between limited and unlimited retired lists was abolished by the Act of June 29, 1948, ch. 708, sec. 201, 62 Stat. 1084.

§ 2715. Computation of years of service; mandatory retirement, Regular Air Force commissioned officers; voluntary retirement, Regular Air Force warrant officers

1 Subject to section 3109 of this title, in computing the retired pay
2 of an officer of the Regular Air Force retired under section 2705,
3 2707, 2709, or 2711 of this title, his years of service are the greater
4 of—

5 (1) the years of service credited to him in computing his basic
6 pay; or

7 (2) his years of service computed under clause (A), (B), (C),
8 (D), or (E), whichever applies:

9 (A) For a commissioned officer of the Regular Air Force
10 appointed in the Regular Army or the Regular Air Force
11 before January 1, 1948, under the Act of December 28,
12 1945, ch. 601 (59 Stat. 663), the service credited to him
13 under that act at the time of his appointment, plus his years
14 of active commissioned service in the Regular Army and the
15 Regular Air Force after that appointment.

16 (B) For a commissioned officer appointed in the Regular
17 Air Force under section 308 of the Women's Armed Services
18 Integration Act of 1948 (62 Stat. 373), the service credited
19 to her under that section at the time of her appointment,
20 plus her years of active commissioned service in the Regu-
21 lar Air Force after that appointment.

22 (C) For a reserve judge advocate appointed in the
23 Regular Army in the grade of captain in the Judge Adv-
24 cate General's Department under section 24e of the National
25 Defense Act, as amended (53 Stat. 558)—

26 (i) his years of active commissioned service in the
27 Army after becoming 21 years of age, from December
28 7, 1941, to the date of that appointment; or

29 (ii) a period of service equal to the number of
30 days, months, and years by which his age at the time

PERSONNEL

II

31 of that appointment exceeded 25 years, whichever is
32 greater;

33 plus his years of active commissioned service in the Regular
34 Army and the Regular Air Force after that appointment.

35 (D) For a commissioned or warrant officer of the Regular
36 Air Force appointed in the Regular Army or the Regular
37 Air Force before December 31, 1947, other than an officer
38 covered by clause (A), (B), or (C), his years of active com-
39 missioned or active warrant service, as the case may be,
40 in the Army and the Air Force after becoming 21 years of
41 age, from December 7, 1941, to the date of his appointment
42 in the Regular Army or the Regular Air Force which next
43 preceded his last entry on active duty, plus his years of
44 active commissioned or active warrant service in the Regular
45 Army and the Regular Air Force after that appointment.

46 (E) For a commissioned or warrant officer of the Regular
47 Air Force appointed in the Regular Army or the Regular
48 Air Force after December 31, 1947, other than an officer
49 covered by clause (B), his active commissioned or active
50 warrant service, as the case may be, in the Army and the
51 Air Force after becoming 21 years of age, from January 1,
52 1948, to the date of his appointment in the Regular Army
53 or the Regular Air Force which next preceded his last entry
54 on active duty, plus his years of active commissioned or
55 active warrant service in the Regular Army and the Regular
56 Air Force after that appointment.

Revision Note

Based on 5:627b (b) (last proviso, as applicable to 10:941a (a) (3)); and 10:941a (b) (less clause (2), as applicable to 10:941a (a) (3)).

The words "his years of service are . . . the years of service credited to him in computing his basic pay" are inserted because of section 3401 of this title. In clauses (D) and (E), the words "which next precede his last entry on active duty" are inserted for clarity, since, in the case of any officer of a Regular component who resigns and is subsequently reappointed in a Regular component, his service is computed from the date of his reappointment. The applicability of 10:941a (b) to warrant officers of the Regular Air Force is based on an opinion of the Judge Advocate General of the Army (JAGA 1950/6951, 4 Jan. 51), which holds that warrant officers are not required to retire at age 60, but may be retired at age 60 upon their request, and because there is no other section under which such a warrant officer could compute his service for retirement at age 60. Clause (1) is inserted because of formula No. 4 of section 3401 of this title.

§ 2717. Computation of retired pay: law applicable

1 A person retired under this chapter is entitled to retired pay
2 computed under chapter 91 of this title.

Ch. 83

RETIREMENT FOR AGE

- 2 the President may suspend the operation of any provision of
- 3 this chapter prescribing mandatory retirement of officers of the
- 4 Regular Air Force.

Revision Note

Based on 10:941a (f) (as applicable to mandatory retirement for age).

- 3 with or without his consent, in the discretion of the Secretary of the
- 4 Air Force, subject to section 3109 of this title.

Revision Note

Based on 10:594 (1st proviso).

The word "hereafter" is omitted as surplusage. The words "computed under section 2831 (a) of this title" are substituted for the words "active service", since that revised section makes explicit the service covered. The words "with or without his consent" are inserted for clarity, and to conform to sections 2701 and 2703 of this title.

§ 2803. **Twenty years or more: Regular Air Force nurses and women medical specialists**

1 An officer of the Regular Air Force who is designated as an Air
2 Force nurse or a woman medical specialist and who has at least 20
3 years of service computed under section 2835 of this title may be
4 retired, upon her request, in the discretion of the Secretary of the
5 Air Force, subject to section 3109 of this title.

Revision Note

Based on 15:106a (a) (1st 24 and 35th through 19th words).

The words "on the active list" are omitted as surplusage, since only an officer on the active list could be retired. The words "computed under section 2835 of this title" are inserted for clarity.

§ 2804. **Twenty years or more: Regular Air Force commissioned officers; deferred officers not recommended for promotion**

1 (a) A deferred officer who is not recommended for promotion
2 under section 1351 (c) of this title, and who has at least 20 years of
3 service computed under section 2833 (a) of this title, shall be retired,
4 subject to section 3109 of this title, one year and 30 days after the
5 earlier of the following dates:

6 (1) The date of appointment to the grade concerned of the
7 first officer junior to him on the list considered by the first
8 selection board.

9 (2) The date on which he would have completed, for promo-
10 tion purposes, 7, 14, or 21 years of service, if he is in the grade
11 of first lieutenant, captain, or major, as the case may be, had his
12 years of service not been reduced under section 1351 (b) of this
13 title.

14 (b) If such a deferred officer is not eligible for retirement under
15 subsection (a) or any other provision of law, but is within two years
16 of becoming entitled to retirement under subsection (a) or some other
17 provision of law, he shall be retained on the active list in his Regular
18 Air Force grade until so entitled to retire, and then retired, subject
19 to section 3109 of this title, unless sooner retired or separated under
20 another provision of law.

Revision Note

Based on 10:559c (b) (10th through 53d words and proviso of last sentence), 559c (c), 941a (d) (2d sentence), and 941a (e) (1st 14 words of clause (1)).

In subsection (b), the words "or some other provision of law" are inserted, since the proviso of 10:559c (b) and the second sentence of 10:941a (d) refer to the provisions of 10:941a (c), which include, as an alternative method of retirement, retirement under any other provision of law.

§ 2805

PERSONNEL

II

§ 2805. **Twenty to thirty years: Regular Air Force enlisted members** _____

1 Under regulations prescribed by the Secretary of the Air Force,
2 an enlisted member of the Regular Air Force who has at least 20, but
3 less than 30, years of service computed under section 2829 of this
4 title may be transferred to the enlisted section of the Air Force
5 Reserve at his request, and thereupon, subject to section 3109 of
6 this title, he retired from the Regular Air Force. He remains a
7 member of the Air Force Reserve, and shall perform such active duty
8 as may be prescribed under law, until his service computed under
9 section 2829 of this title, plus his inactive service as a member of the
10 Air Force Reserve, equals 30 years.

Revision Note

Based on 10:948 (1st sentence) and 948a.

The words "now or hereafter", in 10:948a, are omitted as surplusage. The words "computed under section 2829 of this title" are substituted for the words "active Federal service", since that revised section makes explicit the service covered.

§ 2807. **Twenty to thirty years: Regular Air Force and reserve commissioned officers** _____

1 A commissioned officer of the Regular Air Force, or of a reserve
2 component of the Air Force, who has at least 20, but not more than
3 30, years of service computed under section 2831 of this title, at
4 least 10 years of which have been active duty as a commissioned
5 officer, may be retired upon his request, in the discretion of the
6 Secretary of the Air Force, subject to section 3109 of this title.

Revision Note

Based on 5:927b (b) (less proviso); and 10:943a and 971b (1st 104 words and 4th proviso).

The words "A commissioned officer of the Regular Air Force, or of a reserve component of the Air Force" are substituted for the words "any officer on the active list of the . . . Regular Air Force . . . or any officer of the reserve components of the . . . Air Force of the United States". The words "Philippine Scouts" are omitted as obsolete. The words "upon his request" are substituted for the words "upon his own application". The words "service computed under section 2831 of this title" are substituted for the words "active Federal service in the armed forces of the United States", since that revised section makes explicit the service covered. The fourth proviso of 10:971b is omitted as executed. 5:927b (b) (less proviso) is omitted as covered by section 2111 of this title.

§ 2809. **Twenty-five years: female promotion-list majors**

1 After June 29, 1953, each female promotion-list officer in the grade
2 of major in the Regular Air Force, except an officer designated as an

Ch. 85 RETIREMENT FOR LENGTH OF SERVICE § 2811

3 Air Force nurse or a woman medical specialist, shall be retired,
 4 subject to section 3109 of this title, on the thirtieth day after she
 5 completes 25 years of service computed under section 2833 of this
 6 title, unless retired or separated at an earlier date.

Revision Note

Based on 5-6276 (b) (5th proviso).

The word "retired" is substituted for the words "eliminated from the active list". The words "the thirtieth day after" are substituted for the words "that date which is thirty days after the date upon which". The words "under other provisions of law" and "unless she is appointed in the permanent grade of lieutenant colonel in the Regular Air Force before that date" are omitted as surplusage. The words "computed under section 2833 of this title" are inserted for clarity. The words "except an officer designated as an Air Force nurse or a woman medical specialist" are inserted, since such an officer might be a "promotion-list" officer under section 1337 of this title. Mandatory retirement of nurses and women medical specialists is covered by sections 2701 and 2703 of this title.

§ 2811. Twenty-eight years: promotion-list lieutenant colonels

1 (a) After June 30, 1953, each promotion-list officer in the grade
 2 of lieutenant colonel in the Regular Air Force, except an officer
 3 designated as an Air Force nurse or a woman medical specialist,
 4 shall be retired, subject to section 3109 of this title, on the thirtieth
 5 day after he completes 28 years of service computed under section
 6 2833 of this title, unless retired or separated at an earlier date.
 7 However, if his name is carried on the list of officers recommended
 8 for appointment to the grade of colonel in the Regular Air Force,
 9 he shall be retained on the active list while his name is so carried.

10 (b) Subject to section 3109 of this title, the Secretary of the Air
 11 Force may defer the retirement under this section of—

12 (1) any promotion-list officer in the grade of lieutenant
 13 colonel in the Regular Air Force who is designated as a medical,
 14 dental, veterinary, or medical service officer, or as a chaplain,
 15 but not later than the date upon which he becomes 60 years
 16 of age;

17 (2) any female promotion-list officer in the grade of lieutenant
 18 colonel in the Regular Air Force, except an officer designated
 19 as an Air Force nurse or a woman medical specialist, until the
 20 thirtieth day after she completes 30 years of service computed
 21 under section 2833 of this title; and

22 (3) any female promotion-list officer in the grade of lieuten-
 23 ant colonel in the Regular Air Force, except an officer design-
 24 ated as an Air Force nurse or a woman medical specialist, while
 25 serving in the grade of colonel in the Air Force without specifi-
 26 cation of component.

§ 2811

PERSONNEL

11

Revision Note

Based on 5:627b (b) (1st and 2d proviso); and 10:941a (d) (clause (4), less 3d and last proviso).

In subsection (a), the words "unless provided otherwise by some provision of law", "heretofore or hereafter appointed", "under other provisions of law", "eliminated from the active list and", "unless he is appointed in the permanent grade of colonel, or any higher permanent grade, in the Regular Army before that date", and "and if appointed in the permanent grade of colonel their elimination from the active list shall be governed by the provisions of paragraph (3) of this subsection", are omitted as surplusage. The words "the thirtieth day after" are substituted for the words "that date which is thirty days after". The words "computed under section 2833 of this title" are inserted for clarity.

In subsection (a) and clause (2) and (3) of subsection (b), the words "except an officer designated as an Air Force nurse or a woman medical specialist" are inserted, since such an officer might be a "promotion list" officer under section 1337 of this title. Mandatory retirement of nurses and woman medical specialists is covered by sections 2701 and 2703 of this title.

§ 2813. Thirty years or more: Regular Air Force enlisted members

- 1 An enlisted member of the Regular Air Force who has at least 30
- 2 years of service computed under section 2829 of this title shall be
- 3 retired upon his request, subject to section 3109 of this title.

Revision Note

Based on 10:947 (less proviso) and 947a (less last 11 words).

The words "upon his request" are substituted for the words "upon making application to the President", in 10:947, and "by application to the President", in 10:947a. The words "either as a private or non-commissioned officer, or both", in 10:947a, are omitted as surplusage. The words "shall be retired" are substituted for the words "be placed upon the retired list", in 10:947, and "be placed on the retired list heretofore created", in 10:947a. The words "computed under section 2829 of this title" are inserted for clarity.

§ 2815. Thirty years or more: Regular Air Force commissioned officers

- 1 A commissioned officer of the Regular Air Force who has at least
- 2 30 years of service computed under section 2831 of this title may be
- 3 retired upon his request, in the discretion of the President, subject
- 4 to section 3109 of this title.

Revision Note

Based on 10:943.

The word "commissioned" is inserted, since the retirement of warrant officers for length of service is covered by section 2801 of this title. The words "Regular Air Force" are inserted, since 10:943 is applicable historically only to officers of a Regular component. The words "and placed on the retired list" are omitted as surplusage. The words "computed under section 2831 of this title" are inserted for clarity.

Ch. 85 - RETIREMENT FOR LENGTH OF SERVICE § 2821

§ 2817. **Thirty years or more: Regular Air Force commissioned officers; excessive number**

1 Whenever the Secretary of the Air Force believes that there is an
 2 excessive number of commissioned officers on the active list of the
 3 Regular Air Force, in any grade, who have at least 30 years of service
 4 computed under section 2833 (a) of this title, he may convene a board
 5 of not less than five general officers of the Regular Air Force. The
 6 board shall consider all officers on the active list in that grade and
 7 with that service, and shall recommend officers, by name, for retire-
 8 ment, in the number specified by the Secretary. The Secretary may
 9 retire any officer so recommended, subject to section 3109 of this
 10 title.

Revision Note

Based on 10:941a (c).

The words "After August 7, 1947" are omitted as executed. The word "commissioned" is inserted for clarity, since any warrant officer may be retired under section 2801 of this title in the discretion of the Secretary after 29 years of service. The words "recommend officers by name, for retirement, in the number specified by the Secretary" are substituted for the words "recommend for retirement a specified number thereof" to make it clear that the Secretary specifies the number to be recommended by the board, and that the board names the officers. The words "computed under section 2833 (a) of this title" are inserted for clarity.

§ 2821. **Thirty years or five years in grade: promotion-list colonels**

1 (a) After June 30, 1953, each promotion-list officer in the grade
 2 of colonel in the Regular Air Force shall, unless retired or separated
 3 at an earlier date, be retired, subject to section 3109 of this title, on
 4 the fifth anniversary of the date of his appointment in that grade in
 5 the Regular Air Force or on the thirtieth day after he completes
 6 30 years of service computed under section 2833 (a) of this title,
 7 whichever is later. However, if his name is carried on the list of
 8 officers recommended for appointment to the grade of brigadier
 9 general in the Regular Air Force, he shall be retained on the active
 10 list while his name is so carried.

11 (b) Subject to section 3109 of this title, the Secretary of the Air
 12 Force may defer the retirement under this section of any promotion-
 13 list officer in the grade of colonel in the Regular Air Force who is
 14 designated as a medical, dental, veterinary, or medical service officer,
 15 or as a chaplain, but not later than the date upon which he becomes
 16 60 years of age. The number of deferments in effect under this
 17 subsection for any one promotion list at any one time may not be
 18 more than 10 percent of the number of colonels authorized for that
 19 list.

§ 2821

PERSONNEL

Revision Note

Based on 10-941a (d) (clause (2), less 81st through 105th words of 2d proviso).

In subsection (a), the words "unless provided otherwise by some provision of law", "heretofore or hereafter", "under other provisions of law", "eliminated from the active list and", "unless he is appointed in the permanent grade of brigadier general, or any higher permanent grade, in the Regular Army before the later of such two dates", and "and if appointed in the permanent grade of brigadier general their elimination from the active list shall be governed by the provisions of paragraph (2) of this subsection", are omitted as surplusage. The words "the thirtieth day after" are substituted for the words "that date which is thirty days after". The words "computed under section 2833 (a) of this title" are inserted for clarity.

§ 2823. Thirty years or five years in grade: Regular Air Force brigadier generals

- 1 (a) Unless retired or separated at an earlier date, each officer in
2 the grade of brigadier general in the Regular Air Force shall be re-
3 tired, subject to section 3109 of this title, on the fifth anniversary of
4 the date of his appointment in that grade in the Regular Air Force,
5 or on the thirtieth day after he completes 30 years of service computed
6 under section 2833 (a) of this title, whichever is later. However, if
7 his name is carried on the list of officers recommended for appoint-
8 ment to the grade of major general in the Regular Air Force, he shall
9 be retained on the active list while his name is so carried.
- 10 (b) Subject to section 3109 of this title, the Secretary of the Air
11 Force may defer the retirement under this section of any brigadier
12 general who is serving in a higher grade in the Air Force without
13 specification of component, but not later than the date upon which
14 he becomes 60 years of age. Not more than 10 deferments under this
15 subsection may be in effect at any one time.

Revision Note

Based on 10-941a (d) (clause (2)).

In subsection (a), the words "After that date which is six months after August 7, 1947" are omitted as executed. The words "unless provided otherwise by some provision of law", "heretofore or hereafter appointed", "under other provisions of law", "eliminated from the active list and", "unless he is appointed in the permanent grade of major general in the Regular Army before the later of such two dates", and "and if appointed in the permanent grade of major general their elimination from the active list shall be governed by the provisions of paragraph (1) of this subsection", are omitted as surplusage. The last proviso of 10-941a (d) is omitted as inapplicable to the Air Force. The words "the thirtieth day after" are substituted for the words "that date which is thirty days after". The words "computed under section 2833 (a) of this title" are inserted for clarity.

Ch. 85 RETIREMENT FOR LENGTH OF SERVICE § 2827

§ 2825. *Thirty-five years or five years in grade: Regular Air Force major generals*

1 Unless retired or separated at an earlier date, each officer in the
2 grade of major general in the Regular Air Force shall be retired,
3 subject to section 3109 of this title, on the fifth anniversary of the
4 date of his appointment in that grade in the Regular Air Force, or on
5 the thirtieth day after he completes 35 years of service computed
6 under section 2833 (a) of this title, whichever is later. However,
7 subject to section 3109 of this title, the Secretary of the Air Force
8 may defer the retirement under this section of—

- 9 (1) any such major general, but not later than the date upon
10 which he becomes 60 years of age; and
11 (2) any such major general who is serving in a grade above
12 major general in the Air Force without specification of com-
13 ponent, or who is serving in a position which carries a grade
14 above major general, but not later than the date upon which he
15 becomes 64 years of age; and not more than 10 deferments under
16 this clause may be in effect at any one time.

Revision Note

Based on 10:941a (d) (1st sentence and clause (1)).

10:941a (d) (1st sentence) is omitted as surplusage, since it is merely a state-
ment of the general coverage of 10:941a (d) and (e). The words "After that
date which is six months after August 7, 1947" are omitted as executed. The
words "unless provided otherwise by some provision of law", "herebefore or here-
after appointed", "under other provisions of law", "eliminated from the active
list and", and "unless he is permanently appointed in a grade above that of
major general before the later of such two dates", are omitted as surplusage.
The words "the thirtieth day after" are substituted for the words "that date
which is thirty days after the date upon which". The words "but not later than
the date upon which he becomes 60 years of age" are substituted for the words
"until age sixty is reached", to make it clear that the Secretary can retire the
officer between the time he is deferred and the time he reaches that age. For
the same reason, the words "but not later than the date upon which he becomes
64 years of age" are substituted for the words "until age sixty-four is reached".
The words "computed under section 2833 (a) of this title" are inserted for clarity.

§ 2827. *Forty years or more: Air Force officers*

- 1 (a) Except as provided in section 2411 of this title, a commissioned
2 officer of the Air Force who has at least 40 years of service computed
3 under section 2831 of this title shall be retired upon his request,
4 subject to section 3109 of this title.
5 (b) Any warrant officer of the Air Force who has at least 40 years
6 of service computed under section 2831 (a) of this title shall be re-
7 tired upon his request, subject to section 3109 of this title.

Revision Note

Based on 10-942.

In subsection (a), the words "Except as provided in section 2411 of this title" are inserted, since, under that revised section, when board proceedings are pending against a commissioned officer, his right to retire under this revised section, which is otherwise absolute, is discretionary with the Secretary under that revised section.

In subsections (a) and (b), the words "or volunteer service, or both" are omitted as obsolete in accordance with an opinion of the Attorney General, 22 Ops. Atty. Gen. 199, August 30, 1898, holding that such words refer to volunteer service in the Civil War. The words "upon his request" are substituted for the words "if he make application therefor to the President".

In subsection (b), the applicability of 10-942 to warrant officers is based on an opinion of the Judge Advocate General of the Army (JAGA 1959-6951, 4 Jan. 51), which holds that 10-594 (less proviso) makes 10-942 applicable to warrant officers.

§ 2829. Computation of years of service; voluntary retirement,
Regular Air Force enlisted members

- 1 (a) In determining whether an enlisted member of the Regular
2 Air Force may be retired under section 2805 or 2813 of this title,
3 and in computing his retired pay under section 3101 of this title,
4 his years of service are computed, subject to section 3109 of this
5 title, by adding all active duty in the Army, Navy, Air Force, Marine
6 Corps, or Coast Guard, and service computed under section 2105
7 of this title.
8 (b) Time required to be made up under section 2011 of this
9 title may not be counted in determining years of service under
10 subsection (a).

Revision Note

Based on 10-947 (proviso) and 958.

In subsection (a), the words "active duty" are substituted for the words "service", in 10-947, and "active Federal service performed", in 10-958, for uniformity. The words "including service computed under section 2105 of this title" are inserted, since a person entitled to count service under that revised section might cease to be a nurse or woman medical specialist and thereafter become entitled to retire under one of the revised sections referred to in subsection (a) of this revised section.

Subsection (b) is inserted because of section 2011 of this title and in accordance with long standing interpretation of the effect of 10-1579 upon the computation of years of service for retirement.

OK 85 RETIREMENT FOR LENGTH OF SERVICE § 2831

§ 2831. Computation of years of service: voluntary retirement, Regular Air Force and reserve commissioned officers; discretionary retirement, Air Force warrant officers

- 1 (a) In determining whether an officer of the Air Force may be
 2 retired under section 2801, 2807, 2815, or 2827 of this title, his years
 3 of service are computed by adding —
 4 (1) all active duty performed as a member of the Army or the
 5 Air Force;
 6 (2) all service in the Navy or Marine Corps that may be in-
 7 cluded in determining the eligibility of an officer of the Navy or
 8 Marine Corps for retirement;
 9 (3) all service computed under section 2105 of this title; and
 10 (4) if an officer of the Regular Air Force, all active duty
 11 performed as an officer of the Philippine Constabulary.
 12 (b) In determining whether a medical officer of the Regular Air
 13 Force may be retired under section 2807, 2815, or 2827 of this title,
 14 his years of service are computed by adding to his service under
 15 subsection (a) all service performed as a contract surgeon, acting
 16 assistant surgeon, or contract physician, under a contract to serve
 17 full time and to take and change station as ordered.
 18 (c) In determining whether a dental officer of the Regular Air Force
 19 may be retired under section 2807, 2815, or 2827 of this title, his years
 20 of service are computed by adding to his service under subsection (a)
 21 all service as a contract dental surgeon or acting dental surgeon.

Revision Note

Based on 10-951 (less applicability to 10-169g (a)), 951a, 951b (less applicability to 10-169g (a)), and 951c, and uncodified Act of June 18, 1878, ch. 263, sec. 7 (less applicability to 10-169g (a)), 29 Stat. 150.

In subsection (a), the words "pay period and", in 10-951a, are omitted as superseded by section 202 of the Career Compensation Act of 1949 (37 U. S. C. 233). The words "longevity pay and" in section 7 of the Act of June 18, 1878, ch. 263, 29 Stat. 150, are omitted for the same reason. The last sentence of section 7 of that act is omitted, since the distinction between limited and unlimited retired lists was abolished by the Act of June 24, 1948, ch. 708, sec. 201, 62 Stat. 1084. Clause (a) (3) is inserted, since a person entitled to credit service under section 2105 of this title might cease to be a nurse or woman medical specialist and thereafter become entitled to retire under one of the revised sections referred to in subsection (a) of this revised section.

In subsection (b), the words "active duty performed as a member of the Medical Reserve Corps", in 10-951a, are omitted as covered by clause (a) (1) of the revised section.

§ 2833. **Computation of years of service: mandatory retirement,
Regular Air Force commissioned officers**

1 (a) In determining whether a commissioned officer of the Regular
2 Air Force may be retired under section 2804, 2809, 2811, 2817, 2821,
3 2823, or 2825 of this title, his years of service are:

4 (1) For a commissioned officer of the Regular Air Force ap-
5 pointed in the Regular Army or the Regular Air Force before
6 January 1, 1948, under the Act of December 28, 1945, ch. 601
7 (59 Stat. 663), the service credited to him under that act at the
8 time of his appointment, plus his years of active commissioned
9 service in the Regular Army and the Regular Air Force after
10 that appointment.

11 (2) For a commissioned officer appointed in the Regular Air
12 Force under section 398 of the Women's Armed Services Integ-
13 ration Act of 1948 (62 Stat. 373) the service credited to her under
14 that section at the time of her appointment, plus her years of
15 active commissioned service in the Regular Air Force after that
16 appointment.

17 (3) For a reserve judge advocate appointed in the Regular
18 Army in the grade of captain in the Judge Advocate General's
19 Department under section 24e of the National Defense Act, as
20 amended (53 Stat. 558):

21 (A) his years of active commissioned service in the Army
22 after becoming 21 years of age, from December 7, 1941, to
23 the date of that appointment; or

24 (B) a period of service equal to the number of days,
25 months, and years by which his age at the time of that ap-
26 pointment exceeded 25 years;

27 whichever is greater, plus his years of active commissioned
28 service in the Regular Army and the Regular Air Force after
29 that appointment.

30 (4) For a commissioned officer of the Regular Air Force
31 appointed in the Regular Army or the Regular Air Force before
32 December 31, 1947, other than an officer covered by clause (1),
33 (2), or (3), his years of active commissioned service in the
34 Army and the Air Force after becoming 21 years of age, from
35 December 7, 1941, to the date of his appointment in the Regular
36 Army or the Regular Air Force which next preceded his last
37 entry on active duty, plus his years of active commissioned
38 service in the Regular Army and the Regular Air Force after
39 that appointment.

40 (5) For a commissioned officer of the Regular Air Force
41 appointed in the Regular Army or the Regular Air Force after
42 December 31, 1947, other than an officer covered by clause (2),

Ch. 85 RETIREMENT FOR LENGTH OF SERVICE 2835

43 his active commissioned service in the Army and the Air Force
 44 after becoming 21 years of age, from January 1, 1918, to the
 45 date of his appointment in the Regular Army or the Regular Air
 46 Force which next preceded his last entry on active duty, plus
 47 his years of active commissioned service in the Regular Army
 48 and the Regular Air Force after that appointment.

49 (b) Subject to section 3109 of this title, in computing the retired
 50 pay of a commissioned officer of the Regular Air Force retired under
 51 section 2804, 2809, 2811, 2817, 2821, 2823, or 2825 of this title, his
 52 years of service are the greater of —

- 53 (1) the years of service credited to him in computing his
 54 basic pay, or
 55 (2) his years of service computed under clause (1), (2), (3),
 56 (4), or (5) of subsection (a), whichever is applicable.

Revision Note

Based on 5-627b (b) (last proviso, as applicable to 10-941a (c) and (d)), and
 10-941a (b) (less clause (2), as applicable to 10-941a (c) and (d)).

In clauses (4) and (5), the words "which next preceded his last entry on
 active duty" are inserted for clarity, since, in the case of any officer of a Regular
 component who resigns and is subsequently reappointed in a Regular component,
 his service is computed from the date of his reappointment.

Subsection (b) is inserted because of formula No. 4 of section 3104 of this title.

 2 cialist of the Regular Air Force may be retired under section 2803 of
 3 this title, and in computing her retired pay under section 3104 of this
 4 title, her years of service are computed, subject to section 3109 of
 5 this title, by adding —

- 6 (1) all active duty;
 7 (2) all service in the Navy or Marine Corps that may be in-
 8 cluded in determining the eligibility of an officer of the Navy or
 9 Marine Corps for retirement; and
 10 (3) all service computed under section 2105 of this title.

provisions applicable to nurses and women medical specialists. The words "active duty" are substituted for the words "active Federal service in the armed forces of the United States", in 10,166g (a), for uniformity. The words "longevity pay and", in section 7 of the Act of June 18, 1878, ch. 263, 20 Stat. 150, are omitted as superseded by section 202 of the Career Compensation Act of 1949 (37 U. S. C. 233). The last sentence of section 7 of that act is omitted, since the distinction between limited and unlimited retired lists was abolished by the Act of June 29, 1948, ch. 708, sec. 201, 62 Stat. 1084.

- 2 recent military service has been in the Air Force is entitled to retired
- 3 pay computed under section 3101 of this title, upon application to
- 4 the Secretary of the Air Force, if he—
- 5 (1) is at least 60 years of age;
- 6 (2) has at least 20 years of service computed under section
- 7 2903 of this title;
- 8 (3) performed the last eight years of those years of service as
- 9 a member of a reserve component of any of the armed forces, or
- 10 as a member of the Army or Air Force without specification of
- 11 component or other category named in section 2903 (a) (1) of
- 12 this title, but not while he was a member of a regular component
- 13 of the Army, Navy, Air Force, or Marine Corps; and
- 14 (4) is not entitled, under any other provision of law, to retired

Revision Note

Based on 10-1036a (a), 1036a (d), and 1036d (1st sentence).

In subsection (a), the words "is entitled" are substituted for the words "shall . . . be granted". The words "in the status of a commissioned officer, warrant officer, flight officer, or enlisted person" and the references to reserve components are omitted as surplusage. The words "as a member of a reserve component" are omitted, since the words "reserve component", as used in 10-1036a (a), include all members of the Air Force except members of the Regular Air Force. The words "service computed under section 2901 of this title" are substituted for the words "satisfactory Federal service" to make it clear that some service that is not normally covered by the latter term may be counted in determining rights to retired pay under this chapter.

In clause (k) (4), the words "Fleet Marine Corps Reserve" are inserted because of section 2 of the Naval Reserve Act of 1938 (44 U. S. C. 832a).

In subsection (b), the words "the Army without specification of component or other category covered by section 2903 (a) (1) of this title" are inserted, since the words "reserve component", as used in 10-1036a (a) also cover members without specification of component and members of the other special categories listed. The words "annual training duty, or attendance at a school designated as a service school by law or by the Secretary of the appropriate military department" are inserted, since the words "active Federal service", as used in 10-1036a (a), also cover the additional service listed. The words "active duty" are substituted for the words "active Federal service" for uniformity.

Subsection (c) is inserted in accordance with an opinion of the Comptroller General, 28 Comp. Gen. 655, May 20, 1949, holding that the first proviso of 10-1036a (a) must be construed to prohibit members of the Air Force from counting service performed after July 26, 1949, in a reserve component of the Army for the purpose of determining whether their last eight years are the type of service contemplated by 10-1036a (a) (1st proviso).

§ 2903. Computation of years of service in determining entitlement to retired pay

- 1 (a) Except as provided in subsection (b), for the purpose of deter-
 2 mining whether a person is entitled to retired pay under section 2901
 3 of this title, his years of service are computed by adding —
 4 (1) his years of service, before July 1, 1949, in —
 5 (A) the armed forces of the United States;
 6 (B) the federally recognized National Guard before June
 7 15, 1963;
 8 (C) a federally recognized status in the National Guard
 9 before June 15, 1963;
 10 (D) the Naval Reserve Force;
 11 (E) the Naval Militia that conformed to the standards
 12 prescribed by the Secretary of the Navy; and
 13 (F) the National Naval Volunteers; and
 14 (2) each one-year period, after July 1, 1949, in which he has
 15 been credited with at least 50 points on the following basis —

Ch. 87 RETIRED PAY FOR NON-REGULAR SERVICE § 2903

- 16 (A) one point for each day of the following service that
 17 conformed to required standards and qualifications --
 18 (i) active duty;
 19 (ii) annual training duty; and
 20 (iii) attendance at a school designated as a service
 21 school by law or by the Secretary of the appropriate
 22 military department;
- 23 (B) one point for each attendance at a drill or period of
 24 equivalent instruction which was prescribed for that year by
 25 the Secretary of the appropriate department and which
 26 conformed to the requirements prescribed by law; and
- 27 (C) points at the rate of 15 a year for membership in a
 28 reserve component of any of the armed forces, in the Army
 29 or Air Force without specification of component, or in
 30 another category covered by subsection (a) (1) except a
 31 regular component.
- 32 (b) The following service may not be counted under subsection (a):
- 33 (1) Service in an inactive section of the Officers' Reserve
 34 Corps or an inactive section of the officers' section of the Air
 35 Force Reserve, other than active duty, annual training duty, and
 36 attendance at a school designated as a service school by law or
 37 by the Secretary of a military department.
- 38 (2) Service while on the Honorary Retired List of the Naval
 39 Reserve or of the Marine Corps Reserve, other than active duty,
 40 annual training duty, and attendance at a school designated as a
 41 service school by law or by the Secretary of a military department.
- 42 (3) Service in the inactive National Guard.
- 43 (4) Service in a non-federally recognized status in the National
 44 Guard.

Revision Note

Based on 10:1036a (1), 1036a (2), 1036e (a), 1036e (b), 1036e (c) (less applicability to determination of retired pay), 1036e (d) (less applicability to determination of retired pay), 1036e (e), and 1036e (f).

Subsection (a) consolidates the provisions of 10:1036a and 1036e (b)-(d) relating to service that may be counted in determining eligibility for retired pay under this chapter. 10:1036e (a) is omitted as covered by the enumeration of the service that may be counted for the purposes of the revised section.

In clauses (a) (1) (A)-(C), the requirement that the service must have been satisfactory is omitted as executed, since all service before July 1, 1949, has been found to have been satisfactory by the Secretaries of the Army, Navy, and Air Force.

In clause (a) (1) (A), the words "the armed forces of the United States" are substituted for clauses (1), (2), (5)-(7), (9), (10), (13)-(15) of 10:1036e (e), and so much of clause (8) of 10:1036e (e), as relates to the Naval Reserve and the Naval Reserve Force as constituted after February 28, 1925, since the service covered by those clauses when added to service in the regular components, con-

prises all service in the armed forces. The exceptions for members of the Fleet Reserve and Fleet Naval Reserve, in clause (8) of 10:1036c (c), and for members of the Fleet Marine Corps Reserve transferred thereto after completion of 16 or more years of active Naval service, in clause (9) of 10:1036c (c), are omitted as surplusage. Personnel mentioned in these exceptions are already excluded from the benefits of retired pay granted by section 2901 of this title, since clause (4) of that revised section excludes any person who is receiving retainer pay. The words "member of the Fleet Reserve transferred thereto after 16 years" and the comparable phrase for Marine Corps personnel are applied in the Naval service only to persons who are transferred under circumstances entitling them to retainer pay.

In clauses (a) (1) (B) (C), the words "June 15" are inserted to reflect the exact date of the change in National Guard status made by the Act of June 15, 1933, ch. 87, section 5, 48 Stat. 155, which established the National Guard of the United States as a reserve component of the Army.

In clause (a) (2) (A), the words "service that conforms to required standards and qualifications" are substituted for 10:1036c (b). Clauses (a) (2) (A) (i)-(iii) combine 10:1036a (b) (1) and that part of 10:1036c (d) relating to service that may be counted after July 1, 1949, for the purposes of this chapter to make it clear that "active Federal service", in the broad sense in which the term is used in 10:1036a-c, includes annual training duty and attendance at service schools.

Clauses (a) (1)-(3) are inserted because of 10:1036c (c), which states that the service enumerated in those clauses may not be considered in determining eligibility for retired pay under this chapter.

In subsections (a) and (b), the words "active duty" are substituted for the words "active Federal service" for uniformity of expression.

§ 2905. Computation of years of service in computing retired pay

- 1 For the purpose of computing the retired pay of a person entitled
- 2 to it under this chapter, his years of service and any fraction of such
- 3 a year (on the basis of 360 days a year) are computed by adding —
- 4 (1) his years, and fractions of years, of —
- 5 (A) active duty;
- 6 (B) annual training duty; and
- 7 (C) attendance at any school designated as a service
- 8 school by law or by the Secretary of the appropriate mili-
- 9 tary department;
- 10 (2) 1/360 of a year for each point credited to him for drill,
- 11 equivalent instruction, or membership, under clause (B) or (C)
- 12 of section 2903 (a) (2) of this title, but not more than 60/360 of
- 13 a year in any year; and
- 14 (3) 50/360 of a year for each year of service which was per-
- 15 formed by him before July 1, 1949, in a reserve component, in
- 16 the Army or the Air Force without specification of component,
- 17 or in another category covered by section 2903 (a) (1) of this
- 18 title, but which was not active duty, annual training duty, or

Ch. 87 RETIRED PAY FOR NON-REGULAR SERVICE § 2907

- 19 attendance at a school designated as a service school by law or
20 by the Secretary of any of the military departments.

Revision Note

Based on 10: 1036b (less 1st 91 words and 1st proviso), 1036c (as applicable to determination of retired pay), and 1036e (d) (as applicable to determination of retired pay).

The revised section consolidates provisions of 10: 1036b and 1036c relating to the years of service that may be counted in determining retired pay for persons entitled to that pay under this chapter.

In clauses (1) (A) and (3), the words "active duty" are substituted for the words "active Federal service" for uniformity.

In clauses (1) (B) and (1) (C), the words "June 15" are inserted to reflect the exact date of the change in National Guard status made by the Act of June 15, 1943, ch. 87, sec. 5, 48 Stat. 155, which established the National Guard of the United States as a reserve component of the Army.

In clause (2), the words "1,360 of a year" are substituted for the word "day", and the words "60,360 of a year" are substituted for the words "sixty days". In clause (3), the words "50,360 of a year" are substituted for the words "fifty days". These changes are made to conform to the basic requirement of 10: 1036b that for pay purposes service is computed on the basis of years and fractions of years, and on the basis of 360 days a year.

§ 2907. Suspension or termination of right to the accrual of additional benefits

- 1 (a) No person is entitled to the accrual of additional retired pay
2 benefits under this chapter while he is in an inactive reserve status
3 under section 731 (b) of this title.
4 (b) The right of a person to the accrual of additional retired pay
5 benefits under this chapter terminates when he is retired without pay
6 or his appointment or enlistment is terminated under section 731 (b)
7 of this title.

Revision Note

Based on 10: 1036e (last sentence).

In subsection (a), the words "while he is in an inactive reserve status under section 731 (b) of this title" are substituted for the words "Such action shall affect a termination of", insofar as they relate to transfer to an inactive reserve status, since such a transfer does not necessarily terminate the right to reenter upon an active status.

In subsections (a) and (b), the word "additional" is substituted for 10: 1036e (25 words preceding proviso of last sentence); 10: 1036e (proviso of last sentence) is omitted as executed, since the Secretary of the Navy has determined that all service before July 1, 1949, was satisfactory service.

In subsection (b), the words "when he is retired without pay or his appointment or enlistment is terminated under section 731 (b) of this title" are substituted for the words "Such action", insofar as they relate to retirement without pay or termination of appointment or enlistment.

§ 2909

PERSONNEL

11

§ 2909. Inactive status list

- 1 (a) A person who would be eligible for retired pay under this
- 2 chapter but for the fact that he is under 60 years of age may be
- 3 transferred, at his request and by direction of the Secretary of the
- 4 Air Force, to such inactive status list as may be established for mem-
- 5 bers of the Air Force other than members of the Regular Air Force.
- 6 (b) While on an inactive status list under subsection (a), a person
- 7 is not required to participate in any training or other program pre-
- 8 scribed for his component, and he is not entitled to be credited with
- 9 additional service under sections 2903 and 2905 of this title.
- 10 (c) The Secretary may at any time recall to active status a member
- 11 who is on an inactive status list under subsection (a).

Revision Note

Based on 10-1036g.

In subsection (a), the words "for members of the Air Force other than members of the Regular Air Force" are substituted for the words "for the reserve components . . . of the Air Force of the United States", since the words "reserve components", as used in section 2903 of this title, include all members of the Army except members of the Regular Army.

In subsection (b), the words "service under sections 2903 and 2905 of this title" are substituted for the words "active Federal service or additional Federal service in a reserve component other than active Federal service for the purpose of said sections".

In subsection (c), the last 32 words of the last sentence of 10-1036g are omitted as surplusage.

§ 2911. Service credited for retired pay benefits not excluded for other benefits

- 1 No period of service included in whole or in part in determining a
- 2 person's right to, or the amount of, retired pay under this chapter
- 3 may be excluded in determining his eligibility for any annuity, pen-
- 4 sion, or old-age benefit, under any other law, on account of civilian
- 5 employment in the Federal Government or otherwise, or in deter-
- 6 mining the amount payable under that law, if that service is otherwise
- 7 properly credited under it.

Revision Note

Based on 10-1036d (less 1st sentence).

§ 2913. Limitation on active duty

- 1 No member of the Air Force may be ordered to active duty solely
- 2 for the purpose of qualifying him for retired pay under this chapter.

Revision Note

Based on 10-1036h.

The first sentence of 10-1036h is omitted as surplusage.

Ch. 87 RETIRED PAY FOR NON-REGULAR SERVICE § 2915

§ 2915. Regulations

- 1 The Secretary of the Air Force shall prescribe regulations to carry
- 2 out this chapter.

Revision Note

Based on 10-1036f.

The words "as they may deem necessary" and "with respect to personnel of the Air Force" are omitted as surplusage. The words "rules" and "procedures" are omitted as covered by the word "regulations".

CHAPTER 39. RETIRED GRADE

Sec.

- 3001. General rule.
- 3003. Higher grade for service in special positions: Regular Air Force commissioned officers.
- 3005. Higher grade for service during certain periods: Regular Air Force and reserve commissioned officers.
- 3007. Grade on retirement for physical disability: members of Air Force.
- 3009. Higher grade for physical disability: retired officers recalled to active duty.
- 3011. Higher grade after 30 years of service: Regular Air Force warrant officers and enlisted members.
- 3013. Restoration to former grades: Air Force warrant officers and enlisted members.
- 3015. Entitlement to commission: commissioned officers advanced on retired list.
- 3017. Retired lists.
- 3019. Regulations.

§ 3001. General rule

- 1. Unless entitled to a higher retired grade under some other provision
- 2 of law, a member of the Air Force retires in the grade he holds, on
- 3 the date of retirement, in (1) the Regular Air Force, (2) a reserve
- 4 component of the Air Force, or (3) the Air Force without specifica-
- 5 tion of component if he holds no grade in the Regular Air Force or
- 6 a reserve component of the Air Force.

Revision Note

Based on 10:5296 (a) (7) (last 13 words, less words "or pay"), 941a (a) (3) (31a through 42d words), 941a (a) (2) (proviso, as applicable to retired grade), 941a (a) (1c) (proviso of clause (1), as applicable to retired grade), 947a (last 11 words), and 1025 and 37:279 (last 18 words).

The applicability of the rule stated in the revised section to situations not expressly covered by the language in the source credits above is necessarily implied from laws providing for retirement in higher grade in those situations.

§ 3003. Higher grade for service in special positions: Regular Air Force commissioned officers

- 1. (a) Upon retirement, a commissioned officer of the Regular Air
- 2 Force who has served (1) as Chief of Staff to the President, (2) as
- 3 Chief of Staff of the Air Force, (3) as a senior member of the Military
- 4 and Naval Staff Committee of the United Nations, or (4) in a position
- 5 of importance and responsibility designated by the President to
- 6 carry the grade of general or lieutenant general under section 711
- 7 of this title, may be appointed, by and with the advice and consent
- 8 of the Senate, in the highest grade held by him on the active list
- 9 while so serving, and, if so appointed, is entitled to retire in that grade.

Ch. 89

RETIRED GRADE

§ 3005

10 (b) Upon retirement, any woman air force officer who has served
 11 two and one-half years on active duty in the grade of colonel in the
 12 Air Force without specification of component under section 721 of
 13 this title may, in the discretion of the President, be retired in that
 14 grade.

Revision Note

Based on 5-627b (b) (1st 42 words of 3d proviso) and 10-309b (b) (1st and 2d provisos).

In subsection (a), the words "who has served (1) as Chief of Staff to the President, (2) as Chief of Staff of the Air Force, (3) as a senior member of the Military and Naval Staff Committee of the United Nations, or (4) in a position of importance and responsibility designated by the President to carry the grade of general or lieutenant general under section 711 of this title" are substituted for the words "while serving in accordance with the provisions of subsection (b) or (c) of this section". The word "appointed" is inserted to make it clear that the officer, at the time of his retirement, is appointed to the office of the higher grade in the constitutional sense.

In subsection (b), the words "in that grade" are substituted for the words "in such higher temporary grade". The words "under section 721 of this title" are inserted for clarity.

§ 3005. Higher grade for service during certain periods: Regular Air Force and reserve commissioned officers

1 (a) A commissioned officer of the Regular Air Force who is retired,
 2 or a commissioned officer of a reserve component of the Air Force
 3 who is retired or to whom retired pay is granted, is entitled to be
 4 placed upon the appropriate retired list in the grade in the Air Force
 5 without specification of component that is equivalent to the highest
 6 grade he held in the Army without specification of component in
 7 which he served on active duty satisfactorily, as determined by the
 8 Secretary of the Air Force, for not less than six months, after Sep-
 9 tember 8, 1940, and before July 1, 1946.

10 (b) A commissioned officer of the Regular Air Force who is retired,
 11 or a commissioned officer of a reserve component of the Air Force
 12 who is retired or to whom retired pay is granted, before January 2,
 13 1957, while serving on active duty in a grade below lieutenant gen-
 14 eral in the Air Force without specification of component, is entitled
 15 to be placed upon the appropriate retired list in the grade held
 16 by him while so serving. However, no officer may be ordered to
 17 active duty, or promoted to a higher grade in the Air Force without
 18 specification of component, for the sole purpose of enabling him to be
 19 placed on a retired list in a higher grade under this subsection.

20 (c) Upon retirement, an Air Force nurse or woman medical special-
 21 ist who was (1) a member of the Army Nurse Corps established
 22 by the Act of July 9, 1918 (40 Stat. 879), (2) a female dietitian or
 23 physical therapist appointed in the Army under the Act of December

§ 3005

PERSONNEL

11

24 22, 1942 (56 Stat. 1972), or (3) a female officer appointed in the Army
 25 under the Act of June 22, 1944 (58 Stat. 324), is entitled to a retired
 26 grade equal to the highest grade or relative rank in which she served
 27 on active duty satisfactorily, as determined by the Secretary, after
 28 September 8, 1940, and before July 1, 1946.

Revision Note

Based on 10-1002 (less 34 words before proviso and proviso), 1003 (less last 40 words), and 1005 (less 36 words before proviso and proviso).

In subsections (a), (b), and (c), the provisions of 10-1002, 1003, and 1005, applicable to members retired before the enactment of this title are omitted as executed. Members retired after enactment of this title are entitled to the higher retired grade upon retirement, and are not advanced on the retired list to that grade.

In subsection (b), the words "below lieutenant general" are substituted for the words "not higher than that of major general".

In subsection (c), the provisions of 10-1003 are limited to Air Force nurses and women medical specialists of the Regular Air Force, since, under section 113 of the Army-Navy Nurses Act of 1947 (10 U. S. C. 1697), no further appointments may be made under the Acts of July 9, 1918, 40 Stat. 879, December 22, 1942, 56 Stat. 1073, and June 22, 1944, 58 Stat. 324, and appointments previously made thereunder ceased to exist on October 17, 1947, except as to certain retirement and other rights which are now executed.

§ 3007. **Grade on retirement for physical disability: members of Air Force**

1 Any member of the Air Force who is retired for physical disability
 2 under section 2601 or 2607 of this title is entitled to be retired in the
 3 highest of the following grades:

4 (1) The grade in which he is serving on the date when his
 5 name is placed on the temporary retired list or on the date
 6 when he is retired, whichever is earlier.

7 (2) The highest grade in the Air Force without specification
 8 of component in which he served satisfactorily, as determined by
 9 the Secretary of the Air Force.

10 (3) For a promotion-list officer, other than an Air Force
 11 nurse or a woman medical specialist, who is on a recommended
 12 list, the grade in the Regular Air Force to which it was recom-
 13 mended that he be promoted.

14 (4) For any other member of the Regular Air Force, the grade
 15 in the Regular Air Force to which he would have been promoted
 16 had it not been for the physical disability for which he is retired
 17 and which was discovered as a result of the physical examination
 18 for promotion.

19 (5) For a member of a reserve component of the Air Force
 20 on duty as such, the grade in his reserve component to which

RETIRED GRADE

§ 3009

21 he would have been promoted had it not been for the physical
22 disability for which he is retired and which was discovered as a
23 result of the physical examination for promotion.

24 (6) The grade in the Air Force without specification of com-
25 ponent to which he would have been promoted had it not been
26 for the physical disability for which he is retired, if eligibility
27 for that promotion was required to be based on cumulative
28 years of service or years of service in grade and the disability
29 was discovered as a result of a physical examination for that
30 promotion.

Revision Note

Based on 10:559a (a) (7) (less last 13 words), 594 (last proviso), and 1001 (proviso); and 37:272 (d) (101)(b) through (28th) words, as applicable to retired grade), 272 (d) (24 and 5th provisos), and 279 (less last 18 words, as applicable to 37:272 (d) (less last proviso)).

The last proviso of 10:594 and the proviso of 10:1004 are omitted as superseded by 37:272 (d) and 279. The words "rank" and "rating" are omitted as surplusage.

In clause (3), the words "with retired pay at the rate of 75 per centum of the active-duty pay of the grade to which recommended", in 10:559a (a) (7), are omitted as superseded by formula Nos. 1 and 2 of section 3101 and section 3103 of this title. The words "other than an Air Force nurse or a woman medical specialist" are inserted, since such an officer might be a "promotion-list" officer under section 1337 of this title. However, 10:559a (a) (7), as enacted, was inapplicable to nurses and women medical specialists.

Clause (4) is limited in application to members of the Regular Air Force not covered by clause (3), since 10:559a (a) (7) is broader than 37:272 (d) (5b) proviso.

§ 3009. Higher grade for physical disability: retired officers recalled to active duty

1 (a) A member of the Air Force who has been retired for physical
2 disability under section 2601 or 2607 of this title, and who while on
3 active duty incurs a physical disability which is in addition to, or
4 which aggravates, the disability for which he was retired, is entitled,
5 upon his return to a retired status, to the highest grade to which he
6 was promoted and in which he served satisfactorily, as determined
7 by the Secretary of the Air Force, while on that duty.

8 (b) An officer of the Regular Air Force who was retired for physical
9 disability before October 1, 1949, and who, while on active duty in a
10 higher grade in the Air Force without specification of component,
11 incurs additional physical disability, is entitled to be promoted on
12 the retired list to that higher grade, if the Secretary, or a person
13 designated by him, finds that the additional disability (1) is at least
14 30 percent of the officer's aggregate permanent disability, and (2) is
15 incident to service in the higher grade.

16 (c) An officer of the Air Force, other than of the Regular Air Force,
17 who would be entitled to the benefits of subsection (b) if he were a
18 member of the Regular Air Force, is entitled to those benefits if--

19 (1) he was retired, or retired pay was granted to him, after
20 April 6, 1917, and before June 30, 1943; or

21 (2) the additional physical disability was determined or
22 incurred after June 29, 1943, and in time of war or of an
23 emergency declared by the President, or within six months
24 thereafter.

25 (d) An officer of the Regular Air Force who has been retired for
26 reasons other than physical disability, and who while on active duty
27 in a higher grade in the Air Force without specification of component,
28 incurs a physical disability, is entitled to be promoted on the retired
29 list to that higher grade.

30 (e) An officer of the Air Force, other than of the Regular Air
31 Force, who would be entitled to the benefits of subsection (d) if he
32 were a member of the Regular Air Force is entitled to those benefits
33 if he was retired, or retired pay was granted to him, after April 6,
34 1917, and before June 30, 1943.

35 (f) An officer is entitled to the benefits of subsections (b), (c),
36 (d), and (e) only if proceedings to obtain those benefits are initiated
37 within six months after his release from active duty, or the termina-
38 tion of the appointment that he held in the Air Force without speci-
39 fication of component when he incurred the disability, whichever was
40 earlier.

41 (g) The Secretary may prescribe regulations to carry out this
42 section.

Revision Note

Based on 10:983b, 983c, 983e, and 983f, and 37:272 (d) (last proviso, as applicable to retired grade), and 279 (last 18 words, as applicable to 37:272 (d) (last proviso)).

Subsection (a) is limited in application to a member of the Air Force retired for physical disability under Title IV of the Career Compensation Act of 1949 (37:271-285) who is thereafter recalled to active duty. This is in accordance with an opinion of the Judge Advocate General of the Army (CSJAGA 1949-9481), 30 Dec. 49, holding that a member of the Army retired under the provisions of a law other than Title IV of the Career Compensation Act of 1949 who is recalled to active duty, promoted to a higher grade, and thereafter physically disabled, although entitled, under 37:272 (d) (last proviso) to compute his retired pay upon the basis of the higher grade if the disability is 30 percent or more, is not entitled to the higher grade by virtue of the provisions of 37:279, because he was retired under another law and not under Title IV of the Career Compensation Act of 1949. To qualify for higher retired grade, as distinct from the right to retired pay based upon a grade to which promoted while on active duty after retirement, an officer must qualify under one of the other subsections of the revised section. The words "in use . . . at the time of the determination" are substituted for the words "in current use".

Ch. 89

RETIRED GRADE

§ 3013

In subsection (b), the words "before October 1, 1949" are inserted, since members of the Air Force retired after that date are covered by subsection (a) of the revised section.

In subsections (b), (d), and (f), the words "in a higher grade in the Air Force without specification of component" are substituted for the words "under a temporary appointment in a higher grade", in 10:985b, 985e, and 985e.

In subsections (e) and (g), the words "an officer of the Air Force, other than of the Regular Air Force" are substituted for the words "officers of the Army of the United States", in 10:985e, since officers of the Regular Air Force are covered by subsections (b) and (d) of the revised section. The words "after June 29, 1943", in subsection (e), and "before June 30, 1943", in subsections (e) and (g), are inserted to reflect the limitations of 10:985e. The last 33 words of 10:985e are omitted as surplusage.

Subsection (g) authorizes the Secretary to prescribe regulations to carry out subsection (a), as well as the other subsections, of the revised section, because of section 2629 (a) of this title.

§ 3011. Higher grade after 30 years of service: Regular Air Force warrant officers and enlisted members

- 1 Each warrant officer of the Air Force, and each enlisted member of
- 2 the Regular Air Force, who is retired before or after this title is
- 3 enacted is entitled, when his active duty plus his service on the retired
- 4 list totals 30 years, to be advanced on the retired list to the grade in
- 5 the Air Force without specification of component that is equivalent
- 6 to the highest grade in the Army without specification of component
- 7 in which he served on active duty satisfactorily, as determined by the
- 8 Secretary of the Air Force, after September 8, 1949, and before July
- 9 1, 1946.

Revision Note

Based on 10:594 (4th proviso, less last 30 words) and 1004 (less 30 words before proviso and proviso).

The words "under any provision of law" and "active service", in 10:594 and 10:1004, "officer, flight officer, or warrant officer", in 10:594, and "commission, warrant, or enlisted", in 10:1004, are omitted as surplusage.

§ 3013. Restoration to former grade: Air Force warrant officers and enlisted members

- 1 Each retired warrant officer or enlisted member of the Air Force
- 2 who has been advanced on the retired list to a commissioned grade,
- 3 and who applies to the Secretary of the Air Force within one year
- 4 after his advancement, shall, if the Secretary approves, be restored
- 5 on the retired list to his former warrant-officer or enlisted status, as
- 6 the case may be.

Revision Note

Based on 37:311 (last proviso) and 313 (proviso).

The words "shall thereafter be deemed to be enlisted or warrant-officer personnel, as appropriate, for all purposes, including the computation of their retired

§ 3013

PERSONNEL

11

pay based on such enlisted or warrant-officer rank, grade, or rating, as the case may be" are omitted as surplusage. The words "commissioned grade" are substituted for the words "higher officer rank or grade". The words "one year from the effective date of this section" and "whichever is the later" are omitted as executed.

§ 3015. Entitlement to commission: commissioned officers advanced on retired list

- 1 A commissioned officer who is advanced to a higher grade on a
2 retired list is entitled to a commission in that grade.

Revision Note

Based on 10: 1014.

The words "by operation of or in accordance with law" and "and shall receive" are omitted as surplusage. The words "in that grade" are substituted for the words "in accordance with such advanced rank".

§ 3017. Retired lists

- 1 (a) The Secretary of the Air Force shall maintain a retired list,
2 to be published annually in the official Air Force Register, containing
3 the name of each retired commissioned officer of the Regular Air Force.
4 (b) The Secretary shall maintain a retired list, to be published
5 annually in the official Air Force Register, containing the name of—
6 (1) each person entitled to retired pay under any law provid-
7 ing retired pay for commissioned officers of the Air Force, other
8 than of the Regular Air Force; and
9 (2) each retired warrant officer or enlisted member of the
10 Regular Air Force who is advanced to a commissioned grade.
11 (c) The Secretary shall maintain a temporary retired list contain-
12 ing the names placed thereon under section 2603 or 2609 of this title.
13 The list shall be published annually in the official Air Force Register
14 or any other official Air Force publication.
15 (d) The Secretary shall maintain a retired list containing the name
16 of each retired warrant officer of the Air Force.
17 (e) The Secretary shall maintain a retired list containing the name
18 of each retired enlisted member of the Regular Air Force.

Revision Note

Based on 10: 1001 and 1036, and 37:271 (b).

In subsections (a), (b), and (e), the word "maintain" is substituted for the word "establish", since the lists have been established and are published annually.

In subsection (a), the words "Effective upon June 29, 1948" are omitted as surplusage. The last 12 words of the first sentence and the last sentence of 10: 1001 are omitted as no longer required, since, upon enactment of this title, laws referring to the limited or unlimited retired list will be specifically repealed.

In subsection (b), the word "shall" is substituted for the word "may", since 10: 1036 further requires that such a list be published annually in the Register.

Ch. 89

RETIRED GRADE

§ 3019

The requirement as to publication necessarily implies that the list must be maintained.

Clause (b) (1) is substituted for the words "all commissioned officers and former commissioned officers . . . of the Air Force of the United States, as the case may be . . . or the Regular Air Force, heretofore or hereafter granted retirement pay under sections 456, 456a, and 4036a of this title, or any law hereafter enacted to provide retirement pay for commissioned officers . . . or the Regular Air Force".

In clause (b) (2), the words "who is advanced to a commissioned grade" are substituted for the words "heretofore or hereafter retired under any provision of law who, by reason of service in temporary commissioned grades . . . or the Air Force of the United States, or in any of the respective components thereof, are entitled to be retired with commissioned rank or grade".

In subsection (c), the words "containing the names placed thereon under section 2663 or 2609 of this title" are substituted for the words "upon which shall be placed the names of all members of his service entitled to such placement pursuant to the provisions of this subchapter".

Subsections (d) and (e) are inserted, since sections 3011 and 3013 of this title refer to service on the retired list as a warrant officer or enlisted member.

§ 3019. Regulations

The Secretary of the Air Force may prescribe regulations to carry out sections 2801, 2807, 3005, 3007, 3011, and 3017 of this title.

Revision Note

Based on 10-1007(a).

The word "prescribe" is substituted for the word "promulgate".

Revision Note

The third sentence of the introductory paragraph is based on 10-559a (a) (7) (words "or pay"), 941a (a) (3) (proviso, less applicability to retired grade), and 941a (c) (1st proviso of clause (1), less applicability to retired grade).
 Formula No. 1 is based on 37-272 (d) (less 1st 55 and 104th through 128th words; and less 1st, 2d, 3th, 5th, and last provisos), 272 (b) (104th through 128th words; less applicability to retired grade), and 272 (c) (1st proviso of last sentence).
 Formula No. 2 is based on 37-272 (d) (1st 55 words and 4th proviso).
 Formula No. 3 is based on 10-166g (a) (less 1st 49 words, 1st proviso, and 1st 84 words of last proviso).
 Formula No. 4 is based on 10-941a (a) (3) (less 31st through 42d words and proviso) and 941a (c) (clause (1), less 1st 14 and 94th through 113th words, and less 1st proviso).
 Formula No. 5 is based on 10-594 (2d proviso, less words "at the time of retirement"), 971, and 971b (less 1st 104 words; and less 1st, 3d, and 10th provisos).
 Formula No. 6 is based on 10-948 (less 1st sentence, and less 1st and last provisos of last sentence).
 Formula No. 7 is based on 10-980.
 Formula No. 8 is based on 10-1036b (1st 91 words and 1st proviso).
 Footnotes 1, 2, and 3 are based on 5-627b (b) (3d proviso, less 1st 42 and last 13 words); and 10-594 (words "at the time of retirement" of 2d proviso), 1002 (34 words before proviso and proviso), 1003 (last 10 words), and 1005 (36 words before proviso of 1st sentence and proviso).
 Footnote 4 is based on 10-506b (d) (1st proviso).

Footnote 5 is based on 10:166g (a) (1st proviso), 594 (3d proviso), 941a (c) (941b thru 1131b) words of clause (1), 948 (1st proviso of last sentence), 971b (1st proviso), and 37:272 (d) (1st proviso).

Footnote 6 is based on 10:948 (1st proviso of last sentence).

The applicability of the rule stated in the third sentence of the introductory paragraph of the revised section to situations not expressly covered by the laws named in the sources credits above is a practical construction that the rule must be reciprocally applied in all cases.

In formula No. 1, the words "whichever is earlier", in 37:272 (d) (clause (2)), are omitted, since they are contrary to the rule stated in 37:272 (c) (1st proviso of last sentence).

In formula No. 2, the words "for the period during which his name is carried on such disability retired list, be it in no event to exceed a period of five years" are omitted as covered by section 2649 of this title.

In formula No. 4, the words "basic pay" are substituted for the words "base and longevity pay" to conform to the terminology of the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.). The words "his retired grade" are substituted for the words "permanent grade held at time of retirement" to reflect the right to higher retired grade when qualified under other provisions of law. The last proviso of clause (1) of 10:941a (c) is omitted, since, under section 202 of the Career Compensation Act of 1949 (37 U. S. C. 233), the active duty pay of all members of the Air Force is based upon years of service.

In formula No. 5, the computation is based on monthly pay instead of annual pay to conform to the other formulas of the revised section. The words "basic pay" are substituted for the words "active duty base and longevity pay", and the words "in determining his basic pay" are substituted for the words "for longevity pay purposes", to conform to the terminology of the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.). The words "monthly basic pay of member's retired grade" are substituted for the words "at the time of retirement", in 10:594, "the rank upon which they are retired", in 10:571, and "rank with which retired", in 10:571b, to reflect their right to advancement on the retired list. 10:571 now applies only when the retiring officer has 30 or more years of service which may be credited in computing his retired pay. The second proviso of 10:571b is omitted, since, under section 202 of the Career Compensation Act of 1949 (37 U. S. C. 233), the pay of all members of the Air Force is based upon cumulative years of service. The last proviso of 10:571b is omitted, since the distinction between limited and unqualified retired lists was abolished by the Act of June 29, 1948, ch. 598, section 201, 62 Stat. 1984.

In formula Nos. 6 and 7, the words "credited under section 2829" are substituted for the words "active Federal service", since that revised section makes explicit the service covered. 10:980 now applies only when the retiring enlisted member has 30 or more years of service which may be credited in computing his retired pay.

In formula No. 8, the computation is based on monthly pay instead of annual pay to conform to the other formulas of the revised section. The words "basic pay" are substituted for the words "base and longevity pay" to conform to the terminology of the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.). The words "which he would receive if serving, at the time granted such pay, on active duty" are omitted as surplusage and to conform to the other formulas of the revised section, since the effect of these words is covered by footnote 1. The words "at any time" are substituted for the words "during his entire period of service".

Footnotes 1 and 2 and the first sentence of footnote 3 reflect the long-standing construction of those provisions dealing with computation of retired pay which do not specifically provide that the member is entitled to compute his retired pay on the basis of the monthly basic pay to which he would be entitled if he were on active duty in his retired grade. In those cases covered by the last sentence of footnote 3, however, the cited provisions which grant higher retired grade, make such specific provision. Except in cases covered by formula No. 5, the pertinent basic computation provisions for such retirement either provide for computation of retired pay on the same basis as the provisions dealing with higher retired grade, or the basic retirement provisions were themselves enacted after the provisions authorizing higher retired grade. The provisions of 10:1002 and 1005 are omitted as surplusage, since no formula for the computation of retired pay includes inactive service on the retired list as a credit.

In footnote 5 the words "and disregard a fraction of less than one-half of a year" are made applicable to formula Nos. 1-7, although this part of the rule is expressed only as to formula No. 4, in 10:911a (c) (1). The legislative history of the Career Compensation Act of 1949 (Hearings before the Committee on Armed Services of the Senate on H. R. 5907, 81st Congress, First Session, page 314, July 6, 1949) indicates that the provisions upon which formula Nos. 1, 2, 3, 5, 6 and 7 are based should be construed to require that a fraction of less than one-half of a year be disregarded.

§ 3103. Recomputation of retired pay to reflect later active duty

- 1 (a) Except in cases covered by subsections (b) and (c), a member
- 2 of the Air Force who has been retired or to whom retired pay has
- 3 been granted, and who thereafter serves on active duty, is entitled,
- 4 upon release from that duty, to recompute his retired pay under the
- 5 law upon which his retired pay was based immediately before that
- 6 duty to reflect that duty. The recomputation shall be based upon
- 7 the pay of the grade in which he would be placed upon the retired list
- 8 were he not already on that list.
- 9 (b) A retired member of the Air Force who, while serving on active
- 10 duty, incurs a physical disability for which he would be eligible to
- 11 retire under section 2601 or 2607 of this title but for the fact that
- 12 he is already retired, or who incurs a physical disability which is in
- 13 addition to, or which aggravates, a physical disability for which he
- 14 was retired, is entitled, upon his release from that duty, to recompute
- 15 his retired pay under subsection (d).
- 16 (c) A member of the Air Force whose name is on the temporary
- 17 retired list, and who, while serving on active duty, incurs a physical
- 18 disability which is in addition to, or which aggravates, a physical
- 19 disability for which his name was placed on the temporary retired
- 20 list, is entitled, if qualified under section 2603 or 2609 of this title, to
- 21 retired pay computed under subsection (d) when he is relieved from
- 22 active duty.
- 23 (d) The monthly retired pay of a member of the Air Force covered
- 24 by subsection (b) or (c) is computed as follows:

§ 3104

| Highest monthly basic pay that member received while on active duty after retirement or after date when his name was placed on temporary retired list, as the case may be, but if, while on that duty, he was promoted to a higher grade in which he served satisfactorily, as determined by the secretary of the Air Force, the monthly basic pay to which he would be entitled if he were on active duty in that higher grade. | As member elects:
(1) 25% of years of service credited to him under section 3031, or
(2) the highest percent age of disability incurred while on active duty after retirement or after date when his name was placed on temporary retired list, as the case may be. | Amount necessary to increase product of columns 1 and 2 to 80% of pay upon which computation is based, if member is on temporary retired list. | From year to year 5% of pay upon which computation is based. |

¹ Before applying percentage factor, credit a fraction of one-half or more of a year as a whole year, and disregard a fraction of less than one-half a year.

Revision Note

Based on 37-272 (b) (last proviso, less applicability to retired grades) and 316 (less 3d proviso).

In subsection (a), the words "under the law upon which his retired pay was based immediately before that duty" are substituted for the words "by the base and longevity pay or the basic pay, as the case may be" to make explicit that persons retired before October 1, 1949, who thereafter serve on active duty, upon release from that duty continue to compute their retired pay under the same law upon which their retired pay was based immediately before that duty as determined under section 511 of the Career Compensation Act of 1949 (37 U. S. C. 311). The words "Except in cases covered by subsections (b) and (c)" are inserted, since the broader language of 37-316 is modified by the specific provisions of 37-272 (d) (last proviso).

In subsection (b), the requirement, in 37-272 (b) (last proviso), that the physical disability incurred be 30 percent or more is omitted as surplusage, since it is also required that the member be qualified for physical disability retirement under Title IV of the Career Compensation Act of 1949 (37 U. S. C. 271-285).

In footnote 1, the words "and disregard a fraction of less than one-half of a year" are inserted to conform to footnote 3 of section 3101 of this title.

§ 3105. Recomputation of retired pay to reflect advancement on retired list

- 1 A member of the Air Force who is advanced on the retired list
- 2 under section 3011 of this title is entitled to recompute his retired
- 3 pay as follows:

| Column 1
Take | Column 2
Multiply by | Column 3
Add | Column 4
Subtract |
|---|---|-----------------|---|
| Monthly basic pay or base and longevity pay, as the case may be, of grade to which member advanced on retired list. | 75% of years of service credited to him under section 3031. | | Excess over 75% of pay upon which computation is based. |

¹ Compute, subject to section 3109 of this title, an rate applicable on date of retirement.
² Before applying percentage factor, credit a fraction of one-half or more of a year as a whole year, and disregard a fraction of less than one-half of a year.

Revision Note

Based on 10-594 that 39 words of 40) proviso and 1001 (30 words before proviso).

The words "basic pay . . . as the case may be" are inserted to conform to the terminology of the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.). The words "at the rate prescribed by law for his length of service", in 10-1004, are omitted as covered by the words "base and longevity pay", in 10-594. The words "base and longevity pay" are retained to cover the cases of members retired before the enactment of the Career Compensation Act of 1949, and advanced on the retired list after the enactment of that act. The words "and disregard a fraction of less than one-half of a year" are inserted to conform to footnote 5 of section 3101 of this title.

§ 3107. Disability retired pay: treatment under Internal Revenue Code

- 1 That part of the disability retired pay of a member of the Air Force,
- 2 computed under formula No. 1 or 2 of section 3101 or section 3103 (d)
- 3 of this title on the basis of years of service, which exceeds the disability
- 4 retired pay that he would receive if it were computed on the basis of
- 5 percentage of disability is not considered as a pension, annuity, or
- 6 similar allowance for personal injury or sickness resulting from active
- 7 service in the armed forces, under section 22 (b) (5) of the Internal
- 8 Revenue Code, as amended (26 U. S. C. 22 (b) (5)).

Revision Note

Based on 37-272 (b).

§ 3109. Effective date of retirement

- 1 Retirement authorized by this subtitle shall take effect on the first
- 2 day of the month following the month in which retirement would
- 3 otherwise be effective. However, the rate of active or retired pay
- 4 or allowance shall be computed as of the date retirement would have
- 5 occurred if this section had not been enacted.

Revision Note

Based on 5-47a (as applicable to members of Air Force).

The words "by this subtitle" are substituted for the words "law of Federal personnel of whatever class, civil, military, naval, judicial, legislative, or otherwise, and for whatever cause retired". The words "and said first day of the month for retirements made after July 1, 1930, shall be for all purposes in lieu of such date for retirement as was on April 23, 1930, authorized" are omitted as surplusage.

The words "subject to section 3109 of this title" are inserted for clarity in the following revised sections: 2601, 2607, 2701, 2703, 2705, 2707, 2708, 2709, 2711, 2713, 2715, 2801, 2803, 2804, 2805, 2807, 2809, 2811, 2813, 2815, 2817, 2821, 2823, 2825, 2827, 2829, 2833, 2835, 3101, and 3105.

Revision Note

Based on 10:422 (5th, 6th, and last sentences).

In subsection (b), the 6th sentence of 10:422 is omitted as covered by section 501 (a) of the Career Compensation Act of 1949 (37 U. S. C. 301 (a)). The provisos of the last sentence of 10:422 are omitted as superseded by section 501 (b) of the Career Compensation Act of 1949 (37 U. S. C. 301 (b)).

§ 3502. Air National Guard of United States: training

The Secretary of the Air Force may provide for the training, with or without pay, of a member of the Air National Guard of the United States, with his consent.

Revision Note

Based on 32:62 (4th proviso of last sentence, as applicable to training; and last proviso of last sentence).

The last proviso of the last sentence of 32:62 is omitted as superseded by section 501 (b) of the Career Compensation Act of 1949 (37 U. S. C. 301 (b)).

§ 3503. Members of Air Force: detail as students, observers, and investigators at educational institutions, industrial plants, and hospitals

1 (a) The Secretary of the Air Force may detail members of the
 2 Air Force as students at such technical, professional, and other
 3 civilian educational institutions, or as students, observers, or investi-
 4 gators at such industrial plants, hospitals, and other places, as are
 5 best suited to enable them to acquire knowledge or experience in
 6 the specialties in which it is considered necessary that they perfect
 7 themselves.

8 (b) A commissioned or warrant officer, other than one of the
 9 Regular Air Force on the active list, who is detailed under subsection
 10 (a) shall be ordered to additional active duty immediately upon
 11 termination of the detail, for a period at least as long as the detail but
 12 not longer than four years. However, if the detail is for 90 days or
 13 less, the officer may be ordered to that additional duty only with his
 14 consent and in the discretion of the Secretary.

15 (c) No member of the Air National Guard or the Air Force
 16 Reserve may be detailed as a student, observer, or investigator, or

17 ordered to active duty under this section, without his consent, and,
 18 if a member of the Air National Guard, without the approval of the

 32 actual strength in commissioned officers, 8 percent of the actual
 33 strength in warrant officers, or 2 percent of the actual strength in
 34 enlisted members, of the total of reserve components of the Air Force,
 35 be detailed as students under subsection (a). In computing the actual
 36 strength of each class of reserve personnel, both those on active duty
 37 and those not on active duty shall be included.

38 (g) All expenditures incident to the detail of members of the Air
 39 Force under this section shall be paid from funds appropriated for the
 40 Department of the Air Force.

Revision Note

Based on 5 626j and 626r.

In subsection (a), the words "members of the Air Force" are substituted for the words "personnel of the Air Force of the United States, without regard to component".

In subsection (b), the words "is detailed under subsection (a)" are substituted for the words "receives such instruction". The words "as long as the detail" are substituted for the words "equal to the duration of his period of instruction". The words "However, if the detail is for" are substituted for the words "except that where the duration of such training is". The words "other than one of the Regular Air Force on the active list" are inserted, since members of the Regular Air Force on the active list are on continuous active duty. The word "additional" is inserted, since the detail under this section is active duty.

§ 3505. Enlisted members of Air Force: schools

1 (a) So far as consistent with the requirements of military training
 2 and service, and under regulations prescribed by the Secretary of the
 3 Air Force and approved by the President, enlisted members of the Air

10 (b) Schools for the instruction of enlisted members of the Air
11 Force in the common branches of education, including United States
12 history, shall be maintained at all air bases at which members of the
13 Air Force are stationed. The Secretary may detail members of the
14 Air Force to carry out this subsection. The commander of each air
15 base where schools are maintained under this subsection shall provide
16 a suitable room or building for school and religious purposes.

Revision Note

Based on 10:1172 and 1176.

In subsection (a), the last 41 words of the last sentence of 10:1176 are omitted as surplusage.

In subsection (b), the words "garrisons, and permanent camps" are omitted as covered by the words "air bases".

§ 3507. Aviation cadets and aviation students: schools

1 The Secretary of the Air Force shall establish and maintain—
2 (1) one or more schools for the training and instruction of
3 aviation cadets; and
4 (2) courses of instruction for aviation students at one or more

Revision Note

Based on 10:296 and 296a.

§ 3509. Aviation students: detail of enlisted members of Air Force

1 The Secretary of the Air Force, under regulations prescribed by
2 him, may detail enlisted members of the Regular Air Force and en-
3 listed members of any reserve component of the Air Force who are
4 on active duty, for training and instruction as aviation students, in
5 their respective grades, at schools selected by him.

Revision Note

Based on 10:298a-1.

The last proviso of 10:298a-1 is omitted as surplusage.

The first proviso of 10:298a-1 is omitted as implicitly repealed by section 10 of the Insurance Act of 1951, ch. 39, 65 Stat. 36.

§ 3511. Civilian flying school instructors: instruction at Air Force training commands

1 (a) The Secretary of the Air Force, under regulations prescribed
2 by him, may provide for the instruction and training, at Air Force

3 training commands, of civilians selected from the instructional staffs
4 of civilian flying schools which are accredited by the Department
5 of the Air Force for the education and training of members of the
6 Air Force.

7 (b) The training of civilians under subsection (a) shall be without
8 cost to the United States, except for supplies and equipment necessary
9 for training purposes.

10 (c) A civilian undergoing training under subsection (a) may be
11 treated in a Government hospital if he becomes sick or is injured.
12 However, that treatment shall be without cost to the United States
13 except for services of Government medical personnel and the use of
14 hospital equipment, other than medicine or supplies.

15 (d) No civilian who sustains a personal injury, and no dependent
16 of a civilian who dies of disease or injury, while undergoing training
17 under subsection (a), is entitled to any compensation, pension, or
18 gratuity, for that injury or death.

Revision Note

Based on 10-292e-1.

In subsection (a), the words "Air Force training commands" are substituted
for the words "The Air Corps Training Center", since those commands now
perform the functions formerly performed by the Air Corps Training Center.
The words "upon their own applications" are omitted as surplusage.

§ 3513. Service schools: leaves of absence for instructors

1 Under regulations prescribed by the Secretary of the Air Force,
2 the officer in charge of an Air Force service school may grant a leave
3 of absence for the period of the suspension of the ordinary academic
4 studies, without deduction of pay or allowances, to any officer on
5 duty exclusively as an instructor at the school.

Revision Note

Based on 10-843.

The words "Under regulations prescribed by the Secretary of the Air Force"
are substituted for the words "The provisions of section 1144 of this title, author-
izing leaves of absence to certain officers of the Military Academy . . . are
extended to include", since 10-843 repeats the substance of 10-1144 except for
the reference to regulations.

- 3701. Advanced training: definition.
- 3703. Establishment and composition.
- 3705. Medical, dental, pharmacy, and veterinary students: admission.
- 3707. Courses of training.
- 3709. Training camps.
- 3711. Equipment, supplies, and uniforms.
- 3713. Advanced training: compensation.

§ 3701. Advanced training: definition

- 1 As used in this chapter, "advanced training" means the training
- 2 and instruction in air science and tactics offered in the senior division
- 3 of the Air Reserve Officers' Training Corps to students who complete
- 4 the two years' elective or compulsory course in that subject.

Revision Note

The definition contained in the revised section is based on use in the sections outlined in this chapter and on long standing administrative interpretation.

§ 3703. Establishment and composition

- 1 (a) The President may establish and maintain in civil educational
- 2 institutions an Air Reserve Officers' Training Corps, having—
- 3 (1) a senior division at universities and colleges granting
- 4 degrees, and at schools essentially military, which do not confer
- 5 academic degrees, and which are designated as qualified by the
- 6 Secretary of the Air Force; and
- 7 (2) a junior division at other public and private educational
- 8 institutions.
- 9 (b) Each division shall consist of one or more units in the strengths
- 10 prescribed by the President.
- 11 (c) No unit may be established or maintained at an institution,
- 12 unless—
- 13 (1) a commissioned officer of the Regular Air Force is detailed
- 14 to it as professor of air science and tactics;
- 15 (2) the institution maintains under military instruction at
- 16 least 50 physically fit male students for each unit; and
- 17 (3) the authorities of the institution, other than a State uni-
- 18 versity or a State institution required to provide military instruc-
- 19 tion under section 4 of the Act of July 2, 1862, ch. 130, as amended
- 20 (7 U. S. C. 304), agree to establish and maintain a two years'

21 elective or compulsory course of military training as a minimum
22 for its physically fit male students, the completion of which is a
23 prerequisite for the graduation of any student beginning the
24 course, unless he is relieved of this obligation under regulations
25 prescribed by the Secretary.

26 (d) Only a person who is a citizen of the United States, who is at
27 least 14 years of age, who is a student at an institution where a unit
28 of the Corps is established, and whose condition shows that he is phys-
29 ically able to perform military duty or that he will be so on becoming
30 of military age, is eligible to be a member of the Air Reserve Officers'
31 Training Corps.

Revision Note

Based on 10.381 and 382.

In subsection (a), the words "including State universities and those State institutions that are required to provide instruction in military tactics under sections 301, 303, 307, and 308 of title 7, donating lands for the establishment of colleges where the leading objects shall be practical instruction in agriculture and the mechanic arts, including military tactics" are omitted as surplusage. The substance of these words is covered by subsection (c) (3).

In subsection (b), the words "arms, corps, or services" are omitted, since the Air Force is not organized by statute into arms, corps, or services.

In subsection (c), the words "at least 50 physically fit male students for each unit" are substituted for the words "at least one hundred physically fit male students, except that in the case of units other than infantry, cavalry, or artillery, the minimum number shall be fifty", since the limitations with respect to the infantry, cavalry and artillery are inapplicable to the Air Force. The last proviso of 10.381 is omitted as inapplicable to the Air Force.

§ 3705. Medical, dental, pharmacy, and veterinary students: admission

1 (a) A medical, dental, pharmacy, or veterinary student may be
2 admitted to a unit of the Air Reserve Officers' Training Corps for a
3 course of training consisting of 90 hours of instruction a year for four
4 academic years.

5 (b) Under regulations prescribed by the Secretary of the Air Force,
6 a medical, dental, pharmacy, or veterinary student who is a com-
7 missioned officer of a reserve component of the Air Force may be
8 admitted to and trained in a unit of the Air Reserve Officers' Training
9 Corps.

Revision Note

Based on 10.383 and 384.

In subsections (a) and (b), the words "Medical, Dental, Pharmacy, or Veterinary Corps" are omitted, since the Air Force is not organized by statute into corps, and the Air Reserve Officers' Training Corps does not have those statutory corps units.

§ 3707

TRAINING

III

§ 3707. Courses of training

1 The Secretary of the Air Force may prescribe standard courses of
 2 theoretical and practical military training for units of the Air Reserve
 3 Officers' Training Corps. No unit may be established or maintained
 4 at an institution unless it provides the course of military training
 5 prescribed by the Secretary and unless its students who are taking
 6 that training devote to it an average of at least three hours a week
 7 during an academic year, except as prescribed under section 3705 of
 8 this title.

Revision Note

Based on 10-385.

§ 3709. Training camps

1 (a) The Secretary of the Air Force may—
 2 (1) maintain camps for the practical instruction of members
 3 of the Air Reserve Officers' Training Corps;
 4 (2) transport members of the Corps to and from those camps
 5 and furnish them subsistence while traveling to and from those
 6 camps, or, in lieu of transportation and subsistence, pay them a
 7 travel allowance of five cents a mile by the shortest usually
 8 traveled route from the places from which they are authorized
 9 to proceed to the camp and return, and pay the allowance for the
 10 return trip in advance;
 11 (3) furnish subsistence to members of the Corps while at a
 12 camp;
 13 (4) furnish medical attendance and supplies to members of
 14 the Corps, and admit them to military hospitals at those camps;
 15 (5) use members of the Regular Air Force, and such Govern-
 16 ment property as he considers necessary, for the training of the
 17 members of the Corps at those camps; and
 18 (6) prescribe regulations for the government of those camps.
 19 (b) Except in time of actual or threatened hostilities, no camp
 20 may be maintained under subsection (a) (1) for more than six weeks
 21 in any one year.
 22 (c) A member of the Air Reserve Officers' Training Corps and any
 23 other person authorized by the Secretary to take advanced training
 24 at a camp authorized under subsection (a) (1) is entitled, while
 25 training at the camp, to pay at the rate prescribed for enlisted mem-
 26 bers of the Air Force in pay grade E-1, with less than four months'
 27 service.

Revision Note

Based on 10-441 and 443.

In subsection (a), the words "at the expense of the United States so far as appropriations will permit" and "of the actual performance of the same" are omitted as surplusage.

Ch. 185 AIR RESERVE OFFICERS' TRAINING CORPS § 3713

In subsection (c), the words "in pay grade E-1, with less than four months' service" are substituted for the words "of the seventh grade of the Regular Army" to conform to the pay grades established by section 201 of the Career Compensation Act of 1949 (37 U. S. C. 232).

§ 3711. Equipment, supplies, and uniforms

- 1 (a) The Secretary of the Air Force, under regulations prescribed
 2 by him, may issue to institutions at which units of the Air Reserve
 3 Officers' Training Corps are maintained—
 4 (1) public animals and forage for them;
 5 (2) means of transportation, arms, ammunition, supplies,
 6 tentage, and equipment; and
 7 (3) uniforms, except that he may pay commutation at a rate
 8 fixed by him annually, in lieu of uniforms.
 9 (b) The Secretary may authorize such expenditures as he con-
 10 sider necessary for the efficient maintenance of the Corps.
 11 (c) The Secretary shall require, from each institution to which
 12 property is issued under subsection (a), a bond in the value of the
 13 property issued, for the care and safe-keeping of that property and
 14 for its return when required. However, no bond may be required
 15 for the return of uniforms, expendable articles, and supplies expended
 16 in operation, maintenance, and instruction.

Revision Note

Based on 10-389 and 390.

In subsection (a), the words "one or more", "belonging to the United States as he may deem necessary", "at the expense of the United States", and "from proper Army appropriations", are omitted as surplusage. The words "means of" are inserted before the word "transportation".

Subsection (c) makes it clear that the exception relates to the return of the property and not to its safe-keeping.

§ 3713. Advanced training; compensation

- 1 (a) A member of the senior division of the Air Reserve Officers'
 2 Training Corps is eligible for advanced training, and is entitled to an
 3 allowance for subsistence at such rate, not exceeding the cost of the
 4 garrison ration of the Air Force, as may be fixed by the Secretary of
 5 the Air Force during the remainder of his service in the Air Reserve
 6 Officers' Training Corps, but not more than two years, if he—
 7 (1) has completed two academic years of training in the
 8 senior division;
 9 (2) has been selected for advanced training by the head of the
 10 institution and the professor of air science and tactics;
 11 (3) agrees in writing to continue in the Air Reserve Officers'
 12 Training Corps for the remainder of his course at the institution;
 13 (4) agrees in writing to devote five hours a week to the military

§ 3713

TRAINING

III

14 training prescribed by the Secretary, or, if a medical, dental,
15 pharmacy, or veterinary student, to continue in training for the
16 remainder of the course prescribed by section 3705 of this title;
17 and

18 (5) agrees in writing to take a course prescribed by the
19 Secretary, at a training camp.

20 (b) Under regulations prescribed by the Secretary, in determining
21 a member's eligibility for advanced training and entitlement to an
22 allowance for subsistence under subsection (a), he may be credited
23 with periods of military training, if that training is substantially
24 equivalent to that prescribed for admission to the advanced course,
25 and is received while—

26 (1) at an educational institution and under a commissioned
27 officer of the Air Force detailed as a professor of air science and
28 tactics;

29 (2) taking a course of instruction in the Reserve Officers'
30 Training Corps of the Army;

31 (3) taking a course of instruction in the Naval Reserve
32 Officers' Training Corps; or

33 (4) on active duty in the Army, Navy, Air Force, Marine
34 Corps, or Coast Guard.

35 (c) A person selected for advanced training under this section may
36 be allowed to delay the starting of that training, and to interrupt it,
37 if, under the rules of the institution, there will be time enough after
38 any delay or interruption, and before graduation, to complete the
39 advanced training.

Revision Note

Based on 10-385a, 386a, 387, 387a, and 388.

In subsection (a), the words "Medical, Dental, Pharmacy, or Veterinary Corps" are omitted, since the Air Force is not organized by statute into corps, and the Air Reserve Officers' Training Corps does not have those statutory corps units.

In subsection (b), the words "in determining a member's eligibility for advanced training and entitlement to an allowance for subsistence under subsection (a)" are substituted for the words "In the interpretation and execution of section 387 of this title", in 10-383, and the words "toward completion of the two academic years of service in that division required for admission to the advanced course and for entitlement to commutation of subsistence as provided in section 387a of this title", in 10-385a. The word "allowance" is substituted for the word "commutation" to conform to the terminology of Title III of the Career Compensation Act of 1949 (47 U. S. C. 251-254).

In subsection (c), the words "Nothing in sections 383, 384, 387, 387a, and 443 of this title, shall be construed to require" are omitted as surplusage.

The words "Citizens' Air Training Camps" are substituted for the words "schools or camps" to conform to section 2203 of this title. The words "upon military reservations or elsewhere" are omitted as surplusage. The words "of the Air Force" are inserted for clarity. The words "Air Force Reserve" are substituted for the word "reserve", since the revised section does not apply to the Air National Guard of the United States.

Revision Note

Based on 10: 442 (47 words after 1st semicolon, and 72 words before 3d semicolon of 1st sentence, and last sentence).

The words "equipment, supplies, and transportation" are substituted for the words "such arms, ammunition, accoutrements, equipments, tentage, field equipage, and transportation". The words "Citizens' Air Training Camps" are substituted for the word "camps" to conform to section 2203 of this title. The words "belonging to the United States" and "and imparting military instruction and training thereat" are omitted as surplusage.

§ 3805. Transportation and subsistence during travel

- 1 (a) There may be furnished to a person attending a Citizens' Air
- 2 Training Camp, for travel to and from that camp—

Revision Note

Based on 10: 442 (words between 1st and 3d semicolons, less 47 words after 1st semicolon, and less 72 words before 3d semicolon of 1st sentence).

In subsection (a), the words "at the option of the Secretary of the Army" are omitted as surplusage.

§ 3807. Quartermaster and ordnance property: sales

- 1 While attending a Citizens' Air Training Camp, a person may buy
- 2 for cash, at cost price plus 10 percent, quartermaster and ordnance
- 3 property necessary for his proper equipment.

Revision Note

Based on 10: 442 (words after 3d semicolon of 1st sentence, and 2d sentence).

The second sentence of 10: 442 is omitted as superseded by section 10 of the Act of June 26, 1934 (31 U. S. C. 725c), which limits credits to the replacing account to the actual cost of the items sold. The words "Citizens' Air Training Camps" are substituted for the word "camps", to conform to section 2203 of this title.

28 and just rental.

29 (f) Whoever fails to comply with this section shall be imprisoned
30 for not more than three years and fined not more than \$50,000.

Revision Note

Based on 50:80 (1st 3 paragraphs).

The word "person" is substituted for the words "individual, firm, association, company, corporation, or organized manufacturing industry" throughout the revised section, since the word "person", as defined in section 1 of title 1 of the United States Code, is applicable to the revised section, and covers all of the enumerated entities.

In subsections (a) and (c), the words "in addition to the present authorized methods of purchase or procurement" are omitted as surplusage.

In subsections (b), (c), and (f), the words "or the responsible head or heads thereof" are omitted as surplusage.

In subsection (c), the words "and in either such case" are omitted as surplusage.

In subsection (d), the words "the Secretary" are substituted for the words "the Ordnance Corps", since the functions which, for the Army, are by statute assigned to subordinate organizations of the Army, are, for the Air Force, assigned to the Secretary.

In subsection (f), the criminal provisions are restated to conform to the terminology of similar provisions of title 18 of the United States Code.

§ 4003. Industrial mobilization: plants; lists; Board of Mobilization of Industries Essential for Military Preparedness

1 (a) The Secretary of the Air Force shall maintain a list of all
2 privately owned plants in the United States which are equipped to
3 manufacture for the Air Force arms or ammunition or parts thereof,
4 and shall obtain complete information of the types of those products
5 manufactured or capable of being manufactured by each of those
6 plants, and of the equipment and capacity of each of those plants.

7 (b) The Secretary shall maintain a list of privately owned plants
8 in the United States which are capable of being readily transformed
9 into factories for the manufacture of ammunition for the Air Force,
10 and which have a capacity sufficient to warrant conversion into an
11 ammunition plant in time of war or when war is imminent, and shall
12 obtain complete information as to the equipment of each of those
13 plants.

14 (c) The Secretary shall prepare comprehensive plans for convert-
15 ing each plant listed pursuant to subsection (b) into a factory for
16 the manufacture of ammunition or parts thereof.

17 (d) The President may appoint a nonpartisan Board on Mobilita-
18 tion of Industries Essential for Military Preparedness, and may pro-
19 vide necessary clerical assistance to organize and coordinate opera-
20 tions under this section and section 4001 of this title.

Revision Note

Based on 50:80 (less 3 paragraphs).

In subsection (a), the words "the component" are omitted as surplusage. The word "maintain" is substituted for the words "make, or cause to be made". The words "for the Air Force" are inserted for clarity, since, under section 213 of the National Security Act of 1947, as amended (5 U. S. C. 171b), overall responsibility for the function covered by the revised section, is vested in the Munitions Board.

In subsection (b), the word "maintain" is substituted for the words "also prepare, or cause to be prepared". The words "for the manufacture of ammunition for the Air Force" are inserted for clarity.

In subsection (c), the words "as in the opinion of the Secretary of the Army such plant is best adapted" are omitted as surplusage.

§ 4005. Research and development programs

1 The Secretary of the Air Force may conduct and participate in
2 research and development programs relating to the Air Force, and
3 may procure or contract for the use of facilities, equipment, supplies,
4 and services, required for those programs. This section does not
5 authorize the design or development of any prototype aircraft
6 intended primarily for commercial use.

Revision Note

Based on 5:628a; and 10:20a (as applicable to 5:628a).

The words "engage", "activities", "as may be", and "to effectuate", in 5:628a, are omitted as surplusage. The words "in this chapter, section 181 of this title", in 10:20a, are omitted, since nothing contained in those references pertains to the rule stated in 10:20a.

2 chemical warfare property, and designs thereof, which he considers

§ 4007 SERVICE, SUPPLY, AND PROCUREMENT IV

3 necessary for experimental or test purposes in the development of
 4 the best equipment and supplies required for the national defense.
 5 Purchases under this section may be made abroad or in the United
 6 States, without competitive bidding, and by contract or otherwise.
 7 Section 3709 of the Revised Statutes, as amended (41 U. S. C. 5),
 8 applies when such purchases are made in quantity.

Revision Note

Based on 50:96.

The word "property" is substituted for the words "equipment, supplies, parts,
 accessories".

§ 4009. Procurement of production equipment

1 The Secretary of the Air Force may make or procure gauges, dies,
 2 jigs, tools, fixtures, and other special aids and appliances, and speci-
 3 fications and drawings, necessary for the immediate manufacture
 4 of arms, ammunition, or special equipment necessary to equip the
 5 Air Force and which are likely to be required in time of war. When-
 6 ever he considers it in the best interest of the United States, the
 7 Secretary may procure any of those items without regard to laws
 8 prescribing competition in the procurement of supplies.

Revision Note

Based on 50:78.

The words "Air Force" are substituted for the words "land forces".

§ 4011. Sale, loan, or gift of samples, drawings, and information
 to contractors

 2 him, may sell, lend, or give such samples, drawings, and manufactur-

 2 nationals of the United States serviceable ordnance and ordnance
 3 supplies necessary in the development of designs for the armed forces
 4 of the United States. Receipts from those sales may be used to
 5 replace those supplies.

Revision Note

Based on 50-65.

The words "designers who are nationals of the United States" are substituted for the words "American designers". The word "supplies" is substituted for the word "stores". The words "Provided, That such ordnance and ordnance stores can be spared for the purpose" are omitted as surplusage.

§ 4017. Encouragement of aviation: design competitions; advertisement; selection of winner

1 (a) To encourage the development of aviation and to improve the
2 efficiency of aeronautical material for the Air Force, the Secretary of
3 the Air Force, before procuring new designs of aircraft, aircraft parts,
4 and aeronautical accessories, shall invite the submission of new des-
5 igns thereof in competition, as follows.

6 (b) An invitation for the submission of a design shall be made by
7 advertisement in not less than three leading aeronautical journals for
8 a period of 30 days, and in such other manner as the Secretary pre-
9 scribes. Such an advertisement shall specify a time within which
10 designs and prices may be submitted. This time may not be less
11 than 60 days from the expiration of the 30-day advertising period.
12 Each submission shall be sealed, and shall contain the design sub-
13 mitted, a statement of the price for which the design or any part
14 of it would be sold to the United States, and a graduated scale of
15 prices for which the designer is willing to construct all or any part
16 of a designed item. The submission shall be kept sealed until the
17 expiration of the specified time. A design mailed after that time may
18 not be considered.

19 (c) Each advertisement under subsection (b) shall state in general
20 terms the kind of aircraft, aircraft parts, or aeronautical accessories
21 to be developed and the approximate quantity required. The De-
22 partment of the Air Force shall furnish to each applicant identical
23 detailed information as to the conditions of the competition and the
24 features and characteristics to be developed in the design, listing
25 specifically the measures of merit, expressed in percentages, which
26 are to be applied in determining the merits of the design. These
27 measures of merit apply throughout the competition.

28 (d) Each design submitted under subsection (b) shall be referred
29 to a board appointed by the Secretary. The board shall appraise
30 each design as soon as practicable and report the winners to the
31 Secretary. If the Secretary approves the board's report, he shall
32 fix the time and place of a public announcement of the results and
33 notify each competitor. If the board's report is not approved by the
34 Secretary, the papers may be returned to the board for revision, or
35 the Secretary may choose the winners. The decision of the Secre-
36 tary is final and conclusive. The announcement of the results of

§ 4017

SERVICE, SUPPLY, AND PROCUREMENT

IV

37 the competition shall state the percentages awarded to each feature
38 or characteristic of each of the designs submitted and the price
39 named for each design and each feature thereof, if separable.

40 (e) If, within 10 days after the announcement of the results of a
41 competition under subsection (d), a competitor makes a reasonable
42 showing in writing that an error was made in determining the merit
43 of designs submitted and that he was thereby deprived of an award,
44 the Secretary shall at once refer the matter to a board of arbitration
45 for determination. The board of arbitration shall be composed of
46 three skilled aeronautical engineers, one of whom shall be selected
47 by the Secretary, one by the claimant, and the third by the other
48 members. No person may be a member of a board of arbitration if
49 he served on the board of appraisal which judged the competition
50 out of which the arbitration arose. The findings of the board are
51 conclusive if approved by the Secretary.

52 (f) As used in this section and sections 4019 and 4021 of this title,
53 the term "winners" includes not more than three competitors who
54 have the highest figures of merit in a competition.

Revision Note

Based on 40.310 (a), 310 (b), 310 (c) (less last 17 words), 310 (d), and 310 (e).

§ 4019. Encouragement of aviation: design competitions; rejection or purchase of designs; contracts; conditions

1 (a) If the Secretary of the Air Force determines that a winner of a
2 design competition under section 4017 of this title is, or can become
3 within a reasonable time, able and equipped to furnish or construct
4 all or part of any designed item, he may contract with that winner
5 for furnishing or constructing it at a reasonable price, but not more
6 than the price submitted with the design, on conditions which he
7 considers most advantageous to the United States. However, if
8 the Secretary determines that the winner will not be able to furnish
9 all or part of any designed item, he may purchase the design, or a
10 separable part of it, at a fair and reasonable price, but not more than
11 the price submitted with the design.

12 (b) If the Secretary determines that none of the designs submitted
13 in a competition is of sufficient merit to justify procurement of a
14 designed item, he need not accept or pay for them.

15 (c) If the Secretary determines that the designs submitted by two
16 or more competitors are of equal merit, or that features in the designs
17 of one competitor are superior to the corresponding features in the
18 designs of another competitor and that the superior features of one
19 design may be substituted for the inferior features of another, he
20 may divide the contracts for furnishing the item equitably among

21 those competitors that submitted designs of equal merit, and he may
 22 combine features of different designs in such manner as he determines
 23 are in the best interests of the United States. Payment may be
 24 made accordingly to the several competitors at fair and reasonable
 25 prices and the contract for the item may be awarded to the competi-
 26 tor or competitors having the highest figures of merit in the competi-
 27 tion.

28 (d) If the Secretary does not contract with a winner in a design
 29 competition for furnishing or constructing all or part of a designed
 30 item, or if he cannot agree with a winner for the purchase of a design
 31 at a reasonable price, he may retain the design and advertise accord-
 32 ing to law for proposals for furnishing the item. After advertising,
 33 the Secretary may contract with the lowest responsible bidder for
 34 furnishing the item, on terms and conditions which he considers in
 35 the best interests of the United States. However, the Secretary
 36 may reject all bids and advertise for other bids with the same or
 37 different specifications.

38 (e) Each seller of designs and each contractor furnishing or
 39 constructing aircraft, aircraft parts, or aeronautical accessories,
 40 under this section, shall, if the Secretary requests it, give a release
 41 of claims against the United States arising out of the sale or contract.
 42 The release shall be in the form, and shall contain the conditions,
 43 prescribed by the Secretary.

44 (f) No contract may be awarded under this section—

- 45 (1) to an individual who is not a citizen of the United States;
- 46 (2) to a corporation, unless 75 percent of its capital stock is
 47 owned by, and all its directors are, citizens of the United States; or
- 48 (3) to an individual or a corporation which does not have a
 49 manufacturing plant within the continental United States.

50 However, the Secretary may contract with any domestic corporation
 51 whose stock is listed on a stock exchange, unless he finds that a major-
 52 ity of its stock is owned or controlled by aliens.

Revision Note

Based on 10:310 (c), 310 (e) (last 17 words), 310 (f), 310 (g), 310 (j) (less last
 57 words), and 310 (n).

In subsection (f), the word "aliens" is substituted for the word "foreign".

§ 4021. Encouragement of aviation: rights of United States to design; right of designer to patent; right to sue United States

1 (a) Any department of the United States may cause to be con-
 2 structed and may use any aircraft, aircraft part, or aeronautical
 3 accessory, after payment is completed under a contract under

§ 4021

SERVICE, SUPPLY, AND PROCUREMENT

IV

4 section 4019 of this title, or after purchase of the winning design, or
 5 a separable part thereof, for that item under that section. An item
 6 so constructed may be sold according to law as condemned material.
 7 In neither case need any further compensation be paid to the winner
 8 of the competition. However, the winner may apply for a patent
 9 on a feature of the designed item which was originated by him, and,
 10 if the patent is granted, has exclusive rights under it against all
 11 persons except the United States or its vendee under this subsection.
 12 (b) Any person who believes that a design developed by him after
 13 July 2, 1926, relating to aircraft or aircraft components, is being used
 14 by or for the United States without just compensation to him from
 15 the United States or another source, may, within four years from the
 16 date of that use, sue in the Court of Claims for the recovery of reason-
 17 able and entire compensation.

Revision Note

Based on 10:310 (d) and 310 (i).

In subsection (a), the word "vendee" is substituted for the word "assignee", since the revised section relates only to sales.

§ 4023. Encouragement of aviation: procurement for experimental purposes

1 (a) The Secretary of the Air Force may buy designs, aircraft,
 2 aircraft parts, and aeronautical accessories, which he considers
 3 necessary for experimental purposes in the development of the best
 4 kind of those items for the Air Force. Purchases under this subsec-
 5 tion may be made abroad or in the United States, without competi-
 6 tion, and by contract or otherwise.
 7 (b) If, as a result of a purchase under subsection (a), a new or
 8 suitable design considered to be the best kind for the Air Force is
 9 developed, the Secretary may contract for procurement of the item
 10 in quantity. Contracts under this subsection are subject to sec-
 11 tions 4019 (f) and 4119 of this title, but are not subject to sections
 12 4017 and 4019 (a) - (e) of this title.

Revision Note

Based on 10:310 (k).

§ 4025. Encouragement of aviation: contracts; review of decisions

1 The Secretary of the Air Force may award a contract for aircraft,
 2 aircraft parts, or aeronautical accessories, to the person that he finds
 3 to be the lowest responsible bidder who can satisfactorily perform
 4 the work to the best advantage of the United States. Except for

5 review by the President or a Federal court, or as otherwise provided
 6 by the contract, the decision of the Secretary is not reviewable as to—
 7 (1) the award of the contract;
 8 (2) the interpretation of the contract; or
 9 (3) the application and administration of the contract.

Revision Note

Based on 40:310 (c).

§ 4027. Encouragement of aviation: inspections and audit of plant and books of contractor: criminal provisions

1 (a) The manufacturing plant and books of a contractor furnishing
 2 or constructing aircraft, aircraft parts, or aeronautical accessories
 3 for the Department of the Air Force, or that part of the plant which
 4 is used for that purpose, are subject at all times to inspection and audit
 5 by a person designated by the head of any executive or military
 6 department.
 7 (b) The Secretary of the Air Force shall keep all audits and reports
 8 of inspection made under subsection (a) for 10 years. Any committee
 9 of Congress may inspect them.
 10 (c) Whoever, by collusion, understanding, or arrangement, deprives
 11 or attempts to deprive the United States of the benefit of a full and
 12 free competition under sections 4017-4027 of this title or of a full
 13 and free audit, so far as necessary to disclose the cost of executing
 14 the contract, of the books of a person carrying out a contract under
 15 sections 4017-4027 of this title shall be fined not more than \$20,000,
 16 or imprisoned not more than five years, or both.

Revision Note

Based on 40:310 (b), 310 (c), and 310 (p).

In subsection (a), the words "or military" are inserted to make it clear that the revised section applies to the Departments of the Army, Navy and Air Force.

In subsection (c) 40:310 (p) is restated to conform to the style of title 48 of the United States Code.

§ 4029. Encouragement of aviation: appropriations; availability

1 Any appropriation available for the procurement of aircraft,
 2 aircraft parts, or aeronautical accessories, for the Department of
 3 the Air Force, is available for the purchase of a design and the costs
 4 of arbitration under sections 4017-4027 of this title.

Revision Note

Based on 40:310 (a).

§ 4031

SERVICE, SUPPLY, AND PROCUREMENT

IV

§ 4031. Encouragement of aviation: purchase of sample aircraft

1 The Secretary of the Air Force may buy a sample aircraft from an
2 unsuccessful bidder in a competition requiring the submission of
3 sample aircraft. However, not more than one sample aircraft may
4 be purchased from the first, second, and third of those bidders in
5 order of merit, at prices not exceeding 75, 60, and 50 percent, re-
6 spectively, of the cost of the development and manufacture of the
7 sample, as determined by the Secretary.

Revision Note

Based on 5:628; and 10:20a (as applicable to 5:628).

The words "in this chapter, section 481 of this title", in 10:20a, are omitted, since nothing in those references pertains to the rule stated in 10:20a.

§ 4103. Contracts: regulations for bids

- 1 (a) The Secretary of the Air Force may—
- 2 (1) prescribe regulations for the preparation, submission,

15 (1) may contract with another person; and
16 (2) shall charge against the defaulting bidder and his guarantors
17 the difference between the amount specified by the bidder in the
18 proposal and the amount for which a contract is made with the
19 other person, which is immediately recoverable by the United
20 States for the use of the Department of the Air Force in an
21 action against the bidder and his guarantors, jointly or severally.

(c) Proceedings under this section are subject to regulations under

Revision Note

Based on 5:218.

In subsection (a) (2), the words "to furnish the supplies proposed or to per-
form the service required", are omitted as surplusage. The words "make a
contract" are inserted for clarity.

In subsection (b) (2), the words "for the whole period of the proposal" are
omitted as surplusage. The words "of debt" are omitted, since that action no
longer exists.

In subsection (c), the words "unless exempted therefrom under section 201 (a)
of that act (40 U. S. C. 481 (a))" are inserted to preserve the possibility of exemp-

Ch. 223

PROCUREMENT

§ 4111

Revision Note

Based on 10:1297.

§ 4110. Production of supplies, equipment, and munitions: hours and pay of laborers and mechanics

During a national emergency declared by the President, the regular working hours of laborers and mechanics employed by the Department of the Air Force in the production of military supplies, equipment, or munitions are 8 hours a day or 40 hours a week. However, under regulations prescribed by the Secretary of the Air Force these hours may be exceeded. Each laborer or mechanic who works more than 40 hours in a work-week shall be paid at a rate not less than one and one-half times the regular hourly rate for each hour in excess of 40.

Revision Note

Based on 5:189a.

The words "Notwithstanding the provisions of any other law" are omitted as surplusage.

§ 4111. Plantations and farms: operation, maintenance, and improvement

1 (a) Appropriations for the subsistence of Air Force personnel are
2 available for expenditures necessary in the operation, maintenance,
3 and improvement of any plantation or farm, outside the continental
4 United States and under the jurisdiction of the Air Force, for furnish-
5 ing fresh fruits and vegetables to the armed forces. However, no
6 land may be acquired under this subsection.

11 (c) Of those persons employed by the United States under sub-
12 section (a), only nationals of the United States are subject to the
13 laws relating to employment, work, compensation, and other rights,
14 benefits, and obligations of civilian employees of the United States.

15 (d) After the termination of World War II any plantation or farm
16 covered by subsection (a) shall be operated, maintained, and im-
17 proved by a private contractor or lessee, so far as practicable. Before
18 using members of the Air Force for the purpose, the Secretary of the
19 Air Force must make a reasonable effort to make a contract or lease
20 with a person in civil life for his services for that operation, mainte-
21 nance, or improvement, on terms advantageous to the United States.
22 A determination by the Secretary as to the reasonableness of effort
23 to make a contract or lease, and as to the advantageous nature of
24 its terms, is final.

§ 4111 SERVICE, SUPPLY, AND PROCUREMENT IV

Revision Note

Based on 10:1213 and 1214.

In subsection (a), the word "management" is omitted as covered by the word "operation".

§ 4113. Factories, arsenals, and depots: manufacture at

1 The Secretary of the Air Force may have supplies and equipment
2 needed for the Department of the Air Force made in factories,
3 arsenals, or depots owned by the United States, so far as those
4 factories, arsenals, or depots can make those supplies and equipment
5 on an economical basis.

Revision Note

Based on 5:626-2 (b).

The word "made" is substituted for the words "manufactured or produced".

§ 4115. Armories: officers' inventions; prohibited expenditures

1 No money may be spent at a national armory to perfect an inven-
2 tion, in the manufacture of arms, which has been made by an Air
3 Force officer receiving pay from the United States, if that invention
4 may be patentable.

Revision Note

Based on 50:84.

§ 4117. Aircraft: contract requirements

1 (a) The Secretary of the Air Force shall submit annually to the
2 Bureau of the Budget estimates for the manufacture of aircraft for the
3 Department of the Air Force.

4 (b) The Secretary may not contract for the manufacture of all or
5 part of any aircraft, unless the contractor agrees—

6 (1) to report under oath to the Secretary, when the contract
7 is completed, as prescribed in subsection (c);

8 (2) to pay any excess profit into the Treasury;

9 (3) to make no subdivision of any contract or subcontract for
10 the same article for the purpose of violating this section;

11 (4) that the books and manufacturing spaces of its plant,
12 affiliates, and divisions may be audited and inspected, respec-
13 tively, by any person designated by the Secretary of the Air
14 Force, the Secretary of the Treasury, or an authorized committee
15 of Congress; and

16 (5) to make no subcontract unless the subcontractor agrees to
17 the conditions set forth in clauses (1)-(4).

18 (c) The report required under subsection (b) (1) shall be in a form
19 prescribed by the Secretary of the Air Force. It shall name the total
20 contract price, the cost of performing the contract, the net profit,

21 and the percentage of the contract price that is net profit. A copy
22 shall be sent to the Secretary of the Treasury to be considered with the
23 Federal income tax returns of the contractor.

24 (d) So much of the profits as the Secretary of the Treasury deter-
25 mines to be greater than 12 percent of the total contract prices for
26 work completed by a contractor within the taxable year are excess
27 profits for the purposes of this section. However, this does not in-
28 clude profits from contracts and subcontracts that are subject to the
29 Renegotiation Act of 1948 (50 U. S. C. Appendix 1193). When paid
30 into the Treasury, excess profits become the property of the United
31 States, but the surety under the contract is not liable for their pay-
32 ment.

33 (e) The method of computing excess profits shall be determined by
34 the Secretary of the Treasury in agreement with the Secretary of the
35 Air Force. It shall be made available to the public. When an excess
36 profit is found owing, the Secretary of the Treasury shall allow credit
37 for any Federal income taxes paid or to be paid on the excess profit.

38 (f) If the contractor has a net loss, or a net profit of less than 12
39 percent, on the aggregate of contracts or subcontracts for work com-
40 pleted within a taxable year, the deficiency is allowable as a credit
41 against the excess profit for the next succeeding four taxable years.

42 (g) If the contractor does not voluntarily pay its excess profits
43 into the Treasury, the Secretary of the Treasury shall collect them by
44 the methods usually followed under the internal revenue laws to col-
45 lect Federal income taxes.

46 (h) So far as they are consistent with this section, laws relating to
47 the assessment, collection, payment, and refund of Federal income
48 taxes, including those relating to penalties, apply to excess profits.

49 (i) This section does not apply to—

50 (1) a contract or subcontract for items designated by the Sec-
51 retary of the Air Force as scientific equipment for communica-
52 tions, target detection, navigation, or fire control; or

53 (2) a contract or subcontract, or division thereof, if the
54 award is \$10,000 or less.

Revision Note

Based on 10:311.

The language of the revised section is based on 34:496 which is made applic-
able to 10:311 by the cross reference therein, and 34:496b which, as an amend-
ment of 34:496, is indirectly incorporated into 10:311. Those parts of 34:496
relating to naval vessels are omitted as inapplicable to the Air Force.

The appropriation authorization in the first sentence of 34:496 is omitted as
surplusage. The last 23 words of the second proviso and the sixth proviso,
of the first sentence; and the fifth sentence, less proviso, of 34:496, are omitted
as executed.

§ 4117 SERVICE, SUPPLY, AND PROCUREMENT IV

In subsection (b), the words "herein, heretofore, or hereafter authorized" are omitted as surplusage.

In subsection (b) (2), the word "excess" is inserted for clarity.

In subsection (b) (3), the words "violating this section" are substituted for the words "evading the provisions of sections 494, 495, 496, 497 of this title" since nothing in section 494, 495, or 497 applies to the Air Force.

In subsection (c), the words "for the taxable year or years concerned" are omitted as surplusage.

In subsection (d), the words "Secretary of the Treasury" are substituted for the words "Treasury Department". The words "work completed by a contractor" are substituted for the words "construction and or manufacture of any complete aircraft or portion thereof of such contracts within the scope of this section as are completed by the particular contracting party". - 2 or credit—

- 17 (c) The Secretary may sell serviceable quartermaster property,
- 18 other than subsistence supplies, to an officer of the Army, the Navy,
- 19 the Marine Corps, or the Coast Guard in the same manner as these
- 20 articles are sold to an officer of the Air Force.

- 22 able conditions from the Air Force and who is receiving care and

23 medical treatment from the Public Health Service or Veterans' Admin-

 25 articles of uniform, at the prices at which like property is sold to a
 26 member of the Air Force.

27 (e) Under regulations prescribed by the Secretary, exterior articles
 28 of uniform may be sold to a person who has been discharged from
 29 the Air Force honorably or under honorable conditions, at the prices

 31 subsection does not modify sections 1905, 1907, and 4207 of this title.

38 (1) for those furnished to an organization within the Air Force,
 39 the contract or invoice price, to be paid in cash;

44 (3) for those sold to employees of an executive or military
 45 department, the contract or invoice price, plus 10 percent to
 46 cover waste in transit and the cost of transportation.

47 (h) Appropriations for subsistence of the Air Force may be applied
 48 to the purchase of subsistence supplies for sale to members of the
 49 Air Force on active duty, for the use of themselves and their families.

Revision Note

Based on 10:904, 1196, 1231, 1233, 1234, 1235, 1237, 1238, 1253, and 1395
 (less last sentence); and 32:156 (less applicability to National Guard not in
 Federal service).

In subsection (a), the words "Secretary of the Air Force" are substituted for
 the words "the officers of the Quartermaster Corps" in 10:1237. The word
 "Secretary" is substituted for the words "Officers of the Inspector General's
 Department of the Army" and "Chief of Finance" in 10:1237. These substitu-
 tions are made, since the functions which, for the Army, are assigned by statute
 to subordinate officers of the Army, are, for the Air Force, assigned to the Secre-
 tary of the Air Force. In subsection (e), the words "the Secretary" are substi-
 tuted for the words "the Quartermaster General of the Army" for the same
 reason.

In subsection (a) (1), the words "including subsistence supplies" are inserted
 for clarity. In subsection (a) (2), 32:156 is omitted as covered by 10:904,
 since the words "officers of the Air Force" necessarily cover all persons named
 in 32:156.

Ch. 229

SALE OF SERVICEABLE MATERIAL

§ 4405

In subsections (b) and (c), the words "or the Coast Guard" are inserted to complete the listing of the services. Such sales to the Coast Guard are authorized by section 144 (b) of title 14.

In subsection (d), the words "while undergoing such care and treatment" are omitted as surplusage.

In subsection (e), the words "at the price at which like articles are sold to members of the Air Force" are inserted to conform to subsection (d).

In subsection (f), the authority to sell subsistence supplies to executive departments and employees thereof, indirectly stated in subsection (g) of this section, is stated positively.

In subsections (f) and (g), the word "military" is inserted to make it clear that the subsections continue to apply to the departments of the Army and the Air Force.

In subsection (g), the provisions of 10:1253 relating to computation of costs, except as applicable to sales to civilian employees, are omitted as superseded by section 4 of the Act of March 4, 1915, ch. 143, as amended (31 U. S. C. 686). The words "an organization within the Air Force" are substituted for the words "another bureau of the Department of the Army" and "between two bureaus of the Department of the Army" as the Air Force does not have organic bureaus created by statute. The words "by the proper disbursing officer of the bureau" are omitted as surplusage.

In subsection (h), the last 30 words of 10:1196 are omitted as superseded by section 4417 of this title. The words "So much of the" and "as may be necessary" are omitted as surplusage. The words "members of the Air Force on active duty, for the use of themselves and their families" are substituted for the words "officers for the use of themselves and their families, and to commanders of companies or other organizations, for the use of the enlisted men of their companies or organizations", to conform to 10:1237 and 1238. Those sections provide the basic authority for procurement and sale of subsistence supplies to all members of the Air Force. This interpretation conforms to established administrative practice under those sections. The word "supplies" is substituted for the word "stores".

§ 4403. Exceptional subsistence supplies: purchase without advertising

- 1 Exceptional articles of subsistence supplies for members of the
- 2 Air Force on active duty, and for which payment is to be made
- 3 regardless of condition upon arrival, may, under regulations prescribed

- 5 open market without advertising.

The word "supplies" is substituted for the words "stores, which are".

§ 4405. Tobacco: enlisted members of Air Force

- 2 month to an enlisted member of the Air Force on active duty who
- 3 requests it, at cost, less transportation.

§ 4405 SERVICE, SUPPLY, AND PROCUREMENT IV

Revision Note

Based on 10:1239.

The words "Air Force" are substituted for the words "Quartermaster Corps", since the Air Force does not have organic corps created by statute. The words "on active duty" are inserted for clarity.

In subsection (b), the words "as can be spared without detriment to the military service" are omitted as surplusage.

In subsections (b) and (c), the words "The Secretary" are substituted for the words "Medical Department of the Army", since the functions which, for the Army, are assigned by statute to subordinate organizational units of the Army, are, for the Air Force, assigned to the Secretary of the Air Force.

In subsection (c), the words "in the District of Columbia" are omitted as surplusage, since there is only one Soldiers' Home. The words "Upon proper application therefor" are omitted as surplusage.

§ 4409. Ordnance property; officers of Army, Navy, Air Force, Marine Corps, or Coast Guard; civilian employees of Air Force; American National Red Cross; educational institutions; homes for veterans' orphans

- 1 (a) The Secretary of the Air Force may sell articles of ordnance
- 2 property to a commissioned officer of the Army, Navy, Air Force,
- 3 Marine Corps, or Coast Guard for his use in the military service.
- 4 (b) Under regulations prescribed by the Secretary, ordnance
- 5 stores may be sold to civilian employees of the Air Force and to the
- 6 American National Red Cross.
- 7 (c) Articles of ordnance property may be sold to educational
- 8 institutions and to State soldiers' and sailors' orphans' homes for
- 9 maintaining the ordnance and ordnance stores issued to those institu-
- 10 tions and homes.

§ 4415

SERVICE, SUPPLY, AND PROCUREMENT

IV

Revision Note

Based on 10:298c.

The words "under the provisions of the Act of Apr. 3, 1939, ch. 35, 53 Stat. 555", are omitted as obsolete, since training formerly performed under that act is now performed under section 3503 of this title. The words "flying cadets" are omitted as obsolete. The words "personnel of the Departments of the Air Force or the Army" are inserted, since the authority is reciprocal, and to conform to section 4515 of this title.

§ 4417. Proceeds: disposition

1 (a) Proceeds of sales of the following articles and services shall be
2 paid into the Treasury to the credit of the appropriation out of which
3 they were purchased, and are available for the purposes of that ap-
4 propriation through the fiscal year following that in which the sales
5 were made:

6 (1) Serviceable quartermaster supplies and stores, including
7 subsistence supplies.

8 (2) Material supplied to the Air Force by the Corps of Engi-

17 (b) Proceeds of sales of each of the following categories of sup-
18 plies, stores, and equipment constitute a separate fund on the books

21 sold:

Revision Note

Based on 10:1179 (proviso), 1281, 1282, 1283, 1284, 1285, and 1395 (last sentence); 22:259 (last sentence); and 50:73.

Although the source language for subsections (a) (1) and (a) (2) differs in some respects from the source language for subsections (a) (3)-(a) (5), the meaning and intent is the same, and administrative practice has so construed it.

In subsection (b) (3), the word "signal" is substituted for the words "Signal Corps", since the Air Force does not have organic corps created by statute.

- 5 tained, but which has a course in military training prescribed by the
- 6 Secretary and which has at least one hundred physically fit male
- 7 students over fourteen years of age.

Revision Note

Based on 10-1180.

The reference to "section 381 of this title" is omitted as covered by the descriptions of the educational institutions.

§ 4503. Rifles and ammunition for target practice: educational institutions having corps of cadets

- 2 the United States, to any educational institution having a uniformed

13 for property properly expended, return it when required.

14 (c) The Secretary shall prescribe regulations to carry out this sec-
15 tion, containing such other requirements as he considers necessary to

Revision Note

Based on 10-1183.

In subsection (a) (1), the word "latest" is substituted for the word "existing".

In subsection (a) (2), the words "suitable to said arm" are omitted as surplusage.

In subsection (b), the words "except for property properly expended" are inserted for clarity.

§ 4505. Ordnance and ordnance stores: District of Columbia high schools

1 The Secretary of the Air Force, under regulations prescribed by him,
2 may issue to the high schools of the District of Columbia ordnance
3 and ordnance stores required for military instruction and practice.
4 The Secretary shall require a bond in double the value of the property
5 issued under this section, for the care and safekeeping of that property,
6 and, except for property properly expended, for its return when
7 required.

Revision Note

Based on 10-1184.

The words "belonging to the Government, and which can be spared for that purpose" are omitted as surplusage. The words "high schools of the" are substituted for the words "High School of Washington", since the various high schools of the District of Columbia have succeeded the Washington High School that existed at the time the statute was enacted. The words "except for property properly expended" are inserted for clarity.

Ch. 231 ISSUE OTHER THAN TO ARMED FORCES § 4511

Revision Note

Based on 10:1182.

The words "belonging to the Government, and which can be spared for that purpose" are omitted as surplusage. The words "except for property properly expended" are inserted for clarity.

2 property, the Secretary of the Air Force may lend arms and their
3 accouterments, and issue ammunition, to a department or independ-

5 lent or issued under this subsection may be delivered to an officer of
6 the department or agency designated by the head thereof, and that
7 officer shall account for the property to the Secretary of the Air
8 Force. Property lent or issued under this subsection and not prop-
9 erly expended shall be returned when it is no longer needed.

10 (b) The department or agency to which property is lent or issued
11 under subsection (a) shall transfer funds to the credit of the Depart-
12 ment of the Air Force to cover the cost of—

17 ment of the Air Force; and
18 (4) making and receiving shipments by the Department of the
19 Air Force.

Revision Note

Based on 50:61.

In subsection (a), the word "lend" is substituted for the word "issue", with respect to arms and accouterments, since the section requires the return of the property when the necessity for its use has expired. The words "and not properly expended" are inserted for clarity.

§ 4511. Equipment and barracks: national veterans' organizations

1 (a) The Secretary of the Air Force, under conditions prescribed
2 by him, may lend cots, blankets, pillows, mattresses, bed sacks, and

9 of the veterans' organization. However, the veterans' organization

§ 4511 SERVICE, SUPPLY, AND PROCUREMENT IV

10 must defray any expense incurred by the United States in the delivery,
11 return, rehabilitation, or replacement of that property, as determined
12 by the Secretary.

13 (c) The Secretary shall require a good and sufficient bond for the
14 return in good condition of property lent or used under subsection (a).

Revision Note

Based on 5:150a, 150b, and 150c.

In subsection (a), the words "prior to any such conventions or national youth athletic or recreation tournaments" are omitted as surplusage.

§ 4513. Equipment for instruction and practice: American National Red Cross

1 The Secretary of the Air Force, under regulations prescribed by
2 him, may lend equipment which is on hand, and which can be tempo-
3 rarily spared, to any organization formed by the American National
4 Red Cross which needs it for instruction and practice for the purpose
5 of aiding the Army, Navy, or Air Force in time of war. The Secretary
6 shall by regulation require the immediate return, upon request, of
7 equipment lent under this section. The Secretary shall require a
8 bond, in double the value of the property issued under this section,
9 for the care and safekeeping of that property and for its return when
10 required.

Revision Note

Based on 10:1255 and 1256.

The word "lend" is substituted for the word "issue". The words "proper", "to be", "out of equipment for medical and other establishments", and "belonging to the Government" are omitted as surplusage.

§ 4515. Aircraft and equipment: civilian aviation schools

1 The Secretary of the Air Force, under regulations prescribed by
2 him, may lend aircraft, aircraft parts, and aeronautical equipment and
3 accessories under the control of the Air Force, which are required for
4 instruction, training, and maintenance, to accredited civilian aviation
5 schools, one or more of which is designated by the Civil Aeronautics
6 Authority for the training of negro air pilots, and at which person-
7 nel of the Departments of the Air Force or the Army are pursuing
8 a course of instruction and training under detail by competent orders.

Revision Note

Based on 10:298c.

The words "rules", "limitations", and "on hand and belonging to the Government" are omitted as surplusage. The words "Departments of the Air Force or the Army" are substituted for the words "Military Establishment", since the authority is reciprocal.

OF OBSOLETE OR SURPLUS MATERIAL.**

See.

4601. Surplus war material: sale to States and foreign governments.
 4603. Obsolete or surplus material: sale to National Council of Boy Scouts of America.
 4605. Condemned or obsolete material: loan or gift to certain organizations.

 3 486), the Secretary of the Air Force may sell surplus material, equip-
 4 ment, and supplies, except food, of the Department of the Air Force,
 5 for which there is no adequate domestic market, to any State, or to
 6 any foreign government with which the United States was at peace
 7 on June 5, 1920. Sales under this section shall be made upon terms
 8 which the Secretary considers expedient.

Revision Note

Based on 10-1262.

The words "on June 5, 1920" are substituted for the words "at the time of the passage of this Act", which do not appear in the 1946 Edition of the United States Code but which are in the Act of June 5, 1920, ch. 240 (2d proviso under "Contingencies of the Army"), 41 Stat. 949. The words "surplus material, equipment, and supplies, except food, of the Department of the Air Force" are substituted for the words "any material, supplies, or equipment pertaining to the Military Establishment, except foodstuffs, as or may be found to be surplus". The words "which are not needed for military purposes" are omitted as covered by the word "surplus".

§ 4603. Obsolete or surplus material: sale to National Council of Boy Scouts of America

- 1 Subject to regulations under section 205 of the Federal Property
 2 and Administrative Services Act of 1949, as amended (40 U. S. C.
 3 486), the Secretary of the Air Force, under regulations prescribed by
 4 him, may sell obsolete or surplus material to the National Council of

5 the Boy Scouts of America. A sale under this section shall be at
6 fair value to the Department of the Air Force, including packing,
7 handling, and transportation.

Revision Note

Based on 10-1259.

The words "obsolete or surplus material" are substituted for the words "such obsolete material as may not be needed by the Department of the Army, and such other material as may be spared" to conform to the Federal Property and Administrative Services Act of 1949.

§ 4605. Condemned or obsolete material: loan or gift to certain organizations

1 Subject to regulations under section 205 of the Federal Property
2 and Administrative Services Act of 1949, as amended (40 U. S. C.
3 486), the Secretary of the Air Force, under regulations prescribed by
4 him, may lend or give, without expense to the United States, books,
5 manuscripts, works of art, drawings, plans, models, and condemned
6 or obsolete combat material not needed by the Department of the
7 Air Force, to—

- 8 (1) a municipal corporation;
- 9 (2) a soldiers' monument association;
- 10 (3) a State museum;
- 11 (4) an incorporated museum, operated and maintained for
12 educational purposes only, whose charter denies it the right to
13 operate for profit;
- 14 (5) a post of the Veterans of Foreign Wars of the United
15 States;
- 16 (6) a post of the American Legion;
- 17 (7) a local unit of any other recognized war veterans' associa-
18 tion; or
- 19 (8) a post of the Sons of Veterans Reserve.

Revision Note

Based on 5-159p.

The reference to posts of the Grand Army of the Republic is omitted, since that organization disbanded in 1950.

§ 4607. Surplus armament: sale of individual pieces

1 Subject to regulations under section 205 of the Federal Property
2 and Administrative Services Act of 1949, as amended (40 U. S. C.
3 486), a piece of armament which can be advantageously replaced,
4 and which is not needed for its historical value, may be sold for not
5 less than cost, if the Secretary of the Air Force considers that there
6 are adequate sentimental reasons for the sale.

Ch. 233 DISPOSAL OF OBSOLETE OR SURPLUS MATERIAL § 4611

Revision Note

Based on 10:1262b, and 50:69.

The words "Subject to regulations under section 205 of the Federal Property and Administrative Services Act of 1949, as amended (40 U. S. C. 486)" are inserted, since section 602 (c) of that act makes the revised section subject to that act.

§ 4609. Obsolete or condemned rifles: loan to organizations of honorably discharged members of armed forces

1 (a) Subject to regulations under section 205 of the Federal Prop-
2 erty and Administrative Services Act of 1949, as amended (40 U. S. C.
3 486), the Secretary of the Air Force, under regulations prescribed by
4 him, may —

5 (1) lend not more than 10 obsolete or condemned rifles, slings,
6 and cartridge belts to any local unit of any organization of former
7 members of the Army, Navy, Air Force, Marine Corps, and Coast
8 Guard, who have been discharged honorably or under honorable
9 conditions, for use by that unit for funeral ceremonies of a mem-
10 ber or former member of one of those services, and for other
11 ceremonial purposes; and

12 (2) sell blank ammunition for those rifles to that unit at cost,
13 including packing and transportation.

14 (b) The Secretary may relieve a unit to which materials are lent
15 under subsection (a), and the surety on its bond, from liability for loss
16 or destruction of the loaned material, if there is conclusive evidence
17 that the loss or destruction did not result from negligence.

Revision Note

Based on 50:62 and 62b.

In subsection (a), the words "Subject to regulations under section 205 of the Federal Property and Administrative Services Act of 1949, as amended (40 U. S. C. 486)" are inserted, since section 602 (c) of that act makes the revised section subject to that act. The words "former members of the Army, Navy, Air Force, Marine Corps, and Coast Guard" are substituted for the words "soldiers, sailors, or marines". The words "in suitable amounts" are omitted as surplusage.

§ 4611. Surplus obsolete ordnance: sale to patriotic organizations

1 Subject to regulations under section 205 of the Federal Property
2 and Administrative Services Act of 1949, as amended (40 U. S. C. 486),
3 the Secretary of the Air Force may sell, without advertisement, and
4 at prices that he considers reasonable —

5 (1) surplus obsolete small arms and ammunition and equip-
6 ment for them, to any patriotic organization for military
7 purposes; and

§ 4611 SERVICE, SUPPLY, AND PROCUREMENT IV

8 (2) surplus obsolete brass or bronze cannons, carriages, and
 9 cannon balls, for public parks, public buildings, and soldiers'
 10 monuments.

Revision Note

Based on 50-64 and 68.

The provisos of 50-64 and 50-68 are omitted as surplusage.

The words "the Chief of Ordnance" are omitted, as the functions which, for the Army, are assigned by statute to subordinate officers of the Army are, for the Air Force, assigned to the Secretary of the Air Force.

§ 4613. Obsolete ordnance: loan to educational institutions and State soldiers' and sailors' orphans' homes

1 (a) Subject to regulations under section 205 of the Federal Prop-
 2 erty and Administrative Services Act of 1949, as amended (40 U. S. C.
 3 486), and upon the recommendation of the Governor of the State or
 4 Territory concerned, the Secretary of the Air Force, under regulations
 5 prescribed by him and without cost to the United States for trans-
 6 portation, may lend obsolete ordnance and ordnance stores to State
 7 and Territorial educational institutions and to State soldiers' and
 8 sailors' orphans' homes, for drill and instruction. However, no loan
 9 may be made under this subsection to an institution to which ord-
 10 nance or ordnance stores may be lent under any law in effect on June
 11 30, 1906.

12 (b) The Secretary shall require a bond from each institution or
 13 home to which property is lent under subsection (a), in double the
 14 value of the property lent, for the care and safekeeping of that
 15 property and for its return when required.

Revision Note

Based on 50-62a.

In subsection (a), the words "Subject to regulations under section 205 of the Federal Property and Administrative Services Act of 1949, as amended (40 U. S. C. 486)" are inserted, since section 602 (c) of that act makes the revised section subject to that act. The words "as may be available" are omitted as surplusage. The word "lend" is substituted for the word "issue" to reflect the intent of the section.

In subsection (b), the words "to the United States" are omitted as surplusage.

§ 4615. Obsolete ordnance: gift to State homes for soldiers and sailors

1 Subject to regulations under section 205 of the Federal Property
 2 and Administrative Services Act of 1949, as amended (40 U. S. C.
 3 486), the Secretary of the Air Force, under regulations prescribed by
 4 him, may give not more than two obsolete bronze or iron cannons
 5 suitable for firing salutes, to any home for soldiers or sailors estab-
 6 lished and maintained under state authority.

Ch. 233 DISPOSAL OF OBSOLETE OR SURPLUS MATERIAL § 4615

Revision Note

Based on 50-66.

The reference in the Act of Feb. 8, 1889, ch. 116, 25 Stat. 657, to distribution to the "National Homes for Disabled Volunteer Soldiers" is omitted, since the Homes were dissolved by the Act of July 3, 1939, ch. 363, 46 Stat. 1016.

The Acts of Mar. 3, 1899, ch. 644, sec. 1 (proviso of 2d paragraph under "Ordnance Department"), 30 Stat. 1073; and May 26, 1900, ch. 586, sec. 4 (proviso of second paragraph under "Ordnance Department"), 31 Stat. 216, are cited to 50-66, but are not reflected in the text of the revised section. These acts relate to disposal of ordnance to "Homes for Disabled Volunteer Soldiers," by the Chief of Ordnance of the Army. These acts became inoperative when the Homes were dissolved. Although section 492 (c) of the Army Organization Act of 1950 amended the Act of May 26, 1900, it did not have the effect of reviving that act.

The word "give" is substituted for the word "deliver" to express more clearly the intent of the section. The words "serviceable" and "as may be on hand undisposed of" are omitted as surplusage.

The word "may" is substituted for the words "is authorized and directed", since section 4611 of this title provides an alternative method for the disposal of obsolete cannon.

CHAPTER 235. INQUESTS; DISPOSITION OF EFFECTS OF
DECEASED PERSONS AND UNCLAIMED PROPERTY

Sec.

4701. Inquests.

4703. Disposition of effects of deceased persons: by summary court-martial.

2 quire investigation, at a place garrisoned by the Air Force and under
3 the exclusive jurisdiction of the United States, the commanding
4 officer shall direct a summary court-martial to investigate the
5 circumstances of the death.

6 (b) In conducting an investigation under subsection (a), the
7 summary court-martial may summon witnesses and examine them
8 upon oath.

9 (c) The summary court-martial shall promptly submit to the
10 commanding officer a report of the investigation and findings as to
11 the cause of death.

Revision Note

Based on 10-15a

§ 4703. Disposition of effects of deceased persons: by summary
court-martial

1 (a) Upon the death of—
2 (1) a person subject to military law; or
3 (2) an inmate of the Soldiers' Home who dies in an Air

5 the Home to that hospital for treatment;

16 deceased to the extent permitted by money of the deceased in the
17 court's possession, and shall take receipts for those payments, to be
18 filed with the court's final report to the Department of the Air Force.

19 (d) As soon as practicable after the collection of the effects and
20 money of the deceased, the summary court-martial shall send them
21 at Government expense to the living person highest on the following
22 list who can be found by the court:

- 23 (1) Widow or legal representative.
- 24 (2) Son.
- 25 (3) Daughter.
- 26 (4) Father (if he has not abandoned the support of his family).
- 27 (5) Mother.
- 28 (6) Brother.
- 29 (7) Sister.
- 30 (8) Next of kin.
- 31 (9) Beneficiary named in the will of the deceased.

32 (e) If the summary court-martial cannot distribute the effects
33 under subsection (d) because there are no persons in those categories
34 or because the addresses of the persons are not known or readily
35 ascertainable, the court may convert the effects of the deceased,
36 except sabers, insignia, decorations, medals, watches, trinkets,
37 manuscripts, and other articles valuable chiefly as keepsakes, into
38 cash, by public or private sale, but not until thirty days after the
39 date of death of the deceased.

40 (f) As soon as practicable after the effects have been converted
41 into cash under subsection (e), the summary court-martial shall
42 deposit all cash in the court's possession and belonging to the estate
43 with the officer designated in regulations, and shall send a receipt
44 therefor, together with any will or other papers of value, an inven-
45 tory of the effects, and articles not permitted to be sold, to the
46 Department of the Air Force for transmission to the Soldiers' Home.

47 (g) The summary court-martial shall make a full report of the
48 transactions under this section, with respect to the deceased, to
49 the Department of the Air Force for transmission to the General
50 Accounting Office for action authorized in the settlement of accounts
51 of deceased members of the Air Force.

Revision Note

Based on 5-150j.

In subsection (d), the persons to whom property is to be delivered are set forth in numerical order in conformance with opinions of the Judge Advocate General of the Army. The words "through the Quartermaster Corps" are omitted, since the Air Force does not have organic corps created by statute. The words "if such be found by said court" are omitted as surplusage.

§ 4703

SERVICE, SUPPLY, AND PROCUREMENT

IV

In subsection (f), the words "Soldiers' Home" are substituted for the words "General Accounting Office" since, as provided in section 4705 of this title, the Home is now the place where the mentioned articles are sent.

§ 4705. Disposition of effects of deceased persons: by Soldiers' Home

1 (a) The Soldiers' Home shall dispose of the effects of a deceased
2 person which are delivered to it under section 4703 of this title, as
3 follows:

4 (1) A will or other paper involving property rights shall be
5 promptly delivered to the proper court of record.

6 (2) If the next of kin or the legal representative of the deceased
7 cannot sooner be ascertained, the Home shall retain the remaining
8 effects until three years after the death of the deceased, and then,
9 upon establishment of a right thereto to the satisfaction of the
10 Home, it shall deliver them to the living person highest on the
11 following list who can be found:

12 (A) Widow or legal representative.

13 (B) Son.

14 (C) Daughter.

15 (D) Father (if he has not abandoned the support of his
16 family).

20 (H) Next of kin.

21 (I) Beneficiary named in the will of the deceased.

22 (b) After three years from the date of death, the Home may sell
23 the effects to which a right has not been established by the next of
24 kin or the legal representative, except decorations, medals, and
25 citations, by public or private sale, as it considers most advantageous.

26 (c) After five years from the date of death, the Home shall
27 dispose of effects which are not sold under subsection (b) and to
28 which a right has not been established by the next of kin or legal
29 representative of the deceased, including decorations, medals, and
30 citations, in the manner which it considers most appropriate in the
31 public interest. It may retain them; deliver them to the Vet-

33 other appropriate institution; or destroy them if the Board of
34 Commissioners of the Home determines that they are valueless.

35 (d) The net proceeds received by the Home from the sale of the
36 deceased's effects shall be covered into the Treasury to the credit of

INQUESTS; DISPOSITION OF EFFECTS

§ 4707

40 (c) A claim for the net proceeds of the sale of the deceased's
 41 effects may be filed with the General Accounting Office at any time
 42 within six years after the date of his death, for action under section

 47 from the Soldiers' Home permanent fund (trust fund) in the amount
 48 found due, including accrued interest. No claim may be allowed or
 49 paid in excess of the net proceeds, including accrued interest, of the
 50 estate covered into the Treasury under subsection (d).

Revision Note

Based on 5: 150j-1, 150j-2, and 150j-3.

In subsection (a), the words "The Soldiers' Home shall dispose of the effects of a deceased person which are delivered to it" are substituted for the words "The effects in the possession of the General Accounting Office", since the General Accounting Office no longer possesses any of those effects. The words "including those of deceased inmates of the Soldiers' Home dying in any United States military hospital, where sent from said home for treatment" are omitted, since they are included in section 4703 of this title, referred to in this subsection. The words "next of kin" are substituted for the word "heirs", since the revised section refers only to personal property. The persons to whom property is to be delivered are set forth in numerical order to conform to opinions of the Judge Advocate General of the Army.

In subsection (e), the words "are valueless" are substituted for the words "no longer possess any value".

In subsection (e), the words "General Accounting Office" are substituted for the words "accounting officers", since the General Accounting Office has replaced them.

In subsection (f), the words "under subsection (e)" are substituted for the words "for the net proceeds of such effects".

§ 4707. Disposition of unclaimed property

1 (a) The Secretary of the Air Force, under regulations prescribed
 2 by him, may, by public or private sale or otherwise, dispose of all
 3 lost, abandoned, or unclaimed personal property that comes into the
 4 custody or control of the Department of the Air Force, other than
 5 property subject to section 4703 or 4705 of this title or subject to
 6 subsection (e). However, property may not be disposed of until
 7 diligent effort has been made to find the owner, his next of kin,
 8 or his legal representative, nor until one year after the date the
 9 property is received at a storage point designated by the Secretary.
 10 If the owner, his next of kin, or his legal representative is found,
 11 the property may not be disposed of until the expiration of 120 days
 12 after the date when notice, giving the time and place of the intended

13 sale or other disposition, has been sent by registered mail to that
14 person at his last known address.

15 (b) The net proceeds from the sale of property under this section
16 shall be covered into the Treasury as miscellaneous receipts. A
17 claim for those proceeds by the owner, his next of kin, or his legal
18 representative must be filed with the General Accounting Office
19 within five years after the date of the disposal of the property. If
20 not so filed, such a claim may not be considered by a court or the
21 General Accounting Office.

22 (c) No property may be delivered to the Soldiers' Home under
23 this section except papers of value, sabers, insignia, decorations,
24 medals, watches, trinkets, manuscripts, and other articles valuable
25 chiefly as keepsakes. The Home shall deliver the property to the
26 owner, his next of kin, or his legal representative, if he establishes a
27 right to it within two years after its receipt by the Home.

Revision Note

Based on 5:150c, 150f, 150g, 150h, and 150i.

The words "until the expiration" are substituted for the words "prior to the expiration of a period". The words "is found" are substituted for the words "have or has been determined".

In subsections (a) and (b), the word "heirs" is omitted, since the revised section relates only to personal property.

§ 4807

SERVICE, SUPPLY, AND PROCUREMENT

IV

Revision Note

Based on 10:749.

Since its legislative history shows that it was enacted because the Comptroller of the Treasury had disallowed certain accounts for travel expenses (46 Congressional Record, pp. 905-913, 4643-4645), the source section is restated to preclude future disallowances. The words "official and military" are omitted as surplusage.

1 (a) The Secretary of the Air Force, under regulations prescribed
2 by him and at reasonable rates of fare, may provide transportation

30 (3) lease or charter the equipment to private or public carriers
31 for operation under terms, considered advisable by the Secretary

36

37 (d) Fares received under subsection (a), and proceeds of the leasing
38 or chartering of equipment under subsection (c) (3), shall be covered
39 into the Treasury as miscellaneous receipts.

52 (6) the number of miles operated;
53 (7) the amount of fares and receipts from leasing or chartering

6 (b) Transportation may be provided under subsection (a) only
7 if—

- 8 (1) the Secretary considers that accommodations are available;

§ 4811 SERVICE, SUPPLY, AND PROCUREMENT IV

- 9 (2) the transportation is without expense to the United States;
10 (3) the Civil Aeronautics Board has not certified that com-
11 mercial air carriers of the United States, which can handle the
12 transportation, are operating between Alaska and other areas of
13 the continental United States;
14 (4) the transportation cannot be reasonably handled by a
15 United States commercial air carrier; and
16 (5) the transportation is limited to one round trip during any
17 two-year period, except in an emergency such as sickness or

The words "technical buildings and utilities" are omitted as covered by the words "buildings" and "utilities". The words "sewer, water, power, station and aerodrome lighting" are omitted as covered by the word "utilities". The words "communication systems" are substituted for the words "telephone and signal communications". The words "or complete the construction, installation, and equipment" are omitted as surplusage.

Ch. 239

REAL PROPERTY

§ 4915

In subsection (b), the first 57 words of 10:1343d are omitted as being in part surplusage and in part superseded. The words "which appropriation shall continue available until expended" are omitted as superseded by section 303 (b) of the Army and Air Force Authorization Act of 1949 (10 U. S. C. 20 (note)).

In subsections (a), (b), (c), (d), and (h), the words "air bases" are substituted for the word "station".

§ 4913. Construction of quarters: limitations on space and cost

- 1 (a) In the construction of family quarters from appropriated funds
- 2 for members of the Air Force, the following are the maximum limita-
- 3 tions on net floor area for each unit:

|-------------------------------------|--------------------|
| 4 Enlisted member | 1,080 |
| 5 Officer below major | 1,250 |
| 6 Major or lieutenant colonel | 1,400 |
| 7 Colonel | 1,670 |
| 8 General officer | 2,100 |

- 9 (b) Except when built by members of the Army or the Air Force,
- 10 no permanent barrack, quarters, building, or other permanent
- 11 structure may be built unless a detailed estimate of its cost has been
- 12 submitted to Congress and a specific appropriation has been made
- 13 therefor. No one may build such a structure without specific
- 14 authority of Congress if the cost is more than \$100,000.

- 15 (c) A limitation upon the cost of quarters built for members of
- 16 the Air Force does not apply to expenditures for equipment for those
- 17 quarters and work performed outside of those quarters.

Revision Note

Based on 5:626p; and 10:1337a and 1339.

In subsection (a), the word "maximum" is substituted for the word "greater". The word "grade" is substituted for the word "rank".

In subsection (b), the last two sentences of 10:1339 are omitted as covered by section 355 of the Revised Statutes (50 U. S. C. 175). The word "members" is substituted for the word "troops". The words "of the Army or the Air Force" are inserted to make it clear that the exception stated in 10:1339 extends to construction by members of either service for the other service.

In subsection (c), the last 22 words of 10:1337a are omitted as surplusage.

§ 4915. Emergency construction: fortifications

- 1 In an emergency and when the President considers it urgent, a
- 2 temporary air base or fortification may be built on private land if the
- 3 owner consents in writing. In such a case, section 355 of the Revised
- 4 Statutes (50 U. S. C. 175) does not apply.

§ 4915 SERVICE, SUPPLY, AND PROCUREMENT IV

Revision Note

Based on 50:178.

The word "important" is omitted as covered by the word "urgent".

§ 4917. Leases: excess property

- 1 (a) Whenever the Secretary of the Air Force considers it advan-
 2 tageous to the Government, he may lease, upon any terms which in
 3 his judgment will promote the national defense or be in the public
 4 interest, real or personal property which is—
 5 (1) under the control of the Department of the Air Force;
 6 (2) not then needed for public use; and
 7 (3) not excess property, as defined by section 3 of the Federal
 8 Property and Administrative Services Act of 1949, as amended
 9 (40 U. S. C. 472).
- 10 (b) A lease of property under subsection (a)—
 11 (1) may not be for more than five years, unless the Secretary
 12 determines that a lease for a longer period will promote the
 13 national defense or be in the public interest;
 14 (2) may give the lessee the first right to buy that property if
 15 the lease is revoked to permit the sale of the property by the
 16 Government under other law;
 17 (3) must permit the Secretary to revoke the lease at any
 18 time, unless he determines that the omission of such a provision
 19 will promote the national defense or be in the public interest;
 20 (4) must be revocable by the Secretary during a national
 21 emergency declared by the President; and
 22 (5) may provide, notwithstanding section 321 of the Act of
 23 June 30, 1932, ch. 314 (40 U. S. C. 303 (b)) or any other pro-
 24 vision of law, for the maintenance, protection, repair, or restora-
 25 tion, by the lessee, of the property leased, or of the entire unit
 26 or installation where a substantial part thereof is leased, as
 27 part or all of the consideration for the lease.
- 28 (c) This section does not apply to oil, mineral, or phosphate lands.
- 29 (d) Rent received by the United States under any lease of prop-
 30 erty under this section shall be covered into the Treasury as mis-
 31 cellaneous receipts. However, payments for utilities or services fur-
 32 nished by the Department of the Air Force under such a lease shall
 33 be covered into the Treasury to the credit of the appropriation from
 34 which the cost of furnishing them to the lessee was paid.
- 35 (e) The interest of a lessee of property leased under this section
 36 may be taxed by State or local governments. A lease of property
 37 under this section must provide that, if Congress authorizes State
 38 and local governments to tax the property, and if such a tax is
 39 imposed after the lease is made, the lease shall be renegotiated.

Revision Note

Based on 5-626e-3 and 626e-6.

In subsection (a) (3), the words "excess property, as defined by section 3 of the Federal Property and Administrative Services Act of 1949, as amended (40 U. S. C. 272)" are substituted for the words "surplus to the needs of the Department within the meaning of sections 1611-1614, 1615-1630, and 1632-1646 of Appendix to Title 50", since the words "excess property" are so defined by the Federal Property and Administrative Services Act of 1949.

In subsection (b) (2), the words "the first right to buy" are substituted for the words "a right of first refusal". The words "but this section shall not be construed as authorizing the sale of any property unless the sale thereof is otherwise authorized by law" are omitted as surplusage, since the revised section deals only with leases of property.

In subsection (b) (4), the words "In any event" are omitted as surplusage.

In subsection (c), the words "after the lease is made" are inserted for clarity.

§ 4919. Easements for rights-of-way

- 1 (a) If the Secretary of the Air Force finds that it will not be
2 against the public interest, he may grant, upon conditions which
3 he considers advisable, easements for rights-of-way over, in, and
4 upon public lands permanently withdrawn or reserved for the use of
5 the Department of the Air Force, and other lands under the Secretary's
6 control, to a State, Territory, or possession of the United
7 States, or political subdivision thereof, or to a citizen, association,
8 partnership, or corporation of a State, Territory, or possession of the
9 United States, for—
- 10 (1) railroad tracks;
 - 11 (2) oil pipelines;
 - 12 (3) substations for electric power transmission lines, telephone
13 lines, and telegraph lines, and pumping stations for gas, water,
14 sewer, and oil pipelines;
 - 15 (4) canals;
 - 16 (5) ditches;
 - 17 (6) flumes;
 - 18 (7) tunnels;
 - 19 (8) dams and reservoirs in connection with fish and wildlife
20 programs, fish hatcheries, and other improvements relating to
21 fish-culture;
 - 22 (9) roads and streets; and
 - 23 (10) any other purpose that he considers advisable, except a
24 purpose covered by section 4921 of this title or by the fourth
25 and fifth paragraphs under "Improvement of the National
26 Forests" in the Act of Mar. 4, 1911, ch. 238 (43 U. S. C. 961).
 - 27 (b) No easement granted under this section may include more
28 land than is necessary for the easement.

§ 4919

SERVICE, SUPPLY, AND PROCUREMENT

IV

- 29 (c) The Secretary may terminate all or part of any easement
 30 granted under this section for—
 31 (1) failure to comply with the terms of the grant;
 32 (2) non-use for a two-year period; or
 33 (3) abandonment.
 34 (d) Copies of instruments granting easements under this section
 35 shall be furnished to the Secretary of the Interior.

Revision Note

Based on 43:930b.

In subsection (a), the word "terms" is omitted as covered by the word "conditions". The description of the lands and persons covered are restated in clauses (1)-(10) to reflect the opinion of the Judge Advocate General of the Army (JAGR 1952:3179, 27 Mar. 52). The exceptions to clause (10) make express the fact that the revised section does not cover certain easements authorized by earlier law.

Subsection (b) is inserted for clarity and is based on the above cited opinion.

In subsection (c), the word "terminate" is substituted for the words "annulled and forfeited". The word "easement" is substituted for the word "rights-of-way".

§ 4921. Easements for rights-of-way: gas, water, sewer pipelines

- 1 (a) If the Secretary of the Air Force finds that it will be in the
 2 public interest and will not substantially injure the interest of the
 3 United States in the property affected, he may grant, upon conditions
 4 which he considers advisable, easements for rights-of-way over, in,
 5 and upon public lands permanently withdrawn or reserved for the use
 6 of the Department of the Air Force, and other lands under his
 7 control, for gas, water, and sewer pipelines, to a State, Territory, or
 8 possession of the United States, or political subdivision thereof, or
 9 to a citizen, association, partnership, or corporation of a State, Terri-
 10 tory, or possession of the United States.
 11 (b) No easement granted under this section may include more
 12 land than is necessary for the easement.
 13 (c) The Secretary may terminate all or part of any easement
 14 granted under this section for—
 15 (1) failure to comply with the terms of the grant;
 16 (2) non-use; or
 17 (3) abandonment.
 18 (d) The Secretary shall include in his annual report to the Presi-
 19 dent a complete statement of each easement granted under this sec-
 20 tion, including the name and address of the grantee, the purpose of
 21 the grant, and the benefits accruing to the United States or to the
 22 public.

Ch. 239

REAL PROPERTY

§ 4925

Revision Note

Based on 10:1351.

In subsection (a), the word "terms" is omitted as covered by the word "conditions". The description of the lands and persons covered are restated to reflect the opinion of the Judge Advocate General of the Army (JAGR 1952:3179, 27 Mar. 52).

Subsection (b) is inserted for clarity and is based on the above cited opinion.

In subsection (c), the words "any easement" are substituted for the words "such rights-of-way". The word "terminate" is substituted for the words "annulled and forfeited".

In subsection (d), the words "a complete statement of each easement" are substituted for the words "a full and complete statement of each and all easements".

§ 4923. Permits: military reservations; landing ferries, erecting bridges, driving livestock

- 1 Whenever the Secretary of the Air Force considers that it can be
2 done without injury to the reservation or inconvenience to the mili-
3 tary forces stationed there, he may permit—
4 (1) the landing of ferries at a military reservation;
5 (2) the erection of bridges on a military reservation; and
6 (3) the driving of livestock across a military reservation.

Revision Note

Based on 10:1348.

The words "to permit the extension of State, county, and Territorial roads across military reservations" are omitted as superseded by section 4919 of this title. In clause (3), the word "livestock" is substituted for the words "cattle, sheep or other stock animals".

§ 4925. Licenses: military reservations; erection and use of buildings; Young Men's Christian Association, American National Red Cross

- 1 The Secretary of the Air Force, under regulations prescribed by
2 him, may issue a revocable license to—
3 (1) the International Committee of Young Men's Christian
4 Associations of North America to erect and maintain on military
5 reservations within the United States, its Territories, and its posses-
6 sions, buildings needed by that organization for the promotion
7 of the social, physical, intellectual, and moral welfare of the
8 members of the Air Force on those reservations; and
9 (2) the American National Red Cross to erect and maintain on
10 military reservations under the jurisdiction of the United States,
11 buildings for the storage of supplies for the aid of the civilian
12 population in case of national disaster, or to use buildings, erected
13 by the United States on those reservations, for the storage of
14 those supplies.

§ 4925

SERVICE, SUPPLY, AND PROCUREMENT

IV

Revision Note

Based on 10: 1346 and 1347.

In clause (1), the words "members of the Air Force" are substituted for the word "garrisons". The words "its Territories, and its possessions" are substituted for the words "or its island possessions" for clarity.

In clause (2), the word "serious" is omitted as surplusage.

§ 4927. Use of public property

1 (a) When the economy of the Air Force so requires, the Secretary
2 of the Air Force shall establish military headquarters in places where
3 suitable buildings are owned by the United States.

4 (b) The Secretary shall assign suitable space for postal purposes at
5 each air base where there is a post office.

6 (c) No money appropriated for the Department of the Air Force
7 may be spent for base gardens or Air Force exchanges. However,
8 this does not prevent Air Force exchanges from using public buildings
9 or public transportation which, in the opinion of the Secretary, are
10 not needed for other purposes.

Revision Note

Based on 10: 1332, 1335, and 1345.

In subsection (c), the words "the Secretary" are substituted for the words "the Quartermaster General", since the functions which, for the Army, are assigned by statute to subordinate officers of the Army, are, for the Air Force, assigned to the Secretary.

- 1 (a) Under regulations prescribed by the Secretary of the Air Force,
- 2 he or any officer designated by him may consider, determine, adjust,
- 3 and pay a claim against the United States, arising after September
- 4 26, 1947, by a member of the Air Force or a civilian officer or employee

- 20 after its occurrence, and if good cause is shown, the claim may
- 21 be presented not later than one year after the war is terminated.

Revision Note

Based on 31:222e (less last sentence).

In subsection (a), the words "ascertain", "settle", "reasonable", and "not heretofore satisfied", are omitted as surplusage. The words "after September 26,

§ 5001 SERVICE, SUPPLY, AND PROCUREMENT IV

1947", are substituted for the words "on or after December 7, 1939", since, under Transfer Order 1, September 26, 1947, was the effective date of the transfer of personnel from the Army to the Air Force under the National Security Act of 1947.

In subsection (b), the words "not later than" are substituted for the word "within" to make it clear that a claim may be presented during a war.

§ 5003. Property loss; personal injury or death; incident to noncombat activities of the Department of the Air Force

- 1 (a) Under regulations prescribed by the Secretary of the Air
2 Force, he, or subject to appeal to him, any officer designated by
3 him, may consider, determine, adjust, and pay in an amount not
4 more than \$1,000, a claim against the United States arising after
5 September 26, 1947, for—
- 6 (1) damage to, or loss of, real property, including damage
7 incident to use and occupancy;
 - 8 (2) damage to, or loss of, personal property, including property
9 bailed to the United States;
 - 10 (3) damage to, or loss of, registered or insured mail, caused by
11 a criminal act while the mail is in the possession of the Air
12 Force; or
 - 13 (4) personal injury or death;
- 14 either caused by a member of the Air Force or a civilian employee
15 of the Department of the Air Force, acting within the scope of his
16 employment, or otherwise incident to noncombat activities of the
17 Department of the Air Force.
- 18 (b) No claim may be considered under this section if—
- 19 (1) it is allowable under section 2672 of title 28, as amended,
20 for damage to, or loss of, property, or for personal injury or
21 death, caused by the negligent or wrongful act or omission of a
22 member of the Air Force or a civilian employee of the Depart-
23 ment of the Air Force, acting within the scope of his employment;
 - 24 (2) it arises in a foreign country and is allowable under section
25 5005 of this title; or
 - 26 (3) it is for the personal injury or death of a member of the
27 Air Force or a civilian employee of the Department of the Air
28 Force whose injury or death is incident to his service.
- 29 (c) A claim may be settled under subsection (a) only if—
- 30 (1) it is presented in writing within one year after the incident
31 out of which it arises; except that if the incident occurs in time
32 of war or a war intervenes within one year after its occurrence,
33 and if good cause is shown, the claim may be presented within

 - 35 (2) it is substantiated as prescribed in regulations of the
36 Secretary; and

- 40 (d) A claim for personal injury or death under subsection (a) may
 41 not be settled for more than the cost of reasonable medical, hospital,
 42 and burial expenses actually incurred, and not otherwise furnished
 43 or paid by the United States.
- 44 (e) The Secretary may report a claim for more than \$1,000 to
 45 Congress for its consideration.
- 46 (f) No claim may be paid under subsection (a) unless the amount

- 48 (g) An appropriation available to the Department of the Air Force
 49 for the payment of claims under any other law is available for the
 50 payment of any claim of the same kind under subsection (a).

Revision Note

Based on 31:223b (less 3th sentence) and 223c, and unmodified Act of Aug. 2, 1946, ch. 753, sec. 424 (a) (3th paragraph), 60 Stat. 847.

In subsection (a), the words "ascertain", "settle", and "whether under a lease, express or implied", are omitted as surplusage. The words "member of the Air Force or a civilian employee of the Department of the Air Force" are substituted for the words "military personnel or civilian employees of the Department of the Army or of the Army". The words "after September 26, 1947" are substituted for the words "on or after May 27, 1944", since, under Transfer Order 1, September 26, 1947, was the effective date of the transfer of personnel from the Army to the Air Force under the National Security Act of 1947.

Subsection (b) (1) is inserted to reflect the specific amendment of 31:223b and 223c by section 424 (a) (3th paragraph) of the Federal Tort Claims Act, 60 Stat. 847. Section 424 (a) of the Federal Tort Claims Act referred to "claims cognizable under part 2 of this title". Part 2 of that act consisted of sections 403 and 404 which were repealed by section 39 of the Act of June 25, 1948, ch. 646, 62 Stat. 1008, and replaced by sections 2672 and 2673 of title 28. Accordingly, the words "allowable under section 2672 of title 28, as amended" are substituted for the words "claims cognizable under part 2 of this title". The words "or possessions thereof" are omitted, since possessions of foreign countries are not specifically covered by the section to which the words refer.

In subsection (c), the word "accident" is omitted as surplusage.

In subsection (f), the words "and final settlement" are omitted as surplusage.

In subsection (g), the first sentence of 31:223c is omitted as surplusage.

§ 5005. Property loss; personal injury or death; incident to noncombat activities of the Department of the Air Force; foreign countries

- 1 (a) To promote and maintain friendly relations through the prompt
 2 payment of meritorious claims arising abroad, the Secretary of the
 3 Air Force or any officer designated by him may, under regulations
 4 prescribed by the Secretary, appoint one or more claims commissions,

§ 5965

SERVICE, SUPPLY, AND PROCUREMENT

IV

5 each composed of one or more commissioned officers, to consider,
6 determine, to adjust, settle, and pay any claim for not more than
7 \$5,000, for—

8 (1) damage to, or loss of, real property of any foreign country
9 or of any inhabitant of that country, including damage or loss
10 incident to use and occupancy;

11 (2) damage to, or loss of, personal property of any foreign
12 country or of any inhabitant of that country, including property
13 bailed to the United States; or

14 (3) personal injury to, or death of, any inhabitant of a foreign
15 country;

16 if the damage, loss, personal injury, or death occurs in that country
17 and is caused by the Air Force, a member of the Air Force, or a
18 civilian employee of the Air Force, or is otherwise incident to non-
19 combat activities of the Air Force. The claim of an insured, but not
20 that of a subrogee, may be considered under this subsection. As
21 used in this section, "foreign country" includes but is not limited to,
22 any place under the jurisdiction of the United States in a foreign
23 country.

24 (b) A claim may be settled under subsection (a) only if—

25 (1) it is presented within one year after the incident out of
26 which it arises;

27 (2) it arose after September 26, 1947;

28 (3) in the case of a national of a country at war with the
29 United States, or of any ally of that country, the claimant is
30 found by the commission or by the local military commander
31 to have been and to be friendly to the United States; and

32 (4) it did not arise from action by an enemy or result directly
33 or indirectly from an act of the armed forces of the United
34 States in combat.

35 (c) Settlement of a claim for more than \$2,500 under subsection
36 (a) may by regulation be made subject to the approval of any com-
37 missioned officer designated by the Secretary.

38 (d) The Secretary may certify to Congress any claim for more
39 than \$5,000, in the amount that he considers just and reasonable, as a
40 legal claim for payment from appropriations made by Congress there-
41 for, together with a brief statement of the claim, the amount claimed,
42 and the amount allowed.

43 (e) No claim may be paid under subsection (a) unless the amount
44 tendered is accepted in full satisfaction.

45 (f) A claim settled under this section shall be paid from the ap-
46 propriation for finance service, Air Force, that is current at the time
47 the claim is paid.

Ch. 241

MILITARY CLAIMS

§ 5007

48 (g) In time of war and upon request of the Air Force, a claim
 49 covered by subsection (a) may be considered, determined, adjusted,
 50 and paid by a commission appointed under section 5005 of subtitle B
 51 (Army), or section --- (31:224d (as applicable to the Navy)) of
 52 subtitle C (Navy), of this title, subject to reimbursement by the Air
 53 Force.

Revision Note

Based on 31:224d (now last provision), 224b, 224g, and 224i.

In subsection (a), the words "ascertain", "public", "private", "Army . . . forces", and "whether under a lease, express or implied", are omitted as surplusage. The words "member of the Air Force or a civilian employee of the Air Force" are substituted for the words "including military personnel and civilian employees".

In subsection (b), the word "found" is substituted for the word "determined". The words "to have been and to be" are substituted for the word "is" to make it clear that the claimant must have been friendly at the time the claim arose. The word "accident" is omitted as surplusage. The words "after September 26, 1947" are substituted for the words, "on or after May 26, 1941" since, under Transfer Order 1, September 26, 1947, was the effective date of the transfer of personnel from the Army to the Air Force under the National Security Act of 1947. The phrase of 31:224g is omitted as surplusage.

In subsection (b), the words "except that claims arising out of accidents or incidents occurring after December 6, 1941, but prior to May 1, 1943, may be presented at any time prior to May 1, 1941" are omitted as executed.

In subsection (c), the words "and in final settlement" are omitted as surplusage.

In subsection (g), the words "even though not composed of officers of the service concerned" are omitted, since the Secretaries of the Army and Navy cannot appoint Air Force officers to such a commission.

§ 5007. **Damage by United States vessels: towage and salvage of United States vessels**

1 (a) Under the direction of the Secretary of Defense, the Secretary
 2 of the Air Force may consider, determine, adjust, and pay in an
 3 amount not more than \$500,000, a claim against the United States
 4 for --

5 (1) damage caused by a vessel of, or in the service of, the
 6 Department of the Air Force; or

7 (2) compensation for towage and salvage service, including
 8 contract salvage, performed for a vessel of, or in the service of,
 9 the Department of the Air Force.

10 (b) If the amount found to be due for a claim under subsection (a)
 11 is more than \$500,000, the Secretary of the Air Force shall report it
 12 to Congress for consideration.

13 (c) In any case where the amount to be paid is not more than
 14 \$1,000, the Secretary of the Air Force may delegate his authority
 15 under subsections (a) and (b) to any person in the Department of
 16 the Air Force designated by him.

17 (d) This section supplements other provisions of law relating to
18 the settlement of claims.

Revision Note

Based on 10:1861 (less 35 words before 1st proviso and 1866 (as applicable to 10:1861).

In subsection (a), the words "in an amount not more than \$200,000" are substituted for the words "the amount of any claims as determined, compromised, or settled" and the first 19 words of the last proviso of 10:1861. 5 which the Department has assumed an obligation to respond for
6 damage, if—

- 7 (1) the claim is

The words "under this section" are substituted for the words "for salvage services rendered". The words "and receive payment of" are inserted for clarity. The words "ascertain", "compromise", "settle", and "as miscellaneous receipts", are omitted as surplusage.

- 7 the amount paid or received, the basis of the determination, and other
- 8 pertinent information. The Secretary shall also report to Congress

The words "determined, compromised, or settled", "or settlement", "with respect thereto", and "compromise, or settlement", in 10:1864, and "subject to the proviso of section 4 hereof", in 10:1865, are omitted as surplusage.

§ 5017. Claims incident to correction of military records

1 (a) Under procedures established by him and approved by the
2 Secretary of Defense, the Secretary of the Air Force, acting through
3 boards of civilians in the executive part of Department of the Air
4 Force, may correct any Air Force record when he considers it neces-
5 sary to correct an error or remove an injustice. Except when
6 procured by fraud, the correction is final and conclusive.

7 (b) No correction may be made under subsection (a) unless the
8 claimant or his next of kin or legal representative files a request
9 therefor before October 26, 1961, or within three years after the
10 discovery of the error or injustice, whichever is later. However,
11 the board may excuse a failure to file within three years after dis-
12 covery if it finds it to be in the interest of justice.

13 (c) The Department of the Air Force may pay a claim for the loss
14 of pay, allowances, compensation, emoluments, or other pecuniary
15 benefits, or for the repayment of a fine or forfeiture, if, as a result of
16 correcting a record under this section, or under section 207 of the
17 Legislative Reorganization Act of 1946 before enactment of this
18 title, the amount is found to be due the claimant for his service in
19 the Air Force. If the claimant is dead, the money shall be paid,
20 upon demand, to his legal representative. However, if no demand
21 for payment is made by a legal representative, the money shall be
22 paid—

23 (1) to the widow, widower, next of kin, or beneficiaries, in
24 the order prescribed by applicable law;

25 (2) if there is no applicable law covering order of payment,
26 in the order set forth in section 5121 of this title; or

27 (3) as otherwise prescribed by applicable law.

Ch. 241

MILITARY CLAIMS

§ 5017

28 (d) A claimant's acceptance of a settlement under subsection (c)
29 fully satisfies the claim for the correction concerned.

30 (e) Applicable current appropriations may be used to continue
31 the pay, allowances, compensation, emoluments, and pecuniary bene-
32 fits of any person who was paid under subsection (c), and who,
33 because of the correction of his military record, is so entitled, but
34 not more than one year after the date his Air Force record is cor-
35 rected under this section if he is not reclassified in, or reappointed to,
36 the grade to which the payments relate. Without regard to quali-
37 fications for readjustment or reappointment, the Secretary of the Air
38 Force may reclassify a person in, or reappoint him to, the grade to
39 which payments under this section relate.

40 (f) No payment may be made under this section for a benefit to
41 which the claimant might later become entitled under the laws and
42 regulations administered by the Administrator of Veterans' Affairs.

43 (g) The Secretary of Defense shall report to Congress every six
44 months on claims paid under this section during the period covered
45 by the report. The report shall include for each claim a brief de-
46 scription of the claim, a statement of the amount paid, and the
47 name of the person to whom it is paid.

Revision Note

Based on 5:191a.

In subsection (a), the words "and approved by the Secretary of Defense" are substituted for the first proviso of 5:191a (a). The words "when he considers it" are substituted for the words "where in their judgment such action is". The words "officers or employees", "on all officers of the Government", and "means of", are omitted as surplusage.

In subsection (b), the words "next of kin" are substituted for the words "heirs at law", since the revised section relates only to personal property. The words "before October 26, 1964" are substituted for the words "or within ten years after the date of enactment of this Act". The last sentence of the revised subsection is substituted for the last proviso of 5:191a (a).

In subsection (c), the words "if, as a result of correcting a record under this section, the amount is found to be due the claimant for his service in the Air Force" are substituted for the words "which are found to be due on account of military . . . service as a result of the action . . . hereafter taken pursuant to subsection (a) of this section". The words "out of applicable current appropriations", "of any persons, their heirs at law or legal representatives as hereinafter provided", "including retired or retirement pay", "as the case may be", "duly appointed", "otherwise due hereunder", "incident to", "pension or succession", "relating to the kind of payment involved", "of precedence", and 5:191a (b) (1), are omitted as surplusage.

In subsection (d), the language of the revised subsection is substituted for 5:191a (c).

In subsection (e), the word "but" is substituted for the words "That continuing payments are authorized to be made to such personnel". The words "if he is not reclassified or reappointed to the grade to which the payments relate" are

substituted for the words "without the necessity for reestablishment, appointment, or reappointment to the grade, rank, or office to which such pay (including retired or retirement pay), allowances, compensation, emoluments, and other monetary benefits are attached". The words "or one year following the date of enactment of this Act" are omitted as executed. The words "for payment of such sums as may be due for" and "(including retired or retirement pay)", are omitted as surplusage.

In subsection (f), the words "No payment may be made under this section" are substituted for the words "Nothing in this Act shall be construed to authorize the payment of any amount as compensation".

- 5101. Custody of departmental records and property.
- 5103. Property accountability: regulations.
- 5105. Accountability for public money: disbursing officers; agent officers.
- 5109. Reports of survey.
- 5111. Individual equipment: unauthorized disposition.
- 5113. Settlement of accounts: deductions from pay.
- 5115. Settlement of accounts: affidavit of squadron commander.
- 5117. Settlement of accounts: oaths.
- 5119. Final settlement of accounts: commissioned officers.
- 5121. Final settlement of accounts: deceased members.

§ 5101. Custody of departmental records and property

- 1 The Secretary of the Air Force has custody and charge of all books,
- 2 records, papers, and other property of the executive part of the De-
- 3 partment of the Air Force.

Revision Note

Based on 5:191.

The words "furniture, fixtures" are omitted as covered by the words "other property". The words "of the executive part of the Department of the Air Force" are substituted for the words "appertaining to the Department".

§ 5103. Property accountability: regulations

- 1 The Secretary of the Air Force may prescribe regulations for the
- 2 accounting for Air Force property and the fixing of responsibility for
- 3 that property.

Revision Note

Based on 10:1301.

The word "supplies" is omitted as covered by the word "property".

§ 5105. Accountability for public money: disbursing officers; agent officers

- 1 Under regulations prescribed by the Secretary of the Air Force,
- 2 any officer of the Air Force accountable for public money may intrust
- 3 money to any other officer of the Air Force to make disbursements
- 4 as his agent. Both the officer to whom money is intrusted under this
- 5 section, and the officer who intrusts the money to him, are pecuniarily
- 6 responsible for that money to the United States.

Revision Note

Based on 10:1805.

§ 5109 SERVICE, SUPPLY, AND PROCUREMENT IV

§ 5109. Reports of survey

1 (a) Under regulations prescribed by the Secretary of the Air
2 Force, any officer of the Air Force designated by him may act upon
3 reports of surveys and vouchers pertaining to the loss, spoilage, un-
4 serviceability, unsuitability, or destruction of, or damage to, property
5 of the United States under the control of the Department of the Air
6 Force.

7 (b) Action taken by an officer under subsection (a) is final, except
8 that action holding a person pecuniarily liable for the loss, spoilage,
9 or destruction of, or damage to, the property is not final until ap-
10 proved by the Secretary, or by an officer designated by him.

Revision Note

Based on 10-1305.

In subsection (b), the words "or concern" are omitted as covered by the definition of "person", in 1 U. S. C. 1.

§ 5111. Individual equipment: unauthorized disposition

1 (a) No member of the Air Force may sell, lend, pledge, barter, or
2 give away any clothing, arms, or other equipment furnished him by
3 the United States. However, this subsection does not prohibit
4 transfers otherwise authorized by law.

5 (b) If a member of the Air Force has disposed of equipment in
6 violation of subsection (a) and it is in the possession of a person who
7 is neither a member of the Air Force nor an officer of the United
8 States authorized to receive it, that person has no right to the equip-
9 ment, and any civil or military officer of the United States may seize
10 it, wherever found. Possession of such equipment furnished by the
11 United States to a member of the Air Force, by a person who is
12 neither a member of the Air Force nor an officer of the United States,
13 is prima facie evidence that the equipment has been disposed of in
14 violation of subsection (a).

15 (c) If an officer who seizes equipment under subsection (b) is not
16 authorized to retain it, he shall deliver it to a person who is authorized
17 to retain it.

Revision Note

Based on 10-1316 and 1317.

In subsection (a), the words "other equipment" are substituted for the words "military outfits, and accouterments". The word "exchanged" is omitted as surplusage. The last sentence of subsection (a) is inserted to reflect various provisions authorizing transfer of the enumerated items of property.

In subsection (b), the word "right" is substituted for the words "right, title, or interest".

§ 5113. Settlement of accounts: deductions from pay

1 (a) An amount due the United States from an enlisted member of
2 the Air Force for articles sold to the member on credit under section
3 4401 of this title, shall be deducted from the next pay due that
4 member after the sale is reported. An amount due the United States
5 from an enlisted member of the Air Force for tobacco sold to him
6 at cost by the United States under section 4405 of this title shall be
7 deducted from his pay in the manner provided for the settlement of
8 clothing accounts.

9 (b) Under regulations prescribed by the Secretary of the Air
10 Force, any amount which an enlisted member is administratively
11 determined to owe the United States or any of its instrumentalities
12 may be deducted from his pay in monthly installments. However,
13 after the deduction of pay forfeited by the sentence of a court-
14 martial or otherwise authorized by law to be withheld, the deductions
15 authorized by this section may not reduce the pay actually received
16 for any month to less than one-third of his basic pay for that month.

17 (c) Subject to subsection (b), an amount due the United States
18 from an enlisted member may be deducted from his pay on final
19 statement, or from his savings on his clothing allowance.

20 (d) If he considers it in the best interests of the United States, the
21 Secretary may have any part of an enlisted member's indebtedness
22 to the United States or any of its instrumentalities remaining unpaid
23 at the time of that member's honorable discharge, or prior thereto,
24 remitted and canceled.

25 (e) Subject to subsection (f), the amount of any damage to arms
26 or equipment caused by the abuse or negligence of a member of the
27 Air Force who had the care of, or was using, the property when it
28 was damaged shall be deducted from his pay. Damage includes cost
29 of repairs.

30 (f) The pay of a commissioned officer of the Air Force may be
31 withheld only —

32 (1) under section 1766 of the Revised Statutes (5 U. S. C.
33 82), for an indebtedness to the United States admitted by the
34 officer or shown by the judgment of a court;

35 (2) upon a special order issued in the discretion of the Secre-
36 tary; or

37 (3) under subsection (h).

38 (g) Subject to subsection (f), if, upon final settlement of the ac-
39 counts of a commissioned officer of the Air Force charged with the
40 issue of an article of military supply, there is a deficiency of that
41 article, or if an article of military supply with whose issue a com-
42 missioned officer is charged is damaged, the value of the lost article
43 or the amount of the damage shall be charged against the officer and

§ 5113 SERVICE, SUPPLY, AND PROCUREMENT IV

44 deducted from his monthly pay, unless he shows to the satisfaction
45 of the Secretary, by one or more affidavits setting forth the circum-
46 stances, that he was not at fault.

47 (h) An amount due the United States from a commissioned
48 officer of the Air Force for rations bought on credit, and for articles
49 bought on credit under section 4401 of this title, shall be deducted
50 from the next pay due that officer after the sale is reported.

Revision Note

Based on 10:871, 872, 875, 875a, 875b, 875e, and 877.

In subsection (a), the words "Finance Department" are omitted, since the Air Force does not have organic departments created by statute.

Subsections (e) and (g) of the revised section are made subject to the provisions of subsection (f), which restricts the instances in which an officer's pay may be withheld. Subsections (e) and (g) are effective only when the special survey report covering the officer's liability is approved by the Secretary, which in administrative practice constitutes the special order of the Secretary.

§ 5115. Settlement of accounts: affidavit of squadron commander

1 In the settlement of the accounts of the commanding officer of a
2 squadron for clothing and other military supplies, his affidavit may
3 be received to show—

4 (1) that vouchers or squadron books were lost;

5 (2) anything tending to prove that apparent deficiency of those
6 articles was caused by unavoidable accident, or loss in actual
7 service without his fault; or

8 (3) that all or part of the clothing and supplies was properly
9 used.

10 The affidavit may be used as evidence of the facts set forth, with
11 or without other evidence, as determined by the Secretary of the
12 Air Force to be just and proper under the circumstances.

Revision Note

Based on 10:1302.

§ 5117. Settlement of accounts: oaths

1 The Secretary of the Air Force may detail any employee of the
2 Department of the Air Force to administer oaths required by law
3 in the settlement of a commissioned officer's accounts for clothing
4 and other military supplies. An oath administered under this section
5 shall be without expense to the officer to whom it is administered.

Ch. 243 ACCOUNTABILITY AND RESPONSIBILITY § 5121

Revision Note

Based on 10:1303.

The words "and other military supplies" are substituted for the words "camp and garrison equipage, quartermaster's stores, and ordnance" to conform to section 5115 of this title.

§ 5119. Final settlement of accounts: commissioned officers

1 Before final payment may be made to a commissioned officer of
2 the Air Force who has been accountable or responsible for public
3 property, he must obtain a certificate of non-indebtedness to the
4 United States from each officer to whom he was accountable or
5 responsible for property and from the General Accounting Office.
6 He must also make an affidavit, certified by his commanding officer
7 to be correct, that he is not accountable or responsible for property
8 to any other officer. A commissioned officer who has not been
9 responsible for public property must make an affidavit of that fact,
10 certified by his commanding officer. Compliance with this section
11 warrants the final payment of the officer concerned.

Revision Note

Based on 10:878.

The words "from each officer to whom he was accountable or responsible for property" are substituted for the words "from only such of the bureaus of the Department of the Army to which the property for which they were accountable or responsible pertains", since the Air Force does not have organic bureaus created by statute. The words "that he is not accountable or responsible for property to any other officer" are substituted for the words "accompanied by the affidavits of officers, of nonaccountability or nonresponsibility to other bureaus of the Department of the Army" for the same reason.

The last proviso of section 2 of the Act of Jan. 12, 1893, ch. 46, 30 Stat. 781, is not contained in 10:878. It is also omitted from the revised section, since it related to authority of mustering officers to administer oaths, and the general authority to administer oaths is now contained in Article 139 of the Uniform Code of Military Justice (50 U. S. C. 732).

§ 5121. Final settlement of accounts: deceased members

1 (a) In the settlement of the accounts of a deceased member of
2 the Air Force, if a demand is not made by the legal representative
3 of his estate, the General Accounting Office may allow any amount
4 due, to the person highest on the following list living on the date
5 of settlement:
6 (1) Surviving spouse.
7 (2) Children and their issue, per stirpes.
8 (3) Father and mother in equal parts, or, if either is dead, the
9 survivor.
10 (4) Brothers and sisters, and their issue, per stirpes.

§ 5121 SERVICE, SUPPLY, AND PROCUREMENT IV

11 (b) Reimbursement for funeral expenses may be made from the
12 amount due the decedent's estate, if the person who paid the expenses
13 presents a claim for them before settlement by the General
14 Accounting Office.

Revision Note

Based on 10:808.

In subsection (a), the words "member of the Air Force" are substituted for the words "officers or enlisted persons of the Army".

In subsection (b), the words "That this section shall not be so construed as to prevent" are omitted as surplusage.

The explanatory report accompanying the proposed final draft will include a Master Statutes at Large Distribution Table. This will list in chronological order the provisions of the Revised Statutes and Statutes at Large covered by that draft. Such a table has not been included here, since the Master U. S. Code Distribution Table (Table 2) is sufficient for present purposes. However, since some provisions of the Statutes at Large dealt with in this draft have not been codified in the U. S. Code and are not reflected in Table 2, a special table showing those provisions is included below.

TABLE 2.—MASTER U. S. CODE DISTRIBUTION TABLE

This table lists the U. S. Code sections dealt with in this draft. It includes every section number that has ever appeared in titles 10 and 32, and chapters 3 and 11A of title 5, of the U. S. Code whether or not the section contains current text. Sections from other titles are listed only if they would be affected by enactment of the proposed final draft.

Where a provision of the U. S. Code listed in the left-hand column is restated in this draft, the sections in which it is restated are listed opposite it in the appropriate right-hand column.

A system of parallel numbering has been adopted to facilitate comparison of corresponding Army and Air Force sections based on laws applicable to both services. Where a law applies to one service only, its section number in this draft has not been used for the other service.

Where a provision of the U. S. Code listed in this table is not restated in this draft, the reason is shown by referring the reader to a special explanatory table listed opposite it in the appropriate right-hand column (Tables 2A-2G).

For each U. S. Code section that has been divided into fragments of less than a subsection, one fragment of the section is not specifically described but is cited in terms of the whole section "less" the other fragments. This assures that the entire section has been accounted for.

TABLE 2A.—LAWS OMITTED AND REPEALED

This table lists the U. S. Code sections in Table 2 that are omitted from this draft because they are based on laws that have been impliedly repealed, or are executed, obsolete, or otherwise unnecessary. The proposed final draft will list these provisions for express repeal, whether or not they have already been deleted from the U. S. Code. The explanatory report accompanying that draft will give the specific reasons for each proposed omission and repeal, and will cite in each case the relevant provisions of the Revised Statutes and Statutes at Large.

² 10-629 is listed both on Table 2A and Table 2B. Insofar as it was based upon the last sentence of the twelfth paragraph of section 127a of the National Defense Act, as amended, it is executed. Insofar as it is based upon the Act of June 19, 1948, ch. 511, 62 Stat. 489, it has only limited application.
³ 10-629 is listed both as a source credit for revised section 2011 and on Table 2A. Insofar as it was based on the Act of Apr. 27, 1944, ch. 52 (1st provision on p. 334), 58 Stat. 354, it was impliedly repealed by the enactment of Article of War 107, June 4, 1928, ch. 227, subch. II, 41 Stat. 903, previously codified in 10-1579. In 1951, the source credits for 10-1579 were transferred to 10-629. Insofar as 10-629 is now based on section 1 (A, W. 107) of the Act of June 4, 1928, ch. 227, subch. II, 41 Stat. 903, as amended, it is restated in revised section 2011.

TABLE 2B.—LAWS OMITTED AND TRANSFERRED

This table lists the U. S. Code sections in Table 2 that are omitted from this draft because they are more appropriately reclassified to other titles of the U. S. Code. The explanatory report accompanying the proposed final draft will give the specific reasons for each proposed reclassification and will recommend in each case a specific new location.

¹ 10-214, 32-75, and 34-551g-1, are based upon section 4 of the Act of July 1, 1947, ch. 342, 61 Stat. 239. That act defines the words "officers and employees of the United States or of the District of Columbia" as used in three separate acts codified, respectively, in 25-171, 32-75, and 34-551g. The transfer of 34-551g-1 to another title of the United States Code is required only if 34-551g is omitted from the Navy Code.

² 10-506b (1) that 12 words has been held by the Comptroller General (29 Comp. Gen. 145, Sept. 29, 1946) to provide for a personal money allowance in addition to the allowance authorized by section 891 (a) of the Career Compensation Act of 1949 (10-274-501).

³ 10-222 is based upon section 2 of the Act of June 29, 1949, ch. 422, 63 Stat. 314. It provides that after June 29, 1949, the provisions of the Act of June 21, 1948, ch. 341 (21-221) would no longer authorize citizens of the American Republics to receive instruction at the United States Military Academy. Accordingly, 20-221 should be appropriately amended.

TABLE 2C.—TEMPORARY LAWS OMITTED BUT NOT REPEALED OR TRANSFERRED

This table lists the U. S. Code sections in Table 2 that are based on temporary appropriation act provisions that have been enacted on a year-to-year basis. They are omitted from this draft, since it includes only permanent law. The explanatory report accompanying the proposed final draft will cite in each case the relevant provisions of the Revised Statutes and Statutes at Large.

¹ Sections so designated are carried in the 1946 Edition of the United States Code, as supplemented. Sections not so designated have been deleted from the United States Code.

² 15-274; 10-541 and 645; and 34-488; and 448b, are based upon section 101 of the Act of July 5, 1945, ch. 541, Title I, 60 Stat. 458, a non permanent appropriation act provision. The section covered personnel of the military departments, the Treasury Department, and the General Services Administration. These provisions were enacted into permanent law by section 564 of the Act of Aug. 13, 1946, ch. 957 (20-956) only as to military personnel. Since that date similar provisions have not been contained in any appropriation act.

³ 10-192e was based on the Act of July 20, 1907, ch. 547, 50 Stat. 550. This source credit was transferred to 14-167c. When title 14 was codified by the Act of Aug. 4, 1949, ch. 300, 63 Stat. 405, 14-167c was eliminated from the United States Code as a non-permanent appropriation act provision (see H. Rep. No. 507, 81st Cong., 1st Sess., Table 4).

TABLE 2D.—PERMANENT LAWS OMITTED BUT NOT REPEALED OR TRANSFERRED

This table lists the U. S. Code sections in Table 2 that are omitted from this draft as now having only limited applicability or temporary interest. The explanatory report accompanying the proposed final draft will give the specific reasons for each proposed omission, and will cite in each case the relevant provisions of the Revised Statutes and Statutes at Large. It will also recommend in appropriate cases specific sections of the proposed final draft to which the text of omitted provisions should be appended as legislative notes.

* 10:1484 has been deleted from the United States Code as expressly repealed by section 401 (c) of the Army Organization Act of 1950, 64 Stat. 272. The Army Organization Act did not repeal the first sentence of section 2 (4) of the Act of Mar. 4, 1915, ch. 143, 38 Stat. 1093, on which 10:1484 was based. Accordingly, that much of the Act of Mar. 4, 1915, is listed on Table 1 as an uncodified statute.

* 10:1507 was amended by the Act of Oct. 25, 1951, ch. 562, section 2 (1), 65 Stat. 610, although it had been previously expressly repealed by the Act of May 3, 1950, ch. 169, section 14 (a), 64 Stat. 147, effective May 31, 1951. This amendment did not serve to revive the original act.

¹ The basis of applicability to the Air Force of U. S. Code sections that are so designated is not derived from a specific citation in the Transfer Order shown. It has been determined in such cases that the function, power, or duty which is dealt with by that U. S. Code section has been transferred by the Transfer Order cited and accordingly the basis of applicability of the particular U. S. Code section can be based upon the "catchall provision" of the Transfer Order (or Orders) cited.

² The basis of applicability to the Air Force of U. S. Code sections that are so designated is not derived from a specific citation in the Transfer Order shown. The particular U. S. Code section concerned, in each case, itself refers to and is in effect a part of some other section of the U. S. Code that has been specifically cited in a Transfer Order. Accordingly, the basis of applicability of the particular U. S. Code section can be based upon the provision in the Transfer Order which cites the "parent" section.

³ The basis of applicability to the Air Force of U. S. Code sections that are so designated is not derived from a specific citation in the Transfer Order shown. It is not believed that these sections are applicable to the Air Force by virtue of the transfer of any function, power, or duty from the Army to the Air Force, though such may indirectly be the case, but rather that such U. S. Code sections establish rights and privileges vested in personnel transferred from the Army to the Air Force, which also vest in any future members of the Air Force by virtue of the general Congressional policy as to the continuing status of the Air Force, as expressed by Congress in the National Security Act of 1947.

⁴ Since the establishment of the Air Force, Congress has from time to time enacted legislation making specific laws applicable to the Air Force. Where that law has also been cited in a Transfer Order, both citations are given to complete the legislative history of the section.

⁵ The National Security Act of 1947, § 30 (a), 61 Stat. 98 (5 USC 171 (a)), is the basic provision providing for the transfer from the Army to the Air Force of appropriate functions, powers, duties, personnel, property, and records. It might be cited as the basis of applicability, to the Air Force, of each U. S. Code section to be contained in the Air Force Code. It has been cited, however, only in those cases where a more specific basis of applicability could not be shown.

FOREWORD

This preliminary draft of a proposed bill for a general codification of the laws relating to the Army is issued by the subcommittee of the Committee on the Judiciary for the purpose of inviting suggestions, comments and criticisms. The draft presented is intended primarily to serve as a basis for the expression of opinions. All comments received will be carefully considered for the preparation of a bill to be introduced on the subject.

While the draft has been prepared for the subcommittee, it is not intended to represent the subcommittee's final views and recommendations. The subcommittee's views and recommendations will be formulated only after the opinions of the interested public have been received and considered.

JUNE 25, 1952.

Joseph H. Brupar
M. C.

Chairman, Subcommittee No. 2

INTRODUCTION

This is a preliminary draft of the subtitle, called "Army", which is one of four subtitles in a projected title of the United States Code. Upon enactment into law, this title will codify the great bulk of the law relating to the military aspects of national defense.

A preliminary draft of the subtitle relating to the Air Force is also being issued. Preliminary drafts of the subtitle relating to the Navy and that relating to general defense law (and such of the law common to the three military departments as is not covered in the other subtitles) are also being prepared.

The draft is printed and circulated at this time to obtain comments and suggestions on the accuracy and completeness of the proposed rearrangement and restatement of existing law relating primarily to the Army. Because it is not intended to change in any respect the substance of the law now in force, substantive errors in existing law have not been corrected, but will be noted for future consideration.

In general the proposed text, revision notes, and tables account for all statutes, codified in the United States Code, that are reflected in—

- (1) title 10;
- (2) chapter 3 of title 5;
- (3) those parts of title 32 which deal with the National Guard of the United States and the National Guard while in the service of the United States; and
- (4) a number of sections of titles 5, 20, 22, 23, 24, 31, 34, 37, 49, 43, 47, 50, and 50 Appendix, which, upon careful examination, are more appropriately allocated to the Army subtitle. (See Table 2, Appendix.)

In addition, the draft includes some relevant laws that have not heretofore been codified in the United States Code. (See Table 1, Appendix.)

Some laws pertaining primarily to the Army that are now outside of the parts of the United States Code named have not been brought within the new subtitle because they are either of government-wide application or are integral parts of government-wide subjects treated in other titles. (See Table 4, Appendix.) Other laws have been omitted, but not repealed, because although now in force they are of temporary or limited interest only. (See Tables 2C and 2D, Appendix.) Still other laws, now in titles 5, 10, and 32, have been

INTRODUCTION

omitted and transferred as belonging more properly to other titles of the United States Code. (See Table 2B, Appendix.) Laws that have been impliedly repealed, or are executed, obsolete, or otherwise unnecessary, have also been omitted and will be expressly repealed. (See Table 2A, Appendix.) Laws now codified in title 32 of the United States Code that deal with the National Guard not in the service of the United States have been excluded because they are not within the scope of this draft. (See Table 2G, Appendix.)

The draft includes all pertinent laws enacted through May 18, 1952. (Recent laws not included in Supplement IV to the 1946 Edition of the United States Code are listed in Table 5, Appendix.)

The draft excludes many of the major laws common to the three military departments. These will be included in the subtitle relating to general defense law. However, since the remainder need to be stated separately for each of the three services, a number of laws have been included that apply to the Navy and to other Government agencies. (See Table 3, Appendix.)

Following each section of the proposed text is a revision note showing the United States Code sections on which the revised section is based and explaining the significant differences in wording between the source text as now stated in the United States Code and the proposed text. Changes in language for precision and clarity, the reasons for which are obvious, have not been specifically explained. Provisions that authorize appropriations to be made, but neither specify dollar limitations nor require specific ear-marking to make the appropriation available, have been uniformly omitted as surplusage. The frequency of omissions of this kind makes it more appropriate to note the fact here than to repeat it in many revision notes.

In this draft, source citations to the Statutes at Large have been omitted. They will be supplied in the final draft.

- 7 ment.
- 8 (c) The Secretary shall have a seal, of a design approved by the
- 9 President, made for the Department of the Army. Judicial notice
- 10 shall be taken of the seal.

Revision Note

Based on 5:181 (last 20 words), 181-1 (a) (less last 16 words of 1st sentence), 181-1 (c), 181-1 (d), 181-3 (c), and 181-3 (d); and 10:1a (c) and 1a (d).

In subsection (a), 5:181-1 (c), based on section 205 (c) of the National Security Act of 1947, defines the Department of the Army as the department at the seat of Government and all forces, functions, and activities under the control or supervision of the Department of the Army. 5:181-3 (c) and 10:1a (c), based on section 2 (c) of the Army Organization Act of 1950, however, defines that overall organization as the Army Establishment. These two sections are combined in subsection (a) as a definition of the Department of the Army. The last sentence of 5:181-1 (a) is omitted as executed.

§ 303. Secretary of the Army: powers and duties; delegations by; compensation

- 1 (a) The Secretary of the Army is the head of the Department of
- 2 the Army.
- 3 (b) The Secretary shall perform such duties relating to Army
- 4 affairs, and in such manner, as the President or the Secretary of

5 Defense directs. He has the authority necessary to conduct all
6 affairs of the Department of the Army, including but not limited
7 to—

8 (1) research and development;
9 (2) functions necessary or appropriate for the training, oper-
10 ations, administration, logistical support and maintenance, wel-
11 fare, preparedness, and effectiveness of the Army; and

12 (3) such other activities as may be prescribed by the President
13 or the Secretary of Defense as authorized by law.

14 (c) The Secretary may assign such duties as he considers appro-
15 priate to the Under Secretary of the Army and to the Assistant
16 Secretaries of the Army. Officers of the Army shall, as directed by
17 the Secretary, report on any matter to the Secretary, the Under
18 Secretary, or an Assistant Secretary.

19 (d) The Secretary, or, as he may prescribe, the Under Secretary
20 or an Assistant Secretary, shall supervise all matters relating to—

21 (1) the procurement activities of the Department of the
22 Army; and

23 (2) planning for the mobilization of materials and industrial
24 organizations essential to the wartime needs of the Army.

25 (e) The Secretary, as he considers appropriate, may assign, detail,
26 and prescribe the duties of, members of the Army and civilian per-
27 sonnel of the Department of the Army.

28 (f) The compensation of the Secretary is \$18,000 a year.

Revision Note

Based on 5:181 (less last 20 words), 181-1 (a) (last 16 words of 1st sentence), 181-2, 181-4 (less (e)), and 190; and sec. 302 (last 11 words) of the National Security Act of 1947, as amended, 63 Stat. 585 (which is uncodified as to the Army).

In subsection (b), 5:190 and 5:181-4 (a), which define the duties and responsibilities of the Secretary of the Army in general terms, are combined to reflect the provisions of the National Security Act of 1947 (5 U. S. C. 171 et seq.), relating to the authority of the Secretary of Defense. The words "relative to military commissions, the military forces, the warlike stores of the United States", in 5:190, are omitted as covered by the enumeration in 5:181-4 (a). The appropriation authorization in 5:181-4 (a) is omitted as surplusage.

In subsections (b) and (d), the words "Except as otherwise prescribed by law" are omitted as surplusage.

In subsection (d), the words "in addition to other duties" are omitted as surplusage. The word "supervise" is substituted for the words "be charged with supervision".

In subsection (e), the words "except as otherwise prescribed by law" and the words after the semicolon of 5:181-4 (d) are omitted as surplusage.

§ 303

ORGANIZATION

1

In subsection (f), the second sentence of section 301 (b) of the National Security Act of 1947, as amended, is omitted as superseded by the Act of Oct. 15, 1949, ch. 695, sec. 1, 63 Stat. 880, which specifies the compensation of the Secretary of the Army.

§ 305. Under Secretary of the Army; Assistant Secretaries of the Army

- 1 (a) There shall be an Under Secretary of the Army, and two As-
 2 sistant Secretaries of the Army, in the Department of the Army.
 3 The Under Secretary and the Assistant Secretaries shall be appointed
 4 by the President, by and with the advice and consent of the Senate.
 5 (b) The compensation of the Under Secretary and of the Assistant
 6 Secretaries is that prescribed by law for assistant secretaries of
 7 executive departments.

Revision Note

Based on 5:181-5 (a) and see 302 (see 1st 5 and last 11 words) of the National Security Act of 1947, as amended, 63 Stat. 585 (which is unmodified as to the Army).

Subsection (b) combines those parts of 5:181-5 (a) and unmodified section 302 of the National Security Act of 1947, as amended, which deal with the compensation of the Under and Assistant Secretaries of the Army. Section 302 provides that their compensation shall be "at the rate of \$10,330 a year or at the rate hereafter prescribed by law for assistant secretaries of executive departments". That part of section 302 which specifies a salary of \$10,330 a year is omitted as superseded by section 5 (a) of the Act of Oct. 15, 1949, ch. 695, 63 Stat. 880, which specifies a higher salary for assistant secretaries of executive departments.

§ 307. Comptroller of the Army; appointment; functions

- 1 (a) The Secretary of the Army, subject to the authority and di-
 2 rection of the Secretary of Defense, shall cause budgeting, account-
 3 ing, progress and statistical reporting, internal audit, administrative
 4 organization, and managerial procedures relating thereto, in the De-
 5 partment of the Army, to be organized and conducted in a manner
 6 consistent with the operations of the Office of Comptroller of the
 7 Department of Defense.
 8 (b) There shall be a Comptroller of the Army, and a Deputy
 9 Comptroller of the Army, in the Department of the Army. The
 10 Comptroller and the Deputy Comptroller shall be appointed by the
 11 Secretary. The Secretary may appoint a member of the Army as
 12 Comptroller or as Deputy Comptroller. However, if he appoints a
 13 member of the Army either as Comptroller or as Deputy Comptroller,
 14 he shall appoint a civilian to the other office.
 15 (c) Subject to the authority of the Secretary, the Comptroller is
 16 responsible for all budgeting, accounting, progress and statistical re-

17 porting, internal audit, administrative organization, and managerial
18 procedures relating thereto, in the Department of the Army.

19 (d) The Comptroller is under the direction and supervision of,
20 and is directly responsible to, the Secretary, the Under Secretary, or
21 an Assistant Secretary. However, this subsection does not prevent
22 the Comptroller from having concurrent responsibility to the Chief
23 of Staff, the Vice Chief of Staff, or a Deputy Chief of Staff, if the
24 Secretary so prescribes.

Revision Note

Based on 5:172a.

In subsection (a), the word "structure" is omitted as surplusage.

In subsection (b), the words "The Secretary may appoint a member of the Army as Comptroller or as Deputy Comptroller" are substituted for the words "The Secretaries of the military departments may in their discretion appoint either civilian or military personnel as comptrollers of the military departments", since no specific authority is needed for the appointment of a civilian to the position. The substituted language clarifies a possible ambiguity as to whether the Deputy Comptroller may be a member of the Army if the Comptroller is a civilian. The legislative history indicates that such was contemplated, and the Department of the Navy has so construed the language by the appointment of a Navy officer to that position.

§ 309. Chief of National Guard Bureau; acting chief; appointment

1 (a) The President, by and with the advice and consent of the
2 Senate, shall appoint the Chief of the National Guard Bureau from
3 officers of the Army National Guard of the United States or the Air
4 National Guard of the United States who—

- 5 (1) have been recommended by their respective governors;
- 6 (2) have had 10 or more years of commissioned service in the
7 active National Guard, five or more of which have been in the
8 line; and
- 9 (3) are in a grade above lieutenant colonel.

10 (b) The Chief of the National Guard Bureau holds office for four
11 years, but may be removed for cause at any time and may not hold
12 that office after he becomes 64 years of age. He is eligible to succeed
13 himself. If he holds a lower grade in the Army National Guard of the
14 United States or the Air National Guard of the United States, he
15 shall be appointed in the grade of major general in his component.

16 (c) If the Chief of the National Guard Bureau is absent because of
17 disability, or if that office is vacant, the senior officer of the Army
18 National Guard of the United States or Air National Guard of the
19 United States on duty in the Bureau shall act as its chief until the
20 disability ceases or a successor is appointed.

Revision Note

Based on 32:172 and 173.

In subsection (a), the words "or the Air National Guard of the United States" are inserted to make it explicit that the Chief of the National Guard Bureau may be appointed from officers of the Army National Guard of the United States or the Air National Guard of the United States, since under 5:626 (f), the National Guard Bureau serves the Air National Guard of the United States as well as the Army National Guard of the United States.

In subsection (b), the provision relating to "the rank, pay, and allowances of a major general" is omitted as surplusage, since this is implicit on appointment as a major general. The words "and commissioned in the Army of the United States" are omitted as surplusage, since an appointment in the Army National Guard of the United States or the Air National Guard of the United States is an appointment in a component of the Army or the Air Force. The last 10 words of 32:172 are omitted as superseded by Chapter 87 of this title.

§ 311. Administrative Assistant

1 (a) There shall be an Administrative Assistant in the Department
2 of the Army. The Administrative Assistant shall be appointed by
3 the Secretary of the Army and shall perform duties which the Secretary
4 considers appropriate.

5 (b) During a vacancy in the office of Secretary, the Administra-
6 tive Assistant has charge and custody of all records, books, and
7 papers of the Department of the Army.

8 (c) The Secretary may authorize the Administrative Assistant to
9 sign, during the temporary absence of the Secretary, any paper other-
10 wise requiring his signature.

Revision Note

Based on 5:185, 186, and 187.

In subsections (a), (b), and (c), the title "Administrative Assistant" is substituted for "Assistant and Chief Clerk" in accordance with present usage.

In subsection (a), the words "an inferior officer" are omitted, since the Secretary's authority to appoint the Administrative Assistant makes the office an inferior office within the meaning of the Constitution. The words "perform duties which the Secretary considers appropriate" are substituted for the words "to be employed therein as he shall deem proper".

In subsection (b), the words "During a vacancy in the office of Secretary" are substituted for the words "whenever the Secretary of the Army shall be removed from office by the President of the United States, or in any other case of vacancy".

In subsection (c), the words "requisitions upon the Treasury Department" and the words after the semicolon are omitted as surplusage.

§ 313. Secretary of the Army: successors to duties

1 (a) If the Secretary of the Army dies, resigns, is removed from
2 office, is absent, or is disabled, the person who is highest on the

- 3 following list, and who is not absent or disabled, shall perform the
 4 duties of the Secretary until the President, under section 179 of the
 5 Revised Statutes (5 U. S. C. 6), directs another person to perform
 6 those duties or until the absence or disability ceases:
- 7 (1) The Under Secretary of the Army.
 - 8 (2) The Assistant Secretaries of the Army in order of their
 9 length of service as such.
 - 10 (3) The Chief of Staff.
- 11 (b) Performance of the duties of the Secretary by the Chief of
 12 Staff or any officer of the Army designated under section 179 of the
 13 Revised Statutes (5 U. S. C. 6) shall not be considered as the holding
 14 of a civil office within the meaning of section 1733 (b) of this title.

Revision Note

Based on 5:181-5 (b) and 181-5 (c).

In subsection (b), the effect of section 1733 (b) of this title is stated.

§ 315. Secretary of the Army: special powers and duties

- 1 (a) The Secretary of the Army may delegate to subordinate offi-
 2 cials the authority to employ persons in the departmental service of
 3 the Department of the Army wherever located.
- 4 (b) If satisfactory proof is presented that a person who was dis-
 5 charged honorably or under honorable conditions has lost his certifi-
 6 cate of discharge from the Army or that it was destroyed without
 7 his procurement or connivance, the Secretary may give that person,
 8 or his surviving spouse, a certificate of that discharge, indelibly
 9 marked to show that it is a certificate in lieu of the lost or destroyed
 10 certificate. A certificate given under this subsection may not be
 11 accepted as a voucher for the payment of a claim against the United
 12 States for pay, bounty, or other allowance, or as evidence in any other
 13 case.
- 14 (c) The Secretary shall issue a certificate of discharge or an order
 15 of acceptance of resignation, in the true name of any person who was
 16 separated from the Army honorably or under honorable conditions
 17 after serving under an assumed name during a war with another nation
 18 or people, upon application by, or on behalf of, that person, and upon
 19 proof of his identity. However, a certificate or order may not be
 20 issued under this subsection if the name was assumed to conceal a
 21 crime or to avoid its consequences.
- 22 (d) The Secretary shall have sent to him all flags taken by the
 23 Army from enemies of the United States.

§ 315

ORGANIZATION

1

Revision Note

Based on 5: 187a, 198, 199, and 200.

In subsection (b), the word "person" is substituted for the words "any officer or enlisted man", since the persons to whom the subsection applies may not be members of the Army at the time of the application. The words "surviving spouse" are substituted for the word "widow" to cover cases involving female members of the Army.

In subsection (c), the words "enlisted or " and "while minors or otherwise" are omitted as surplusage. The words "the War of the Rebellion" are omitted as obsolete.

In subsection (d), the words "from time to time", "collected", and "at the seat of government", are omitted as surplusage.

24 Army General Staff. However, these limitations do not apply in
 25 time of war or national emergency declared after June 28, 1950, by
 26 Congress, or whenever the President finds that it is in the national
 27 interest to increase the number of officers in the executive part of the
 28 Department or on or with the Army General Staff. The Secretary
 29 shall report quarterly to Congress the number of commissioned officers
 30 in the executive part of the Department of the Army and the number
 31 of commissioned officers on or with the Army General Staff, and the

33 (d) After June 28, 1951, no commissioned officer who is detailed
 34 or assigned to duty in the executive part of the Department of the
 35 Army may serve for a tour of duty of more than four years. How-
 36 ever, the Secretary may extend such a tour of duty if he makes a
 37 special finding that the extension is necessary in the public interest.
 38 No officer may be detailed or assigned to duty in the executive part
 39 of the Department of the Army within two years after relief from
 40 that duty, except upon a special finding by the Secretary that the
 41 detail or assignment is necessary in the public interest. This sub-
 42 section does not apply in time of war or national emergency declared
 43 by Congress after June 28, 1950.

Revision Note

Based on 10:21a.

In subsection (a), the words "which shall be known as" are omitted as sur-
 plusage.

In subsection (d), the words "After June 28, 1951" are substituted for the
 words "This subsection shall not take effect until one year after June 28, 1950",
 and the words "after June 28, 1950" are substituted for the word "hereafter".

§ 503. General duties

1 (a) The Army Staff shall furnish professional assistance to the
 2 Secretary, the Under Secretary, and the Assistant Secretaries, of the
 3 Army.

4 (b) Under the direction and control of the Secretary, the Army

6 (1) prepare such plans for the national security, for employ-
 7 ment of the Army for that purpose, both separately and in
 8 conjunction with the naval and air forces, and for recruiting,
 9 organizing, supplying, equipping, training, serving, mobilizing,
 10 and demobilizing the Army, as will assist in the execution of any
 11 power, duty, or function of the Secretary or the Chief of Staff;

12 (2) investigate and report upon the efficiency of the Army
 13 and its preparation for military operations;

- 14 (3) prepare detailed instructions for the execution of approved
- 15 plans and supervise the execution of those plans and instruc-
- 16 tions;
- 17 (4) act as agent of the Secretary and the Chief of Staff in
- 18 coordinating the action of all organizations of the Department
- 19 of the Army; and
- 20 (5) perform other duties, not otherwise assigned by law, as
- 21 prescribed by the Secretary.

Revision Note

Based on 10:21c.

In subsection (a), the word "furnish" is substituted for the word "render".

In subsection (b) (1), the words "vested in", "imposed upon", and "assigned to", are omitted as surplusage. In subsection (b) (2), the words "all questions affecting" and "its state of" are omitted as surplusage.

- 6 Guard of the United States,

- 8 National Guard.

26 National Guard of the United States, and of the Organized Reserve
27 Corps.

28 (e) There shall be not less than 10 officers of the Army National
29 Guard of the United States and the Organized Reserve Corps on

34 (1) send the statements of policies and regulations prepared
35 under this section to the Secretary of the Army;

36 (2) advise him with regard thereto; and

37 (3) upon approval of those policies and regulations by the
38 Secretary, act as the agent of the Secretary in carrying them into
39 effect.

Revision Note

Based on 10-38 (less last paragraph).

In subsection (e), the words "Organized Reserve Corps" are substituted for the words "Officers' Reserve Corps, the Organized Reserves, and the Enlisted Reserve Corps".

In subsection (e), the words "For the purpose specified herein" are omitted as surplusage.

In subsection (f), the words "upon approval" are substituted for the words "After action", since the policies and regulations described could be carried into effect only if approved by the Secretary, and also to conform to similar provisions in section 507 (d) of this title.

§ 507. Chief of Staff: appointment; duties

1 (a) The Chief of Staff shall be appointed by the President, by
2 and with the advice and consent of the Senate, from the general
3 officers of the Army. He serves during the pleasure of the President,
4 but not for more than four years unless reappointed by the President,
5 by and with the advice and consent of the Senate.

6 (b) The Chief of Staff, while so serving, has the grade of general
7 without vacating his grade in any component of the Army, and is
8 counted as one of the officers authorized to serve in a grade above
9 lieutenant general under section 711 of this title.

10 (c) Except as otherwise prescribed by law and subject to section
11 303 of this title, the Chief of Staff performs his duties under the
12 direction of the Secretary of the Army, and is responsible to the
13 Secretary for the efficiency of the Army, its state of preparedness for
14 military operations, and plans therefor.

15 (d) The Chief of Staff shall —

16 (1) preside over the Army Staff;

- 17 (2) send the plans and recommendations of the Army Staff
18 to the Secretary, and advise him with regard thereto;

20 Army Staff by the Secretary, act as the agent of the Secretary
21 in carrying them into effect;
- 22 (4) supervise the members and organizations of the Army;
- 23 (5) perform the duties prescribed for him by section 211 of
24 the National Security Act of 1947, as amended (5 U. S. C. 171f),
25 and other provisions of law; and
- 26 (6) perform such other military duties, not otherwise assigned
27 by law, as are assigned to him by the President.
- 28 (c) The Chief of Staff of the Army, the Chief of Naval Operations,
29 and the Chief of Staff of the Air Force rank among themselves
30 according to dates of appointment to those offices, and rank above all
31 other officers on the active list of the Army, Navy, and Air Force,
32 except the Chairman of the Joint Chiefs of Staff.

Revision Note

Based on 5-626c (b) (last sentence); and 10-21b, 21d, and 38 (last paragraph).
In subsection (a), the words "no person shall serve as Chief of Staff" and
"a term of" are omitted as surplusage.

In subsection (b), the words "He shall receive the compensation prescribed
by law", are omitted as surplusage, since his compensation is covered by the
Career Compensation Act of 1949 (37 U. S. C. 231 et seq.). The words "and
shall take rank as prescribed by law" are omitted as covered by subsection (c).

In subsection (c), the provisions of 10-21d (b) and 10-21d (c) relating to the
direction of the Secretary of the Army over the Chief of Staff are combined.
The words "and subsection (c) of this section" are omitted as surplusage.

In subsection (d), the last paragraph of 10-38 is omitted as covered by
10-21d (a).

In subsection (e), the proviso of the last sentence of 5-626c (b) is omitted as
expired, since the incumbents to whom it applied no longer hold the offices
mentioned. The exception as to the Chairman of the Joint Chiefs of Staff is
included because of section 211 (d) of the National Security Act of 1947, as
amended (5 U. S. C. 171f (d)).

§ 509. **Vice Chief of Staff, Deputy Chief of Staff, and Assistant
Chiefs of Staff: succession to duties of Chief of Staff**

2 Assistant Chiefs of Staff, shall be general officers detailed to those

7 dent, perform the duties of the Chief of Staff, until a successor is
8 appointed or the absence or disability ceases:

- 9 (1) The Vice Chief of Staff.
10 (2) The Deputy Chiefs of Staff in order of seniority.

Revision Note

Based on 10-21c.

§ 511. Chiefs of branches: appointment; duties

1 (a) There shall be in the Army the following officers:

- 2 (1) Chief of Engineers.
3 (2) Chief Signal Officer.
4 (3) Adjutant General.
5 (4) Quartermaster General.
6 (5) Chief of Finance.
7 (6) Chief of Ordnance.
8 (7) Chief Chemical Officer.
9 (8) Chief of Transportation.
10 (9) Surgeon General.
11 (10) Judge Advocate General.
12 (11) Chief of Chaplains.

13 (b) Each officer named in subsection (a), except the Judge Advoc-
14 ate General, shall be appointed by the President, by and with the
15 advice and consent of the Senate, from officers above the grade of
16 major who—

17 (1) have shown by extensive duty in the branch concerned,
18 or by similar duty, that they are qualified for the appointment;
19 and

20 (2) have been recommended by a board under subsection (d).
21 If the officer holds a lower grade in the Regular Army, he shall be
22 appointed in the grade of major general in the Regular Army. The
23 Judge Advocate General shall be appointed as prescribed in section
24 513 of this title.

25 (c) An officer appointed under subsection (b) normally holds office
26 for four years. However, the President may terminate or extend
27 the appointment at any time.

28 (d) Each officer named in subsection (a) shall perform the duties
29 prescribed by the Secretary and by law.

30 (e) For each office to be filled under subsection (b), the Secretary
31 shall appoint a board of five general officers, including the incumbent,
32 if any, of the office, and at least two officers, if available, in a grade
33 above major general who have had extensive service in the branch
34 concerned. The Secretary shall give the board a list of the officers

35 to be considered and shall specify the number of officers, not less than
36 three, to be recommended. The list shall include—

37 (1) the name of each officer of the Regular Army who is
38 appointed in, or assigned to, that branch, and whose grade is
39 colonel in the Regular Army;

40 (2) the name of each officer of the Regular Army above the
41 grade of colonel in the Regular Army who has shown by extensive
42 duty in that branch, or by similar duty, that he is qualified for
43 the appointment;

44 (3) to the extent that the Secretary considers advisable, the
45 name of each officer of the Regular Army who is appointed in,
46 or assigned to, that branch, and whose grade is lieutenant
47 colonel in the Regular Army, in the order in which their names
48 appear on the applicable promotion lists; and

49 (4) to the extent that the Secretary considers advisable, the
50 name of each officer of any component of the Army on active
51 duty in a grade above lieutenant colonel who has shown by
52 extensive duty in that branch, or by similar duty, that he is
53 qualified for the appointment.

54 From these officers, the board shall recommend by name the number
55 prescribed by the Secretary, and the President may appoint any
56 officer so recommended. If the President declines to appoint any
57 of the recommended officers, or if the officer that he nominates cannot
58 be appointed because of advice by the Senate, the Secretary shall
59 convene a board to recommend additional officers. An officer who
60 is recommended but not appointed shall be considered not to have
61 been recommended. This does not affect his eligibility for selection
62 and recommendation for the grade of brigadier general or major
63 general under section 1357 or 1359 of this title.

Revision Note

Based on 10: 21f, 181 (1st 17 words), 559g (a) (less 5th sentence), and 559g (b).

All references to the appointment of assistant chiefs are omitted as covered by sections 513 and 519 of this title. All references to the grade of brigadier general are omitted, since 10: 21f (b) specifies the grade of major general for the officer.

In subsection (a), the fourth sentence of 10: 559g (a) is omitted as superseded by 10: 21f (b) (first 15 words). The last sentence of 10: 559g (a) is omitted, since the section is applicable only to the officers named in subsection (a). The sixth and seventh sentences of 10: 559g (a) are omitted as executed.

In subsection (b), the words "actual and" are omitted as surplusage. The words "above the grade of major" are substituted for the words "not below the grade of lieutenant colonel". The words "arms, or services" are omitted as obsolete, since sections 705 and 707 of this title designate the former arms and services as "branches". The word "selected" is omitted as surplusage.

In subsection (c), the words "normally holds office" are substituted for the words "shall normally continue in that assignment for a tour of duty". The words "appointment" and "office" are substituted for the words "assignment" and "tour of duty" whenever they are used in that sense.

In subsection (c), the words "in a grade above major general" are substituted for the words "of a rank above that of the position for which selections are to be made", since all the positions are in the grade of major general. The word "extended" is substituted for the word "extended", except where it refers to "extended" active duty, in which case the word "extended" is omitted as surplusage. The words "the name of" are inserted for clarity. The words "appointed in, or assigned to" are substituted for the words "of the" before "branch" to conform to sections 705 and 707 of this title.

§ 513. Judge Advocate General, Assistant Judge Advocate General, and general officers of the Judge Advocate General's Corps: appointment; duties

- 1 (a) The President, by and with the advice and consent of the
2 Senate, shall appoint the Judge Advocate General, the Assistant
3 Judge Advocate General, and general officers of the Judge Advocate
4 General's Corps, from officers of the Regular Army in the Judge
5 Advocate General's Corps who are recommended by the Secretary
6 of the Army. An officer appointed as the Judge Advocate General
7 or Assistant Judge Advocate General who holds a lower grade in
8 the Regular Army shall be appointed a major general in the Regular
9 Army.
- 10 (b) The Judge Advocate General shall be appointed from those
11 officers who at the time of appointment are members of the bar of a
12 Federal Court or the highest court of a State or Territory, and who
13 have had at least eight years of experience in legal duties as a com-
14 missioned officer.
- 15 (c) The Judge Advocate General—
- 16 (1) is the legal adviser of the Secretary of the Army and of
17 all officers and agencies of the Department of the Army;
- 18 (2) shall direct the members of the Judge Advocate General's
19 Corps in the performance of their duties; and
- 20 (3) shall receive, revise, and have recorded the proceedings
21 of courts of inquiry and military commissions.

Revision Note

Based on 10-211 (c), 61a, 62 (less applicability to Air Force), and 62a, and 50-741 (less applicability to Air Force).

In subsection (a), the words "Notwithstanding any other provision of law" are omitted as surplusage. 10-211 (c) is omitted as covered by 10-61a.

In subsection (b), the words "exclusive of the present incumbents" are omitted as surplusage.

Ch. 5

THE ARMY STAFF

§ 519

In subsection (c), the words "in addition to such other duties as may be prescribed by law" and "In addition to duties elsewhere prescribed for him by law" are omitted as surplusage. The words "and perform such other duties as may be prescribed by the Secretary of the Army" are omitted as superseded by sections 303 (c) and 511 (b) of this title.

3 sible for —

5 of buildings, structures, and utilities for the Army;
 - 6 (2) the acquisition of all real estate and the issue of licenses
7 in connection with Government reservations; and
 - 8 (3) the operation of water, gas, electric, and sewer utilities.
- 9 However, any utility pertaining exclusively to a branch of the Army
10 may be operated by that branch.

Revision Note

Based on 10-181b.

The words "all work pertaining to" are omitted as surplusage. The last proviso of 10-181b is omitted as executed.

§ 517. Inspector General; Provost Marshal General

- 1 (a) There shall be an Inspector General in the Army. When
2 directed by the Secretary of the Army or the Chief of Staff, the
3 Inspector General shall inquire into and report upon the discipline,
4 efficiency, and economy of the Army, and shall perform any other
5 duties prescribed by the Secretary, by the Chief of Staff, or by law.
- 6 (b) There shall be a Provost Marshal General in the Army. The
7 Provost Marshal General shall perform the duties prescribed by the
8 Secretary, by the Chief of Staff, or by law.
- 9 (c) The position of Inspector General and that of Provost Marshal
10 General shall each be filled by the detail of a general officer of the
11 Army for a tour of duty of not more than four years. However, the
12 Secretary may extend such a tour of duty if he makes a special find-
13 ing that the extension is necessary in the public interest.

4 Secretary of the Army prescribes. Each such deputy and assistant
5 shall be an officer detailed by the Secretary to that position from the

7 under a procedure prescribed by the Secretary similar to that pre-
8 scribed in section 511 of this title.

9 (b) There shall be an Assistant Surgeon General appointed,
10 from the officers of the Dental Corps, as prescribed in section 511
11 of this title. An appointee who holds a lower grade in the Regular
12 Army, shall be appointed in the grade of major general in the Regular
13 Army.

14 (c) There shall be two assistants to the Chief of Engineers app-
15 pointed as prescribed in section 511 of this title. An appointee who

Revision Note

Based on 10:21h (a), 21h (b), 181 (18th thru 25th words), and 181a (14th
thru 30th words).

In subsection (b), the words "as prescribed in section 511 of this title" and the
second sentence of the revised subsection are substituted for the words "and who
shall be selected and appointed as prescribed in section 559g of this title".

In subsections (b) and (c), the word "grade" is substituted for the word
"rank".

Subsection (c) is based on section 11 of the National Defense Act, as amended
by the Act of June 26, 1936, 49 Stat. 1974 (10:181 and 181a), which provides for
two assistants to the Chief of Engineers with the rank of brigadier general, and
as impliedly amended by sections 513 (a) and 513 (b) of the Officer Personnel
Act of 1947 (10:559g), which provides the method of selection of assistant chiefs
of branches, and prescribes that assistant chiefs be promoted to the grade held
as such in the Regular Army if they hold a lower grade in the Regular Army.
Section 404 (f) of the Army Organization Act of 1950, 64 Stat. 274, exempts these
two positions from the operation of section 208 (a) of that act (10:21h (a)).

2 in conjunction with the other armed forces, of—

In subsection (b), the words "United States" are omitted as surplusage.

In subsection (c) (1), the words "the Army National Guard while in the service of the United States" are inserted to make the definition of that term parallel with the definition of the term "Air Force", in 10:1831, and to complete the listing of the components of the Army in section 1 of the National Defense Act, as amended.

In subsection (c) (3), the words "of the several States, Territories, and the District of Columbia" are omitted as surplusage.

In subsection (c), the word "prescribe" is substituted for the word "make". The proviso of 10:16, and the words "which shall be in force and obeyed until altered or revoked by the same authority" and "and publish", are omitted as surplusage.

18 of the Army for the duration of any war or national emergency
19 declared by Congress after June 28, 1950.

20 (c) The Secretary may not assign to a basic branch any officer
21 appointed in a special branch.

Revision Note

Based on 10:1g (a).

In subsection (a), the words "The basic branches are" are substituted for the words "There shall be in the Army certain branches, which shall be known as basic branches of the Army".

§ 705

1 (a) The special branches of the Army consist of officers of the
2 Regular Army appointed therein, other members of the Army assigned
3 thereto by the Secretary of the Army, and the sections prescribed in
4 this chapter. The special branches are—

- 5 (1) each corps of the Army Medical Service;
- 6 (2) the Judge Advocate General's Corps; and
- 7 (3) the Chaplains.

8 (b) The Secretary may not assign any officer of the Regular Army
9 to a special branch.

Revision Note

Based on 10:3g (b).

In subsection (a), the words "The special branches of the Army" are substituted for the words "There shall be in the Army certain branches, which shall be known as special branches". The words "and commissioned" are omitted as covered by the word "appointed". The words "authorized by sections 61-1, 81-1, and 231a of this title" are omitted as surplusage. The words "and the sections prescribed in this chapter" are inserted, since some of the corps of the Army Medical Service consist of members and sections.

In subsection (b), the words "any officer of the Regular Army" are substituted for the words "any officer who has been appointed and commissioned in some other special branch, or in the Regular Army without specification of branch".

§ 709. Assignment and detail: general officers; officers assigned or detailed to basic and special branches

1 (a) Under regulations prescribed by the President, a general officer
2 of the Army on active duty may be assigned or detailed to any duty
3 or position.

4 (b) Under regulations prescribed by the Secretary of the Army:

12 (4) Members of the Army, other than members of the Regular
13 Army, while not on active duty may be assigned to any basic or

14 special branch, or to any group or organization which the Secre-
15 tary considers appropriate.

16 (c) No officer of the Army may be assigned to perform technical,
17 scientific, or other professional duties unless he is qualified to perform
18 those duties. If the duties to which an officer is assigned involve
19 professional work, which is the same as or is similar to that usually per-
20 formed in civil life by a member of a learned profession, such as
21 engineering, law, medicine, or theology, the officer must have the
22 qualifications, by education, training, or experience, equal to or similar
23 to those usually required of members of that profession, unless the
24 exigencies of the situation prevent. The Secretary shall prescribe
25 regulations to carry out this subsection.

Revision Note

Based on 40:1g (less (a) and (b)) and 596b (a).

In subsection (a), the words "a general officer of the Army" are substituted for the words "General officers holding office in any general officer grade, under permanent or temporary appointments". The words "including general officers of the Army of the United States, or any component thereof" are omitted as covered by the words "of the Army". The words "serving" and "Federal" are omitted as surplusage.

§ 711. Generals and lieutenant generals

1 (a) The President may designate positions of importance and
2 responsibility in the Army to be held by officers in the grade of
3 general or lieutenant general. He may assign to those positions
4 officers of the Army on active duty in a grade in the Army with or
5 without specification of component above brigadier general. While he
6 holds one of those positions an officer has the grade specified for the
7 position if appointed thereto by and with the advice and consent of
8 the Senate, or if in the grade at the time of the assignment.

9 (b) The number of positions designated under subsection (a) may
10 not exceed 15 percent of the number of general officers on active duty.
11 Not more than 25 percent of those positions may be designated as
12 positions to be held by officers in the grade of general.

13 (c) General officers on the active list of the Regular Army who are
14 specifically authorized by law to hold any civil office under the
15 United States are in addition to the numbers authorized by this
16 section.

17 (d) Appointment to the grade of general or lieutenant general
18 under subsection (a) does not vacate the grade held by the officer in
19 his component. When his appointment under that subsection termi-
20 nates, he is entitled to resume any grade in the Army with or without
21 specification of component that he may then be entitled to hold.

Revision Note

Based on 10:506b (b) (less words of 3d proviso after semicolon).

In subsection (a), the word "grade" is substituted for the word "rank". The words "title" and "certain" are omitted as surplusage. The words "pay and allowances" are omitted as covered by the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.). The words "in a grade in the Army with or without specification of component above brigadier general" are substituted for the words "any of the general officers holding office in the grade of major general or higher grade, under permanent or temporary appointments". The words "(including general officers of the Army of the United States and general officers of each of the components thereof . . .)" are omitted as covered by the word "Army". The words "or if in the grade at the time of the assignment" are inserted for clarity.

In subsection (b), the words "on active duty" are substituted for the words "serving on active Federal military duty (including those holding office under temporary appointments and general officers of the Army of the United States, and the several components thereof)".

In subsection (c), the words before the semicolon of the third proviso of 10:506b (b) are omitted as executed by the declaration of a national emergency on December 16, 1950.

§ 713. Army Medical Service

- 1 There shall be an Army Medical Service in the Army. The Army
 2 Medical Service consists of—
 3 (1) the Surgeon General;
 4 (2) the Assistant Surgeons General;
 5 (3) the Medical Corps;
 6 (4) the Dental Corps;
 7 (5) the Veterinary Corps;
 8 (6) the Medical Service Corps;
 9 (7) the Army Nurse Corps; and
 10 (8) the Women's Medical Specialist Corps.

Revision Note

Based on 10:81-1 (less last sentence).

The words "authorized by sections 21f and 21h, respectively, of this title" are omitted as surplusage. The second sentence of 10:81-1 is omitted as covered by section 707 of this title. The words "and commissions" are omitted as covered by the word "appointed".

§ 715. Medical Service Corps: organization; Chief and assistant chiefs

- 1 (a) The Medical Service Corps consists of the Chief and assistant
 2 chiefs of that corps, officers in grades of second lieutenant to colonel,
 3 inclusive, and the following sections—
 4 (1) the Pharmacy, Supply, and Administration Section;

Ch. 7

THE ARMY

§ 717

5 (2) the Medical Allied Sciences Section;
 6 (3) the Sanitary Engineering Section;
 7 (4) the Optometry Section; and
 8 (5) other sections considered necessary by the Secretary of
 9 the Army.

10 (b) The Secretary shall appoint the Chief of the Medical Service
 11 Corps from the officers of the Regular Army in that corps whose
 12 grade in the Regular Army is above captain. The Chief serves dur-
 13 ing the pleasure of the Secretary. If he holds a lower grade in the
 14 Regular Army, he has, without vacating his grade in the Regular
 15 Army, the grade of colonel in the Army without specification of
 16 component while so serving and ranks above all other colonels in
 17 that corps.

18 (c) The Surgeon General shall designate assistant chiefs of the
 19 Medical Service Corps from commissioned officers of the Regular
 20 Army in that corps. Each assistant chief is chief of a section and
 21 is the Surgeon General's consultant in activities relating to that
 22 section.

23 (d) The Secretary may prescribe regulations for the administra-
 24 tion of this section.

Revision Note

Based on 10:81-1 (last sentence, less 5th through 14th words), 156a (less 2d sentence and proviso of last sentence), 156b, 156d, and 156h (as applicable to 10:156a (less 2d sentence and proviso of last sentence), 156b, and 156d).

In subsection (a), the first 19 words of the first sentence of 10:156a are omitted as superseded by section 713 of this title, which establishes the Medical Service Corps in the Army Medical Service. The last 16 words of the first sentence of 10:156a are omitted as superseded by section 393 (c) of this title, which authorizes the Secretary of the Army to prescribe the duties of members of the Army.

In subsection (b), the words "pay, and allowances" are omitted as covered by the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.). The word "grade" is substituted for the word "rank".

§ 717. Army Nurse Corps: Chief: appointment

1 The Army Nurse Corps consists of the Chief of that corps and
 2 officers in grades of second lieutenant through lieutenant colonel.
 3 The Secretary of the Army shall appoint the Chief from the officers
 4 of the Regular Army in that corps whose grade in the Regular Army
 5 is above captain and who are recommended by the Surgeon General.
 6 The Chief serves during the pleasure of the Secretary, but for not
 7 more than four years. She may not be reappointed. Without
 8 vacating her grade in the Regular Army, she has the grade of colonel
 9 in the Army without specification of component while so serving.

Revision Note

Based on 10:81-1 (5th through 8th words of last sentence), 166 (a) (less 1st and 2d sentences and proviso of last sentence), and 166 (b).

The words "pay, and allowances" are omitted as covered by the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.). The words "officers of the Regular Army in that corps" are substituted for the words "officers permanently commissioned in such Army Nurse Corps" since, under section 707 of this title, only officers of the Regular Army are appointed and commissioned in that corps. The word "grade" is substituted for the word "rank".

§ 719. Women's Medical Specialist Corps: organization; Chief and assistant chiefs

- 1 (a) The Women's Medical Specialist Corps consists of the Chief
2 and assistant chiefs of that corps, other officers in grades of second

6 (3) the Occupational Therapist Section.
7 (b) The Secretary of the Army shall appoint, from the officers of
8 the Regular Army in the Women's Medical Specialist Corps, the
9 Chief and three assistant chiefs of that corps. The Chief and the
10 assistant chiefs serve during the pleasure of the Secretary. Without
11 vacating their respective grades in the Regular Army, the Chief has
12 the grade of colonel in the Army without specification of component,
13 and each assistant chief has the grade of lieutenant colonel in the
14 Army without specification of component while so serving.

Revision Note

Based on 10:81-1 (9th through 14th words of last sentence), 166a (a) (1st sentence, and last sentence, less applicability to strength) and 166a (b).

In subsection (a), the first 20 words of the first sentence of 10:166a (a) are omitted as superseded by section 713 of this title, which establishes the Women's Medical Specialist Corps in the Army Medical Service. The last 16 words of the first sentence of 10:166a (a) are omitted as superseded by section 303 (c) of this title, which authorizes the Secretary of the Army to prescribe the duties of members of the Army.

In subsection (b), the words "pay, and allowances" are omitted as covered by the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.). The words "officers of the Regular Army in" are substituted for the words "officers permanently commissioned in", since, under section 707 of this title, only officers of the Regular Army are appointed in that corps. The word "grade" is substituted for the word "rank".

§ 721. Women's Army Corps: Director; Deputy Director; other positions

- 1 (a) There shall be a Women's Army Corps in the Regular Army.
 2 (b) The Secretary of the Army shall appoint, from the commis-
 3 sioned officers of the Regular Army in the Women's Army Corps, a
 4 Director and a Deputy Director of that corps, to serve during his
 5 pleasure, but normally for not more than four years. The Director
 6 is the adviser to the Secretary on Women's Army Corps matters.
 7 Without vacating her grade in the Regular Army, the Director has
 8 the grade of colonel in the Army without specification of component,
 9 and the Deputy Director, if she has a lower grade in the Regular Army,
 10 has the grade of lieutenant colonel in the Army without specification
 11 of component, while so serving.
 12 (c) The Secretary shall designate the positions that he finds neces-
 13 sary for the administration and training of the Women's Army Corps.
 14 He shall fill those positions from officers of that corps or from women
 15 members of the Officers' Reserve Corps who are on active duty.
 16 Each person holding such a position serves during the pleasure of the
 17 Secretary. If she has a lower grade in a component of the Army, she
 18 has, while so serving and without vacating her grade in that compo-
 19 nent, the grade of lieutenant colonel or major, as the Secretary de-
 20 termines, in the Army without specification of component.
 21 (d) After July 1, 1952, only officers whose grade is lieutenant
 22 colonel in the Regular Army are eligible for appointment under sub-
 23 section (b), and only officers whose grade is above captain in the
 24 Regular Army or the Officers' Reserve Corps are eligible for designa-
 25 tion under subsection (c). Before July 1, 1952, the Secretary may
 26 once extend the time when these limitations take effect, but not
 27 beyond July 1, 1956.

Revision Note

Based on 10-316, 316-L, and 316b (a).

In subsection (a), the first four words of 10-316 are omitted as executed. The last 15 words of 10-316 are omitted as superseded by section 303 (c) of this title, which authorizes the Secretary of the Army to prescribe the duties of members of the Army. The words "as now authorized by law", in 10-316-L, are omitted, since the law to which it refers is included in the revised section. The words "in the Army", in 10-316-L, are omitted as surplusage, since the revised section, which is partially based on 10-316, states that the Women's Army Corps is in the Regular Army, which is a component of the Army.

In subsection (b), the words "as he may determine necessary" are omitted as surplusage.

In subsections (b) and (c), the word "permanently" is omitted as surplusage. The words "pay and allowances" are omitted as covered by the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.). The word "grade" is substituted for the word "rank".

§ 721

ORGANIZATION

I

In subsection (c), the words "officers of that corps or women members of the Officers' Reserve Corps who are on active duty" are substituted for the words "officers of the Women's Army Corps (including Women's Army Corps officers of the Army of the United States or any component thereof serving on extended active duty)", since the only provisions of law relating to women officers (other than Regular Army officers) relate to the appointment of women members of the Officers' Reserve Corps. (See section 1405 of this title.) The word "extended" is omitted as surplusage.

§ 723. Judge Advocate General's Corps

- 1 There shall be a Judge Advocate General's Corps in the Army.
 2 The Judge Advocate General's Corps consists of—
 3 (1) the Judge Advocate General;
 4 (2) the Assistant Judge Advocate General;

 8 Secretary of the Army.

Revision Note

Based on 10.61.1 (1st sentence, less applicability of 17th through 13d words to strength).

The words "authorized by sections 21f and 21h, respectively, of this title" are omitted as surplusage. The word "grade" is substituted for the word "rank". The words "and commissioned" are omitted as covered by the word "appointed". The words "but the Secretary shall not assign to the Judge Advocate General's Corps any officer who has been appointed and commissioned in some other special branch or in the Regular Army without specification of branch" are omitted as covered by section 707 of this title.

§ 725. Chaplains

- 1 There shall be chaplains in the Army. The Chaplains include—
 2 (1) the Chief of Chaplains;
 3 (2) Regular Army officers appointed as chaplains; and
 4 (3) other officers of the Army appointed under chapter 55, 57,
 5 or 59 of this title as chaplains in the Army or a component of
 6 the Army.

Revision Note

Based on 10.231a.

The words "authorized by section 21f of this title" and "as now or hereafter provided by law" are omitted as surplusage.

In clauses (2) and (3), the words "and commissioned" are omitted as covered by the word "appointed".

§ 727. **Commands: territorial organization: engineer tactical units**

1 (a) Except as otherwise prescribed by law, the Army shall be
2 divided into such commands, forces, and organizations as may be
3 prescribed by the Secretary of the Army.

4 (b) For Army purposes, the United States, its Territories, its
5 possessions, and other territory in which the Army is stationed or is
6 operating, may be divided into such areas as may be directed by the
7 Secretary. Officers of the Army may be assigned to command
8 Army activities, installations, and personnel in those areas. In the
9 discharge of the Army's functions or other functions authorized
10 by law, officers have the duties and powers prescribed by the Secre-
11 tary.

12 (c) Such part of the Corps of Engineers as the President directs
13 shall be formed into tactical units organized as he prescribes.

Revision Note

Based on 10:1d, 1e, and 181 (less 1st 39 words).

§ 729. **Regular Army: composition**

1 (a) The Regular Army is the component of the Army that con-
2 sists of persons whose continuous service on active duty in both
3 peace and war is contemplated by law, and of retired members of
4 the Regular Army.

5 (b) The Regular Army includes --

- 6 (1) the officers and enlisted members of the Regular Army;
- 7 (2) the professors and cadets of the United States Military
- 8 Academy; and
- 9 (3) the retired officers and enlisted members of the Regular
- 10 Army.

11 (c) No person who was an active or retired member of the Regular
12 Army on June 28, 1950, is deprived of his membership in the Regular
13 Army by this section.

Revision Note

Based on 10:1c.

In subsection (b), the words "holding appointments or enlisted in the Regular Army as now or hereafter provided by law" and "and such other persons as are now or may hereafter be specified by law" are omitted as surplusage, since the revised section lists all persons in the Regular Army.

In subsection (c), the words "by this section" are substituted for the words "by reason of the enactment of sections 1a-1g, 19, 21a-21h, 61-1, 81-1, 231a, and 316-1 of this title and sections 181-3 to 181-5 of Title 5".

§ 731. Reserve components: retention and promotion of members; standards and procedures

- 1 (a) The Secretary of the Army shall by regulation prescribe—
- 2 (1) standards and qualifications for the retention and promotion of members of the reserve components of the Army; and
- 3 (2) equitable procedures for the periodic determination of the compliance of each member of the reserve components with those
- 4 standards and qualifications.
- 5 (b) If a member of a reserve component fails to comply with the
- 6 standards and qualifications prescribed under subsection (a), he shall—
- 7 (1) if qualified, be transferred to an inactive reserve status;
- 8 (2) if qualified, be retired without pay; or
- 9 (3) have his appointment or enlistment terminated.

Revision Note

Based on 10-1036e (less last sentence).
 In subsection (a), the words "As soon as may be practicable after the effective date of sections 1036-1039 of this title" are omitted as executed. The words "not inconsistent with this or any other Act" and "appropriate" are omitted as surplusage.

§ 733. Organized Reserve Corps: composition

- 1 (a) The Organized Reserve Corps consists of the members of the
- 2 Officers' Reserve Corps and the Enlisted Reserve Corps, and the
- 3 units of the Organized Reserves.
- 4 (b) There shall be an Officers' Reserve Corps to provide a reserve
- 5 of officers available for active duty when needed. The Officers'
- 6 Reserve Corps consists of officers assigned as provided under section
- 7 709 (b) (4) of this title. The grades and number in each grade
- 8 in each branch shall be as prescribed by the President.
- 9 (c) The Enlisted Reserve Corps consists of persons enlisted
- 10 therein or transferred thereto.

Revision Note

Based on 10-351, 421, and 422 (less 2d thru last sentences).
 In subsection (a), the word "members" is substituted for the word "personnel".
 In subsection (b), that part of 10-351 relating to sections in the Officers' Reserve Corps is omitted as superseded by section 709 (b) (4) of this title, which authorizes the Secretary of the Army to assign members of the Army, not on active duty, to branches of the Army, as he considers appropriate. The words "active duty" are substituted for the words "military service" for clarity. The word "officers" is substituted for the words "general officers and officers".
 In subsection (c), the words "or transferred thereto" are inserted, since section 4 (d) of the Selective Service Act of 1948 (50 U. S. C. App. 454 (d)), provides

for the transfer of draftees to the reserve components after a certain period of service. The word "voluntarily" is omitted as surplusage.

§ 735. Organized Reserve Corps: organization

1 (a) The Secretary of the Army shall prescribe necessary regulations
2 for the recruiting, organization, government, training, inspection,
3 and mobilization of the Organized Reserve Corps.

4 (b) The Secretary shall—

5 (1) detail such members of the Regular Army and Organized
6 Reserve Corps; and

7 (2) make available to the Organized Reserve Corps such
8 supplies, arms, equipment, and facilities, of the Army, or pro-
9 cured from funds appropriated for the purpose;

10 as he considers necessary for the development, training, instruction,
11 and government of the corps and for the care of Government property
12 issued to its units and members.

13 (c) Members of the Organized Reserve Corps may be formed into
14 military organizations, any of which may be sponsored by a civilian
15 organization as an affiliated unit.

16 (d) The three classes of combat and service units in the Organized
17 Reserve Corps, varying in degree of organization, are—

18 (1) those organized with a full complement of members, and
19 considered necessary for prompt mobilization;

20 (2) those generally organized with a full complement of
21 officers and an enlisted cadre; and

22 (3) those generally organized with a full complement of officers
23 only.

Revision Note

Based on 10-122 (2d, 3d, and 4th sentences).

In subsection (a), the word "administration" is omitted as covered by the word "government".

In subsection (b), the word "government" is substituted for the word "administration" to conform to subsection (a). The word "members" is substituted for the words "officers and enlisted personnel". The words "material, uniforms" are omitted as covered by the words "supplies, equipment".

In subsection (c), the words "any of which" are substituted for the words "which in turn".

§ 737. Army National Guard of United States: composition

1 The Army National Guard of the United States is the reserve
2 component of the Army that consists of—

3 (1) federally recognized units and organizations of the Army
4 National Guard;

§ 737

ORGANIZATION

I

- 5 (2) members of the Army National Guard who are reserve
6 members of the Army by appointment by the President, or by
7 enlistment, in the Army National Guard of the United States;
8 and
9 (3) officers of the Army National Guard who have passed the
10 examination prescribed in section — (32:113 (less last sentence))
11 of title — (National Guard) and to whom the Secretary of the
12 Army has extended temporary Federal recognition under sec-
13 tion — (32:4b (205th thru 229th and 255th thru 350th words of
14 clause (b))) of title — (National Guard).

Revision Note

Based on 32:4a (less 1st, 2d, and last proviso) and 4b (clause (b), less 205th thru 350th words).

32:4a (less 1st, 2d, and last proviso) are omitted as covered by 32:4b (b). The words "members of the Army National Guard who are reserve members of the Army by appointment by the President, or by enlistment, in the Army National Guard of the United States" are substituted for the words "and persons duly appointed and commissioned in the active and inactive National Guard of the several States, Territories, and the District of Columbia; * * * and who have been duly appointed by the President in the National Guard of the United States, as provided in this title, and of those officers and warrant officers appointed as prescribed in sections 81 and 113 of this title, and of those persons duly enlisted in the National Guard of the United States and of the several States, Territories, and the District of Columbia". The words "who have taken and subscribed to the oath of office prescribed in section 112 of this title" and "who have taken and subscribed to the oath of enlistment prescribed in section 123 of this title" are omitted, since membership in the Army National Guard of the United States is contingent upon membership in the Army National Guard, and the taking of those oaths is a prerequisite to membership in the Army National Guard.

§ 739. Army National Guard: definition

- 1 (a) As used in this title, "Army National Guard" means that part
2 of the organized militia of the several States, the several Territories,
3 Puerto Rico, the Canal Zone, and the District of Columbia, active
4 and inactive, that is—
5 (1) federally recognized;
6 (2) a land force;
7 (3) organized, armed, and equipped in whole or in part at
8 Federal expense; and
9 (4) trained, and has its officers appointed, under the sixteenth
10 clause of Section 8, Article I, of the Constitution.
(b) The Army National Guard while in the service of the United
States is a component of the Army.

Ch. 7

THE ARMY

§ 741

Revision Note

Subsection (a) of the revised section is based upon the definition of that term as set forth in section 5322-4 (1st 22 and 54th (3rd 69th words), 4b (less clause (b)), and 4c (1st 31 words) of title 38 (National Guard).

Subsection (b) is inserted to make the definition of the term "Army National Guard" parallel with the definition of the term "Air National Guard", in 10.1835, and to conform to section 703 (a) (1) of this title.

§ 741. Army National Guard of United States: status in time of peace

- 1 In time of peace members of the Army National Guard of the
- 2 United States shall be administered, armed, equipped, and trained
- 3 in their status as the Army National Guard.

Revision Note

Based on 52.34 (1st proviso, less 1st 31 words).

The word "uniformed" is omitted as covered by the word "equipped". The words "of the several States, Territories, and the District of Columbia" and "as provided in this title" are omitted as surplusage.

§1101. Definitions

1 As used in this chapter:

- 2 (1) "Authorized strength" means the largest number of
- 3 members authorized to be in a component, branch, grade, or
- 4 other category of the Army at any one time.
- 5 (2) "Authorized daily average strength" means the number
- 6 of members that may not be exceeded by the average of the
- 7 actual daily membership, for a given period, of a component,
- 8 branch, grade, or other category of the Army.

Revision Note

The revised section states expressly definitions that have heretofore been implicit in the law.

§1103. Army: members on active duty

- 1 (a) After July 30, 1954, the authorized strength of the Army in
- 2 members on active duty, exclusive of—
- 3 (1) officer candidates;

§ 1103

PERSONNEL

II

- 4 (2) members of the reserve components on active duty for
5 training purposes only;
- 6 (3) members paid from appropriations for the Army National
7 Guard or the Organized Reserve Corps; and
- 8 (4) members of the reserve components ordered to active
9 duty in an emergency declared after July 10, 1950;
- 10 is 837,000.
- 11 (b) After July 30, 1954, the authorized daily average strength of
12 the Army in members on active duty during the fiscal year, exclusive
13 of—
- 14 (1) officer candidates;
- 15 (2) members of the reserve components on active duty for
16 training purposes only; and
- 17 (3) members employed in the Selective Service System; is
18 837,000.

Revision Note

Based on 10:20j (a), 50 App.: 452, and section 1 of uncodified Act of Aug. 3, 1950, ch. 537 (as applicable to 10:20j (a) and 50 App.: 452), 64 Stat. 408, as restated by uncodified 1st paragraph of section 3 of the Act of June 19, 1951, ch. 144, Title I, 65 Stat. 88.

The words "After July 30, 1954" are inserted to reflect section 1 of the Act of Aug. 3, 1950, as restated (10 U. S. C. 20j (note)), which suspends, until July 31, 1954, the operation of the authorized strength restrictions imposed by the revised section. That subsections (a) and (b) are in force concurrently is confirmed by the opinion of the Judge Advocate General of the Army (JAGA 1952-2294, 4 Mar. 52).

In subsection (a), the reference to one-year enlistees as an exempted category, in 10:20j (a), is omitted to conform to 50 App.: 452, as restated by section 1 (b) of the 1951 amendments to the Universal Military Training and Service Act, 65 Stat. 76. The one-year enlistee program was abolished by section 1 (b) of the 1951 amendments to that act, 65 Stat. 80.

§ 1105. Regular Army: members on active duty

- 1 After July 30, 1954, the authorized strength of the Regular Army
2 in members on active duty, exclusive of members of the Regular Army
3 in the categories listed in clauses (1)-(4) of section 1103 (a) of this
4 title, is 837,000 less the number of members of the Army on active
5 duty who are neither members of the Regular Army nor members of
6 those categories.

Revision Note

The revised section is inserted to make explicit in the law the authorized strength of the Regular Army, which has heretofore been implied from provisions relating to the strength of the Army in members on active duty. The implication is based on an opinion of the Judge Advocate General of the Army (JAGA 1951-1549, 14 Feb. 51) that the authorized strength of the Regular Army is the same as the authorized strength of the Army in members on active duty, exclusive

Ch. 51

AUTHORIZED STRENGTH

§ 1109

of certain categories. An express statement in the law of the authorized strength of the Regular Army is desirable, since other sections, for example section 1111 of this title, expressly refer to that authorized strength. The words "After July 30, 1954" are inserted to reflect section 1 of the Act of Aug. 3, 1950, as restated (10 U. S. C. 20) (note), which suspends, until July 31, 1954, the operation of the authorized strength restrictions imposed by section 1103 of this title, referred to in the revised section.

§ 1107. Regular Army: commissioned officers on active list

- 1 After July 30, 1954, the authorized strength of the Regular Army
- 2 in commissioned officers on the active list is the sum of the numbers
- 3 authorized by sections 1109, 1111, and 1113 of this title, the number
- 4 of permanent professors of the United States Military Academy
- 5 authorized by section 3601 of this title, and the numbers in designated
- 6 categories specifically authorized by law as additional numbers.

Revision Note

The revised section is based on the laws establishing specific authorized strengths for the constituent parts of the general category of Regular Army commissioned officers. It is inserted to make it clear that the total authorized strength of the Regular Army in commissioned officers on the active list includes the additional numbers authorized for the Army Nurse Corps, the Women's Medical Specialist Corps, permanent professors of the United States Military Academy, and any numbers in designated categories specially authorized by law as additional numbers, excluded from the strength of 30,600 specified in section 1109 of this title. The words "After July 30, 1954" are inserted to reflect section 1 of the Act of Aug. 3, 1950, as restated (10 U. S. C. 20) (note), which suspends, until July 31, 1954, the operation of the authorized strength restrictions imposed by section 1109 of this title, on which the revised section is based.

§ 1109. Regular Army: commissioned officers on active list; exclusive of certain categories

- 1 After July 30, 1954, the authorized strength of the Regular Army
- 2 in commissioned officers on the active list, exclusive of—
- 3 (1) members of the Army Nurse Corps;
- 4 (2) members of the Women's Medical Specialist Corps;
- 5 (3) permanent professors of the United States Military Academy; and
- 6 (4) members in designated categories specifically authorized
- 7 by law as additional numbers;
- 8 is 30,600.

Revision Note

Based on 10:20) (b) (less last 13 words of 1st sentence), 1964, and 481; and section 1 of uncodified Act of Aug. 3, 1950, ch. 537 (as applicable to 10:20) (b) (less last 13 words of 1st sentence) and 481), 64 Stat. 408, as restated by uncodified 1st paragraph of section 3 of the Act of June 19, 1951, ch. 144, Title 1, 65 Stat. 88.

§ 1109

PERSONNEL

II

The words "After July 30, 1954" are inserted to reflect section 1 of the Act of Aug. 3, 1950, as restated (10 U. S. C. 20j (note)), which suspends, until July 31, 1954, the operation of the authorized strength restrictions imposed by this section. The word "permanent" is inserted in clause (3) to make it clear that the professor of military hygiene, authorized by section 3601 of this title, who is detailed to that position and is not a permanent professor, is not an additional number.

§ 1111. Regular Army: commissioned officers on active list; Army Nurse Corps

1 (a) The authorized strength of the Army Nurse Corps in commis-
2 sioned officers on the active list of the Regular Army is 2009, or
3 6/1000 of the authorized strength of the Regular Army in members
4 on active duty, exclusive of members of the Regular Army in the
5 categories listed in clauses (1)-(4) of section 1103 (a) of this title,
6 whichever is greater.

7 (b) Of the authorized strength of the Army Nurse Corps in commis-
8 sioned officers on the active list of the Regular Army, not more
9 than 7/1000 may be in the grade of lieutenant colonel in the Regular
10 Army, and not more than 16/1000 may be in the grade of major in
11 the Regular Army. The Secretary of the Army shall prescribe the
12 authorized strength of the Army Nurse Corps in officers on the active
13 list in the grade of captain in the Regular Army.

Revision Note

Based on 10:166 (a) (1st and 2d sentences and proviso of last sentence) and 166f (b) (1st 22 words of 1st sentence).

In subsection (a), the words "exclusive of members of the Regular Army in the categories listed in clauses (1)-(4) of section 1103 (a) of this title" are inserted to make it clear that the authorized strength to which the ratio of 6/1000 applies is that authorized strength prescribed in section 1105 of this title. The words "in members on active duty" are inserted for clarity and to conform to section 1105 of this title which states the authorized strength of the Regular Army in members on active duty.

The figure "2009" results from the allocation of the original figure 2558 heretofore made between the Army and the Air Force under section 208 (e) of the National Security Act of 1947 (5 U. S. C. 626 (e)). (See Joint Army and Air Force Adjustment Regulation No. 1-11-62, May 16, 1949.) This allocation has had the force of law since July 26, 1950, when the period for transfers, including the administrative authority to change the allocation, expired.

The first 19 words of the first sentence of 10:166 (a) are omitted as superseded by section 713 of this title, which establishes the Army Nurse Corps in the Army Medical Service. The first sentence, less the first 19 words, of 10:166 (a), is omitted as superseded by section 303 (e) of this title, which authorizes the Secretary of the Army to prescribe the duties of members of the Army.

**§ 1113. Regular Army: commissioned officers on active list;
Women's Medical Specialist Corps**

- 1 (a) The authorized strength of the Women's Medical Specialist
2 Corps in commissioned officers on the active list of the Regular Army
3 is 356, or 9/10,000 of the authorized strength of the Regular Army in
4 members on active duty, exclusive of members of the Regular Army
5 in the categories listed in clauses (1)–(4) of section 1103 (a) of this
6 title, whichever is greater.
- 7 (b) Of the authorized strength of the Women's Medical Specialist
8 Corps in commissioned officers on the active list of the Regular Army,
9 not more than 5 percent may be in the grade of major in the Regular
10 Army. The Secretary of the Army shall prescribe the authorized
11 strength of the Women's Medical Specialist Corps in officers in the
12 grade of captain in the Regular Army.

Revision Note

Based on 10:166a (a) (2d sentence, and last sentence as applicable to strength) and 166f (b) (less 2d and last sentences and 1st 22 words of 1st sentence).

In subsection (a), the words "exclusive of members of the Regular Army in the categories listed in clauses (1)–(4) of section 1103 (a) of this title" are inserted to make it clear that the authorized strength to which the ratio of 6/1000 applies is that authorized strength prescribed in section 1105 of this title. The words "in members on active duty" are inserted for clarity and to conform to section 1105 of this title which states the authorized strength of the Regular Army in members on active duty. The figure "356" results from the allocation of the original figure 409 heretofore made between the Army and the Air Force under section 208 (e) of the National Security Act of 1947 (5:626e (e)). This allocation has had the force of law since July 26, 1950, when the period for transfers, including the administrative authority to change the allocation, expired. Although the Act of May 16, 1950, ch. 186, sec. 3, 64 Stat. 161, (10:166a (a)) restated the 409 figure, it is clear from the Congressional committee reports on the Act of May 16, 1950, that the figure 409 was intended to be a total applicable to both the Army and the Air Force.

In subsection (b), the words "and the remainder of such authorized commissioned strength shall be in permanent commissioned grades of captain to second lieutenant, inclusive" are omitted as covered by section 1325 of this title, which authorizes original appointments only in the grade of second lieutenant, and by section 1353 of this title, which authorizes promotions of Regular Army officers within the Corps only to grades below lieutenant colonel.

**§ 1117. Regular Army: commissioned officers on active list; other
branches; Women's Army Corps**

- 1 (a) Except for the Army Nurse Corps and the Women's Medical
2 Specialist Corps, the authorized strength of each branch in com-
3 missioned officers on the active list of the Regular Army is that

4 prescribed by the Secretary of the Army. However, the strength so
5 prescribed—

6 (1) for the Judge Advocate General's Corps, may not be less
7 than 15,000 of the authorized strength of the Regular Army in
8 commissioned officers on the active list; and

9 (2) for the Corps of Engineers, may not be less than 788.

10 (b) The authorized strength of the Women's Army Corps in com-
11 missioned officers on the active list of the Regular Army is that
12 prescribed by the Secretary. However, after July 30, 1954, the
13 strength so prescribed may not be more than 2 percent of the author-
14 ized strength of the Regular Army in commissioned officers on the
15 active list.

16 (c) The Secretary may prescribe regulations for the administra-
17 tion of this section as it relates to the Medical Service Corps.

Revision Note

Based on 10:61-4 (2d sentence), 156a (2d sentence), 156h (as applicable to 10:156a (2d sentence)), 181 (26th thru 31th words), 181a (less 14th thru 39th words and 2d, 3d, and last proviso), 310a (as applicable to commissioned officers), and 506 (d); uncodified Act of June 28, 1950, ch. 383, section 404 (f) (last sentence, less applicability to enlisted members), 64 Stat. 273; and section 1 of uncodified Act of Aug. 3, 1950, ch. 537 (as applicable to 10:316a (as applicable to commissioned officers)), as restated by uncodified 1st paragraph of section 3 of the Act of June 19, 1951, ch. 144, Title I, 65 Stat. 88.

The revised section consolidates the strength provisions applicable generally to the branches of the Army with those applicable specifically to the Medical Service Corps, the Judge Advocate General's Corps, the Women's Army Corps, and the Corps of Engineers.

In subsection (a), the general rule with respect to the branches of the Army does not enumerate particular branches, since those enumerated in 10:506 (d) exhaust the general category. The words within the last parentheses of 10:506 (d) are omitted as surplusage. The exception in the revised section makes explicit, with respect to the general rule for branches, the effect of the words "any limitations provided by laws enacted after January 1, 1947", in view of the special rules enacted for the Army Nurse Corps and the Women's Medical Specialist Corps on April 16, 1947.

In subsection (a) (2), the figure 788 results from adding to the figure 785, authorized by section 11 of the National Defense Act, as amended by the Act of June 26, 1936, ch. 839, 49 Stat. 1974, the spaces authorized by that act for the Chief of Engineers and two assistants. The act of Apr. 3, 1939, ch. 35, sec. 8, 53 Stat. 598, though it did not specifically repeal section 11 of the National Defense Act, implicitly amended those provisions which prescribed an officer strength for the Corps of Engineers, by authorizing a strength of 795 officers, subject to a 30% increase or decrease from time to time as directed by the President. However, the 1939 act was specifically repealed by section 507 (d) (2) of the Officer Personnel Act of 1947, ch. 892, 61 Stat. 892. By referring to section 11 of the National Defense Act, as amended, section 404 (f) (last sentence) of the Army Organization Act of 1950 ch. 383, 64 Stat. 273, had the effect of reviving the officer

strength provisions prescribed by the 1936 act, since these were the only figures contained in the National Defense Act as such.

In subsection (b), the words "on the active list" are inserted for clarity. The proviso of 10:316a is omitted as executed. The words "after July 30, 1954" are inserted to reflect section 1 of the act of Aug. 3, 1954, as restated (10 U. S. C. 205 note) which suspends, until July 30, 1954, the operation of the authorized strength restrictions imposed by the revised subsection.

§ 1119. Regular Army: strength in grade; general officers

1 (a) The authorized strength of the Regular Army in general officers
2 on the active list, exclusive of the number authorized for the Army
3 Medical Service and the Chaplains, is 75/10,000 of the authorized
4 strength of the Regular Army in commissioned officers on the active
5 list, exclusive of the number of commissioned officers on the active
6 list authorized for the Army Medical Service and the Chaplains. Of
7 this authorized strength, not more than one-half may be in a grade in
8 the Regular Army above brigadier general.

9 (b) The authorized strength of each of the following branches—

- 10 (1) the Medical Corps;
11 (2) the Dental Corps;
12 (3) the Veterinary Corps; and
13 (4) the Chaplains;

14 in general officers on the active list of the Regular Army is 5/1000 of
15 the authorized strength of the branch concerned in commissioned
16 officers on the active list of the Regular Army. Not more than one-
17 half of the authorized strength in general officers in such a branch
18 may be in a grade in the Regular Army above brigadier general.

19 (c) The number of general officers authorized for the active list of
20 the Regular Army by subsections (a) and (b) may not be more than
21 205. Of this total there may not be more than—

- 22 (1) 12 in the Medical Corps, of whom not more than 6 may
23 be in a Regular Army grade above brigadier general;
24 (2) 3 in the Dental Corps, of whom not more than 2 may be in
25 a Regular Army grade above brigadier general;
26 (3) 1 in the Veterinary Corps, in the Regular Army grade of
27 brigadier general;
28 (4) 5 in the Judge Advocate General's Corps, of whom not
29 more than 2 may be in a Regular Army grade above brigadier
30 general;
31 (5) 1 in the Chaplains, in the Regular Army grade of major
32 general or brigadier general; and

33 (6) 183 on the active list of the Regular Army, exclusive of
34 those authorized under clauses (1) (5) of this subsection, of
35 whom not more than 92 may be in a Regular Army grade above
36 brigadier general.

37 (d) When the application of the percentages and ratios specified
 38 in this section results in a fraction, a fraction of one-half or more is
 39 counted as one, and a fraction of less than one-half is disregarded.

40 (e) General officers on the active list of the Regular Army who are
 41 specifically authorized by law to hold any civil office under the
 42 United States are not counted in determining authorized strength
 43 under this section.

Revision Note

Based on 10:61-1 (17th thru 33d words of 1st sentence, as applicable to strength) and 506a (a) (less 1st proviso and last 65 words of 2d proviso).

Section 503 (a) of the Officer Personnel Act of 1947 (10:506a (a)), provides, subject to certain percentage limitations, for the following authorized strength of the Regular Army in general officers on the active list:

| | |
|-----------------------------------|------------|
| Medical Corps..... | 16 |
| Dental Corps..... | 4 |
| Veterinary Corps..... | 1 |
| The Chaplains..... | 2 |
| Army, exclusive of the above..... | 334 |
| Total..... | 357 |

Under section 208 (c) of the National Security Act of 1947 (5 U. S. C. 629c (c)), allocations of those authorized strengths were made between the Army and the Air Force as follows:

| | Army | Air Force |
|---|------------|------------|
| Medical Corps..... | 12 | 4 |
| Dental Corps..... | 3 | 1 |
| Veterinary Corps..... | 1 | 0 |
| The Chaplains..... | 1 | 1 |
| Army and Air Force, exclusive of the above..... | 184 | 150 |
| Total..... | 201 | 156 |

After the enactment of the Officer Personnel Act of 1947, section 308 of the Army Organization Act of 1950 (10:61-1) provided for an Assistant Judge Advocate General and three brigadier generals in the Judge Advocate General's Corps of the Army. The creation of these four general officer spaces served to increase the mentioned authorized strength figure from 357 to 361, and the figure 201 to 205. The opinion of the Judge Advocate General of the Army (JAGA 1948/5806) is in accord with that conclusion.

The revised section reflects the authorized strength of the Regular Army in general officers on the active list resulting from the mentioned allocation to the Air Force and the addition of four general officer spaces in the Judge Advocate General's Corps.

That allocation, and those mentioned in the following paragraphs, have had the force of law since July 26, 1950, when the period for transfers, including the administrative authority to change these allocations, expired.

The figures "12" and "6", named for the Medical Corps in subsection (c) (1), result from allocations of the original figures 16 and 8.

The figures "3" and "2", named for the Dental Corps in subsection (c) (2), result from allocations of the original figures 4 and 2.

The figure "1", named for the Veterinary Corps in subsection (c) (3), results from an allocation of the original figure 1. (None was allocated to the Air Force.)

The figure "1", named for the Chaplains in subsection (c) (5), results from an allocation of the original figures 2 and 1. (The major general was allocated to the Army, the brigadier general to the Air Force.)

The figures "183" and "92", fixed in subsection (c) (6), result from allocation of the original figures 334 and 167, after deducting the space allotted to the Judge Advocate General which, in the revised section, is included in the figures "5" and "2", in subsection (c) (4). The allocation of 183 corresponds to the allotment made by the Secretary of War between the Air Corps and the Army exclusive of the Air Corps, the Medical Department, and the Chaplains, under 10:506a (a) (3) proviso. That proviso is omitted as executed.

§ 1121. Regular Army: strength in grade; promotion-list officers

(a) Subject to subsection (b), the authorized strength of the Regular Army in officers in each grade in the Regular Army on each of the promotion lists set forth in section 1337 of this title shall be as prescribed by the Secretary of the Army. A vacancy in any grade on a promotion list may be filled by an appointment in any lower grade.

(b) Each strength prescribed by the Secretary under subsection (a) shall be stated as a percentage of the strength authorized for the particular list, and the schedule of percentages may be different for each list. No schedule for a list may authorize, with respect to a grade, a percentage that is higher than the sum of (1) the figure fixed for the grade according to the following table, and (2) the amounts, if any, by which the percentages fixed by the Secretary for higher grades are less than the figures fixed according to the table:

| Grade | Column 1 | Column 2 | Column 3 | Column 4 |
|-------------------|--|-----------------------------|--------------------------|---------------------------------|
| | Medical Corps,
Dental Corps,
Chaplains,
Judge Advocate
General's Corps | Medical
Service
Corps | Women's
Army
Corps | All other
promotion
lists |
| | Percent | Percent | Percent | Percent |
| Captain | 18 | 12 | 10 | 15 |
| Major | 14 | 14-20 | 10 | 15 |
| Captain | 18 | 12-20 | 10-31 | 15 |
| First lieutenant | 23 | 12-20 | 10-31 | 25 |
| Second lieutenant | 36 | 18-24 | 18-30 | 18 |
| | (5) | 18-21 | 18-30 | 18 |

¹ Columns whose retirement is deferred under section 2821 (b) of this title are not included within this percentage.
² As determined by the Secretary, except that the column must total 100 percent.
³ None may be authorized by the Secretary for this category.

(c) The Secretary may prescribe regulations for the administration of this section as it relates to the Medical Service Corps.

Revision Note

Based on 10-65 (1st paragraph, less 1st, 2d, and 3d sentences), 156a (proviso of last sentence), 156b (as applicable to 10-156a (proviso of last sentence)), 316e (e), 559 (b) (1), 559 (b) (2) (1st sentence), and 541a (d) (81st thru 105th words of 2d proviso of clause (3)).

Subsection (b) clarifies the joint effect of the scale of percentages and the third proviso of 10-559 (b) (1), by combining them into a single rule. The last proviso of the last sentence of the first paragraph of 10-65 and the last proviso of 10-559 (b) (1) are omitted as executed. The table restates in consolidated form the rules relating to the limitations applicable to the Secretary when setting authorized strengths for the several promotion lists. The first sentence of 10-316e (e) is omitted, since the grades in which persons may be originally appointed in the Women's Army Corps, Regular Army, are set forth in section 1319 of this title. The purpose of 10-316e (e) (1st sentence) was to authorize appointments in higher grades only for a limited period under section 108 of the Act of June 12, 1948, ch. 449, 62 Stat. 361 (10-559a).

§ 1123. Regular Army: strength in grade; temporary increases

- 1 The authorized strength in any grade in the Regular Army, as
- 2 prescribed by or under this chapter, is automatically increased to the
- 3 minimum extent necessary to give effect to each appointment made
- 4 in that grade under section 541, 1341, 1343, 1353, 1367, 2621 (a)
- 5 (1) (3), or 3651 of this title. An authorized strength so increased is
- 6 increased for no other purpose, and while he holds that grade the
- 7 officer whose appointment caused the increase is counted for the
- 8 purpose of determining when other appointments, not under those
- 9 sections, may be made in that grade.

Revision Note

Based on 10-65 (last 37 words of 2d paragraph), 166f (b) (last sentence), 506c (f) (last 43 words of 1st sentence), 559 (b) (2) (less 1st sentence), 559b (31st thru 50th words of 1st sentence), 559c (k) (less last 17 words), 559g (a) (5th sentence), and 598 (14 words before 1st proviso), and 57-277 (b).

The revised section consolidates various provisions permitting "temporary" strengths in grade in excess of authorized strengths. The second sentence of the revised section clarifies the meaning of the word "temporary" heretofore used in this connection.

§ 1125. Regular Army: warrant officers on active duty

- 1 (a) After July 30, 1954, the authorized strength of the Regular
- 2 Army in warrant officers on active duty is 9000.
- 3 (b) Of the warrant officers of the Regular Army on active duty,
- 4 not more than 40 percent may be in the grade of chief warrant officer
- 5 in the Regular Army.

Revision Note

Based on 10:20j (b) (last 13 words of 1st sentence) and 591 (less 1st and 2d sentences); and section 1 of unmodified Act of Aug. 3, 1950, ch. 537 (as applicable to 10:20j (b) (last 13 words of 1st sentence)), 64 Stat. 408, as restated by unmodified 1st paragraph of section 3 of the Act of June 19, 1951, ch. 114, Title 1, 65 Stat. 88.

In subsection (a), the words "active duty" are substituted for the words "active list", in 10:20j (b), since the terms are synonymous in their application to warrant officers of the Regular Army. The words "After July 30, 1954" are inserted to reflect section 1 of the Act of Aug. 3, 1950, as restated (10 U. S. C. 20j (note)), which suspends, until July 31, 1954, the operation of the authorized strength restrictions imposed by the revised subsection. The last sentence, less proviso, of 10:591 is omitted as superseded by 10:20j (b).

§ 1127. Regular Army: enlisted members on active duty

- 1 After July 30, 1954, the authorized strength of the Regular Army
- 2 in enlisted members on active duty, exclusive of members of the
- 3 Regular Army in the categories listed in clauses (1)-(4) of section
- 4 1103 (a) of this title, is 837,000 less the number of members of the
- 5 Army on active duty who are neither enlisted members of the Regular
- 6 Army nor members of those categories.

Revision Note

The revised section is inserted to make explicit in the law the authorized strength of the Regular Army in enlisted members on active duty, which has heretofore been implied from provisions relating to the strength of the Army in members on active duty. The implication is based on an opinion of the Judge Advocate General of the Army (JAGA 1951/1519, 14 Feb. 51) that the authorized strength of the Regular Army in enlisted members on active duty is the authorized strength of the Regular Army in members on active duty, exclusive of the number of commissioned and warrant officers of the Regular Army on active duty. An express statement in the law of the authorized strength of the Regular Army in enlisted members on active duty is desirable, since section 1129 of this title expressly refers to that authorized strength. The words "After July 30, 1954" are inserted to reflect section 1 of the Act of Aug. 3, 1950, as restated (10 U. S. C. 20j (note)), which suspends, until July 31, 1954, the operation of the authorized strength restrictions on which the revised section is based.

§ 1129. Regular Army: warrant officers and enlisted members of the Women's Army Corps on active duty

- 1 (a) After July 30, 1954, the authorized strength of the Women's
- 2 Army Corps of the Regular Army in warrant officers on active duty
- 3 is as prescribed by the Secretary of the Army. However, it may
- 4 not be more than 2 percent of the authorized strength of the Regular
- 5 Army in warrant officers on active duty.
- 6 (b) After July 30, 1954, the authorized strength of the Women's
- 7 Army Corps of the Regular Army in enlisted members on active duty

§ 1129

8 is as determined by the Secretary. However, it may not be more than
 9 2 percent of the authorized strength of the Regular Army in enlisted
 10 members on active duty, exclusive of members of the Regular Army
 11 in the categories listed in clauses (1)-(4) of section 1103 (a) of this
 12 title.

Revision Note

Based on 10:316a (less applicability to commissioned officers); and section 1 of uncodified Act of Aug. 3, 1950, ch. 537 (as applicable to 10:316a (less applicability to commissioned officers)), as restated by uncodified 1st paragraph of section 3 of the Act of June 19, 1951, ch. 144, Title I, 65 Stat. 88.

In subsections (a) and (b), the words "on active duty" are inserted for clarity. The words "After July 30, 1954" are inserted to reflect section 1 of the Act of Aug. 3, 1950, as restated (10 U. S. C. 20) (note), which suspends, until July 30, 1954, the operation of the authorized strength restrictions imposed by the revised section.

In subsection (b), the words "exclusive of members of the Regular Army in the categories listed in clauses (1)-(4) of section 1103 (a) of this title" are inserted to make it clear that the authorized strength to which the "2 percent" applies is that authorized strength prescribed in section 1127 of this title. The words "within the authorized . . . warrant, and enlisted strengths of the Regular Army" are omitted as surplusage in view of the "2 percent" limitation. The proviso is omitted as executed.

§ 1131. Regular Army: Corps of Engineers; enlisted members on active duty

1 The authorized strength of the Corps of Engineers in enlisted
 2 members of the Regular Army on active duty is as prescribed by the
 3 Secretary of the Army. However, it may not be less than 12,000.

Revision Note

Based on 10:181 (35th thru 39th words); and uncodified Act of June 28, 1950 ch. 383, section 404 (f) (last sentence, as applicable to enlisted members), 64 Stat. 273.

§ 1133. Organized Reserve Corps

1 After July 30, 1954, the authorized strength of the Organized
 2 Reserve Corps, exclusive of members who are included in the strength
 3 of 837,000 authorized in section 1103 (a) of this title for members of
 4 the Army on active duty, is 980,000.

Revision Note

Based on 10:20) (b) (less last sentence); and section 1 of uncodified Act of Aug. 3, 1950, ch. 537 (as applicable to 10:20) (d) (less last sentence), 64 Stat. 408; as restated by uncodified 1st paragraph of section 3 of the Act of June 19, 1951, ch. 144, Title I, 65 Stat. 88.

AUTHORIZED STRENGTH

§ 1137

The words "After July 30, 1954" are inserted to reflect section 1 of the Act of Aug. 3, 1950, as restated (10 U. S. C. 20) (note), which suspends, until July 31, 1954, the operation of the authorized strength restrictions imposed by this section. The words "officers, warrant officers, and enlisted persons" are omitted as surplusage.

§ 1135. Organized Reserve Corps: warrant officers

- 1 The Secretary of the Army may prescribe the authorized strength
- 2 of the Organized Reserve Corps in warrant officers.

Revision Note

Based on 10-20j (d) (16th thru 19th words of last sentence).

§ 1137. Army National Guard and Army National Guard of United States

- 1 After July 30, 1954, the authorized strength of the Army National
- 2 Guard and the Army National Guard of the United States, exclusive
- 3 of members who are included in the strength of 837,000 authorized
- 4 in section 1103 (a) of this title for members of the Army on active
- 5 duty, is 600,000. The strength authorized by this section shall be
- 6 allocated among the States, the Territories, Puerto Rico, the Canal
- 7 Zone, and the District of Columbia.

Revision Note

Based on 10-20j (c); and section 1 of uncodified Act of Aug. 3, 1950, ch. 537 (as applicable to 10-20j (c)), 64 Stat. 408; as restated by uncodified 1st paragraph of section 3 of the Act of June 19, 1951, ch. 144, Title I, 65 Stat. 88.

The words "After July 30, 1954" are inserted to reflect the Act of Aug. 3, 1950, ch. 537, 64 Stat. 408 (10 U. S. C. 20) (note), which suspends, until July 31, 1954, the operation of the authorized strength restrictions imposed by this section.

CHAPTER 53. ENLISTMENTS

See.

- 1201. Army: enlistment oath; who may administer.
- 1203. Army: persons not qualified.
- 1205. Army: emergency or wartime.
- 1206. Army: Filipinos.
- 1207. Regular Army: recruiting campaigns.
- 1209. Regular Army: qualifications, term, grade.
- 1211. Regular Army; Women's Army Corps; qualifications.
- 1215. Regular Army: reenlistment after commissioned service.
- 1219. Organized Reserve Corps: qualifications, term.
- 1221. Army National Guard of United States: enlistment oath; who may administer.
- 1223. Army National Guard of United States: term, grade.
- 1225. Army National Guard of United States and inactive National Guard: term.

§ 1201. Army: enlistment oath; who may administer

- 1 Each person enlisting in the Army shall take the following oath:
- 2 "I, _____, do solemnly swear (or affirm) that
- 3 I will bear true faith and allegiance to the United States of
- 4 America; that I will serve them honestly and faithfully against
- 5 all their enemies whomsoever; and that I will obey the orders
- 6 of the President of the United States and the orders of the
- 7 officers appointed over me, according to regulations and the
- 8 Uniform Code of Military Justice."
- 9 The oath may be taken before any commissioned officer of any armed
- 10 force.

Revision Note

Based on 50-737.

The words "or affirmation" are omitted as covered by the definition of the word "oath" in section 1 of title 1 of the United States Code. The words "of any armed force" are inserted in the last sentence, since they are necessarily implied by their use in the opening clause of 50-737.

§ 1203. Army: persons not qualified

- 1 (a) No person who is insane, intoxicated, or a deserter from an
- 2 armed force of the United States, or who has been convicted of a
- 3 felony, may be enlisted or mustered into the Army. However, in
- 4 meritorious cases, the Secretary of the Army may, by regulation or
- 5 otherwise, authorize the enlistment or muster into the Army of de-
- 6 serters and persons convicted of felonies.

Ch. 53

ENLISTMENTS

§ 1205

- 7 (b) No person whose service during his last term of enlistment was
 8 not honest and faithful may be reenlisted in the Army. However,
 9 the Secretary may authorize the reenlistment or muster into the
 10 Army of such a person if his conduct after that service has been good.
 11 (c) In time of peace, no person may be accepted for original enlist-
 12 ment in the Army unless he is, or has made a legal declaration that
 13 he intends to become, a citizen of the United States.

Revision Note

Based on 10:622, 623, 624, and 625.

In subsection (a), the words "an armed force" are substituted for the words "the military service", to conform to Article 85 of the Uniform Code of Military Justice (50 U. S. C. 679). Since the authority to enlist deserters "in meritorious case," granted to the Secretary by the Act of July 29, 1941, ch. 325 (10:622), is equivalent to or broader than his authority to do so under section 1 of the Act of Aug. 22, 1912, ch. 336 (10:624), the applicability of 10:624 to 10:622, is omitted as surplusage.

In subsection (b), the word "soldier", in 10:623, is omitted as covered by the word "person".

In subsection (c), the words "(except an Indian)", in section 2 of the Act of Aug. 1, 1894, ch. 179, 28 Stat. 216, are not contained in 10:625. They are also omitted from the revised section, since section 201 of the Act of Oct. 14, 1940, ch. 876 (S. U. S. C. 601), provides that Indians are citizens and nationals of the United States.

§ 1205. Army: emergency or wartime

- 1 Except as provided in section 1209 of this title—
 2 (1) original enlistments in the Army in time of war or emer-
 3 gency declared by Congress shall be without specification of
 4 component and for the duration of the war or emergency plus
 5 six months; and
 6 (2) only persons at least 18 years of age and otherwise qualified
 7 under regulations prescribed by the Secretary of the Army are
 8 eligible for original enlistment.

Revision Note

Based on 10:634 (less last 18 words of 1st sentence).

The words "particular" and "or unit thereof" are omitted as surplusage. The words "Except as provided in section 1209 of this title" are inserted, since that section, by its terms, is an exception to 10:634. The third sentence of 10:634 is omitted as covered by section 1201 of this title. The last sentence of 10:634 is omitted as superseded by section 303 (c) of this title.

§ 1206. Army: Filipinos

1 A Filipino who was serving in the Army on July 1, 1937, may be
2 retained in the service under his current enlistment and may be
3 reenlisted without regard to his citizenship.

Revision Note

Based on 10-626a.

The last 13 words of 10-626a are omitted as surplusage.

§ 1207. Regular Army: recruiting campaigns

1 The Secretary of the Army shall conduct intensive recruiting cam-
2 paigns to obtain enlistments in the Regular Army.

Revision Note

Based on 10-635.

The word "conduct" is substituted for the words "initiate and carry forward".
The word "volunteer" is omitted as surplusage.

§ 1209. Regular Army: qualifications, term, grade

1 (a) Notwithstanding section 1205 of this title, the Secretary of
2 the Army may accept original enlistments in the Regular Army of
3 qualified, effective, and able-bodied male persons who are not less
4 than 17 or more than 35 years of age, for periods of two, three, four,
5 five, or six years. However, no person under 18 years of age may
6 be originally enlisted without the written consent of his parent or
7 guardian, if he has a parent or guardian entitled to his custody and
8 control.

9 (b) The Secretary may accept reenlistments in the Regular Army
10 for periods of three, four, five, or six years. However, a person who
11 last served in one of the highest three enlisted grades may be re-
12 enlisted for an unspecified period of time on a career basis, under
13 regulations prescribed by the Secretary. No age limitation applies
14 to reenlistments. No enlisted member is entitled to be reenlisted
15 for a period that would expire before the end of his current enlistment.

16 (c) An enlistment in the Regular Army in force at the outbreak
17 of a war or entered into during a war, unless sooner terminated by
18 the President, continues in effect until six months after the termina-
19 tion of that war.

20 (d) Subject to subsection (e), a person is enlisted in the Regular
21 Army in the grade prescribed by the Secretary.

22 (e) A person who, upon his discharge from the Regular Army, is
23 recommended for reenlistment is entitled to be reenlisted in the
24 grade held by him when discharged, if he applies therefor within the
25 period specified by the Secretary, but not later than three months

26 after his discharge. However, a person who has been discharged
 27 from the Regular Army because of the acceptance of his resignation
 28 is not entitled, upon reenlistment, to the grade held by him when
 29 discharged.

30 (f) This section does not deprive a person of any right to be re-
 31 enlisted in the Regular Army under any other provision of law.

Revision Note

Based on 10-625 (less applicability to Enlisted Reserve Corps), 621, 627, 628 (less 2d proviso of 1st sentence, 2d and 3d sentences, 4th sentence to 1st colon, and last 52 words of 1st proviso of 4th sentence), and 636.

In subsection (a), the words "Effective July 1, 1947" are omitted as surplusage. Those parts of 10-621 and 627 fixing the minimum age for original enlistments are omitted as superseded by 10-628.

In subsection (d), the word "ratings" is omitted as obsolete. The proviso of 10-636 is omitted as executed. The words "Notwithstanding any other provisions of law" are omitted as surplusage.

In subsection (e), the words "rank, rating, or" are omitted as surplusage.

In subsection (f), the reference to "section 110 of Title 37" is omitted, since section 10 of the Pay Readjustment Act of 1942, as amended, upon which 37 U. S. C. 110 was based, was repealed by sections 531(b) (34) and 531 (c) (12) of the Career Compensation Act of 1949, 63 Stat. 839. The reference to "section 636a of this title" is omitted as surplusage. The reference to "sections 1 and 4 of Title 32" is omitted as inapplicable to enlistments in the Regular Army. The reference to "section 611a of Title 38" is omitted as executed.

§ 1211. Regular Army: Women's Army Corps; qualifications

1 Women who are at least 18 years of age and who have the quali-
 2 fications prescribed by the Secretary of the Army may be accepted for
 3 original enlistment or reenlistment in the Women's Army Corps,
 4 Regular Army, under the laws applicable to the original enlistment
 5 or reenlistment of males, so far as those laws are adaptable to the
 6 Women's Army Corps. However, no woman under 21 years of age
 7 may be originally enlisted or reenlisted without the written consent
 8 of her parent or guardian, if she has a parent or guardian.

Revision Note

Based on 10-621b (a).

§ 1215. Regular Army: reenlistment after commissioned service

1 Any former enlisted member of the Regular Army who has served
 2 on active duty as a reserve officer in the Army, or who was discharged
 3 as an enlisted member to accept an appointment in the Army without
 4 specification of component, is entitled to reenlist in the Regular Army
 5 in the enlisted grade that he held before his commissioned service,

 8 ment within six months after the termination of that service, regard-
 9 less of the existence of a vacancy in his grade or of a physical disability
 10 incurred or having its inception in line of duty.

Revision Note

Based on 10:631a (less last provision).

§ 1219. Organized Reserve Corps: qualifications, term

1 (a) A person who is eligible to enlist in the Regular Army, and who
 2 has the military or technical training prescribed by the Secretary
 3 of the Army by regulation, may enlist in the Organized Reserve Corps.
 4 However, for original enlistments of specialists in such units as may
 5 be prescribed by those regulations, the maximum age is 45 years.

6 (b) Enlistments in the Organized Reserve Corps are for three
 7 years, but those in effect at the outbreak of a war or entered into
 8 during a war, unless sooner terminated by the President, continue in
 9 effect until the expiration of six months after the termination of that
 10 war.

11 (c) Women may enlist in the Organized Reserve Corps under laws
 12 applicable to the enlistment of males, in the grades, for the periods,
 13 and under regulations, prescribed by the Secretary.

Revision Note

Based on 10:378 (d), 423, 424 (1st 8 words), and 425 (as applicable to Enlisted Reserve Corps).

In subsection (c), the words "now or hereafter" are omitted as surplusage. The words "or ratings" are omitted as obsolete.

§ 1221. Army National Guard of United States: enlistment oath; who may administer

1 Each person enlisting in the Army National Guard of the United
 2 States shall sign an enlistment contract, and subscribe to the oath
 3 prescribed in section — (32-123 (less applicability to Army and Air
 4 National Guard of United States)) of title — (National Guard).
 5 The oath may be taken before any commissioned officer of the Army
 6 National Guard authorized by the law of his State or Territory, or of
 7 Puerto Rico, the Canal Zone, or the District of Columbia, in the case
 8 of members of its Army National Guard, to administer oaths of enlist-
 9 ment in the Army National Guard.

Revision Note

Based on 32:123 (as applicable to Army National Guard of United States).

The words "or affirmation" are omitted as covered by the definition of the word "oath" in section 1 of title 1. The words "Each person" are substituted for the word "Men".

ENLISTMENTS

§ 1225

§ 1223. Army National Guard of United States: term, grade

- 1 (a) Original enlistments in the Army National Guard of the
 2 United States are for three years, and reenlistments for one or three
 3 years. However, if an emergency is declared by Congress, the
 4 President may, by proclamation, extend an enlistment until six
 5 months after the termination of that emergency.
- 6 (b) Under regulations prescribed by the Secretary of the Army,
 7 an enlisted member of the Army National Guard in a grade above
 8 private may be appointed in a corresponding grade and assigned to
 9 a corresponding branch in the Army National Guard of the United
 10 States without vacating his grade in the Army National Guard.

Revision Note

Based on 32:1a (24 previous) and 124 (as applicable to Army National Guard of United States).

In subsection (a), the first proviso of 32:124 is omitted as executed. The word "reenlistments" is substituted for the words "subsequent enlistments" to conform to other sections covering contracts for periods of service after original enlistments.

In subsection (b), the word "ratings" is omitted as obsolete. The words "an enlisted member . . . in a grade above private" are substituted for the words "noncommissioned officers, first-class privates, and enlisted specialists".

§ 1225. Army National Guard of United States and inactive National Guard: term

- 1 Under regulations prescribed by the Secretary of the Army, a
 2 person qualified for enlistment in the active Army National Guard

 5 years.

Revision Note

Based on 32:132 (as applicable to Army National Guard of United States).

The last 23 words of 32:132 are omitted as covered by section 1221 of this title.

§ 1303. Commissioned and warrant officer grades

- 1 (a) The commissioned grades in the Regular Army are:
- 2 (1) Major general.
- 3 (2) Brigadier general.
- 4 (3) Colonel.
- 5 (4) Lieutenant colonel.
- 6 (5) Major.
- 7 (6) Captain.
- 8 (7) First lieutenant.
- 9 (8) Second lieutenant.
- 10 (b) The warrant officer grades in the Regular Army are:
- 11 (1) Chief warrant officer.
- 12 (2) Warrant officer (junior grade).

Revision Note

Based on 10-506 (a) (last 24 words) and 593a (as applicable to Regular Army). In subsection (b), the words "first, chief warrant officer" and "and second, warrant officer (junior grade)" are omitted from Supplement IV of the 1946 Edition of the United States Code. 10-593a as originally enacted specified the two grades and stated after each grade the provisions relating to pay and allowances. Section 531 (b) (30) of the Career Compensation Act of 1949, 63 Stat. 839, repealed only that part of 10-593a relating to pay and allowances, and did not repeal the names of the grades, which are set forth in the revised section.

§ 1305. General officers: title of office

- 1 An officer holding an appointment as a general officer in the Regular
- 2 Army may be called a general officer of the Regular Army. In
- 3 addition, a general officer of the Regular Army in the Medical Corps,
- 4 Dental Corps, Veterinary Corps, Judge Advocate General's Corps,
- 5 or the Chaplains, may be called a general officer of that branch.

Revision Note

Based on 10-506 (b) (less 2d sentence). The words "Judge Advocate General's Corps" are inserted, since general officer grades are authorized for that branch by section 723 of this title. The words "arms, or service" are omitted to conform to sections 705 and 707 of this title.

§ 1397

PERSONNEL

II

§ 1397. **Commissioned officers: appointment without specification of branch; transfer between branches**

1 (a) Appointments in commissioned grades in the Regular Army
2 shall be made without specification of branch except in each of the
3 special branches, in the Women's Army Corps, and as professors of
4 the United States Military Academy.

5 (b) Commissioned officers appointed in the Regular Army without
6 specification of branch shall be assigned, and may be transferred and
7 reassigned, by the Secretary of the Army to branches other than the
8 special branches and the Women's Army Corps, according to their
9 professional qualifications and the needs of the Army. However,
10 officers of the Corps of Engineers may be assigned, transferred, or
11 reassigned to and from duties involving the civil functions of the
12 Corps of Engineers only upon the recommendation of the Chief of
13 Engineers, and with the approval of the Secretary.

Revision Note

Based on 10:506 (b) (2d sentence) and 506 (c).

In subsections (a) and (b), the words "special branches" are substituted for the words "the several corps of the Army Medical Service, as chaplains" to conform to section 707 of this title. The Judge Advocate General's Corps is included within the term "special branches", since section 1329 of this title provides for appointment in that branch.

In subsection (b), the word "branch" is substituted for the words "branch, arm, or service" to conform to sections 705 and 707 of this title.

§ 1399. **Commissioned officers: appointment, how made**

1 Appointments in commissioned grades in the Regular Army shall
2 be made by the President, by and with the advice and consent of the
3 Senate.

Revision Note

Based on 10:506 (a) (less last 24 words) and 506 (a).

The words "In addition to the officers permanently appointed in general officer grades above that of major general (authorized by other provisions of law)", in 10:506 (a), are omitted as surplusage, since no appointments are authorized in the Regular Army above the grade of major general. The words "additional" and "subject to the conditions and limitations set forth", in 10:506 (a), are omitted as surplusage. The words "Within the authorized active list commissioned officer strength of the Regular Army", in 10:506 (a), are omitted, since unless otherwise specified, all appointments must be within the authorized strength.

§ 1311. Commissioned officers: original appointment; qualifications

- 1 To be eligible for original appointment in a commissioned grade in
- 2 the Regular Army, except under section 1333 (a) of this title, a
- 3 person must—
- 4 (1) be a citizen of the United States;
- 5 (2) be at least 21 years of age;
- 6 (3) be of good moral character;
- 7 (4) be physically qualified for active military service; and
- 8 (5) have such other qualifications as the Secretary of the
- 9 Army may prescribe.

Revision Note

Based on 10:506 (b).

The words "except under section 1333 (a) of this title" are inserted, since that section is an exception to the general provisions of the revised section. (See opinion of the Judge Advocate General of the Army (1948/2124, 1 Mar. 48).)

§ 1313. Commissioned officers: original appointment; age limitations

- 1 (a) No person may be originally appointed in a commissioned
- 2 grade in the Regular Army, except under section 1333 (a) of this
- 3 title, if his age at the date of his appointment is more than—
- 4 (1) 34 years, for a person appointed as a chaplain;
- 5 (2) 32 years, for a person appointed in the Medical Corps,
- 6 Dental Corps, Veterinary Corps, or Judge Advocate General's
- 7 Corps;
- 8 (3) 30 years, for a person appointed in the Medical Service
- 9 Corps; or
- 10 (4) 27 years, for all other persons.
- 11 (b) The maximum ages specified in subsection (a) are increased by
- 12 the period of active commissioned service in the Army, and in the Air
- 13 Force, after December 31, 1947, performed after the appointee became
- 14 21 years of age and before his appointment. However, a maximum
- 15 age may not be so increased by more than five years.

Revision Note

Based on 10:506 (c) (less last proviso).

In subsection (a), the words "and persons appointed with view to assignment in" are omitted as superseded by section 1329 of this title. The words "except under section 1333 (a) of this title" are inserted, since that section is an exception to the general provisions of the revised section. (See opinion of the Judge Advocate General of the Army (1948/2124, 1 Mar. 48).)

§ 1317

PERSONNEL

11

§ 1317. Commissioned officers: original appointment; service credit

1 (a) In determining grade, position on a promotion list, seniority in
2 his grade in the Regular Army, and eligibility for promotion, a person
3 originally appointed in a commissioned grade in the Regular Army,
4 except a person appointed under section 1333 (a) of this title, shall
5 be credited, at the time of his appointment, with the active commis-
6 sioned service in the Army, and in the Air Force, after December 31,
7 1947, which he performed after becoming 21 years of age and before
8 his appointment. However, not more than five years of service may
9 be so credited.

10 (b) A person originally appointed in a commissioned grade in the
11 Regular Army in one of the following branches, except a person ap-
12 pointed under section 1333 (a) of this title, shall be credited at the
13 time of his appointment, in addition to the service with which he is
14 credited under subsection (a), and for the same purposes, with the
15 following service:

16 (1) Medical Corps—four years.

17 (2) Dental Corps—three years.

18 (3) The Chaplains—three years.

19 (4) Judge Advocate General's Corps—three years.

20 (5) Veterinary Corps—two years.

21 (c) Under regulations prescribed by the Secretary of the Army,
22 a person who is originally appointed in a commissioned grade in the
23 Regular Army in the Medical Service Corps, and who, at the time of
24 appointment, holds a degree of doctor of philosophy or a comparable
25 degree in a science allied to medicine, so recognized by the Surgeon
26 General, may be credited at the time of his appointment, in addition
27 to the service with which he is credited under subsection (a), and for
28 the same purposes, with three years of service.

29 (d) Notwithstanding any other provision of law, no person who
30 was a cadet at the United States Military Academy may be originally
31 appointed in a commissioned grade in the Regular Army before the
32 date on which his classmates at the Academy are graduated and
33 appointed as officers. No person who was a cadet at, but did not
34 graduate from, the Academy may be credited, upon appointment
35 as an officer of the Regular Army, with longer service than that
36 credited to any member of his class at the Academy whose service in
37 the Army has been continuous since graduation.

38 (e) A graduate of the United States Military Academy who is
39 originally appointed a second lieutenant in the Regular Army under
40 section 3651 (b) of this title is not entitled to any service credit under
41 this section.

Ch. 55 APPOINTMENTS IN THE REGULAR ARMY § 1323

Revision Note

Based on 10:156c (last 68 words), 156h (as applicable to 10:156c (last 68 words)), 506c (e), and 506c (f) (last 23 words of last sentence).

In subsections (a) and (b), the words "except a person appointed under section 1333 (a) of this title" are inserted, since the service credit provisions of the revised section do not apply to appointments made under that section.

All references to the inclusion of certain corps within the Regular Army are eliminated, since under sections 705 and 707 of this title they are branches of the Army and not of the Regular Army.

§ 1319. Commissioned officers: original appointment; determination of grade

1 Based upon the service credited under section 1317 of this title,
2 the commissioned grade in which a person is originally appointed
3 in the Regular Army is:

- 4 (1) For persons with less than three years of service—second
5 lieutenant.
6 (2) For persons with at least three, but less than seven, years
7 of service—first lieutenant.
8 (3) For persons with at least seven years of service—captain.

Revision Note

Based on 10:506c (d) (1st sentence).

§ 1321. Commissioned officers: Medical Corps: original appointment; professional examination

1 No person may be originally appointed as a first lieutenant in the
2 Regular Army in the Medical Corps, except under section 1333 (a)
3 of this title, until he passes an examination of his professional fitness
4 before an examining board composed of three or more officers of the
5 Medical Corps designated by the Secretary.

Revision Note

Based on 10:93.

The words "except under section 1333 (a) of this title" are inserted, since that section is an exception to the general provisions of the revised section. (See opinion of the Judge Advocate General of the Army (1948-2121, 1 Mar. 48).)

§ 1323. Commissioned officers: Medical Service Corps: original appointment; additional qualifications, grade

1 Under regulations prescribed by the Secretary of the Army, an
2 original appointment in the Regular Army in the Medical Service
3 Corps may be made only in the grade of second lieutenant and from
4 the following persons:

- 5 (1) Members of the Regular Army

§ 1323

PERSONNEL

11

- 6 (2) Members of reserve components not in an inactive status.
- 7 (3) Graduates of an accredited school of pharmacy or op-
- 8 tometry, or of a school or college with a degree in a science allied
- 9 to medicine, or with any other degree approved by the Surgeon
- 10 General.

Revision Note

Based on 10:156e (less last 68 words) and 156h (less applicability to 10:156a, 156b, and 156d, and 156e (last 68 words)).

The words "in the Regular Army in the Medical Service Corps" are substituted for the words "in the Medical Service Corps, Regular Army", since under section 707 of this title, the Medical Service Corps is a branch of the Army, and not of the Regular Army. The exception to 10:481 is omitted as inapplicable. The references to 10:505-505d and 552e are omitted as executed. The reference to 10:552a is omitted as repealed by section 507 (4) (2) of the Officer Personnel Act of 1947, 61 Stat. 894. The words "and except as hereinafter provided for transfer thereto" are omitted as executed. The 31 words before the proviso of 10:156e are omitted as covered by sections 1311 and 1313 of this title. The words "members of reserve components not in an inactive status" are substituted for the words "or its active Reserve".

§ 1325. Commissioned officers; Army Nurse Corps and Women's Medical Specialist Corps: original appointment; additional qualifications, grade

- 1 An original appointment in the Regular Army in the Army Nurse
- 2 Corps or the Women's Medical Specialist Corps may be made only
- 3 in the grade of second lieutenant. To be eligible for an original
- 4 appointment in the Regular Army in the Army Nurse Corps, a
- 5 woman must be a graduate of a hospital or university training school
- 6 and a registered nurse.

Revision Note

Based on 10:166 (e) and 166a (e).

The words "other than appointments under sections 166h-166d of this title", in 10:166 (e), are omitted as executed. The words "in the Regular Army in the Army Nurse Corps or the Women's Medical Specialist Corps" are substituted for the words "of the Army Nurse Corps, Regular Army" and "of the Women's Medical Specialist Corps, Regular Army", since under section 707 of this title they are branches of the Army and not of the Regular Army. The words "by the President, by and with the advice and consent of the Senate" are omitted as covered by section 1309 of this title. The words "citizens of the United States who have attained the age of twenty-one years", "not over twenty-eight years of age on the date of nomination by the President", and "and who possess such physical and other qualifications as may be prescribed by the Secretary of the Army", are omitted as covered by sections 1311 and 1313 of this title.

§ 1327. Commissioned officers; Women's Army Corps; original appointment

1 Except as specifically provided otherwise, original appointments
2 in commissioned grades in the Women's Army Corps, Regular Army,
3 shall be made in the manner prescribed by law for the original ap-
4 pointment of male commissioned officers in the Regular Army, with
5 such changes as are necessary for the appointment of women.

Revision Note

Based on 10-316c (a) and 316c (b).
10-316c (a) is omitted as covered by sections 1309, 1311, and 1312 of this title.
The words "Except as specifically provided otherwise" are substituted for the
words "Except as modified or otherwise provided by express provisions of law".
The words "now or hereafter" are omitted as surplusage.

§ 1329. Commissioned officers; Judge Advocate General's Corps;
original appointment; additional qualifications, grade

1 Original appointments in commissioned grades in the Regular
2 Army in the Judge Advocate General's Corps may be made from
3 the following:
4 (1) Officers of the Regular Army in other branches.
5 (2) Reserve commissioned officers assigned to the Judge Advo-
6 cate General's Corps.
7 (3) Qualified civilian graduates of accredited law schools.
8 Commissioned officers of the Regular Army in other branches may
9 be originally appointed in the Judge Advocate General's Corps in the
10 grades of first lieutenant through colonel.

Revision Note

Based on 10-65 (1st sentence of 1st paragraph and last paragraph).
The words "in the Regular Army" are inserted, since the section historically
applies only to the appointment of officers of the Regular Army. The words
"notwithstanding any other provision of law" are omitted as surplusage. The
words "Reserve commissioned officers assigned to the Judge Advocate General's
Corps" are substituted for the words "Reserve Judge Advocates". The
words "Within the authorized strength of the Judge Advocate General's Corps"
are omitted, since unless otherwise specified, all appointments must be within
the authorized strength. The words "by the President, by and with the advice
and consent of the Senate" are omitted as covered by section 1309 of this title.
The last sentence of the last paragraph of 10-65 is omitted as covered by section
1317 of this title. The last 18 words of the first sentence of the first paragraph
of 10-65 are omitted, except as applicable to officers of the Regular Army in
other branches who are originally appointed in the Regular Army in the Judge
Advocate General's Corps, since the grades in which persons may be originally
appointed in the Regular Army are those set forth in section 1319 of this title.
Appointments in general officer grades are covered by section 513 of this title.

§ 1331

PERSONNEL

II

§ 1331. Commissioned officers; Chaplains: original appointment; examination

1 No person in civil life may be originally appointed as a chaplain
2 in the Regular Army unless he passes an examination prescribed by
3 the President as to his moral, mental, and physical qualifications.

Revision Note

Based on 10:232

The words "in the Regular Army" are inserted, since historically 10:232 has been limited to the Regular service. The word "satisfactorily" is omitted as surplusage.

§ 1333. Commissioned officers; Medical and Dental Corps: original appointment; additional method authorized as exception to general procedure

1 (a) Notwithstanding sections 1311, 1313, 1317, and 1321 of this
2 title, original appointments in the Regular Army may also be made
3 in the grades of first lieutenant through colonel in the Medical Corps
4 and the Dental Corps, as the needs of the Army may require. These
5 appointments may be made only from qualified civilian doctors of
6 medicine and dentists who are citizens of the United States and who
7 have such other qualifications as the Secretary of the Army may
8 prescribe.

9 (b) An officer appointed under subsection (a) shall be credited for
10 promotion with the minimum number of years of service required
11 for promotion of officers of the corps to the grade in which he is
12 appointed.

13 (c) The Secretary may prescribe regulations to carry out this
14 section.

Revision Note

Based on 10:91a, 91b, 121a, and 121b.

In subsection (a), the words "notwithstanding sections 1311, 1313, 1317, and 1321 of this title" are inserted, since this section is an exception to those sections. (See opinion of the Judge Advocate General of the Army (1948 2121, 1 Mar. 48.) The words "Subject to any limitation of the commissioned strength of the Army prescribed by law" are omitted, since unless otherwise specified all appointments must be within the authorized strength. The words "the President, by and with the advice and consent of the Senate" are omitted as covered by section 1309 of this title.

§ 1335. Commissioned officers: original appointment; determination of place on promotion list

1 The name of each person originally appointed in a commissioned
2 grade in the Regular Army shall be placed on the applicable promo-

tion list, if any, immediately below the officers of the same grade having the same or next longer service.

Revision Note

Based on 10-506 (d) (less 1st sentence)

§ 1337. Promotion lists: promotion-list officer defined; determination of place upon transfer or promotion

(a) The names of all commissioned officers in grades below brigadier general on the active list of the Regular Army, except those of the Army Nurse Corps and the Women's Medical Specialist Corps, those in special categories otherwise excluded by law, and professors of the United States Military Academy, shall be carried on promotion lists in order of seniority. These officers may be called "promotion-list officers."

(b) A separate promotion list shall be maintained for officers of the Regular Army in each of the following:

- (1) The Chaplains.
- (2) The Judge Advocate General's Corps.
- (3) The Women's Army Corps.
- (4) Each of the several branches of the Army Medical Service, except the Army Nurse Corps and the Women's Medical Specialist Corps.

(c) The names of all promotion-list officers not on a list maintained under subsection (b) shall be carried on the Army promotion list.

(d) If a promotion-list officer is transferred from one branch to another whose officers are carried on a different promotion list, his name shall be placed upon the promotion list, to which he is transferred, among the officers of his grade in accordance with seniority as determined under section 1809 (b) of this title.

(e) Unless specifically provided otherwise, upon the promotion of a promotion-list officer, his name shall be placed at the foot of the list of officers of his grade.

Revision Note

Based on 10-61-1 (less 1st and 2d sentences), 63 (2d and 3d sentences of 1st paragraph), 559 (a), 559 (c) (1), 559 (c) (3)-(8), 559 (d) (1), 559 (d) (3) (last sentence), 559 (d) (4), and 559.

In subsection (a), the last sentence of 10-559 (a) is omitted as surplusage, since the term defined therein was not used in the source statute.

In subsection (b), the first paragraph of 10-559 is omitted as executed.

In subsection (b) (2), the last sentence of 10-61-1, limiting the judge advocate promotion list to officers of the Regular Army, is omitted, since the revised section limits all promotion lists to officers of the Regular Army.

In subsection (d), the words "arm, or service" are omitted as obsolete.

§ 1339

PERSONNEL

II

§ 1339. Selection boards

1 (a) The Secretary of the Army shall appoint selection boards, to
 2 meet at times prescribed by him, to recommend promotion-list officers
 3 and brigadier generals of the Regular Army for promotion in the
 4 Regular Army. Each board shall be composed of five or more officers
 5 of the Regular Army who hold a grade above lieutenant colonel in the
 6 Regular Army or in the Army without specification of component,
 7 and who are senior, in both Regular Army grade and in their grade in
 8 the Army without specification of component, to any officer considered
 9 by that board. However, a selection board considering promotion-
 10 list officers of the Women's Army Corps may include officers of the
 11 Regular Army in that corps whose grades are above major either in
 12 the Regular Army or in the Army without specification of component.

13 (b) No selection board may serve longer than one year and no
 14 member may serve on two consecutive boards for promotions to the
 15 same grade, if the second board considers any officer considered but
 16 not recommended for promotion by the first.

17 (c) Each member of a selection board shall swear that he will
 18 perform his duties without prejudice or partiality, having in view the
 19 special fitness of officers and the efficiency of the Army.

20 (d) Except as otherwise provided by law, promotion-list officers
 21 and brigadier generals of the Regular Army may be promoted to the
 22 grades of captain through major general in the Regular Army only
 23 when recommended by a selection board. A recommendation for
 24 promotion must be made by the majority of the membership of the
 25 board.

26 (e) Within 10 days after a board first meets, each officer eligible for
 27 consideration by that board may send a letter, through official
 28 channels, calling attention to matters of record in the Department
 29 of the Army concerning himself which he considers important. The
 30 letter may not contain any reflection upon the character, conduct, or
 31 motives of any officer, or criticism of any officer.

Revision Note

Based on 10:559a (a) (1)-(5), 559a (8), and 559a (e).

In subsection (a), the words "officers of the Regular Army in that corps whose grades are above major either in the Regular Army or in the Army without specification of component" are substituted for the words "officers of the Women's Army Corps of the Regular Army in any grade above that of major either in the Women's Army Corps of the Regular Army or under temporary appointment in the Army of the United States", in 10:559a (a) (4). The words "under such regulations as the Secretary of the Army may prescribe", in 10:559a (a) (2), are omitted as surplusage.

Ch. 55 APPOINTMENTS IN THE REGULAR ARMY § 1343

§ 1341. **Commissioned officers: promotion to first lieutenant; effect of failure of promotion**

1 (a) A promotion-list officer in the grade of second lieutenant who
2 is found to be fully qualified shall be promoted to the grade of first
3 lieutenant in the Regular Army upon completing three years of serv-
4 ice with which he is entitled to be credited for promotion. If a
5 promotion-list officer in that grade is found to be not fully qualified
6 upon completing that service, he shall be discharged under section
7 2509 of this title.

8 (b) Vacancies in the grade of first lieutenant on a promotion list
9 may be filled by promoting second lieutenants on that list with less
10 than three years of service, in order of seniority, under regulations
11 prescribed by the Secretary of the Army.

Revision Note

Based on 10:559b (less 31st thru 56th words of 1st sentence).

In subsection (b), the last sentence of 10:559b is omitted as executed. The words "in order of seniority" are substituted for the words "but no officer in the grade of second lieutenant will be promoted under the provisions of this section ahead of any officer in that grade whose name appears above his on the promotion list concerned".

§ 1343. **Commissioned officers: promotion to captain, major, and lieutenant colonel**

1 (a) Promotion-list officers shall be promoted to the grades of cap-
2 tain, major, and, except as provided in subsection (f), lieutenant
3 colonel in the Regular Army, under subsections (b) and (c), or
4 eliminated from the active list under section 1351 of this title.

5 (b) Without regard to vacancies, each promotion-list officer whose
6 grade in the Regular Army is first lieutenant, captain, or major shall
7 be considered by a selection board for promotion to the next higher
8 grade in the Regular Army, far enough in advance of the date on
9 which he will complete 7, 14, or 21 years of service with which he
10 is entitled to be credited for promotion, as the case may be, so that, if
11 recommended, he may be promoted on the date on which he will
12 complete that service.

13 (c) Having in view the number of actual and anticipated vacancies
14 on a promotion list in the grade of captain, major, or lieutenant
15 colonel in the Regular Army, the Secretary of the Army may direct
16 a selection board to consider and recommend officers on that list for
17 promotion to the next higher grade in the Regular Army without
18 regard to length of service. However, no officer may be considered
19 for promotion under this section more than two years before the
20 date on which it is anticipated that he will be promoted if recom-

21 mended, and unless the same board considers all officers above him
22 on that list who are not on a recommended list.

23 (d) The names of promotion-list officers recommended for promo-
24 tion under this section shall be carried on permanent recommended lists
25 of their grade and promotion list in the same order among themselves
26 as on the applicable promotion list, and they shall be promoted in
27 that order when there is a vacancy in that grade for that list. It
28 is not mandatory that the authorized numbers be maintained in
29 any grade on any promotion list.

30 (e) A promotion-list officer who has been twice considered and not
31 recommended for promotion to any one grade in the Regular Army
32 may not again be considered for promotion under this section.

33 (f) Promotion-list officers of the Women's Army Corps may be
34 promoted to the grade of lieutenant colonel in the Regular Army
35 only to fill vacancies in that grade and on that promotion list, and
36 only when recommended by a selection board under regulations
37 prescribed by the Secretary.

38 (g) Whenever an officer is promoted under subsection (b), all
39 officers in the same grade and on the same promotion list, whose
40 names are on the recommended list above that of the officer who
41 must be promoted because of length of service, shall be promoted
42 at the same time and shall retain among themselves their existing
43 seniority.

Revision Note

Based on 10:65 (2d paragraph, less last 37 words), 559e (a)-(d), 559e (f), 559e (g), 559e (h) (last 17 words), and 559e-1.

In subsection (a), the words "after January 1, 1949", in 10:559e (a), are omitted as executed. The proviso of 10:559e (a) is omitted as covered by 10:559e-1.

§ 1345. Commissioned officers: promotion to captain, major, and lieutenant colonel; selection board procedure

1 (a) When promotion-list officers in the grade of first lieutenant,
2 captain, or major in the Regular Army are to be considered, under
3 section 1343 of this title, by a selection board for promotion to the
4 next higher grade in the Regular Army to fill existing or anticipated
5 vacancies, the Secretary of the Army may direct the board to—

- 6 (1) consider officers in the specified grade in the order of their
7 seniority on the promotion list concerned;
- 8 (2) recommend those who are fully qualified for promotion;
- 9 (3) pass over those not so qualified; and
- 10 (4) continue this procedure until the number of officers
11 specified by him is recommended.

12 (b) When a promotion-list officer in the grade of first lieutenant,
13 captain, or major in the Regular Army must be considered under

Ch. 55 APPOINTMENTS IN THE REGULAR ARMY § 1349

14 section 1343 of this title for promotion because of length of service,
 15 or because he is on a promotion list above an officer who must be con-
 16 sidered for that reason, the Secretary may —

- 17 (1) furnish the board a list of officers to be considered for
 18 promotion to the grade concerned; and
 19 (2) direct the board to recommend the officers on that list
 20 whom it considers fully qualified for promotion.

21 (c) In lieu of the procedures set forth in subsections (a) or (b),
 22 the Secretary may furnish to the board a list of promotion-list officers
 23 to be considered and may direct it to recommend a number specified
 24 by him for promotion. The board shall recommend those officers
 25 whom it considers to be the best qualified. However, the number
 26 prescribed by the Secretary for recommendation must be at least 80
 27 percent of those listed for consideration.

Revision Note

Based on 10-559c (c).

§ 1349. **Commissioned officers; Medical, Dental, and Veterinary
 Corps; promotions to captain, major, and lieutenant
 colonel; professional examination**

1 (a) No promotion-list officer of the Medical Corps or the Veteri-
 2 nary Corps whose grade in the Regular Army is below lieutenant
 3 colonel may be promoted in the Regular Army until he passes an
 4 examination of his professional fitness before an examining board
 5 composed of three or more officers of the Regular Army in the Medi-
 6 cal Corps selected by the Secretary of the Army. No promotion-list
 7 officer of the Dental Corps whose grade in the Regular Army is
 8 below lieutenant colonel may be promoted in the Regular Army
 9 until he passes an examination of his professional fitness before an
 10 examining board composed of one officer of the Regular Army in the
 11 Medical Corps, and two officers of the Regular Army in the Dental
 12 Corps, selected by the Secretary. The examination shall be pre-
 13 scribed by the Secretary and shall be held at such time before the
 14 right to promotion accrues as may be in the best interests of the
 15 Army.

16 (b) If a promotion-list officer of the Medical, Dental, or Veteri-
 17 nary Corps in the grade of first lieutenant or captain in the Regular
 18 Army is found disqualified for promotion by the examining board,
 19 the Secretary shall appoint a board of review to consider the findings
 20 of the examining board.

21 (c) A board of review shall be composed in the same manner as an
 22 examining board, except that its members must be senior in rank to

23 the officer examined, and must not have served on the examining
24 board that examined him.

25 (d) If the board of review concurs in the findings of the examining
26 board, the officer shall be honorably discharged with one year's pay.
27 If it does not concur in the findings, the officer shall be considered
28 qualified and shall be promoted.

29 (e) A promotion-list officer of the Medical, Dental, or Veterinary
30 Corps in the grade of major in the Regular Army who fails in his
31 first examination for promotion shall be suspended from promotion
32 and reexamined as soon as practicable after one year from the date
33 of his first examination.

34 (f) If on reexamination such a major is found qualified, he is eligible
35 for promotion. If he is found disqualified for promotion and is
36 eligible for retirement, he shall be retired under the applicable pro-
37 visions of this title. If he is found disqualified for promotion and is
38 not eligible for retirement, he shall be separated.

39 (g) While an officer is suspended from promotion under subsection
40 (e), his right to promotion passes successively to the officers below
41 him who are in the same grade and on the same promotion list, and
42 who are or may become eligible for promotion.

43 (h) If the needs of the Army require that an officer entitled to pro-
44 motion upon examination under subsection (a) be absent from a place
45 where an examining board could be convened, the officer may be pro-
46 moted, subject to examination as soon as practicable. However, if
47 he is thereafter examined and found disqualified for that promotion,
48 he shall, if the proceedings are approved by the Secretary, be treated
49 as if he had been examined before promotion and had failed.

Revision Note

Based on 10-101, 102, 103, 125, 143a, 555a (less 1st 34 words), and 569a (as applicable to professional examination).

In subsections (a), (b), and (c), the word "promotion-list" is inserted, since the requirement of a professional examination for the promotion of officers of the Medical, Dental, and Veterinary Corps applies only to promotion in Regular Army grade.

In subsections (b) and (f), the provisions of 10-102 and 103, respectively, pertaining to retirement for physical disability, are omitted as superseded by chapter 81 of this title.

In subsection (f), the reference to promotion upon a finding of physical disability incurred in line of duty, in 10-103, is omitted as covered by section 3007 of this title. The last sentence is inserted for clarity, since the officer might not be eligible for retirement under any law.

§ 1351. Commissioned officers: effect of failure of promotion to captain, major, or lieutenant colonel

1 (a) As used in this title, "deferred officer" means a promotion-list
2 officer considered for promotion to the grade of captain, major, or
3 lieutenant colonel, under section 1343 of this title, but not recom-
4 mended for promotion.

5 (b) One year after the date on which a deferred officer would have
6 been promoted had he been recommended by a selection board, the
7 years of service with which he is entitled to be credited for promo-
8 tion purposes shall be reduced so that he does not have more than
9 7, 14, or 21 years of service, if in the grade of first lieutenant, captain,
10 or major, as the case may be.

11 (c) A deferred officer shall be considered again by the next selec-
12 tion board considering officers of his grade and promotion list. If
13 recommended by this board, his name shall be placed on the applicable
14 recommended list with the other officers recommended by the
15 board, in the same order among themselves as on the promotion
16 list, but below officers placed on that list by an earlier board. If a
17 deferred officer is promoted upon the recommendation of the next
18 board considering officers of his grade, his first failure does not count
19 as a failure of selection when he is thereafter considered for promo-
20 tion to another grade in the Regular Army.

21 (d) A deferred officer who is not recommended by the next selection
22 board considering officers of his grade and promotion list shall—

23 (1) if he is eligible, be retired under section 2804 of this title;

24 (2) if he is not eligible for retirement under section 2804 of this
25 title, but is eligible for retirement under any other provision of
26 law, be retired under that law on the date he would have been
27 retired under section 2804 of this title if he were eligible; or

28 (3) if he is not eligible for retirement under section 2804 of this
29 title or any other provision of law, be honorably discharged on
30 the date he would have been retired under section 2804 of this
31 title if he were eligible, with severance pay computed by multi-
32 plying his years of service, but not more than 12, computed under
33 section 2833 (a) of this title, by two months' basic pay of the
34 grade in which he is serving on the date of his discharge.

35 (e) For the purpose of subsection (d) (3), a fraction of one-half or
36 more of a year is counted as a whole year, and a fraction of less than
37 one-half of a year is disregarded.

Revision Note

Based on 10:559e (g), 559e (h) (less 16th thru 53d words and proviso of last sentence), and 941a (e) (less clause (1)).

In subsection (b), the words "shall suffer loss in precedence for promotion purposes to those officers who were recommended by the selection board which failed to recommend him" and "however such loss in precedence for promotion purposes and such loss in years of service for promotion purposes shall not result in any loss in seniority by such deferred officer until his juniors are promoted to the next higher grade" are omitted as covered by subsection (c) of the revised section.

In subsection (d), the words "in effect on that date including any provision of law providing for voluntary retirement on his own application", in 10:941a (c) (clause (2)), are omitted as surplusage. The words "in the grade and with the retired pay to which he would be entitled if retired" are omitted as covered by sections 3001 and 3101 of this title. The words "(computed at the rate applicable on the date of his elimination)", in 10:941a (c) (clause (3)), are omitted as surplusage. The words "but not more than 12" are substituted for the proviso of clause (3) of 10:941a (c). The words "basic pay" are substituted for the words "base and longevity pay" to conform to the terminology of the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.).

§ 1353. Commissioned officers; Army Nurse Corps and Women's Medical Specialist Corps: promotion to first lieutenant, captain, major, and lieutenant colonel

- 1 (a) Commissioned officers of the Regular Army in the Army Nurse
- 2 Corps and the Women's Medical Specialist Corps shall be promoted
- 3 to the grade of first lieutenant in the Regular Army upon completing
- 4 the service prescribed for promotion of promotion-list officers to that
- 5 grade.
- 6 (b) Commissioned officers of the Regular Army in the Army
- 7 Nurse Corps and the Women's Medical Specialist Corps shall be
- 8 promoted to the grade of captain in the Regular Army or eliminated
- 9 from the active list in the manner prescribed for promotion-list
- 10 officers in sections 1343, 1345, and 1351 of this title.
- 11 (c) Under regulations prescribed by the Secretary, commissioned
- 12 officers of the Regular Army in the Army Nurse Corps and the
- 13 Women's Medical Specialist Corps shall be promoted to the grade
- 14 of major in the Regular Army, by selection, to fill vacancies in that
- 15 grade.
- 16 (d) Under regulations prescribed by the Secretary, commissioned
- 17 officers of the Regular Army in the Army Nurse Corps shall be pro-
- 18 moted to the grade of lieutenant colonel in the Regular Army, by
- 19 selection, to fill vacancies in that grade.

Revision Note

Based on 10:166f (a), 166f (b) (2d sentence), and 166f (c).

§ 1355. Commissioned officers: promotion to colonel

1 (a) Having in view the number of actual and anticipated vacancies
 2 in any promotion list in the grade of colonel in the Regular Army and
 3 the number of officers desired in that grade on that promotion list,
 4 the Secretary of the Army shall furnish to selection boards lists of
 5 officers in the grade of lieutenant colonel in the Regular Army, in
 6 order of seniority in Regular Army grade, to be considered by those
 7 boards. He shall direct the boards to recommend a number pre-
 8 scribed by him for promotion to that grade. The list furnished may
 9 not contain the name of any officer who is on a recommended list
 10 for promotion to that grade. The board shall recommend the pre-
 11 scribed number of those officers whom it considers to be the best
 12 qualified.

13 (b) When the Secretary considers that the number of officers in
 14 the grade of colonel in the Regular Army in any of the branches on
 15 the Army promotion list is or may become seriously unbalanced, he
 16 may direct that, of the officers recommended, prescribed numbers
 17 be recommended for service in specified branches.

18 (c) The names of officers recommended for promotion to the grade
 19 of colonel in the Regular Army shall be carried at the foot of the
 20 appropriate permanent recommended list for promotion to that grade
 21 in the same order among themselves as on the applicable promotion
 22 list, and shall be promoted in that order when there is a vacancy
 23 in that grade for that list. A vacancy in that grade may be filled at
 24 any time. It is not mandatory that the authorized numbers be
 25 maintained in the grade of colonel on any promotion list.

26 (d) The ratio of the number of officers on any promotion list who
 27 are named for consideration for promotion to the grade of colonel in
 28 the Regular Army, to the number directed to be recommended, may
 29 be prescribed by the Secretary.

30 (e) No officer may be considered for promotion to the grade of
 31 colonel in the Regular Army more than two years before the date on
 32 which it is anticipated that he will be promoted if selected.

33 (f) An officer must complete at least one year of service in the
 34 grade of lieutenant colonel in the Regular Army before being pro-
 35 moted to the grade of colonel in the Regular Army.

Revision Note

Based on 10-5594 (less last proviso of (b)).

In subsection (a), the last 18 words of 10-5594 (a) are omitted as executed.
 10-5594 (a) (less last 18 words) is omitted as surplusage. The words "and until

any general officer grade under temporary appointment", in 10:5594 (b), are omitted as executed.

In subsection (f), the words "After June 30, 1949" are omitted as executed.

§ 1357. Commissioned officers: promotion to brigadier general

1 (a) Having in view the number of actual and anticipated vacancies
2 in the grade of brigadier general in the Regular Army and the number
3 of officers desired in that grade, the Secretary of the Army shall furnish
4 to selection boards lists of officers in the grade of colonel in the Regular
5 Army, in order of seniority in Regular Army grade, to be considered
6 by those boards. He shall direct the boards to recommend
7 a number prescribed by him for promotion to that grade, but it is not
8 mandatory that he direct the recommendation of a number sufficient
9 to maintain the authorized number for that grade. The list furnished
10 may not contain the name of any officer who is on a recommended
11 list for promotion to that grade. The Secretary may further direct
12 that a specified number of those recommended be officers with
13 experience qualifying them for service in or with specified branches.
14 The board shall recommend the prescribed number of those officers
15 whom it considers to be best qualified.

16 (b) The names of officers recommended for promotion to the
17 grade of brigadier general in the Regular Army shall be carried at the
18 foot of the permanent recommended list for promotion to that grade,
19 in the order determined by the Secretary.

20 (c) If an officer is recommended for promotion to the grade of
21 brigadier general in the Regular Army and is not removed from the
22 list by the President, he may be appointed as soon as a vacancy exists
23 in the authorized number for that grade.

24 (d) The ratio of the number of officers on any promotion list who
25 are named for consideration for promotion to the grade of brigadier
26 general in the Regular Army, to the number directed to be recom-
27 mended, may be prescribed by the Secretary.

28 (e) No officer may be considered for promotion to the grade of
29 brigadier general in the Regular Army more than one year before the
30 date on which it is anticipated that he will be promoted if recom-
31 mended.

32 (f) An officer must complete at least one year of service in the
33 grade of colonel in the Regular Army before being promoted to the

7 to recommend a number prescribed by him for promotion to that
8 grade, but it is not mandatory that he direct the recommendation
9 of a number sufficient to maintain the authorized number for that
10 grade. The list furnished may not contain the name of any officer
11 who is on a recommended list for promotion to that grade. The
12 Secretary may further direct that a specified number of those recom-
13 mended be officers with experience qualifying them for service in or
14 with specified branches. The board shall recommend the prescribed
15 number of those officers whom it considers to be best qualified.
- 16 (b) The names of officers recommended for promotion to the

§ 1361. Commissioned officers: effect of removal from recommended list by President or failure of confirmation by Senate

1 The President may remove from a recommended list for promotion
2 to any grade the name of any promotion-list officer or brigadier
3 general of the Regular Army who in his opinion is not qualified for
4 promotion. If an officer's name is so removed, or if the Senate does
5 not consent to his appointment, he continues to be eligible for con-
6 sideration for promotion by the next selection board considering
7 officers of his grade. If he is promoted on the recommendation of
8 that board, he has the same date of rank and place on the promotion
9 list that he would have had if he had been promoted as a result of
10 his original selection. If the second board does not recommend him,
11 or if he again fails of promotion because his name is removed from
12 the recommended list by the President or because the Senate does
13 not consent to his appointment, he shall be eliminated from the
14 active list under section 1351 of this title.

Based on 10:559a (a) (6).

7 under the law in effect on August 21, 1941, or both.

Revision Note

Based on 10:591 (1st sentence and 1st 11 words of 2d sentence).

In subsection (a), the words "On or after August 21, 1945" are omitted as surplusage.

In subsections (a) and (b), the word "only" is omitted, since the appointment of reserve warrant officers in the Army is authorized by section 1411 of this title.

In subsection (b), the words "promotions to the grade of" are substituted for the words "original permanent appointments in", since only warrant officers serving in a lower grade are eligible for appointment as chief warrant officer. 2 citizens of the United States may be appointed as warrant officers
3 in the Women's Army Corps, Regular Army. Laws applicable to

Based on 10-598 (less 14 words before 1st proviso and last proviso).

The words "appointment in the Army without specification of component" are substituted for the words "commission in the Army of the United States".

§ 1369. Commissioned and warrant officers: physical examination for promotion

1 (a) The President may prescribe a system of physical examination
 2 for all officers of the Regular Army in grades below brigadier general
 3 to determine their fitness for promotion in the Regular Army. Each
 4 examination shall be given before the right to promotion accrues.

5 (b) If the needs of the Army require that an officer entitled to
 6 promotion upon physical examination under subsection (a) be absent
 7 from a place where an examining board can be convened, he may be
 8 promoted, subject to examination as soon as practicable. However,
 9 if he is thereafter examined and found physically disqualified for
 10 that promotion, he shall, if the proceedings are approved by the
 11 Secretary of the Army, be treated as if he had been examined before
 12 promotion and had failed.

13 (c) If an officer fails to pass the physical examination and is re-
 14 ported unfit for promotion, the officer next below him on a recom-
 15 mended list for promotion who has passed the examination and is
 16 otherwise qualified shall be promoted.

Revision Note

Based on 10-555a (1st 34 words), 556, and 556a (less applicability to professional examination).

In subsection (a), the word "Regular" is inserted, since the statutory requirement of a physical examination applies only to promotions in the Regular Army. The first and fourth provisos of section 3 of the Act of Oct. 3, 1890, ch. 1241, 26 Stat. 562, are not contained in 10-556. They are also omitted from the revised section as executed.

§ 1371. Commissioned and warrant officers: acceptance of promotion

1 (a) An officer who is promoted in the Regular Army is considered
 2 to have accepted his promotion upon the date of the order announcing
 3 it, unless he expressly declines the promotion. He is entitled to the
 4 pay and allowances of the higher grade from that date, unless entitled
 5 to them from an earlier date under another provision of law.

Ch. 55 APPOINTMENTS IN THE REGULAR ARMY § 1373

- 6 (b) An officer need not take the oath of office upon promotion if
7 his service since last taking it has been continuous.

Revision Note

Based on 10:558 (less applicability to reserve components and appointments without specification of component).

In subsection (a), the words "at any time after December 7, 1941" are omitted as executed. The words "for all purposes" are omitted as surplusage.

§ 1373. Suspension of laws for promotion or mandatory retirement or separation during war or emergency

- 1 In time of war, or of emergency declared by Congress or the Presi-
2 dent, the President may suspend the operation of any provision of this
3 chapter relating to promotion, or mandatory retirement or separation,
4 of officers of the Regular Army.

Revision Note

Based on 10:559a (b) and 941a (f) (as applicable to mandatory retirement or separation for failure of promotion).

§ 1401. Commissioned officers: appointment, how made; term

- 1 (a) Appointments in commissioned grades below brigadier general
- 2 in the reserve components of the Army shall be made by the President
- 3 alone. Appointments of general officers in those components shall
- 4 be made by the President, by and with the advice and consent of the
- 5 Senate.
- 6 (b) An appointment in a commissioned grade in the Organized
- 7 Reserve Corps is for five years, but an appointment in force at the

- 9 nation of that war.
- 10 (c) An appointment in a commissioned grade in the Army National
- 11 Guard of the United States is for the period during which the officer is
- 12 federally recognized in the same grade held in the Army National

- 14 continues in force until six months after the termination of that war.

Revision Note

Based on 10, 352 and 358 (less proviso of 1st sentence and 2d and last sentences), and 32, 18 and 19 (less last proviso).

In subsection (a), the words "reserve components of the Army", in 10, 352 and 378 (c), are substituted for the words "Officers' Reserve Corps" and "National Guard of the United States", in 32, 18, since the cited sections cover all reserve components of the Army.

In subsection (c), the words "and branch" are omitted as obsolete.

Ch. 57 APPOINTMENTS IN THE RESERVE COMPONENTS § 1403

§ 1403. Male commissioned officers; Organized Reserve Corps; appointment; qualifications, grade

1 (a) To be eligible in time of peace for appointment as a male
2 commissioned officer in the Organized Reserve Corps, a person must
3 be—

- 4 (1) a male citizen of the United States; and
5 (2) at least 21 years of age and under 60.

6 (b) Except as provided in section 1407 of this title, no person is
7 eligible in time of peace for an original appointment as a male com-
8 missioned officer in the Organized Reserve Corps with a view to assign-
9 ment to the Infantry, Armor, or Artillery, or with a view to receiving
10 a rating under clause (1), (3), (4), or (5) of section 2129 of this title,
11 unless he is—

- 12 (1) a former commissioned officer of the Army or the Air Force;
13 (2) a warrant officer of the Army; or
14 (3) an enlisted member of the Regular Army or a reserve
15 component of the Army.

16 (c) Except as provided in subsection (d), in time of peace an
17 original appointment as a male commissioned officer in the Organized
18 Reserve Corps with a view to assignment to the Infantry, Armor, or
19 Artillery, or with a view to receiving a rating under clause (1), (3),
20 (4), or (5) of section 2129 of this title, may be made only in the grade
21 of second lieutenant.

22 (d) A former male commissioned officer of the Regular Army may,
23 if qualified, be appointed as a commissioned officer in the Organized
24 Reserve Corps in the highest grade which he has held in the Regular
25 Army, or in any lower grade.

Revision Note

Based on 10-353 (less 1st 25 words of 2d sentence).

In subsections (a), (b), (c), and (d), the words "Organized Reserve Corps" are substituted for the words "Officers' Reserve Corps", since the Officers' Reserve Corps is now a part of the Organized Reserve Corps. The word "male" is inserted, since the grades in which female commissioned officers may be appointed are covered by section 1405 of this title.

In subsection (a), the words "or of the Philippine Islands" added by the Act of June 12, 1934, ch. 467, 48 Stat. 939, to section 37 of the National Defense Act of 1916, as amended, are not contained in 10-353. They are also omitted from the revised section since Proclamation No. 2095, effective July 4, 1946, 60 Stat. 1352 (48 U. S. C. 1240 (note)), proclaimed the independence of the Philippine Islands.

In subsection (b), the words "former officers of the National Guard of the United States" are omitted as covered by the words "former commissioned officer of the Army or the Air Force". The words "Regular Army, National

§ 1403

PERSONNEL

II

Guard of the United States, and Enlisted Reserve Corps" are omitted as covered by the word "Army". The last 18 words of 10-353 are omitted as executed.

In subsections (b) and (c), the words "with a view to receiving a rating under clause (1), (3), (4), or (5) of section 2129 of this title" are substituted for the words "Air Corps", since that revised section, in establishing the categories of officers who may be rated as "flying officers", covers those officers of the Army whose qualifications are in some degree similar to those formerly required of officers in the Army Air Corps.

§ 1405. Female commissioned officers; Organized Reserve Corps; appointment; qualifications, grade

- 1 (a) Except as provided in subsection (c), to be eligible for appoint-
 2 ment as a female commissioned officer in the Organized Reserve
 3 Corps, including appointment as a Reserve officer in the Army Nurse
 4 Corps or the Women's Medical Specialist Corps, a person must—
 5 (1) be a female citizen of the United States;
 6 (2) be at least 21 years of age; and
 7 (3) have the qualifications prescribed by the Secretary of the
 8 Army.
- 9 (b) Except as provided in subsections (c) and (d), appointments of
 10 women as commissioned officers in the Organized Reserve Corps may
 11 be made in the grades of second lieutenant through lieutenant colonel
 12 only. However, a person who has served satisfactorily as the com-
 13 manding officer of the Women's Army Corps established by the Act
 14 of July 1, 1943 (57 Stat. 371), or as Director of the Women's Army
 15 Corps, Regular Army, may, if otherwise qualified, be appointed in
 16 the grade of colonel.
- 17 (c) Women specialists, such as scientists and technical experts,
 18 who have the qualifications prescribed by the Secretary may be
 19 appointed as commissioned officers in the Organized Reserve Corps,
 20 in the grades, and under regulations, prescribed by the Secretary.
- 21 (d) Appointments of women as commissioned officers in the Organ-
 22 ized Reserve Corps with a view to assignment to the Army Nurse
 23 Corps or Women's Medical Specialist Corps may be made in the
 24 grades, and under regulations, prescribed by the Secretary. A woman
 25 appointed as a commissioned officer under section 1 of the Act of
 26 June 22, 1944, ch. 272 (58 Stat. 324), and thereafter discharged
 27 honorably or under honorable conditions from the Army, may, if
 28 otherwise qualified, be appointed as a commissioned officer in the
 29 Organized Reserve Corps in the highest grade in which she served
 30 satisfactorily on active duty.

Ch. 57 APPOINTMENTS IN THE RESERVE COMPONENTS § 1407

Revision Note

Based on 10-376 and 378 (c).

The words "Organized Reserve Corps" are substituted for the words "Officers' Reserve Corps" throughout the revised section, since the Officers' Reserve Corps is a part of the Organized Reserve Corps.

In subsection (b), the words "Director of the Women's Army Corps, Regular Army" are substituted for the words "Director of the Women's Army Corps" created by sections 316-316c, 378, 506, 559, 559a, 559c, 559c-1, 559j-559k, 591-1, 621b, and 941a of this title. The words "by the President", in 10-378 (c), are omitted as covered by section 1401 of this title.

In subsection (d), the words "women as commissioned officers in the Organized Reserve Corps with a view to assignment to the Army Nurse Corps and the Women's Medical Specialist Corps" are substituted for the words "in the Army Nurse Corps Section and the Women's Medical Specialist Corps Section of the Officers' Reserve Corps", since section 713 of this title establishes the Army Medical Service in the Army, and its various corps as special branches of the Army; and section 707 of this title provides that the special branches of the Army shall consist of Regular Army officers appointed therein, and other members assigned thereto by the Secretary.

§ 1407. Commissioned officers; Organized Reserve Corps; appointment; R. O. T. C. graduates

- 1 The President alone, under regulations prescribed by him, may
- 2 appoint any graduate of the junior or senior division of the Reserve
- 3 Officers' Training Corps in a commissioned grade in the Organized
- 4 Reserve Corps, if that graduate—
- 5 (1) has satisfactorily completed the courses of military training
- 6 prescribed for the senior division;
- 7 (2) has satisfactorily completed the further training prescribed
- 8 in section 3709 of this title;
- 9 (3) has participated after graduation in the practical instruction
- 10 prescribed by the Secretary of the Army;
- 11 (4) is at least 21 years of age; and
- 12 (5) agrees under written oath to serve the United States as a
- 13 reserve officer for at least five years from the date of his appointment,
- 14 unless he is sooner discharged.

Revision Note

Based on 10-354.

The words "in a commissioned grade in the Organized Reserve Corps" are substituted for the words "reserve officer of the Army of the United States", since 10-354 does not apply to appointments in the Army National Guard of the United States.

§ 1411

PERSONNEL

II

§ 1411. Warrant officers; Organized Reserve Corps: appointment; qualifications, grade

- 1 Under regulations prescribed by the Secretary of the Army,
- 2 persons may be appointed in the grades of chief warrant officer and
- 3 warrant officer (junior grade) in the Organized Reserve Corps.

Revision Note

Based on 10-29j (d) (last sentence, less 16th thru 19th words) and 593a (as applicable to Organized Reserve Corps).

The words "first, chief warrant officer" and "and second, warrant officer (junior grade)" are omitted from Supplement IV of the 1946 Edition of the United States Code. 10-593a as originally enacted specified the two grades and stated after each grade the provisions relating to pay and allowances. Section 531 (b) (30) of the Career Compensation Act of 1949, 63 Stat. 839, repealed only that part of 10-593a relating to pay and allowances, and did not repeal the names of the grades, which are set forth in the revised section.

§ 1413. Commissioned and warrant officers; Organized Reserve Corps: promotion

- 1 The promotion of commissioned and warrant officers of the Organ-
- 2 ized Reserve Corps who are qualified for promotion shall be based,
- 3 so far as practicable, upon recommendations made through established
- 4 channels of command, and shall be made under regulations prescribed
- 5 by the Secretary of the Army.

Revision Note

Based on 10-360.

The words "and transfer" are omitted as executed, since they related to the transfer of officers to the Officers' Reserve Corps at the time it was established. The words "commissioned and warrant" are inserted for clarity, since warrant officers may now be appointed in the Organized Reserve Corps under section 1411 of this title.

§ 1415. Commissioned and warrant officers; Army National Guard of United States: appointment; qualifications, grade

- 1 (a) Subject to section 1401 (c) of this title, the President may
- 2 appoint a commissioned or warrant officer of the Army National
- 3 Guard in the Army National Guard of the United States in the
- 4 grade that he holds, and the branch, if any, in which he is commis-
- 5 sioned, in the Army National Guard. The acceptance of an appoint-
- 6 ment in the Army National Guard of the United States by an officer
- 7 of the Army National Guard does not vacate his office in the Army
- 8 National Guard.

Ch. 57 APPOINTMENTS IN THE RESERVE COMPONENTS § 1417

9 (b) The warrant officer grades in the Army National Guard of
10 the United States are chief warrant officer and warrant officer (junior
11 grade).

12 (c) In a mobilization of the Army National Guard of the United
13 States, the officers necessary to bring organizations to war strength
14 shall, so far as practicable, be taken from the Army National Guard.
15 For this purpose, warrant officers and enlisted members of the Army
16 National Guard may in time of peace be appointed in commissioned
17 grades in the Army National Guard of the United States.

18 (d) Subject to section 1137 of this title, the number of officers in
19 the grades of first lieutenant and second lieutenant in the Army
20 National Guard of the United States is unlimited.

Revision Note

Based on 10:593a (as applicable to Army National Guard of United States);
and 32:4a (last proviso), 81 (proviso of 2d paragraph and last paragraph), 113
(last sentence), and 113a.

In subsection (a), the last paragraph of 32:113a is omitted as executed. The
words "and who is federally recognized in that grade and branch", in 32:113a,
are omitted as surplusage. The last sentence of 32:113 is omitted, since under
32:113a, officers and warrant officers of the Army National Guard may be ap-
pointed in the Army National Guard of the United States, and they are, by
definition, federally recognized.

In subsection (b), the words "first, chief warrant officer" and "and second,
warrant officer (junior grade)" are omitted from Supplement IV of the 1946
Edition of the United States Code. 10:593a as originally enacted specified the
two grades and stated after each grade the provisions relating to pay and allow-
ances. Section 531 (b) (36) of the Career Compensation Act of 1949, 63 Stat. 839,
repealed only that part of 10:593a relating to pay and allowances, and did not
repeal the names of the grades, which are set forth in the revised section.

**§ 1417. Commissioned and warrant officers; Army National
Guard of United States; appointment; effective date**

1 When an officer of the Army National Guard to whom temporary
2 Federal recognition has been extended is appointed in the Army
3 National Guard of the United States, his appointment shall bear the
4 date of the temporary recognition and shall be considered to have
5 been effective from that date.

 10 tion or purpose of evasion, and that I will well and faithfully
 11 discharge the duties of the office of _____ in the Army
 12 National Guard of the United States and of the State of
 13 _____ upon which I am about to enter, so help me
 14 God."

Revision Note

Based on 32-142 (as applicable to Army National Guard of United States).

§ 1421. Commissioned and warrant officers: acceptance of promotion

1 (a) Subject to section 1417 of this title, a commissioned or warrant
 2 officer of the Organized Reserve Corps or the Army National Guard
 3 of the United States who is promoted in his reserve component is
 4 considered to have accepted his promotion upon the date of the order
 5 announcing it, unless he expressly declines the promotion. He is
 6 entitled to the pay and allowances of the higher grade from that date,
 7 unless entitled to them from an earlier date under another provision
 8 of law.
 9 (b) An officer need not take the oath of office upon promotion if
 10 his service since last taking it has been continuous.

Revision Note

Based on 10-558 (as applicable to reserve components).

In subsection (a), the words "Subject to section 1417 of this title" are inserted for clarity. The words "at any time after December 7, 1941" are omitted as executed. The words "for all purposes" are omitted as surplusage. The words "commissioned or warrant" are inserted for clarity, since warrant officers may now be appointed in the Organized Reserve Corps under section 1411 of this title.

§ 1503. Commissioned officers; Regular and reserve components;
appointment in higher grade

- 1 (a) Whenever the number of officers of the Regular Army in any
- 2 grade in the Regular Army above second lieutenant is less than the
- 3 number authorized, the vacancies may be filled by the appointment
- 4 of qualified officers, as prescribed in subsection (c).
- 5 (b) Whenever, under authorization by Congress, the number of
- 6 commissioned officers on active duty for a period of more than 30
- 7 days is more than the authorized strength of the Regular Army in
- 8 commissioned officers on the active list, the Secretary of the Army
- 9 shall determine the additional number of officers needed in each of the
- 10 commissioned grades based upon the number of officers serving on

Revision Note

Based on 10:506d (a), 506d (b) (less proviso), and 506d (c) (less last 37 words of 1st sentence and last sentence).

In subsection (a), the words "in any grade in the Regular Army above second lieutenant" are substituted for the words "in the grades of major general and brigadier general" and "officers of any promotion list, holding office . . . in the grades of colonel, lieutenant colonel, major, captain, and first lieutenant, respectively", since, under section 1303 (a) of this title, the grades enumerated include each commissioned grade in the Regular Army except the grade of second lieutenant.

In subsection (b), the words "commissioned officers on active duty for a period of more than 30 days" are substituted for the words "Regular Army officers and all officers of the Army of the United States or any reserve component thereof ordered into active military service for extended Federal service in excess of 30 days".

In subsection (c), the words "without vacating any other grade held by him" are substituted for the words "without vacating his permanent appointment or any temporary appointment held by him under this or any other provision of law".

§ 1505. Commissioned officers; reserve components: appointment in higher or lower grade

- 1 Subject to section 1503 of this title, a commissioned officer of a
- 2 reserve component of the Army who is ordered to, or is serving on,
- 3 active duty may be appointed, with his consent, to a grade in the
- 4 Army without specification of component that is higher or lower than
- 5 the grade held by him in his reserve component, without affecting
- 6 the latter grade.

Revision Note

Based on 10:506d (d) (last sentence).

The words "in the Army of the United States" are omitted as covered by section 1509 of this title. The word "commissioned" is inserted, since the revised section does not apply to warrant officers.

§ 1507. Temporary officers: appointment during war or emergency

- 1 (a) In time of emergency declared by the President or Congress,
- 2 and in time of war, the President may appoint any qualified person
- 3 who holds no commissioned grade in the Regular Army or a reserve
- 4 component of the Army, in any commissioned grade in the Army
- 5 without specification of component.
- 6 (b) A person appointed under subsection (a) may be ordered to
- 7 active duty for such period as the President prescribes.
- 8 (c) Unless sooner vacated, the appointment of an officer under
- 9 subsection (a) is effective during the war or emergency in which it is
- 10 made and for six months thereafter.

Ch. 59 APPOINTMENT WITHOUT SPECIFICATION § 1511

Revision Note

Based on 10:5064 (e).

In subsection (b), the words "who holds no commissioned grade in the Regular Army or a reserve component of the Army" are substituted for the words "(including persons who hold no Regular Army or reserve status)", since only persons who hold no commissioned status in the regular or reserve components of the Army may be appointed under the revised section. The words "active duty" are substituted for the words "active military service of the United States".

§ 1509. Appointments in commissioned grade: how made, how terminated.

- 1 (a) The appointment of a person under section 1503, 1505, or 1507
2 of this title shall be made without reference to any other appointment
3 that he may hold in the Army.
- 4 (b) Appointments of commissioned officers in the Army without
5 specification of component shall be made by the President alone in
6 grades below brigadier general, and by the President by and with
7 the advice and consent of the Senate in general officer grades.
- 8 (c) The President may vacate at any time an appointment in a
9 commissioned grade in the Army without specification of component.

Revision Note

Based on 10:5064 (f).

In subsection (a), the words "or not held" are omitted as surplusage. The listing of the categories of persons who may be given a temporary appointment is omitted as covered by the reference to the sections under which such appointments may be made.

§ 1511. Warrant officers: appointment

- 1 (a) The grades of warrant officers in the Army without specifica-
2 tion of component are chief warrant officer and warrant officer
3 (junior grade).
- 4 (b) In time of national emergency declared by Congress or the
5 President, and in time of war, the Secretary of the Army, under
6 regulations prescribed by him, may make appointments of chief
7 warrant officers and warrant officers (junior grade) in the Army
8 without specification of component. Appointments under this
9 subsection continue in effect during the pleasure of the Secretary,
10 but for not longer than six months after the termination of that war
11 or emergency. The number of such appointments in effect at one
12 time may not be more than $\frac{1}{4}$ of 1 percent of the actual strength
13 of the Army in enlisted men on active duty.
- 14 (c) A warrant officer appointed under subsection (b) is entitled—
15 (1) to count all periods of active duty under the appointment
16 as warrant or enlisted service for all purposes; and

§ 1511

PERSONNEL

11

- 17 (2) to the benefits of all laws and regulations applicable to
 18 the retirement, pensions, and disability of members of the Army
 19 on active duty.
- 20 (d) If a person appointed under subsection (b) is a member of
 21 the Army at the time of his appointment, he may accept the appoint-
 22 ment without prejudice to his existing status. Upon termination of
 23 his appointment he is entitled to the grade held at the time of
 24 that appointment.

Revision Note

Based on 10:591a and 593a (less applicability to Regular Army and reserve components).

In subsection (a), the words "first, chief warrant officer" and "and, second, warrant officer (junior grade)" are omitted from Supplement IV of the 1946 Edition of the United States Code. 10:593a as originally enacted specified the two grades and stated after each grade the provisions relating to pay and allowances. Section 531 (b) (30) of the Career Compensation Act of 1949, 63 Stat. 839, repealed only that part of 10:593a relating to pay and allowances, and did not repeal the names of the grades, which are set forth in the revised section.

In subsection (c), the words "while in active Federal service", "while so serving", and "rank", are omitted as surplusage. The words "on active duty" are substituted for the words "when called or ordered into the active military service by the Federal Government under existing statutory authorizations". The words "pay and allowances" are omitted, since they are determined by the grade held. The provision of the third sentence of 10:591a is omitted as superseded by section 201 (a) and (c) of the Career Compensation Act of 1949 (37 U. S. C. 232 (a) and (c)).

In subsection (f), the fifth sentence of 10:591a is omitted as superseded by section 303 (c) of this title.

§ 1513. **Commissioned and warrant officers: acceptance of appointment in higher grade**

- 1 (a) An officer who is promoted in the Army without specification
 2 of component is considered to have accepted his promotion upon the
 3 date of the order announcing it, unless he expressly declines the pro-
 4 motion. He is entitled to the pay and allowances of the higher grade
 5 from that date, unless entitled to them from an earlier date under
 6 another provision of law.
- 7 (b) An officer need not take the oath of office upon promotion if
 8 his service since last taking it has been continuous.

Revision Note

Based on 10:558 (as applicable to appointments without specification of component).

In subsection (a), the words "at any time after December 7, 1941" are omitted as executed. The words "for all purposes" are omitted as surplusage.

§ 1601. Non-regular officers: status

- 1 A commissioned officer of the Army, other than of the Regular
- 2 Army, on active duty in any commissioned grade, has the rights and
- 3 privileges, and is entitled to the benefits, provided by law for a com-
- 4 missioned officer of the Organized Reserve Corps—
- 5 (1) whose grade in the Organized Reserve Corps is that in
- 6 which the officer not of the Regular Army is serving;
- 7 (2) who has the same length of service as the officer not of the
- 8 Regular Army; and
- 9 (3) who is on duty in the grade that he holds in the Organized
- 10 Reserve Corps.

Revision Note

Based on 10:5061 (b).

The words "permanent or temporary (herein referred to as 'active-duty grade')" and "active-duty grade" are omitted as surplusage. The words "A commissioned officer of the Army, other than of the Regular Army" are substituted for the words "Each temporary officer and each Reserve officer of any Reserve component". The words "Organized Reserve Corps" are substituted for the words "Officers' Reserve Corps", since the Officers' Reserve Corps is a part of the Organized Reserve Corps. The words "now or hereafter" are omitted as surplusage.

§ 1603

PERSONNEL

II

§ 1603. Reserve members; members without specification of component: service extension during war

- 1 Unless terminated at an earlier date by the President, the period of
 2 service and appointment of any officer of a reserve component of the
 3 Army, and the period of service and appointment or enlistment of
 4 any member of the Army without specification of component, are
 5 extended for the duration of any war in which the United States may
 6 be engaged and for six months thereafter.

Revision Note

Based on 10:16a.

The revised section applies only to officers of reserve components and members of the Army without specification of component, since the extension of service during war of enlisted members of the Regular Army, and of the Enlisted Reserve Corps, is governed by sections 1209 (c) and 1219 (b) of this title, and the service of officers of the Regular Army is continuous and does not need to be covered by this revised section. The words "Unless terminated at an earlier date by the President" are substituted for the proviso. The words "training and service" are omitted as covered by the word "service". The word "commission" is omitted as covered by the word "appointment".

§ 1605. Reserve members: retention after becoming qualified for retired pay

- 1 Any member of a reserve component who has qualified for retired
 2 pay under chapter 87 of this title may, with his consent and by order
 3 of the Secretary of the Army, be retained on active duty, or in service,
 4 other than active, in a reserve component. A person so retained
 5 shall be credited with that service for all purposes.

Revision Note

Based on 10:1036a (e).

The words "active duty, or in service, other than active, in a reserve component" are inserted to reflect the words "Federal service" as used in Title III of the Act of June 29, 1948, ch. 708 (10:1036-1036i), of which 10:1036a (e) was a part.

§ 1607. Organized Reserve Corps: commissioned officers

- 1 (a) A commissioned officer of the Organized Reserve Corps may,
 2 in the discretion of the President, be ordered to active duty—
 3 (1) with his consent, for any period prescribed by the President;
 4 and
 5 (2) without his consent, for not more than 15 days in any
 6 calendar year, or for any period during a national emergency declared by Congress.
 7

Ch. 61

ACTIVE DUTY

§ 1611

8 (b) Commissioned officers of the Organized Reserve Corps may not
9 be ordered to active duty in larger numbers than are permissible
10 under appropriations for that specific purpose.

11 (c) Each officer ordered to duty under this section during any war
12 in which the United States may be engaged shall be relieved from
13 active duty, at his request, within six months after the termination
14 of that war.

15 (d) The President may relieve an officer of the Organized Reserve
16 Corps from active duty at any time.

Revision Note

Based on 10:358 (proviso of 1st sentence), 369, and 506d (d) (less last sentence and less applicability to officers of Army National Guard of United States).

In subsections (a) and (b), the words "Organized Reserve Corps" are substituted for the words "Reserve component of the Army" and "Reserve", since section 1615 of this title prescribes different conditions for ordering officers of the Army National Guard of the United States to active duty.

Subsection (b) is substituted, for clarity, for the words "To the extent provided from time to time by appropriations for this purpose", in 10:506d (d), and "To the extent provided for from time to time by appropriations for this specific purpose", in 10:369.

§ 1609. Organized Reserve Corps: commissioned officers; with Corps of Engineers

1 Notwithstanding section 1607 of this title, the President may order
2 commissioned officers of the Organized Reserve Corps to active duty
3 with the Corps of Engineers, in such number and for such time as may
4 be necessary for the performance of the functions of the Corps of
5 Engineers.

Revision Note

Based on 10:181a (2d proviso).

The words "commissioned officers of the Organized Reserve Corps" are substituted for "officers of the Organized Reserves." The reference to 10:361 is omitted, since that section does not limit the ordering of reserve officers to active duty. The reference to 10:364 is omitted, since that section was repealed by section 523 (b) of the Career Compensation Act of 1949, 63 Stat. 836. The words "for the performance of the functions of the Corps of Engineers" are substituted for the words "to meet the demands made and to be made upon the Engineer Corps." The words "Regular Army" are omitted, since, under section 705 of this title, the Engineer Corps is a branch of the Army.

§ 1611. Organized Reserve Corps: enlisted members

1 (a) An enlisted member of the Organized Reserve Corps may, in
2 the discretion of the President, be ordered to active duty individually
3 or as a member of an organization that is ordered to active duty—
4 (1) with his consent, for any period; and

§ 1611

PERSONNEL

II

- 5 (2) without his consent, for not more than 15 days in a calendar
6 year, or for any period of time during a national emergency
7 declared by Congress.
- 8 (b) Except in time of national emergency declared by Congress,
9 enlisted members of the Organized Reserve Corps may not be ordered
10 to active duty in larger numbers than are permissible under appro-
11 priations for that specific purpose.

Revision Note

Based on 10:426.

In subsection (a), the words "ordered to" are substituted for the words "placed on." The words "as a member of an" are inserted for clarity. The rule stated in clause (1) is set forth positively as a necessary implication of 10:426.

In subsections (a) and (b), the words "Organized Reserve Corps" are substituted for the words "Enlisted Reserve Corps," since the Enlisted Reserve Corps is a part of the Organized Reserve Corps.

§ 1613. Army National Guard of United States: status

- 1 Members of the Army National Guard of the United States are
2 not in the active service of the United States except when on active
3 duty under competent Federal orders.

Revision Note

Based on 32:4a (1st 31 words of 1st proviso).

The words "on active duty under competent Federal orders" are substituted for the words "ordered thereto." The words "in accordance with law" are omitted as surplusage.

§ 1615. Army National Guard of United States: commissioned officers

- 1 (a) A commissioned officer of the Army National Guard of the
2 United States may be ordered to active duty—
3 (1) with his consent, for any period prescribed by the President;
4 and
5 (2) without his consent, for not more than 15 days in any
6 calendar year, or for any period during a national emergency
7 declared by Congress.
- 8 (b) Commissioned officers of the Army National Guard of the
9 United States may not be ordered to active duty in larger numbers
10 than are permissible under appropriations for this specific purpose.
- 11 (c) Each officer ordered to duty under this section during any war
12 in which the United States may be engaged shall be relieved from
13 active duty, at his request, within six months after the termination
14 of that war.

Ch. 61

ACTIVE DUTY

§ 1618

- 15 (d) The President may relieve an officer of the Army National
16 Guard of the United States from active duty at any time.

Revision Note

Based on 10-506d (d) (less last sentence, as applicable to officers of Army National Guard of United States); and 32-19 (last proviso) and 81c.

In subsection (a), the provisions of 32:81c relating to pay and allowances are omitted as superseded by the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.). The provisions relating to retirement and retired pay are omitted as repealed by Title III of the Act of June 29, 1948, ch. 708 (10-1036-1036) which provides retired pay for reserve members.

Subsection (b) is substituted, for clarity, for the words "To the extent provided from time to time by appropriations for this purpose", in 10-506d (d), and "To the extent provided for from time to time by appropriations for this specific purpose", in 32-81c.

§ 1617. Army National Guard of United States: commissioned officers: staff duty, duty in National Guard Bureau

- 1 (a) The President may, with their consent, order commissioned
2 officers of the Army National Guard of the United States to active
3 duty in time of peace for any purpose named in section 505 of this
4 title, and at any time for duty in the National Guard Bureau.

- 5 (b) Of the number of officers of the Army in any one grade below
6 brigadier general authorized for duty at any one time in the National
7 Guard Bureau, not more than 40 percent may be officers of the Army
8 National Guard of the United States.

Revision Note

Based on 32-142a (less proviso) and 175.

In subsection (a), the references, in 32-142a, to sections 22, 23, 24-26, 30-32, 33, 34-36, of title 10, are omitted as repealed by section 401 of the Army Organization Act of 1950, 64 Stat. 271. The references to 32:66 and 174 are omitted, since they relate to the detail of members of the Regular Army. The references to 32-70 and 147 are omitted as repealed by section 16, of the Act of June 15, 1933, ch. 87, 48 Stat. 159. The references to 32-171-173 and 176 are omitted as not germane to the revised section. 32-175 is included in the revised section. The forty-fifth through seventy-fourth words of 32-175, and the second sentence, less the proviso, of 32-142, are omitted as superseded by the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.).

§ 1618. Army National Guard of United States: members

- 1 In addition to the authority to order to active duty under sections-
2 1615, 1617, and 1619 of this title, the Secretary of the Army may order
3 any member of the Army National Guard of the United States, with
4 his consent, to any authorized duty, with or without pay.

§ 1618

PERSONNEL

11

Revision Note

Based on 32:62 (40) provision of last sentence, less applicability to training.
The words "In addition to the authority to order to active duty under sections 1615, 1617, and 1619 of this title" are inserted to indicate that the authority granted by this section is in addition to the authority granted by those sections.

§ 1619. Army National Guard of United States: members and units; in emergency

1 (a) In addition to the authority to order to active duty under
2 sections 1615 and 1617 of this title, whenever Congress declares a
3 national emergency and authorizes the use of the Army for any pur-
4 pose requiring more members of the Army than are in the Regular
5 Army, the President may order any unit or member of the Army
6 National Guard of the United States to active duty. Members and
7 units ordered to duty shall serve for the period of the emergency unless
8 sooner relieved.

9 (b) Each member ordered to duty under this section is subject
10 during that period of duty to the laws and regulations governing the
11 Army, except those applicable only to members of the Regular Army.

12 (c) The organization of units ordered to duty under this section
13 shall be maintained intact so far as practicable.

14 (d) Each officer ordered to duty under this section shall be ordered
15 to duty in the grade held by him in the Army National Guard of the
16 United States.

Revision Note

Based on 32:81 (less 1st 53 words of 2d sentence of 1st paragraph, provision of 2d paragraph, last sentence of 3d paragraph, and last paragraph).

In subsection (a), the word "Army" is substituted for the words "armed land forces of the United States". The words "In addition to the authority to order to active duty under sections 1615 and 1617 of this title" are inserted to indicate that the authority granted by this section is in addition to the authority granted by those sections. The words "under such regulations, including such physical examination as he may prescribe" are omitted as covered by section 1627 of this title. The words "members of the Army" are substituted for the word "troops" for clarity.

In subsection (b), the words "governing the Army, except those applicable only to members of the Regular Army" are substituted for the words "for the government of the Army of the United States as may be applicable to members of the Army whose permanent retention in active military service is not contemplated by law".

In subsection (d), the first sentence of the third paragraph of 32:81 is omitted as superseded by the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.).

Ch. 61

§ 1625

§ 1621. Army National Guard in Federal service: status

- 1 Members of the Army National Guard called into Federal service
- 2 are, from the time when they are required to respond to the call,
- 3 subject to the laws and regulations governing the Army, except those
- 4 applicable only to members of the Regular Army.

Revision Note

Based on 32:82.

The words "governing the Army, except those applicable only to members of the Regular Army" are substituted for the words "governing the Regular Army, so far as such laws and regulations are applicable to officers and enlisted men whose permanent retention in the military service, either on the active list or on the retired list, is not contemplated by existing law".

§ 1623. Army National Guard in Federal service: call

- 1 Whenever—
- 2 (1) the United States is invaded or is in danger of invasion by
- 3 a foreign nation;
- 4 (2) there is a rebellion or danger of a rebellion against the
- 5 authority of the Government of the United States; or
- 6 (3) the President is unable with the regular forces to execute

- 11 considers necessary to repel the invasion, suppress the rebellion, or
- 12 execute those laws. Orders for these purposes shall be issued through
- 13 the governors of the States, the Territories, Puerto Rico, or the
- 14 Canal Zone, and, in the District of Columbia, through the command-
- 15 ing general of the National Guard of the District of Columbia.

Revision Note

Based on 32:81a (as applicable to Army National Guard).

The word "may" is substituted for the words "it shall be lawful for". The words "to such officers of the militia as he may think proper" are omitted as surplusage. The words "members and units" are substituted for the word "number".

§ 1625. Army National Guard in Federal service: period of service; apportionment

11 District of Columbia, Puerto Rico, or the Canal Zone, is called into
12 Federal service with the Army National Guard of another of those
13 jurisdictions, the President may apportion the total number called
14 on the basis of the populations of the jurisdictions which are affected
15 by the call.

Revision Note

Based on 32-81b (less last sentence; and last sentence as applicable to Army National Guard).

In subsections (a) and (b), the words "Army National Guard" are substituted for the words "organized militia (including the National Guard)". The words "Federal service" are substituted for the words "service of the United States" and "actual service of the United States".

In subsection (b), the word "representative" is omitted as surplusage.

The last proviso of section 5 of the Act of Jan. 21, 1903, ch. 196 is not contained in 32-81b. It is also omitted from the revised section, since in the opinion of the Judge Advocate General of the Army (JAG 010.3, Dec. 12, 1929, p. 20) it was impliedly repealed by section 3 of the Act of April 25, 1914, ch. 71, 38 Stat. 347.

§ 1627. Army National Guard in Federal service: physical examination

1 (a) Each member of the Army National Guard called into Federal

3 scribed by the President, without further commission or enlistment.

4 (b) Immediately before such a member is mustered out of Federal
5 service he shall be examined as to physical fitness under regulations
6 prescribed by the President. The record of this examination shall

In subsections (a) and (b), the words "Each member" are substituted for the words "Every officer and enlisted man". The words "Federal service" are substituted for the words "the service of the United States" and "the active service of the United States".

In subsection (b), the words "The record of this examination shall be retained by the United States" are substituted for the words "and the record thereof shall be filed and kept in the War Department", to conform to the Act of June 19, 1934, ch. 668 (44 U. S. C. 300 et seq.) which governs the care and custody of Government records generally.

§ 1629. Retired commissioned officers: status

1 A retired commissioned officer of the Army who is recalled to
2 active duty is considered, for all purposes except promotion, to be
3 an officer of the branch or organization to which he is assigned.

Revision Note

Based on 10:999

The words "and shall be an extra number therein" are omitted, since, in the opinion of the Judge Advocate General of the Army (JAG 210.80, Feb. 21, 1923), they were repealed by the Act of July 31, 1935, ch. 422, 49 Stat. 595. The words "in the discretion of the President, employed on active duty" are omitted as surplusage. The word "branch" is substituted for the words "arms, corps, department" to conform to sections 705 and 707 of this title.

§ 1631. Retired members: limitations; grade

1 (a) In time of peace, the Secretary of the Army may recall any
2 retired commissioned officer of the Army, with his consent, to active
3 duty—

- 4 (1) for recruiting;
- 5 (2) to serve with the Army National Guard of a State, a Terri-
6 tory, Puerto Rico, or the Canal Zone, on request of its governor,
7 and, with that of the District of Columbia on request of its
8 commanding general;
- 9 (3) as a military attaché;
- 10 (4) to serve on courts-martial, courts of inquiry, and boards;
- 11 (5) to perform staff duties not involving service with troops;

14 duties at any post temporarily left without its regular garrison
15 and without a commissioned officer on duty by reason of troop
16 movements; and
- 17 (8) to perform duties at the Soldiers' Home.

18 (b) In time of peace, the Secretary may recall any retired member
19 of the Regular Army, with his consent, to active duty as a professor
20 or assistant professor of military science and tactics, or as a military
21 instructor, under section 1723 of this title.

22 (c) In time of war retired commissioned officers of the Army may,
23 in the discretion of the President, be recalled to active duty for any
24 purpose.

25 (d) When recalled to active duty, a retired commissioned officer
26 of the Army any part of whose service was in the Corps of Engineers
27 is eligible to fill any position required by law to be filled by a com-

34 of the Army Nurse Corps or as chief or assistant chief of the
35 Women's Medical Specialist Corps.

36 (3) Any officer who served two and one-half years as Director
37 or Deputy Director of the Women's Army Corps of the Regular
38 Army.

Revision Note

Based on 10:156c (last 13 words), 166g (b) (20 words before provision), 316b (b) (last 13 words), 386 (as applicable to active duty of retired members), 990, 991, 992, 993, 995, 996, 997, and 1181 (as applicable to active duty of retired members).

In subsection (a), the words "In time of peace" are inserted for clarity, since subsection (c) covers recall in time of war. The word "recall" is substituted for the words "assignable", "assign", and "assigned", to conform to present terminology.

In subsection (a) (2), the words "Army National Guard" are substituted for the words "Organized Militia", in 10:991, to conform to present terminology.

In subsection (a) (8), the words "Upon a selection by the commissioners of that institution approved by the Secretary of War", "and a retired officer shall not be assignable to any other duty", and "Provided, That they shall receive from the Government only the pay and emoluments allowed by law to retired officers", in section 1259 of the Revised Statutes, as amended, are not contained in 10:996. They are also omitted from the revised section, since the provisions as to selection by the commissioners were superseded by section 7 of the Act of Mar. 3, 1883, ch. 130, 22 Stat. 565; the provisions limiting assignment were superseded by other laws contained in the revised section; and the provisions as to pay and allowances were superseded by section 514 of the Career Compensation Act of 1949 (37 U. S. C. 314).

In subsections (a) and (c), the provisions of 10:992 and 995, relating to pay and allowances, are omitted as superseded by section 514 of the Career Compensation Act of 1949 (37 U. S. C. 314).

In subsection (b), the word "member" is substituted for the words "officers, warrant officers, and enlisted men". The words "as may be necessary" and "as he may deem necessary" are omitted as surplusage.

Based on 19:506b (c) (less last 12 words).
The words "Within the limitations as to numbers in grade prescribed in this Act" are omitted as executed by the declaration of a national emergency on December 16, 1950, in accordance with an opinion of the Judge Advocate General of the Army (JAG-A 1951-6189, 17 Oct. 51). Revision Note

Based on 10:921.
The word "unless" is substituted for the words "if not otherwise". The words "pay, and allowances" and "and shall receive the pay and allowances of an officer of that grade" are omitted, since pay and allowances are determined by the grade held. The words "has the grade of brigadier general" are substituted for the words "shall . . . be considered to hold the grade of brigadier general for all purposes". The word "Regular" is inserted before the word "Army", since 10:921 refers to officers "on the active list", which includes only officers of the Regular Army.

Ch. 63 SPECIAL APPOINTMENTS AND ASSIGNMENTS § 1711

§ 1709. Engineer commissioner of the District of Columbia; assistants: detail

- 1 (a) The President may detail an officer assigned to the Corps of
- 2 Engineers whose grade is above first lieutenant, and who has served at
- 3 least 15 years in the Corps of Engineers, to be the Engineer Com-
- 4 missioner of the District of Columbia. An officer so detailed may not
- 5 be required to perform any other duty.
- 6 (b) The President may detail not more than three officers assigned
- 7 to the Corps of Engineers who are junior to the Engineer Commis-
- 8 sioner, to assist that officer in discharging his duties.

Revision Note

Based on 10:189 (less 1st sentence) and 190.

In subsection (a), the last sentence of 10:189 is omitted as obsolete.

In subsections (a) and (b), the words "assigned to" are substituted for the word "of", since, under section 705 of this title, officers are assigned to, rather than commissioned in, the Corps of Engineers.

§ 1711. Leader of Army Band: appointment

- 1 (a) The Secretary of the Army may appoint the leader of the Army
- 2 band from the warrant officers of the Regular Army. The leader
- 3 serves during the pleasure of the Secretary and may be returned to his
- 4 former status in the discretion of the Secretary.
- 5 (b) The leader of the Army band is entitled to the basic pay and
- 6 allowances of a captain, and is entitled to be credited for pay purposes
- 7 with all service which may be credited under section 202 of the
- 8 Career Compensation Act of 1949 (37 U. S. C. 233).
- 9 (c) Upon retirement, the leader of the Army band has the grade of
- 10 warrant officer, with the retired pay to which he would have been
- 11 entitled had he not been appointed leader.

Revision Note

Based on 10:11.

In subsection (b), the word "basic" is substituted for the word "base" to conform to the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.). The words "in the third pay period and shall be entitled to longevity pay provided for an officer for each three years of service under such appointment plus any previous active commissioned service under a Federal appointment which the appointee may have had, but shall not be entitled to pass to a higher pay period" are omitted as covered by the words "basic pay and allowances of a captain, and is entitled to be credited for pay purposes with all service creditable under section 202 of the Career Compensation Act of 1949 (37 U. S. C. 233)".

In subsection (c), the first proviso of 10:11 is omitted as executed. The last proviso is omitted as surplusage.

§ 1713. Foreign governments: detail to assist

1 (a) Upon the application of the country concerned, the President,
2 whenever he considers it in the public interest, may detail members
3 of the Army to assist in military matters—

4 (1) any republic in North America, Central America, or South
5 America;

6 (2) the Republic of Cuba, Haiti, or Santo Domingo; and

7 (3) during a war or a declared national emergency, any other
8 country which he considers it advisable to assist in the interest
9 of national defense.

10 (b) Subject to the prior approval of the Secretary of the Army,
11 and in addition to receiving his pay and allowances as a member of
12 the Army, a member of the Army detailed under this section may
13 accept from the country to which he is detailed any office and any
14 compensation or emoluments thereof. He is entitled to credit for
15 all service while so detailed, as if serving with the United States
16 Army.

Revision Note

Based on 10:549.

In subsection (a), the words "and the Commonwealth of the Philippine Islands" in the Act of May 19, 1926, ch. 334, as amended, are not contained in 10:549. They are also omitted from the revised section, since Proclamation No. 2695, effective July 4, 1946, 60 Stat. 1352 (48 U. S. C. 1240 (note)), proclaimed the independence of the Philippine Islands. Similar provisions relating to the Philippines are now contained in section 5 of the Act of June 26, 1946, ch. 500, 60 Stat. 315. The word "members" is substituted for the words "officers and enlisted men".

In subsection (b), the words "entitled to credit for all service" are substituted for the words "and shall be allowed the same credit for longevity, retirement, and for all other purposes".

§ 1715. State Department: assignment or detail as couriers and building inspectors

1 (a) Upon the request of the Secretary of State, the Secretary of
2 the Army may assign or detail members of the Army for duty—

3 (1) as inspectors of buildings owned or occupied abroad by
4 the United States;

5 (2) as inspectors or supervisors of buildings under construction
6 or repair abroad by or for the United States; and

7 (3) as couriers of the Department of State.

8 (b) The Secretary of the Army may assign or detail a member for
9 duty under subsection (a), with or without reimbursement from the
10 Department of State. However, a member so assigned or detailed
11 is entitled to the traveling expenses authorized for officers of the

Ch. 63 SPECIAL APPOINTMENTS AND ASSIGNMENTS § 1723

12 Foreign Service of the United States. These expenses shall be paid
13 from appropriations of the Department of State.

Revision Note

Based on 22:956.

In subsection (a), the words "members of the Army" are substituted for the words "military . . . personnel". The words "under their supervision" are omitted as surplusage.

In subsection (b), the words "in the discretion of the head of the department concerned" are omitted as surplusage.

§ 1719. Geological Survey: detail of officers of Ordnance Corps

1 The Secretary of the Army may detail not more than two officers
2 who are assigned to the Ordnance Corps to serve with the Geological
3 Survey, if in his judgment that can be done without injury to the
4 service.

Revision Note

Based on 43:33.

The words "assigned to" are substituted for the word "of", since, under section 705 of this title, officers are assigned to rather than commissioned in the Ordnance Corps. The word "Corps" is substituted for the word "Department" to conform to section 705 of this title.

§ 1721. American National Red Cross: detail of officers of Army Medical Service

1 (a) The President may detail not more than five officers of the
2 Army Medical Service for duty with the military relief division of
3 the American National Red Cross.

4 (b) The Secretary of the Army may detail an officer of the Medi-
5 cal Corps to take charge of the first-aid department of the American
6 National Red Cross.

Revision Note

Based on 10:105 and 106.

§ 1723. Educational institutions: detail of Regular Army members as professors and instructors in military science and tactics

1 (a) The President may detail members of the Regular Army for
2 duty as professors and assistant professors of military science and
3 tactics, and as military instructors, at educational institutions where
4 units of the Reserve Officers' Training Corps are maintained. A
5 commissioned officer on the active list may not be so detailed if a
6 competent retired officer can be obtained for that duty.

7 (b) The Secretary of the Army may detail members of the Regular
8 Army for duty as professors and assistant professors of military

9 science and tactics, and as military instructors, at schools and col-
 10 leges, other than those covered by section 3703 of this title, having a
 11 course of military training prescribed by him and having not less than
 12 100 physically fit male students who are at least 14 years of age.

Revision Note

Based on 10:386 (less applicability to active duty of retired members) and 1181 (less applicability to active duty of retired members).

In subsection (a), the word "members" is substituted for the words "officers, warrant officers, and enlisted men". The words "as may be necessary" are omitted as surplusage. The words "not including schools of the service" are omitted as surplusage. The word "commissioned" is inserted for clarity.

In subsection (b), the word "members" is substituted for the words "officers, warrant officers, and enlisted men". The words "as he may deem necessary" are omitted as surplusage. The first proviso of 10:1181, dealing with pay and allowances, is omitted, since any member on active duty is entitled to the pay of his grade, and a retired member may be detailed to duty only if first recalled to active duty. The words "having a course of military training prescribed by him and having not less than 100 physically fit male students who are at least 14 years of age" are substituted for the word "said". The word "said" refers to the schools described in section 4501 of this title. The words "for duty as professors and assistant professors of military science and tactics, and as military instructors" are inserted for clarity and to conform to subsection (a) of the revised section.

§ 1725. National Guard Bureau: assignment of Regular Army officers

1 The President may assign as many officers of the Regular Army
 2 as he considers necessary to duty in the National Guard Bureau.

Revision Note

Based on 32:174.

§ 1727. Chief and assistant chief of staff of divisions of Army National Guard in Federal service: detail

1 The President may detail an officer of the Regular Army as chief
 2 of staff, and an officer of the Regular Army or Army National Guard
 3 as assistant to the chief of staff, of any division of the Army National
 4 Guard in Federal service as an Army National Guard organization.

Revision Note

Based on 32:10 (less proviso).

§ 1731. Aides: detail; number authorized

1 (a) Each major general of the Army is entitled to three aides,
 2 selected by him from commissioned officers of the Army in any
 3 grade below major.

4 (b) Each brigadier general of the Army is entitled to two aides,
5 selected by him from commissioned officers of the Army in any
6 grade below captain.

Revision Note

Based on 10:498.

§ 1733. Duties: Regular Army officers; performance of civil functions restricted

1 (a) No commissioned officer of the Regular Army may be—
2 (1) employed on civil works or internal improvements;
3 (2) allowed to be employed by an incorporated company; or
4 (3) employed as acting paymaster or disbursing agent of the
5 Bureau of Indian Affairs;
6 if that employment requires him to be separated from his organiza-
7 tion or branch, or interferes with the performance of his military
8 duties.

9 (b) Except as otherwise provided by law, no commissioned officer
10 on the active list of the Regular Army may hold a civil office by
11 election or appointment. The acceptance of a civil office or the
12 exercise of its functions by such an officer terminates his appoint-
13 ment in the Army.

Revision Note

Based on 10:495, 576, and 577.

In subsections (a) and (b), the word "Regular" is inserted before the word "Army," since historically 10:495 relates only to Regular officers, and 10:576 refers to officers "on the active list," which includes only officers of the Regular Army. The word "organization" is substituted for the words "company, regiment". The word "branch" is substituted for the word "corps" to conform to sections 705 and 707 of this title. The word "proper" is omitted as surplusage.

In subsection (b), the words "Except as otherwise provided by law" are inserted, since other laws enacted after the date of enactment of 10:576 authorize the performance of the functions of certain civil offices. The words "appointment in the Foreign Service of the Government" are omitted as covered by the words "hold a civil office". The words "terminates his appointment in the Army" are substituted for the words "shall be considered as having resigned his place in the Army" and "shall thereby cease to be an officer of the Army, and his commission shall be thereby vacated".

§ 1735. Duties: officers; superintendence of cooking for enlisted members

1 (a) The cooking for enlisted members of the Army shall be super-
2 intended by the officers of the organizations to which the members
3 belong. Under regulations prescribed by the Secretary of the Army,

§ 1735

PERSONNEL

II

4 officers of the Medical Corps shall cooperate with those officers in
5 superintending the cooking.

6 (b) The Surgeon General shall issue instructions to the Medical
7 Corps for the proper preparation of the Army ration.

Revision Note

Based on 10:104 and 497.

In subsection (a), the words "officers of the organizations to which the members belong" are substituted for the words "line officers", in 10:497, and "officers of the line", in 10:104.

In subsection (b), the word "issue" is substituted for the word "promulgate". The word "for" is substituted for the words "as may tend to insure". The words "Medical Corps" are substituted for the words "Medical Department" and "said corps". The word "regulations" is omitted as surplusage.

§ 1737. **Duties: officers of Medical Corps, contract surgeons;
attendance on families of members**

1 Officers of the Medical Corps and contract surgeons shall, when
2 practicable, attend the families of members of the Army free of charge.

Revision Note

Based on 10:96.

The words "officers of the Medical Corps" are substituted for the words "Medical officers of the Army", for clarity and to conform to long-standing administrative interpretation.

§ 1739. **Duties: chaplains; assistance required of commanding
officers**

1 (a) Each chaplain, when practicable, shall hold appropriate reli-
2 gious services at least once on each Sunday for the command to which
3 he is assigned, and shall perform appropriate religious burial services
4 for members of the Army who die while in that command.

5 (b) Each commanding officer shall furnish facilities to any chaplain
6 assigned to his command, to assist the chaplain in performing his
7 duties.

Revision Note

Based on 10:238 and 239, and uncodified Act of Feb. 2, 1901, ch. 192, sec. 12 (last sentence), 31 Stat. 750.

In subsection (a), the words "members of the Army" are substituted for the words "officers and soldiers".

In subsection (b), the words "regiments, hospitals, and posts" are omitted, since at the time of the enactment of section 1127 of the Revised Statutes, chaplains were authorized only for regiments, hospitals, and posts. The revised section preserves the broad coverage of the original statute. The requirement to furnish "necessary means of transportation", in the uncodified last sentence of section 12 of the Act of Feb. 2, 1901, ch. 192, 31 Stat. 750, is omitted as covered by the word "facilities".

Ch. 63 SPECIAL APPOINTMENTS AND ASSIGNMENTS § 1747

§ 1741. Duties: officers on active list; detail to recruiting restricted

- 1 A commissioned officer on the active list of the Regular Army may
- 2 not be detailed for recruiting duty if a competent retired officer can
- 3 be obtained for that duty.

Revision Note

Based on 10:536.

The word "commissioned" is inserted, since historically the section relates only to commissioned officers. The words "Regular Army" are inserted for clarity, since only officers of the Regular Army are "on the active list."

§ 1743. Duties: warrant officers; regulations, limitations

- 1 (a) The Secretary of the Army may prescribe regulations for the
- 2 direction and control of warrant officers of the Army.
- 3 (b) Under regulations prescribed by the President, a warrant
- 4 officer may be assigned to perform duties which necessarily include
- 5 those normally performed by a commissioned officer.

Revision Note

Based on 10:593 (1st sentence) and 599.

In subsection (a), the words "Subject to the provisions of sections 591, 591a, 593, 593a, 594, 599 of this title" are omitted as surplusage, since those sections contain substantive provisions of law which the Secretary of the Army must recognize in any event. The words "warrant officers of the Army" are substituted for the words "the personnel in the grades of chief warrant officer and warrant officer (junior grade)". The words "including warrant officers of the Army Mine Planter Service" are omitted, since the Mine Planter Service has been transferred to the Navy and its personnel have been transferred to other branches of the Army. The word "rules" is omitted as surplusage. The words "direction and control" are substituted for the words "govern and administer properly." The words "as he may deem necessary" are omitted as surplusage.

In subsection (b), the first sentence, less proviso, of 10:593, is omitted as superseded by section 393 (e) of this title. The last proviso is omitted as covered by Article 136 (a) (4) of the Uniform Code of Military Justice (50 U. S. C. 732).

§ 1747. Duties: enlisted members; civilian employment restricted, use as servants prohibited

- 1 (a) No enlisted member of the Army on active duty may be
- 2 ordered or permitted to leave his post to engage in a civilian pursuit
- 3 or business, or a performance in civil life, for emolument, hire, or
- 4 otherwise, if the pursuit, business, or performance interferes with the
- 5 customary or regular employment of local civilians in their business
- 6 or profession.

§ 1747

PERSONNEL

II

- 7 (b) No Army band or member thereof may receive remuneration
8 for furnishing music outside the limits of a military post, in competi-
9 tion with local civilian musicians.
10 (c) No officer of the Army may use an enlisted member of the Army
11 as a servant.

Revision Note

Based on 10:608, 609, and 905.

In subsection (a), the words "whether a noncommissioned officer, musician,
or private" are omitted as surplusage.

In subsection (c), the words "in any case whatever" are omitted as surplusage.

CHAPTER 65. RANK AND COMMAND

See

- 1801. Rank: commissioned officers of Army, Navy, Air Force, and Marine Corps.
- 1803. Rank: commissioned officers of Army on active duty.
- 1805. Rank: commissioned officers serving under appointments in Army without specification of component.
- 1807. Rank: commissioned officers of Regular Army in grades of brigadier general and major general; seniority list.
- 1809. Rank: commissioned officers of Regular Army in grades below brigadier general.
- 1811. Rank: warrant officers.
- 1813. Command: when different commands of Army, Air Force, and Marine Corps join.
- 1817. Command: commissioned officers of Army in same grade on duty at same place.
- 1819. Command: commissioned officers of Army Medical Service.
- 1821. Command: commissioned officers of Women's Army Corps.
- 1823. Command: chaplains.
- 1825. Command: retired officers.

§ 1801. Rank: commissioned officers of Army, Navy, Air Force, and Marine Corps

- 1 (a) The rank among commissioned officers of the Army and those
- 2 of the Navy, the Air Force, and the Marine Corps, is as follows:

| Army | Navy | Air Force | Marine Corps |
|--------------------|--------------------------------|--------------------|--------------------|
| Lieutenant general | Vice admiral | Lieutenant general | Lieutenant general |
| Major general | Rear admiral of the upper half | Major general | Major general |
| Brigadier general | Rear admiral of the lower half | Brigadier general | Brigadier general |
| Colonel | Captain | Colonel | Colonel |
| Lieutenant colonel | Commander | Lieutenant colonel | Lieutenant colonel |
| Major | Lieutenant commander | Major | Major |
| Captain | Lieutenant | Captain | Captain |
| First lieutenant | Lieutenant (junior grade) | First lieutenant | First lieutenant |
| Second lieutenant | Ensign | Second lieutenant | Second lieutenant |

- 5 (b) The rank, within each grade, among major generals of the
- 6 Army, rear admirals of the upper half of the Navy, major generals
- 7 of the Air Force, and major generals of the Marine Corps, and among
- 8 brigadier generals of the Army, rear admirals of the lower half of
- 9 the Navy, brigadier generals of the Air Force, and brigadier generals
- 10 of the Marine Corps, is determined by their dates of rank.

- 11 (c) A commissioned officer of a reserve component of the Army,
- 12 or of the Army without specification of component, who is senior in
- 13 rank to a commissioned officer of the Regular Army, is also senior
- 14 in rank to a commissioned officer of the Navy, the Air Force, or the

§ 1801

II

- 15 Marine Corps, who is junior in rank to that commissioned officer of
16 the Regular Army.

Revision Note

Based on 10:517; and 34:241 and 651.

In subsection (a), the word "Regular", pertaining to major generals and brigadier generals, in 10:517, is omitted, since the last sentence of 10:517 establishes the rank of non-Regular officers of the Army, with respect to officers of the Regular Army. The effect of establishing their rank with respect to Regular officers, when read in connection with the provisions prescribing the rank of officers of the Regular Army with officers of the other services, under 10:517 (less last sentence) and 34:241, is therefore to establish the rank of non-Regular officers of the Army with respect to officers of the other listed services. This allows a consolidation of 10:517 (less last sentence, as applicable to rank) and 34:241, together with 34:651, into a table of rank among officers of the Army, the Navy, the Air Force, and the Marine Corps. The words "lineal rank only being considered", in 34:241, are covered by setting forth the grades in tabular form. The words "whether on the active or retired list", in 34:241, are omitted, since retired officers of the Navy continue to be officers of the Navy. Reference to the grade of commodore in the Navy, in R. S. 1466, is omitted from the 1946 Edition of the United States Code and the revised section as abolished by the Act of Mar. 3, 1899, 30 Stat. 1005.

In subsection (b), the words "in such grades", in 10:517, are omitted as surplusage.

§ 1803. Rank: commissioned officers of Army on active duty

- 1 (a) Commissioned officers of the Army serving on active duty,
2 including officers of the Army National Guard, called into Federal
3 service, rank according to—
4 (1) date of rank as prescribed under section 1807 or 1809 of
5 this title, for an officer of the Regular Army serving in his
6 Regular Army grade;
7 (2) date of appointment in a grade held in the Army without
8 specification of component, for an officer of the Regular Army
9 serving in that grade; and
10 (3) date of entry on active duty, for a reserve officer or an
11 officer of the Army National Guard called into Federal service;
12 except that, if he previously served on active duty in the same
13 or any higher grade, his date of rank precedes the date of his
14 entry on active duty by the period of his active duty, and service
15 under section —, —, or — (32:63-65) of title —
16 (National Guard), performed in the grade in which he was placed
17 on active duty or in any higher grade.
18 (b) When the dates of rank prescribed by subsection (a) are the
19 same, rank is determined by length of all active commissioned service
20 in the Army, and the Air Force, including commissioned service under

Ch. 65

RANK AND COMMAND

§ 1807

21 sections —, —, and — (32:63-65) of title — (National
22 Guard).

23 (c) When the dates of rank prescribed by subsection (a), and
24 length of active commissioned service computed under subsection (b),
25 are the same:

26 (1) Officers of the Regular Army rank before reserve officers
27 and officers of the Army National Guard.

28 (2) Officers of the Regular Army rank among themselves
29 according to section 1809 of this title.

30 (3) Reserve officers and officers of the Army National Guard
31 rank among themselves according to age.

Revision Note

Based on 10:511.

In subsection (a), the words "Unless special assignment is made by the President under the provisions of the One hundred and nineteenth Article of War", are omitted as surplusage, since they deal with command and not rank. The substance of the omitted words is covered by section 1817 of this title.

In subsection (a) (1), the references to sections 1807 and 1809 of this title are inserted as a necessary implication of those sections.

In subsection (b), the reference, in 10:511, to 32:144-146, dealing with pay and allowances, not contained in the source statute, but contained in the 1946 Edition of the United States Code, is omitted as surplusage.

**§ 1805. Rank: commissioned officers serving under appointments
in Army without specification of component**

1 The President may, in accordance with the needs of the Army,
2 adjust dates of rank of commissioned officers of the Army serving
3 in the Army without specification of component.

Revision Note

Based on 10:506d (c) (last sentence).

**§ 1807. Rank: commissioned officers of Regular Army in grades
of brigadier general and major general; seniority list**

1 (a) The date of rank of an officer of the Regular Army whose
2 grade in the Regular Army is brigadier general or major general is
3 the date of his appointment in that grade in the Regular Army,
4 except that, if he is already serving in a general officer grade on that
5 date in the Army with or without specification of component, his
6 date of rank precedes the date of his appointment by the length of
7 his previous active duty in a general officer grade. However, the
8 date of rank of such an officer may not be earlier than that of the
9 junior general officer in the same grade in the Regular Army who
10 was appointed to that grade before him.

§ 1807

PERSONNEL

II

- 11 (b) The names of general officers of the Regular Army shall be
 12 carried on a seniority list in the order of seniority in both Regular
 13 Army grade and date of rank as determined under subsection (a).

Revision Note

Based on 10:506a (b) and (c).

The revised section consolidates and restates, for clarity, the provisions relating to date of rank of brigadier generals and major generals of the Regular Army.

In subsection (b), the words "seniority in both Regular Army grade and date of rank" are substituted for the words "most senior in permanent general officer grade", to make it clear that major generals are carried on the list ahead of brigadier generals.

§ 1809. Rank: commissioned officers of Regular Army in grades below brigadier general

- 1 (a) Among commissioned officers of the same grade in the Regular
 2 Army who are on the same promotion list, rank in Regular Army
 3 grade is determined by the order in which their names appear on
 4 that list.
 5 (b) Among commissioned officers of the same grade in the Regular
 6 Army who are not on the same promotion list or not on a promotion
 7 list, rank in Regular Army grade is determined—
 8 (1) by date of rank;
 9 (2) if dates of rank are the same, by length of continuous
 10 active commissioned service in the Regular Army;
 11 (3) if dates of rank and length of continuous active com-
 12 missioned service in the Regular Army are the same, by rank
 13 established at the time of original appointment in the Regular
 14 Army; and
 15 (4) in other cases, by the Secretary of the Army.
 16 (c) Rank among the graduates of each class at the United States
 17 Military Academy who, upon graduation, are appointed in the
 18 Army shall be fixed under regulations prescribed by the Secretary
 19 of the Army.

Revision Note

Based on 10:166e (1st sentence), 506e (f) (less 1st sentence and last 23 words of last sentence), 559 (d) (2), and 559 (d) (3) (less last sentence).

In subsection (b), the words "or not on a promotion list" are substituted for 10:166e (1st sentence), since, under section 1337 (a) of this title, officers of the Regular Army in the Army Nurse Corps and Women's Medical Specialist Corps are not promotion-list officers.

In subsection (c), the word "rank" is substituted for the words "relative seniority".

§ 1811. Rank: warrant officers

- 1 Warrant officers rank next below second lieutenants and rank
- 2 among themselves under regulations prescribed by the Secretary of
- 3 the Army.

Revision Note

Based on 10-593 (less 1st sentence).
The second sentence of 10-593 is omitted as executed.

§ 1813. Command: when different commands of Army, Air Force, and Marine Corps join

- 1 When different commands of one or more of—
- 2 (1) the Army;
- 3 (2) the Air Force; and
- 4 (3) the Marine Corps;
- 5 join or serve together, the officer highest in rank in the Army, the
- 6 Air Force, or the Marine Corps on duty there, and who is otherwise
- 7 eligible to command, commands all those forces, unless otherwise
- 8 directed by the President.

Revision Note

Based on 10-1592.
The word "corps" is omitted as obsolete. The words "(1) the Army, (2) the Air Force, and (3) the Marine Corps;" are substituted for the words "military forces". The words "forces drafted or called into the service of the United States, or Volunteers" are omitted, since those persons would be members of one of the enumerated services. The words "and give orders for what is needful in the service" are omitted as surplusage. The words "and who is otherwise eligible to command" are inserted for clarity.

§ 1817. Command: commissioned officers of Army in same grade on duty at same place

- 1 When two or more commissioned officers of the same grade who are
- 2 otherwise eligible to command are on duty in the same area, field,
- 3 command, or organization, the President may assign the command
- 4 without regard to rank in that grade.

Revision Note

Based on 10-1591.
The word "arm" is substituted for the word "department" to conform to section 727 of this title. The words "seniority of" are omitted as surplusage. The words "who are otherwise eligible to command" are inserted for clarity.

§ 1819. Command: commissioned officers of Army Medical Service

- 1 (a) A commissioned officer of the Army Medical Service, other than
- 2 an officer of the Army Nurse Corps or Women's Medical Specialist

§ 1819

PERSONNEL

II

3 Corps, is not entitled to exercise command because of his rank,
4 except within the Army Medical Service.

5 (b) A commissioned officer of the Army Nurse Corps or Women's
6 Medical Specialist Corps may exercise command only within her own
7 branch, or over persons placed under her charge.

Revision Note

Based on 10:82 and 166e (less 1st sentence).

In subsection (a), the words "Except as provided in section 94 of this title",
not contained in R. S. 1169, but contained in the 1946 Edition of the United
States Code, are omitted as surplusage, since 10:94 deals exclusively with assign-
ments. The words "except within the Army Medical Service" are substituted
for the words "in the line or in other staff corps". Officers of the Army Nurse
Corps and Women's Medical Specialist Corps are not covered by subsection (a),
since their command authority is specifically stated in subsection (b).

In subsection (b), the last 22 words of the last sentence of 10: 166e are omitted
as superseded by sections 303 (e) and 709 of this title.

§ 1821. Command: commissioned officers of Women's Army
Corps

1 The Secretary of the Army shall prescribe the military authority
2 which commissioned officers of the Women's Army Corps may
3 exercise.

Revision Note

Based on 10:316d.

The last 12 words of 10:316d are omitted as superseded by sections 303 (e)
and 709 of this title.

§ 1823. Command: chaplains

1 A chaplain has rank without command.

Revision Note

Based on 10:235.

The words "and shall be on the same footing with other officers of the Army,
as to tenure of office, retirement, and pensions" are omitted as obsolete, since
there is no distinction between the status of a chaplain as an officer and the status
of other officers of the Army.

§ 1825. Command: retired officers

1 A retired officer has no right to command except when on active
2 duty.

Revision Note

Based on 10:1024.

The words "and from the line of promotion" are omitted, since they refer to
the operation of laws relating to promotion in the Regular Army which apply,
under section 1337 of this title, only to officers on the active list. The words
"except when on active duty" are inserted for clarity.

CHAPTER 67. THE UNIFORM

Sec.

- 1901. President may prescribe.
- 1903. Unauthorized wearing prohibited.
- 1905. When wearing by persons not on active duty authorized.

§ 1901. President may prescribe

- 3 (1) the uniform, or a distinctive part of the uniform, of the
- 4 Army; or
- 5 (2) a uniform any part of which is similar to a distinctive part
- 6 of the uniform of the Army.

Revision Note

Based on 10:1393 (1st paragraph, less 1st, 2d, and last provisions).

The words "Except as otherwise provided in this chapter" are inserted to give effect to the exceptions in other revised sections of this chapter.

§ 1905. When wearing by persons not on active duty authorized

- 1 (a) A member of the Army National Guard may wear the uniform
- 2 prescribed for the Army National Guard.
- 3 (b) A retired officer of the Army may wear the uniform of his

- 8 (d) A person not on active duty who served honorably in the armed
- 9 forces in time of war, and whose most recent period of service ter-
- 10 minated honorably or under honorable conditions, may bear the
- 11 title, and, upon occasions of ceremony, wear the uniform, of the
- 12 highest grade held by him in the armed forces during that war.

§ 1905

PERSONNEL

11

- 13 (e) While portraying a member of the Army, an actor in a theatrical or motion-picture production may wear the uniform if the portrayal does not tend to discredit the armed forces.

Revision Note

Based on 10-1023 (1st sentence), 1028b, and 1393 (words of 1st proviso of 1st paragraph before 1st semicolon, between 2d and 4th semicolons, and between 8th and 9th semicolons).

In subsection (a), the rule stated in the words before the first semicolon of the first paragraph of 10-1393 is restated to make positive the authority of members of the Army National Guard to wear their prescribed uniform.

In subsection (d), the words between the second and third semicolons of the first proviso of the first paragraph of 10-1393 are omitted as superseded by 10-1028b, which authorizes the wearing of the uniform by members of the Army who are discharged honorably or under honorable conditions.

In subsection (e), the words "while portraying a member of the Army an actor in a theatrical or motion-picture production" are substituted for the words "any person from wearing the uniform of the United States Army, Navy, or Marine Corps, in any playhouse or theater or in moving picture films while actually engaged in representing therein a military or naval character".

§ 1907. When distinctive insignia required

- 1 (a) A person in any of the following categories may wear the uniform authorized for that category, if it includes distinctive insignia prescribed by the Secretary of the Army to distinguish it from the uniform of the Army:
- 2 form authorized for that category, if it includes distinctive insignia
3 prescribed by the Secretary of the Army to distinguish it from the
4 uniform of the Army:
- 5 (1) The uniform prescribed by the Secretary to be worn by an
6 officer or resident of a veterans' home administered by the Vet-
7 erans' Administration.
- 8 (2) The uniform prescribed by the university, college, or school
9 for an instructor or member of the organized cadet corps of—
- 10 (A) a State university or college, or a public high school,
11 having a regular course in military instruction; or
- 12 (B) an educational institution having a regular course in
13 military instruction, and having a member of the Army as
14 instructor in military science and tactics.
- 15 (3) The uniform prescribed by the Army to be worn by a civilian
16 while attending a course of military instruction conducted by
17 the Army.
- 18 (4) The uniform prescribed by a military society composed of
19 persons discharged honorably or under honorable conditions from
20 the armed forces of the United States to be worn by a member
21 of that society upon occasions of ceremony.
- 22 (5) The uniform prescribed by the Boy Scouts of America to
23 be worn by a member of that organization.

Ch. 67

THE UNIFORM

§ 1911

- 24 (6) The prescribed uniform of any other organization desig-
25 nated by the Secretary.
26 (b) A uniform prescribed under clause (2) or (4) of subsection (a)
27 may not include insignia of grade the same as, or similar to, those
28 prescribed for officers of the Army.

Revision Note

Based on 10-1393 (words of 1st proviso of 1st paragraph between 1st and 2d semicolons, and between 4th and 8th semicolons; 2d proviso of 1st paragraph, last proviso of 1st paragraph, and last proviso of last paragraph).

In subsection (a), the word "mark" is omitted as surplusage.

In subsection (a) (1), the word "resident" is substituted for the word "member".

In subsection (a) (4), the words "persons discharged honorably or under honorable conditions from the armed forces of the United States" are substituted for the words "entirely of honorably discharged officers or enlisted men, or both, of the United States Army, Navy, or Marine Corps, Regular or Volunteer".

§ 1911. Jurisdictions to which provisions apply

- 1 Sections 1903, 1905, and 1907 of this title apply in the Canal Zone,
2 Guam, American Samoa, the Virgin Islands, and all other places
3 under the jurisdiction of the United States.

Revision Note

Based on 10-1393 (less 1st and last paragraphs).

CHAPTER 69. MISCELLANEOUS PROHIBITIONS AND PENALTIES; UNITED STATES DISCIPLINARY BARRACKS

See.

- 2001. Dealing in quartermaster supplies prohibited.
- 2003. Members of Army; forfeiture of pay and allowances during absence from duty due to disease from intemperate use of alcohol or drugs.
- 2005. Commissioned officers; forfeiture of pay and allowances when dropped from rolls.
- 2007. Enlisted members; pay and allowances not to accrue during suspended sentence of dishonorable discharge.
- 2009. Enlisted members; forfeiture of right to pension by deserters.
- 2011. Enlisted members; required to make up time lost.
- 2013. Enlisted members; donation and travel allowance on discharge for fraudulent enlistment.
- 2015. United States Disciplinary Barracks; organization and administration.
- 2017. United States Disciplinary Barracks; training of prisoners.
- 2019. United States Disciplinary Barracks; parole; remission of sentence; restoration to duty.

§ 2001. Dealing in quartermaster supplies prohibited

- 1 No officer of the Quartermaster Corps and no officer performing
- 2 the duties of an officer of that branch may—
- 3 (1) be directly or indirectly concerned, except on account of
- 4 the United States, in the purchase or sale of any article procured,
- 5 supplied, or sold by that branch, or in its custody; or
- 6 (2) take or apply to his own use any gain not allowed by law
- 7 for transacting business connected with the duties of his office.

Revision Note

Based on 10:1315.

The words "performing the duties of an officer of that branch" are substituted for the words "or doing the duty of a quartermaster or assistant quartermaster", since quartermasters and assistant quartermasters are officers of that branch. The words "any article procured, supplied, or sold, by that branch, or in its custody" are substituted for the words "any article entering into the composition of the ration allowed to troops in the service of the United States, or of any article designated by the officers of the Inspector General's Department of the Army, and furnished for sale to officers and enlisted men at cost prices, or of tobacco furnished for sale to enlisted men, or of any other article intended for or appertaining to said department or service", since the enumeration exhausts the list of items handled by that branch.

Ch. 69 MISCELLANEOUS PROHIBITIONS AND PENALTIES § 2007

§ 2003. **Members of Army: forfeiture of pay and allowances during absence from duty due to disease from intemperate use of alcohol or drugs**

1 A member of the Army on active duty who is absent from duty for
2 a continuous period of more than one day because of disease that is
3 directly caused by and immediately follows his intemperate use of
4 alcoholic liquor or habit-forming drugs is not entitled to pay for the
5 period of that absence. However, each member whose pay is so
6 forfeited for more than one month is entitled to \$5.00 for each full
7 month that his pay is forfeited. Any determination of periods and
8 causes of absence under this section shall be made under regula-
9 tions prescribed by the Secretary of the Army, and is final and
10 conclusive.

Revision Note

Based on 10:847a, 847c, and 847d.

The words "A member of the Army on active duty" are substituted for the words "person in active service in the military service", in 10:847a. The words "regular", "at any one time", "as distinguished from injury", and "as distinguished from allowances", in 10:847a; "within the scope of", "procedure", and "for all purposes", in 10:847c; and "for necessary personal expenses", in 10:847d, are omitted as surplusage.

§ 2005. **Commissioned officers: forfeiture of pay and allowances when dropped from rolls**

1 A commissioned officer of the Army who is dropped from the rolls
2 under section 2501 of this title for absence without leave for three
3 months forfeits all pay due or to become due.

Revision Note

Based on 10:849.

The words "under section 2501 of this title" are inserted for clarity. The word "commissioned" is inserted, since 30:739 historically is not applicable to warrant officers. The words "by the President" are omitted as surplusage.

§ 2007. **Enlisted members: pay and allowances not to accrue during suspended sentence of dishonorable discharge**

1 Pay and allowances do not accrue to an enlisted member of the
2 Army who is in confinement under sentence of dishonorable dis-
3 charge, while the execution of the discharge is suspended.

Revision Note

Based on 10:876.

The words "enlisted member of the Army" are substituted for the word "soldier". The words "under authority of the Articles of War" are omitted as

§ 2007

PERSONNEL

II

surplusage. The last 46 words of 10:876 are omitted as executed. The words "who is in confinement" are inserted to conform to the decision of the Comptroller General, 15 Comp. Gen. 646, January 21, 1936.

§ 2009. Enlisted members: forfeiture of right to pension by deserters

1 No enlisted member of the Army who deserts is entitled to a
2 pension.

Revision Note

Based on 10:1432.

The words "enlisted member of the Army" are substituted for the word "soldier", since 10:1432 applies only to enlisted members. The words "besides incurring the penalties which on Apr. 26, 1898, attached to the crime of desertion" are omitted as surplusage, since the specific punishment for desertion is set forth in Article 83 of the Uniform Code of Military Justice (50 U. S. C. 679).

§ 2011. Enlisted members: required to make up time lost

1 An enlisted member of the Army who—
2 (1) deserts;
3 (2) is absent from his organization, station, or duty for more
4 than one day without proper authority;
5 (3) is confined for more than one day while awaiting trial
6 and disposition of his case, and his conviction is finally ap-
7 proved and if necessary confirmed;
8 (4) is confined for more than one day under a sentence which
9 has been finally approved and if necessary confirmed; or
10 (5) is unable for more than one day to perform his duties
11 because of intemperate use of drugs or alcoholic liquor, or because
12 of disease or injury resulting from his misconduct;
13 is liable, after his return to full duty, to serve for a period which,
14 when added to the period that he served before his absence amounts
15 to the term of his enlistment.

Revision Note

Based on 10:1579.

The words "enlisted member of the Army" are substituted for the word "soldier". The words "in an existing or subsequent enlistment", "the service of the United States", and "renders himself", are omitted as surplusage. The reference to furloughs to the "Army reserve" is omitted, since provisions relating to the Army reserve were repealed by section 401 (a) of the Army Organization Act of 1950, 64 Stat. 271. The words "finally approved and if necessary confirmed" are inserted in clauses (3) and (4) to conform to administrative practice.

Ch. 69 MISCELLANEOUS PROHIBITIONS AND PENALTIES § 2015

§ 2013. Enlisted members: donation and travel allowance on discharge for fraudulent enlistment

1 Under regulations prescribed by the Secretary of the Army, a
 2 member of the Army who is discharged because of fraudulent enlist-
 3 ment or induction, and who would otherwise be without funds for his
 4 immediate needs, is entitled to not more than \$10 and transportation
 5 in kind from a place of discharge to his home or any other place
 6 selected by him. However, the cost of transportation may not be
 7 more than the cost of transportation to the place where he last enlisted.

Revision Note

Based on 10:919.

The words "member of the Army" are substituted for the word "person".
 The word "because" is substituted for the words "on account of". The words
 "hereafter", "be allowed", "in those cases", "in each case", and "in the case",
 are omitted as surplusage. The provisions of 10:919 relating to the Civilian
 Conservation Corps are omitted as obsolete.

§ 2015. United States Disciplinary Barracks: organization and administration

1 (a) Under regulations prescribed by the Secretary of the Army, the
 2 officer of the Army designated by him shall govern and control the
 3 United States Disciplinary Barracks at Fort Leavenworth, Kansas,
 4 and all offenders confined therein. There shall be at the United
 5 States Disciplinary Barracks a commandant and such other officers
 6 as may be necessary.
 7 (b) The commandant of the United States Disciplinary Barracks—
 8 (1) shall command the Barracks and have custody of all
 9 offenders sent there for confinement;
 10 (2) shall control and employ offenders as he considers best for
 11 their health and reformation and with a view to their honorable
 12 restoration to duty or reenlistment;
 13 (3) shall make a record of the conduct of offenders; and
 14 (4) may reduce the daily time of hard labor of offenders who
 15 by their industry and general good conduct earn the reduction.
 16 (c) The Secretary may designate any building, or any part thereof,
 17 under the control of the Department of the Army, as a branch of the
 18 United States Disciplinary Barracks for the confinement of offenders
 19 whom it is impracticable to send to the United States Disciplinary
 20 Barracks. Branch disciplinary barracks are subject to the laws
 21 relating to the United States Disciplinary Barracks.
 22 (d) The Secretary shall have made at the United States Dis-
 23 ciplinary Barracks any supplies for the Army and the Air Force
 24 that can be economically and properly made there.

Revision Note

Based on 10:1451, 1453, 1455, 1458, and 1459; and uncodified Act of Mar. 4, 1915, ch. 143, sec. 2 (4) (1st sentence), 38 Stat. 1085.

In subsection (a), the words "and who shall submit annually to Congress a full statement of the financial and other affairs of said institution for the preceding fiscal year" in section 2 (3) of the Act of Mar. 4, 1915, ch. 143, 38 Stat. 1085, are not contained in 10:1453. They are also omitted from the revised section as repealed by section 1 (33) of the Act of May 29, 1928, 45 Stat. 988. 10:1454 has been eliminated from Supplement IV to the 1946 Edition of the United States Code as repealed by section 401 (cc) of the Army Organization Act of 1950, 64 Stat. 272. However, the Army Organization Act did not repeal section 2 (4) (1st sentence) of the Act of Mar. 4, 1915, ch. 143, 38 Stat. 1085, which previously appeared as the first sentence of 10:1451, and accordingly it is reflected in the revised section.

In subsection (c), the provisions of section 1 (first proviso under "Incidental Expenses, Quartermaster Corps") of the Act of Mar. 4, 1915, ch. 143, 38 Stat. 1074, which provide that branch disciplinary barracks are branches of the United States Disciplinary Barracks, are not contained in 10:1458, but are reflected in the revised section. The words "offenders sent thereto for confinement" are omitted as surplusage.

§ 2017. United States Disciplinary Barracks: training of prisoners

- 1 The Secretary of the Army—
- 2 (1) shall provide for the military training of offenders who
- 3 are confined in the United States Disciplinary Barracks under
- 4 sentence of Army courts-martial and whose conduct indicates
- 5 that, upon completing a course of military training, they may
- 6 be worthy of honorable restoration to duty or of being permitted
- 7 to reenlist;
- 8 (2) may provide for the organization of offenders selected for
- 9 military training under clause (1) into disciplinary infantry
- 10 units; and
- 11 (3) may provide for equipping disciplinary units.

Revision Note

Based on 10:1456.

The words "except color sergeants" are omitted as obsolete. The reference to 10:1454 is omitted as repealed by section 401 (cc) of the Army Organization Act of 1950, 64 Stat. 272. The words "under sentence of Army courts-martial" are inserted, since persons under the jurisdiction of either the Army or the Air Force may be confined in the Disciplinary Barracks.

§ 2019. United States Disciplinary Barracks: parole; remission of sentence; restoration to duty

- 1 (a) The Secretary of the Army may provide a system of parole for
- 2 offenders who are confined in the United States Disciplinary Barracks
- 3 under sentence of Army courts-martial.

Ch. 69 MISCELLANEOUS PROHIBITIONS AND PENALTIES § 2019

4 (b) Whenever he considers it advisable, the Secretary may remit
5 the unexecuted part of the sentence of such an offender, and may
6 order his honorable restoration to active duty if he has not been
7 discharged. If he has been discharged the Secretary may authorize
8 his reenlistment or, upon written application, order his return to
9 active duty. Such an order revives the enlistment contract for a
10 period equal to that not previously served under it. So far as it
11 relates to honorable restoration to active duty, this subsection applies
12 to general prisoners confined elsewhere under sentence of Army
13 courts-martial.

Revision Note

Based on 10:1457, 1457a, and 1457b.

In subsection (a), the words "the terms and conditions of such parole to be such as the Secretary of the Army may prescribe" are omitted as surplusage.

In subsections (a) and (b), the words "under sentence of Army courts-martial" are inserted for clarity, since persons under the jurisdiction of either the Army or the Air Force may be confined in the Disciplinary Barracks.

- 7 (3) all enlisted service; and

- 9 (b) The names of retired officers of the Regular Army shall be
- 10 carried on the Army Register.

Revision Note

Based on 10,500 and 1023 (less 1st sentence).

In subsection (a), the words "non-regular service" are substituted for the words "or shall have served in the Volunteer Army, either as an enlisted man or officer". The words "Volunteer Army" were intended to cover all service other than

Ch. 71 MISCELLANEOUS RIGHTS AND BENEFITS § 2105

regular service. While there is no longer a Volunteer Army, there are still many types of service other than regular service, and the words "Volunteer Army" have consistently been administratively interpreted to include all non-regular service. The words "branch of the Army" are substituted for the words "arms of the service" to conform to sections 705 and 707 of this title. Clause (2) is inserted for clarity, as a necessary implication of 10,500.

In subsection (b), the words "and shall be subject to the rules and articles of war, and to trial by general court-martial for any breach thereof" are omitted as superseded by Article 2 (4) of the Uniform Code of Military Justice (50 U. S. C. 552).

§ 2103. Service credit: officers; service as cadet not counted

- 1 In computing length of service for any purpose, no officer of the
- 2 Army may be credited with service as a cadet at the United States
- 3 Military Academy or as a midshipman at the United States Naval
- 4 Academy, if he was appointed as a cadet or midshipman after
- 5 August 24, 1912.

Revision Note

Based on 37.4c.

The Acts of June 7, 1924, ch. 291, Title I (proviso of 7th paragraph under "Finance Department"), 43 Stat. 481; Feb. 12, 1925, ch. 225, Title I (proviso of 6th paragraph under "Finance Department"), 43 Stat. 896; Apr. 15, 1926, ch. 146, Title I (proviso of 5th paragraph under "Finance Department"), 44 Stat. 257, contain the same language, substantively, as the Act of Aug. 24, 1912, but are appropriation act provisions and contain no language of futurity. The Act of Aug. 24, 1912, however, was intended to be permanent as evidenced by the use of the word "Hereafter". The word "service" is substituted for the words "time spent".

§ 2105. Service credit: certain service as a nurse, woman medical specialist, or civilian employee of Army Medical Department to be counted

- 1 In computing years of active duty, there shall be credited for all
- 2 purposes, except determination of grade, rank, and right to pro-
- 3 motion in the Regular Army, the following service, in addition to
- 4 any other service that may be credited—
- 5 (1) all active duty performed in the Army Nurse Corps as it
- 6 existed at any time before April 16, 1947;
- 7 (2) all active duty performed in the Navy Nurse Corps as it
- 8 existed at any time before April 16, 1947;
- 9 (3) all active duty performed under an appointment under the
- 10 Act of December 22, 1942, ch. 805 (56 Stat. 1072), or the Act of
- 11 June 22, 1944, ch. 272 (58 Stat. 324); and

§ 2105

PERSONNEL

II

- 12 (4) all active full-time service, except as a student or appren-
 13 tice, with the Medical Department of the Army as a civilian
 14 employee—
 15 (A) in the dietetic or physical therapy categories, if the
 16 service was performed after April 6, 1917; or
 17 (B) in the occupational therapy category, if the service
 18 was performed before appointment as a commissioned
 19 officer in the Regular Army in the Army Nurse Corps or
 20 the Women's Medical Specialist Corps.

Revision Note

Based on 10:166i.

The words "active duty" are substituted for the words "active Federal military service" and "active military service" for uniformity. In clauses (1) and (2), the words "as it existed at any time before April 16, 1947" are inserted for clarity, since the legislative history of 10:166i shows that the reference is intended to apply to the corps established by law before April 16, 1947. Service in the Army Nurse Corps now existing would be included as "other service that may be credited". In clause (4), the word "Army" is substituted for the words "War Department", since the Medical Department was in the Army and not in the War Department.

§ 2107. Service credit: Regular Army commissioned service to be counted as warrant service

- 1 A warrant officer of the Regular Army is entitled to count active
 2 commissioned service in the Army, and in the Air Force, as warrant
 3 service for all purposes.

Revision Note

Based on 10:598 (last proviso).

§ 2109. Service credit: Regular Army enlisted members; commissioned service to be counted as enlisted service

- 1 An enlisted member of the Regular Army is entitled to count active
 2 commissioned service in the Army, and in the Air Force, as enlisted
 3 service for all purposes.

Revision Note

Based on 10:631a (last proviso).

§ 2111. Applicability of laws to female members

- 1 Except as otherwise specifically provided and except as necessary
 2 to adapt such a law to those persons, laws applicable to male members
 3 or male former members of the Regular Army, to male members or
 4 male former members of the Organized Reserve Corps, or to their
 5 dependents or beneficiaries, apply in like cases to female members or

Ch. 71 MISCELLANEOUS RIGHTS AND BENEFITS § 2115

- 6 female former members of the Regular Army, to female members or
7 female former members of the Organized Reserve Corps, and to their
8 dependents and beneficiaries, respectively.

Revision Note

Based on 10: 166b, 316c, 375, and 378 (b).

The provisions of 10: 316c and 378 (b) are omitted as superseded by section 102 (g) and (j) of the Career Compensation Act of 1949 (37:234 (g) and (j)). The words "now or hereafter" are omitted as surplusage. The word "members" is substituted for the description of classes of persons covered by the source statutes, since those descriptions cover all members and former members of the Regular Army and Organized Reserve Corps.

§ 2113. **Dual capacity; reserve officers not on active duty exempt from restrictions**

- 1 When he is not on active duty, a commissioned officer of a reserve
2 component of the Army is not considered to be an officer or employee
3 of the United States, or a person holding an office of trust or profit or
4 discharging any official function under or in connection with the
5 Government of the United States, by reason of his appointment,
6 oath, or status, or any duties or functions performed or pay or
7 allowances received in that capacity.

Revision Note

Based on 10: 372; and 32:20.

Since 10: 372 and 32:20 cover all reserve components of the Army, the words "a reserve component of the Army" are substituted for the words "Officers' Reserve Corps", in 10: 372, and "National Guard of the United States", in 32:20. The word "solely" is omitted as surplusage. The word "considered" is substituted for the words "held or deemed".

§ 2115. **Compensation: members of Army other than members of Regular Army; when same as that provided for members of Regular Army**

- 1 Any member of the Army, other than a member of the Regular
2 Army, is entitled to the pay and allowances, pensions, retired pay,
3 and other compensation, provided by law or regulation for a member
4 of the Regular Army of corresponding grade and length of service,
5 whenever—
6 (1) he is called or ordered to active duty for a period of more
7 than 30 days, and is disabled in line of duty from disease during
8 that period of duty;
9 (2) he is in training under section 3502 of this title for a period
10 of more than 30 days, and is disabled in line of duty from disease
11 during that period of training; or

§ 2115

PERSONNEL

II

12 (3) he is called or ordered to active duty, or to perform train-
 13 ing, for any period of time, and is disabled in line of duty from
 14 injury during that period of duty or training.

Revision Note

Based on 10-456 (less applicability to hospitalization and death gratuities); and 32:190a (as applicable to Army National Guard, less applicability to hospitalization and death gratuities).

The words "active duty for training", "inactive-duty training", and "shall be deemed to have been in the active military service during such period and", in 10-456, are omitted as surplusage. The references, in 32:160a, to 10-22-23, 24-26, and 30-36, are omitted as repealed by section 401 of the Army Organization Act of 1950, 64 Stat. 271. The reference to 10-23a is omitted as executed. So far as the references in 32:160a apply to the pay and allowances, pensions, retirement pay, and other compensation for members of the Army National Guard of the United States on active duty, they are omitted as covered by 10-456. With the exception of 32-62 (4th proviso of last sentence), the references in 32:160a do not refer to the training of members of the Army National Guard of the United States, and are therefore omitted from the revised section. The words "active duty for a period of more than" are substituted for the words "active military service by the Federal Government for extended military service in excess of", in 10-456. In clauses (1), (2), and (3), the words "during that period of duty", "during that period of training", and "during that period of duty or training", are substituted for the words "while so employed" and "while so engaged".

§ 2117. Death gratuity

1 (a) The office or officer designated by the Secretary of the Army
 2 shall pay a death gratuity to the widow, child, or other dependent
 3 relative named in subsection (b), of—

4 (1) each member of the Regular Army on active duty who
 5 dies from a disability incurred not as a result of his own mis-
 6 conduct; and

7 (2) each member of the Army, other than a member of the
 8 Regular Army, who dies from a disability incurred in line of
 9 duty—

10 (A) while on active duty for a period of more than 30
 11 days, if the death is caused by disease;

12 (B) while in training under section 3502 of this title, for
 13 a period of more than 30 days, if the death is caused by
 14 disease; or

15 (C) while on active duty, or while in training, for any
 16 period of time, if the death is caused by injury.

17 The death gratuity shall be equal to six months' basic pay at the rate
 18 to which the member was entitled on the date of his death.

Ch. 71 MISCELLANEOUS RIGHTS AND BENEFITS § 2117

19 (b) The amount payable under subsection (a) shall be paid, im-
 20 mediately upon receipt of official notification of the death of the
 21 member, to the living person highest on the following list:

- 22 (1) The widow of the deceased member.
 23 (2) His child or children, except a married child or an un-
 24 married child over 21 years of age who was not a dependent of
 25 the deceased member.
 26 (3) Any other dependent relative designated by the deceased
 27 member.
 28 (4) Any dependent grandchild, parent, brother, sister, or
 29 grandparent of the deceased member whom the Secretary of
 30 the Army determines to have been dependent upon the deceased
 31 member.

32 (c) The determination of the Secretary as to dependency under
 33 subsection (b) (4) is conclusive upon the General Accounting Office.

34 (d) If a beneficiary dies before he receives the death gratuity, it
 35 shall be paid to the living beneficiary next in the order set forth in
 36 subsection (b).

37 (e) The Secretary shall prescribe regulations requiring each member
 38 of the Army having no wife or eligible child to designate the dependent
 39 relative to whom the death gratuity shall be paid upon his death.

40 (f) Payments under subsection (a) (1) shall be made from funds
 41 appropriated for the pay of the Army.

Revision Note

Based on 10:456 (as applicable to death gratuities), 903, and 903a, and 32:160a (as applicable to death gratuities for Army National Guard of United States).

In subsection (a), 10:456 (as applicable to death gratuities) and 32:160a (as applicable to death gratuities for Army National Guard of United States) provide the same death gratuities for members of the Army, other than members of the Regular Army, as are "now or may hereafter" be provided for members of the Regular Army, under certain conditions of service and disability. Subsection (a) (2) provides such persons with the death gratuity now provided by law for members of the Regular Army. By combining these provisions in one section, the revised section insures that any change hereafter made will apply equally to all classes of persons covered by it. The words "active duty for training", "inactive-duty training", and "shall be deemed to have been in the active military service during such period and", in 10:456, are omitted as surplusage. The references, in 32:160a, to 10:22-23, 24-26, and 30-36 are omitted as repealed by section 401 of the Army Organization Act of 1950, 64 Stat. 271. The reference to 10:23a is omitted as executed. So far as the references in 32:160a apply to death gratuities for members of the Army National Guard of the United States on active duty, they are omitted as covered by 10:456. With the exception of 32:62 (1)(b) proviso of last sentence), the references in 32:160a do not refer to the training of members of the Army National Guard of the United States, and are therefore omitted from the revised section. The words "active duty for a period of more than" are substituted for the words

II

"active military service by the Federal Government for extended military service in excess of", in 10:456. In clauses (2) (A), (B), and (C), the words "while on active duty", "while in training", "while on active duty, or while in training", are substituted for the words "while so employed" and "while so engaged". 10:903 (1st proviso of last sentence) is omitted as surplusage. 10:903 (last proviso of last sentence) is omitted as executed. 10:903a is omitted as covered by 10:903, since members of the Army Nurse Corps, Regular Army, are now members of the Regular Army.

§ 2119. Funeral expenses

- 1 (a) Under regulations prescribed by the Secretary of the Army,
2 the United States shall pay the funeral expenses of—
- 3 (1) each member of the Regular Army who dies while on
4 active duty;
- 5 (2) each accepted applicant for enlistment in the Regular
6 Army who dies before becoming a member;
- 7 (3) each person who is discharged from an enlistment in the
8 Regular Army while a patient in a hospital and who continues
9 as such until his death;
- 10 (4) each civilian officer or employee of the Department of the
11 Army who, by competent authority, has been ordered from his
12 home in the United States to Hawaii, Alaska, Puerto Rico, the
13 Canal Zone, or a foreign country, and who dies while traveling
14 to or from, or while on duty at, that place;
- 15 (5) each civilian officer or employee of the Department of the
16 Army who dies on a military transport or while with troops in
17 the field, or who, while on a military transport or with troops in
18 the field, incurs an injury or contracts a disease resulting directly
19 in death away from his home;
- 20 (6) each member of a reserve component of the Army who
21 dies from a disability incurred in line of duty while on active
22 duty in time of peace; and
- 23 (7) each member of the Reserve Officers' Training Corps, or
24 person attending a Citizens' Military Training Camp, who dies
25 from a disability incurred in line of duty while traveling to or
26 from, or while attending, a training camp under section 3709 or
27 3801 of this title.
- 28 (b) For a person covered by clause (1), (2), (3), (4), or (5) of
29 subsection (a), funeral expenses include—
- 30 (1) recovery of the body and its preparation for burial;
- 31 (2) interment, or cremation if requested by his relatives; and
- 32 (3) transportation of the remains to his home or to a national
33 cemetery designated by proper authority.

Ch. 71 MISCELLANEOUS RIGHTS AND BENEFITS § 2121

- 34 (c) For a person covered by clause (6) or (7) of subsection (a),
 35 funeral expenses include—
- 36 (1) recovery of the body, and its preparation for burial, in-
 37 cluding the use of the uniform and clothing issued to him;
 - 38 (2) interment, or cremation if requested by his relatives; and
 - 39 (3) transportation of the remains, and round-trip transporta-
 40 tion and subsistence of an escort, to the home of the deceased
 41 or to the place where he received his orders for active duty or
 42 training, or to any other place designated by his relatives if the
 43 distance thereto is no greater than the distance to his home.
- 44 (d) If any person pays all or part of the expenses payable by the
 45 United States under subsection (b) or (c), he is entitled to an amount
 46 not exceeding that payable by the United States under subsection
 47 (b) or (c).
- 48 (e) As used in subsection (a) (6), "in time of peace" includes, but
 49 is not limited to, the period after September 2, 1945, and before the
 50 date of the termination of World War II.

Revision Note

Based on 10:455d, 455f (loss applicability to 10:455a), 916, 916a, 916b, and 916d.

In subsection (a), the words "the Philippine Islands", in 10:916b, are omitted, since the Philippine Islands is now a foreign country.

In subsection (a) (4), the words "traveling to or from" are substituted for the words "performing authorized travel thereto or therefrom", in 10:916b.

In subsection (a) (5), the word "military" is substituted for the word "Army", before the word "transport", in 10:916b, since the functions formerly performed by the Army transport service are now performed by military transport services.

In subsection (a) (6) and (7), 10:455d (1st 42 words) describes the persons benefited by cross reference to 10:455a and 455e. Subsections (a) (6) and (7) are substituted for 10:455d (1st 42 words) to execute that cross reference.

In subsection (e), the words "termination of World War II" are substituted for the words "which is prior to the first day on which the United States is, by action of the Congress, or the President, or both, no longer engaged in any war in which the United States is engaged on June 18, 1948". The President on September 11, 1945, approved a recommendation of the War and Navy Departments designating "World War II" as the official name "for the present war covering all theaters and the entire period of hostilities" (see Code of Federal Regulations, 1945 Supplement, Titles 1-9, page 173). The words "(the date of formal surrender by Japan)" are omitted as surplusage.

§ 2121. Burial of prisoners: removal and reinterment of remains

- 1 The Secretary of the Army may pay the expenses of—
- 2 (1) preparation for burial and interment of military prisoners
 - 3 who die at military posts or bases, prisoners of war, and interned
 - 4 alien enemies who die in prison camps in the United States;

§ 2121

PERSONNEL

11

- 5 (2) removal of remains from abandoned posts or bases to
6 permanent military posts, bases, or national cemeteries;
7 (3) removal of the remains of members of the Army, Navy, Air
8 Force, or Marine Corps, interred in fields, abandoned graves, or
9 abandoned private or municipal cemeteries; and
10 (4) segregation of bodies in permanent American cemeteries in
11 Great Britain and France.

Revision Note

Based on 10:916c.

The word "bases" is inserted to make it clear that these functions may be performed reciprocally by the military departments. In clause (3), the words "members of the Army, Navy, Air Force, or Marine Corps" are substituted for the words "Federal soldiers, sailors, or marines" to make it clear that the revised section is not limited in application to the removal of remains of enlisted members only.

§ 2123. Assignments and allotments of pay

- 1 (a) Under regulations prescribed by the Secretary of the Army, a
2 commissioned officer of the Army may transfer or assign his pay ac-
3 count, when due and payable.
4 (b) A contract surgeon or contract dental surgeon, on duty in
5 Alaska, Hawaii, the Philippine Islands, or Puerto Rico, may transfer
6 or assign his pay account, when due and payable, under the regulations
7 prescribed under subsection (a).
8 (c) No assignment of pay by an enlisted member of the Army is
9 valid.
10 (d) Under regulations prescribed by him, the Secretary may allow
11 any—
12 (1) member of the Army;
13 (2) contract surgeon; or
14 (3) permanent civilian employee of the Department of the
15 Army on duty in Alaska or outside the continental limits of the
16 United States;
17 to make allotments from his pay for the support of any of his relatives,
18 or for any other purpose which the Secretary considers proper. If an
19 allotment made under this subsection is paid to the allottee before the
20 disbursing officer receives a notice of discontinuance from the person
21 required by regulation to furnish the notice, the amount of the allot-
22 ment is credited to the disbursing officer. If an allotment is errone-
23 ously paid because the person required by regulation to so report
24 failed to report the death of the allottee or any other fact that makes
25 the allotment not payable, the amount of the payment not recovered
26 from the allottee shall, if practicable, be collected by the Chief of
27 Finance from the person who failed to make the report.

Revision Note

Based on 10:891, 892, 893, and 894.

In subsection (c), the words "enlisted member of the Army" are substituted for the words "noncommissioned officer or private". The words "previous to his discharge" are omitted as surplusage, since after his discharge he is not a member.

In subsection (d), the words "member of the Army" are substituted for the words "officers, members of the Army Nurse Corps . . . and enlisted men of the Army". The words "active or retired" are omitted as surplusage, since retired members continue to be members of the Army. The words "which in his discretion warrant such action" are omitted as surplusage. The last sentence of 10:894 is omitted as executed.

§ 2125. Enlisted members' deposits

- 1 (a) Under regulations prescribed by the Secretary of the Army,
 2 an enlisted member of the Army may make deposits of \$5.00 or
 3 more with any finance officer of the Army. The finance officer shall
 4 give the member a deposit book containing the name of the member
 5 and of the finance officer. The amount, date, and place of each
 6 deposit shall be entered in that book.
- 7 (b) An amount deposited under subsection (a)—
 8 (1) shall be held during such period of the member's service as
 9 the Secretary prescribes;
 10 (2) shall be accounted for in the same manner as public funds;
 11 (3) shall be deposited in the Treasury and kept as a separate
 12 fund called the "Pay of the Army Deposit Fund";
 13 (4) is forfeited by desertion;
 14 (5) is exempt from liability for the member's debts; and
 15 (6) is not subject to forfeiture by sentence of a court-martial.
- 16 (c) Until one year after the termination of all wars in which the
 17 United States was engaged on December 18, 1942, an amount de-
 18 posited under subsection (a) for six months or more shall be paid, with
 19 interest at the rate of 4 percent a year, to the member at such time as
 20 the Secretary prescribes, or to his next of kin or legal representative,
 21 from the Pay of the Army Deposit Fund. After that date payment,
 22 with interest at the rate of 4 percent a year, may be made only to the
 23 member upon his discharge, or to his next of kin or legal representa-
 24 tive.
- 25 (d) The United States may not recover any indebtedness to the
 26 United States or any instrumentality thereof from an amount de-
 27 posited under subsection (a), or the interest thereon.
- 28 (e) Subject to subsection (b) (4), the United States is liable to an
 29 enlisted member for amounts deposited by him under subsection (a).

§ 2125

PERSONNEL

II

Revision Note

Based on 10:906, 906a, 907, and 908; and uncodified Act of Dec. 18, 1942, ch. 765, 56 Stat. 1057.

The first sentence of 10:906 is based on R. S. 1305, as restated by the Act of June 12, 1906, ch. 3978, 34 Stat. 246. Section 1 of the Act of Dec. 18, 1942, ch. 765, 56 Stat. 1057, amended the second sentence of R. S. 1305 to read as set forth in the second sentence of 10:906. However, section 3 of the Act of Dec. 18, 1942, provided that the amendments made by that act "shall be effective during the present war [World War II] and for a period of one year thereafter". Therefore, the second sentence of R. S. 1305, as restated by the Act of June 12, 1906, though permanent law, has been suspended for the period the Act of Dec. 18, 1942, is effective. Section 2 of the Act of Dec. 18, 1942, ch. 765, 56 Stat. 1058, also amended R. S. 1306, to read as set forth in 10:907. Thus, R. S. 1306, as restated by the Act of June 12, 1906, though permanent law, has also been suspended for the same period. The only change in permanent law made by the Act of Dec. 18, 1942, is to authorize the Secretary, for the period it is in effect, to permit the payment of interest and the withdrawal of deposits prior to the final discharge or death of the depositor. Therefore, although the provisions of R. S. 1305 and 1306, as modified by the Act of Dec. 18, 1942, are not fully contained in 10:906 and 907, they are set forth in subsections (b), (c), and (e) of the revised section.

In subsection (e), the words "next of kin or legal representative" are substituted for the words "heirs or representatives", since money descends to next of kin rather than to heirs. The words "until one year after the termination of all wars in which the United States was engaged on December 18, 1942" are inserted because of section 3 of the Act of Dec. 18, 1942.

In subsection (d), 10:906a is set forth as a positive rule of law rather than negatively as a rule of construction.

§ 2127. Exemption from arrest for debt: enlisted members

- 1 No enlisted member of the Army, while on active duty, may be
- 2 arrested on mesne process or taken or charged in execution for any
- 3 debt, unless it was contracted before his enlistment and amounted
- 4 to at least \$20 when first contracted.

Revision Note

Based on 10:610.

The words "enlisted member of the Army, while on active duty" are substituted for the words "enlisted man . . . during his term of service", since the words "during his term of service" were clearly not intended to exempt enlisted reservists from arrest while not on active duty.

§ 2129. Flying officer rating: qualifications

- 1 Only officers of the Army in the following categories may be rated
- 2 as flying officers:
 - 3 (1) Officers who have aeronautical ratings as pilots of service
 - 4 types of aircraft or as aircraft observers.
 - 5 (2) Flight surgeons.

Ch. 71 MISCELLANEOUS RIGHTS AND BENEFITS § 2135

- 6 (3) Officers undergoing flight training.
 7 (4) Under regulations prescribed by the Secretary of the
 8 Army, officers who are members of combat crews, other than
 9 pilots of service types of aircraft, aircraft observers, and ob-
 10 servers.
 11 (5) In time of war, officers who have aeronautical ratings as
 12 observers.

Revision Note

Based on 10:291e, 291e-1, and 291e.

The proviso of 10:291e and the words "after June 30, 1948", in 10:291e-1, are omitted as executed. The definition of the term "flying officer", in 10:291e, originally was a definition of the term "flying officer in time of peace" as provided by section 2 of the Act of July 2, 1926, ch. 721, 44 Stat. 781. Section 1 of the Act of Oct. 4, 1940, ch. 742, 54 Stat. 963, eliminated the words "in time of peace". As a consequence of that amendment the first 26 words of 10:291e are omitted as surplusage.

§ 2131. Pilot rating in time of peace: qualifications

- 1 To be eligible to receive a rating as a pilot in time of peace, a mem-
 2 ber of the Army must pilot a heavier-than-air craft for at least 200
 3 hours, of which 75 are alone, and must successfully complete the
 4 prescribed course.

Revision Note

Based on 10:291d.

The words "by competent authority" are omitted as surplusage. The words "except an aviation cadet" are omitted as inapplicable to the Army.

§ 2133. Pilot rating: Regular Army; college education not required

- 1 No person in the Regular Army who is otherwise qualified to be
 2 rated as a pilot may be disqualified because he does not have a
 3 college education.

Revision Note

Based on 10:293.

The words "in the Regular Army" are substituted for the words "in the aviation service", since the "aviation service" was a part of the Regular Army before the creation of a separate Air Force. The words "flying cadet" and "or other officer" are omitted as inapplicable to the Army.

§ 2135. Administration of oaths

- 1 Any commissioned officer of the Army, whether or not on active
 2 duty, may administer any oath required in the enlistment or appoint-
 3 ment of any person in the armed forces of the United States.

§ 2135

PERSONNEL

II

Revision Note

Based on 10-19.

The words "of any component (including the reserve component)" are omitted, since the word "Army" includes the reserve components. The words "any oath required in the enlistment or appointment of any person" are substituted for the words "the oath required for the enlistment of any person, the oath required for the appointment of any person to commissioned or warrant officer grade, and any other oath required by law in connection with the enlistment or appointment of any person".

CHAPTER 73. HOSPITALIZATION

Sec.

2201. Members of Army, other than members of Regular Army.
 2203. Members of R. O. T. C. and C. M. T. C.; members of reserve components not covered by section 2201.
 2205. When Secretary may require.
 2207. When authorized for enlisted members beyond term of enlistment.
 2209. Transportation for hospitalized enlisted members on furlough.

§ 2201. Members of Army, other than members of Regular Army

- 1 Any member of the Army, other than a member of the Regular
 2 Army, is entitled to the hospital benefits provided by law or regula-
 3 tion for a member of the Regular Army of corresponding grade and
 4 length of service, whenever—
 5 (1) he is called or ordered to active duty for a period of more
 6 than 30 days, and is disabled in line of duty, from disease, during
 7 that period of duty;
 8 (2) he is in training under section 3502 of this title for a period
 9 of more than 30 days, and is disabled in line of duty, from disease,
 10 during that period of training; or
 11 (3) he is called or ordered to active duty, or to perform train-
 12 ing, for any period of time, and is disabled in line of duty, from
 13 injury, during that period of duty or training.

Revision Note

Based on 10:456 (as applicable to hospitalization), and 32:160a (as applicable to hospitalization for Army National Guard of United States).

The words "active duty for training", "inactive-duty training", and "shall be deemed to have been in the active military service during such period and", in 10:456, are omitted as surplusage. The references, in 32:160a, to 10:22-23, 24-26, and 30-36 are omitted as repealed by section 401 of the Army Organization Act of 1950, 64 Stat. 271. The reference to 10:23a is omitted as executed. So far as the references in 32:160a apply to the hospitalization of members of the Army National Guard of the United States on active duty, they are omitted as covered by 10:456. With the exception of 32:62 (4) proviso of last sentence, the references in 32:160a do not refer to the training of members of the Army National Guard of the United States, and are therefore omitted from the revised section. The words "active duty for a period of more than" are substituted for the words "active military service by the Federal Government for extended military service in excess of", in 10:456. In clauses (1), (2), and (3), the words "during that period of duty", "during that period of training", and "during that period of duty or training", are substituted for the words "while so employed" and "while so engaged".

§ 2203. **Members of R. O. T. C. and C. M. T. C.: members of reserve components not covered by section 2201**

1 (a) Under regulations prescribed by the President, the following
2 persons are entitled to the benefits of subsection (b):

3 (1) Any member of a reserve component of the Army who is
4 injured, or contracts a disease, in line of duty while on active
5 duty in time of peace.

6 (2) Any member of the Reserve Officers' Training Corps, and
7 any person attending a Citizens' Military Training Camp, who
8 is injured, or contracts a disease, in line of duty, while traveling
9 to or from, or while attending, a training camp under section
10 3709 or 3801 of this title.

11 (b) So far as any benefit named in this subsection is not provided
12 for him under section 2201 of this title, any person named in sub-
13 section (a) is entitled to—

14 (1) the hospitalization, rehospitalization, and medical and
15 surgical care in a hospital and at his home, appropriate for the
16 treatment of his injury or disease until the resulting disability
17 cannot be materially improved by further hospitalization or
18 treatment;

19 (2) the basic pay and allowances to which he was entitled at
20 the time the injury was incurred or the disease contracted, dur-
21 ing the period of his hospitalization or rehospitalization, but not
22 for more than a total of six months after the termination of his
23 prescribed tour of duty or training;

24 (3) subsistence during hospitalization or rehospitalization
25 when he is not entitled to basic pay and allowances under clause
26 (2); and

27 (4) necessary transportation incident to his hospitalization,
28 rehospitalization, and return to his home when he is discharged
29 from the hospital.

30 (c) As used in subsection (a) (1), "in time of peace" includes,
31 but is not limited to, the period after September 2, 1945, and before
32 the date of the termination of World War II.

Revision Note

Based on 10: 455a, 455c, and 455f (as applicable to 10: 455a).

In subsection (a), the words between the first and second semicolons of 10: 455a are omitted as superfluous.

In subsection (a) (1), the words "Any member of a reserve component of the Army" are substituted for the words "Members of the Officers' Reserve Corps and of the Enlisted Reserve Corps of the Army and members of the National Guard of the United States".

In subsection (b), the words "So far as any benefit named in this subsection is not provided for him under section 2201 of this title" are inserted, since it

is possible that the benefits provided by that revised section will, as to certain persons, overlap those provided by this revised section.

In subsection (b) (2), the words "whether in money or in kind", in 10:455a, are omitted, since basic pay and allowances are payable only in money. The word "basic" is inserted before the word "pay" to conform to the terminology of the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.).

In subsection (c), the words "termination of World War II" are substituted for the words "which is prior to the first day on which the United States is, by action of the Congress, or the President, or both, no longer engaged in any war in which the United States is engaged on June 18, 1948". The President on September 11, 1945, approved a recommendation of the War and Navy Departments designating "World War II" as the official name "for the present war covering all theaters and the entire period of hostilities" (see Code of Federal Regulations, 1945 Supplement, Titles 1-9, page 173). The words "(the date of formal surrender by Japan)" are omitted as surplusage.

§ 2265. When Secretary may require

- 1 (a) The Secretary of the Army, under regulations prescribed by
2 him, may order the necessary hospitalization, medical and surgical
3 treatment, and domiciliary care, and may incur obligations with
4 respect thereto, of—
5 (1) any member of the Army on active duty; and
6 (2) any member of the Army National Guard of the United
7 States in training under section 3502 of this title.
8 (b) Subsection (a) applies whether or not the member was
9 injured, or contracted a disease, in line of duty. It does not apply to
10 a member treated in a private hospital, or by a civilian physician,
11 while on leave of absence for more than 24 hours.

Revision Note

* Based on 10:455e (less 1st proviso, as applicable to Army National Guard of United States); and 32:164d (less 1st proviso, as applicable to Army National Guard of United States).

In subsection (a), the references to 10:455a-455d and 32:164a-164e, and the words "nor any other law of the United States shall be construed as limiting the power and authority", are omitted, since the revised section makes explicit the authority of the Secretary to require the prescribed hospitalization and care. The words "so long as any or all are necessary" and "in the active military service" are omitted as surplusage. With the exception of 32:62 (4th proviso of last sentence), the references in 10:455e and 32:164d do not refer to members of the Army National Guard of the United States and are therefore omitted from the revised section.

§ 2267. When authorized for enlisted members beyond term of enlistment

- 1 (a) If the enlistment of a member of the Army on active duty
2 expires while he is disabled from disease or injury incident to service

§ 2207

PERSONNEL

II

3 and not because of his misconduct, and while he needs medical care
4 or hospitalization, he may be retained in service, with his consent,
5 beyond the expiration of his term of enlistment.

6 (b) A member retained in service under subsection (a) is entitled
7 to medical care and hospitalization, and to any basic pay and allow-
8 ances or expense money authorized by law, until he recovers suffi-
9 ciently to meet the physical requirements for reenlistment, or until
10 competent authority determines that recovery to that extent is
11 impossible. However, his pay is subject to forfeiture as if his term
12 of enlistment had not expired.

13 (c) This section does not prevent the retention in service, without
14 his consent, of an enlisted member of the Army under section 2011
15 of this title.

Revision Note

Based on 10-628a.

In subsection (b), the words "basic pay and allowances" are substituted for the words "pay and allowances . . . and credit for longevity", to conform to the terminology of the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.). The words "whichever is earlier" are omitted as surplusage.

§ 2209. Transportation for hospitalized enlisted members on furlough.

1 (a) The Secretary of the Army, under regulations prescribed by
2 him, may issue a furlough certificate, to be signed by the commanding
3 officer of the hospital, to any enlisted member of the Army who is
4 disabled and under treatment in a hospital.

5 (b) A member who presents a furlough certificate, issued under
6 subsection (a), to an agent of a railroad or steamship company is
7 entitled to buy transportation to his home and return, at the rate of
8 one cent a mile.

9 (c) Upon presentation of a furlough certificate on which a ticket
10 was issued under subsection (b), the company issuing the ticket is
11 entitled to receive from the United States the difference between
12 the amount paid by the member and the scheduled rate for that
13 ticket.

Revision Note

Based on 10-758.

In subsection (a), the words "wounded and otherwise" are omitted as surplusage. The words "enlisted member of the Army" are substituted for the word "soldiers". The words "who are given furloughs at any time" are omitted as surplusage, since the authority is discretionary.

In subsection (b), the words "over whose lines said soldier may travel to and from his home during the furlough period" are omitted as surplusage, since the authority extends only to transportation to and from his home.

- 2 a medal of honor to a person who, while a member of the Army,
- 3 and in action involving actual conflict with an enemy, distinguishes
- 4 himself conspicuously by gallantry and intrepidity at the risk of his
- 5 life above and beyond the call of duty.

Revision Note

Based on 10:1403.

The words "That the provisions of existing law relating to the award of medals of honor to officers, noncommissioned officers, and privates of the Army be, and they hereby are, amended so that", in the Act of July 9, 1918, ch. 143 (8th paragraph under "Ordnance Department"), 40 Stat. 870, are not contained in 10:1403. They are also omitted from the revised section as surplusage. The word "member" is substituted for the words "officer or enlisted man". The word "only" is omitted as surplusage. The word "award" is inserted for clarity, since the President determines the recipient of the medal in addition to presenting it.

PERSONNEL

§ 2303. Distinguished-service cross: award

1 The President may award a distinguished-service cross of appropriate design and a ribbon, together with a rosette or other device
2 to be worn in lieu thereof, to a person who, while serving in any
3 capacity with the Army, distinguishes himself by extraordinary
4 heroism in connection with military operations against an armed
5 enemy.
6

Revision Note

Based on 10-1406.

The words "but not in the name of Congress" are omitted as surplusage, since a medal is presented in the name of Congress only if the law so directs. The words "since the 6th day of April, 1917" are omitted as executed. The word "award" is substituted for the word "present" to cover the determination of the recipients as well as the actual presentation of the medal, and to conform to sections 2307, 2309, and 2329 of this title. The words "or herself" are omitted, since, under section 1 of title 1, words importing the masculine gender include the feminine.

§ 2305. Distinguished-service medal: award

1 The President may award a distinguished-service medal of appropriate design and a ribbon, together with a rosette or other device
2 to be worn in lieu thereof, to a person who, while serving in any

Revision Note

Based on 10-1407.

The words "but not in the name of Congress" are omitted as surplusage, since a medal is presented in the name of Congress only if the law so directs. The words "since the 6th day of April, 1917" are omitted as executed. The word "award" is substituted for the word "present" to cover the determination of the recipients as well as the actual presentation of the medal, and to conform to sections 2307, 2309, and 2329 of this title. The words "or herself" are omitted, since, under section 1 of title 1, words importing the masculine gender include the feminine.

§ 2307. Medal of honor; distinguished-service cross; distinguished-service medal: limitations on award

1 (a) No more than one medal of honor, distinguished-service cross,
2 or distinguished-service medal may be awarded to a person. However,
3 for each succeeding act that would otherwise justify the award
4 of such a medal or cross, the President may award a suitable bar or
5 other device to be worn as he directs.

DECORATIONS AND AWARDS

§ 2311

6 (b) No medal of honor, distinguished-service cross, distinguished-

10 act justifying the award;

11 (2) a statement setting forth the distinguished service and
12 recommending official recognition of it was made within two
13 years after the distinguished service; and

14 (3) it appears from records of the Department of the Army
15 that the person is entitled to the award.

16 (c) No medal of honor, distinguished-service cross, distinguished-
17 service medal, or device in lieu thereof, may be awarded or presented
18 to a person whose service after he distinguished himself has not been
19 honorable.

Revision Note

Based on 10-1409 (less words between 1st and 2d semicolons) and 1411.

In subsection (a), the words "may be awarded to a person" are substituted for the words "shall be issued to any one person" to conform to the other subsections of the revised section.

In subsection (b), the words "Except as otherwise prescribed in this section" are omitted as surplusage.

In subsection (c), the words following the third semicolon of 10-1409 are omitted as executed.

§ 2309. Medal of honor; distinguished-service cross; distinguished-service medal; delegation of power to award

1 The President may delegate his authority to award the medal of

§ 2311. Silver star: award

1 A person may wear, as the President directs, a silver star, three-
2 sixteenths of an inch in diameter, for each citation for gallantry in
3 action that does not warrant a medal of honor or distinguished-
4 service cross, if the person earned the citation while serving in any
5 capacity with the Army and it has been published in orders issued
6 from the headquarters of a force that is the appropriate command
7 of a general officer.

Based on 10.1416.

§ 2315. Medal of honor; distinguished-service cross; distinguished-service medal; silver star; availability of appropriations

1 The Secretary of the Army may spend, from any appropriation

Based on 10.1424.

§ 2317. Medal of honor; distinguished-service cross; distinguished-service medal; silver star; regulations

11 awarded or presented under this section to a person whose service
12 after he distinguished himself has not been honorable.

Ch. 75

DECORATIONS AND AWARDS

§ 2323

Revision Note

Based on 10-1429 (Sec. 1) 49 words of last sentence.

In subsection (a), the words "but not in the name of Congress" are omitted as surplusage, since a medal is presented in the name of Congress only if the law so directs. The word "award" is substituted for the word "present" to cover the determination of the recipients as well as the actual presentation of the medal. The proviso of the first sentence of 10-1429 is omitted as executed.

Although 10-1429 refers to persons serving "with the Air Corps of the Army", and the functions of the Army Air Corps have been transferred to the Air Force under section 208 (b) of the National Security Act of 1947 (5 U. S. C. 626 (b)), members of the Army continue to participate in aerial flights and are eligible for the award of the distinguished flying cross.

§ 2321. Legion of Merit: award

- 1 The President, under regulations prescribed by him, may award a
- 2 decoration called the "Legion of Merit", having suitable appurte-
- 3 nances and devices and not more than four degrees, to any member of
- 4 the armed forces of the United States or of any friendly foreign
- 5 nation who, since September 8, 1939, has distinguished himself by
- 6 exceptionally meritorious conduct in performing outstanding services.

Revision Note

Based on 10-1408 (1).

The words "Government of the Philippines" are omitted as covered by the words "any friendly foreign nation".

§ 2323. Medal for Merit: award

- 1 The President, under regulations prescribed by him, may award a
- 2 decoration called the "Medal for Merit", having distinctive appurte-
- 3 nances and devices and only one degree, to any civilian of any nation
- 4 prosecuting the war in existence on July 20, 1942, under the joint
- 5 declaration of the United Nations, as then constituted, or of any other
- 6 friendly foreign nation, who, since September 8, 1939, has distin-
- 7 guished himself by exceptionally meritorious conduct in performing
- 8 outstanding services. The Medal for Merit may be awarded to a
- 9 civilian of a foreign nation but only for performing an exceptionally
- 10 meritorious or courageous act in the furtherance of the war efforts
- 11 of the United Nations as then constituted.

Revision Note

Based on 10-1408 (2).

The words "in existence on July 20, 1942" are inserted for clarity and refer to the war in existence on the date of enactment of the source statute. The words "as then constituted" are inserted for clarity, since the United Nations organization in existence on July 20, 1942, is not the present United Nations organization. The words "the proclamation of an emergency by the President" are omitted as surplusage.

§ 2325

PERSONNEL

11

§ 2325. Soldier's Medal: award; limitations on award

1 (a) The President, under regulations prescribed by him, may
 2 award a decoration called the "Soldier's Medal", of appropriate
 3 design with accompanying ribbon, to any person who, while serving
 4 in any capacity with the Army, distinguishes himself by heroism not
 5 involving actual conflict with an enemy.

6 (b) Not more than one Soldier's Medal may be awarded to a
 7 person. However, for each succeeding act that would otherwise
 8 justify the award of such a medal, the President may award a suitable
 9 bar or other device to be worn as he directs.

Revision Note

Based on 10-1428.

In subsection (a), the words "but not in the name of Congress" are omitted as surplusage, since a medal is presented in the name of Congress only if the law so directs. The word "award" is substituted for the word "present" to cover the determination of the recipients as well as the actual presentation of the medal. The words "or herself" are omitted, since, under section 1 of title 1, words importing the masculine gender include the feminine. The words "after July 2, 1926", are omitted as operationally obsolete.

§ 2327. Service medals: issue; replacement; availability of appropriations

1 (a) The Secretary of the Army shall procure, and issue without
 2 charge to any person entitled thereto, any service medal authorized
 3 for members of the Army after May 12, 1928, and any ribbon, clasp,
 4 star, or similar device prescribed as a part of that medal.

5 (b) Under regulations prescribed by the Secretary, any medal or
 6 other device issued under subsection (a) that is lost, destroyed, or
 7 becomes unfit for use, without fault or neglect of the owner may be
 8 replaced at cost. However, if the owner is a member of the Army,
 9 the medal or device may be replaced without charge.

10 (c) The Secretary may spend, from any appropriation for the
 11 support of the Army, amounts necessary to provide medals and
 12 devices under this section and section 2329 of this title.

Revision Note

Based on 10-1415a (less 29th thru 29th words and clauses (a) thru (n), 1415b, and 1415c).

In subsection (a), the proviso of 10-1415a is omitted as surplusage, since the revised section is not limited to persons who are members of the Army at the time of the issue.

In subsection (b), the words "member of the Army" are substituted for the words "persons in the military service of the United States".

§ 2329. Medals: posthumous award and presentation

- 1 (a) If a person dies before the award of a medal of honor, dis-
 2 tinguished-service cross, distinguished-service medal, distinguished
 3 flying cross, or device in lieu thereof, to which he is entitled, the
 4 award may be made and the medal or device presented to his repre-
 5 sentative, as designated by the President.
 6 (b) If a person dies before an authorized service medal, or device
 7 prescribed as a part thereof, is presented to him under section 2327 of
 8 this title, it may be presented to his family.

Revision Note

Based on 10:1409 (words between 1st and 2d semicolons), 1415a (20th thru 29th words), and 1429 (1st 19 words of last sentence).

In subsection (a), the words "within three years from the date", in 10:1409, are omitted as covered by section 2307 of this title. The words "who shall distinguish himself", in 10:1409, and "who distinguishes himself", in 10:1429, are omitted as covered by the words "the award . . . to which he is entitled".

§ 2331. Posthumous commissions

- 1 (a) The President may issue, or have issued, an appropriate
 2 commission in the name of any member of the Army who, after
 3 September 8, 1939—
 4 (1) was appointed to a commissioned grade but was unable
 5 to accept the appointment because of death in line of duty;
 6 (2) successfully completed the course at an officers' training
 7 school and was recommended for appointment to a commissioned
 8 grade by the officer in charge of the school but was unable to
 9 accept the appointment because of death in line of duty; or
 10 (3) was officially recommended for appointment or promotion
 11 to a commissioned grade and the recommendation for whose
 12 appointment or promotion was approved by the Secretary of the
 13 Army, but who was unable to accept the promotion or appoint-
 14 ment because of death in line of duty.
 15 (b) A commission issued under subsection (a) shall issue as of the
 16 date of the appointment, recommendation, or approval, as the case
 17 may be, and the member's name shall be carried on the records
 18 of the Department of the Army as if he had served in the grade
 19 and branch in which posthumously commissioned, from the date of
 20 the appointment, recommendation, or approval, to the date of his
 21 death.

3 after September 8, 1939, was officially recommended for appoint-
4 ment or promotion to a noncommissioned grade but was unable to
5 accept the appointment or promotion because of death in line of duty.

6 (b) A warrant issued under subsection (a) shall issue as of the
7 date of the recommendation, and the member's name shall be carried
8 on the records of the Department of the Army as if he had served,

1 The Secretary of the Army may remove an officer from the active
2 list of the Regular Army for any cause that he considers satisfactory,
3 if the removal is recommended by a board of review under this chap-
4 ter. The Secretary's action in such a case is final and conclusive.

Revision Note

Based on 10:580 and 583 (last sentence, less proviso).

The words "if the removal is recommended by a board of review under this chapter" are substituted for the words "in the manner hereinafter prescribed", in 10:580. The words "Notwithstanding any other provision of law", in 10:580, are omitted as surplusage.

§ 2409. Rights and procedures

1 (a) Each officer under consideration for removal from the active
2 list of the Regular Army under this chapter shall be

3 (1) notified in writing of the pendency of any proceeding for
4 his removal;

5 (2) allowed reasonable time to prepare his defense;

6 (3) allowed to appear in person and by counsel at proceedings
7 before a board of inquiry and a board of review; and

Ch. 77 SEPARATION FOR FAILURE TO MEET STANDARDS § 2413

- 8 (4) allowed full access to, and furnished copies of, records
- 9 relevant to his case at all stages of the proceeding.
- 10 (b) No person may be a member of more than one board convened
- 11 under this chapter for the same officer.

Revision Note

Based on 10-584.

§ 2411. Officer considered for removal: voluntary retirement or honorable discharge; severance benefits

- 1 (a) At any time during proceedings under this chapter and before
- 2 the removal of an officer from the active list of the Regular Army, the
- 3 Secretary of the Army may grant his request—
- 4 (1) for voluntary retirement, if he is otherwise qualified there-
- 5 for; or
- 6 (2) for honorable discharge with severance benefits under sub-
- 7 section (b).
- 8 (b) Each officer removed from the active list of the Regular Army
- 9 under this chapter shall—
- 10 (1) if on the date of removal he is eligible for voluntary retire-
- 11 ment under any law, be retired in the grade and with the pay to
- 12 which he would be entitled if retired at his request; or
- 13 (2) if on that date he is ineligible for voluntary retirement, be
- 14 honorably discharged in the grade then held with severance pay
- 15 equal to one month's basic pay at the rate to which he was en-
- 16 titled on the date of discharge, multiplied by the number of years
- 17 of his active Federal commissioned service, but not more than
- 18 12.
- 19 (c) For the purpose of subsection (b) (2), a fraction of one-half or
- 20 more of a year is counted as a whole year, and a fraction of less than
- 21 one-half of a year is disregarded.

Revision Note

Based on 10-583 (provises of last sentence) and 585.

In subsection (b), the words "basic pay" are substituted for the words "base and longevity pay" to conform to the terminology of the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.). The words "not more than 12" are substituted for the first provise of 10-585.

§ 2413. Regulations

- 1 The Secretary of the Army may prescribe regulations to carry out
- 2 this chapter.

Revision Note

Based on 10-587 (a).

CHAPTER 79. SEPARATION FOR VARIOUS REASONS

Sec.

- 2501. Army: commissioned officers; limitations on dismissal.
- 2503. Army: enlisted members; discharge certificate, limitations on discharge.
- 2505. Army: enlisted members; emergency or wartime discharge.
- 2507. Army: enlisted members; dependency discharge.
- 2509. Regular Army: commissioned officers; discharge during three-year probationary period.
- 2511. Regular Army: warrant officers; termination of appointment.
- 2513. Regular Army: enlisted members; resignation of members enlisted on a career basis; limitations.
- 2515. Regular Army: enlisted members; minority discharge.
- 2517. Regular Army: enlisted members; purchase of discharge.
- 2521. Regular Army: commissioned officers, warrant officers, and enlisted members; Women's Army Corps, Army Nurse Corps, Women's Medical Specialist Corps; termination of appointment or enlistment.
- 2523. Organized Reserve Corps: commissioned officers; discharge.
- 2525. Army National Guard of United States: commissioned and warrant officers; discharge.
- 2527. Army National Guard of United States: enlisted members; discharge.

§ 2501. Army: commissioned officers; limitations on dismissal

- 1 No commissioned officer may be dismissed from the Army except—
- 2 (1) by sentence of a general court-martial;
- 3 (2) in commutation of a sentence of a general court-martial;
- 4 or
- 5 (3) in time of war, by order of the President.
- 6 However, the President may drop from the rolls of the Army any
- 7 commissioned officer (A) who has been absent without leave for three
- 8 months or more, or (B) who is sentenced to confinement in a Federal
- 9 or State penitentiary or correctional institution after having been
- 10 found guilty of an offense by a court other than a court-martial and
- 11 whose sentence has become final.

Revision Note

Based on 50-739.

The words "absent without leave" are substituted for the words "absent without authority from his place of duty" to conform to Article 86 of the Uniform Code of Military Justice (50 U. S. C. 680). The word "recommissioned" is inserted, since the rule stated in 50-739 historically is not applicable to warrant officers.

Ch. 75 SEPARATION FOR VARIOUS REASONS § 2509

§ 2503. Army: enlisted members; discharge certificate, limitations on discharge

- 1 (a) A discharge certificate shall be given to each lawfully inducted
- 2 or enlisted member of the Army upon his discharge.
- 3 (b) No enlisted member of the Army may be discharged before his
- 4 term of service expires, except—
- 5 (1) as otherwise specifically provided in this title;
- 6 (2) by sentence of a general or special court-martial; or
- 7 (3) as prescribed by the Secretary of the Army.

Revision Note

Based on 10-652a.

In subsections (a) and (b), the words "from said service" are omitted as surplusage. The requirement of a discharge certificate is stated positively, since the literal effect of 10-1580 would permit the indefinite retention of a member if such a certificate were refused him. The word "enlisted" is inserted as being within the meaning of the word "inducted".

Clause (b) (4) is inserted, since other sections of this title are necessarily exceptions to the general rule here stated.

§ 2505. Army: enlisted members, emergency or wartime; discharge

- 1 A person enlisted in the Army without specification of component
- 2 under section 1205 of this title may be discharged at any time by the
- 3 President, or otherwise according to law.

Revision Note

Based on 10-634 (last 18 words of 1st sentence).

§ 2507. Army: enlisted members; dependency discharge

- 1 The Secretary of the Army may discharge an enlisted member of
- 2 the Army, if, after his enlistment or induction, members of his family
- 3 become dependent upon him for care or support because of the death
- 4 or disability of a member of that family.

Revision Note

Based on 10-652.

The words "from the service of the United States" are omitted as surplusage. The words "or induction" are inserted for clarity.

§ 2509. Regular Army: commissioned officers; discharge during three-year probationary period

- 1 The Secretary of the Army, under regulations prescribed by him,
- 2 may discharge a commissioned officer of the Regular Army who has
- 3 less than three years of continuous service as a commissioned officer

§ 2509

PERSONNEL

ii

4 therein. However, such an officer may not be discharged because
5 of his marriage, unless the marriage occurred within one year after
6 the date of his original appointment.

Revision Note

Based on 10:484a.

The words "initially commissioned after the date of this section" are omitted as surplusage. The words "until July 1, 1942, the marriage of an officer shall not be a cause for revocation of commission" are omitted as executed. The word "appointment" is substituted for the word "commission", since the intent is to rescind the authority of a person to be an officer and not merely to revoke the written order of that authority. The words "of the Regular Army" are inserted for clarity. The word "revoke" is omitted, since the discharge of the officer would terminate his appointment.

§ 2511. Regular Army: warrant officers; termination of appointment

1 The appointment of a warrant officer of the Regular Army under
2 section 1363 of this title may be terminated under regulations prescribed by the Secretary of the Army. The termination of an
3 appointment under this section is final and conclusive.

Revision Note

Based on 10:591 (2d sentence, less 1st 11 words).

§ 2513. Regular Army: enlisted members; resignation of members enlisted on a career basis, limitations

1 (a) Except as provided in subsection (b), a member of the Regular
2 Army who serves at least three years of an enlistment for an unspecified period under section 1209 (b) of this title shall be discharged
3 within three months after submitting his resignation to the Secretary
4 of the Army.

5 (b) The Secretary is not required to accept a resignation submitted
6 under subsection (a)—

7 (1) until the member completes two years of service in his
8 current overseas assignment, if the resignation is submitted
9 after the member embarks for such an assignment or while he is
10 stationed overseas;

11 (2) until two years after the member completes a course of
12 instruction under section 3503 of this title, if he is taking, or has
13 taken, such a course;

14 (3) until six months after its submission, if the member is
15 under investigation or in default concerning public property or
16 funds;

Ch. 79 SEPARATION FOR VARIOUS REASONS § 2517

- 18 (4) while the member is absent without leave or is serving a
 19 sentence of a court-martial; or
 20 (5) during a war, or during a national emergency declared by
 21 Congress or the President.

Revision Note

Based on 10-628 (21 proviso of 1st sentence, 24 and 34 sentences, and 4th sentence to 1st colon).

In subsection (a), the words "and such resignation shall be accepted by the Secretary of the Army" are omitted as surplusage.

In subsection (b), the words "other than an enlisted member of a Regular Army Puerto Rican unit" are omitted as obsolete.

§ 2515. Regular Army: enlisted member; minority discharge

- 1 Upon the application of the parents or guardian of an enlisted
 2 member of the Regular Army under 18 years of age who enlisted
 3 without the written consent of his parents or guardian, the Secretary
 4 of the Army shall discharge the member with the pay and form of
 5 discharge certificate to which he is otherwise entitled.

Revision Note

Based on 10-628 (last 52 words of 1st proviso of 4th sentence).

The words "enlisted member of the Regular Army under 18 years of age" are substituted for the words "such person".

§ 2517. Regular Army: enlisted members; purchase of discharge

- 1 Subject to section 8 of the Universal Military Training and Service
 2 Act (50 U. S. C. App. 458), and under regulations prescribed by
 3 him, the President may, in time of peace, permit any enlisted member
 4 of the Regular Army to buy his discharge. The amount paid for a
 5 discharge shall be paid to a finance officer of the Army and deposited
 6 in the Treasury to the credit of any current appropriation for the
 7 support of the Army designated by the Secretary of the Army.

Revision Note

Based on 10-651.

The words "regulations prescribed by him" are substituted for the words "such rules and upon such conditions as he may prescribe". The words "Subject to section 8 of the Universal Military Training and Service Act (50 U. S. C. App. 458)" are inserted, since the right to purchase a discharge is suspended during the life of that act. The words "The amount" are substituted for the words "The purchase money to be". The words "finance officer" are substituted for the word "paymaster". The last 19 words of 10-651 are omitted as surplusage. The word "Regular" is inserted, since historically 10-651 is applicable only to members of the Regular Army.

§ 2521

PERSONNEL

11

§ 2521. Regular Army: commissioned officers, warrant officers, and enlisted members; Women's Army Corps, Army Nurse Corps, Women's Medical Specialist Corps; termination of appointment or enlistment

- 1 (a) The Secretary of the Army may terminate—
 2 (1) the appointment of a commissioned officer of the Regular
 3 Army in the Women's Army Corps, the Army Nurse Corps, or
 4 the Women's Medical Specialist Corps, under regulations pre-
 5 scribed by the President; or
 6 (2) the appointment of a warrant officer or the enlistment of
 7 an enlisted member of the Women's Army Corps, Regular Army,
 8 under regulations prescribed by the Secretary.
 9 (b) The appointment of a commissioned officer may not be ter-
 10 minated, under subsection (a) (1), by dismissal.
 11 (c) An enlisted member of the Women's Army Corps, Regular
 12 Army, whose enlistment is terminated under subsection (a) (2) shall
 13 be discharged from the Army.

Revision Note

Based on 10-166j, 559k, 591d (b), and 621b (b).

In subsection (a), the words "the circumstances and in accordance with", in 10-166j and 559k, are omitted as surplusage. The word "appointment" is substituted for the word "commission" in 10-166j and 559k, since the intent is to restrict the authority of a person to be an officer and not merely to revoke the written index of authority. The words "commissioned officer of the Regular Army in . . . the Army Nurse Corps, or the Women's Medical Specialist Corps" are substituted for the words "any officer commissioned in any of the corps established by sections 166-169d and 371-377 of this title", in 10-166j. Section 111 of Title I of the Act of Apr. 16, 1947, ch. 38 (10-166j) authorized the President to "terminate the commission of any officer commissioned in any of the corps established by this title". Title I of that act established the Army Nurse Corps and Women's Medical Specialist Corps in the Regular Army. Although sections 111-117 of that act (10-371-377) authorized the commission of reserve officers in an Army Nurse Corps Section and a Women's Medical Specialist Corps section of the Organized Reserve Corps, the "corps" referred to by section 111 did not include those sections of the Organized Reserve Corps. Therefore, the authority of the President to terminate the appointment of an officer of the Army Nurse Corps or Women's Medical Specialist Corps is limited by the revised section to commissioned officers of the Regular Army. The appointment of any reserve officer may be terminated under section 2523 of this title.

Subsection (b) is inserted because of section 2501 of this title.

§ 2523. Organized Reserve Corps: commissioned officers; discharge

- 1 The President may discharge a commissioned officer of the Or-
 2 ganized Reserve Corps at any time.

Based on 19, 358-24 and last sentence.
The last sentence of 19, 358 is omitted as executed.

§ 2525. Army National Guard of United States: commissioned and warrant officers; discharge

1 (a) The appointment of a commissioned or warrant officer of the
2 Army National Guard of the United States shall be terminated, and
3 his Federal recognition as an officer of the Army National Guard
4 shall be withdrawn, when

5 (1) he becomes 64 years of age, or

6 (2) his appointment in the Army National Guard is termi-
7 nated or vacated.

8 However, upon his request and under regulations prescribed by the
9 Secretary of the Army, he may be transferred to the inactive Army
10 National Guard and remain in the Army National Guard of the United
11 States in the same or a lower grade.

12 (b) The Secretary may terminate the appointment of a commis-
13 sioned or warrant officer of the Army National Guard of the United
14 States and withdraw his Federal recognition as an officer of the Army
15 National Guard, if he has been absent without leave for three months.

16 (c) Under regulations prescribed by the President, a commissioned
17 or warrant officer of the Army National Guard of the United States
18 whose Federal recognition as an officer of the Army National Guard
19 is withdrawn shall be discharged from the Army National Guard of
20 the United States.

Revision Note

Based on 32, 114 (2d sentence); and 115 (last sentence and last 24 words of
2d sentence).

§ 2527. Army National Guard of United States: enlisted mem-
bers; discharge

1 (a) An enlisted member who is discharged from the Army National
2 Guard of the United States is entitled to a discharge certificate,
3 similar in form and classification to the corresponding certificate pre-
4 scribed for members of the Regular Army.

5 (b) Under regulations prescribed by the Secretary of the Army,
6 an enlisted member of the Army National Guard of the United
7 States may be discharged, in time of peace, before his enlistment
8 expires.

Revision Note

Based on 32, 125 (as applicable to Army National Guard of United States).

- 7 title, with retired pay computed under section 3101 of this title, if

Ch. 81 RETIREMENT FOR PHYSICAL DISABILITY § 2603

- 11 (2) the disability is not the result of the member's intentional

 16 under section 2615 of this title; or
 17 (B) the disability is at least 30 percent under the standard
 18 schedule of rating disabilities in use by the Veterans' Admin-
 19 istration at the time of the determination; and either—
 20 (i) the member has at least eight years of service
 21 computed under section 2615 of this title;
 22 (ii) the disability is the proximate result of the per-
 23 formance of active duty; or
 24 (iii) the disability was incurred in line of duty in time
 25 of war or national emergency.

Revision Note

Based on 37:272 (a) (less clause (5) and 2d proviso), 272 (b) (less clause (5) and 2d and last provisos), and 272 (f) (less applicability to 37:272 (c) and (e)).

The words "any other member" are substituted for the words "a member of a Reserve component", since the words "Reserve component" are defined by section 102 (k) of the Career Compensation Act of 1949 (37 U. S. C. 231 (k)), to include members of the Army appointed, enlisted, or inducted without specification of component. The words "his duties" are substituted for the words "the duties of his office, rank, grade, or rating". The words "with retired pay computed under section 3101 of this title" are substituted for the words "upon retirement, shall be entitled to receive disability retirement pay as prescribed in subsection (d) of this section". The proviso of 37:272 (f) is omitted as surplusage. The words "in use . . . at the time of the determination" are substituted for the words "in current use". In clause (3) (B), the words "during a period of active service", in 37:272 (a) (last proviso), are omitted as surplusage.

§ 2603. **Members of Regular Army; members of Army on active duty for more than 30 days: temporary retired list**

- 1 Upon a determination by the Secretary of the Army that a member
 2 of the Regular Army entitled to basic pay, or any other member of
 3 the Army entitled to basic pay who has been called or ordered to
 4 active duty for a period of more than 30 days, would be qualified for
 5 retirement under section 2601 of this title but for the fact that there
 6 is no finding that his disability is of a permanent nature, the Secretary
 7 shall place the name of the member on the temporary retired
 8 list, with pay computed under section 3101 of this title, if the Secretary
 9 also determines that accepted medical principles indicate that the
 10 member's disability may be of a permanent nature.

§ 2603

PERSONNEL

II

Revision Note

Based on 37-272 (a) (clause (5)) and 272 (b) (clause (5)).

The words "any other member of the Army" are substituted for the words "member of a Reserve component", since the words "Reserve component" are defined by section 102 (k) of the Career Compensation Act of 1949 (37 U. S. C. 231 (k)), to include members of the Army appointed, enlisted, or inducted, without specification of component. The words "with pay computed under section 3101 of this title" are substituted for the words "shall be entitled to receive disability retirement pay as prescribed in subsection (d) of this section". The words "would be qualified for retirement under section 2601 of this title" are substituted for clauses (2), (3), and (4) of 37-272 (a) and 37-272 (b), and the last proviso of 37-272 (a), since the rules contained therein are fully stated in that revised section.

§ 2605. Members of Regular Army; members of Army on active duty for more than 30 days: separation.

- 1 Upon a determination by the Secretary of the Army that a member
2 of the Regular Army entitled to basic pay, or any other member of
3 the Army entitled to basic pay who has been called or ordered to
4 active duty for a period of more than 30 days, is unfit to perform his
5 duties because of physical disability incurred while entitled to basic
6 pay, the member may be separated from the Army, with severance
7 pay computed under section 2625 of this title, if the Secretary also
8 determines that—
- 9 (1) the member has less than 20 years of service computed
10 under section 2615 of this title;
 - 11 (2) the disability is not the result of the intentional mis-
12 conduct or willful neglect of the member, and was not incurred
13 during a period of unauthorized absence;
 - 14 (3) there is a finding, based upon accepted medical principles,
15 that the disability is of a permanent nature, or accepted medical
16 principles indicate that the disability may be of that nature; and
 - 17 (4) either—
- 18 (A) the disability is less than 30 percent under the
19 standard schedule of rating disabilities in use by the Vet-
20 erans' Administration at the time of the determination,
21 and the disability was (i) the proximate result of the per-
22 formance of active duty, or (ii) incurred in line of duty in
23 time of war or national emergency;
 - 24 (B) the disability is less than 30 percent under the
25 standard schedule of rating disabilities in use by the Vet-
26 erans' Administration at the time of the determination,
27 and the member has at least eight years of service com-
28 puted under section 2615 of this title; or

Ch. 81 RETIREMENT FOR PHYSICAL DISABILITY § 2607

29 (C) the disability is at least 30 percent under the standard
 30 schedule of rating disabilities in use by the Veterans'
 31 Administration at the time of the determination, the dis-
 32 ability was neither the proximate result of the performance
 33 of active duty nor incurred in line of duty in time of war or
 34 national emergency, and the member has less than eight
 35 years of service computed under section 2615 of this title
 36 on the date when he would otherwise be retired under
 37 section 2601 of this title.
 38 However, if the member is eligible for transfer to the inactive status
 39 list under section 2617 of this title, and so elects, he shall be transferred
 40 to that list in lieu of being separated.

Revision Note

Based on 37:272 (a) (2d proviso) and 272 (b) (2d and last provisos).

To state fully in the revised section the rule contained in 37:272 (a) (2d proviso) and 272 (b) (2d and last provisos), the provisions of 37:272 (a) (less clause (5) and 1st proviso), 272 (b) (less clause (5) and 1st proviso) and 272 (f) (less applicability to 37:272 (a)), also contained in section 2601 of this title, are repeated. The words "any other member" are substituted for the words "a member of a Reserve component", since the words "Reserve component" are defined by section 102 (k) of the Career Compensation Act of 1949 (37 U. S. C. 201 (k)), to include members of the Army appointed, enlisted, or inducted without specification of component. The words "his duties" are substituted for the words "the duties of his office, rank, grade, or rating". The words "with severance pay computed under section 2625 of this title" are substituted for the words "shall be entitled to receive disability severance pay as prescribed in section 273 of this title". The words "in use . . . at the time of the determination" are substituted for the words "in current use". In clause (1) (A), the words "during a period of active service", in 37:272 (a) (last proviso), are omitted as surplusage. The proviso of 37:272 (f) is omitted as surplusage. The last sentence of the revised section, relating to transfer to the inactive status list, is inserted for clarity because of section 2617 of this title.

§ 2607. Members of Army on active duty for 30 days or less; disability from injury: retirement

1 Upon a determination by the Secretary of the Army that a member
 2 of the Army not covered by section 2601, 2603, or 2605 of this title is
 3 unfit to perform his duties because of physical disability resulting from
 4 an injury, the Secretary may retire the member, subject to section
 5 3109 of this title, with retired pay computed under section 3101 of
 6 this title, if the Secretary also determines that—

7 (1) there is a finding, based upon accepted medical principles,
 8 that the disability is of a permanent nature;

§ 2607

PERSONNEL

11

9 (2) the injury is not the result of the member's intentional
10 misconduct or willful neglect, and was not incurred during a
11 period of unauthorized absence; and

12 (3) either—

13 (A) the member has at least 20 years of service computed
14 under section 2615 of this title; or

15 (B) the disability is at least 30 percent under the standard
16 schedule of rating disabilities in use by the Veterans' Ad-
17 ministration at the time of the determination, and is the
18 proximate result of the performance of active duty, full-time
19 training duty, or inactive duty training.

Revision Note

Based on 37-271 (a), 272 (c) (less clause (5) and last proviso), and 272 (f) (as applicable to 37-272 (c)).

37-271 (a) is omitted as surplusage. As it relates to retirement it is only a statement of the general coverage of the retirement sections of this chapter. As it relates to separation it is only a statement of the general coverage of the separation sections of this chapter. The words "a member of the Army not covered by section 2601, 2603, or 2605 of this title" are substituted for the words "a member of the uniformed services, other than those members covered in subsections (a) and (b) of this section". The words "his duties" are substituted for the words "the duties of his office, rank, grade, or rating". The words "with retired pay computed under section 3101 of this title" are substituted for the words "shall be entitled to receive disability retirement pay as prescribed in subsection (d) of this section". The proviso of 37-272 (f) is omitted as surplusage. The words "in use . . . at the time of the determination" are substituted for the words "in current use". The words "other full-time duty" are omitted as covered by the words "active duty". In clause (2), the words "and was not incurred during a period of unauthorized absence" are inserted to conform to other revised sections of this chapter and because of section 2613 of this title.

§ 2609. **Members of Army on active duty for 30 days or less;
disability from injury: temporary retired list**

1 Upon a determination by the Secretary of the Army that a member
2 of the Army not covered by section 2601, 2603, or 2605 of this title
3 would be qualified for retirement under section 2607 of this title but
4 for the fact that there is no finding that his disability is of a permanent
5 nature, the Secretary shall place the name of the member on the
6 temporary retired list, with pay computed under section 3101 of this
7 title, if the Secretary also determines that accepted medical principles
8 indicate that the member's disability may be of a permanent nature.

Revision Note

Based on 37-272 (c) (clause (5)).

The words "a member of the Army not covered by section 2601, 2603, or 2605 of this title" are substituted for the words "a member of the uniformed

services, other than those members covered in subsections (a) and (b) of this section". The words "with pay computed under section 3101 of this title (37:272 (d))" are substituted for the words "shall be entitled to receive disability retirement pay as prescribed in subsection (d) of this section". The words "would be qualified for retirement under section 2607 of this title" are substituted for clauses (2), (3), and (4) of 37:272 (c), since the rules contained therein are fully stated in that revised section.

§ 2611. Members of Army on active duty for 30 days or less; disability from injury; separation

1 Upon a determination by the Secretary of the Army that a member
2 of the Army not covered by section 2601, 2603, or 2605 of this title is
3 unfit to perform his duties because of physical disability resulting
4 from an injury, the member may be separated from the Army, with
5 severance pay computed under section 2625 of this title, if the Secre-
6 tary also determines that—

- 7 (1) the member has less than 20 years of service computed
8 under section 2615 of this title;
- 9 (2) the disability is not the result of the intentional misconduct
10 or willful neglect of the member, and was not incurred during a
11 period of unauthorized absence;
- 12 (3) there is a finding, based upon accepted medical principles,
13 that the disability is of a permanent nature, or accepted medical
14 principles indicate that the disability may be of that nature; and
- 15 (4) the disability is less than 30 percent under the standard
16 schedule of rating disabilities in use by the Veterans' Adminis-
17 tration at the time of the determination, and was the proximate
18 result of the performance of active duty, full-time training duty,
19 or inactive duty training.

20 However, if the member is eligible for transfer to the inactive status
21 list under section 2617 of this title, and so elects, he shall be trans-
22 ferred to that list in lieu of being separated.

Revision Note

Based on 37:272 (c) (last proviso).

To state fully in the revised section the rule contained in 37:272 (c) (last proviso), the provisos of 37:272 (c) (less clause (3) and 1st proviso) and 272 (f) (as applicable to 272 (e)), also contained in section 2607 of this title, are repeated. The words "a member of the Army not covered by section 2601, 2603, or 2605 of this title" are substituted for the words "a member of the uniformed services, other than those members covered in subsections (a) and (b) of this section". The words "his duties" are substituted for the words "the duties of his office, rank, grade, or rating". The words "with severance pay computed under section 2625 of this title" are substituted for the words "and upon separation shall be entitled to receive disability severance pay as prescribed in section 273 of this title". The proviso of 37:272 (f) is omitted as surplusage. The words "in

§ 2611

use . . . at the time of the determination" are substituted for the words "in current use". The words "other full-time duty" are omitted as covered by the words "active duty". In clause (2), the words "and was not incurred during a period of unauthorized absence" are inserted to conform to other revised sections of this chapter and because of section 2613 of this title. The last sentence of the revised section, relating to transfer to the inactive status list is inserted for clarity because of section 2617 of this title.

§ 2613. **Members of Army; disability from intentional misconduct or willful neglect; separation**

- 1 Each member of the Army who incurs a physical disability which,
2 in the determination of the Secretary of the Army, makes him unfit
3 to perform his duties, and which resulted from his intentional mis-
4 conduct or willful neglect or was incurred during a period of unau-
5 thorized absence, shall be separated from the Army, without entitle-
6 ment to any benefits under this chapter.

Revision Note

Based on 37-278.

The words "his duties" are substituted for the words "the duties of his office, rank, grade, or rating".

§ 2615. **Members of Army; computation of service**

- 1 (a) For the purposes of this chapter, a member of the Regular
2 Army shall be credited with the service described in clause (1) or
3 that described in clause (2), whichever is greater—
4 (1) the service which he is considered to have for the purpose
5 of separation or mandatory elimination from the active list; or
6 (2) the sum of—
7 (A) his service while on the active list or on active duty,
8 or while participating in full-time training or other full-time
9 duty under the National Defense Act, as amended, the
10 Naval Reserve Act of 1938, as amended, or any other
11 provision of law, as a member of the uniformed services, a
12 nurse, a reserve nurse after February 2, 1901, a contract
13 surgeon, a contract dental surgeon, or an acting dental
14 surgeon; and
15 (B) his service while participating in exercises or perform-
16 ing duties under sections 1618 and 3502 of this title, and
17 sections —, —, —, and — (32:62 (less 4th and
18 5th provisos of last sentence), 63, 64, and 65) of title —
19 (National Guard).
20 (b) A member of the Army, other than a member of the Regular
21 Army, shall be credited, for the purposes of this chapter, with the

Ch. 81 RETIREMENT FOR PHYSICAL DISABILITY § 2617

22 number of years of service that he would use if he were computing
23 his retired pay under chapter 87 of this title.

Revision Note

Based on 37, 282 (less applicability to persons referred to in 37, 281).

In subsection (a) (2) (A), the reference to service as a contract nurse, veterinarian, or field clerk is omitted, since persons having such service have been heretofore retired and are within the class of persons referred to in 37, 281.

In subsection (a) (2) (B), the references to 10, 22-23, 24-26, and 30-36 are omitted as repealed by section 401 of the Army Organization Act of 1950, 64 Stat. 271. The reference to 32, 70 is omitted as repealed by section 16 of the Act of June 15, 1933, ch. 87, 48 Stat. 159. The reference to 10, 23a is omitted as executed. The references to 10, 38 and 32, 96 and 172-175 are omitted as covered by the words "active duty". The references to 32, 144-147, 171, and 176 are omitted, since they deal with pay and do not authorize duty or training. The reference to 32, 62, not contained in 37, 282, is inserted, since section 92 of the National Defense Act, as amended (32, 62) is referred to in section 412 of the Career Compensation Act of 1949 (37, 282).

In subsection (b), the words "any other member of the Army" are substituted for the words "members of the reserve components of the uniformed services", since the words "reserve components" are defined by section 102 (k) of the Career Compensation Act of 1949 (37 U. S. C. 231 (k)), to include members of the Army appointed, enlisted, or inducted without specification of component.

§ 2617. Members of Army: transfer to inactive status list in lieu of separation

1 Any member of the Army who has at least 20 years of service
2 computed under section 2903 of this title, and who would be qualified
3 for retirement under this chapter but for the fact that his disability
4 is less than 30 percent under the standard schedule of rating disabili-
5 ties in use by the Veterans' Administration at the time of the deter-
6 mination, may elect, in lieu of being separated, to be transferred to
7 the inactive status list under section 2909 of this title and, if other-
8 wise eligible, receive retired pay under chapter 87 of this title upon
9 becoming 60 years of age.

Revision Note

Based on 37, 272 (g).

The words "Notwithstanding the foregoing provisions of this section" and "satisfactory Federal" are omitted as surplusage. The word "Army" is substituted for the words "Army of the United States . . . and all Regular and Reserve components thereof". The words "in use . . . at the time of the determination" are substituted for the words "in current use". The words "and receiving disability severance pay pursuant to subchapter III of this title" are omitted as surplusage. The word "otherwise" is substituted for the words "in all other respects".

§ 2619

PERSONNEL

11

§ 2619. Members of Army on temporary retired list: periodic physical examination; final determination of status

1 (a) A physical examination shall be given at least once every 18
2 months to each member of the Army whose name is on the temporary
3 retired list to determine whether there has been a change in the
4 nature or extent of the disability for which he was temporarily re-
5 tired. He may be required to submit to these examinations while
6 his name is carried on the list. The failure of a member to report
7 for an examination under this subsection, after receipt of proper
8 notification, is cause for terminating his disability retired pay.
9 However, payments to him shall be resumed if there was just cause
10 for his failure to report. If payments are so resumed, he is entitled
11 to the pay which he would have received, but for the termination,
12 for the period, not more than one year, before the resumption of the
13 payments.

14 (b) The Secretary of the Army shall make a final determination
15 of the case of each member whose name is on the temporary retired
16 list upon the expiration of five years after the date when the mem-
17 ber's name was placed upon that list.

18 (c) If, as a result of a periodic examination under subsection (a),
19 or upon a final determination under subsection (b), it is determined
20 that the physical disability is of a permanent nature and is at least
21 30 percent under the standard schedule of rating disabilities in use
22 by the Veterans' Administration at the time of the determination,
23 the name of the member shall be removed from the temporary
24 retired list and he shall be retired under section 2601 or 2607 of this
25 title, whichever applies, with retired pay computed under section
26 3101 of this title.

27 (d) If, as a result of a periodic examination under subsection (a),
28 or upon a final determination under subsection (b), it is determined
29 that the physical disability is of a permanent nature and is less than
30 30 percent under the standard schedule of rating disabilities in use
31 by the Veterans' Administration at the time of the determination,
32 the name of the member shall be removed from the temporary
33 retired list and—

34 (1) if he has less than 20 years of service computed under
35 section 2615 of this title—

36 (A) he may be separated from the Army under section
37 2605 or 2611 of this title, whichever applies; or

38 (B) if he is eligible for transfer to the inactive status list
39 under section 2617 of this title, and so elects, he shall be
40 transferred to that list in lieu of being separated; or

41 (2) if he has at least 20 years of service computed under
42 section 2615 of this title, he shall be retired under section 2601
43 or 2607 of this title, whichever applies, with retired pay com-
44 puted under section 3101 of this title.

45 (c) If, as a result of a periodic examination under subsection (a),
46 or upon final determination of a member's case under subsection (b),
47 it is determined that he is physically fit to perform his duties, the
48 Secretary shall treat him as provided in section 2621 of this title.

49 (f) Any member of the Army whose name is on the temporary
50 retired list, and who is required to travel to submit to a physical exam-
51 ination under subsection (a), is entitled to the travel and transporta-
52 tion allowances authorized for his retired grade for temporary duty
53 travel performed on active duty.

Revision Note

Based on 37:272 (c) (less 1st proviso of last sentence), 272 (f) (as applicable to 37:272 (e)), and 274.

In subsection (a), the word "periodic" is omitted as covered by the words "at least once every 18 months". The words "at a later date", in 37:274 (b), are omitted as surplusage. 37:274 (a) is omitted as covered by 37:272 (c) (1st sentence).

In subsection (c), the words "in use . . . at the time of the determination" are substituted for the words "in current use", in 37:272 (c). The words "with retired pay computed under section 3101 of this title" are substituted for the words "and he shall be entitled to receive disability retirement pay as prescribed in subsection (d) of this section". References to specific sections on permanent retirement are substituted for the word "permanently", before the word "retired", in 37:272 (e).

In subsection (d), clause (2) (B) is inserted for clarity because of section 2617 of this title.

In subsection (e), the words "as a result of a periodic examination under subsection (a)" are inserted for clarity because of section 2621 of this title.

In subsection (f), the words "rank" and "rating" are omitted as covered by the word "grade".

§ 2621. Members of Army on temporary retired list: return to active duty; promotion

1 (a) With his consent, any member of the Army whose name is on
2 the temporary retired list, and who is found to be physically fit to
3 perform his duties under section 2619 (e) of this title, may—

4 (1) if a commissioned officer of the Regular Army, be recalled
5 to active duty and, as soon as practicable, be reappointed by the
6 President, by and with the advice and consent of the Senate, to
7 the active list of the Regular Army in the grade held by him
8 therein when his name was placed on the temporary retired list,
9 or in the next higher grade therein;

§ 2621

PERSONNEL

11

10 (2) if a warrant officer of the Regular Army, be recalled to
 11 active duty and, as soon as practicable, be reappointed in the
 12 Regular Army by the Secretary of the Army in the grade held
 13 by him therein when his name was placed on the temporary
 14 retired list, or in the next higher warrant grade therein;

15 (3) if an enlisted member of the Regular Army, be reenlisted
 16 in the Regular Army in the grade held by him therein when his
 17 name was placed on the temporary retired list, or in the next
 18 higher enlisted grade therein;

19 (4) if a member of a reserve component of the Army, be
 20 reappointed or reenlisted in his reserve component in the grade
 21 held by him therein when his name was placed on the temporary
 22 retired list, or in the next higher commissioned, warrant, or
 23 enlisted grade, as the case may be, in that reserve component;

24 (5) if a member of the Army National Guard of the United
 25 States when the disability was incurred and, if he cannot be
 26 reappointed or reenlisted therein, be appointed or enlisted in the
 27 Organized Reserve Corps in the grade corresponding to the
 28 grade held by him in the Army National Guard of the United
 29 States when his name was placed on the temporary retired list,
 30 or in the next higher commissioned, warrant, or enlisted grade,
 31 as the case may be, in the Organized Reserve Corps; and

32 (6) if a member of the Army without specification of com-
 33 ponent, be reappointed or reenlisted in the Army without
 34 specification of component in the grade held by him therein
 35 when his name was placed on the temporary retired list, or in
 36 the next higher commissioned, warrant, or enlisted grade, as the
 37 case may be, in the Army without specification of component.

38 (b) If a person is appointed, reappointed, enlisted, or reenlisted
 39 under subsection (a), his status on the temporary retired list termi-
 40 nates on the date of his appointment, reappointment, enlistment, or
 41 reenlistment, as the case may be. However, if such a person does not
 42 consent to the action proposed under subsection (a), his status on the
 43 temporary retired list and his disability retired pay shall be terminated
 44 as soon as practicable.

45 (c) Disability retired pay terminates —

46 (1) on the date of his recall to active duty under subsection
 47 (a) (1), for any officer of the Regular Army;

48 (2) on the date of his reappointment or reenlistment, for any
 49 other member of the Army.

50 (d) Whenever seniority in grade or years of service is a factor in
 51 determining the qualifications of a member of the Army for promotion,
 52 each member who has been appointed, reappointed, enlisted, or
 53 reenlisted, under subsection (a), shall, when his name is placed on a

54 promotion list or any similar list, have the seniority in grade and be
 55 credited with the years of service authorized by the Secretary.
 56 (c) Action under this section shall be taken on a fair and equitable
 57 basis, with regard being given to the probable opportunities for
 58 advancement and promotion which the member might reasonably
 59 have had if his name had not been placed on the temporary retired
 60 list.

Revision Note

Based on 37, 275, 276, and 277 (a).

In subsection (a) the reference to section 2619 (a) is substituted for the words "If, as a result of a periodic physical examination". The words "his duties" are substituted for the words "the duties of his office, rank, grade, or rating", in 37-275 and 276.

In subsection (a) (2) the words "the President", in 37-277 (a), are omitted as inapplicable to the appointment of warrant officers.

Subsection (a) (6), relating to the reappointment of temporary officers who have no commission in a component, is inserted, since the words "Reserve component" are defined by section 102 (k) of the Career Compensation Act of 1949 (37 U. S. C. 231 (k)), to include members of the Army appointed without specification of component.

In subsections (a) and (d), the words "rank" and "rating" are omitted as covered by the word "grade".

§ 2625. Members of Army: disability severance pay

1 (a) Any member of the Army who is separated from the Army
 2 under section 2605 or 2611 of this title is entitled, upon separation, to
 3 disability severance pay. His disability severance pay is computed
 4 by multiplying (1) his years of service, but not more than 12, com-
 5 puted under section 2615 of this title, by (2) whichever of the follow-
 6 ing gives him the highest amount.

7 (A) Twice the amount of monthly basic pay to which he
 8 would be entitled if serving (i) on active duty on the date when
 9 he is separated and (ii) in the grade in which he was serving on
 10 the date when his name was placed on the temporary retired
 11 list, or, if his name was not carried on that list, on the date when
 12 he is separated.

13 (B) Twice the amount of monthly basic pay to which he
 14 would be entitled if serving (i) on active duty on the date when
 15 his name was placed on the temporary retired list, or, if his name
 16 was not carried on that list, on the date when he is separated,
 17 and (ii) in any grade in the Army without specification of com-
 18 ponent higher than that described in clause (A), in which he
 19 served satisfactorily, as determined by the Secretary of the Army.

20 (C) Twice the amount of monthly basic pay to which he would
 21 be entitled if serving (i) on active duty on the date when his

22 name was placed on the temporary retired list, or, if his name
 23 was not carried on that list, on the date when he is separated,
 24 and (ii) in the grade in the Regular Army or a reserve component
 25 of the Army to which he would have been promoted had it not been
 26 for the physical disability for which he is separated and which was
 27 discovered as a result of a physical examination for promotion.

28
 29 (D) Twice the amount of monthly basic pay to which he would
 30 be entitled if serving (i) on active duty on the date when his
 31 name was placed on the temporary retired list, or, if his name
 32 was not carried on that list, on the date when he is separated,
 33 and (ii) in the grade in the Army without specification of component
 34 to which he would have been promoted had it not been for the physical
 35 disability for which he is separated and which was discovered as a
 36 result of a physical examination for promotion, if his eligibility for
 37 promotion was required to be based on cumulative years of service or
 38 years of service in grade.

39 (b) For the purpose of subsection (a), a fraction of one-half or
 40 more of a year of active service is counted as a whole year, and a
 41 fraction of less than one-half of a year is disregarded.

42 (c) The amount of disability severance pay received under this
 43 section shall be deducted from any compensation for the same disability
 44 to which the former member of the Army or his dependents become
 45 entitled under any law administered by the Veterans' Administration.
 46 However, no deduction may be made from any death compensation to which
 47 his dependents become entitled because of his death.

Revision Note

Based on 37, 273.

In subsection (a), the words "twice the amount of monthly" are substituted for the words "two months". The words "if his name was not carried on that list" are substituted for the words "whichever is earlier", since the member might be separated without ever being carried on the list. The words "but not more than 12" are substituted for the words "but not to exceed a total of two years' basic pay", to simplify the necessary calculation. The substituted words produce the same result. The words "rank" and "rating" are omitted as covered by the word "grade".

In subsection (b), the words "and a fraction of less than one-half of a year is disregarded" are inserted to reflect the legislative history of the rule (see Senate Hearings on H. R. 5097, 81st Cong., page 313).

In subsection (c), the words "The amount of disability severance pay received under this section" are substituted for the words "That in the case of a former member of the uniformed services who has received disability severance pay as provided in this section, the amount of such disability severance pay".

Ch. 81 RETIREMENT FOR PHYSICAL DISABILITY § 2629

§ 2627. Members of Army: effect of separation on benefits and claims

1 Unless a person who has received disability severance pay again
2 becomes a member of a uniformed service, he is not entitled to any
3 payment from the service from which he was separated, for, or arising
4 out of, his service before separation, under any law administered
5 by the Army or for the Army by another uniformed service. However,
6 this section does not prohibit the payment of money to a person
7 who has received disability severance pay, if the money was due him
8 on the date of his separation or becomes due as a result of a claim
9 against the United States.

Revision Note

Based on 37-280.

The words "a person who has received disability severance pay" are substituted for the words "Any former member who has been separated for physical disability from any of the uniformed services and paid disability severance pay". The words "any payment . . . for" are substituted for the words "for any monetary obligation provided under any provision . . . on account of". The words "this section does not prohibit" are substituted for the words "shall not operate to bar". The words "the payment of money to . . . if the money was due him" are substituted for the words "from receiving or the service concerned from paying any moneys due and payable". The words "valid" and "processed" are omitted as surplusage.

§ 2629. Secretary of Army: powers, functions, and duties

1 (a) The Secretary of the Army shall prescribe regulations to
2 carry out this chapter.
3 (b) The Secretary has all powers, functions, and duties incident
4 to the determination under this chapter of—
5 (1) the fitness of any member of the Army for active duty;
6 (2) the percentage of disability of any member at the time of
7 his separation from active duty;
8 (3) the fitness of any person for reappointment, reenlistment,
9 or reentry upon active duty; and
10 (4) the entitlement to, and payment of, disability severance
11 pay to any person.
12 (c) The Secretary of the Army or the Administrator of Veterans'
13 Affairs, as prescribed by regulations issued by the President, has the
14 powers, functions, and duties under this chapter incident to hospital-
15 ization, reexaminations, and the payment of disability retired pay.

Revision Note

Based on 37-283 (1st 17 words) and 284.

In subsection (c), the words "within his department or agency" are omitted as surplusage.

§ 2629

PERSONNEL

11

In subsections (b) and (c), the words "under this chapter" are inserted for clarity.

§ 2631. Disability retiring boards: composition, powers, functions, and duties

1 (a) The Secretary of the Army may, from time to time, assemble
2 retiring boards to inquire into, and determine the facts concerning
3 the nature and cause of, the disability of any officer of the Army
4 who appears to be unfit to perform his duties.

5 (b) Each retiring board shall be composed of not less than five
6 nor more than nine commissioned officers of the Army. Two mem-
7 bers of the board must be officers of the Medical Corps, if the board
8 consists of five or six members; three, if it consists of seven or eight
9 members; and four, if it consists of nine members. The officers,
10 except those of the Medical Corps, must be, so far as practicable,
11 senior in rank to the officer whose disability is to be considered.
12 Each board has the powers of a court-martial and a court of inquiry
13 that are necessary for its purpose.

14 (c) Each member of a retiring board shall swear, in each case, to
15 discharge his duties honestly and impartially.

16 (d) If a board finds that an officer is unfit to perform his duties,
17 it shall also find and report the cause which, in its judgment, produced
18 his disability, and whether the disability is an incident of service.

19 (e) The record of the proceedings and findings of each board shall
20 be sent to the Secretary.

Revision Note

Based on 10, 961, 962, 963, 964, and 965.

In subsection (a), the words "under the direction of the President", in 10, 961, are omitted as surplusage, since all functions of the Secretary of the Army are under the direction of the President. The word "may" is substituted for the word "shall", in 10, 961, since section 2629 (b) (1) of this title vests the determination of fitness for active service in the Secretary, making the convening of retiring boards under this revised section discretionary with him. The words "unfit to perform his duties" are substituted for the words "incapable of performing the duties of his office", in 10, 963, to conform to the other revised sections of this chapter.

In subsections (a) and (b), the words "of the Army" are inserted after the word "officer" for clarity, to conform to an opinion of the Attorney General, 10 Op. Atty. Gen. 116, September 13, 1861, holding that the board cannot be made up of officers of different services.

In subsection (b), the word "commissioned" is inserted before the word "officer", since 10, 961-965 when enacted, applied only to commissioned officers. The exact number of officers of the Medical Corps on boards of various sizes is inserted for definiteness. The numbers given are based on an opinion of the Judge Advocate General of the Army, 300.3, Dec. 19, 1923 (Dig. Ops. JAG, 1912-1940, § 325).

Ch. 81 RETIREMENT FOR PHYSICAL DISABILITY § 2637

In subsection (d), the words "unable to perform his duties" are substituted for the words "incapacitated for active service", in 19-964, to conform to the other revised sections of this chapter.

In subsection (e), the words "and shall be paid by him before the President for his approval or disapproval and orders in the case" are omitted as superseded by section 2629 (b) of this title.

§ 2633. Members of Army: right to full and fair hearing

- 1 No member of the Army may be retired or separated from the
- 2 Army under this chapter without a full and fair hearing if he demands
- 3 it.

Revision Note

Based on 37-283 (less last 17 words).

The words "including regulations" are omitted as covered by section 2629 (a) of this title.

§ 2635. Members of Army, other than members of Regular Army: applicability of laws

- 1 The laws and regulations that entitle any retired member of the
- 2 Regular Army to pay, rights, benefits, or privileges apply in like
- 3 manner to any other member of the Army who is retired, or to whom
- 4 retired pay is granted, because of physical disability.

Revision Note

Based on 37-272 (f).

The words "is retired, or to whom retired pay is granted" are substituted for the words "heretofore or hereafter retired or granted retirement pay". The words "any other member of the Army" are substituted for the words "all members of the reserve components", since the words "reserve components" are defined by section 102 (k) of the Career Compensation Act of 1949 (37 U. S. C. 231 (k)), to include members of the Army appointed, enlisted, or inducted without specification of component.

§ 2637. Suspension of laws for mandatory retirement or separation during war or emergency

- 1 In time of war, or of emergency declared by Congress or the Presi-
- 2 dent, the President may suspend the operation of any provision of
- 3 this chapter prescribing mandatory retirement or separation of
- 4 officers of the Regular Army.

Revision Note

Based on 10-941a (f) (as applicable to mandatory retirement or separation for physical disability).

- 2 Corps whose grade in the Regular Army is below major, and who has
- 3 at least 20 years of service computed under section 2713 of this
- 4 title, may be retired, in the discretion of the Secretary of the Army,
- 5 with or without her consent, at any time after she becomes 50 years
- 6 of age, subject to section 3109 of this title.

Revision Note

Based on 10:106g (a) (1st 27, 51st through 54th), and 56th through 81th, words of last proviso.

The words "whichever is later" are omitted as surplusage.

§ 2703. Age 55: Regular Army commissioned officers above captain; Army Nurse Corps and Women's Medical Specialist Corps

- 1 An officer in the Army Nurse Corps or Women's Medical Specialist

5 with or without her consent, at any time after she becomes 55 years
6 of age, subject to section 3109 of this title.

Revision Note

Based on 10:166g (a) (28th thru 31th and 60th thru 84th words of last proviso).
The words "whose grade in the Regular Army is above captain" are substituted for the words "if her permanent grade is major or higher". The words "whichever is later" are omitted as surplusage.

§ 2705. Age 60: Regular Army warrant officers

1 A warrant officer of the Regular Army who is at least 60 years
2 of age shall be retired upon his request, subject to section 3109 of
3 this title.

Revision Note

Based on 10:594 (less proviso) and 941a (a) (1) (less 23 words before 1st proviso and 1st proviso, as applicable to warrant officers).
The applicability of 10:941a (a) (1) to warrant officers of the Regular Army is based on an opinion of the Judge Advocate General of the Army (JAGA 1950-9951, 4 Jan. 51), which holds that warrant officers are not required to retire at age 60, but may retire at age 60 upon their request.

§ 2707. Age 60: Regular Army commissioned officers below major general

1 Each commissioned officer whose grade in the Regular Army is
2 below major general, other than a professor of the United States
3 Military Academy, shall be retired when he becomes 60 years of age,
4 subject to section 3109 of this title, unless retired or separated at an
5 earlier date.

Revision Note

Based on 10:941a (a) (1) (less 23 words before 1st proviso and 1st proviso, less applicability to warrant officers).
The words "After that date which is six months after August 7, 1947, unless provided otherwise by some provision of law" and the last proviso are omitted as excessed. The words "under applicable provisions of law" are omitted as surplusage. The words "whose grade in the Regular Army is below major general" are substituted for the words "in the permanent grade of brigadier general or in any permanent grade below that of brigadier general."

§ 2708. Age 60: Regular Army major generals whose retirement has been deferred

1 Each commissioned officer whose grade in the Regular Army is
2 major general, and whose retirement under section 2825 of this title
3 has been deferred under clause (1) of that section, shall be retired

§ 2708

PERSONNEL

II

1 when he becomes 60 years of age, subject to section 3109 of this title,
2 unless retired or separated at an earlier date.

Revision Note

The rule stated in the revised section is inserted as a necessary implication of the rule stated in clause (1) of section 2825 of this title.

§ 2709. Age 62: Regular Army major generals

1 Each commissioned officer whose grade in the Regular Army is
2 major general shall be retired when he becomes 62 years of age, sub-
3 ject to section 3109 of this title, unless retired or separated at an
4 earlier date or unless retained under section 2825 of this title.

Revision Note

Based on 10:941a (a) (1) (23 words before 1st proviso).

The words "unless retained under section 2825 of this title" are inserted for clarity.

§ 2711. Age 64: Regular Army major generals whose retirement has been deferred; permanent professors of United States Military Academy

1 Each commissioned officer whose grade in the Regular Army is
2 major general, and whose retirement under section 2825 of this title
3 has been deferred under clause (2) of that section, and each permanent
4 professor of the United States Military Academy, shall be retired
5 when he becomes 64 years of age, subject to section 3109 of this title,
6 unless retired or separated at an earlier date.

Revision Note

Based on 10:941a (a) (2) and 1079a (e) (less proviso).

The rule stated in the revised section requiring major generals of the Regular Army to retire at age 64 is inserted as a necessary implication of the rule stated in clause (2) of section 2825 of this title. The words "under applicable provisions of law", in 10:941a (a) (2), are omitted as surplusage. The words "when he becomes 64 years of age" are substituted for the words "on that date upon which he attains the age of sixty-four years", in 10:941a (a) (2), and "at the age of sixty-four years", in 10:1079a (e) (less proviso).

§ 2713. Computation of years of service; discretionary retirement. Regular Army commissioned officers, Army Nurse Corps and Women's Medical Specialist Corps

1 In determining whether an officer of the Regular Army in the
2 Army Nurse Corps or the Women's Medical Specialist Corps may
3 be retired under section 2701 or 2703 of this title, and in computing

- 4 her retired pay under section 3101 of this title, her years of service
5 are computed, subject to section 3109 of this title, by adding—
- 6 (1) all active duty;
 - 7 (2) all service in the Navy or Marine Corps that may be
8 included in determining the eligibility of an officer of the Navy
9 or Marine Corps for retirement; and
 - 10 (3) all service computed under section 2105 of this title.

Revision Note

Based on 10-106g (a) (55th through 65th words of last provision), 951 (as applicable to 10-106g (a) (last provision)), and 951b (as applicable to 10-106g (a) (last provision)); and unclassified Act of June 18, 1878, ch. 263, sec. 7 (as applicable to 10-106g (a) (last provision)), 20 Stat. 150.

The revised section consolidates the words "active Federal service in the armed forces of the United States", in 10-106g (a), with other service computation provisions applicable to nurses and women medical specialists. The words "active duty" are substituted for the words "active Federal service in the armed forces of the United States", in 10-106g (a), for uniformity. The words "longevity pay and" in section 7 of the Act of June 18, 1878, ch. 263, 20 Stat. 150, are omitted as superseded by section 202 of the Career Compensation Act of 1949 (37 U. S. C. 233). The last sentence of section 7 of the Act of June 18, 1878, is omitted, since the distinction between limited and unlimited retired lists was abolished by the Act of June 29, 1948, ch. 708, sec. 201, 62 Stat. 1081.

§ 2715. **Computation of years of service: mandatory retirement, Regular Army commissioned officers; voluntary retirement, Regular Army warrant officers**

- 1 Subject to section 3109 of this title, in computing the retired pay
2 of an officer of the Regular Army retired under section 2705, 2707,
3 2709, or 2711 of this title, his years of service are the greater of—
- 4 (1) the years of service credited to him in computing his
5 basic pay; or
 - 6 (2) his years of service computed under clause (A), (B), (C),
7 (D), or (E), whichever applies:
- 8 (A) For a commissioned officer of the Regular Army appointed in the Regular Army or the Regular Air Force before
9 January 1, 1948, under the Act of December 28, 1945,
10 ch. 601 (59 Stat. 663), the service credited to him under that
11 act at the time of his appointment, plus his years of active
12 commissioned service in the Regular Army and the Regular
13 Air Force after that appointment.
 - 14 (B) For a commissioned officer appointed in the Women's
15 Army Corps, Regular Army, under section 108 of the
16 Women's Armed Services Integration Act of 1948 (62 Stat.
17 361), the service credited to her under that section at the

19 time of her appointment, plus her years of active com-
 20 missioned service in the Regular Army after that appoint-
 21 ment.

22 (C) For a reserve judge advocate appointed in the
 23 Regular Army in the grade of captain in the Judge Advocate
 24 General's Department under section 24e of the National
 25 Defense Act, as amended (53 Stat. 558)—

26 (i) his years of active commissioned service in the
 27 Army after becoming 21 years of age, from December 7,
 28 1941, to the date of that appointment; or

29 (ii) a period of service equal to the number of days,
 30 months, and years by which his age at the time of that
 31 appointment exceeded 25 years, whichever is greater;
 32 plus his years of active commissioned service in the Regular
 33 Army and the Regular Air Force after that appointment.

34 (D) For a commissioned or warrant officer appointed in
 35 the Regular Army or the Regular Air Force before December
 36 31, 1947, other than an officer covered by clause (A), (B),
 37 or (C), his years of active commissioned or active warrant
 38 service, as the case may be, in the Army and the Air Force
 39 after becoming 21 years of age, from December 7, 1941, to
 40 the date of his appointment in the Regular Army or the
 41 Regular Air Force which next preceded his last entry on
 42 active duty, plus his years of active commissioned or active
 43 warrant service in the Regular Army and the Regular Air
 44 Force after that appointment.

45 (E) For a commissioned or warrant officer appointed in
 46 the Regular Army or the Regular Air Force after December
 47 31, 1947, other than an officer covered by clause (B), his
 48 active commissioned or active warrant service, as the case
 49 may be, in the Army and the Air Force after becoming 21
 50 years of age, from January 1, 1948, to the date of his appoint-
 51 ment in the Regular Army or the Regular Air Force which
 52 next preceded his last entry on active duty, plus his years of
 53 active commissioned or active warrant service in the Regular
 54 Army and the Regular Air Force after that appointment.

Revision Note

Based on 10:941a (b) (as applicable to 10:941a (a) (3)).

The words "his years of service are . . . the years of service credited to him in computing his basic pay" are inserted because of section 3101 of this title. In clauses (D) and (E), the words "which next preceded his last entry on active duty" are inserted for clarity, since, in the case of any officer of the Regular Army who resigns and is subsequently reappointed in the Regular Army, his service is

Ch. 83

RETIREMENT FOR AGE

§ 2719

computed from the date of his reappointment. The applicability of 10:941a (b) to warrant officers of the Regular Army is based on an opinion of the Judge Advocate General of the Army (JAG-A 1950-6951, 4 Jan. 51), which holds that warrant officers may be retired at age 60 upon their request, and because there is no other section under which such a warrant officer could compute his service for retirement at age 60. Clause (1) is inserted because of formula No. 4 of section 3101 of this title.

§ 2717. Computation of retired pay: law applicable

- 1 A person retired under this chapter is entitled to retired pay com-
- 2 puted under chapter 91 of this title.

Revision Note

The revised section is based on the various retirement provisions in this chapter and is inserted to make explicit the entitlement to retired pay upon retirement.

§ 2719. Suspension of laws for mandatory retirement during war or emergency

- 1 In time of war, or of emergency declared by Congress or the
- 2 President, the President may suspend the operation of any provision
- 3 of this chapter prescribing mandatory retirement of officers of the
- 4 Regular Army.

Revision Note

Based on 10:941a (f) (as applicable to mandatory retirement for age).

- 2 computed under section 2831 (a) of this title may be retired, with
- 3 or without his consent, in the discretion of the Secretary of the Army,
- 4 subject to section 3109 of this title.

Revision Note

Based on 19,394 (1st proviso).

The word "hereafter" is omitted as surplusage. The words "computed under section 2831 (a) of this title" are substituted for the words "active service", since that revised section makes explicit the service covered. The words "with or without his consent" are inserted for clarity, and to conform to sections 2701 and 2703 of this title.

995th, 996th, 997th, 998th, 999th, 1000th

The words "on the active list" are omitted as surplusage, since only an officer on the active list could be retired. The words "the Regular Army in the Army Nurse Corps or the Women's Medical Specialist Corps" are substituted for the words "either the Army Nurse Corps or Women's Medical Specialist Corps, Regular Army" since under section 707 of this title those corps are branches of the Army and not of the Regular Army. The words "computed under section 2835 of this title" are inserted for clarity.

§ 2804. **Twenty years or more: Regular Army commissioned officers; deferred officers not recommended for promotion**

1 (a) A deferred officer who is not recommended for promotion under
2 section 1351 (c) of this title, and who has at least 20 years of service
3 computed under section 2833 (a) of this title, shall be retired, subject
4 to section 3109 of this title, one year and 30 days after the earlier of
5 the following dates:

6 (1) The date of appointment to the grade concerned of the
7 first officer junior to him on the list considered by the first
8 selection board.

9 (2) The date on which he would have completed, for promotion
10 purposes, 7, 14, or 21 years of service, if he is in the grade of
11 first lieutenant, captain, or major, as the case may be, had his
12 years of service not been reduced under section 1351 (b) of this
13 title.

14 (b) If such a deferred officer is not eligible for retirement under
15 subsection (a) or any other provision of law, but is within two years
16 of becoming entitled to retirement under subsection (a) or some other
17 provision of law, he shall be retained on the active list in his Regular
18 Army grade until so entitled to retire, and then retired, subject to
19 section 3109 of this title, unless sooner retired or separated under
20 another provision of law.

Revision Note

Based on 10:559c (b) (19th thru 53d words and proviso of last sentence), 559c (i), 941a (d) (2d sentence), and 941a (e) (1st 14 words of clause (1)).

In subsection (b), the words "or some other provision of law" are inserted, since the proviso of 10:559c (b) and the second sentence of 10:941a (d) refer to the provisions of 10:941a (e), which include, as an alternative method of retirement, retirement under any other provision of law.

§ 2805. Twenty to thirty years: Regular Army enlisted members

- 1 Under regulations prescribed by the Secretary of the Army, an
- 2 enlisted member of the Regular Army who has at least 20, but less
- 3 than 30, years of service computed under section 2829 of this title
- 4 may be transferred to the Enlisted Reserve Corps at his request, and
- 5 thereupon, subject to section 3109 of this title, be retired from the
- 6 Regular Army. He remains a member of that corps, and shall
- 7 perform such active duty as may be prescribed under law, until his
- 8 service computed under section 2829 of this title, plus his inactive
- 9 service as a member of that corps, equals 30 years.

Revision Note

Based on 10:948 (1st sentence) and 948a.

The words "now or hereafter", in 10:948a, are omitted as surplusage. The words "computed under section 2829 of this title" are substituted for the words "active Federal service", since that revised section makes explicit the service covered.

§ 2807. Twenty to thirty years: Regular Army and reserve commissioned officers

- 1 A commissioned officer of the Regular Army, or of a reserve com-
- 2 ponent of the Army, who has at least 20, but not more than 30, years
- 3 of service computed under section 2831 of this title, at least 10 years
- 4 of which have been active duty as a commissioned officer, may be
- 5 retired upon his request, in the discretion of the Secretary of the Army,
- 6 subject to section 3109 of this title.

Revision Note

Based on 10:943a and 971b (1st 104 words and 4th proviso).

The words "A commissioned officer of the Regular Army, or of a reserve component of the Army" are substituted for the words "any officer on the active list of the Regular Army . . . or any officer of the reserve components of the Army of the United States". The words "Philippine Scouts" are omitted as obsolete. The words "upon his request" are substituted for the words "upon his own application". The words "service computed under section 2831 of this title" are substituted for the words "active Federal service in the armed forces of the United States", since that revised section makes explicit the service covered. The fourth proviso of 10:971b is omitted as executed.

Ch. 85 RETIREMENT FOR LENGTH OF SERVICE § 2811

§ 2809. Twenty-five years: Regular Army majors; Women's Army Corps

- 4 25 years of service computed under section 2833 (a) of this title,
- 5 unless retired or separated at an earlier date.

Revision Note

Based on 10-941a (3) (clause (3)).

The words "unless provided otherwise by some provision of law", "heretofore or hereafter appointed", "under other provisions of law", "eliminated from the active list and", and "unless she is appointed in the permanent grade of lieutenant colonel in the Regular Army before that date", are omitted as surplusage. The words "the thirtieth day after" are substituted for the words "that date which is thirty days after the date upon which". The words "computed under section 2833 (a) of this title" are inserted for clarity.

§ 2811. Twenty-eight years: promotion-list lieutenant colonels

- 1 (a) After June 30, 1953, each promotion-list officer in the grade of
- 2 lieutenant colonel in the Regular Army shall be retired, subject to
- 3 section 3109 of this title, on the thirtieth day after he completes
- 4 28 years of service computed under section 2833 (a) of this title,
- 5 unless retired or separated at an earlier date. However, if his name is
- 6 carried on the list of officers recommended for appointment to the
- 7 grade of colonel in the Regular Army, he shall be retained on the active
- 8 list while his name is so carried.
- 9 (b) Subject to section 3109 of this title, the Secretary of the Army
- 10 may defer the retirement under this section of—
- 11 (1) any promotion-list officer in the grade of lieutenant colonel
- 12 in the Regular Army in the Medical Corps, Dental Corps,
- 13 Veterinary Corps, Medical Service Corps, or the Chaplains, but
- 14 not later than the date upon which he becomes 60 years of age;
- 15 (2) any officer in the grade of lieutenant colonel in the
- 16 Women's Army Corps, Regular Army, until the thirtieth day
- 17 after she completes 30 years of service computed under section
- 18 2833 (a) of this title; and
- 19 (3) any officer in the grade of lieutenant colonel in the
- 20 Women's Army Corps, Regular Army, while serving as Director
- 21 of that Corps.

Revision Note

Based on 10-941a (3) (clause (4)).

In subsection (a), the words "unless provided otherwise by some provision of law", "heretofore or hereafter appointed", "under other provisions of law",

"eliminated from the active list and", "unless he is appointed in the permanent grade of colonel or any higher permanent grade, in the Regular Army before that date", and "and if appointed in the permanent grade of colonel their elimination from the active list shall be governed by the provisions of paragraph (3) of this subsection", are omitted as surplusage. The words "the thirtieth day after" are substituted for the words "that date which is thirty days after". The words "computed under section 2833 (a) of this title" are inserted for clarity.

§ 2813. Thirty years or more: Regular Army enlisted members

- 1 An enlisted member of the Regular Army who has at least 30
- 2 years of service computed under section 2829 of this title shall be
- 3 retired upon his request, subject to section 3109 of this title.

Revision Note

Based on 10-947 (less proviso) and 947a (less last 11 words).

The words "upon his request" are substituted for the words "upon making application to the President", in 10-947, and "by application to the President", in 10-947a. The words "either as a private or non-commissioned officer, or both", in 10-947a, are omitted as surplusage. The words "shall be retired" are substituted for the words "be placed upon the retired list", in 10-947, and "be placed on the retired list heretofore created", in 10-947a. The words "computed under section 2829 of this title" are inserted for clarity.

§ 2815. Thirty years or more: Regular Army commissioned officers

- 1 A commissioned officer of the Regular Army who has at least
- 2 30 years of service computed under section 2831 of this title may be
- 3 retired upon his request, in the discretion of the President, subject to
- 4 section 3109 of this title.

Revision Note

Based on 10-943.

The word "commissioned" is inserted, since the retirement of warrant officers for length of service is covered by section 2801 of this title. The words "Regular Army" are inserted, since 10-943 is applicable historically only to officers of the Regular Army. The words "and placed on the retired list" are omitted as surplusage. The words "computed under section 2841 of this title" are inserted for clarity.

§ 2817. Thirty years or more: Regular Army commissioned officers; excessive number

- 1 Whenever the Secretary of the Army believes that there is an ex-
- 2 cessive number of commissioned officers on the active list of the
- 3 Regular Army, in any grade, who have at least 30 years of service
- 4 computed under section 2833 (a) of this title, he may convene a
- 5 board of not less than five general officers of the Regular Army.
- 6 The board shall consider all officers on the active list in that grade

7 and with that service, and shall recommend officers, by name, for
8 retirement, in the number specified by the Secretary. The Secretary
9 may retire any officer so recommended, subject to section 3109 of this
10 title.

Revision Note

Based on 10-941a (c).
The words "After August 7, 1947" are omitted as executed. The word "com-
missioned" is inserted for clarity, since any warrant officer may be retired under
section 2801 of this title in the discretion of the Secretary after 20 years of service.
The words "recommend officers by name, for retirement, in the number specified
by the Secretary" are substituted for the words "recommend for retirement a
specified number thereof" to make it clear that the Secretary specifies the number
to be recommended by the board, and that the board names the officers. The
words "computed under section 2833 (a) of this title" are inserted for clarity.

§ 2819. More than thirty years; Regular Army commissioned officers; permanent professors of United States Military Academy

1 Subject to section 3109 of this title, the Secretary of the Army may
2 retire any permanent professor of the United States Military Academy
3 who has more than 30 years of service as a commissioned officer.

Based on 10-1079a (c) (provision).
The word "retire" is substituted for the words "direct the retirement of".
The words "as a commissioned officer" are substituted for the word "commis-
sioned".

§ 2821. Thirty years or five years in grade; promotion-list colonels

1 (a) After June 30, 1953, each promotion-list officer in the grade of
2 colonel in the Regular Army shall, unless retired or separated at an
3 earlier date, be retired, subject to section 3109 of this title, on the
4 fifth anniversary of the date of his appointment in that grade in the
5 Regular Army, or on the thirtieth day after he completes 30 years of
6 service computed under section 2833 (a) of this title, whichever is
7 later. However, if his name is carried on the list of officers recom-

10 is so carried.

11 (b) Subject to section 3109 of this title, the Secretary of the Army
12 may defer the retirement under this section of any promotion-list
13 officer in the grade of colonel in the Regular Army in the Medical
14 Corps, Dental Corps, Veterinary Corps, Medical Service Corps, or
15 the Chaplains, but not later than the date upon which he becomes 60
16 years of age. The number of deferments in effect under this sub-

17 section for any one promotion list at any one time may not be more
18 than 10 percent of the number of colonels authorized for that list.

Revision Note

Based on 10, 941a (b) (clause (k), less 81st thru 105th words of 2d proviso).

In subsection (k), the words "unless provided otherwise by some provision of law", "heretofore or hereafter", "under other provisions of law", "eliminated from the active list and", "unless he is appointed in the permanent grade of brigadier general, or any higher permanent grade, in the Regular Army before the later of such two dates", and "and if appointed in the permanent grade of brigadier general their elimination from the active list shall be governed by the provisions of paragraph (2) of this subsection", are omitted as surplusage. The words "the thirtieth day after" are substituted for the words "that date which is thirty days after". The words "computed under section 2833 (a) of this title" are inserted for clarity.

§ 2823. **Thirty years or five years in grade: Regular Army brigadier generals**

1 (a) Unless retired or separated at an earlier date, each officer in the
2 grade of brigadier general in the Regular Army, other than a professor
3 of the United States Military Academy, shall be retired, subject to
4 section 3109 of this title, on the fifth anniversary of the date of his
5 appointment in that grade in the Regular Army, or on the thirtieth
6 day after he completes 30 years of service computed under section
7 2833 (a) of this title, whichever is later. However, if his name is
8 carried on the list of officers recommended for appointment to the
9 grade of major general in the Regular Army, he shall be retained on
10 the active list while his name is so carried.

11 (b) Subject to section 3109 of this title, the Secretary of the Army
12 may defer the retirement under this section of any brigadier general
13 who is serving in a higher grade in the Army without specification
14 of component, but not later than the date upon which he becomes 60
15 years of age. Not more than 10 deferments under this subsection
16 may be in effect at any one time.

Revision Note

Based on 10, 941a (d) (clause (2)).

In subsection (a), the words "After that date which is six months after August 7, 1947" are omitted as executed. The words "unless provided otherwise by some provision of law", "heretofore or hereafter appointed", "under other provisions of law", "eliminated from the active list and", "unless he is appointed in the permanent grade of major general in the Regular Army before the later of such two dates", and "and if appointed in the permanent grade of major general their elimination from the active list shall be governed by the provisions of paragraph (1) of this subsection", are omitted as surplusage. The words "other than a professor at the United States Military Academy" are substituted for the words "The provisions of this paragraph shall not apply to professors of the

Ch. 85 RETIREMENT FOR LENGTH OF SERVICE § 2827

United States Military Academy". The words "the thirtieth day after" are substituted for the words "that date which is thirty days after". The words "computed under section 2833 (a) of this title" are inserted for clarity.

§ 2825. **Thirty-five years or five years in grade: Regular Army major generals**

1 Unless retired or separated at an earlier date, each officer in the
2 grade of major general in the Regular Army shall be retired, subject
3 to section 3109 of this title, on the fifth anniversary of the date of
4 his appointment in that grade in the Regular Army, or on the thir-
5 tieth day after he completes 35 years of service computed under
6 section 2833 (a) of this title, whichever is later. However, subject
7 to section 3109 of this title, the Secretary of the Army may defer the
8 retirement under this section of—

- 9 (1) any such major general, but not later than the date upon
10 which he becomes 60 years of age; and
11 (2) any such major general who is serving in a grade above
12 major general in the Army without specification of component,
13 or who is serving in a position which carries a grade above major
14 general, but not later than the date upon which he becomes 64
15 years of age; and not more than 10 deferments under this clause
16 may be in effect at any one time.

Revision Note

Based on 10-941a (d) (1st sentence and clause (1)).

10-941a (d) (1st sentence) is omitted as surplusage, since it is merely a state-
ment of the general coverage of 10-941a (d) and (e). The words "After that date
which is six months after August 7, 1947" are omitted as executed. The words
"unless provided otherwise by some provision of law", "heretofore or hereafter
appointed", "under other provisions of law", "eliminated from the active list
and", and "unless he is permanently appointed in a grade above that of major
general before the later of such two dates", are omitted as surplusage. The
words "the thirtieth day after" are substituted for the words "that date which is
thirty days after the date upon which". The words "but not later than the date
upon which he becomes 60 years of age" are substituted for the words "until age
sixty is reached", to make it clear that the Secretary can retire the officer between
the time he is deferred and the time he reaches that age. For the same reason,
the words "but not later than the date upon which he becomes 64 years of age"
are substituted for the words "until age sixty-four is reached". The words
"computed under section 2833 (a) of this title" are inserted for clarity.

§ 2827. **Forty years or more: Army officers**

- 1 (a) Except as provided in section 2411 of this title, a commis-
2 sioned officer of the Army who has at least 40 years of service com-
3 puted under section 2831 of this title shall be retired upon his request,
4 subject to section 3109 of this title.

§ 2827

PERSONNEL

11

5 (b) Any warrant officer of the Army who has at least 40 years of
6 service computed under section 2831 (a) of this title, shall be retired
7 upon his request, subject to section 3109 of this title.

Revision Note

Based on 10-942

In subsection (a), the words "Except as provided in section 2411 of this title" are inserted, since, under that revised section, when board proceedings are pending against a commissioned officer, his right to retire under this revised section, which is otherwise absolute, is discretionary with the Secretary under that revised section.

In subsections (a) and (b), the words "or volunteer service, or both" are omitted as obsolete in accordance with an opinion of the Attorney General, 22 Ops. Att. Gen. 199, August 30, 1898, holding that such words refer to volunteer service in the Civil War. The words "upon his request" are substituted for the words "if he make application therefor to the President".

In subsection (b), the applicability of 10-942 to warrant officers is based on an opinion of the Judge Advocate General of the Army (JAGA 19504951, 4 Jan. 51), which holds that 10-594 (less proviso) makes 10-942 applicable to warrant officers.

§ 2829. Computation of years of service; voluntary retirement.
Regular Army enlisted members.

1 (a) In determining whether an enlisted member of the Regular
2 Army may be retired under section 2805 or 2813 of this title, and in
3 computing his retired pay under section 3101 of this title, his years
4 of service are computed, subject to section 3109 of this title, by
5 adding all active duty in the Army, Navy, Air Force, Marine Corps,
6 or Coast Guard, and service computed under section 2105 of this title.

7 (b) Time required to be made up under section 2011 of this title
8 may not be counted in determining years of service under subsection
9 (a).

Revision Note

Based on 10-947 (proviso) and 938.

In subsection (a), the words "active duty" are substituted for the words "service" in 10-947, and "active Federal service performed", in 10-938, for "uniformity". The words "service computed under section 2105 of this title" are inserted, since a person entitled to count service under that revised section might cease to be a nurse or woman medical specialist and thereafter become entitled to retire under one of the revised sections referred to in subsection (a) of this revised section.

Subsection (b) is inserted because of section 2011 of this title and in accordance with long-standing interpretation of the effect of 10-1579 upon the computation of years of service for retirement.

Ch. 85 RETIREMENT FOR LENGTH OF SERVICE § 2831

§ 2831. Computation of years of service; voluntary retirement, Regular Army and reserve commissioned officers; discretionary retirement, Army warrant officers

1 (a) In determining whether an officer of the Army may be retired
2 under section 2801, 2807, 2815 or 2827 of this title, his years of
3 service are computed by adding—

4 (1) all active duty performed as a member of the Army or
5 the Air Force;

6 (2) all service in the Navy or Marine Corps that may be
7 included in determining the eligibility of an officer of the Navy
8 or Marine Corps for retirement;

9 (3) all service computed under section 2105 of this title; and

10 (4) if an officer of the Regular Army, all active duty per-
11 formed as an officer of the Philippine Constabulary.

12 (b) In determining whether a commissioned officer of the Regular
13 Army in the Medical Corps may be retired under section 2807, 2815,
14 or 2827 of this title, his years of service are computed by adding to
15 his service under subsection (a) all service performed as a contract
16 surgeon, acting assistant surgeon, or contract physician, under a
17 contract to serve full time and to take and change station as ordered.

18 (c) In determining whether a commissioned officer of the Regular
19 Army in the Dental Corps may be retired under section 2807, 2815,
20 or 2827 of this title, his years of service are computed by adding to
21 his service under subsection (a) all service as a contract dental surgeon
22 or acting dental surgeon.

Revision Note

Based on 10-951 (less applicability to 10-166g (a)), 951a, 951d (less applicability to 10-166g (a)), and 953a, and uncodified Act of June 18, 1878, ch. 263, sec. 7 (less applicability to 10-166g (a)), 20 Stat. 150.

In subsection (a), the words "pay period and", in 10-951a, are omitted as superseded by section 202 of the Career Compensation Act of 1949 (37 U. S. C. 233). The words "longevity pay and" in section 7 of the Act of June 18, 1878, ch. 263, 20 Stat. 150, are omitted for the same reason. The last sentence of section 7 of that act is omitted, since the distinction between limited and unlimited retired lists was abolished by the Act of June 24, 1948, ch. 708, sec. 201, 62 Stat. 1084. Clause (a) (3) is inserted, since a person entitled to count service under section 2105 of this title might cease to be a nurse or woman medical specialist and thereafter become entitled to retire under one of the revised sections referred to in subsection (a) of this revised section.

In subsection (b), the words "active duty performed as a member of the Medical Reserve Corps", in 10-953a, are omitted as covered by clause (a) (1) of the revised section.

§ 2833. Computation of years of service: mandatory retirement.
Regular Army commissioned officers

1 (a) In determining whether a commissioned officer of the Regular
2 Army may be retired under section 2804, 2809, 2811, 2817, 2821,
3 2823, or 2825 of this title, his years of service are:

1 (1) For a commissioned officer appointed in the Regular Army
2 or the Regular Air Force before January 1, 1948, under the Act
3 of December 28, 1945, ch. 601 (59 Stat. 663), the service credited
4 to him under that act at the time of his appointment, plus his
5 years of active commissioned service in the Regular Army and
6 the Regular Air Force after that appointment.

7 (2) For a commissioned officer appointed in the Women's
8 Army Corps, Regular Army, under section 108 of the Women's
9 Armed Services Integration Act of 1948 (62 Stat. 361) the service
10 credited to her under that section at the time of her appoint-
11 ment, plus her years of active commissioned service in the
12 Regular Army after that appointment.

13 (3) For a reserve judge advocate appointed in the Regular
14 Army in the grade of captain in the Judge Advocate General's
15 Department under section 24e of the National Defense Act, as
16 amended (53 Stat. 558)—

17 (A) his years of active commissioned service in the Army
18 after becoming 21 years of age, from December 7, 1941, to
19 the date of that appointment; or

20 (B) a period of service equal to the number of days,
21 months, and years by which his age at the time of that ap-
22 pointment exceeded 25 years;

23 whichever is greater, plus his years of active commissioned serv-
24 ice in the Regular Army and the Regular Air Force after that
25 appointment.

26 (4) For a commissioned officer appointed in the Regular Army
27 or the Regular Air Force before December 31, 1947, other than
28 an officer covered by clause (1), (2), or (3), his years of active
29 commissioned service in the Army and the Air Force after
30 becoming 21 years of age, from December 7, 1941, to the date
31 of his appointment in the Regular Army or the Regular Air
32 Force which next preceded his last entry on active duty, plus
33 his years of active commissioned service in the Regular Army
34 and the Regular Air Force after that appointment.

35 (5) For a commissioned officer appointed in the Regular
36 Army or the Regular Air Force after December 31, 1947, other
37 than an officer covered by clause (2), his active commissioned
38 service in the Army and the Air Force after becoming 21 years of

39 age, from January 1, 1948, to the date of his appointment in the
40 Regular Army or the Regular Air Force which next preceded
41 his last entry on active duty, plus his years of active commis-
42 sioned service in the Regular Army and the Regular Air Force
43 after that appointment.

44 (b) Subject to section 3109 of this title, in computing the retired
45 pay of a commissioned officer of the Regular Army retired
46 under section 2804, 2809, 2811, 2817, 2821, 2823, or 2825 of this
47 title, his years of service are the greater of—

48 (1) the years of service credited to him in computing his basic
49 pay, or

50 (2) his years of service computed under clause (1), (2), (3),
51 (4), or (5) of subsection (a), whichever is applicable.

Revision Note

Based on 10:941a (b) (as applicable to 10:941a (c) and (d)).

In clauses (a) (4) and (5), the words "which next preceded his last entry on active duty" are inserted for clarity, since, in the case of any officer of the Regular Army who resigns and is subsequently reappointed in the Regular Army, his service is computed from the date of his reappointment.

Subsection (b) is inserted because of formula No. 4 of section 3101 of this title.

§ 2835. **Computation of years of service: voluntary retirement.**
Regular Army commissioned officers, Army Nurse Corps
and Women's Medical Specialist Corps

1 In determining whether an officer of the Regular Army in the Army
2 Nurse Corps or the Women's Medical Specialist Corps may be
3 retired under section 2803 of this title, and in computing her retired
4 pay under section 3101 of this title, her years of service are computed,
5 subject to section 3109 of this title, by adding—

- 6 (1) all active duty;
7 (2) all service in the Navy or Marine Corps that may be
8 included in determining the eligibility of an officer of the Navy
9 or Marine Corps for retirement; and
10 (3) all service computed under section 2105 of this title.

Revision Note

Based on 10:166g (a) (24th thru 31st words), 951 (as applicable to 10:166g (a) (less last provision)), and 951b (as applicable to 10:166g (a) (less last provision)); and uncodified Act of June 18, 1878, ch. 263, sec. 7 (as applicable to 10:166g (a) (less last provision)), 20 Stat. 150.

The revised section consolidates the words "active Federal service in the armed forces of the United States", in 10:166g (a), with other service computation provisions applicable to nurses and women medical specialists. The words "active duty" are substituted for the words "active Federal service in the armed

forces of the United States", in 10:166g (a), for uniformity. The words "longevity pay and", in section 7 of the Act of June 18, 1878, ch. 263, 20 Stat. 150, are omitted as superseded by section 202 of the Career Compensation Act of 1949 (37 U. S. C. 233). The last sentence of section 7 of that act is omitted, since the distinction between limited and unlimited retired lists was abolished by the Act of June 29, 1948, ch. 708, sec. 201, 62 Stat. 1084.

§ 2837. **Computation of retired pay: law applicable**

- 1 A person retired under this chapter is entitled to retired pay

Revision Note

The revised section is based on the various retirement provisions in this chapter and is inserted to make explicit the entitlement to retired pay upon retirement.

§ 2839. **Suspension of laws for mandatory retirement during war or emergency**

- 1 In time of war, or of emergency declared by Congress or the
- 2 President, the President may suspend the operation of any provision

§ 2901. Age and service requirements and limitations

- 1 (a) Except as provided in subsection (b), a person whose most
- 2 recent military service has been in the Army is entitled to retired
- 3 pay computed under section 3101 of this title, upon application to
- 4 the Secretary of the Army, if he—
- 5 (1) is at least 60 years of age;
- 6 (2) has at least 20 years of service computed under section
- 7 2903 of this title;
- 8 (3) performed the last eight years of those years of service
- 9 as a member of a reserve component of any of the armed forces,
- 10 or as a member of the Army or Air Force without specification
- 11 of component or other category named in section 2903 (a) (1)
- 12 of this title, but not while he was a member of a regular compo-
- 13 nent of the Army, Navy, Air Force, or Marine Corps; and
- 14 (4) is not entitled, under any other provision of law, to retired
- 15 pay from the Army, Navy, Air Force, or Marine Corps, or
- 16 retainer pay as a transferred member of the Fleet Reserve or
- 17 the Fleet Marine Corps Reserve.
- 18 (b) No person who, before August 16, 1945, was a member of a
- 19 reserve component of any of the armed forces, or a member of the
- 20 Army without specification of component, or other category covered
- 21 by section 2903 (a) (1) of this title except a regular component, is
- 22 eligible for retired pay under this chapter, unless, after April 5, 1917,
- 23 and before November 12, 1918, or after September 8, 1940, and before
- 24 January 1, 1947, he performed active duty or annual training duty,
- 25 or attended a school designated as a service school by law or by
- 26 the Secretary of the appropriate military department.

Revision Note

Based on 10-1036a (a), 1039a (d), and 1036d (1st sentence).

In subsection (a), the words "is entitled" are substituted for the words "shall be granted". The words "in the status of a commissioned officer, warrant officer, flight officer, or enlisted person" and the references to reserve components are omitted as surplusage. The words "as a member of a reserve component" are omitted, since the words "reserve component", as used in 10-1036a (a), include all members of the Army except members of the Regular Army. The words "service computed under section 2903 of this title" are substituted for the words "satisfactory Federal service" to make it clear that some service that is not normally covered by the latter term may be counted in determining rights to retired pay under this chapter.

In clause (a) (4), the words "Fleet Marine Corps Reserve" are inserted because of section 2 of the Naval Reserve Act of 1938 (34 U. S. C. 853a).

In subsection (b), the words "the Army without specification of component or other category covered by section 2903 (a) (1) of this title" are inserted, since the words "reserve component", as used in 10-1036a (a), also cover members without specification of component and members of the other special categories listed. The words "annual training duty, or attendance at a school designated as a service school by law or by the Secretary of the appropriate military department" are inserted, since the words "active Federal service", as used in section 10-1036a (a), also cover the additional service listed. The words "active duty" are substituted for the words "active Federal service" for uniformity.

§ 2903. Computation of years of service in determining entitlement to retired pay

- 1 (a) Except as provided in subsection (b), for the purpose of
 2 determining whether a person is entitled to retired pay under section
 3 2901 of this title, his years of service are computed by adding—
 4 (1) his years of service, before July 1, 1949, in—
 5 (A) the armed forces of the United States;
 6 (B) the federally recognized National Guard before June
 7 15, 1933;
 8 (C) a federally recognized status in the National Guard
 9 before June 15, 1933;
 10 (D) the Naval Reserve Force;
 11 (E) the Naval Militia that conformed to the standards
 12 prescribed by the Secretary of the Navy; and
 13 (F) the National Naval Volunteers; and
 14 (2) each one-year period, after July 1, 1949, in which he has
 15 been credited with at least 50 points on the following basis—
 16 (A) one point for each day of the following service that
 17 conformed to required standards and qualifications—
 18 (i) active duty;
 19 (ii) annual training duty; and

Ch. 87 RETIRED PAY FOR NON-REGULAR SERVICE § 2993

- 20 (iii) attendance at a school designated as a service
 21 school by law or by the Secretary of the appropriate
 22 military department;
- 23 (B) one point for each attendance at a drill or period of
 24 equivalent instruction which was prescribed for that year
 25 by the Secretary of the appropriate department and which
 26 conformed to the requirements prescribed by law; and
- 27 (C) points at the rate of 15 a year for membership in a
 28 reserve component of any of the armed forces, in the Army
 29 or Air Force without specification of component, or in
 30 another category covered by subsection (a) (1) except a
 31 regular component.
- 32 (b) The following service may not be counted under subsection (a):
- 33 (1) Service in an inactive section of the Officers' Reserve
 34 Corps or an inactive section of the officers' section of the Air
 35 Force Reserve, other than active duty, annual training duty,
 36 and attendance at a school designated as a service school by law
 37 or by the Secretary of a military department.
- 38 (2) Service while on the Honorary Retired List of the Naval
 39 Reserve or of the Marine Corps Reserve, other than active duty,
 40 annual training duty, and attendance at a school designated as
 41 a service school by law or by the Secretary of a military depart-
 42 ment.
- 43 (3) Service in the inactive National Guard.
- 44 (4) Service in a non-federally recognized status in the National
 Guard.

Revision Note

Based on 10:1036a (b), 1036a (c), 1036e (a), 1036e (b), 1036e (c) (less applicability to determination of retired pay), 1036e (d) (less applicability to determination of retired pay), 1036e (e), and 1036e (f).

Subsection (a) consolidates the provisions of 10:1036a and 1036e (b)-(d) relating to service that may be counted in determining eligibility for retired pay under this chapter. 10:1036e (a) is omitted as covered by the enumeration of the service that may be counted for the purposes of the revised section.

In clauses (a) (1) (A)-(F), the requirement that the service must have been satisfactory is omitted as executed, since all service before July 1, 1949, has been found to have been satisfactory by the Secretaries of the Army, Navy, and Air Force.

In clause (a) (1) (A), the words "the armed forces of the United States" are substituted for clauses (1), (2), (5)-(7), (9), (10), (13)-(16), of 10:1036e (c), and so much of clause (8) of 10:1036e (c), as relates to the Naval Reserve and the Naval Reserve Force as constituted after February 28, 1925, since the service covered by those clauses when added to service in the regular components, comprises all service in the armed forces. The exceptions for members of the Fleet Reserve and Fleet Naval Reserve, in clause (8) of 10:1036e (c), and for members of the Fleet Marine Corps Reserve transferred thereto after completion of 16 or

more years of active Naval service, in clause (9) of 10:1036- (e), are omitted as surplusage. Personnel mentioned in these exceptions are already excluded from the benefits of retired pay granted by section 2901 of this title, since clause (4) of that revised section excludes any person who is receiving retainer pay. The words "member of the Fleet Reserve transferred thereto after 16 years" and the comparable phrase for Marine Corps personnel are applied in the Naval service only to persons who are transferred under circumstances entitling them to retainer pay.

In clauses (a) (1) (B)-(C), the words "June 15" are inserted to reflect the exact date of the change in National Guard status made by the Act of June 15, 1933, ch. 87, sec. 5, 48 Stat. 155, which established the National Guard of the United States as a reserve component of the Army.

In clause (a) (2) (A), the words "service that conforms to required standards and qualifications" are substituted for 10:1036 (b). Clauses (a) (2) (A) (i)-(iii) combine 10:1036a (b) (1) and that part of 10:1036e (d) relating to service that may be counted after July 1, 1949, for the purposes of this chapter to make it clear that "active Federal service", in the broad sense in which the term is used in 10:1036a-e, includes annual training duty and attendance at service schools.

Clauses (b) (1)-(3) are inserted because of 10:1036e (e), which states that the service enumerated in those clauses may not be considered in determining eligibility for retired pay under this chapter.

In subsections (a) and (b), the words "active duty" are substituted for the words "active Federal service" for uniformity of expression.

§ 2905. Computation of years of service in computing retired pay

- 1 For the purpose of computing the retired pay of a person entitled
- 2 to it under this chapter, his years of service and any fraction of such a
- 3 year (on the basis of 360 days a year) are computed by adding—
- 4 (1) his years, and fractions of years, of—
- 5 (A) active duty;
- 6 (B) annual training duty; and
- 7 (C) attendance at any school designated as a service school
- 8 by law or by the Secretary of the appropriate military
- 9 department;
- 10 (2) 1/360 of a year for each point credited to him for drill,
- 11 equivalent instruction, or membership, under clause (B) or
- 12 (C) of section 2903 (a) (2) of this title, but not more than 60/360
- 13 of a year in any year; and
- 14 (3) 50/360 of a year for each year of service which was per-
- 15 formed by him before July 1, 1949, in a reserve component, in
- 16 the Army or the Air Force without specification of component,
- 17 or in another category covered by section 2903 (a) (1) of this
- 18 title, but which was not active duty, annual training duty, or
- 19 attendance at a school designated as a service school by law or
- 20 by the Secretary of any of the military departments.

Ch. 87 RETIRED PAY FOR NON-REGULAR SERVICE § 2907

Revision Note

Based on 10-1036b (less 1st 91 words and 1st proviso), 1036c (as applicable to determination of retired pay), and 1036e (d) (as applicable to determination of retired pay).

The revised section consolidates provisions of 10-1036b and 1036c relating to the years of service that may be counted in determining retired pay for persons entitled to that pay under this chapter.

In clauses (1) (A) and (3), the words "active duty" are substituted for the words "active Federal service" for uniformity.

In clauses (1) (B) and (1) (C), the words "June 15" are inserted to reflect the exact date of the change in National Guard status made by the Act of June 15, 1933, ch. 87, sec. 3, 48 Stat. 155, which established the National Guard of the United States as a reserve component of the Army.

In clause (2), the words "1/360 of a year" are substituted for the word "day", and the words "60/360 of a year" are substituted for the words "sixty days". In clause (3), the words "50/360 of a year" are substituted for the words "fifty days". These changes are made to conform to the basic requirement of 10-1036b that for pay purposes service is computed on the basis of years and fractions of years, and on the basis of 360 days a year.

§ 2907. Suspension or termination of right to the accrual of additional benefits

- 1 (a) No person is entitled to the accrual of additional retired pay
- 2 benefits under this chapter while he is in an inactive reserve status
- 3 under section 731 (b) of this title.
- 4 (b) The right of a person to the accrual of additional retired pay
- 5 benefits under this chapter terminates when he is retired without pay
- 6 or his appointment or enlistment is terminated under section 731 (b)
- 7 of this title.

Revision Note

Based on 10-1036c (last sentence).

In subsection (a), the words "while he is in an inactive reserve status under section 731 (b) of this title" are substituted for the words "Such action shall affect a termination of", insofar as they relate to transfer to an inactive reserve status, since such a transfer does not necessarily terminate the right to reenter upon an active status.

In subsections (a) and (b), the word "additional" is substituted for 10-1036c (25 words preceding proviso of last sentence). 10-1036c (proviso of last sentence) is omitted as executed, since the Secretary of the Navy has determined that all service before July 1, 1949, was satisfactory service.

In subsection (b), the words "when he is retired without pay or his appointment or enlistment is terminated under section 731 (b) of this title" are substituted for the words "Such action", insofar as they relate to retirement without pay or termination of appointment or enlistment.

§ 2909. Inactive status list

1 (a) A person who would be eligible for retired pay under this
2 chapter but for the fact that he is under 60 years of age may be
3 transferred, at his request and by direction of the Secretary of the
4 Army, to such inactive status list as may be established for members
5 of the Army other than members of the Regular Army.

6 (b) While on an inactive status list under subsection (a), a person
7 is not required to participate in any training or other program pre-
8 scribed for his component, and he is not entitled to be credited with
9 additional service under sections 2903 and 2905 of this title.

10 (c) The Secretary may at any time recall to active status a member
11 who is on an inactive status list under subsection (a).

Revision Note

Based on 10:1036g.

In subsection (a), the words "for members of the Army other than members of the Regular Army" are substituted for the words "for the reserve components of the Army of the United States", since, the words "reserve component", as used in section 2903 of this title, include all members of the Army except members of the Regular Army.

In subsection (b), the words "service under sections 2903 and 2905 of this title" are substituted for the words "active Federal service or additional Federal service in a reserve component other than active Federal service for the purpose of said sections".

In subsection (c), the last 32 words of the last sentence of 10:1036g are omitted as surplusage.

§ 2911. Service credited for retired pay benefits not excluded for other benefits

1 No period of service included in whole or in part in determining a
2 person's right to, or the amount of, retired pay under this chapter
3 may be excluded in determining his eligibility for any annuity, pen-
4 sion, or old-age benefit, under any other law, on account of civilian
5 employment in the Federal Government or otherwise, or in deter-
6 mining the amount payable under that law, if that service is other-
7 wise properly credited under it.

Revision Note

Based on 10:1036d (less 1st sentence).

§ 2913. **Limitation on active duty**

- 1 No member of the Army may be ordered to active duty solely for

Revision Note

Based on 10:1036h.

The first sentence of 10:1036h is omitted as surplusage.

§ 2915. **Regulations**

- 1 The Secretary of the Army shall prescribe regulations to carry out
- 2 this chapter.

Revision Note

Based on 10:1036f.

The words "as they may deem necessary" and "with respect to personnel of the Army" are omitted as surplusage. The words "rules" and "procedures" are omitted as covered by the word "regulations".

Revision Note

Based on 10: 131c (1st 6 and 9th thru 13th words), 166g (1st 5 and 8th thru 12th words), 316b (1st 6 and 9th thru 13th words), 559a (1st 7) (last 12 words, less words "or pay"), 941a (1st 3) (31st thru 42d words), 941a (1st 3) (proviso, as applicable to retired grade), 941a (1st proviso of clause (1), as applicable to retired grade), 947a (last 11 words), 1025, and 1026 (proviso); and 37: 279 (last 18 words).

The applicability of the rule stated in the revised section to situations not expressly covered by the laws named in the source credits above is necessarily implied from laws providing for retirement in higher grade in those situations.

6 grade of general or lieutenant general under section 711 of this title,

8 in the highest grade held by him on the active list while so serving,
9 and, if so appointed, is entitled to retire in that grade.

10 (b) Upon retirement, a commissioned officer of the Regular Army
11 who has served four years as chief or assistant chief of a branch is
12 entitled to retire in the highest grade held by him while so serving.

13 (c) Upon retirement, a commissioned officer of the Regular Army
14 who has served two and one-half years or more as Director or Deputy
15 Director of the Women's Army Corps, Chief of the Army Nurse
16 Corps, or Chief or Assistant Chief of the Women's Medical Specialist
17 Corps, may, in the discretion of the President, be retired in the highest
18 grade held by her while so serving.

19 (d) Upon retirement, any permanent professor of the United States
20 Military Academy whose grade is below brigadier general, and whose
21 service as such a professor has been long and distinguished, may, in
22 the discretion of the President, be retired in the grade of brigadier
23 general.

Revision Note

Based on 10-156c (14h) thru 434 words-, 196g (b) (13h) thru 76h words-,
316b (b) (14h) thru 53h words-, 506b (d) (less 1st and last provisos), 1026 (less
24 words before proviso and proviso), and 1079a (b) (less proviso).

In subsection (a), the words "who has served (1) as Chief of Staff to the
President, (2) as Chief of Staff of the Army, (3) as a senior member of the Military
and Naval Staff Committee of the United Nations, or (4) in a position of
importance and responsibility designated by the President to carry the grade of
general or lieutenant general under section 711 of this title" are substituted for
the words "while serving in accordance with the provisions of subsection (b)
or (c) of this section". The word "appointed" is inserted to make it clear that
the officer, at the time of his retirement, is appointed to the office of the higher
grade in the constitutional sense.

In subsection (b), 10-156c (14h) thru 434 words) is omitted as covered by
10-1026 (less proviso), since the Medical Service Corps is a branch of the Army.
The references to the Commanding General of the General Headquarters Air
Force are omitted as executed.

In subsection (d), the words "Upon retirement" are substituted for the words
"When . . . is retired". The word "allowances" is omitted, since retired
officers are not entitled to allowances. The words "grade is below brigadier
general" are inserted, since any permanent professor who has the grade of
brigadier general retires in that grade under section 3609 of this title.

§ 3005. Higher grade for service during certain periods: Regular
Army and reserve commissioned officers

1 (a) A commissioned officer of the Regular Army who is retired,
2 or a commissioned officer of a reserve component of the Army who
3 is retired or to whom retired pay is granted, is entitled to be placed

4 upon the appropriate retired list in the highest grade which he held
 5 in the Army without specification of component and in which he
 6 served on active duty satisfactorily, as determined by the Secretary
 7 of the Army, for not less than six months, after September 8, 1940,
 8 and before July 1, 1946.

9 (b) A commissioned officer of the Regular Army who is retired,
 10 or a commissioned officer of a reserve component of the Army who
 11 is retired or to whom retired pay is granted, before January 2, 1957,
 12 while serving on active duty in a grade below lieutenant general in
 13 the Army without specification of component, is entitled to be placed
 14 upon the appropriate retired list in the grade held by him while so
 15 serving. However, no officer may be ordered to active duty, or
 16 promoted to a higher grade in the Army without specification of
 17 component, for the sole purpose of enabling him to be placed on a
 18 retired list in a higher grade under this subsection.

19 (c) Upon retirement, a member of the Regular Army in the Army
 20 Nurse Corps or Women's Medical Specialist Corps who was (1) a
 21 member of the Army Nurse Corps established by the Act of July 9,
 22 1918 (40 Stat. 879), (2) a female dietitian or physical therapist ap-
 23 pointed under the Act of December 22, 1942 (56 Stat. 1072), or (3) a
 24 female officer appointed under the Act of June 22, 1944 (58 Stat. 324),
 25 is entitled to a retired grade equal to the highest grade or relative
 26 rank in which she served on active duty satisfactorily, as deter-
 27 mined by the Secretary, after September 8, 1940, and before July 1,
 28 1946.

Revision Note

Based on 10:1002 (less 31 words before proviso and proviso), 1003 (less last
 40 words), and 1005 (less 39 words before proviso of 1st sentence and proviso).

In subsections (a), (b), and (c), the provisions of 10:1002, 1003, and 1005,
 applicable to members retired before the enactment of this title are omitted as
 executed. Members retired after enactment of this title, are entitled to the
 higher retired grade upon retirement, and are not advanced on the retired list to
 that grade.

In subsection (b), the words "below lieutenant general" are substituted for
 the words "not higher than that of major general".

In subsection (c), the provisions of 10:1003 are limited to members of the
 Army Nurse Corps and Women's Medical Specialist Corps of the Regular Army,
 since, under section 113 of the Army-Navy Nurses Act of 1947 (10 U. S. C. 1694),
 no further appointments may be made under the Acts of July 9, 1918, 40 Stat.
 879, December 22, 1942, 56 Stat. 1073, and June 22, 1944, 58 Stat. 324, and
 appointments previously made thereunder ceased to exist on October 17, 1947,
 except as to certain retirement and other rights which are now executed.

RETIRED GRADE

§ 3007

§ 3007. Grade on retirement for physical disability: members of Army

1 Any member of the Army who is retired for physical disability
2 under section 2601 or 2607 of this title is entitled to be retired in the
3 highest of the following grades:

4 (1) The grade in which he is serving on the date when his
5 name is placed on the temporary retired list or on the date when
6 he is retired, whichever is earlier.

7 (2) The highest grade in the Army without specification of
8 component in which he served satisfactorily, as determined by
9 the Secretary of the Army.

10 (3) For a promotion-list officer on a recommended list, the
11 grade in the Regular Army to which it was recommended that
12 he be promoted.

13 (4) For a member of the Regular Army other than a promo-
14 tion-list officer, the grade in the Regular Army to which he would
15 have been promoted had it not been for the physical disability for
16 which he is retired and which was discovered as a result of the
17 physical examination for promotion.

18 (5) For a member of a reserve component of the Army on
19 duty as such, the grade in his reserve component to which he
20 would have been promoted had it not been for the physical dis-
21 ability for which he is retired and which was discovered as a
22 result of the physical examination for promotion.

23 (6) The grade in the Army without specification of component
24 to which he would have been promoted had it not been for the
25 physical disability for which he is retired, if eligibility for that
26 promotion was required to be based on cumulative years of
27 service or years of service in grade and the disability was dis-
28 covered as a result of a physical examination for that promotion.

Revision Note

Based on 10:559a (a) (7) (less last 13 words), 391 (last proviso), and 1001 (proviso) and 37:272 (d) (104th thru 128th words, as applicable to retired grade), 272 (d) (2d and 5th provisos), and 279 (less last 18 words, as applicable to 37:272 (d) (less last proviso)).

The last proviso of 10:594 and the proviso of 10:1004 are omitted as superseded by 37:272 (d) and 279. The words "rank" and "rating" are omitted as surplusage.

In clause (3), the words "with retired pay at the rate of 75 per centum of the active-duty pay of the grade to which recommended", in 10:559a (a) (7), are omitted as superseded by formula Nos. 1 and 2 of section 3101 and section 3103 of this title.

Clause (4) is limited in application to members of the Regular Army, other than promotion-list officers, since 10:559a (a) (7) is broader than 37:272 (d) (5th proviso).

§ 3009

PERSONNEL

§ 3009. Higher grade for physical disability: retired officers recalled to active duty

1 (a) A member of the Army who has been retired for physical disability under section 2601 or 2607 of this title, and who while on
2 active duty incurs a physical disability which is in addition to, or
3 which aggravates, the disability for which he was retired, is entitled,
4 upon his return to a retired status, to the highest grade to which he
5 was promoted and in which he served satisfactorily, as determined
6 by the Secretary of the Army, while on that duty.

8 (b) An officer of the Regular Army who was retired for physical
9 disability before October 1, 1949, and who, while on active duty in a
10 higher grade in the Army without specification of component, incurs
11 additional physical disability, is entitled to be promoted on the retired
12 list to that higher grade, if the Secretary, or a person designated
13 by him, finds that the additional disability (1) is at least 30 percent
14 of the officer's aggregate permanent disability, and (2) is incident to
15 service in the higher grade.

16 (c) An officer of the Army, other than of the Regular Army, who
17 would be entitled to the benefits of subsection (b) if he were a member
18 of the Regular Army, is entitled to those benefits if—

19 (1) he was retired, or retired pay was granted to him, after
20 April 6, 1917, and before June 30, 1943; or

21 (2) the additional physical disability was determined or
22 incurred after June 29, 1943, and in time of war or of an emergency
23 declared by the President, or within six months thereafter.

24 (d) An officer of the Regular Army who has been retired for
25 reasons other than physical disability, and who while on active duty
26 in a higher grade in the Army without specification of component,
27 incurs a physical disability, is entitled to be promoted on the retired
28 list to that higher grade.

29 (e) An officer of the Army, other than of the Regular Army, who
30 would be entitled to the benefits of subsection (d) if he were a member
31 of the Regular Army is entitled to those benefits if he was retired,
32 or retired pay was granted to him, after April 6, 1917, and before
33 June 30, 1943.

34 (f) An officer is entitled to the benefits of subsections (b), (c), (d),
35 and (e) only if proceedings to obtain those benefits are initiated within
36 six months after his release from active duty, or the termination of the
37 appointment that he held in the Army without specification of component
38 when he incurred the disability, whichever was earlier.

39 (g) The Secretary may prescribe regulations to carry out this
40 section.

Ch. 89

RETIRED GRADE

§ 3011

Revision Note

Based on 10:985b, 985c, 985e, and 985f and 37:272 (d) (last proviso, as applicable to retired grade), and 270 (less last 18 words, as applicable to 37:272 (d) (last proviso)).

Subsection (a) is limited in application to a member of the Army retired for physical disability under Title IV of the Career Compensation Act of 1949 (37:271-285) who is thereafter recalled to active duty. This is in accordance with an opinion of the Judge Advocate General of the Army (CSJAGA 19490481, 30 Dec. 49), holding that a member of the Army retired under the provisions of a law other than Title IV of the Career Compensation Act of 1949 who is recalled to active duty, promoted to a higher grade, and thereafter physically disabled, although entitled, under 37:272 (d) (last proviso) to compute his retired pay upon the basis of the higher grade if the disability is 30 percent or more, is not entitled to the higher grade by virtue of the provisions of 37:271, because he was retired under another law and not under Title IV of the Career Compensation Act of 1949. To qualify for higher retired grade, as distinct from the right to retired pay based upon a grade to which promoted while on active duty after retirement, an officer must qualify under one of the other subsections of the revised section. The words "in use . . . at the time of the determination" are substituted for the words "in current use".

In subsection (b), the words "before October 1, 1949" are inserted, since members of the Army retired after that date are covered by subsection (a) of the revised section.

In subsections (b), (d), and (f), the words "in a higher grade in the Army without specification of component" are substituted for the words "under a temporary appointment in a higher grade", in 10:983b, 983c, and 983e.

In subsections (c) and (e), the words "an officer of the Army, other than of the Regular Army" are substituted for the words "officers of the Army of the United States", in 10:983c, since officers of the Regular Army are covered by subsections (b) and (d) of the revised section. The words "after June 29, 1943", in subsection (c), and "before June 30, 1943", in subsections (c) and (e), are inserted to reflect the limitations of in 10:983e. The last 33 words of 10:983e are omitted as surplusage.

Subsection (g) authorizes the Secretary to prescribe regulations to carry out subsection (a), as well as the other subsections, of the revised section, because of section 2629 (a) of this title.

§ 3011. Higher grade after 30 years of service: Regular Army warrant officers and enlisted members

- 1 Each warrant officer of the Army, and each enlisted member of
- 2 the Regular Army, who is retired before or after this title is enacted
- 3 is entitled, when his active duty plus his service on the retired list
- 4 totals 30 years, to be advanced on the retired list to the highest
- 5 grade in the Army without specification of component in which he
- 6 served on active duty satisfactorily, as determined by the Secretary
- 7 of the Army, after September 8, 1940, and before July 1, 1946.

§ 3011

PERSONNEL

11

Revision Note

Based on 10:594 (1st proviso, less last 39 words) and 1004 (less 30 words before proviso and proviso).

The words "under any provision of law" and "active service", in 10:594 and 10:1004, "officer, flight officer, or warrant officer", in 10:594, and "commission, warrant, or enlisted", in 10:1004, are omitted as surplusage.

§ 3013. Restoration to former grade: Army warrant officers and enlisted members

- 1 Each retired warrant officer or enlisted member of the Army who
- 2 has been advanced on the retired list to a commissioned grade, and
- 3 who applies to the Secretary of the Army within one year after his
- 4 advancement, shall, if the Secretary approves, be restored on the
- 5 retired list to his former warrant-officer or enlisted status, as the
- 6 case may be.

Revision Note

Based on 37:311 (last proviso) and 313 (proviso).

The words "shall thereafter be deemed to be enlisted or warrant-officer personnel, as appropriate, for all purposes, including the computation of their retired pay based on such enlisted or warrant-officer rank, grade, or rating, as the case may be" are omitted as surplusage. The words "commissioned grade" are substituted for the words "higher officer rank or grade". The words "one year from the effective date of this section" and "whichever is the later" are omitted as executed.

§ 3015. Entitlement to commission: commissioned officers advanced on retired list

- 1 A commissioned officer who is advanced to a higher grade on a
- 2 retired list is entitled to a commission in that grade.

Revision Note

Based on 10:1014.

The words "by operation of or in accordance with law" and "and shall receive" are omitted as surplusage. The words "in that grade" are substituted for the words "in accordance with such advanced rank".

§ 3017. Retired lists

- 1 (a) The Secretary of the Army shall maintain a retired list, to be
- 2 published annually in the official Army Register, containing the
- 3 name of each retired commissioned officer of the Regular Army.
- 4 (b) The Secretary shall maintain a retired list, to be published
- 5 annually in the official Army Register, containing the name of—
- 6 (1) each person entitled to retired pay under any law providing
- 7 retired pay for commissioned officers of the Army, other than
- 8 of the Regular Army; and

Ch. 89

RETIRED GRADE

§ 3019

- 9 (2) each retired warrant officer or enlisted member of the
10 Regular Army who is advanced to a commissioned grade.
- 11 (c) The Secretary shall maintain a temporary retired list contain-
12 ing the names placed thereon under section 2603 or 2609 of this title.
13 The list shall be published annually in the official Army Register or
14 any other official Army publication.
- 15 (d) The Secretary shall maintain a retired list containing the name
16 of each retired warrant officer of the Army.
- 17 (e) The Secretary shall maintain a retired list containing the name
18 of each retired enlisted member of the Regular Army.

Revision Note

Based on 10:1001 and 1036; and 37:271 (b).

In subsections (a), (b), and (c), the word "maintain" is substituted for the word "establish", since the lists have been established and are published annually.

In subsection (a), the words "Effective upon June 29, 1948" are omitted as surplusage. The last 12 words of the first sentence and the last sentence of 10:1001 are omitted as no longer required, since, upon enactment of this title, laws referring to the limited or unlimited retired list will be specifically repealed.

In subsection (b), the word "shall" is substituted for the word "may", since 10:1036 further requires that such a list be published annually in the Army Register. The requirement as to publication necessarily implies that the list must be maintained.

Clause (b) (1) is substituted for the words "all commissioned officers and former commissioned officers of the Army of the United States . . . other than those of the Regular Army . . . heretofore or hereafter granted retirement pay under sections 436, 436a, and 1036a of this title, or any law hereafter enacted to provide retirement pay for commissioned officers other than those of the Regular Army."

In clause (c) (2), the words "who is advanced to a commissioned grade" are substituted for the words "heretofore or hereafter retired under any provision of law who, by reason of service in temporary commissioned grades in the Army of the United States . . . or in any of the respective components thereof, are entitled to be retired with commissioned rank or grade".

In subsection (c), the words "containing the names placed thereon under section 2603 or 2609 of this title" are substituted for the words "upon which shall be placed the names of all members of his service entitled to such placement pursuant to the provisions of this subchapter".

Subsections (d) and (e) are inserted, since sections 3011 and 3013 of this title refer to service on the retired list as a warrant officer or enlisted member.

§ 3019. Regulations

- 1 The Secretary of the Army may prescribe regulations to carry
2 out sections 2801, 2807, 3005, 3007, 3011, and 3017 of this title.

Revision Note

Based on 10:1007 (a).

The word "prescribe" is substituted for the word "promulgate".

| 1 | 280, 280, 281, 282, 282 | Monthly basic pay ¹ of member's retired grade. ² | 2½% of years of service credited to him in determining basic pay. ³ | | Excess over 75% of pay upon which computation is based. |

¹ Compute, subject to section 309 of this title, at rates applicable on date of retirement or grant of retired pay.
² Compute, subject to section 309 of this title, at rates applicable on date when member's name was placed on retirement list.
³ Compute, subject to section 309 of this title, at rates applicable on date of retirement. However, if member's retired grade is determined under section 303 (c), 305 (c), or 306 (c), or if member has served four years as Chief of the Motor Service Corps, use pay rate which member would be entitled to be were he serving in his retired grade.
⁴ For the purpose of this table, determine member's retired grade as if under section 303 (a) (see 306 (d) (1)).
⁵ Before applying percentage factor, create a fraction of one-half to three of a year as a whole year, and disregard a fraction of less than one-half of a year.
⁶ The Secretary of the Army's determination as to a member's basic pay is conclusive for all purposes.

Revision Note

The third sentence of the introductory paragraph is based on 10-136 (7th and 8th words), 106g (b) (5th and 7th words), 310b (b) (7th and 8th words), 309a (a) (7) (words "or pay"), 941a (a) (3) (proviso, less applicability to retired grade), and 941a (e) (1st proviso of clause (1), less applicability to retired grade).
 Formula No. 1 is based on 37-272 (d) (less 1st 55 and 104th then 128th words, and less 1st, 24, 4th, 5th, and last provisos), 272 (d) (104th then 128th words, less applicability to retired grade), and 272 (e) (1st proviso of last sentence).
 Formula No. 2 is based on 37-272 (d) (1st 55 words and 4th proviso).
 Formula No. 3 is based on 10-106g (a) (less 1st 49 words, 1st proviso, and 1st 84 words of last proviso).
 Formula No. 4 is based on 10-941a (a) (3) (less 31st thru 42d words and proviso and 941a (e) (clause (1), less 1st 14 and 94th then 113th words, and less 1st proviso).
 Formula No. 5 is based on 10-394 (2d proviso, less words "at the time of retirement", 971 and 971b (less 1st 104 words, and less 1st, 3d, and 4th provisos).
 Formula No. 6 is based on 10-918 (less 1st sentence, and less 1st and last provisos of last sentence).
 Formula No. 7 is based on 10-980.
 Formula No. 8 is based on 10-1030b (1st 91 words and 1st proviso).

Footnotes 1, 2, and 3 are based on 10:136e (less 1st 43 and last 13 words), 166g (b) (less 1st 76 words and 29 words before proviso, and less proviso), 316b (b) (less 1st 51 and last 13 words), 594 (words "at the time of retirement" of 2d proviso), 1002 (34 words before proviso and proviso), 1003 (last 40 words), 1005 (36 words before proviso of 1st sentence and proviso), and 1026 (24 words before proviso).

Footnote 4 is based on 10:500b (d) (1st proviso) and 1079a (b) (proviso).

Footnote 5 is based on 10:166g (a) (1st proviso), 594 (3d proviso), 941a (c) (941b thru 1131b words of clause (1)), 948 (last proviso of last sentence), 971b (1st proviso), and 37:272 (d) (1st proviso).

Footnote 6 is based on 10:948 (1st proviso of last sentence).

The applicability of the rule stated in the third sentence of the introductory paragraph of the revised section to situations not expressly covered by the laws named in the source credits above is a practical construction that the rule must be reciprocally applied in all cases.

In formula No. 1, the words "whichever is earlier", in 37:272 (d) (clause (2)), are omitted, since they are contrary to the rule stated in 37:272 (c) (1st proviso of last sentence).

In formula No. 2, the words "for the period during which his name is carried on such disability retired list, but in no event to exceed a period of five years" are omitted as covered by section 2619 of this title.

In formula No. 4, the words "basic pay" are substituted for the words "base and longevity pay" to conform to the terminology of the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.). The words "his retired grade" are substituted for the words "permanent grade held at time of retirement" to reflect the right to higher retired grade when qualified under other provisions of law. The last proviso of clause (1) of 10:941a (c) is omitted, since, under section 202 of the Career Compensation Act of 1949 (37 U. S. C. 233), the active duty pay of all members of the Army is based upon years of service.

In formula No. 5, the computation is based on monthly pay instead of annual pay to conform to the other formulas of the revised section. The words "basic pay" are substituted for the words "active duty base and longevity pay", and the words "in determining his basic pay" are substituted for the words "for longevity pay purposes", to conform to the terminology of the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.). The words "monthly basic pay of member's retired grade" are substituted for the words "at the time of retirement", in 10:594, "the rank upon which they are retired", in 10:971, and "rank with which retired", in 10:971b, to reflect their right to advancement on the retired list. 10:971 now applies only when the retiring officer has 30 or more years of service which may be credited in computing his retired pay. The second proviso of 10:971b is omitted, since, under section 202 of the Career Compensation Act of 1949 (37 U. S. C. 233), the pay of all members of the Army is based upon cumulative years of service. The last proviso of 10:971b is omitted, since the distinction between limited and unlimited retired lists was abolished by the Act of June 29, 1918, ch. 708, section 201, 62 Stat. 1084.

In formula Nos. 6 and 7, the words "credited under section 2829" are substituted for the words "active Federal service", since that revised section makes explicit the service covered. 10:980 now applies only when the retiring enlisted member has 30 or more years of service which may be credited in computing his retired pay.

In formula No. 8, the computation is based on monthly pay instead of annual pay to conform to the other formulas of the revised section. The words "basic pay" are substituted for the words "base and longevity pay" to conform to the terminology of the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.). The words "which he would receive if serving, at the time granted such pay, on active duty" are omitted as surplusage and to conform to the other formulas of the revised section, since the effect of these words is covered by footnote 1. The words "at any time" are substituted for the words "during his entire period of service".

Footnotes 1 and 2 and the first sentence of footnote 3 reflect the long-standing construction of those provisions dealing with computation of retired pay which do not specifically provide that the member is entitled to compute his retired pay on the basis of the monthly basic pay to which he would be entitled if he were on active duty in his retired grade. In those cases covered by the last sentence of footnote 3, however, the cited provisions which grant higher retired grade, make such specific provision. Except in cases covered by formula No. 5, the pertinent basic computation provisions for such retirement either provide for computation of retired pay on the same basis as the provisions dealing with higher retired grade, or the basic retirement provisions were themselves enacted after the provisions authorizing higher retired grade. The provisos of 10:1002 and 1005 are omitted as surplusage, since no formula for the computation of retired pay includes inactive service on the retired list as a credit.

In footnote 4, the words "and disregard a fraction of less than one-half of a year" are made applicable to formula Nos. 1-7, although this part of the rule is expressed only as to formula No. 4, in 10:941a (c) (1). The legislative history of the Career Compensation Act of 1949 (Hearings before the Committee on Armed Services of the Senate on H. R. 5097, 81st Congress, First Session, page 313, July 6, 1949) indicates that the provisions upon which formula Nos. 1, 2, 3, 4, 6, and 7 are based should be construed to require that a fraction of less than one-half of a year be disregarded.

§ 3103. Recomputation of retired pay to reflect later active duty

- 1 (a) Except in cases covered by subsections (b) and (c), a member of
- 2 the Army who has been retired or to whom retired pay has been
- 3 granted, and who thereafter serves on active duty, is entitled, upon
- 4 release from that duty, to recompute his retired pay under the law
- 5 upon which his retired pay was based immediately before that duty
- 6 to reflect that duty. The recomputation shall be based upon the
- 7 pay of the grade in which he would be placed upon the retired list
- 8 were he not already on that list.
- 9 (b) A retired member of the Army who, while serving on active
- 10 duty, incurs a physical disability for which he would be eligible to retire
- 11 under section 2601 or 2607 of this title but for the fact that he is
- 12 already retired, or who incurs a physical disability which is in addition
- 13 to, or which aggravates, a physical disability for which he was
- 14 retired, is entitled, upon his release from that duty, to recompute his
- 15 retired pay under subsection (d).

§ 3103

PERSONNEL

II

- 16 (c) A member of the Army whose name is on the temporary
 17 retired list, and who, while serving on active duty, incurs a physical
 18 disability which is in addition to, or which aggravates, a physical dis-
 19 ability for which his name was placed on the temporary retired list,
 20 is entitled, if qualified under section 2603 or 2609 of this title, to
 21 retired pay computed under subsection (d) when he is relieved from
 22 active duty.
 23 (d) The monthly retired pay of a member of the Army covered by
 24 subsection (b) or (c) is computed as follows:

| Column 1
Take | Column 2
Multiply by | Column 3
Add | Column 4
Subtract |
|---|--|---|---|
| Highest monthly basic pay that member received while on active duty after retirement or other date when his name was placed on temporary retired list, as the case may be, but if, while on that duty, he was promoted to a higher grade in which he served continuously, as determined by the secretary of the Army, the monthly basic pay to which he would be entitled if he were on active duty in that higher grade. | As number shown—
(1) 25% of grade of service rendered to him before section 2603, or
(2) the highest percentage of disability incurred while on active duty after retirement or after this date, when his name was placed on temporary retired list, as the case may be. | Amount necessary to increase product of columns 1 and 2 by 5% of pay upon which computation is based, if number in column 2 is 100 or less. | Excess over 75% of pay upon which computation is based. |

Before applying provision hereof, omit a fraction of one-half of one or a year or a whole year, and disregard a fraction of less than one-half of a year.

Revision Note

Based on 37-272 (d) (last proviso, less applicability to retired grade) and 316 (less 34 proviso).

In subsection (a), the words "under the law upon which his retired pay was based immediately before that duty" are substituted for the words "by the base and longevity pay or the basic pay, as the case may be" to make explicit that persons retired before October 1, 1949, who thereafter serve on active duty, upon release from that duty continue to compute their retired pay under the same law upon which their retired pay was based immediately before that duty as determined under section 511 of the Career Compensation Act of 1949 (37 U. S. C. 311). The words "Except in cases covered by subsections (b) and (c)" are inserted, since the broader language of 37-316 is modified by the specific provisions of 37-272 (d) (last proviso).

In subsection (b), the requirement, in 37-272 (d) (last proviso), that the physical disability incurred be 30 percent or more is omitted as surplusage, since it is also required that the member be qualified for physical disability retirement under Title IV of the Career Compensation Act of 1949 (37 U. S. C. 271-285).

In footnote 1, the words "and disregard a fraction of less than one-half of a year" are inserted to conform to footnote 5 of section 3101 of this title.

Ch. 91 COMPUTATION OF RETIRED PAY § 3107

§ 3105. **Recomputation of retired pay to reflect advancement on retired list**

- 1 A member of the Army who is advanced on the retired list under
- 2 section 3011 of this title is entitled to recompute his retired pay as
- 3 follows:

| Column 1
Take | Column 2
Multiply by | Column 3
Add | Column 4
Subtract |
|---|---|-----------------|---|
| Monthly basic pay or base and longevity pay, as the case may be, of grade to which member advanced on retired list. | 25% of years of service credited to him under section 2825 ^a | | Excess over 75% of pay upon which computation is based. |

^a Compute, subject to section 3106 of this title, at rates applicable on date of retirement.
^b Below applying percentage factor, credit a fraction of one-half or more of a year as a whole year, and disregard a fraction of less than one-half of a year.

Revision Note

Based on 10:594 (last 39 words of 4th proviso) and 1004 (30 words before proviso).

The words "basic pay . . . as the case may be" are inserted to conform to the terminology of the Career Compensation Act of 1949 (37 U. S. C. 231 et seq.). The words "at the rate prescribed by law for his length of service", in 10:1004, are omitted as covered by the words "base and longevity pay", in 10:594. The words "base and longevity pay" are retained to cover the cases of members retired before the enactment of the Career Compensation Act of 1949, and advanced on the retired list after the enactment of that act. The words "and disregard a fraction of less than one-half of a year" are inserted to conform to footnote 5 of section 3101 of this title.

§ 3107. **Disability retired pay: treatment under Internal Revenue Code**

- 1 That part of the disability retired pay of a member of the Army,
- 2 computed under formula No. 1 or 2 of section 3101 or under section
- 3 3103 (d) of this title on the basis of years of service, which exceeds the
- 4 disability retired pay that he would receive if it were computed on the
- 5 basis of percentage of disability is not considered as a pension, an-
- 6 nuity, or similar allowance for personal injury or sickness resulting
- 7 from active service in the armed forces, under section 22 (b) (5) of
- 8 the Internal Revenue Code, as amended (26 U. S. C. 22 (b) (5)).

§ 3109. Effective date of retirement

1 Retirement authorized by this subtitle shall take effect on the first
2 day of the month following the month in which retirement would
3 otherwise be effective. However, the rate of active or retired pay or
4 allowance shall be computed as of the date retirement would have
5 occurred if this section had not been enacted.

Revision Note

Based on 5-47a (as applicable to members of Army).

The words "by this subtitle" are substituted for the words "law of Federal personnel of whatever class, civil, military, naval, judicial, legislative, or otherwise, and for whatever cause retired". The words "and said first day of the month for retirements made after July 1, 1930, shall be for all purposes in lieu of such date for retirement as was on April 23, 1930, authorized" are omitted as surplusage.

The words "subject to section 3109 of this title" are inserted for clarity in the following revised sections: 2601, 2607, 2701, 2703, 2705, 2707, 2708, 2709, 2711, 2713, 2715, 2801, 2803, 2804, 2805, 2807, 2809, 2811, 2813, 2815, 2817, 2819, 2821, 2823, 2825, 2827, 2829, 2833, 2835, 3101, and 3105.

Based on 10:422 (5b), 6b, and last sentence).

In subsection (b), the 6th sentence of 10:422 is omitted as covered by section 501 (a) of the Career Compensation Act of 1949 (37 U. S. C. 301 (a)). The provisos of the last sentence of 10:422 are omitted as superseded by section 501 (b) of the Career Compensation Act of 1949 (37 U. S. C. 301 (b)).

The words "Under regulations prescribed by the Secretary of the Army" are substituted for the words "The provisions of section 1144 of this title, authorizing leaves of absence to certain officers of the Military Academy . . . are extended to include", since 10-843 repeats the substance of 10-1144 except for the reference to regulations.

Revision Note

Based on 10:1061, 1071, 1073, 1077, 1077a, 1078a, 1087 (less proviso), 1088, and 1089 (1st 20 words).

In 10:1061, the words "one master of the sword" are omitted as obsolete. The duties of the former master of the sword are presently performed by the director of physical education, detailed to that duty by the superintendent of the Academy from officers assigned to duty at that installation by the Secretary under section 303 of this title. The words "and an assistant professor" are omitted as superseded by section 3605 of this title. The words "shall be constituted" are omitted as surplusage.

The word "permanent" is inserted in subsection (a) (4), pursuant to 10:1087, which, by adding one permanent professor for each of the subjects of instruction named in clauses (A)-(I), inclusive, implies that there already was a permanent professor for each of those subjects. The subjects of instruction set forth in clauses (A)-(I), inclusive, are those for which a professor was authorized before the enactment of 10:1087. The names of the subjects to be taught at the Academy are changed, where necessary, to conform to the names of those presently taught, pursuant to regulations and orders issued under the general authority for the change of titles of departments of instruction, contained in section 3003 of this title. These changes, published in general orders by authority of the Secretary of War, are as follows:

§ 3601

TRAINING

III

In clause (A), the word "Electricity" is substituted for the words "chemistry, mineralogy, and geology", pursuant to General Orders 38, Hq USMA, 29 June 1946.

In clause (C), the word "Foreign" is substituted for the word "modern", pursuant to General Orders No. 6, Hq USMA, 14 February 1949.

In clause (E), the word "Mechanics" is substituted for the words "natural and experimental philosophy", pursuant to General Orders No. 3, Hq USMA, 11 February 1943.

In clause (F), the words "Military Art and Engineering" are substituted for the words "civil and military engineering", pursuant to General Orders No. 3, Hq USMA, 11 February 1943.

In clause (G), the words "Military Topography and Graphics" are substituted for the word "drawing", pursuant to General Orders No. 3, Hq USMA, 11 February 1943.

In clause (H), the words "Physics and Chemistry" are substituted for the word "physics", pursuant to General Orders No. 38, Hq USMA, 29 June 1946.

In clause (I), the words "Social Sciences" are substituted for the words "economics, government, and history", pursuant to General Orders No. 13, Hq USMA, 22 April 1947.

In clauses (H) and (I), the provisions of 10:1077 and 10:1077a relating to the appointment of a civilian in the department of English, and a professor of economics, government, and history, by the President, by and with the advice and consent of the Senate, are omitted as executed. The provisions of 10:1077a relating to the establishment of a Department of Economics, Government, and History are omitted as executed.

In subsection (a) (9), the word "armor" is substituted for the word "cavalry", since under section 404 (a) of the Army Organization Act of 1950, 64 Stat. 271, the Armor is the "continuation of the Cavalry".

§ 3603. Staff: designation of titles of departments and professors

- 1 (a) The Secretary of the Army may prescribe the titles of each of
- 2 the departments of instruction and the professors of the Academy.
- 3 However, the change of the title of a department or officer does not
- 4 affect the status, rank, or eligibility for promotion or retirement of,
- 5 or otherwise prejudice, a professor at the Academy.
- 6 (b) Upon becoming the senior professor in a department, a pro-
- 7 fessor thereby becomes the head of that department.

Revision Note

Based on 10:1061a and 1087 (proviso).

In subsection (a), the words "now or after December 14, 1942, established at" are omitted as surplusage. The word "precedence" is omitted as covered by the word "rank". The words "pay, allowances" are omitted, since they are determined by the grade held.

§ 3605. Staff: appointment and detail: eligibility of graduates

1 (a) The superintendent and the commandant of cadets of the
2 Academy shall be detailed, from any branch of the Army, to those
3 positions by the President. Other officers on duty at the Academy,

7 by the President, by and with the advice and consent of the Senate.

8 (c) The superintendent, under the direction of the Secretary, may

12 to serve at the Academy as a professor or instructor, or as an assistant
13 to a professor or instructor, within two years after his graduation.

Revision Note

Based on 10:1062, 1063, and 1064.

In subsection (a), the word "detailed" is substituted for the word "selected", in 10:1062, and for the word "appointed", in 10:1063, since historically the offices of superintendent and commandant of cadets have been filled by detail. The words "assistant professors, acting assistant professors, and the adjutant", in 10:1063, are omitted as covered by the word "officers", in 10:1062. The words "except the permanent professors" are inserted to conform to 10:1062.

In subsection (b), the words "by and with the advice and consent of the Senate" are inserted, since many of the statutes establishing particular permanent professorships from time to time have so provided, and historically it has been the uniform practice to make those appointments in this manner.

§ 3607. Staff: command and supervision of Academy

1 (a) The supervision and charge of the Academy is in the Depart-
2 ment of the Army, under officers of the Army detailed to that duty
3 by the Secretary of the Army.

4 (b) The immediate government of the Academy is under the
5 superintendent, who is also the commanding officer of the Academy
6 and of the military post at West Point.

7 (c) The commandant of cadets is the immediate commander of
8 the Corps of Cadets, and is in charge of the instruction of the Corps
9 in tactics.

10 (d) The professors exercise command only in the academic depart-
11 ment of the Academy.

2 additional permanent professor from the permanent professors who
3 have served as heads of departments of instruction at the Academy.

4 (b) The Dean of the Academic Board shall perform the duties
5 prescribed by the superintendent of the Academy with the approval
6 of the Secretary of the Army. The Dean has the grade of brigadier
7 general, with the benefits authorized for permanent brigadier generals
8 of the Army, except that his retirement age is that of a permanent
9 professor of the Academy.

Revision Note

Based on 10-1089 (less last 29 words).

In subsection (b), the word "grade" is substituted for the word "rank". The words "pay, allowances" are omitted, since they are determined by the grade held. The words "retirement rights" are omitted as covered by the word "benefits".

§ 3611. Staff: permanent professors

1 A permanent professor of the Academy, other than the Dean of the
2 Academic Board, who is the head of a department of instruction, or
3 who has served as such a professor for more than six years, has the
4 grade of colonel. However, a permanent professor appointed from
5 the Regular Army has the grade of colonel after the date when
6 he completes six years of service as a professor, or after the date
7 when a promotion-list officer, junior to him on the promotion list
8 on which his name was carried before his appointment as a pro-
9 fessor, is promoted to the grade of colonel in the Regular Army,
10 whichever is earlier. All other permanent professors have the grade
11 of lieutenant colonel.

Revision Note

Based on 10-1079a (a).

The word "grade" is substituted for the word "rank". The words "pay, and allowances" are omitted, since they are determined by the grade held. The last proviso of 10-1079a (a) is omitted as surplusage.

§ 3613. Staff: chaplain

1 The duties of chaplain at the Academy shall be performed by a
2 clergyman, appointed by the President for a term of four years.
3 The chaplain is entitled to a salary of \$4,000 a year, and the allowances
4 of a captain with respect to public quarters, fuel, and light. The
5 chaplain may be reappointed, and, if reappointed, he is entitled to a
6 salary of \$5,000 a year and those allowances.

terms".

1 (a) The teacher of music, who shall be the leader of the Military
2 Academy Band, has the rank, pay, and allowances of a captain. In
3 computing his pay, all of his active service in the Army, including
4 service as teacher of music, is counted as service as a commissioned
5 officer.
6 (b) At such time as the President may direct, the teacher of music
7 shall be retired with the rank of a captain, and with the retired pay of
8 a captain having the length of service computed under subsection (a).
9 His dependents are entitled to the pensions, death gratuity, and other
10 benefits provided for the dependents of a captain of the Regular
11 Army with corresponding length of service.

Revision Note

Based on 10:1086.

In subsection (a), the words "From and after the date of approval of this
section" are omitted as surplusage.

§ 3617. Staff: chapel organist and choirmaster, civilian instructors in foreign languages and tactics; quarters, fuel, and light

1 (a) The chapel organist and choirmaster is entitled to public
2 quarters when they are available, and to fuel and light when he
3 occupies public quarters.
4 (b) The civilian instructors employed in the department of foreign
5 languages and the civilian instructors of tactics are entitled to public

§ 3617

TRAINING

III

In subsection (b), the words "foreign languages" are substituted for the words "modern languages" to conform to the present name of the department. The word "department" is substituted for the word "departments", since there is no statutory department of tactics.

§ 3619. Staff: quartermaster

2 the Army as quartermaster for the Corps of Cadets. The quarter-

1 Under regulations prescribed by the Secretary of the Army, the
2 superintendent of the Academy may grant a leave of absence, for
3 the period of the suspension of the ordinary academic studies, with-

 45 World War I or World War II, as defined by laws providing
 46 service-connected compensation or pension benefits for veterans
 47 of those wars and their dependents.

48 (e) For the purpose of subsection (d) (4), a determination by the
 49 Veterans' Administration whether a death is service-connected is
 50 binding upon the Secretary of the Army.

51 (f) Of the 180 cadets authorized to be nominated from the enlisted
 52 members of the Army and the Air Force, 90 may be nominated from
 53 the Regular Army and the Regular Air Force, and 90 from the reserve

 62 gories shall be made from candidates, in the order of their merit,
 63 making the highest grades on the examination. The Secretary of
 64 the Army and the Secretary of the Air Force shall prescribe regula-
 65 tions for the nomination of candidates from their respective services.

66 (g) If he is otherwise qualified for admission, a son of a person to
 67 whom the Medal of Honor has been awarded for an act performed
 68 while in the armed forces of the United States may be appointed a
 cadet from the United States at large.

Revision Note

Based on 10:1092a and 1092b (last proviso).

In subsection (a), the words "be authorized", "at large", and "which totals two thousand four hundred and ninety-six", are omitted as surplusage. Clause (d) of 10:1092a is omitted as surplusage.

In subsection (b), the words "from whatever source of admission" and "purpose" are omitted as surplusage.

In subsection (d), the words "rules" and "(including male and female members of . . . and of all components thereof)" are omitted as surplusage. The words "or died" are substituted for the words "or have died, or may hereafter die".

5 nominations, recommended and found qualified by the Academic
6 Board, in such number as are necessary to meet the needs of the Army
7 and the Air Force, but not in excess of the authorized strength of the
8 Corps of Cadets. At least two-thirds of those nominated under this
9 section shall be selected from qualified alternates under clauses (1)-(6)
10 of section 3625 (a) and clause (2) of section 3625 (d), of this title, and
11 the remainder from qualified candidates holding competitive nomina-
12 tions under any other provision of law. An appointment under this
13 section is an additional appointment and is not in lieu of an appoint-
14 ment otherwise authorized by law.

Revision Note

Based on 10-10924.

The words "If it is determined that, upon the admission of a new class to the Academy" are substituted for the words "When upon determination that upon admission of a new class to the United States Military Academy". The words "will be below" are substituted for the words "will be less". The words "within his discretion" are omitted as covered by the word "may". The words "to be admitted in such class" are omitted as surplusage. The words "under clauses (1)-(6) of section 3625 (a) and clause (2) of section 3625 (d), of this title" are substituted for the words "by the Vice President, Members of the Senate and House of Representatives of the United States, Delegates and Resident Commissioners, the Commissioners of the District of Columbia, and the Governor of the Canal Zone".

§ 3629. Cadets: appointment; persons from Canada and American Republics

1 (a) Upon designation by the President, the Secretary of the Army
2 may permit not more than 20 persons at a time from Canada and the
3 American Republics, other than the United States, to receive instruction
4 at the Academy. However, not more than three persons from
5 any one of those republics or from Canada may receive instruction
6 under this section at the same time.
7 (b) A person receiving instruction under this section is entitled to
8 the pay, allowances, and emoluments of a cadet appointed from the
9 United States, and from the same appropriations. However, the
10 mileage allowance payable to that person for travel to the Academy
11 for initial admission is not limited to mileage for travel within the
12 continental United States.
13 (c) Except as determined by the Secretary, a person receiving in-
14 struction under this section is subject to the same regulations govern-
15 ing admission, attendance, discipline, resignation, discharge, dis-
16 missal, and graduation, as a cadet at the Academy appointed from
17 the United States. However, a person receiving instruction under
18 this section is not entitled to appointment in the United States Army
19 by reason of his graduation from the Academy.

§ 3629

TRAINING

III

20 (d) A person receiving instruction under this section is not subject
21 to section 3633 of this title.

Revision Note

Based on 10:1093e.

In subsection (d), the words "and 1101" are omitted, since section 1321 of the Revised Statutes, previously codified in 10:1101, was repealed by section 6 (b) of the Act of June 30, 1950, ch. 421, 64 Stat. 306.

§ 3631. Cadets: appointment; Filipinos

1 (a) The Secretary of the Army may permit not more than four
2 Filipinos at any one time to receive instruction at the Academy. Of
3 these, one may be designated by the President of the Commonwealth
4 of the Philippine Islands for each entering class.

5 (b) A Filipino receiving instruction under this section is entitled
6 to the pay, allowances, and emoluments of a cadet appointed from
7 the United States, and from the same appropriations.

Revision Note

Based on 10:1093.

In subsection (a), the words "President of the Commonwealth of the Philippine Islands" are substituted for the words "Governor General of the Philippine Islands", since the office of Governor General of the Philippine Islands has not existed since the independence of the Philippines was established. Designation of Filipino cadets is now made by the President of the Commonwealth.

The second proviso of the first sentence, and the last sentence, of 10:1093 are omitted, since the Philippine Scouts are no longer a part of the Army.

§ 3633. Cadets: requirements for admission

1 (a) To be eligible for admission to the Academy a candidate must
2 be at least 17 and under 22 years of age on July 1 of the year in
3 which he enters the Academy.

4 (b) To be admitted to the Academy, an appointee must show, by
5 an examination held under regulations prescribed by the Secretary
6 of the Army, that he is qualified in the subjects prescribed by the
7 Secretary.

8 (c) A candidate designated as a principal or an alternate for ap-
9 pointment as a cadet shall appear for physical examination at a time
10 and place designated by the Secretary.

11 (d) To be admitted to the Academy, an appointee must take and
12 subscribe to the following oath—

13 "I, A B, do solemnly swear that I will support the Constitu-
14 tion of the United States, and bear true allegiance to the Na-
15 tional Government; that I will maintain and defend the sover-
16 eignty of the United States, paramount to any and all allegiance,

17 sovereignty, or fealty I may owe to any State or country what-
 18 soever; and that I will at all times obey the legal orders of my
 19 superior officers, and the Uniform Code of Military Justice."'
 20 If a candidate for admission refuses to take this oath, his appoint-
 21 ment is terminated.

Revision Note

Based on 10:1092b (less 1st and last provisions), 1095, 1096, and 1099.

In subsection (a), the words "Effective January 1, 1951", are omitted as executed. The word "Calendar" is omitted as surplusage.

In subsection (b), the words "is qualified in" are substituted for the words "to be well versed in".

In subsection (c), the word "shall" is substituted for the word "may", since the nominee is required to appear for the examination.

In subsection (d), the word "county" is omitted as surplusage. The words "Uniform Code of Military Justice" are substituted for the words "rules and articles governing the armies of the United States", since the Articles of War have been superseded by the Uniform Code of Military Justice.

§ 3635. Cadets: admission one year after appointment

1 A person appointed as a cadet may not be admitted to the Acad-
 2 emy until one year after his appointment, except to fill a vacancy
 3 which cannot otherwise be filled. The appointment of a cadet is
 4 conditional until he is admitted.

Revision Note

Based on 10:1098.

The words "but no pay or other allowance shall be given to any appointee until he shall have been regularly admitted" are omitted as surplusage, since the nominee is not a cadet until admitted, and pay and allowances are provided only for cadets. The words "by reason of death or other cause" are omitted as surplusage.

§ 3637. Cadets; nominees: effect of redistricting of States

1 If as a result of redistricting a State the residence of a cadet, or
 2 nominee, nominated by a Representative, falls within a congressional
 3 district other than that from which he was nominated, he is charged
 4 to the district in which his residence so falls. For this purpose, the
 5 number of cadets otherwise authorized for that district is increased
 6 to include him, but the number as so increased is reduced by one if
 7 he fails to become a cadet or when he is finally separated from the
 8 Academy.

Revision Note

Based on 10:1091-1.

§ 3639

TRAINING

III

§ 3639. Cadets: agreement to serve as officer

- 1 Each cadet, if a citizen or national of the United States, shall sign
 2 an agreement that, unless sooner separated, he will—
 3 (a) complete the course of instruction at the Academy;
 4 (b) accept an appointment and serve as a commissioned officer
 5 of the Regular Army or Regular Air Force for at least the three
 6 years immediately after graduation; and
 7 (c) accept an appointment as a commissioned officer in the
 8 Organized Reserve Corps or Air Force Reserve and serve therein
 9 until the sixth anniversary of his graduation, if an appointment
 10 in the Regular Army or the Regular Air Force is not tendered to
 11 him, or if he is permitted to resign as a commissioned officer of
 12 the Regular Army or Regular Air Force before that anniversary.
 13 If the cadet is a minor and has parents or a guardian, he may sign the
 14 agreement only with the consent of the parents or guardian.

Revision Note

Based on 10:1092c.

The word "agreement" is substituted for the word "articles". The words "engage" and "if tendered an appointment" are omitted as surplusage. The words "if he is permitted to resign" are substituted for the words "in the event of the acceptance of his resignation", since a resignation is effective only when accepted.

§ 3641. Cadets: organization of Corps; service; instruction

- 1 (a) The Corps of Cadets shall be divided into companies, as directed
 2 by the superintendent, for the purpose of military instruction. Each
 3 company shall be commanded by a commissioned officer of the Army.
 4 Four musicians shall be assigned to each company.
 5 (b) A cadet shall perform duties at such places and of such type
 6 as the President may direct.
 7 (c) The course of instruction at the Academy shall be four years in
 8 length.
 9 (d) The Secretary of the Army shall so arrange the course of studies
 10 at the Academy that cadets are not required to pursue their studies
 11 on Sunday.
 12 (e) The Corps of Cadets shall be trained in the duties of members
 13 of the Army; shall be encamped at least three months in each year,
 14 and shall be trained in all duties incident to a camp.

Revision Note

Based on 10:1043, 1044, 1102, and 1105.

In subsection (e), the words "members of the Army" are substituted for the words "private soldier, noncommissioned officer, and officer".

Ch. 183 UNITED STATES MILITARY ACADEMY § 3645

1 (a) The Secretary of the Army may prescribe the amount to be
2 credited to a cadet, upon original admission to the Academy, for the
3 cost of his initial issue of clothing and equipment. That amount
4 shall be deducted from his pay. If a cadet is discharged before
5 graduation and while owing the United States for pay advanced for
6 the purchase of required clothing and equipment, he shall turn in
7 as much of his military clothing and equipment as is necessary to
8 repay the amount advanced. If the value of the clothing and equip-
9 ment turned in does not cover the amount owed, the indebtedness
10 shall be canceled.

11 (b) Under regulations prescribed by the Secretary, uniforms and
12 equipment shall be furnished, at cost, to a cadet at the Academy,
13 upon his request.

Revision Note

Based on 10:1106 and 1139a.

In subsection (a), the words "and while owing the United States for pay advanced for the purchase of" are substituted for the words "who is indebted to the United States on account of advances in pay to purchase". The words "military clothing and equipment" are substituted for the words "clothing and equipment of a distinctively military nature".

In subsection (b), the word "accouterments" is omitted as surplusage.

§ 3645. Cadets: flight training; clothing and equipment, allow-
ances

1 (a) Necessary aviation clothing and equipment for flight training
2 shall be issued to a cadet while he is undergoing flight training involv-
3 ing participation in regular and frequent aerial flights.

4 (b) If a cadet is not quartered at the Academy while undergoing
5 that type of flight training, he is entitled to the allowances for travel,
6 subsistence, and quarters provided for an aviation cadet.

Revision Note

Based on 10:1151.

The words after the second semicolon of 10:1151 are omitted as impliedly repealed by section 10 of the Insurance Act of 1951, ch. 39, 65 Stat. 36.

In subsection (a), the word "while" is substituted for the words "during such time". The words "at Government expense" are omitted as surplusage.

In subsection (b), the words "for enlisted men of the Army detailed as aviation students" are omitted as surplusage.

§ 3647

TRAINING

III

§ 3647. Cadets: deficiencies in conduct or studies; effect of failure on successor

1 (a) Any cadet who fails to pass a required examination because he
2 is deficient in any one subject of instruction is entitled to one re-
3 examination of equal scope and difficulty in that subject, if he applies
4 in writing to the Academic Board within 10 days after he is officially
5 notified of his failure. The reexamination shall be held within 60
6 days after the date of his application. If the cadet passes the re-
7 examination and is otherwise qualified, he shall be restored to good
8 standing at the Academy.

9 (b) A cadet who is reported as deficient in conduct or studies and
10 recommended to be discharged from the Academy may not, unless
11 recommended by the Academic Board, be returned or reappointed to
12 the Academy, and may not be appointed in the Regular Army or the
13 Regular Air Force before the members of his class have received their
14 commissions.

15 (c) The failure of a member of a graduating class to complete the
16 course with his class does not delay the admission of his successor.

Revision Note

Based on 10-1092b (1st proviso), 1103, and 1104.

In subsection (a), the words "of equal scope and difficulty in that subject" are substituted for the words "by compliance with the requirements existing at the time of the first examination". The words "restored to good standing at" are substituted for the words "readmitted to".

In subsection (b), the words "to any place" are omitted as surplusage.

In subsection (c), the words "by reason of sickness, or deficiency in his studies, or other cause" are omitted as surplusage.

§ 3649. Cadets: hazing

1 (a) Subject to the approval of the Secretary of the Army, the
2 superintendent of the Academy shall issue regulations—

- 3 (1) defining hazing;
- 4 (2) designed to end that practice; and
- 5 (3) prescribing dismissal, suspension, or other adequate
6 punishment for violations.

7 (b) If a cadet who is charged with violating a regulation, issued
8 under subsection (a), the penalty for which is or may be dismissal

§ 3651. Cadets: degree and commission on graduation

- 1 (a) Under regulations prescribed by the Secretary of the Army,
2 the superintendent of the Academy may confer the degree of bachelor

5 and who have met the requirements of the Academy for that degree.
6 (b) If otherwise qualified, a cadet who completes the prescribed
7 course of instruction may, upon graduation, be appointed a second
8 lieutenant in the Regular Army or the Regular Air Force.

Revision Note

Based on 10:486a and 506c (f) (1st sentence, less last 43 words).

In subsection (b), the words "or the Regular Air Force" are inserted, since a certain percentage of the cadets at the Military Academy are appointed in the Air Force upon graduation. The words "if otherwise qualified" are substituted for the words "Notwithstanding any other provision of law", since the only provisions which might limit the appointment of a cadet qualified for graduation from the United States Military Academy are those limiting the authorized strength of the Regular Army or Regular Air Force in second lieutenants. 10:506c (f), under which these appointments are made, applies to the Air Force by T. O. 2:1, 35:1f, 36:1a.

§ 3653. Buildings and grounds: memorial hall; buildings for religious worship; library

- 1 (a) The memorial hall at the Academy is a repository for statues,

3 and graduates of the Academy, paintings of battle scenes, trophies of
4 war, and other objects that may tend to elevate the military profes-
5 sion. No object may be placed in this hall without the approval of
6 two-thirds of the members of the Academic Board of the Academy
7 by a recorded vote taken by ayes and nays.
8 (b) The Secretary of the Army may authorize the erection of a
9 building for religious worship by any denomination, sect, or religious
10 body, on the West Point Military Reservation, if its erection will not
11 interfere with the use of the reservation for military purposes and will
12 be without any expense to the Government. Such a building shall
13 be removed, or its location changed, without compensation for it and

§ 3653

TRAINING

III

14 without other expense to the Government, by the denomination,
15 sect, or religious body which erected it, whenever in the opinion
16 of the Secretary public or military necessity so requires.

17 (c) The library of the Academy is a depository for Government
18 publications. The Superintendent of Documents shall supply to that
19 library a copy of each of those publications, in the same form as
20 they are supplied to other depositories.

Revision Note

Based on 16:1125, 1126, and 1162.

In subsection (a), the words "and to prevent the introduction of unworthy subjects into this hall" and "entire" are omitted as surplusage.

§ 3655. Wharfage dues: contingent fund

1 (a) The Secretary may direct the collection of wharfage dues which
2 he considers reasonable and necessary, from vessels using the wharf
3 and ferry slip at West Point, New York. These dues shall be paid
4 to the post quartermaster or his authorized agent, at the time of
5 landing.

6 (b) All funds accruing at the Academy from incidental sources
7 constitute a special contingent fund to be expended under the super-
8 vision of the superintendent of the Academy. The superintendent
9 shall account for this fund annually to the Secretary, and the account
10 shall be accompanied by proper vouchers.

Revision Note

Based on 16:1123 and 1127.

6 President or the President pro tempore of the Senate, two of
7 whom are members of the Committee on Appropriations of the
8 Senate;

9 (3) the chairman of the Committee on Armed Services of the
10 House of Representatives, or his designee;

11 (4) four other members of the House of Representatives,
12 designated by the Speaker of the House of Representatives, two

13 of whom are members of the Committee on Appropriations of
14 the House of Representatives; and

15 (5) six persons designated by the President.

16 (b) The persons designated by the President for the first Board
17 after June 28, 1948, shall be designated to serve as follows: two per-
18 sons for one year, two persons for two years, and two persons for
19 three years. Thereafter the two persons designated by the President
20 annually serve for three years.

21 (c) If a member of the Board dies or resigns, a successor shall be
22 designated for the unexpired portion of the term by the official who
23 designated the member.

24 (d) The Board shall visit the Academy annually in April. With
25 the approval of the Secretary of the Army, the Board or its members
26 may make other visits to the Academy, as the Board or its members
27 determine to be desirable.

28 (e) The Board shall inquire into the state of morale and discipline,
29 the curriculum, instruction, physical equipment, fiscal affairs, aca-
30 demic methods, and other matters relating to the Academy which the
31 Board decides to consider.

32 (f) Within 60 days after its annual visit, the Board shall submit a
33 written report to the President of its action, and of its views and
34 recommendations pertaining to the Academy. Any report of a
35 visit, other than the annual visit, made by any of the members
36 making that visit, shall, if approved by a majority of the members
37 of the Board, be submitted to the President within 60 days after the
38 approval.

39 (g) Upon approval by the Secretary, the Board may call in ad-
40 visers for consultation.

41 (h) Each member of the Board and each adviser is entitled to
42 receive not more than \$5.00 a day, and shall be reimbursed under
43 Government travel regulations for his travel expenses while per-
44 forming his duties.

Revision Note

Based on 10:1055, 1056, 1057, 1058, 1059, and 1060.

In subsections (a) and (b), the word "designated" is substituted for the word "appointed" to make it clear that the positions described are not constitutional offices.

In subsection (b), the words "after June 28, 1948" are substituted for the words "pursuant to the provisions of sections 1055-1060 of this title". In the second sentence of 10:1056 (c), the reference to "nine" Presidential designees is omitted, since the first sentence of 10:1056 (c) provides that there shall be only six designees.

§ 3657

TRAINING

III

The definition contained in the revised section is based on use in the sections codified in this chapter and on long standing administrative interpretation.

 34 coming of military age, is eligible to be a member of the Reserve
 35 Officers' Training Corps.

Based on 10:381 and 382.

In subsection (a), the words "including State universities and those State institutions that are required to provide instruction in military tactics under sections 301-305, 307, and 308 of Title 7, donating lands for the establishment of colleges where the leading objects shall be practical instruction in agriculture and the mechanic arts, including military tactics" are omitted as surplusage. Revision Note

Based on 10:383 and 384.

In subsections (a) and (b), the words "Medical Service" are substituted for the word "Pharmacy", since the Pharmacy Corps was abolished by section 107 (a) of the Act of Aug. 4, 1947, 61 Stat. 736, and its functions and personnel were transferred to the Medical Service Corps by section 107 (b) of that act.

§ 3707. Courses of training

1 The Secretary of the Army may prescribe standard courses of
 2 theoretical and practical military training for units of the Reserve
 3 Officers' Training Corps. No unit may be established or maintained
 4 at an institution unless it provides the course of military training
 5 prescribed by the Secretary, and unless its students who are taking
 6 that training devote to it an average of at least three hours a week
 7 during an academic year, except as prescribed under section 3705 of
 8 this title.

Revision Note

Based on 10:385.

§ 3709. Training camps

1 (a) The Secretary of the Army may—
 2 (1) maintain camps for the practical instruction of members
 3 of the Reserve Officers' Training Corps;
 4 (2) transport members of the Corps to and from the camps
 5 and furnish them subsistence while traveling to and from the
 6 camps, or, in lieu of transportation and subsistence, pay them a
 7 travel allowance of five cents a mile by the shortest usually
 8 traveled route from the places from which they are authorized
 9 to proceed to the camp and return, and pay the allowance for
 10 the return trip in advance;
 11 (3) furnish subsistence to members of the Corps while in
 12 camps;
 13 (4) furnish medical attendance and supplies to members of
 14 the Corps, and admit them to military hospitals at the camps;
 15 (5) use members of the Regular Army, and such Government
 16 property as he considers necessary, for the training of the mem-
 17 bers of the Corps at the camps; and
 18 (6) prescribe regulations for the government of the camps.
 19 (b) Except in time of actual or threatened hostilities, no camp
 20 may be maintained under subsection (a) (1) for more than six weeks
 21 in any one year.
 22 (c) A member of the Reserve Officers' Training Corps and any
 23 other person authorized by the Secretary to attend a camp author-
 24 ized under subsection (a) (1) for students taking advanced training
 25 is entitled, while attending that camp, to pay at the rate prescribed
 26 for enlisted members of the Army in pay grade E-1, with less than
 27 four months' service.

§ 3709

TRAINING

III

Revision Note

Based on 10:441 and 443.

In subsection (a), the words "at the expense of the United States so far as appropriations will permit" and "of the actual performance of the same" are omitted as surplusage.

In subsection (c), the words "in pay grade E-1, with less than four months' service" are substituted for the words "of the seventh grade of the Regular Army" to conform to the pay grades established by section 201 of the Career Compensation Act of 1949 (37 U. S. C. 232).

§ 3711. Equipment, supplies, and uniforms

1 (a) The Secretary of the Army, under regulations prescribed by
2 him, may issue to institutions at which units of the Reserve Officers'
3 Training Corps are maintained—

- 4 (1) public animals and forage for them;
5 (2) means of transportation, arms, ammunition, supplies,
6 tentage, and equipment; and
7 (3) uniforms, except that he may pay commutation at a rate
8 fixed by him annually, in lieu of uniforms.

9 (b) The Secretary may authorize such expenditures as he con-
10 siders necessary for the efficient maintenance of the Corps.

11 (c) The Secretary shall require, from each institution to which
12 property is issued under subsection (a), a bond in the value of the
13 property issued, for the care and safe-keeping of that property and
14 for its return when required. However, no bond may be required for
15 the return of uniforms, expendable articles, and supplies expended in
16 operation, maintenance, and instruction

Revision Note

Based on 10:389 and 390.

In subsection (a), the words "one or more", "belonging to the United States as he may deem necessary", "at the expense of the United States", and "from proper Army appropriations", are omitted as surplusage. The words "means of" are inserted before the word "transportation".

Subsection (c) makes it clear that the exception relates to the return of the property and not to its safe-keeping.

§ 3713. Advanced training: compensation

1 (a) A member of the senior division of the Reserve Officers' Train-
2 ing Corps, including a member of a Medical, Dental, Medical Service,
3 or Veterinary unit, is eligible for advanced training, and is entitled
4 to an allowance for subsistence at such rate, not exceeding the cost
5 of the garrison ration of the Army, as may be fixed by the Secretary

6 of the Army, during the remainder of his service in the Reserve
7 Officers' Training Corps, but not for more than two years, if he—

- 8 (1) has completed two academic years of training in the senior
9 division;
- 10 (2) has been selected for advanced training by the head of the
11 institution and the professor of military science and tactics;
- 12 (3) agrees in writing to continue in the Reserve Officers' Train-
13 ing Corps for the remainder of his course at the institution;
- 14 (4) agrees in writing to devote five hours a week to the military
15 training prescribed by the Secretary, or, if a member of a Medical,
16 Dental, Medical Service, or Veterinary unit, to continue in
17 training for the remainder of the course prescribed by section 3705
18 of this title; and
- 19 (5) agrees in writing to take a course, prescribed by the
20 Secretary, at a training camp.

21 (b) Under regulations prescribed by the Secretary, in determining
22 a member's eligibility for advanced training and entitlement to an
23 allowance for subsistence under subsection (a), he may be credited
24 with periods of military training, if that training is substantially
25 equivalent to that prescribed for admission to the advanced course,
26 and is received while—

- 27 (1) at an educational institution and under a commissioned
28 officer of the Army detailed as a professor of military science and
29 tactics;
- 30 (2) taking a course of instruction in the Air Reserve Officers'
31 Training Corps;
- 32 (3) taking a course of instruction in the Naval Reserve
33 Officers' Training Corps; or
- 34 (4) on active duty in the Army, Navy, Air Force, Marine
35 Corps, or Coast Guard.

36 (c) A person selected for advanced training under this section may
37 be allowed to delay the starting of that training, and to interrupt it,
38 if, under the rules of the institution, there will be time enough after
39 any delay or interruption and before graduation, to complete the
40 advanced training.

Revision Note

Based on 10:385a, 386a, 387, 387a, and 388.

In subsection (c), the words "Medical Service" are substituted for the word "Pharmacy", since the Pharmacy Corps was abolished by section 107 (a) of the Act of Aug. 4, 1947, 61 Stat. 736, and its functions and personnel were transferred to the Medical Service Corps by section 107 (b) of that act.

In subsection (b), the words "in determining a member's eligibility for advanced training and entitlement to an allowance for subsistence under subsection (a)" are substituted for the words "In the interpretation and execution of section 387

§ 3713

TRAINING

of this title", in 10-388, and the words "toward completion of the two academic years of service in that division required for admission to the advanced course and for entitlement to commutation of subsistence as provided in section 387a of this title", in 10-385a. The word "allowance" is substituted for the word "commutation" to conform to the terminology of Title III of the Career Compensation Act of 1949 (37 U. S. C. 251-254).

In subsection (c), the words "Nothing in sections 383, 384, 387, 387a, and 443 of this title, shall be construed to require" are omitted as surplusage.

Revision Note

Based on 10 112 (words before 1st semicolon of 1st sentence).

The words "Citizens' Military Training Camps" are substituted for the words "schools or camps" to conform to section 2203 of this title. The words "upon military reservations or elsewhere" are omitted as surplusage. The words "of the Army" are inserted for clarity. The words "Organized Reserve Corps" are substituted for the word "reserve", since the revised section does not apply to the Army National Guard of the United States.

 22 (H) other expenses incident to maintaining the camps.

Revision Note

Based on 10:442 (47 words after 1st semicolon, and 72 words before 3d semicolon of 1st sentence, and last sentence).

The words "equipment, supplies, and transportation" are substituted for the words "such arms, ammunition, accoutrements, equipments, tentage, field equipment, and transportation". The words "Citizens' Military Training Camps" are substituted for the word "camps" to conform to section 2203 of this title. The words "belonging to the United States" and "and imparting military instruction and training thereat" are omitted as surplusage.

§ 3805. Transportation and subsistence during travel

- 1 (a) There may be furnished to a person attending a Citizens'
 2 Military Training Camp, for travel to and from that camp—
 3 (1) transportation and subsistence;
 4 (2) transportation in kind and a subsistence allowance of one
 5 cent a mile; or
 6 (3) a travel allowance of five cents a mile.

Revision Note

Based on 10:442 (words between 1st and 3d semicolons, less 47 words after 1st semicolon, and less 72 words before 3d semicolon, of 1st sentence).

In subsection (a), the words "at the option of the Secretary of the Army" are omitted as surplusage.

§ 3807. Quartermaster and ordnance property: sales

- 1 While attending a Citizens' Military Training Camp, a person may
 2 buy for cash, at cost price plus 10 percent, quartermaster and ordnance
 3 property necessary for his proper equipment.

Revision Note

Based on 10:442 (words after 3d semicolon of 1st sentence, and 2d sentence).

The second sentence of 10:442 is omitted as superseded by section 10 of the Act of June 26, 1934 (31 U. S. C. 725), which limits credits to the replacing account to the actual cost of the items sold. The words "Citizens' Military Training Camps" are substituted for the word "camps" to conform to section 2203 of this title.

29 (f) Whoever fails to comply with this section shall be imprisoned
30 for not more than three years and fined not more than \$50,000.

Revision Note

Based on 50:80 (1) 3 paragraphs.

The word "person" is substituted for the words "individual, firm, association, company, corporation, or organized manufacturing industry" throughout the revised section, since the word "person", as defined in section 1 of title 1 of the United States Code, is applicable to the revised section, and covers all of the enumerated entities.

In subsections (a) and (c), the words "in addition to the present authorized methods of purchase or procurement" are omitted as surplusage.

In subsections (b), (c), and (f), the words "or the responsible head or heads thereof" are omitted as surplusage.

In subsection (c), the words "and in either such case" are omitted as surplusage.

In subsection (f), the criminal provisions are restated to conform to the terminology of similar provisions of title 18 of the United States Code.

§ 4003. Industrial mobilization: plants; lists; Board of Mobilization of Industries Essential for Military Preparedness

1 (a) The Secretary of the Army shall maintain a list of all privately
2 owned plants in the United States which are equipped to manufacture
3 for the Army arms or ammunition or parts thereof, and shall obtain
4 complete information of the types of those products manufactured or

6 equipment and capacity of each of those plants.

7 (b) The Secretary shall maintain a list of privately owned plants in
8 the United States which are capable of being readily transformed into

9 factories for the manufacture of ammunition for the Army, and which
10 have a capacity sufficient to warrant conversion into an ammunition
11 plant in time of war or when war is imminent, and shall obtain com-
12 plete information as to the equipment of each of those plants.

13 (c) The Secretary shall prepare comprehensive plans for converting
14 each plant listed pursuant to subsection (b) into a factory for the
15 manufacture of ammunition or parts thereof.

16 (d) The President may appoint a nonpartisan Board on Mobiliza-
17 tion of Industries Essential for Military Preparedness, and may pro-
18 vide necessary clerical assistance to organize and coordinate opera-
19 tions under this section and section 4001 of this title.

Revision Note

Based on 50:80 (less 1st 3 paragraphs).

In subsection (a), the words "the component" are omitted as surplusage. The word "maintain" is substituted for the words "make, or cause to be made." The words "for the Army" are inserted, since, under section 213 of the National Security Act of 1947, as amended (5 U. S. C. 4713), overall responsibility for the function covered by the revised section, is vested in the Munitions Board.

In subsection (b), the word "maintain" is substituted for the words "also prepare, or cause to be prepared." The words "for the manufacture of ammunition for the Army" are inserted for clarity.

In subsection (e), the words "as in the opinion of the Secretary of the Army such plant is best adapted" are omitted as surplusage.

4 required for those programs. This section does not authorize the
5 design or development of any prototype aircraft intended primarily
6 for commercial use.

Revision Note

Based on 5:235a and 10:20a (as applicable to 5:235a).

The words "organize", "activities", "as may be", and "to effectuate", in 5:235a, are omitted as surplusage. The words "in this chapter, section 481 of this title", in 10:20a, are omitted, since nothing contained in those references pertains to the rule stated in 10:20a.

§ 4007. Procurement for experimental purposes

1 The Secretary of the Army may buy ordnance, signal, and chemical
2 warfare property and designs thereof, which he considers necessary for
3 experimental or test purposes in the development of the best equip-
4 ment and supplies required for the national defense. Purchases under
5 this section may be made abroad or in the United States, without

§ 4007 SERVICE, SUPPLY, AND PROCUREMENT IV

6 competitive bidding, and by contract or otherwise. Section 3709 of
7 the Revised Statutes, as amended (41 U. S. C. 5), applies when such
8 purchases are made in quantity.

Revision Note

Based on 50:96.

The word "property" is substituted for the words "equipment, supplies, parts, accessories".

§ 4009. Procurement of production equipment

1 The Secretary of the Army may make or procure gauges, dies, jigs,
2 tools, fixtures, and other special aids and appliances, and specifica-
3 tions and drawings, necessary for the immediate manufacture of arms,
4 ammunition, or special equipment necessary to equip the Army and
5 which are likely to be required in time of war. Whenever he considers
6 it in the best interest of the United States, the Secretary may procure
7 any of these items without regard to laws prescribing competition in
8 the procurement of supplies.

Revision Note

Based on 50:78.

The word "Army" is substituted for the words "land forces" for clarity.

§ 4011. Sale, loan, or gift of samples, drawings, and information to contractors

1 The Secretary of the Army, under regulations prescribed by him,
2 may sell, lend, or give such samples, drawings, and manufacturing or
3 other information as he considers best for the national defense—

4 (1) to any contractor for Army supplies and equipment under
5 approved production plans; and

6 (2) to any person likely to manufacture or supply Army sup-
7 plies and equipment under such plans.

Revision Note

Based on 40:1192a.

§ 4013. Sale of ordnance supplies to designers

1 The Secretary of the Army may sell to designers who are nationals
2 of the United States serviceable ordnance and ordnance supplies
3 necessary in the development of designs for the armed forces of the
4 United States. Receipts from those sales may be used to replace
5 those supplies.

Ch. 221

INDUSTRIAL MOBILIZATION

§ 4017

Revision Note

Based on 50:65.

The words "designers who are nationals of the United States" are substituted for the words "American designers". The word "supplies" is substituted for the word "stores". The words "Provided, That such ordnance and ordnance stores can be spared for the purpose" are omitted as surplusage.

§ 4015. Tests of iron, steel, and other material

1 The Secretary of the Army may authorize the use of the Army's
2 machine for testing iron, steel, and other materials for industrial
3 purposes, by any person upon payment of a suitable fee to defray
4 the cost of the test, in accordance with a table of fees approved by
5 the Secretary. The officer in charge of the test may require payment
6 of the fee in advance, may use it in making the test, and shall make
7 a full report of the test and use of the fee to the Chief of Ordnance.
8 The Chief of Ordnance shall consider any program of tests submitted
9 by the American Society of Civil Engineers, and a record of any of
10 those tests which are made shall be furnished the Society for publi-
11 cation at its expense.

Revision Note

Based on 50:76 and 77.

In 50:76, the words "to be so adjusted from time to time" and "as near as may be" are omitted as surplusage. In 50:77, the word "consider" is substituted for the words "give attention to". That part of 50:77 preceding the proviso is omitted as surplusage, since it merely continues the basic authority contained in 50:76 which itself had no time limitation.

§ 4017. Encouragement of aviation; design competitions; advertisement; selection of winner

1 (a) To encourage the development of aviation and to improve
2 the efficiency of aeronautical material for the Army, the Secretary of
3 the Army, before procuring new designs of aircraft, aircraft parts,
4 and aeronautical accessories, shall invite the submission of new
5 designs thereof in competition, as follows.
6 (b) An invitation for the submission of a design shall be made by
7 advertisement in not less than three leading aeronautical journals for
8 a period of 30 days, and in such other manner as the Secretary
9 prescribes. Such an advertisement shall specify a time within which
10 designs and prices may be submitted. This time may not be less
11 than 60 days from the expiration of the 30-day advertising period.
12 Each submission shall be sealed, and shall contain the design
13 submitted, a statement of the price for which the design or any
14 part of it would be sold to the United States, and a graduated
15 scale of prices for which the designer is willing to construct all or

§ 4017

SERVICE, SUPPLY, AND PROCUREMENT

IV

16 any part of a designed item. The submission shall be kept sealed
17 until the expiration of the specified time. A design mailed after
18 that time may not be considered.

19 (c) Each advertisement under subsection (b) shall state in general
20 terms the kind of aircraft, aircraft parts, or aeronautical accessories
21 to be developed and the approximate quantity required. The De-
22 partment of the Army shall furnish to each applicant identical detailed
23 information as to the conditions of the competition and the features
24 and characteristics to be developed in the design, listing specifically
25 the measures of merit, expressed in percentages, which are to be
26 applied in determining the merits of the design. These measures of
27 merit apply throughout the competition.

28 (d) Each design submitted under subsection (b) shall be referred
29 to a board appointed by the Secretary. The board shall appraise
30 each design as soon as practicable and report the winners to the
31 Secretary. If the Secretary approves the board's report, he shall fix
32 the time and place of a public announcement of the results and notify
33 each competitor. If the board's report is not approved by the Secre-
34 tary, the papers may be returned to the board for revision, or the
35 Secretary may choose the winners. The decision of the Secretary
36 is final and conclusive. The announcement of the results of the
37 competition shall state the percentages awarded to each feature or
38 characteristic of each of the designs submitted and the price named
39 for each design and each feature thereof, if separable.

40 (e) If, within 10 days after the announcement of the results of a
41 competition under subsection (d), a competitor makes a reasonable
42 showing in writing that an error was made in determining the merit
43 of designs submitted and that he was thereby deprived of an award,
44 the Secretary shall at once refer the matter to a board of arbitration
45 for determination. The board of arbitration shall be composed of
46 three skilled aeronautical engineers, one of whom shall be selected by
47 the Secretary, one by the claimant, and the third by the other
48 members. No person may be a member of a board of arbitration
49 if he served on the board of appraisal which judged the competi-
50 tion out of which the arbitration arose. The findings of the board
51 are conclusive if approved by the Secretary.

52 (f) As used in this section and sections 4019 and 4021 of this title,
53 the term "winners" includes not more than three competitors who
54 have the highest figures of merit in a competition.

Revision Note

Based on 10-310 (a), 310 (b), 310 (c) (less last 17 words), 310 (h), and 310 (i).

§ 4019. Encouragement of aviation; design competitions; rejection or purchase of designs; contracts; conditions

1 (a) If the Secretary of the Army determines that a winner of a
2 design competition under section 4017 of this title is, or can become
3 within a reasonable time, able and equipped to furnish or con-
4 struct all or part of any designed item, he may contract with that
5 winner for furnishing or constructing it at a reasonable price, but
6 not more than the price submitted with the design, on conditions
7 which he considers most advantageous to the United States. How-
8 ever, if the Secretary determines that the winner will not be able to
9 furnish all or part of any designed item, he may purchase the design,
10 or a separable part of it, at a fair and reasonable price, but not more
11 than the price submitted with the design.

12 (b) If the Secretary determines that none of the designs submitted
13 in a competition is of sufficient merit to justify procurement of a
14 designed item, he need not accept or pay for them.

15 (c) If the Secretary determines that the designs submitted by two
16 or more competitors are of equal merit, or that features in the designs
17 of one competitor are superior to the corresponding features in the
18 designs of another competitor and that the superior features of one
19 design may be substituted for the inferior features of another, he
20 may divide the contracts for furnishing the item equitably among
21 those competitors that submitted designs of equal merit, and he may
22 combine features of different designs in such manner as he determines
23 are in the best interests of the United States. Payment may be
24 made accordingly to the several competitors at fair and reasonable
25 prices and the contract for the item may be awarded to the com-
26 petitor or competitors having the highest figures of merit in the
27 competition.

28 (d) If the Secretary does not contract with a winner in a design
29 competition for furnishing or constructing all or part of a designed
30 item, or if he cannot agree with a winner for the purchase of a design
31 at a reasonable price, he may retain the design and advertise accord-
32 ing to law for proposals for furnishing the item. After advertising,
33 the Secretary may contract with the lowest responsible bidder for
34 furnishing the item, on terms and conditions which he considers in
35 the best interests of the United States. However, the Secretary may
36 reject all bids and advertise for other bids with the same or different
37 specifications.

38 (e) Each seller of designs and each contractor furnishing or
39 constructing aircraft, aircraft parts, or aeronautical accessories,
40 under this section, shall, if the Secretary requests it, give a release
41 of claims against the United States arising out of the sale or contract.

§ 4019 SERVICE, SUPPLY, AND PROCUREMENT IV

 21 determination by the Secretary as to the reasonableness of effort to

 2 reau of the Budget estimates for the manufacture of aircraft for the
 3 Department of the Army.

4 (b) The Secretary may not contract for the manufacture of all or
 5 part of any aircraft, unless the contractor agrees —

6 (1) to report under oath to the Secretary, when the contract
 7 is completed, as prescribed in subsection (c);

8 (2) to pay any excess profit into the Treasury;

9 (3) to make no subdivision of any contract or subcontract for
 10 the same article for the purpose of violating this section;

11 (4) that the books and manufacturing spaces of its plant,
12 affiliates, and divisions may be audited and inspected, respec-
13 tively, by any person designated by the Secretary of the Army,
14 the Secretary of the Treasury, or an authorized committee of
15 Congress; and

16 (5) to make no subcontract unless the subcontractor agrees
17 to the conditions set forth in clauses (1)-(4).

18 (c) The report required under subsection (b) (1) shall be in a
19 form prescribed by the Secretary of the Army. It shall name the
20 total contract price, the cost of performing the contract, the net
21 profit, and the percentage of the contract price that is net profit.
22 A copy shall be sent to the Secretary of the Treasury to be con-
23 sidered with the Federal income tax returns of the contractor.

24 (d) So much of the profits as the Secretary of the Treasury deter-
25 mines to be greater than 12 percent of the total contract prices for
26 work completed by a contractor within the taxable year are excess
27 profits for the purposes of this section. However, this does not
28 include profits from contracts and subcontracts that are subject to
29 the Renegotiation Act of 1948 (50 U. S. C. Appendix 1193). When
30 paid into the Treasury, excess profits become the property of the
31 United States, but the surety under the contract is not liable for their
32 payment.

33 (e) The method of computing excess profits shall be determined
34 by the Secretary of the Treasury in agreement with the Secretary of
35 the Army. It shall be made available to the public. When an excess
36 profit is found owing, the Secretary of the Treasury shall allow credit
37 for any Federal income taxes paid or to be paid on the excess profit.

38 (f) If the contractor has a net loss, or a net profit of less than 12
39 percent, on the aggregate of contracts or subcontracts for work
40 completed within a taxable year, the deficiency is allowable as a
41 credit against the excess profit for the next succeeding four taxable
42 years.

43 (g) If the contractor does not voluntarily pay its excess profits
44 into the Treasury, the Secretary of the Treasury shall collect them by
45 the methods usually followed under the internal revenue laws to
46 collect Federal income taxes.

47 (h) So far as they are consistent with this section, laws relating to
48 the assessment, collection, payment, and refund of Federal income
49 taxes, including those relating to penalties, apply to excess profits.

50 (i) This section does not apply to—

51 (1) a contract or subcontract for items designated by the
52 Secretary of the Army as scientific equipment for communica-
53 tions, target detection, navigation, or fire control; or

§ 4117 SERVICE, SUPPLY, AND PROCUREMENT IV

54 (2) a contract or subcontract, or division thereof, if the
55 award is \$10,000 or less.

Revision Note

Based on 10-311.

The language of the revised section is based on 34-496 which is made applicable to 10-311 by the cross reference therein, and 34-496b which, as an amendment of 34-496, is indirectly incorporated into 10-311. Those parts of 34-496 relating to naval vessels are omitted as inapplicable to the Army.

In subsection (c), the words "for the taxable year or years concerned" are omitted as surplusage.

In subsection (d), the words "Secretary of the Treasury" are substituted for the words "Treasury Department". The words "work completed by a contractor" are substituted for the words "construction and or manufacture of any complete aircraft or portion thereof of such contracts within the scope of this section as are completed by the particular contracting party". The words "However, this does not include profits" are substituted for the words "Notwithstanding any agreement to the contrary, the profit limitation provisions of sections 494-497 shall not apply", in 10-496b.

In subsection (e), the words "to be paid into the Treasury", "That in any case", and "to the United States in consequence hereof", are omitted as surplusage.

In subsection (f), the words "on the aggregate" are substituted for the words "as aforesaid on all". The words "work completed" are substituted for the words "the construction and or manufacture of any complete aircraft or portion thereof completed by the particular contractor or subcontractor".

In subsection (h), the words "of Federal income taxes" are substituted for the words "applicable with respect to the taxes imposed by Title I of the Revenue Act of 1934" to clarify the effect of subsection (g) on this subsection, as reflected in long-standing administrative practice of the Bureau of Internal Revenue.

Subsection (i) (2) is substituted for the last 23 words of clause (c) and the last sentence of 34-496.

§ 4119. Aircraft: restrictions on alien employees of contractor

- 1 Unless the Secretary of the Army first consents in writing, no alien

In subsection (a) (1), the words "including subsistence supplies" are inserted for
 clarity. In subsection (a) (2), 32:156 (less applicability to National Guard not

In subsection (a), the words "the Army" are inserted to provide specific authority for sales of articles of ordnance to Army officers. The words "or Coast

- 5 flight training, the spare parts and accessories needed for those re-
- 6 pairs, at cost, free on board shipping point, plus packing and handling.

Revision Note

Based on 10-298c.

The words "under the provisions of the Act of Apr. 3, 1939, ch. 35, 53 Stat. 553", are omitted as obsolete, since training formerly performed under that act is now performed under section 3503 of this title. The words "flying cadets" are omitted as obsolete. Although the source language for subsections (a) (1) and (a) (2) differs in some respects from the source language for subsections (a) (3)-(a) (5), the meaning and intent is the same, and administrative practice has so construed it.

3 accessories under the control of the Army, which are required for
4 instruction, training, and maintenance, to accredited civilian avia-
5 tion schools, one or more of which is designated by the Civil Aero-
6 nautics Authority for the training of negro air pilots, and at which
7 personnel of the Departments of the Army or the Air Force are
8 pursuing a course of instruction and training under detail by com-
9 petent orders.

Revision Note

Based on 10:298b.

The words "rules", "limitations", and "on hand and belonging to the Gov-
ernment" are omitted as surplusage. The words "Departments of the Army or
the Air Force" are substituted for the words "Military Establishment", since
the authority is reciprocal.

- 4605. Condemned or obsolete material: loan or gift to certain organizations.

- 3 486), the Secretary of the Army may sell surplus material, equipment,
- 4 and supplies, except food, of the Department of the Army, for which
- 5 there is no adequate domestic market, to any State, or to any foreign
- 6 government with which the United States was at peace on June 5,
- 7 1920. Sales under this section shall be made upon terms which the
- 8 Secretary considers expedient.

Revision Note

Based on 10-1262.

The words "on June 5, 1920" are substituted for the words "at the time of the passage of this Act", which do not appear in the 1916 edition of the United States Code, but which are in the Act of June 5, 1920, ch. 230 (2d proviso under "Contingencies of the Army"), 41 Stat. 949. The words "surplus material, equipment, and supplies, except food, of the Department of the Army" are substituted for the words "any material, supplies, or equipment pertaining to the Military Establishment, except foodstuffs, as or may be found to be surplus". The words "which are not needed for military purposes" are omitted as covered by the word "surplus".

§ 4603. Obsolete or surplus material: sale to National Council
of Boy Scouts of America

- 1 Subject to regulations under section 205 of the Federal Property
- 2 and Administrative Services Act of 1949, as amended (40 U. S. C.
- 3 486), the Secretary of the Army, under regulations prescribed by him,

§ 4603 SERVICE, SUPPLY, AND PROCUREMENT IV

4 may sell obsolete or surplus material to the National Council of the
5 Boy Scouts of America. A sale under this section shall be at fair
6 value to the Department of the Army, including packing, handling,
7 and transportation.

Revision Note

Based on 19-1259.

The words "obsolete or surplus material" are substituted for the words "such obsolete material as may not be needed by the Department of the Army, and such other material as may be spared" to conform to the Federal Property and Administrative Services Act of 1949.

§ 4605. **Condemned or obsolete material: loan or gift to certain organizations**

1 Subject to regulations under section 205 of the Federal Property
2 and Administrative Services Act of 1949, as amended (40 U. S. C.
3 486), the Secretary of the Army, under regulations prescribed by
4 him, may lend or give, without expense to the United States, books,
5 manuscripts, works of art, drawings, plans, models, and condemned
6 or obsolete combat material not needed by the Department of the
7 Army, to--
8 (1) a municipal corporation;
9 (2) a soldiers' monument association;
10 (3) a State museum;
11 (4) an incorporated museum, operated and maintained for
12 educational purposes only, whose charter denies it the right to
13 operate for profit;
14 (5) a post of the Veterans of Foreign Wars of the United
15 States;
16 (6) a post of the American Legion;
17 (7) a local unit of any other recognized war veterans' associa-
18 tion; or
19 (8) a post of the Sons of Veterans Reserve.

Revision Note

Based on 5-156p.

The reference to posts of the Grand Army of the Republic is omitted, since that organization disbanded in 1956.

§ 4607. **Surplus armament: sale of individual pieces**

1 Subject to regulations under section 205 of the Federal Property
2 and Administrative Services Act of 1949, as amended (40 U. S. C.
3 486), a piece of armament which can be advantageously replaced,
4 and which is not needed for its historical value, may be sold for not
5 less than cost, if the Secretary of the Army considers that there are
6 adequate sentimental reasons for the sale.

Ch. 233 DISPOSAL OF OBSOLETE OR SURPLUS MATERIAL § 4611

Revision Note

Based on 10:1262b) and 50:69.

The words "Subject to regulations under section 205 of the Federal Property and Administrative Services Act of 1949, as amended (40 U. S. C. 486)" are inserted, since section 602 (c) of that act makes the revised section subject to that act.

§ 4609. Obsolete or condemned rifles: loan to organizations of honorably discharged members of armed forces

1 (a) Subject to regulations under section 205 of the Federal Property
2 and Administrative Services Act of 1949, as amended (40 U. S. C.
3 486), the Secretary of the Army, under regulations prescribed by him,
4 may—

5 (1) lend not more than 10 obsolete or condemned rifles, slings,
6 and cartridge belts to any local unit of any organization of former
7 members of the Army, Navy, Air Force, Marine Corps, and
8 Coast Guard, who have been discharged honorably or under
9 honorable conditions, for use by that unit for funeral ceremonies
10 of a member or former member of one of those services, and for
11 other ceremonial purposes; and

12 (2) sell blank ammunition for those rifles to that unit at cost,
13 including packing and transportation.

14 (b) The Secretary may relieve a unit to which materials are lent
15 under subsection (a), and the surety on its bond, from liability for
16 loss or destruction of the loaned material, if there is conclusive evi-
17 dence that the loss or destruction did not result from negligence.

Revision Note

Based on 50:62 and 62b.

In subsection (a), the words "Subject to regulations under section 205 of the Federal Property and Administrative Services Act of 1949, as amended (40 U. S. C. 486)" are inserted, since section 602 (c) of that act makes the revised section subject to that act. The words "former members of the Army, Navy, Air Force, Marine Corps, and Coast Guard" are substituted for the words "soldiers, sailors, or marines". The words "in suitable amounts" are omitted as surplusage.

§ 4611. Surplus obsolete ordnance: sale to patriotic organizations

1 Subject to regulations under section 205 of the Federal Property
2 and Administrative Services Act of 1949, as amended (40 U. S. C.
3 486), any branch, office, or officer designated by the Secretary of the
4 Army may sell, without advertisement, and at prices that he con-
5 sidered reasonable—

6 (1) surplus obsolete small arms and ammunition and equipment
7 for them, to any patriotic organization for military purposes; and

§ 4611 SERVICE, SUPPLY, AND PROCUREMENT IV

8 (2) surplus obsolete brass or bronze cannons, carriages, and
9 cannon balls, for public parks, public buildings, and soldiers'
10 monuments.

Revision Note

Based on 50:64 and 68.
The provisions of 50:64 and 50:68 are omitted as surplusage.

§ 4613. **Obsolete ordnance: loan to educational institutions and State soldiers' and sailors' orphans' homes**

1 (a) Subject to regulations under section 205 of the Federal Property
2 and Administrative Services Act of 1949, as amended (40 U. S. C.
3 486), and upon the recommendation of the Governor of the State or
4 Territory concerned, the Secretary of the Army, under regulations
5 prescribed by him and without cost to the United States for transpor-
6 tation, may lend obsolete ordnance and ordnance stores to State
7 and Territorial educational institutions and to State soldiers' and
8 sailors' orphans' homes, for drill and instruction. However, no loan
9 may be made under this subsection to an institution to which ord-
10 nance or ordnance stores may be lent under any law in effect on
11 June 30, 1946.

12 (b) The Secretary shall require a bond from each institution or
13 home to which property is lent under subsection (a), in double the
14 value of the property lent, for the care and safekeeping of that
15 property and for its return when required.

Revision Note

Based on 50:62a.

In subsection (a), the words "Subject to regulations under section 205 of the Federal Property and Administrative Services Act of 1949, as amended (40 U. S. C. 486)" are inserted, since section 602 (c) of that act makes the revised section subject to that act. The words "as may be available" are omitted as surplusage. The word "lent" is substituted for the word "issue" to reflect the intent of the section.

In subsection (b), the words "to the United States" are omitted as surplusage.

§ 4615. **Obsolete ordnance: gift to State homes for soldiers and sailors**

1 Subject to regulations under section 205 of the Federal Property
2 and Administrative Services Act of 1949, as amended (40 U. S. C.
3 486), the Secretary of the Army, under regulations prescribed by him,
4 may give not more than two obsolete bronze or iron cannons suitable
5 for firing salutes, to any home for soldiers or sailors established and
6 maintained under state authority.

Ch. 233 DISPOSAL OF OBSOLETE OR SURPLUS MATERIAL § 4615

Revision Note

Based on 50:56.

The reference in the Act of Feb. 8, 1889, ch. 116, 25 Stat. 657, to distribution to the "National Homes for Disabled Volunteer Soldiers" is omitted, since the Homes were dissolved by the Act of July 3, 1939, ch. 863, 46 Stat. 1016.

The Acts of Mar. 3, 1899, ch. 643, sec. 1 (proviso of 24 paragraph under "Ordnance Department"), 30 Stat. 1073, and May 26, 1900, ch. 586, sec. 1 (proviso of 24 paragraph under "Ordnance Department"), 31 Stat. 216, are cited to 50:66, but are not reflected in the text of the revised section. These acts relate to disposal of ordnance to "Homes for Disabled Volunteer Soldiers" by the Chief of Ordnance. These acts became inoperative when the Homes were dissolved. Although section 492 (c) of the Army Organization Act of 1950 amended the Act of May 26, 1900, it did not have the effect of reviving that act.

The word "give" is substituted for the word "deliver" to express more clearly the intent of the section. The words "serviceable" and "as may be on hand undeposited of" are omitted as surplusage.

The word "may" is substituted for the words "is authorized and directed", since section 4611 of this title provides an alternative method for the disposal of obsolete ordnance.

CHAPTER 235. INQUESTS; DISPOSITION OF EFFECTS OF
DECEASED PERSONS AND UNCLAIMED PROPERTY

See

- 4701. Inquests.
- 4703. Disposition of effects of deceased persons: by summary court-martial.
- 4705. Disposition of effects of deceased persons: by Soldiers' Home.
- 4707. Disposition of unclaimed property.

§ 1701. Inquests

- 1 (a) When a person is found dead under circumstances which
- 2 require investigation, at a place garrisoned by the Army and under the
- 3 exclusive jurisdiction of the United States, the commanding officer
- 4 shall direct a summary court-martial to investigate the circumstances
- 5 of the death.
- 6 (b) In conducting an investigation under subsection (a), the sum-
- 7 mary court-martial may summon witnesses and examine them upon
- 8 oath.
- 9 (c) The summary court-martial shall promptly submit to the
- 10 commanding officer a report of the investigation and findings as to
- 11 the cause of death.

Revision Note

Based on 10-15a.

§ 1703. Disposition of effects of deceased persons: by summary
court-martial

- 1 (a) Upon the death of—
- 2 (1) a person subject to military law; or
- 3 (2) an inmate of the Soldiers' Home who dies in an Army
- 4 hospital outside the District of Columbia when sent from the
- 5 Home to that hospital for treatment;
- 6 the commanding officer of the place or command shall permit the
- 7 legal representative or the widow of the deceased, if present, to take
- 8 possession of the effects of the deceased which are then in camp or
- 9 quarters.
- 10 (b) If there is no legal representative or widow present, the com-
- 11 manding officer shall direct a summary court-martial to collect the
- 12 effects of the deceased which are then in camp or quarters.
- 13 (c) The summary court-martial may collect debts due the de-
- 14 cedent's estate by local debtors, pay undisputed local creditors of the
- 15 deceased to the extent permitted by money of the deceased in the

Ch. 235 INQUESTS; DISPOSITION OF EFFECTS § 4703

16 court's possession, and shall take receipts for those payments, to be
17 filed with the court's final report to the Department of the Army.

18 (d) As soon as practicable after the collection of the effects and
19 money of the deceased, the summary court-martial shall send them
20 at Government expense to the living person highest on the following
21 list who can be found by the court:

- 22 (1) Widow or legal representative.
- 23 (2) Son.
- 24 (3) Daughter.
- 25 (4) Father (if he has not abandoned the support of his family).
- 26 (5) Mother.
- 27 (6) Brother.
- 28 (7) Sister.
- 29 (8) Next of kin.
- 30 (9) Beneficiary named in the will of the deceased.

31 (e) If the summary court-martial cannot distribute the effects
32 under subsection (d) because there are no persons in those categories
33 or because the addresses of the persons are not known or readily
34 ascertainable, the court may convert the effects of the deceased, ex-
35 cept sabers, insignia, decorations, medals, watches, trinkets, manu-
36 scripts, and other articles valuable chiefly as keepsakes, into cash, by
37 public or private sale, but not until 30 days after the date of death of
38 the deceased.

39 (f) As soon as practicable after the effects have been converted
40 into cash under subsection (e), the summary court-martial shall
41 deposit all cash in the court's possession and belonging to the estate
42 with the officer designated in regulations, and shall send a receipt
43 therefor, together with any will or other papers of value, an inventory
44 of the effects, and articles not permitted to be sold, to the Depart-
45 ment of the Army for transmission to the Soldiers' Home.

46 (g) The summary court-martial shall make a full report of the
47 transactions under this section, with respect to the deceased, to the
48 Department of the Army for transmission to the General Accounting
49 Office for action authorized in the settlement of accounts of deceased
50 members of the Army.

Revision Note

Based on 5:150.

In subsection (d), the persons to whom property is to be delivered are set forth in numerical order in conformance with opinions of the Judge Advocate General of the Army. The words "through the Quartermaster Corps" are omitted, since the functions are no longer lodged in the Quartermaster Corps. The words "if such be found by said court" are omitted as surplusage.

In subsection (f), the words "Soldiers' Home" are substituted for the words "General Accounting Office" since, as provided in section 4705 of this title, the Home is now the place where the mentioned articles are sent.

§ 4705 SERVICE, SUPPLY, AND PROCUREMENT IV

§ 4705. Disposition of effects of deceased persons: by Soldiers' Home

- 1 (a) The Soldiers' Home shall dispose of the effects of a deceased
2 person which are delivered to it under section 4703 of this title, as
3 follows:
- 4 (1) A will or other paper involving property rights shall be
5 promptly delivered to the proper court of record.
 - 6 (2) If the next of kin or the legal representative of the de-
7 ceased cannot sooner be ascertained, the Home shall retain the
8 remaining effects until three years after the death of the de-
9 ceased, and then, upon establishment of a right thereto to the
10 satisfaction of the Home, it shall deliver them to the living
11 person highest on the following list who can be found:
 - 12 (A) Widow or legal representative.
 - 13 (B) Son.
 - 14 (C) Daughter.
 - 15 (D) Father (if he has not abandoned the support of his
16 family).
 - 17 (E) Mother.
 - 18 (F) Brother.
 - 19 (G) Sister.
 - 20 (H) Next of kin.
 - 21 (I) Beneficiary named in the will of the deceased.
- 22 (b) After three years from the date of death, the Home may sell
23 the effects to which a right has not been established by the next of
24 kin or the legal representative, except decorations, medals, and
25 citations, by public or private sale, as it considers most advantageous.
- 26 (c) After five years from the date of death, the Home shall dispose
27 of effects which are not sold under subsection (b) and to which a right
28 has not been established by the next of kin or legal representative of
29 the deceased, including decorations, medals, and citations, in the
30 manner which it considers most appropriate in the public interest.
31 It may retain them; deliver them to the Veterans' Administration, a
32 State or other military home, a museum, or other appropriate institu-
33 tion; or destroy them if the Board of Commissioners of the Home
34 determines that they are valueless.
- 35 (d) The net proceeds received by the Home from the sale of the
36 deceased's effects shall be covered into the Treasury to the credit of
37 the fund called the "Soldiers' Home permanent fund (trust fund)",
38 and the principal of the fund so increased shall draw interest at 3
39 percent a year, payable quarterly to the treasurer of the Home.
- 40 (e) A claim for the net proceeds of the sale of the deceased's
41 effects may be filed with the General Accounting Office at any time

Ch. 235 INQUESTS; DISPOSITION OF EFFECTS § 4707

42 within six years after the date of his death, for action under section
43 5121 of this title. If not so filed, such a claim may not be considered
44 by a court or the General Accounting Office.

45 (f) A claim allowed by the General Accounting Office under sub-
46 section (e) shall be certified to the treasurer of the Home for payment
47 from the Soldiers' Home permanent fund (trust fund) in the amount
48 found due, including accrued interest. No claim may be allowed
49 or paid in excess of the net proceeds, including accrued interest,
50 of the estate covered into the Treasury under subsection (d).

Revision Note

Based on 5-150-1, 150-2, and 150-3.

In subsection (a), the words "The Soldiers' Home shall dispose of the effects of a deceased person which are delivered to it," are substituted for the words "The effects in the possession of the General Accounting Office", since the General Accounting Office no longer possesses any of these effects. The words "including those of deceased inmates of the Soldiers' Home dying in any United States military hospital, where sent from said home for treatment" are omitted, since they are included in section 4703 of this title, referred to in this subsection. The words "next of kin" are substituted for the word "heirs", since the revised section refers only to personal property. The persons to whom property is to be delivered are set forth in numerical order to conform to opinion of the Judge Advocate General of the Army.

In subsection (e), the words "are valueless" are substituted for the words "no longer possess any value".

In subsection (f), the words "General Accounting Office" are substituted for the words "accounting offices", since the General Accounting Office has replaced them.

In subsection (f), the words "under subsection (e)" are substituted for the words "for the net proceeds of such effects".

§ 4707. Disposition of unclaimed property

1 (a) The Secretary of the Army, under regulations prescribed by
2 him, may, by public or private sale or otherwise, dispose of all lost,
3 abandoned, or unclaimed personal property that comes into the
4 custody or control of the Department of the Army, other than prop-
5 erty subject to section 4703 or 4705 of this title or subject to subsec-
6 tion (e). However, property may not be disposed of until diligent
7 effort has been made to find the owner, his next of kin, or his legal
8 representative, nor until one year after the date the property is
9 received at a storage point designated by the Secretary. If the owner,
10 his next of kin, or his legal representative is found, the property may
11 not be disposed of until the expiration of 120 days after the date when
12 notice, giving the time and place of the intended sale or other dis-
13 position, has been sent by registered mail to that person at his last
14 known address.

§ 4707

SERVICE, SUPPLY, AND PROCUREMENT

IV

15 (b) The net proceeds from the sale of property under this section
 16 shall be covered into the Treasury as miscellaneous receipts. A
 17 claim for those proceeds by the owner, his next of kin, or his legal
 18 representative must be filed with the General Accounting Office
 19 within five years after the date of the disposal of the property. If
 20 not so filed, such a claim may not be considered by a court or the
 21 General Accounting Office.

22 (c) No property may be delivered to the Soldiers' Home under
 23 this section except papers of value, sabers, insignia, decorations,
 24 medals, watches, trinkets, manuscripts, and other articles valuable
 25 chiefly as keepsakes. The Home shall deliver the property to the
 26 owner, his next of kin, or his legal representative, if he establishes a
 27 right to it within two years after its receipt by the Home.

Revision Note

Based on 5:150a, 150f, 150g, 150h, and 150i.

In subsection (a), the words "under regulations prescribed by him" are substituted for regulation provisions contained in 10:150h and 150i. The word "comes" is substituted for the words "is now or may hereafter come". The word "possession" is omitted as surplusage. The words "until the expiration" are substituted for the words "prior to the expiration of a period". The words "is found" are substituted for the words "have or has been determined".

In subsections (a) and (b), the word "herein" is omitted, since the revised section relates only to personal property.

In subsection (c), the word "deliver" is substituted for the words "be granted possession". The word "within" is substituted for the words "at any time prior to the expiration of".

CHAPTER 237. TRANSPORTATION

Sec.

- 4801. Control and supervision.
- 4803. Control of transportation systems in time of war.
- 4805. Supplies; preference to United States vessels.
- 4807. Officers; use of transportation.
- 4809. Civilian personnel and employees of contractors.
- 4811. Civilian personnel in Alaska.
- 4813. Motor vehicles; for members on permanent change of station.
- 4815. Property; for United States surveys.

§ 4801. Control and supervision

- 1 The transportation of members, munitions of war, supplies, and
- 2 equipment of the Army throughout the United States shall be under
- 3 the immediate control and supervision of the Secretary of the Army
- 4 and agents appointed or designated by him.

Revision Note

Based on 10-1353.

§ 4803. Control of transportation systems in time of war

- 1 In time of war, the President, through the Secretary of the Army,
- 2 may take possession and assume control of all or part of any system
- 3 of transportation to transport troops, war material, and equipment,
- 4 or for other purposes related to the emergency. So far as necessary,
- 5 he may use the system to the exclusion of other traffic.

Revision Note

Based on 10-1361.

§ 4805. Supplies; preference to United States vessels

- 1 Only vessels of United States registry or belonging to the United
- 2 States may be used in the transportation by sea of supplies purchased
- 3 for the use of the Army. However, if the President finds that the
- 4 freight charged on those vessels is unreasonably high, contracts for
- 5 transportation may be made as otherwise provided by law. Charges
- 6 made for the transportation of supplies under this section may not
- 7 be higher than the charges made for the transportation of like goods
- 8 for private persons.

§ 4865 SERVICE, SUPPLY, AND PROCUREMENT IV

Revision Note

Based on 10:1365.

The word "supplies" is substituted for the words "food, provisions, fodder, or supplies of any description". The words "pursuant to law" are omitted as surplusage. The words "United States registry" are inserted for clarity. The words "as otherwise provided by law", in 10:1365, are used rather than the words "under the law as it now exists", in section 1 of the Act of Apr. 28, 1904, ch. 1766, 33 stat. 518. The words "private persons" are substituted for the words "private parties or companies".

§ 4867. Officers; use of transportation

- 1 Under regulations prescribed by the Secretary of the Army, officers
- 2 of the Army may, in the performance of their duties, use means of
- 3 transportation provided for the Army and its supplies.

Revision Note

Based on 10:749.

Since its legislative history shows that it was enacted because the Comptroller of the Treasury had disallowed certain accounts for travel expenses (46 Congressional Record, pp. 905-913, 4643-4645), the source section is restated to preclude future disallowances. The words "official and military" are omitted as surplusage.

§ 4869. Civilian personnel and employees of contractors

- 1 (a) The Secretary of the Army, under regulations prescribed by
- 2 him and at reasonable rates of fare, may provide transportation by
- 3 motor vehicle or water carrier to and from their places of employ-
- 4 ment for persons attached to, or employed in, the Department of
- 5 the Army, and, during a war or national emergency declared by
- 6 Congress or the President, for persons attached to, or employed in,
- 7 a private plant that is manufacturing material for the Department
- 8 of the Army.
- 9 (b) Transportation may not be provided under subsection (a),
- 10 unless the Secretary, or an officer of the Department of the Army
- 11 designated by the Secretary, determines that—
- 12 (1) the transportation is necessary for the effective conduct
- 13 of the affairs of the Department of the Army;
- 14 (2) other facilities are inadequate and cannot be made ade-
- 15 quate;
- 16 (3) a reasonable effort has been made to induce operators of
- 17 private facilities to provide the necessary transportation; and
- 18 (4) the service to be furnished will make proper use of existing
- 19 facilities and will supply the most efficient transportation to the
- 20 persons concerned.

21 (c) To provide transportation under subsection (a), the Depart-
22 ment of the Army may—

23 (1) buy, lease, or charter motor vehicles or water carriers
24 capable of seating 12 or more passengers;

25 (2) provide for the maintenance and operation of that equip-
26 ment by—

27 (A) enlisted members of the Army;

28 (B) employees of the Department of the Army; or

29 (C) private persons under contract; and

30 (3) lease or charter the equipment to private or public carriers
31 for operation under terms, considered advisable by the Secretary
32 or by an officer of the Department designated by the Secretary,
33 which may provide for the pooling of Government-owned and
34 private-owned equipment and facilities and for the reciprocal
35 use of that equipment.

36 (d) Fares received under subsection (a), and proceeds of the leas-
37 ing or chartering of equipment under subsection (c) (3), shall be
38 covered into the Treasury as miscellaneous receipts.

39 (e) Within 60 days after the end of the fiscal year in which trans-
40 portation has been provided under this section, the Secretary shall
41 file with Congress a summarized report of that transportation. This
42 report shall include, for each activity for which transportation facil-
43 ities have been provided—

44 (1) the location, nature, and size of the activity;

45 (2) the type, amount, and original cost of the equipment
46 furnished;

Revision Note

Based on 31:223b (less 4th sentence) and 223c; and uncodified Act of Aug. 2,
1946, ch. 753, sec. 324 (a) (4th paragraph), 60 Stat. 847.

In subsection (a), the words "ascertain", "settle", and "whether under a lease,
express or implied", are omitted as surplusage. The words "member of the
Army or a civilian employee of the Department of the Army" are substituted for
the words "military personnel or civilian employees of the Department of the
Army or of the Army".

Subsection (b) (1) is inserted to reflect the specific amendment of 31:223b
and 223c by section 324 (a) (4th paragraph) of the Federal Tort Claims Act,
60 Stat. 847. Section 324 (a) of the Federal Tort Claims Act referred to "claims
cognizable under part 2 of this title". Part 2 of that act consisted of sections
403 and 404 which were repealed by section 39 of the Act of June 25, 1948, ch.
646, 62 Stat. 1008, and replaced by sections 2672 and 2673 of title 28. Accord-
ingly, the words "allowable under section 2672 of title 28, as amended" are sub-
stituted for the words "claims cognizable under part 2 of this title". The words
"or possessions thereof" are omitted, since possessions of foreign countries are
not specifically covered by the section to which the words refer.

In subsection (c), the word "accident" is omitted as surplusage.

In subsection (f), the words "and final settlement" are omitted as surplusage.

In subsection (g), the first sentence of 31:223c is omitted as surplusage.

11 country or of any inhabitant of that country, including property
12 bailed to the United States; or

14 country;
15 if the damage, loss, personal injury, or death occurs in that country
16 and is caused by the Army, a member of the Army, or a civilian
17 employee of the Army, or is otherwise incident to noncombat activi-
18 ties of the Army. The claim of an insured, but not that of a sub-
19 rogee, may be considered under this subsection. As used in this
20 section, "foreign country" includes, but is not limited to, any place
21 under the jurisdiction of the United States in a foreign country.
- 22 (b) A claim may be settled under subsection (a) only if—
23 (1) it is presented within one year after the incident out of
24 which it arises;
25 (2) it arose after May 26, 1941;
26 (3) in the case of a claim for more than \$1,000, it arose after
27 December 6, 1941;
28 (4) in the case of a national of a country at war with the
29 United States, or of any ally of that country, the claimant is
30 found by the commission or by the local military commander to
31 have been and to be friendly to the United States; and
32 (5) it did not arise from action by an enemy or result directly
33 or indirectly from an act of the armed forces of the United
34 States in combat.
- 35 (c) Settlement of a claim for more than \$2,500 under subsection
36 (a) may by regulation be made subject to the approval of any com-
37 missioned officer designated by the Secretary.
- 38 (d) The Secretary may certify to Congress any claim for more than
39 \$5,000 which arose after December 6, 1941, in the amount that he
40 considers just and reasonable, as a legal claim for payment from
41 appropriations made by Congress therefor, together with a brief
42 statement of the claim, the amount claimed, and the amount allowed.
- 43 (e) No claim may be paid under subsection (a) unless the amount
44 tendered is accepted in full satisfaction.
- 45 (f) A claim settled under this section shall be paid from the appro-
46 priation for finance service, Army, that is current at the time the
47 claim is paid.
- 48 (g) In time of war and upon request of the Army, a claim covered
49 by subsection (a) may be considered, determined, adjusted, and paid
50 by a commission appointed under section -- (31:224d (as applicable
51 to the Navy)) of subtitle C (Navy), or section 5005 of subtitle D
52 (Air Force), of this title subject to reimbursement by the Army.

In subsection (e), the words "and in final settlement" are omitted as surplusage.

In subsection (a), the words "in an amount not more than \$500,000" are substituted for the words "the amount of any claims so determined, compromised, or settled" and the first 49 words of the last proviso of 10:1861. The

words "ascertain", "compromise", "settle", and the second proviso of 10:1861, are omitted as surplusage.

10 those sections during the period covered by the report. However,
11 during a war, the Secretary may omit from a report under this sec-

2 Secretary of Defense, the Secretary of the Army, acting through
3 boards of civilians in the executive part of the Department of the
4 Army, may correct any Army record when he considers it necessary
5 to correct an error or remove an injustice. Except when procured by
6 fraud, the correction is final and conclusive.
- 7 (b) No correction may be made under subsection (a) unless the
8 claimant or his next of kin or legal representative files a request there-
9 for before October 26, 1961, or within three years after the discovery
10 of the error or injustice, whichever is later. However, the board

- 13 (c) The Department of the Army may pay a claim for the loss of
14 pay, allowances, compensation, emoluments, or other pecuniary
15 benefits, or for the repayment of a fine or forfeiture, if, as a result of
16 correcting a record under this section, or under section 207 of the

33 than one year after the date his Army record is corrected under this
34 section if he is not reenlisted in, or reappointed to, the grade to which
35 the payments relate. Without regard to qualifications for reenlist-

36 ment or reappointment, the Secretary of the Army may reenlist a
37 person in, or reappoint him to, the grade to which payments under
38 this section relate.

39 (f) No payment may be made under this section for a benefit to
40 which the claimant might later become entitled under the laws and
41 regulations administered by the Administrator of Veterans' Affairs.

42 (g) The Secretary of Defense shall report to Congress every six
43 months on claims paid under this section during the period covered
44 by the report. The report shall include for each claim a brief descrip-
45 tion of the claim, a statement of the amount paid, and the name of

10 wherever found. Possession of such equipment furnished by the
11 United States to a member of the Army, by a person who is neither

1 (a) An amount due the United States from an enlisted member
2 of the Army for articles sold to the member on credit under section
3 4401 of this title shall be deducted from the next pay due that mem-
4 ber after the sale is reported to the Chief of Finance. An amount
5 due the United States from an enlisted member of the Army for
6 tobacco sold to him at cost by the United States under section 4405
7 of this title shall be deducted from his pay in the manner provided
8 for the settlement of clothing accounts.

9 (b) Under regulations prescribed by the Secretary of the Army,
10 any amount which an enlisted member is administratively deter-
11 mined to owe the United States or any of its instrumentalities may
12 be deducted from his pay in monthly installments. However, after
13 the deduction of pay forfeited by the sentence of a court-martial
14 or otherwise authorized by law to be withheld, the deductions au-
15 thorized by this section may not reduce the pay actually received
16 for any month to less than one-third of his basic pay for that month.

17 (c) Subject to subsection (b), an amount due the United States
18 from an enlisted member may be deducted from his pay on final state-
19 ment, or from his savings on his clothing allowance.

20 (d) If he considers it in the best interests of the United States, the
 21 Secretary may have any part of an enlisted member's indebtedness to
 22 the United States or any of its instrumentalities remaining unpaid at
 23 the time of that member's honorable discharge, or prior thereto,
 24 remitted and canceled.

25 (e) Subject to subsection (f), the amount of any damage to arms or
 26 equipment caused by the abuse or negligence of a member of the
 27 Army who had the care of, or was using, the property when it was
 28 damaged shall be deducted from his pay. Damage includes cost
 29 of repairs.

30 (f) The pay of a commissioned officer of the Army may be withheld
 31 only—

32 (1) under section 1766 of the Revised Statutes (5 U. S. C. 82),
 33 for an indebtedness to the United States admitted by the officer
 34 or shown by the judgment of a court;

35 (2) upon a special order issued in the discretion of the Secre-
 36 tary; or

37 (3) under subsection (h).

38 (g) Subject to subsection (f), if, upon final settlement of the ac-
 39 counts of a commissioned officer of the Army charged with the issue
 40 of an article of military supply, there is a deficiency of that article,
 41 or if an article of military supply with whose issue a commissioned
 42 officer is charged is damaged, the value of the lost article or the
 43 amount of the damage shall be charged against the officer and de-
 44 ducted from his monthly pay, unless he shows to the satisfaction of
 45 the Secretary, by one or more affidavits setting forth the circum-
 46 stances, that he was not at fault.

47 (h) An amount due the United States from a commissioned officer
 48 of the Army for rations bought on credit, and for articles bought on
 49 credit under section 4401 of this title, shall be deducted from the
 50 next pay due that officer after the sale is reported to the Chief of
 51 Finance.

Revision Note

Based on 10: 871, 872, 875, 875a, 875b, 875c, and 877.

In subsection (a), the words "Chief of Finance" are substituted for the words "Finance Department", to conform to 10: 875c set forth in subsection (h) of the revised section.

Subsections (e) and (g) of the revised section are made subject to the provisions of subsection (f), which restricts the instances in which an officer's pay may be withheld. Subsections (e) and (g) are effective only when the special survey report covering the officer's liability is approved by the Secretary, which in administrative practice constitutes the special order of the Secretary.

§ 5115. Settlement of accounts: affidavit of company commander

1 In the settlement of the accounts of the commanding officer of a
 2 company for clothing and other military supplies, his affidavit may
 3 be received to show—

4 (1) that vouchers or company books were lost;
 5 (2) anything tending to prove that apparent deficiency of
 6 those articles was caused by unavoidable accident, or loss in
 7 actual service without his fault; or
 8 (3) that all or part of the clothing and supplies was properly
 9 used.

10 The affidavit may be used as evidence of the facts set forth, with or
 11 without other evidence, as determined by the Secretary of the Army
 12 to be just and proper under the circumstances.

Revision Note

Based on 10-1302.

§ 5117. Settlement of accounts: oaths

1 The Secretary of the Army may detail any employee of the Depart-
 2 ment of the Army to administer oaths required by law in the settle-
 3 ment of a commissioned officer's accounts for clothing and other
 4 military supplies. An oath administered under this section shall be
 5 without expense to the officer to whom it is administered.

Revision Note

Based on 10-1303.

The words "and other military supplies" are substituted for the words "camp and garrison equipage, quartermaster's stores, and ordnance" to conform to section 5115 of this title.

§ 5119. Final settlement of accounts: commissioned officers

1 Before final payment may be made to a commissioned officer of the
 2 Army who has been accountable or responsible for public property,
 3 he must obtain a certificate of non-indebtedness to the United States
 4 from each officer to whom he was accountable or responsible for
 5 property and from the General Accounting Office. He must also
 6 make an affidavit, certified by his commanding officer to be correct,
 7 that he is not accountable or responsible for property to any other
 8 officer. A commissioned officer who has not been responsible for
 9 public property must make an affidavit of that fact, certified by his
 10 commanding officer. Compliance with this section warrants the
 11 final payment of the officer concerned.

§ 5119

SERVICE, SUPPLY, AND PROCUREMENT

IV

Revision Note

Based on 10:878.

The words "from each officer to whom he was accountable or responsible for property" are substituted for the words "from only such of the bureaus of the Department of the Army to which the property for which they were accountable or responsible pertains", since there is no longer a bureau structure within the Department of the Army. The words "that he is not accountable or responsible for property to any other officer" are substituted for the words "accompanied by the affidavits of officers, of non-accountability or nonresponsibility to other bureaus of the Department of the Army", for the same reason.

The last proviso of section 2 of the Act of Jan. 12, 1899, ch. 46, 30 Stat. 784, is not contained in 10:878. It is also omitted from the revised section, since it related to authority of mustering officers to administer oaths and the general authority to administer oaths is now contained in Article 136 of the Uniform Code of Military Justice (50 U. S. C. 732).

§ 5121. Final settlement of accounts: deceased members

1 (a) In the settlement of the accounts of a deceased member of the
2 Army, if a demand is not made by the legal representative of his
3 estate, the General Accounting Office may allow any amount due, to
4 the person highest on the following list living on the date of settle-
5 ment:

- 6 (1) Surviving spouse.
- 7 (2) Children and their issue, per stirpes.
- 8 (3) Father and mother in equal parts, or, if either is dead, the
9 survivor.
- 10 (4) Brothers and sisters, and their issue, per stirpes.

11 (b) Reimbursement for funeral expenses may be made from the
12 amount due the decedent's estate, if the person who paid the expenses
13 presents a claim for them before settlement by the General Account-
14 ing Office.

Revision Note

Based on 10:868.

In subsection (a), the words "member of the Army" are substituted for the words "officers or enlisted persons of the Army".

In subsection (b), the words "That this section shall not be so construed as to prevent" are omitted as surplusage.

TABLE 1.—UNCODIFIED STATUTES AT LARGE DISTRIBUTION TABLE

The explanatory report accompanying the proposed final draft will include a Master Statutes at Large Distribution Table. This will list in chronological order the provisions of the Revised Statutes and Statutes at Large covered by that draft. Such a table has not been included here, since the Master U. S. Code Distribution Table (Table 2) is sufficient for present purposes. However, since some provisions of the Statutes at Large dealt with in this draft have not been codified in the U. S. Code and are not reflected in Table 2, a special table showing those provisions is included below.

TABLE 2.—MASTER U. S. CODE DISTRIBUTION TABLE

This table lists the U. S. Code sections dealt with in this draft. It includes every section number that has ever appeared in titles 10 and 32, and chapters 3 and 11A of title 5, of the U. S. Code whether or not the section contains current text. Sections from other titles are listed only if they would be affected by enactment of the proposed final draft.

Where a provision of the U. S. Code listed in the left-hand column is restated in this draft, the sections in which it is restated are listed opposite it in the appropriate right-hand column.

A system of parallel numbering has been adopted to facilitate comparison of corresponding Army and Air Force sections based on laws applicable to both services. Where a law applies to one service only, its section number in this draft has not been used for the other service.

Where a provision of the U. S. Code listed in this table is not restated in this draft, the reason is shown by referring the reader to a special explanatory table listed opposite it in the appropriate right-hand column (Tables 2A-2G).

For each U. S. Code section that has been divided into fragments of less than a subsection, one fragment of the section is not specifically described but is cited in terms of the whole section "less" the other fragments. This assures that the entire section has been accounted for.

TABLE 2A.—LAWS OMITTED AND REPEALED

This table lists the U. S. Code sections in Table 2 that are omitted from this draft because they are based on laws that have been impliedly repealed, or are executed, obsolete, or otherwise unnecessary. The proposed final draft will list these provisions for express repeal, whether or not they have already been deleted from the U. S. Code. The explanatory report accompanying that draft will give the specific reasons for each proposed omission and repeal, and will cite in each case the relevant provisions of the Revised Statutes and Statutes at Large.

* Sections so designated have been added to this table since it was last circulated for comment.
 * In 499 is listed both on Table 2A and Table 2B. Insofar as it was based upon the last sentence of the twelfth paragraph of section 175 of the National Defense Act, as amended, it is executed. Insofar as it is based upon the Act of June 19, 1948, ch. 541, 62 Stat. 499, it has only limited application.
 * In 629 is listed both as a source credit for revised section 201 and on Table 2A. Insofar as it was based on the Act of Apr. 27, 1914, ch. 72 (1st revision on p. 351), 38 Stat. 354, it was implicitly repealed by the enactment of Article of War 107, June 4, 1920, ch. 227, subch. II, 41 Stat. 809, previously omitted in 10-1579. In 1951, the source credits for 10-1579 were transferred to 10-629. Insofar as 10-629 is now based on section 1 (A. W. 107) of the Act of June 4, 1920, ch. 227, subch. II, 41 Stat. 809, as amended, it is restated in revised section 201.

TABLE 2B.—LAWS OMITTED AND TRANSFERRED

This table lists the U. S. Code sections in Table 2 that are omitted from this draft because they are more appropriately reclassified to other titles of the U. S. Code. The explanatory report accompanying the proposed final draft will give the specific reasons for each proposed reclassification and will recommend in each case a specific new location.

¹ 31-271a, 32-78, and 34-853g-1, are based upon section 4 of the Act of July 1, 1947, ch. 492, 61 Stat. 239. That act defines the words "soldiers and employees of the United States or of the District of Columbia" as used in three separate acts codified, respectively, in 16-271, 32-77, and 34-853g. The transfer of 34-853g-1 to another title of the United States Code is required only if 34-853g is omitted from the Navy Code.

² 30-560b (c) (last 12 words) has been held by the Comptroller General (29 Comp. Gen. 142, Sept. 29, 1948) to provide for a personal money allowance in addition to the allowance authorized by section 301 (a) of the Career Compensation Act of 1949 (37 Stat. 147).

³ 10-10931 is based upon section 2 of the Act of June 26, 1936, ch. 493, 69 Stat. 312. It provides that after June 25, 1946, the provisions of the Act of June 24, 1938, ch. 641 (29 Stat. 221) would no longer authorize citizens of the American Republics to receive instruction at the United States Military Academy. Accordingly, 20-221 should be appropriately amended.

TABLE 2C.—TEMPORARY LAWS OMITTED BUT NOT REPEALED OR TRANSFERRED

This table lists the U. S. Code sections in Table 2 that are based on temporary appropriation act provisions that have been enacted on a year-to-year basis. They are omitted from this draft, since it includes only permanent law. The explanatory report accompanying the proposed final draft will cite in each case the relevant provisions of the Revised Statutes and Statutes at Large.

¹ Sections so designated are carried in the 1906 Edition of the United States Code, as supplemented. Provisions not so designated have been deleted from the United States Code.

² 5-274, 10-541 and 645, and 54-488a and 418b, are based upon section 101 of the Act of July 5, 1905, ch. 541, Title I, 36 Stat. 438, a non-permanent appropriation act provision. The section covered personnel of the military departments, the Treasury Department, and the General Services Administration. These provisions were enacted into permanent law by section 361 of the Act of Aug. 13, 1946, ch. 937 (20-566) only as to military personnel. Since that date similar provisions have not been contained in any appropriation act.

³ 10-1028 was based on the Act of July 29, 1937, ch. 347, 50 Stat. 550. This source credit was transferred to 14-1672. When Title 14 was codified by the Act of Aug. 4, 1949, ch. 350, 63 Stat. 495, 14-1672 was eliminated from the United States Code as a non-permanent appropriation act provision (see H. Rep. No. 557, 81st Cong., 1st Sess., Table 1).

TABLE 2D.—PERMANENT LAWS OMITTED BUT NOT REPEALED OR TRANSFERRED

This table lists the U. S. Code sections in Table 2 that are omitted from this draft as now having only limited applicability or temporary interest. The explanatory report accompanying the proposed final draft will give the specific reasons for each proposed omission, and will cite in each case the relevant provisions of the Revised Statutes and Statutes at Large. It will also recommend in appropriate cases specific sections of the proposed final draft to which the text of omitted provisions should be appended as legislative notes.

* 31-800b and 800c, and 31-800k-1 and 800k-2, are based upon sections 1 and 2 of the Act of Apr. 28, 1938, ch. 120, 64 Stat. 95. That act limits temporary payments to reserve officers after June 24, 1948, as provided by separate acts for each military department modified, respectively, in 40-286 and 31-800k. The deletion of 31-800k-1 and 800k-2 from the Navy Code will be appropriate only if 800k is also omitted.

* 31-199 is listed both on Table 2A and Table 2D. Insofar as it was based upon the last sentence of the twelfth paragraph of section 127a of the National Defense Act, as amended, it is omitted. Insofar as it is based upon the Act of June 19, 1948, ch. 511, 62 Stat. 489, it has only limited application.

* 25 1414 has been deleted from the United States Code as expressly repealed by section 401 (m) of the Army Organization Act of 1950 (24 Stat. 277). The Army Organization Act did not repeal the first sentence of section 2 (k) of the Act of May 4, 1905, ch. 145, 34 Stat. 196, on which 25 1414 was based. Accordingly, the words of the Act of May 4, 1905, insofar as Table E so provided, remain in effect.

* 25 1267 was amended by the Act of Oct. 25, 1949, ch. 762, section 2 (1), 49 Stat. 426, although it had been previously expressly repealed by the Act of May 2, 1950, ch. 109, section 14 (a), 59 Stat. 147, effective May 21, 1950. This amendment did not appear to revive the original act.
