From: Commanding Officer, U.S. Naval Ammunition Depot Earle
To: District Public Works Officer, THIRD Naval District
Subj: Permit No. NOy(R)-63615; information on request for
termination of
Ref: (a) DPWO 3ND ltr NTL-34, ELW:gk, dated 20 NOV 1964
Encl: (1) Public Works Sketch No. 562C

1. Reference (a) advised this activity that the Department of the Army has requested termination of the subject agreement. It is reported that the premises formerly used by the Department of the Army have been vacated and have been left in a satisfactory condition.
2. The subject agreement provided, however, that upon its termination any fencing or other alterations now existing would be changed to conform to the requirements of the Department of the Navy. Prior to the construction of the Nike site, the Department of the Army did move the existing sentry booth to its present location and did construct a new fence on the north side of the patrol road. Enclosure (1) indicates the required changes to the fence and patrol road required by the Depot in order to restore the premises to a satisfactory condition.
3. It is requested that the Department of the Army be notified to submit preliminary plans for the proposed changes to this Depot for approval.
