Director, Monmouth County
Vocational Schools
18 Court Street
Freehold, New Jersey

Dear Sir:

In reply to your letter of 4 January 1965, this Depot cannot grant you an easement for the purpose of constructing and maintaining a road from Hopping Cross Road into the former Nike Site due to the added safety hazard to ammunition hauling trucks created by another road crossing Normandy Road.

The Depot, however, will grant the Board of Education permission to utilize Normandy Road from Mountain Hill Road to the entrance of the former Nike Site as a means of gaining access to this newly acquired site. This permission will be granted for as long a period as required until your Board builds their own access road from Mountain Hill Road. It is requested that you contact the Security Officer for final arrangements on obtaining permits for use of Normandy Road. His telephone number is 462-9500, Extension 244.

Very truly yours,

(b)(6)
Captain, USN
Commanding Officer

(b)(6) visited station 2/17/65 and I informed him that he would not need passes to use Normandy Rd. from Mt. Hill Road to the entrance of Nike Site. Called (b)(6) and he knew very little about this but he thought it would be OK. He will call back if it is not OK.
