Freedom of Information/  
Privacy Office

April 15, 2025

Mr. John Greenewald Jr.  
The Black Vault Inc.  
27305 West Live Oak Road  
Suite #1203  
Castaic, California 91384

Dear Mr. Greenewald:

This is in further response to your Freedom of Information Act (FOIA) request of December 11, 2024 and supplements our letter of December 18, 2024.

Coordination with another element of our command has been completed and records returned to this office.

We have completed a declassification review in accordance with Executive Order (EO) 13526. As a result of our review, information has been sanitized from the records as it is currently and properly classified SECRET according to Sections 1.2(a)(2) and 1.4(c) of EO 13526. This information is exempt from the public disclosure provisions of the FOIA pursuant to Title 5 U.S. Code 552 (b)(1). A brief explanation of the applicable sections follows:

Section 1.2(a)(2) of EO 13526, provides that information shall be classified SECRET if its unauthorized disclosure reasonably could be expected to cause damage to the national security.

Section 1.4(c) of EO 13526, provides that information pertaining to intelligence activities, intelligence sources or methods, and cryptologic information shall be considered for classification protection.

Information has been withheld according to Title 5 U.S. Code 552 (b)(3) the statute invoked is 50 U.S.C. § 3024(i), which allows for the protection of intelligence sources and methods.

Information has been withheld that would result in an unwarranted invasion of the privacy rights of the individuals concerned. This information is exempt from public disclosure provisions of the FOIA pursuant to Title 5 U.S. Code 552 (b)(6) and (b)(7)(C).

In addition, information has been sanitized from the record that would reveal sensitive investigative methods and techniques. This information is exempt from public disclosure pursuant to Title 5 U.S. Code 552 (b)(7)(E) of the FOIA. The significant and legitimate governmental purpose to be served by withholding is that a viable and effective intelligence investigative capability's dependent upon protection of sensitive investigative methodologies.

The withholding of the information described above is a partial denial of your request. This denial is made on behalf of Major General Timothy D. Brown, Commanding, U.S. Army Intelligence and Security Command, who is the Initial Denial Authority for Army intelligence investigative and security records under the Freedom of Information Act and may be appealed to the Secretary of the Army. If you decide to appeal at this time, your appeal must be post marked no later than 90 calendar days from the date of our letter. After the 90-day period, the case may be considered closed; however, such closure does not preclude you from filing litigation in the courts. You should state the basis for your disagreement with the response and you should provide justification for reconsideration of the denial. An appeal may not serve as a request for additional or new information. An appeal may only address information denied in this response. Your appeal is to be made to this office to the listed address for forwarding, as appropriate, to the Secretary of the Army, Office of the General Counsel.

Commander  
U.S. Army Intelligence and Security Command  
Freedom of Information/Privacy Office (APPEAL)  
2600 Ernie Pyle Street, Room 3S02-B  
Fort George G. Meade, Maryland 20755-5995

There are no assessable FOIA fees for processing this request.

If you have any questions regarding this action, feel free to contact this office at 1-866-548-5651, or email the INSCOM FOIA office at:

[usarmymeadeusacicmbxinscomfoiaservicecenter@army.mil](mailto:usarmymeadeusacicmbxinscomfoiaservicecenter@army.mil) and refer to case #0034F-25. You may also contact the Public Liaison, Ms. Andrica Dickerson, for any further assistance and to discuss any aspect of your request at (571) 515-0306 or at her email address:

[usarmy.belvoir.hqda-oaaahs.mbx.rmda-foia-public-liaison@army.mil](mailto:usarmy.belvoir.hqda-oaaahs.mbx.rmda-foia-public-liaison@army.mil). Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, email at [ogis@nara.gov](mailto:ogis@nara.gov), telephone at 202-741-5700; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

Sincerely,

HEATON.MICHAEL  
TODD.1160922075

Michael T. Heaton  
GG-15, Director  
Freedom of Information/Privacy Office

Enclosure

## **Explanation of FOIA/PA Exemptions**

### **Subsections of Title 5, United States Code, Section 552**

- (b)(1) (A) Specifically authorized under criteria established by an Executive order to be kept secret in the interest of national defense or foreign policy and (B) are in fact properly classified to such Executive order;
- (b)(2) Related solely to the internal personnel rules and practices of an agency;
- (b)(3) Specifically exempted from disclosure by statute (other than section 552b of this title), provided that such statute (A) requires that the matters be withheld from the public in such a manner as to leave no discretion on issue, or (B) establishes particular criteria for withholding or refers to particular types of matters to be withheld;
- (b)(4) Trade secrets and commercial or financial information obtained from a person and privileged or confidential;
- (b)(5) Inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency;
- (b)(6) Personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;
- (b)(7) records or information compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records or information ( A ) could be reasonably be expected to interfere with enforcement proceedings, ( B ) would deprive a person of a right to a fair trial or an impartial adjudication, ( C ) could be reasonably expected to constitute an unwarranted invasion of personal privacy, ( D ) could reasonably be expected to disclose the identity of confidential source, including a State, local, or foreign agency or authority or any private institution which furnished information on a confidential basis, and, in the case of record or information compiled by a criminal law enforcement authority in the course of a criminal investigation, or by an agency conducting a lawful national security intelligence investigation, information furnished by a confidential source, ( E ) would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law, or ( F ) could reasonably be expected to endanger the life or physical safety of any individual;
- (b)(8) contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of an agency responsible for the regulation or supervision of financial institutions; or
- (b)(9) Geological and geophysical information and data, including maps, concerning wells.

### **Subsections of Title 5, United States Code, Section 552a**

- (d)(5) Information compiled in reasonable anticipation of a civil action proceeding;
- (j)(2) Material reporting investigative efforts pertaining to the enforcement of criminal law including efforts to prevent, control, or reduce crime or apprehend criminals;
- (k)(1) Information which is currently and properly classified pursuant to an Executive order in the interest of the national defense or foreign policy, for example, information involving intelligence sources or methods;
- (k)(2) investigatory material compiled for law enforcement purposes, other than criminal, which did not result in loss of a right, benefit or privilege under Federal programs, or which would identify a source who furnished information pursuant to a promise that his/her identity would be held in confidence;
- (k)(3) Material maintained in connection with providing protective services to the President of the United States or any other individual pursuant to the authority of Title 18, United States Code, Section 3056;
- (k)(4) Required by statute to be maintained and used solely as statistical records;
- (k)(5) Investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment or for access to classified information, the disclosure of which would reveal the identity of the person who furnished information pursuant to a promise that his/her identity would be held in confidence;
- (k)(6) Testing or examination material used to determine individual qualifications for appointment or promotion in Federal Government service the release of which would compromise the testing or examination process;
- (k)(7) Material used to determine potential for promotion in the armed services, the disclosure of which would reveal the identity of the person who furnished the material pursuant to a promise that his/her identity would be held in confidence.

6. (U//~~FOUO~~) WSMR utilizes the Windtalker UAS Sensor and the Low Altitude Surveillance Platform (LASP) to detect UAS violations of WSMR airspace. The Windtalker UAS Sensor detects and locates UAS and their pilots within a range of 35+ kilometers. The LASP is an Aeroscope Da-Jiang Innovations (DJI); Da-Jiang is Chinese for "Great Frontier" sensor. The LASP only detects DJI brand UASs. The Aeroscope sensor WSMR utilizes has been retrofitted and firewalled to ensure data from the sensor is not shared through DJI firmware connections with nefarious sources. All UAS incursion data was derived from these systems; to include the provided MGRS.

7. (U) Federal Aviation Administration (FAA) requires registration of all commercial UAS. The FAA also requires registration for all personal UAS weighing 250 grams or more. The Mavic Air 2, the Phantom 4 Pro V2, and the weigh more than 250 grams. These UAS maintain the capability of gathering video and signal data from a significant distance.

8. (U//~~FOUO~~) R-5107B is an area of restricted air space controlled by the WSMR Senior Commander and not the Federal Aviation Administration. This airspace is marked as restricted on publicly available airspace maps.

**b1 b3**

10. (U//~~FOUO~~) All of the UAS incursions identified within the context of this report appeared to be self-piloted without the use of advanced software or GPS mapping tools.

11. (Field Comment) (U) b3 is available for recontact about information in this report.

(b)(6) & (b)(7)(c) mentioned that b3 would have the most information.

(S//NF) (b)(6) & (b)(7)(c) informed (b)(6) & (b)(7)(c) that there was high UAP activity detected over Lake Erie, which was

(b)(6) & (b)(7)(c) b3

asked to be notified if they received any new reports, and that ACI will follow up with Army pilots in the area.

(S//NF)

(b)(6) & (b)(7)(c) b3

(S//NF) (b)(6) & (b)(7)(c) b3 brought up an upcoming joint operation focused on

(b)(6) & (b)(7)(c) b1

(b)(6) & (b)(7)(c) back to Cleveland to receive an operation brief and determine if ACI would like to participate. (b)(6) & (b)(7)(c) told (b)(6) & (b)(7)(c) that he would talk with (b)(6) & (b)(7)(c) about coming for an operation brief.

(S//NF)

(b)(7)(C) (b)(7)(E) b1 b3 b6

(S//NF) (b)(6) & (b)(7)(c) told (b)(6) & (b)(7)(c) that they have received reports from Youngstown State University Army ROTC in the past, and recommended ACI talk with the head of the program. (b)(6) & (b)(7)(c) thanked (b)(6) & (b)(7)(c) for the information, and asked for a good point of contact.

10. (S//NF) REMARKS/CONCERNS/REQUESTS MADE: GLFO requested to be notified of any UAP activity occurring within Ohio or Michigan.

11. (S//NF) PROMISES MADE: (b)(6) & (b)(7)(c) promised to attend a joint operation brief with (b)(6) & (b)(7)(c)

12. (S//NF) NEXT MEETING ARRANGEMENTS: TBD  
Comments: Next meeting will be the operation brief.

1. (S//NF) EXECUTIVE SUMMARY: (S//NF) On 18 May 2023, Mountain West Resident Agency (MWRA) met with b3 b3 to discuss MWRA's intent to leverage Dugway Proving Ground (DPG) b1 to support Unidentified Aerial Phenomenon (UAP) identification during a b3 exercise scheduled from 4 to 16 June 2023 and identify additional areas of mutual collaboration. b3 are both interested in results of b1 in support of this exercise. b3 and MWRA agreed that due to a b1 occurring on b3 b3 in August 2023, this would provide a good venue to congregate resources to support UAP identification efforts. Production: None. Required Follow-Up: Establish a meeting to review results of b1 for June 2023 b3 testing event and establish a monthly working group to plan for collaborative UAP identification efforts in August 2023. Issues: None

3. (U)

(b)(6) & (b)(7)(c)

4. (U)

b3

5. (U)

9. (S//NF) TOPICS/ISSUES DISCUSSED: 1. (S//NF) MWRA initiated the brief to b3 and b3 with an explanation of MWRAs Concept of Operations for Counterintelligence Research Project (CIRP): b1 for two different test events at DPG: b1

b1

b1

Field Exercise occurring in late August. MWRA

explained the tentative plan to leverage b1

to engage with the b6 and assist in utilizing the b1 b3

before, during, and after the test events for the purpose of b1 b3

Due to the limited preparation time for b1 b3 will occur. MWRA

intends on leveraging additional capabilities in support of b1

2. (S//NF) b3 identified they were working to leverage b3 for future UAP identification efforts and were interested in seeing the results of b3 involvement on b3 also identified they would engage with their b3 to identify potential avenues in which FBI could leverage resources to support UAP identification. It was determined the ultimate goal was to identify a way to obtain visual observation of a UAP and then correlate this visual sighting to b1 A correlation of visual identification and b1 would significantly increase the capability to identify and characterize the UAP.

3. (S//NF) b3 discussed their future operational plan for sensitive testing at b3 in August 2023. b1

b3

Due to this exercise occurring directly before b1 b3 recommended a congregation of interagency resources to support both the b3 exercise in mid-August 2023 and the b1 b3 exercise in late August 2023. MWRA recommended the establishment of a monthly planning meeting between b3 MWRA, and any other pertinent partners as identified to develop a plan of exercise for each event. b3 and b3 both agreed this would be a valuable effort. MWRA recommended conducting the first iteration after b1 b3 as MWRA will have a better idea of b1 b3

(U) REPORT NO: (b)(6) & (b)(7)(c)

capabilities after this exercise. The first planning meeting is tentatively scheduled for the end of June 2023.

4. (S//NF) b3 discussed the All-domain Anomaly Resolution Office (AARO) and their coordination with them regarding UAP activities. AARO is the Department of Defense appointed office to investigate UAP incidents. b3 maintains direct communications with AARO regarding UAP identification efforts at the UTTR and recommended MWRA establish a line of communication. MWRA identified they would like to do so in the future.

(b)(1) (b)(3)

identified

they would broker the introduction to AARO at the request of MWRA.

10. (X//XX) REMARKS/CONCERNS/REQUESTS MADE: N/A

11. (X//XX) PROMISES MADE: N/A

12. (S//NF) NEXT MEETING ARRANGEMENTS: TBD

Comments: MWRA will coordinate another joint meeting with b3 and b3 in late June 2023 to discuss the spectrum analyzer findings from b3

8. (U) MEETING PARTICIPANTS: N/A

9. (S//NF) TOPICS/ISSUES DISCUSSED: a. (S//NF) MWRA informed b3 of MWRA's meeting with b3 b6 concurred with MWRA's plan to directly contact b6 during UAP identification operations during the b1 exercise. b3 invited MWRA to an upcoming visit from the b3 occurring on 23 October 2023. The b3 is visiting <sup>(b)(7)(E)</sup>  
b3 to discuss UAP operations in the area. MWRA stated there is a mandatory training week during the visit, so ACIC will not be able to attend. b3 stated in March 2024, the b3 and potentially the <sup>(b)(7)(E)</sup>  
b3 (b)(7)(E) b3 would be doing a proof of concept exercise to identify UAP's in a controlled setting. b3 did not have further information on the matter; however, b3 promised to keep MWRA informed as they gain more fidelity on the exercise.

b. (EUH) MWRA asked if b3 is supporting the 2023 HTSC. b3 stated <sup>(b)(6) & (b)(7)(c)</sup>  
(b)(6) & (b)(7)(c) would be the b3 lead for supporting the conference. b3 are still in very early stages of planning to support HTSC; however agrees to begin coordination for the conference as the Defense Counterintelligence and Security Agency will not be able to provide dedicated support to the conference. MWRA and b3 will schedule a meeting to further discuss support to HTSC in the near future.

c. (EUH) MWRA inquired if b3 had a good point of contact at b3 b3 <sup>(b)(6) & (b)(7)(c)</sup>  
(b)(6) & (b)(7)(c) b3 relationship with SDL and advised MWRA to contact <sup>(b)(6) & (b)(7)(c)</sup>  
(b)(6) & (b)(7)(c) The conversation transitioned to CI support to CDCs within Utah. MWRA deconflicted a recent report from b3 regarding foreign internet protocol addresses pinging b3 has not met with b3 despite having the b3 contracts with the company. b3 agreed MWRA should be IMSAR's primary point of contact and asked to be informed if any reports regarding b3 technologies or contracts be forwarded to b3 mentioned similar cyber related reporting from b3 both companies with Army contracts. b3 will keep MWRA informed of any reporting concerning Army contracts and/or technologies.
