REFER TO: 2014-0039

VIA Email: john@greenewald.com

Dear Mr. Greenewald:

This responds to your Freedom of Information Act (FOIA) request dated October 17, 2013, and received by the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) on that same date, in which you requested “a copy of all “Significant Information Reports” created from 10/1/13 to the date of processing this request”.

In response to your request, we have processed a total of 95 pages of responsive material. We are releasing 95 pages in part.

We are withholding third party information, including the names of ATF personnel, under FOIA Exemption (b)(6). To disclose personal information about a living individual to a member of the public, we would require written consent from the subject individuals. Without written consent, proof of death, or an overriding public interest, personal information is exempt from disclosure under the FOIA. The FOIA does not require agencies to disclose information that would constitute a clearly unwarranted invasion of personal privacy (5 U.S.C. § 552(b)(6)).

We also are withholding third party information, including the name(s) of ATF personnel, under Exemption (b)(7)(C). Exemption (b)(7)(C) permits the withholding of information compiled for law enforcement purposes that “could reasonably be expected to constitute an unwarranted invasion of personal privacy.” The public interest in disclosure is limited to the FOIA’s core purpose of shedding light on an agency’s performance of its statutory duties. The public interest under Exemption (b)(7)(C) must be both significant and compelling in order to overcome the legitimate personal-privacy interests of a third party. In this matter, the disclosure would not serve the core purpose of the FOIA, but rather, the disclosure would serve as an unwarranted invasion of personal privacy (5 U.S.C. § 552(b)(7)(C)).

Lastly, we are withholding certain information pursuant to 5 U.S.C. § 552(b)(7)(F), which permits the withholding of law enforcement-related information “that could reasonably be expected to endanger the life or physical safety of any individual.” This exemption provides broad protection to individuals when disclosing the information could reasonably be expected to endanger an individual’s life or physical safety. This information could reasonably be expected

to be used to target certain explosive manufacturers, users or sellers. Based on this reasoning, ATF has determined that disclosure of this information could reasonably be expected to endanger the life or physical safety of an individual.

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of the FOIA. *See* 5 U.S.C. § 552(c). This response is limited to those records that are subject to the requirements of the FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do, or do not, exist.

You may contact our FOIA Public Liaison, Zina Kornegay, at (202) 648-7390, for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, Room 2510, 8601 Adelphi Road, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

If you are not satisfied with my response to this request, you may administratively appeal by writing to the Director, Office of Information Policy (OIP), United States Department of Justice, 441 G Street, NW, 6th Floor, Washington, D.C. 20530, or you may submit an appeal through OIP's FOIA STAR portal by creating an account following the instructions on OIP's website: <https://www.justice.gov/oip/submit-and-track-request-or-appeal>. Your appeal must be postmarked or electronically transmitted within 90 days of the date of my response to your request. If you submit your appeal by mail, both the letter and the envelope should be clearly marked "Freedom of Information Act Appeal."

Sincerely,

Adam C. Siple
Chief
Information and Privacy Governance Division

Enclosure
