3 JUN 1967

MEMORANDUM FOR: (

SUBJECT : Project' |

1. We are grateful for the report which |
 | made to the |
 | on 13 May 1967, on the status of Project |
 | The guidance of the | was requested by them as |
 | to whether or not there was | justification for |
 | continuing the program and, if so, as to new tasks for |
 | which animal training and systems design should be initiated.

2. It is the view of the | that Project |
 | should be oriented toward developing intelligence |
 | systems rather than | systems. It is our |
 | impression that | understand and |
 | concur in this. We have reflected at length on the more |
 | significant question, namely, what we reasonably can expect |
 | the future usefulness of trained | to be. The |
 | has been forced to conclude that it requires more specific |
 | information than has been available to date before it can |
 | arrive at a firm position in this respect. The information |
 | most needed relates to our capability to guide | over | |
 | a range of at least | Also, |
 | the | would like assurance that | can be trained |
 | to seek out and retrieve a

3. The results of the short-term feasibility tasks, |
 | which | plans to undertake | prior to |
 | 31 October 1967 will be of high interest to the | and,

SEP 1967

412

to a considerable extent, should reveal the potential value of training and maintaining tasks. Meanwhile, she feels that any longer range commitments should be held in abeyance.
