MEMORANDUM FOR THE RECORD

21 November 1951

SUBJECT: Conversations between [Handwritten Redacted] and [Handwritten Redacted]

1. [Handwritten Redacted] met with [Handwritten Redacted], who is a cleared CIA Consultant, at 2:30 p.m., 20 November, to discuss certain aspects of Project Artichoke.

2. [Handwritten Redacted] had previously mentioned this project to [Handwritten Redacted], who is a cleared person who can be most useful in the project because of his position in the [Handwritten Redacted] and his many contacts throughout their affiliated medical research and chemical establishments. As agreed at the last meeting of the Executive Board for Project Artichoke, [Handwritten Redacted] asked [Handwritten Redacted] if he could be of assistance to us in setting up certain research projects. The plan would be to encourage research in the physiological aspects of some of the more promising drugs and other techniques and at the same time train personnel who might later be brought into CIA.

3. [Handwritten Redacted] agreed to assist CIA in this matter and mentioned several activities with which he has a good relationship where such work might be started. He will do some more checking and get in touch with us in a week or two when he has had time to prepare some specific recommendations.

Washington, D.C.

Dear [Name],

Thanks very much for your two letters and for the copy of the Personal Service Contract which was enclosed with the letter of January 10.

I am returning my T/R book herewith and has returned his separately.

I have not had the chance to get to Washington since we last talked but I shall certainly be calling in the first time that I can get down. In the meantime, please pass on to all our best wishes for the New Year and reserve a large slice for yourself.

Most sincerely,

Enclosure - T/R book

Recorded and forwarded to Transportation Division 1/21/52.
MEMORANDUM FOR THE RECORD

21 April 1952

SUBJECT: Conversations with [redacted] re Project Artichoke, 21 April, 1952.

1. [redacted] asked if he had any information on [redacted]. Since [redacted] is now available for full time work with OSI as a cleared consultant, we would like to bring him more fully into the details of Project Artichoke unless there is some objection on the basis of security. He will check and advise.

2. [redacted] briefly briefed [redacted] on medical aspects of Project Artichoke in the conversation of 18 April. [redacted] indicated that a memorandum through [redacted] might be in order, indicating the specific assistance we desire, rather than having each office going its own way. [redacted] concurred fully with [redacted] and will draft the memorandum to be discussed above.

3. A possible change in responsibilities for Project Artichoke was discussed. [redacted] indicated that he would very much prefer some centralized control over all activities rather than having each office going its own way. [redacted] will show [redacted] the Status Report now in preparation on the subject.

MEMORANDUM FOR: Director of Security

FROM: Acting Deputy Assistant Director for Scientific Intelligence

SUBJECT: Retention of as a Consultant for Project "ANTICHOKE"

1. was carried on the records of this office as a WOC consultant from December 1951 through June 1953. However, this office did not request his contract be renewed for FY 1954 because experience had demonstrated we had not used his services.

2. Inasmuch as appointment was for the purpose of performing work under Project "ANTICHOKE," which is now under your auspices, it is believed that he should be carried on the rolls of your office unless, of course, he is no longer being used under this project.

3. In the event your office should desire to reinstate as a WOC consultant, we shall be glad to assist in any way. Records are in the possession of the Administrative Branch, General Services Staff, FBI, and can be obtained by contacting on extension.
