SUMMARY

To get to Higgins present location, one must travel up a narrow, one-lane, gravel road cut into the side of a dark gray, rock cliff. See sketch at Page 5. Located at the top of the cliff and adjacent to the road, is a large, old building. See sketch at Page 6. Higgins is located in a windowless, dirty room, on the ground floor of this building.

Although he appears exhausted and dirty, his mental condition appears to have improved somewhat. I perceive him eating some sort of cold, slimy noodle fish, in semi-darkness at this time.
