A. SHANGHAI MAYOR ANNOUNCES HIGH-TECH PARK EXPANSION PLANS AT PACIFIC ECONOMIC COOPERATION CONFERENCE (CHINA DAILY - CD, 20 & 27 OCT). OVER 100 REPRESENTATIVES FROM 16 COUNTRIES ATTENDED THIS CONFERENCE, HELD IN SHANGHAI, //GEOCOORDS: 3114N/12128E// ON DEVELOPMENT OF SCIENCE & TECHNOLOGY (S&T) INDUSTRIAL ZONES. MAYOR ((HUANG)) JU ANNOUNCED PLANS TO BUILD AN 8 SQUARE KILOMETER (KM) BEICAI ZHANGJIANG HIGH-TECH INDUSTRIAL DEVELOPMENT ZONE (DZ) IN THE CITY'S NEW PUDONG AREA. THE MAYOR CLAIMED THE DZ, WHICH WOULD SPECIALIZE IN MODERN INFORMATION TECHNOLOGY AND NEW MATERIALS, WOULD BE MODELLED ON SHANGHAI'S EXISTING CAOHEJING HIGH-TECH INDUSTRIAL DZ. THE CITY ALSO HAS PLANS TO EXPAND CAOHEJING, LOCATED SOUTHWEST OF THE CITY CENTER, FROM ITS CURRENT 1.7 KM SQUARE AREA TO 5 KMS-SQUARE DURING THE 8TH FIVE YEAR PLAN (FYP). CAOHEJING WAS SET UP IN 1985 AND ACHIEVED A TOTAL OUTPUT VALUE OF USD 400 MILLION IN 1990. IT HAS A GOAL OF ACHIEVING OUTPUT OF OVER USD 2 BILLION BY THE YEAR 2000. 18 FOREIGN-OWNED ENTERPRISES IN THE ZONE REACHED 103.57 MILLION YUAN IN OUTPUT DURING THE FIRST HALF OF 1991; WITH PROFITS REACHING 30.9 MILLION YUAN. THIS IS AN INCREASE OF 330 PERCENT IN PROFITS OVER THE FIRST 6 MONTHS OF 1990.

B. STATE S&T COMMISSION (SSTC) "TORCH PROGRAM OFFICE" REPORTS RAPID PROGRESS IN RECENTLY ESTABLISHED HIGH-TECH DZ'S (CD, 22 AND 23 OCT). THE SSTC OFFICE CLAIMS THE BEIJING'S "3-LEGGED POLICY" OF ESTABLISHING FIVE SPECIAL ECONOMIC ZONES (SEZ), 14 COASTAL ECONOMIC AND TECHNOLOGICAL DZ'S, AND 27 STATE-LEVEL HIGH-TECH INDUSTRIAL DZ'S, IS HAVING THE DESIRED AFFECT OF PROMOTING ECONOMIC DEVELOPMENT. THE BEIJING HIGH-TECH DZ HAS ACHIEVED A 40 PERCENT ANNUAL GROWTH IN TOTAL OUTPUT SINCE IT WAS FOUNDED IN 1988. THE EIGHT HIGH-TECH INDUSTRIAL DZ'S IN EAST CHINA ACHIEVED AN OVERALL TOTAL OUTPUT VALUE OF OVER 20 BILLION YUAN IN 1990. SSTC HAS DETECTED SOME PROBLEMS IN ZONE DEVELOPMENT DUE

UNCLASSIFIED

TO LACK OF INVESTMENT FUNDS, SHORTAGES OF TALENTED S&T PERSONNEL, AND EXCESSIVE RED TAPE. HOWEVER, THE ZONES HAVE ENCOURAGED FOREIGN INVESTMENT AND INCREASED HIGH-TECH EXPORTS WHILE IMPROVING GENERAL ECONOMIC EFFICIENCY. (NOTE -- SEE ALSO 1-15 OCT 91 DSTI REPORT.)

-
C. SHENYANG DONGBEI MICROELECTRONICS RESEARCH INSTITUTE (RI) SETS UP LARGE-SCALE INTEGRATED CIRCUIT (LSIC) TEST BASE (NEW CHINA NEWS AGENCY - NCNA, 26 OCT). THE RI SET UP THIS PILOT RESEARCH AND DEVELOPMENT (R&D) CENTER TO DEVELOP A PRODUCTION LINE FOR 2.5 MICRON CHIPS; AND TO CONDUCT EXTENSIVE R&D IN 1.5 MICRON LSIC'S. THE 44.5 MILLION YUAN PROJECT POSSESSES CHINA'S MOST ADVANCED FACILITIES, INCLUDING HIGH-PURITY WATER AND SUPERPURE AERODYNAMIC STATIONS. THE BASE PASSED STATE-LEVEL TECHNICAL EVALUATION TESTS ON 26 SEP AND WENT INTO FULL OPERATION.

3. DSTI FINANCE AND MANAGEMENT

A. CHINA'S ECONOMIC EXPERTS NOT SATISFIED WITH REFORM MEASURES ENACTED AT HIGH-LEVEL COMMUNIST PARTY MEETING (CD, 16, 17, 21, 26 & 28 OCT; SOUTH CHINA MORNING POST - SCMP, 22 OCT). RESEARCHERS FROM THE CHINESE ACADEMY OF SOCIAL SCIENCES HAVE SUGGESTED THAT THE 12 REFORM MEASURES ADOPTED BY PARTY LEADERS IN SEP WILL NOT RESCUE CHINA'S FAILING STATE-RUN ENTERPRISES UNLESS THEY ARE ALLOWED MANAGEMENT AUTONOMY, OPEN TO THE OUTSIDE WORLD, AND CARRY OUT VIGOROUS TECHNICAL TRANSFORMATION. THEY HAVE CRITICISED CURRENT ENTERPRISE MANAGERS FOR CONTINUING TO MEASURE SUCCESS OF THEIR FACTORIES BASED ON TOTAL PRODUCTION OUTPUT RATHER THAN ON EFFICIENCY AND PROFITABILITY. THEY NOTE THAT INDUSTRIAL LEADERS HAVE PROUDLY POINTED TO ROBUST PRODUCTION GROWTH IN THE 3RD QUARTER 1991 AS AN INDICATOR THAT CHINA IS RECOVERING FROM THE AUSTERITY PROGRAM BEGUN IN 1988. PRODUCTION GROWTH DID INCREASE 13.4 PERCENT IN JUL, 14.6 PERCENT IN AUG, AND 14.9 PERCENT IN SEP; HOWEVER, UNSOLD INVENTORIES INCREASED 17 PERCENT DURING THE PERIOD AND WERE VALUED AT 133 BILLION YUAN BY THE END OF JUL. THE STATE COUNCIL DESIGNATED 1991 AS THE "YEAR OF EFFICIENCY, QUALITY, AND VARIETY"; YET, THE YEAR IS ALMOST OVER AND ENTERPRISE MANAGERS ARE STILL STRESSING HIGH PRODUCTION AND IGNORING THE NEED FOR ECONOMIC EFFICIENCY. THE 36 PERCENT OF STATE-RUN FACTORIES LOSING MONEY, AND THE 33 PERCENT ONLY BREAKING EVEN WILL NOT RECOVER UNTIL THEIR MANAGERS BEGIN EMPHASIZING QUALITY OVER QUANTITY. PARTY LEADER ((JIANG)) ZEMIN ALSO POINTED TO THE NEED FOR STATE-RUN INDUSTRY TO ACCELERATE MANAGEMENT REFORM AND SEEK FOREIGN TECHNOLOGICAL ASSISTANCE WHILE CONDUCTING AN INSPECTION OF GOVERNMENT ENTERPRISES IN ZHEJIANG PROVINCE. THE STATE PLANNING COMMISSION (SPC) HAS

PAGE:0007

INITIATED SEVERAL STEPS TO COME TO GRIP WITH THE GROWING NUMBER OF LOSS-MAKING STATE ENTERPRISES. IT HAS ASKED PROVINCIAL GOVERNMENTS TO SELECT A MINIMUM OF 12 INEFFICIENT ENTERPRISES TO BE CLOSED DOWN OR ALMAGAMATED WITH EFFICIENT UNITS DURING 1991. THE LOSS-MAKING FIRMS WILL NOT BE DECLARED BANKRUPT AND WORKERS WILL BE GUARANTEED 70 PERCENT OF THEIR WAGES UNTIL NEW WORK IS FOUND FOR THEM. THE SPC IS ALSO ENCOURAGING THE FORMATION OF ADDITIONAL ENTERPRISE "CONGLOMERATES" TO ABSORB LESS-EFFICIENT FACTORIES. CHINA ALREADY HAS 55 OF THESE LARGE INDUSTRIAL GROUPS, AND THE SPC WOULD LIKE TO INCREASE THAT NUMBER TO OVER 100 IN THE NEXT FEW YEARS. (NOTE -- SEE ALSO 1-15 OCT 91 DSTI REPORT.)

B. DIRECTOR OF CHINESE ACADEMY OF SCIENCE (CAS) CALLS ON RESEARCH ORGANS TO ENCOURAGE YOUNG SCIENTISTS AND LEARN FROM WEST (S&T DAILY - STD, 16 OCT; CD 18 OCT; SCMP, 25 OCT). PROFESSOR ((ZHOU)) GUANGZHAO, SPEAKING AT CEREMONIES AT THE CHINESE UNIVERSITY OF HONG KONG, URGED CHINA'S MORE THAN 5,000 RI'S TO ENCOURAGE YOUNG SCIENTISTS TO CONTRIBUTE TO CHINA'S S&T ADVANCEMENT. ZHOU POINTED TO THE NEED FOR THESE INTELLECTUALS TO BE PROVIDED WITH ADEQUATE WORK, STUDY, AND LIVING CONDITIONS; AND FOR THEIR TALENTS TO BE DEVELOPED THROUGH A COMPETITIVE SYSTEM. THE CAS DIRECTOR IDENTIFIED THE NEED FOR THE STATE TO PROVIDE THESE RI'S WITH MORE FREEDOM AND FUNDING TO ENCOURAGE THEM TO SEEK GREATER TECHNOLOGICAL ASSISTANCE FROM THE WEST. (NOTE -- SEE ALSO 16-30 SEP 91 DSTI REPORT.)

C. HENAN AND SHAANXI PROVINCES HIGHLIGHT EFFORTS OF THEIR DSTI SECTORS TO PRODUCE CIVILIAN GOODS (ZHENGZHOU RADIO, 20 OCT, PEOPLE'S DAILY - PD, 23 AND 30 OCT). SHAANXI PROVINCE LEADERS CLAIM THAT LOCAL DEFENSE FACTORIES ARE NOW ABLE TO PRODUCE OVER 600 DIFFERENT CIVILIAN COMMODITIES, INCLUDING THE Y-7 AIRCRAFT. THE PERCENTAGE OF TOTAL PRODUCTION DEDICATED TO CIVILIAN GOODS HAS RISEN FROM 31 PERCENT IN 1985 TO 73.8 PERCENT IN 1990. THE PROVINCE HAS SET THE GOAL OF RAISING THAT PERCENTAGE TO 80 BY THE END OF THE 8TH FYP. HENAN PROVINCE NOTED THAT, DURING THE 7TH FYP, ITS DSTI SECTOR HAD INVESTED 200 MILLION YUAN IN CONVERTING MORE THAN 30 MILITARY PRODUCTION LINES TO CIVILIAN PRODUCTS. COMMISSION ON SCIENCE, TECHNOLOGY, AND INDUSTRY FOR NATIONAL DEFENSE (COSTIND) ALSO REPORTED THAT, DURING THE 7TH FYP, THE ENTIRE DSTI SECTOR HAD CARRIED OUT 1,195 MILITARY-TO-CIVILIAN PRODUCTION LINE CONVERSIONS, ADDING 2.1 BILLION YUAN TO THE INDUSTRY'S TOTAL ANNUAL OUTPUT VALUE.

D. BEIJING HOSTS INTERNATIONAL CONFERENCE ON COOPERATION IN PEACEFUL USE OF MILITARY-INDUSTRIAL TECHNOLOGY (STD, 23 OCT; LIBERATION ARMY DAILY - LAD,

UNCLASSIFIED

23 AND 28 OCT). THE 4-DAY CONFERENCE WAS SPONSORED BY THE UN CENTER FOR S&T DEVELOPMENT AND COSTIND FROM 22 TO 25 OCT. COSTIND VICE MINISTER, MAJOR GENERAL ((HUAI)) GUOMO (STC - 2037/0948/2875), TOLD THE MORE THAN 100 INTERNATIONAL AND CHINESE DELEGATES THAT CHINA HAD INVESTED OVER 3 BILLION YUAN DURING THE 7TH FYP PERIOD CONVERTING 299 MILITARY COMPLEXES INTO PRODUCERS OF CIVILIAN GOODS. DURING 1990, 65 PERCENT OF DSTI SECTOR PRODUCTION WAS IN CIVILIAN PRODUCTS. COSTIND HAS ENCOUNTERED SOME PROBLEMS IN MAKING FURTHER CONVERSIONS TO CIVILIAN PRODUCTION DUE TO CHINA'S INFLEXIBLE ECONOMIC STRUCTURE, SHORTAGES OF FUNDS, AND INEFFICIENT ENTERPRISE MANAGEMENT. CHINA WAS ANXIOUS TO COOPERATE WITH FOREIGN COUNTRIES TO PRODUCE CIVILIAN AIRCRAFT, SATELLITES, NUCLEAR POWER STATIONS, MARITIME VESSELS, AND APPLIED ELECTRONIC PRODUCTS.

-
E. CAS SCIENTISTS PREPARE REPORT PROJECTING CHINA'S LONG-TERM DEVELOPMENT, ENTITLED "SURVIVAL AND DEVELOPMENT" (CD, 25 OCT). THE 213-PAGE REPORT QUOTES CAS PRESIDENT, ZHOU GUANGZHAO, AS DESCRIBING CHINA IN A CRUCIAL STAGE IN ITS HISTORY. CHINA'S CONTINUING HIGH POPULATION GROWTH HAS CREATED RESOURCE SHORTAGES AND A DETERIORATING ECOLOGY. THE COUNTRY HAS FEW CHOICES IN ITS MAJOR POLICY DECISIONS AND THERE IS LITTLE ROOM FOR ERROR. CHINA MUST CONTINUE WITH ITS ARDUOUS STRUGGLE TOWARDS MODERNIZATION AND ECONOMIC REFORM WITH MORE EMPHASIS ON S&T AND THE ENVIRONMENT.

-
F. COMMUNIST PARTY PROPAGANDA OFFICE DIRECTS MEDIA TO PROMOTE S&T ACCOMPLISHMENTS AND CURB LEFTIST INDOCTRINATION (CHINA NEWS SERVICE - CNS, 29 OCT). PARTY SECRETARY JIANG ZEMIN AND OTHER KEY REFORM-ORIENTED LEADERS HAVE DIRECTED RADIO, TV, NEWSPAPERS, AND MAGAZINES TO DEVOTE MORE SPACE TO PROMOTING CHINA'S EFFORTS AT S&T DEVELOPMENT, WHILE PLAYING DOWN ARTICLES ON CLASS STRUGGLE AND POLITICAL RECTITUDE. RECENTLY, PD EDITOR ((GAO)) DI DIRECTED WRITERS TO GIVE HEAVY COVERAGE TO THE SUCCESS OF CHINA'S FIRE BRIGADES IN PUTTING OUT OIL WELL FIRES IN KUWAIT, STRESSING THE FIRE FIGHTERS' USE OF ADVANCED TECHNOLOGIES IN PUTTING OUT THESE FIERCE FIRES. THE MEDIA FREQUENTLY REFERS TO PATRIARCH ((DENG)) XIAOPING'S DESCRIPTION OF S&T AS CHINA'S "PREMIER PRODUCTION FORCE" IN THESE S&T ARTICLES.

-

G. CHINA'S FIRST FULLY-AUTOMATED ROBOT ASSEMBLY LINE SET UP IN FOSHAN //GEOCOORDS: 2302N/11307E// HUAYING ELECTRIC FAN FACTORY (HONG KONG TA KUNG PAO - TKP, 30 OCT). THE FACTORY HAS INSTALLED THREE PRODUCTION LINES OPERATED BY ROBOTS. EACH LINE IS 20 METERS (M) LONG, HAS 14 WORK STATIONS AND IS CONTROLLED BY FIVE ROBOTS. THE ASSEMBLY LINES WERE DEVELOPED BY THE SOUTH CHINA SCIENCE AND ENGINEERING RI. THE STATE "863 PROGRAM" HIGH-TECH PLANNING COMMITTEE CHOSE THE GUANGDONG PROVINCE FACTORY TO TRIAL TEST THE ROBOT ASSEMBLY LINES. THE FIRST ASSEMBLY LINE, WHICH WILL REDUCE MANPOWER REQUIREMENTS BY 60 PERCENT, WILL BEGIN TRIAL OPERATION IN FEB 92.

H. BEIJING GEOTECHNICAL RI AND ZHEJIANG UNIVERSITY DEVELOP GEOTECHNICAL INFORMATION SYSTEM (STD, 30 OCT). THE SYSTEM CAN RAPIDLY RETRIEVE THOUSANDS OF DATA ITEMS AND PRODUCE COMPUTER-AIDED DESIGNS. COMMENTS: 1. (SOURCE COMMENTS) PROMINENT CHINESE ECONOMISTS HAVE BEEN OPENLY CRITICAL OF THE 12 REFORM MEASURES ENACTED DURING THE RECENT COMMUNIST PARTY MEETING TO DECIDE HOW TO REINVIGORATE CHINA'S LOSS-MAKING STATE ENTERPRISES (SEE PARA 3A OF SUBJECT REPORT). RESEARCHERS FROM THE CHINESE ACADEMY OF SOCIAL SCIENCES HAVE WARNED THAT THE REFORM MEASURES, WHICH PRIMARILY INVOLVE RENEWED CALLS FOR STATE-RUN ENTERPRISES TO RENOVATE THEIR PRODUCTION LINES AND PRODUCT MIX AND IMPROVE THEIR MANAGEMENT, WILL HAVE NO PRACTICAL EFFECT IF THESE ENTERPRISES ARE NOT GIVEN MANAGEMENT AUTONOMY AND ENCOURAGED TO IMPORT FOREIGN PRODUCTION TECHNOLOGY AND REFORM THEIR MANAGEMENT. THE ECONOMISTS ARE MOST CONCERNED BECAUSE THE PARTY CONTINUES TO MEASURE ENTERPRISE SUCCESS BASED ON PRODUCTION OUTPUT RATHER THAN PROFITS EARNED AND TAXES PAID. BECAUSE STATE INDUSTRIES ARE ALLOWED TO CONTINUE TO PRODUCE HUGE QUANTITIES OF OBSOLETE UNWANTED GOODS, THE CAMPAIGN TO MAKE 1991 THE "YEAR OF EFFICIENCY, QUALITY, AND VARIETY" HAS FAILED COMPLETELY. INDUSTRY LEADERS HAVE NOT PRESSED FOR IMPROVED QUALITY PRODUCTS OR A REVITALIZED PRODUCT MIX; IN FACT THEY HAVE CONTINUED TO BRAG ABOUT RECENT GROWTH IN TOTAL OUTPUT VALUE WHILE NATIONAL STOCKPILES HAVE ALSO CONTINUED TO

UNCLASSIFIED

GROW AT AN ALARMING RATE.

2. THE STRATEGIC MISSILE FORCE SEEMS TO HAVE DEVELOPED A MEASURE OF SENSITIVITY ABOUT THE LEVEL OF POLLUTION ITS MISSILE AND NUCLEAR WARHEAD SITES MAY BE CAUSING TO THEIR IMMEDIATE ENVIRONMENTS. THE SECOND ARTILLERY HAS REPORTED DEVELOPMENT OF A NEW ENVIRONMENTAL MONITORING VEHICLE WHICH CAN QUICKLY DETECT AND EVALUATE POLLUTION CAUSED IN THE STORAGE AND EMPLOYMENT OF STRATEGIC MISSILES AND NUCLEAR WEAPONS (PARA 11B). THE 1-15 OCT 91 DSTI REPORT CONTAINS AN ITEM (PARA 11F) ON THE DEVELOPMENT OF A PURIFIER TO BE ATTACHED TO LIQUID PROPELLANT TANKERS ADDING FUEL TO STRATEGIC ROCKETS STORED IN MISSILE SILOS. THE PURIFIER WAS DEVELOPED TO INCREASE SAFETY TO CREWS INVOLVED IN SERVICING THE MISSILES AND TO REDUCE POLLUTION AROUND THE SITES. USUALLY SUCH DEVELOPMENTS ARE INSPIRED BY SERIOUS ACCIDENTS AT THE SITES LEADING TO SIGNIFICANT LOSS OF LIFE OR PERSONNEL INJURIES. HOWEVER, NO SUCH ACCIDENTS HAVE BEEN REPORTED IN RECENT YEARS.

3. AN STD COMMENTARY ON NAVAL MODERNIZATION HAS INTIMATED THAT THE PLA NAVY WILL UNDERGO A REORGANIZATION TO "SHORTEN THE BATTLE LINE" (PARA 11E). THIS IMPLIES THAT THE SIZE OF THE FORCE WILL BE REDUCED TO FACILITATE MODERNIZATION OF THE REMAINING COMPONENTS. THERE HAVE BEEN RUMORS OVER THE PAST 3 YEARS THAT THE PLA WILL UNDERGO A 600,000 TO 750,000 MAN CUT FROM ITS CURRENT 3.2 MILLION STRENGTH TO RELEASE ADDITIONAL FUNDS FOR FORCE MODERNIZATION. SINCE THE NAVY'S STRENGTH IS ALREADY LESS THAN 500,000, THE CUTS IN PERSONNEL CANNOT BE GREAT; HOWEVER, THE NAVY COULD AFFORD TO GIVE UP A LARGE NUMBER OF ITS OBSOLETE "BROWN WATER" ELEMENTS SUCH AS PATROL BOATS AND CONVENTIONAL SUBMARINES. THE NAVY HAS ALWAYS PLAYED A VANGUARD ROLE IN WEAPONS AND EQUIPMENT MODERNIZATION AND WILL CONTINUE TO MAINTAIN ITS POSITION BY MOST EFFICIENT USE OF THE FUNDS AND RESOURCES ALLOCATED TO IT.
