SG1A

+4 very dark — sort of a line, NEAR mts (URALS) NEAR southern end west side. Almost in straight line, not quite, last dot farther away than other two, by twice as much distance.

Low & right of large city

+6 ✓ Upper left, southern URALS
 +7 ✓ one in mts the one we are looking for
 Doesn't look like it is very well cleared out yet — desolate, unpopulated area

+10 Something else interests me, twice as far as that one — distance over by Vladivostok
