		PROJECT MANAGER COMMENTS:	Purpose of this project was to help describe and eventually locate agent in question. The fact that the reports conflict with one another really doesn't matter. What we need is for each report to be evaluated on its own merits. This has not been done. Individual points must be evaluated or, at minimum, comment made that certain point cannot be confirmed or denied.

Target 8104 (Bank Account Number). Three Reports.

The three physical descriptions from the three reports conflicted seriously with one another. None of these matched the age of the target. Generally, the reports were vague and did not provide information which was of value to us.
