SUMMARY OF INFORMATION

Site is inside in a structure that is cold and made of brick or stone. It is dark and long. The ceiling is high and has an unusual shape. The structure was empty and the temperature outside was the same as the temperature inside. See sketches for more detail. (At this point imagination kicked in and tried to turn the site into a tunnel or subway and session was terminated.) *100*

SUMMARY OF INFORMATION

There is no activity at the site: it is quiet, still and cold. The site made me very unsettled by its quiet creepiness.
