SUMMARY OF INFORMATION

During this session, I could see a structure that was low to the ground. The structure was rounded on the top. The structure did not have other structures near it.

The overall area was isolated and the temperature was rather cool. There were large trees and leaves in the area.

I then could see an object that had energy spreading out from it. The energy may have been light.

I was then in an area that was rounded and portioned off into sections. Some people were here. They were dressed casually.

There was something that was over flowing or flooding. The letters or word "E Z" phonetically surfaced.
