SUMMARY OF INFORMATION

The target is in a wooded area with trees, green vegetation, rocks, and curved asphalt pathways. This is some sort of landing (higher and lower levels) close to the edge. A small water body, flowers, birds, and nesting are at the site. Things are floating on the water. Boards are crissed crossed and a round object with a metallic dome center (the size of a wheel) is present. This site is calm and leisurely, with an outdoors feeling.
