5/2/2 sense that much stuff is aboard, vessel is in way
to get directly where it's going at low as it's
(415) in international space.

5/4/2 Sense that activities are low level, dark
"like" in a hold or under area where things
are stored or buried. Further sense that no
great pains are taken to conceal it, as if
the people know it they are stopped, it was
going to be found anyway. It's out of the
way, hidden from casual view, but
still detectable.

AK's like maybe transfer Surenbuser.

S4/2 Impression of being ^{well} off East Coast, near some
Islands where it doesn't cut, ~~but~~ except as
a point of reference. When it waits and
someone comes & gets the stuff. It's
somewhat to the so. of base of these Islands
