SUMMARY OF INFORMATION

Acts of terrorism are being planned against the target building. Within this context ^{all} ~~arise~~ the perceptions of retaliation, confrontation, crime, and third world countries (not further defined). Several people and groups appear involved in the preparation and perpetration of "taking hostages", "taking over the building" as a means or pretext to request and obtain the release of "their own" as prisoners.

The target building is some sort of plant, like Westinghouse, with the added characteristic that "several countries are involved here."
