SUMMARY OF INFORMATION

Target is a facility which appears to be in a built up area. The major building I perceived was one which was large and expansive inside. There were a number of objects inside the building sitting on a storage table. These objects were ceramic -- dark brown ceramic and had metal or another color ceramic jackets. The objects were constructed to serve or look like electrical insulators (a very large type). Inside the objects there was an irritating substance -- loosely packed, granular, which stung my eyes and irritated my nose and throat.

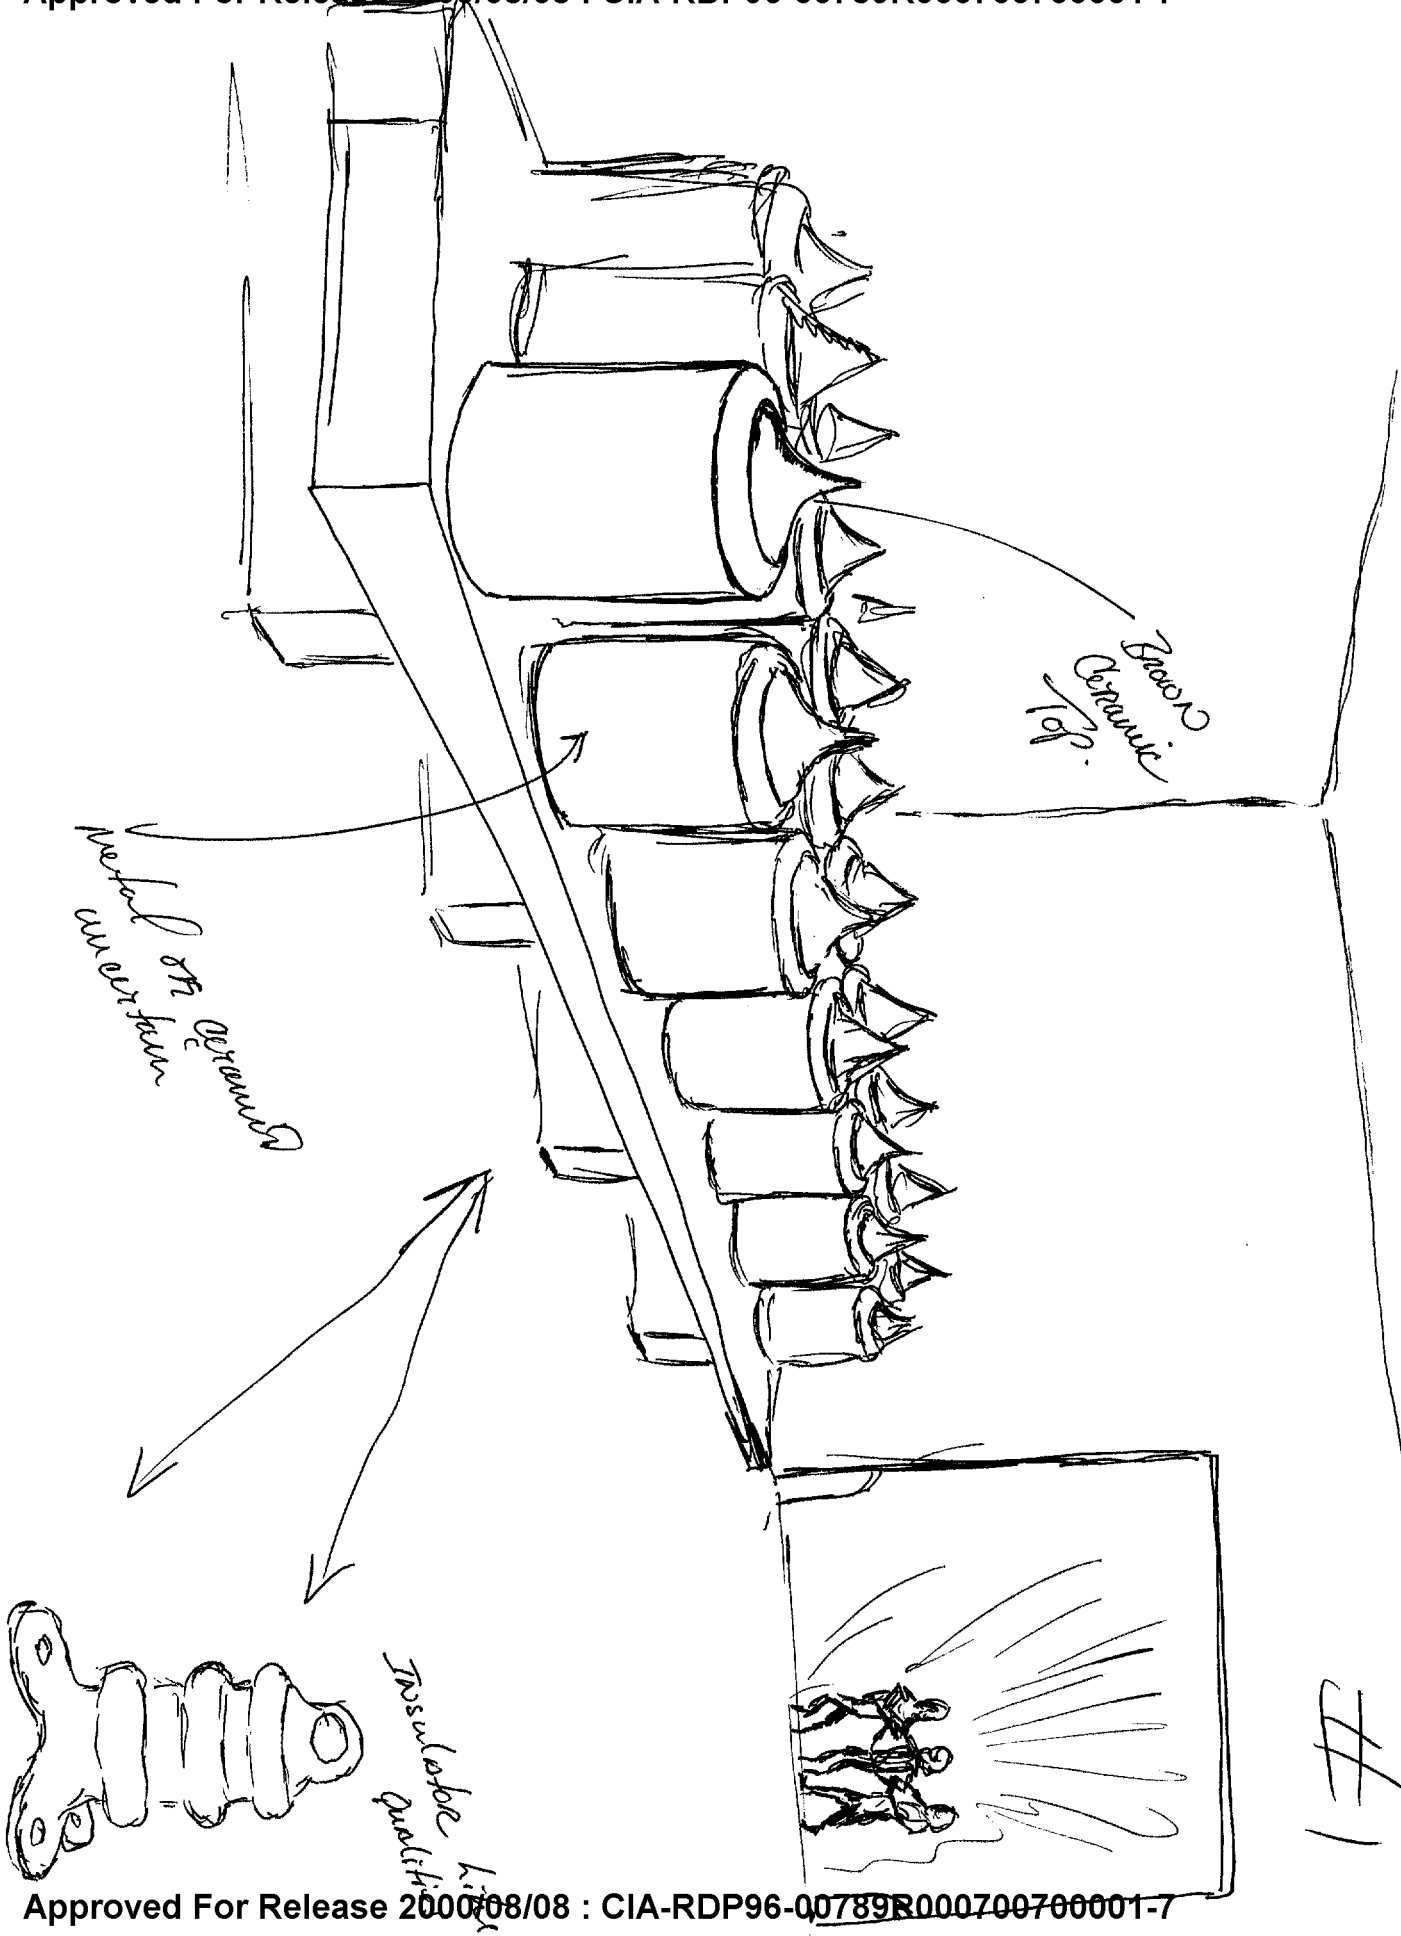

I saw trucks arriving at the building, backing up to it and others pulling away. The trucks were dusty -- and the area was hot and dry.

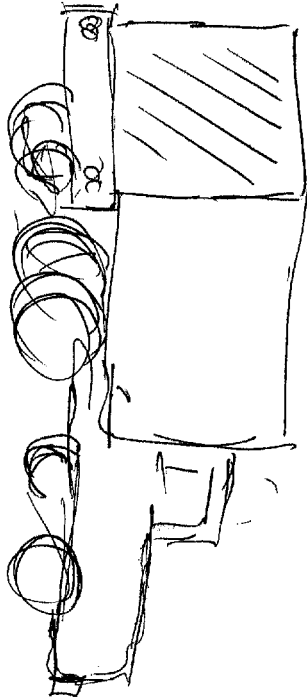

While inside the large building I saw through the large front door (which was open) objects passing quickly by. These objects moved too quickly for me to pin down what they were (see sketch #3).

I also saw someone being dragged into the large building by two men. The light was at their backs and they were difficult to make out. The one in the center (see sketch #1) was definitely not wanting to be there. The others were following orders by bringing him here.

TASKER

1. PROJECT: 8927.
2. ENCRYPTED COORDINATES: 764313/316913.
3. BACKGROUND: The Encrypted Coordinates represent a geographical location of specific intelligence interest.
4. ESSENTIAL ELEMENTS OF INFORMATION:
 - a. Describe ^{an activity} ~~the nature~~ of specific intelligence interest at the location represented by the Encrypted Coordinates 764313/316913.
 - b. Describe the immediate target surroundings.
 - c. Access and describe the people directly associated with the target.

Provide your conceptual representations in the form of sketches in support of your findings.
