1. The phonetics "KARR SOHNN" were associated with the true name of the person associated with the call sign [REDACTED]
2. The vessel associated with the call sign is not a ship but is a plane. It's purpose is normally as a charter/cargo plane. With the original seating it sat over 25. The seats were small and crowded and arranged 4 across with a less than 18 inch aisle in down the center. The last seat goes all the way across the width of the plane and is like a bench seat. The exterior of the plane is white there is a dark blue horizontal stripe across the tail. Phonetically the name of the charter ends in "ANN TEEL YOS." The plane was reminiscent of the old DC-3 only faster, chubbier. It didn't feel american made.

4. Currently there are no drugs on board but in the near future it will be transporting contraband to Eluthera Is. in the Bahamas.
