Session: 01

SUMMARY OF INFORMATION:

The contraband is located at 120955N/715650W, 121255N/715115W and at least eight other locations. The surroundings of the first area has water sounds and a bright diagonal which is like a waterfall. There does not seem to be a structure here, only a female person.

There is another area that has a structure, land and water. The structure is something like a warehouse. There is a greenish glow and a very bad smell in this area. The smell makes me queasy. There are long, tall, verticals, and many rifles. The contraband seems to be outside of this structure or leaning up against it. It has a dry taste. I do not think it is cocaine.
