Summary of Information

converging on each other.

At the time of ^{interest} 1

Three vessels were perceived. The primary one is mostly white, sleek, well-kept, has a feeling of newness about it, and is reminiscent of a very expensive yacht. ^{← contains 7-8 people}

These ^{SG18} descriptions are associated, in some way, with [REDACTED]. This "yacht-like" vessel has its name in an arched manner across the back. The letters are golden color; block-like. The name contains 6 or 7 letters. The letters appear to be:

CANTIS

CANDICE

CANTI _____

KANTI _____

Another word, beginning or containing the letters "M", "O" is present. The term "REY" ² letters K, E, Y are associated in

some way with this vessel.

This vessel is in radio contact with a second vessel. The characters "4" & "7" occur during this procedure.

Two or three vessels, including the ~~aford~~ aforementioned boat, converge together. One of the other vessels is a large commercial ~~vessel~~ ship with a dark hull & white superstructure. It has light colored lettering and is reminiscent of a small tanker. It has a narrow "bridge" and has pole-like objects projecting from the deck.

The words associated with this vessel ~~are~~ is CANUSO or CANOSO or CANTOSA.

There are small, high speed 1-2 person craft traveling between the "tanker-like" ship & the first vessel. These craft appear to be speeding towards the third vessel from

the sea. There is an extremely rusty or

violent feeling associated with the first vessel.
~~The~~ At the time of interest, all of
this activity occurred. There is a ^{strong} presence
of contraband on the first vessel ⁽⁵⁰⁾ and
a lesser amount on the 3d vessel.

The movement of contraband was from 2d vessel
(freighter) to
