WORKING PAPER

Project: 6047  
Date: 891215  
Time: 1400-1449  
Viewer: 018  
Session: 01

SUMMARY OF INFORMATION:

1. (S/NF/SK) Describe the content of the structure: I repeated approached the structure, but could never go into it. From the outside, it is a tall, long, rectangular, grey building whose sides are not vertically aligned ("jutting-out places"). It appeared to have structural portions which looked like columns, but I could only find these on one side of the building. It has lots of windows. It is located amid other tall structures, in close proximity to them.
2. (S/NF/SK) Describe the principal activity at the structure: This EEI was not addressed in this session.
