SUMMARY OF INFORMATION

During this session, I could see a large statue of a man that had dark black hair and bushy eyebrows. It reminded me of Abraham Lincoln.

I felt that I was outdoors and that there were big rocks / cliffs surrounding me. I then could see a man that was standing on a big rock and it looked as though he was going to dive off of it.

I could see small objects that looked like upside umbrellas. I then could see a blue and yellow round emblem. I could see the letters o, o, and k. *There were some things...*

The overall area was spacious. It was warm and breezy. It looked as though it could have been an area where people come to do physical fitness.

I had a nautical feeling.

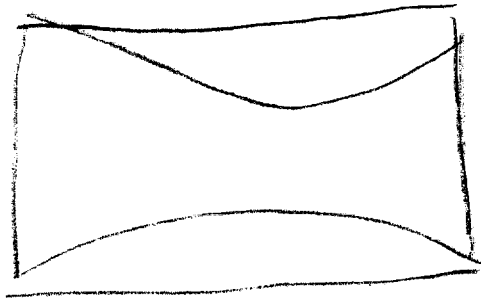

I then felt that I was inside a structure. It was old and dusty. It was a long staircase. I could see old objects. I could see vases on stands. This structure may be a very old house serving as a museum.

The name "Gloria/Gluria" phonetically surfaced.
