One important building at the site is several stories, tall, wide, massive, ~~erected~~, surrounded, landscaped, secluded, confidential, feels "like a headquarter;" contains various categories of people who in general are circumspert, sequestered, + have hidden agendas, + are to some degree amoral; these categories of people include service providers, intermediaries, and couriers, who are the most important. A clandestine feel seems to be present.

Controlling  
topics  
enumerations?

Building is a ~~controlling~~ central ~~controlling~~  
point for a worldwide network of operatives which is ~~control~~  
very sensitive. Operatives collect information ~~in a~~ variety of  
facsim topics ~~by means of~~ using electronic equipment + computers.
