→ Travel back now to the period 7-22 Mar 84. Move to the road and at the road move specifically to day 9, 15 Mar 84 and describe your perceptions

★ Dark, cold, rough country, rocky, snow, ice under shadows, light, bright night, people in hills, very bright night, moving down the road. It's around midnight, no traffic, moving forward, 0200 ---- some activity at ends of road - nothing on the road. - 0300 ---- 0400 ---- camp fires off the road - they are in the vicinity of the two sites - been there all night - 0500 ---- 0600 ---- some light now ---- 0700 ---- large vehicles, airborne in air, clumsy looking, very large, perhaps twin rotors, very, very, big

→ Helicopters

★ YES, helicopters, very very big - some traffic now - groups of 3, 4, 5 vehicles, these groups have a definite place to go. Going from site 7 but not headed for site 2. They are just going down the road. Site I some slow traffic - some civilian, some military. 0800 ---- about the same as earlier. 0900 ---- some activity in the hills, not much traffic.

→ Describe the hill activity

★ Robes, runny noses, bearded, rifles, robes over wool pants, very cold. Two feelings. (1) about 6 people all men (2) about 30 people but further back. They're in a little place, rocks all around, sandy area. They can see the road. Looking at site I - actually the road not actually site I. Very windy

→ Are you back on the road

★ 0900 ---- YES ---- I'm on the road. Large trucks

3

Two types, 1st type convan cover going back. most of the truck. 2nd type like an old Beacon moving vans no springs, moving towards site 2 1000 --- 1100 --- Buzzing sounds. There has been a change in the sounds. Now a humming. ~~TH~~

→ Tell me about the change of sounds

★ change in volume and pitch. The people in the (1340 HRS) road notice it also

(1340) → SUBJECT has cramp in right hand

→ I'll CUE YOU when you relax. Let me know when you are ready.

(1353 HRS)
 → WE ARE BACK on the road. It is 1100 in the morning, 15 March
 Continue to describe your perceptions.

★ Vicinity site II civilian traffic, animal traffic, site large trucks, lorries, smaller vehicles in front - road is muddy - mud in the wheels of the trucks. 1200 --- Darker cells, clouding up Trucks are at wide open spot. Civilian traffic coming from site II. Some men in this traffic wearing robes too but different than men in the hills 1300 --- tea time, boiling water, fires on the side of the road, lunch 1400 --- small explosions in the hills. Like from small mortars. Gray smoke. Doesn't seem very important. Smoke drifting away. Some of the vehicles have stopped. RAW DATA SET UP TUBES. REAL Big Bipod - strange aimed at the hills men are in uniform. Doesn't seem to be very important - Very close to vehicles - I'll draw them Very target tubes -

→ are Approved For Release 2000/08/08 : CIA-RDP96-00789R001900020002-8

4

★ YES, They carry the tubes. They are very heavy

→ Can you determine the purpose of the tubes

★ YES They are related to the explosions in the hills. Some sort of firing device. Not much else going on -

→ Move back to the tubes. They are related to the explosions in the hills. Did they cause the explosions.

★ YES.

→ How did they cause the ~~the~~ explosions

★ Some kind of projectile. Can't tell if they are mortars or artillery.

→ We can move on now

★ 1600 ----- Getting cooler. Some of the civilian traffic stopped. Its tea time again, getting colder. Most military traffic returning to site I. Aircraft in the area, but nothing important ----- 1700 ----- still light, traffic moving near site I, smaller armor vehicles clearing the road of traffic. more people coming out in the hills now 1800 ----- Fires outside site I, on the plains, flatlands where we saw them digging last time. Road pretty much abandoned. 1900 ----- 2000 ----- 2100 ----- People from the hills come down to the road at night 2000 ----- 2300 ----- No traffic very quiet 2400 -----

→ It is now Day 10, 16 Mar 1984 - Continue

★ Darker than last night. Not much happening 0100 ----- Sense of some sort of gathering or get together in the hills on the rock - Big rock 0200 ----- 0300 -----

5

★ The men in the hills have animals. I can see the animals with them. They are far more active at night than day. They don't watch the road however (because it's empty) 0400 ----- 0500 ----- FALSE Dawn
 0600 ----- 0700 ----- Traffic starting down the road again 0800 ----- Some military traffic from area of site I. Very large. Slow moving. 0900 ----- Humming sound again

→ Let focus on the humming sound. Find its origin

★ Some kind of structure made of bars. Antennae like. low outlined angular curving around. Wider than long or tall. Curving.

→ What causes the humming

★ Vibrations. changes pitch.

→ What does this thing do

★ mumble, mumble, disjointer, mumble, mumble, makes things clearer in some way, high lights, standout, projects, enhancements.

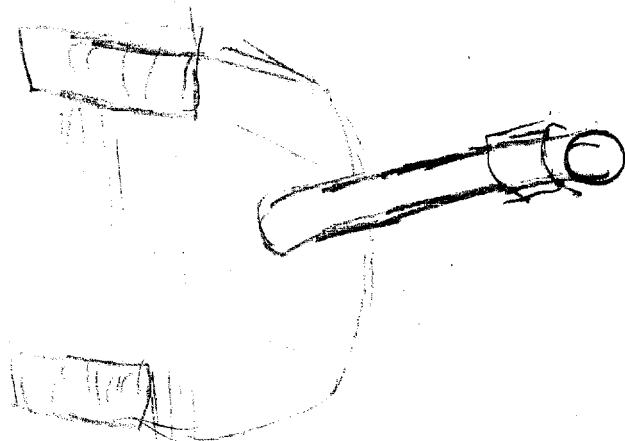

→ okay 0900. "

★ 1000 ----- No non-essential vehicles on road, vehicles all have combat power. 1100 ----- Vehicles on road all combat power. one looks like a boat. front end like a boat
 1200 ----- Light armored vehicles. Vehicles like towed artillery, 1300 ----- 1400 ----- Yeh, appears maybe some kind of military operation. Very cautious.
 1500 ----- 1600 ----- ~~movement~~ UH Huh, 1700 ----- Dark clouds

→ Has the military operation begun

6

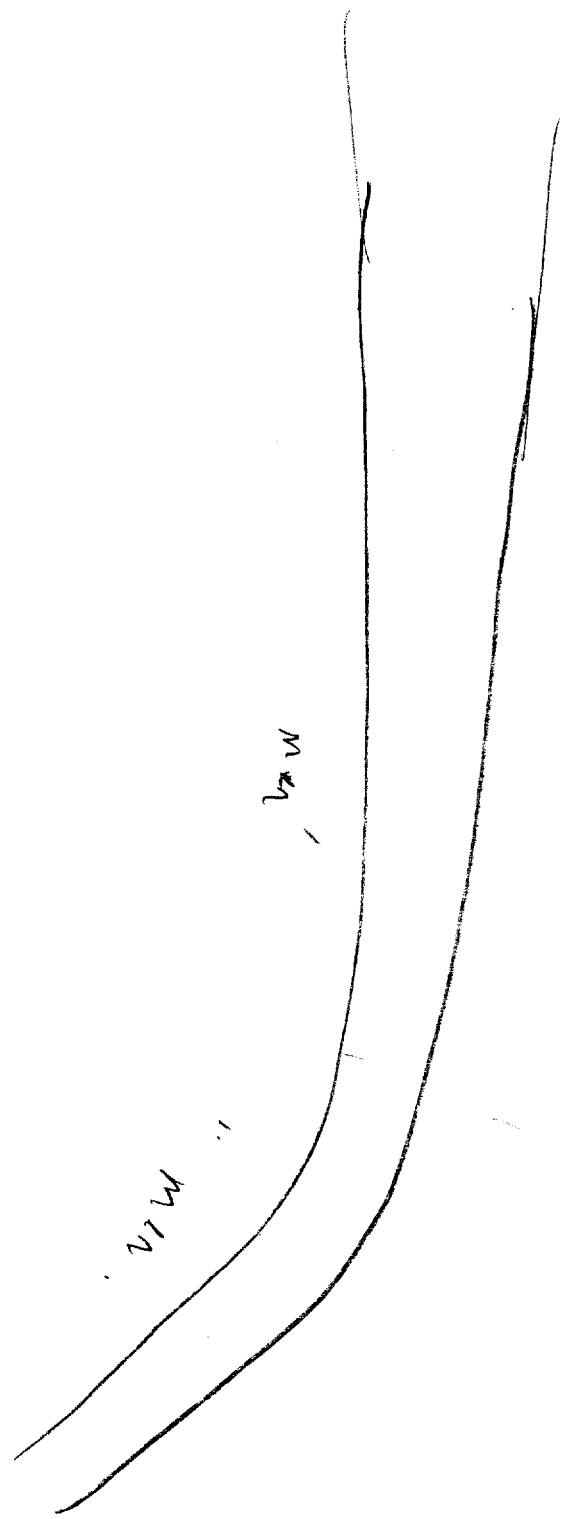

★ Yes, but its not, They arent leaving the road. They are simply re-establishing ownership of the road. other days many transports, now its all military
 1700 ----- I'm not sure They are going to stay
 but here but well see 1800 ----- OK, impression
 wide point of road again. Same area where tubes were
 yesterday, wide open flat area. The vehicles are
 pulling off and setting up here. 20/30 vehicles. light
 armor, large armored vehicle. possibly tank, possibly
~~SFA~~ propelled artillery, some towed artillery 1900 -----
 2000 ----- at 1900 The vehicles were set back
 of the road. at 2000 some people crossed the road
 small numbers. 2100 ----- 2200 ----- No
 traffic on road either way. small group of military
 moved across the road into hills like ambush. that
 people are higher up moving around to the side.
 2300 ----- still no traffic. nice kind a purple.
 Purple feel. 2400 ----- 2400 16 Mar 1984 - to 17 Mar
