Interim Summary:

Event involves what seems like an attack. The idea of an "energy-guidance" is present, like radio waves or light waves are utilized to "get something to its objective (target)". There are people at the target.  
AOL - smart bomb, SIGINT, laser guided munition  
AOL - Libyan bombing-raid.

18th road Area involves a coast & low hills

Something seems to "drop down from the sky" against a target. but there is guidance involved, a marking.
