OOL

a/s

S4 1/2 - men in uniforms mostly just watch the "objective" area.

Seems to be a small group (like ~~the~~ special forces, ~~spetsnaz~~ or SPETZNAZ) detachment in civilian clothes at / around or converging on objective.

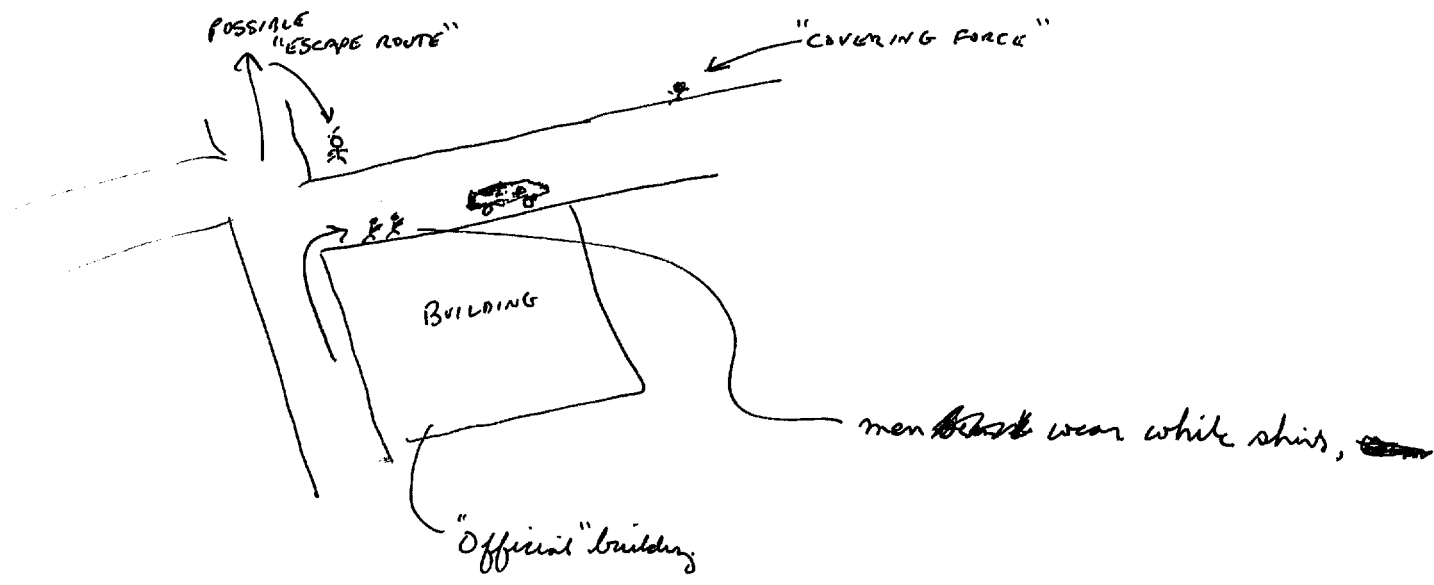

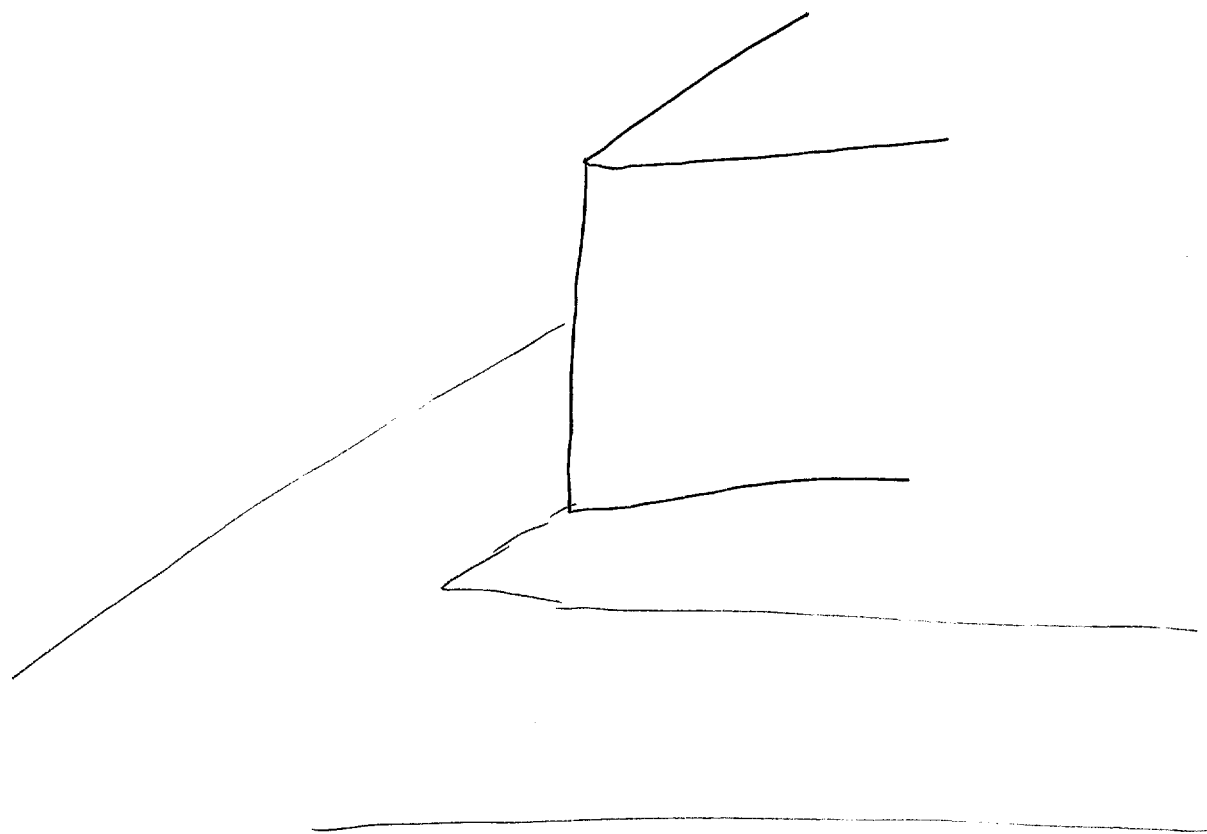

Objective: in city / streets, looks like a corner. 6-7 story, boxy building; like an office building. "Detachment" ~~to~~ individuals beginning to converge -

a/s - going to take a hostage ~~to~~ in front of this building - street outside. ~~to~~

- 1 handgun.

They will be met in hills by "regular" troops after "abduction".

Car arrives - man (official) taken as he emerges.

AOL - Latin/Central America
Mexico

S4 1/2 - "captos" seem altruistic - not fanatics

- not quite professional soldiers - more like "rebel" militia

A "bureaucrat" civilian met with the leader of the "rebels" and directed this activity. ~~He~~ Bureaucrat - official is located somewhere to the East, in a built up area.

AI - I am angry that the leader of the "rebels" could be so naïve; not realizing that this official is a "snake in the grass" [I empathize with the leader].

Bored 1054

(per. project manager - not hostage situation)

[EVENT]

attach
major axis (see sketch)

AOL- KHOST, AFGHANISTAN

distant rumbling, explosion
can be heard from the city
action to the north.

ground assault

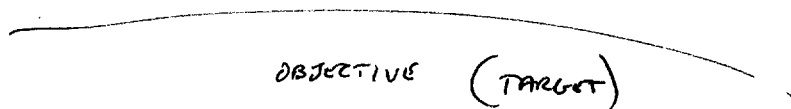

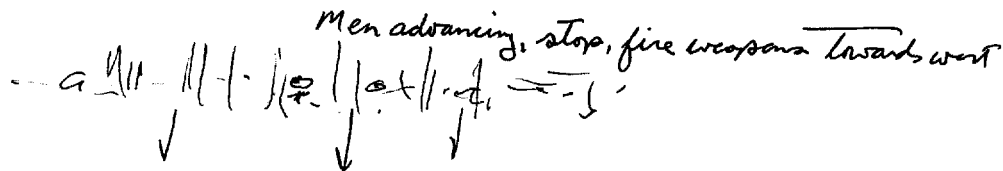

[TARGET?]

AREA
restricted / cloud
AOL barracks

daytime
~ 0800/0600

S4 1/2 - small arms, automatic weapons fire

concentrated

S4 1/2 - does not seem to be a very important/strategic target

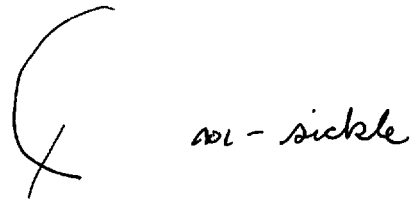

People are target(2)

Uniforms - khaki
Tan

Persons at target persons would rather "call for help" than fight.

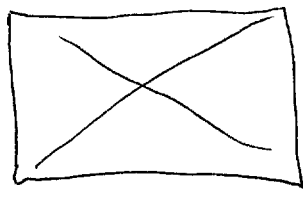

A/S The "attackers" actually consider themselves as the "defenders." Almost like the "target"

Attacker: (symbols?)

AOL - sickle

"Compound" - Flag? :

CIUDAD (Spanish: city)

AOL - Shining Path marxist; attacker

AOL - Sandinista attack on a Contra base

[OBJECTIVE]

flat

AOL - AIRFIELD

51 1/2 - This is a poor area, like "third world" / underdeveloped.

Looks like one attacker is shooting at civilians / peasants.

S4 1/2 - This area / road is a major access to the city. Attack disrupts transportation route.

Does not seem to be a single incident - but a continuing series of such things in this area.

End 1141
