PROJECT SUN STREAK (U)

Session Procedures Report

FORMAT

WARNING NOTICE: INTELLIGENCE SOURCES AND METHODS INVOLVED

Control Number: 'I'

~~Nickname:~~

Date of Session: 10 OCT 86

~~Target Country:~~

References:

Session Number: CRV-3

Date of Report: 14 OCT 86

~~Mission Status:~~

Technique Utilized: CRV

Source Identifier: RV-021

1. (S/NF/SK) TASKING: (See attached data sheet). Monitor biased by CRV1-2. Also, ops officer notified monitor that "target" was difficult in that it would be difficult to know if negative results were an answer to the intel question. Also, ops officer pointed out that, with regard to CRV-2, a SC time line should have encompassed the immediate future as well as the past/present. This, of course, biased monitor in the direction of suspecting that site was "entering a key period."

2. (S/NF/SK) SESSION: Session began in S4, using CRV-2 as a reference. Above/below components of structure were explored in S6, S6 also utilized to explore links to other things/places/etc., outside site.

3. (S/NF/SK) SUMMARY: Site is associated with some type of "strike capability", and involved with ^{larger} sophisticated weaponry. ~~There is~~ the idea (aov) of NORAD here). Site is very much concerned with a "second area" some

distance away.

4. (S/NF/SK) FEEDBACK - Source was informed at beginning of session that she had produced "relevant" information during CRV-2 and that this session (an "extra one") would be required due to mission constraints (time window closing). Source was happy with the knowledge that last session was successful.
