Attention: [REDACTED]

Subject: Contract No. MDA908-93-C-0004

Reference: (1) SAIC Letter No. 94-170 dated December 21, 1994  
(2) SAIC Letter No. 94-168 dated December 20, 1994  
(3) SAIC Project No. 01-0230-03-3880

SG1J

Dear [REDACTED]

This letter is to inform you of the current status of our progress on disposition of equipment under subject contract and to request further guidance based on additional information. SAIC has contacted and setup an appointment with the moving company that Ms. Barbara Stephens, DCMAO, had recommended. We understand that they will provide a written quote to DCMAO on the cost of packaging/crating and shipping the equipment to the Government facility. This quote should be provided by the end of the first week in February. SAIC will be required to have one individual at the site while the equipment is packed. The moving company will provide an estimate as to the time required and SAIC will provide to you an estimate for the required time. The moving company did not anticipate a problem with delivery of the equipment to the Government facility by the end of February.

I have enclosed a revised equipment list. This list replaces the one provided in the reference (1) letter. As you will note we have organized the equipment by DECAL number and deleted one item from the list. This item was tagged as a piece of equipment when it is actually software; therefore, we have deleted it from the equipment list. I have enclosed a separate list of the software purchased under this contract. The majority of the software was purchased under the previous contract and transferred to this contract. As you can see the software versions are not the current market versions. SAIC requests disposition instructions for the enclosed software: Abandon in place or transfer, when possible, the site use license to the Government. SAIC would require reimbursement for the time it would require to contact each vendor to transfer each license. We will provide an estimate for this service if requested.

1710 Goodridge Drive, P.O. Box 1303, McLean, Virginia 22102 (703) 821-4300

Other SAIC Offices: Albuquerque, Colorado Springs, Denver, Falls Church, Huntville, Las Vegas, Los Altos, Los Angeles, McLean, Oak Ridge, Orlando, San Diego, Seattle, Tucson

Page 2

As you are aware SAIC has purchased, per the enclosure, under the previous contract and current contract four SUN Microsystems UNIX workstation computers and their associated support hardware and some basic image processing equipment. SAIC anticipates that the services provided under these two contracts will continue to be required by the Government and to prevent a duplication of purchased equipment, we would request your reconsideration to abandon in place the oldest of the computer systems. The oldest system would encompass the following DECAL numbers from the enclosed equipment list: G60714-1, G60714, G60714-2, G60715, G78546, G76930, G60716, G78541, and G60713. SAIC would be willing to negotiate this request.

If you have any questions, please call me at (703) 734-4074. My FAX number is (703) 893-6522.

Sincerely,

SCIENCE APPLICATIONS INTERNATIONAL CORPORATION
