SUMMARY OF INFORMATION

The purpose of the meeting is to unofficially monitor or prevent the occurrence of an incident such as testing in anticipation of legislative and legal action to be taken, in essence to prevent a reoccurrence of an incidence such as Chenobyl.

However, in this case, the subject of the monitoring appears related to "CBR" warfare.

Cyprus plays a monitoring role. Efforts to determine the dominant target question revealed an area identified as being located in the southeast portion of Egypt, in the vicinity of As Sadd Allan.

There was an incident reported in the press, that precipitated the calling of the unofficial meeting. One dominant personality appears to represent the interests of a "rebellious cause." (This could not be further described.)
