REPLY:

The target personality can be found at the Colombian Medical Society in Bogota. The personality's residence is described as a resort or estate located amid dry and dusty surroundings. The residence is also described as a large and spacious building made of plaster and wood, located in an isolated, high-ground area.

ACTION:

Search of SAFE, Colombian Gazetteer, and JTIC data base revealed no info on the existence of a Colombian Medical Society. Descriptions of residences reflect many of the signatures associated with drug kingpin residences.

EVAL:

Some correlation on the geometric and general descriptions of the residences. No correlation on the existence of the Colombian Medical Society.
