SUMMARY OF INFORMATION

The base station is a medium sized (2000-2500 sq ft) one story, U-shaped villa, high up on a hill side. The structure is residential, white, stucco or cinderblock construction with an orange roof. The lot is a large sized (more than 2 acres), with terraced landscaping. The landscaping is well kept except around the side and back edges of the property which is grown wild. There is a fence or wall around the entire lot. This is the only security. There are other large, ranch style residences nearby (within 1/2-1 mile). The main access to the villa gate is a winding, well-built 2 lane road that is numbered not named.

A man operates the radio, which has an outside antenna which is a long wire that is more horizontal than vertical. The man keeps everything in his head, memorized. There is nothing on the property (evidence wise) except the radio. He drives quite a distance to get schedules. This is his only responsibility. This he does in addition to a regular 'legal' job, which is of a professional/ white collar variety.

The phonetics MARC/MERC/MARCO/MARCOS and CRISTABEL surfaced.

~~I have no idea what they refer to.~~
