PEOPLE!

happy  
peacefulwary  
sense of impending danger

4 $\frac{1}{2}$  - although these people are for the most part happy and going about their daily routine... I sense happiness, laughter, joking... they somehow sense (psychically?) danger. They must always remain alert.

CULTURE!

PEOPLE!

break

A<sub>2</sub> - there seem to be two opposing groups of people involved - one group consists mostly of peace-loving, simple people with high spiritual and moral values. Their wish is to be left alone to go about their daily business.

There is another group, very war-like... they feel superior... their goal is power and wealth.... by any means... at whatever the cost
