WORKING PAPER

SUMMARY OF INFORMATION

A group of terrorists based in the Federal Republic of Germany (FRG), is projected to launch a car-bomb attack against a "US Counterintelligence" unit located in Wiesbaden, FRG, within the next six weeks from this date.

The perpetrators intend on using official diplomatic vehicles originating from Sweden or Denmark and sent to or through Wiesbaden for some form of mechanical attunement or adjustment. The intent is to place the bomb while the vehicle is being attuned or adjusted.

The target area is associated with "old sheds and silver/white tunnels" (metallic/aluminum storage area/hangar?).

The expressions "IWIT/STIL/STIX" (not further described) surfaced phonetically as being somehow associated with the target.
