archaeologist

4 1/2 - lots of people, busy, lightly clothed, clothes were
were thin and light/white in color. There wasn't anything
unusual about their height for their times, they seemed to be
a little shorter than the average for people today. Their
dress was all very similar and seemed to look like a tunic
with a belt at the waist and was about mid-thigh length.
mostly people with black hair. Sun-tanned, bronze skin.
Average height is about 5'5" to 5'8".
