begin session preparatin

sanctuary; coordinates

OK in movement trusting out forward coming back smooth
define circular area movement gent on bank

✓ surroundings

open area up - him - clean area - outdoors
the street is big hard structure, quiet, ...

✓ street

quiet around the street, long hard brown, business place
big but stands alone natural surroundings quiet
makes street quiet

✓ locate

✓ I looking at street - outside at side -

✓ where located

✓ I've get to my back

walkway, water & brown ground, street sits, differs
ways to enter it walkways, path

• trees grass parking nearly nearly in front, very blurred
off -

✓ inside structure - OK man working, sitting hands up

the inside structure... an area where men seem to be working,
meeting, talking together... old surroundings, very old surroundings,
high ceilings, a dampness, coldness, damp & cold, very sparsely,
almost empty, furniture old, nothing to make it pleasant,
street.

✓ meeting

men, heads together, they (hold on a min) talking,
meeting, vastness of space, vastness of space,
time, time, time and concerning themselves
with occurrences that seem to involve complexity.
Then fiery ball moving that loses flaring - these
men - can see them very good - just see heads - then
hurting a part involved here - study the past - trying -
daily occurrences natural occurrences -
don't know why I can only see their heads -
There more - movement is the ball sputtery - spinning
Men who want to know what's going on - daily occurrence -

forecasting - trying to - I don't think they know the outcome.

looking at how fast ball - travel speed - pathway
to where it travels - speed.

✓ when is ball now?

it's spinning around - it loses as it travels - loses particles,
breaks off - red - no - hot green ball - it swoops
moves in sweeping motions.

✓ when do it travel

comes down, zig zags - up in the high, high high.
it travels high

then men that study have hard time placing them -
I don't know how they look at them, they -
seems they are close or very far away -
two different places. Study on paper

OK after ball moves - draw on paper when it moves -
hard time forecasting - draw on paper when green ball dev.
afterward - unknown - men working with unknown

✓ green ball quiet dark, navy blue, black or navy blue ships
& lights that turn to dark.

✓ what are men worried about

- no controls no control they can only study after the fact
foresee hard & sit wait watch - situation although they
don't know it. They think they try but can only.

✓ watch what it will do

splits apart, & I can see it side ways, ~~new~~ new form -

✓ does it affect people

hold on

yeah it does, emotionally, see what it, the landing -
uncertainty of landing - not know where the guy is landing -
emotionally disturbed - physically could hurt - but didn't -
emotional concern for physical damage which never two plane.

✓ ball now

it took a very straight path - it went very str
a straight up & down path -

3

✓ dange gam - that is
✓ what are men doing now

one man is very much concerned - ready, ready,
not must he can do - hes by himself - another guys
somewhere else - don't need - they do work -
turning adjust specialists they don't have to
answer to people - just try to same job thru
turning working highly skilled specialist men.
A public that needs to be answer to - not their job
needs - making report news.

✓ when on earth struck

sunny, ... green leaves, large almost as big
as trees green brown flat lands no mts but
green,

✓ people near here

✓ ~~explor~~ struck inside -

gold steps move in circular area up
the struck is big empty can here you echo
floors are square tiles - sometimes rightseey
things to look at history - some try in part
of part

✓

I see ball again - that ball is thicker, rounder,
mean to look at more beautiful ballance more in
harmony prettier it changed -

✓

how did it change

many parts, things it change as cycles
went by. Struck was noisier. The beginning.

✓ look around

I feel in a space, struck dange - floaty.

1344

✓

ask people who they are
they're working people, much brighter than we are -
come from where?

✓

is a dark place - warrior - a place mean
warrior

✓

describe plan

now I see red - black red - dark red -
there are dips - dipping like valleys but its funny

⑤

babini look alike - planons

✓ can we help

they need a gun stuff

✓ how can we help them

1350

by pay close atten to universe - knowing that
existence is everywhere - Down that life - that
that essence exists everywhere - We We
We are stupid - we can help by talking to them
communicating.

✓ when

Caves - meant the in dark places in wilderness
in caves - they have dark caverns but nice -
white lights - every some that - that is good -
so many things so much yet different -
man is pointing to maps Point North -
to NE rocky areas Big rocks -
caverns caves - exchanging greenery
he says that they can when something on back
(?) its so they can -

✓ come how?

Much prep. needed - but before - been here before
by the ago - won't needed > to when we are now.
War gets mad - something about person envir. impact.
- lagging behind.

✓ live - sleep

big rock - by flat rock - walking study soil -
men are talk the we learn them > he would like to
come for an exchange > NE > core of earth
inside > changing > when it changes most dramatically
they will visit.

✓ fossils why?

Just take green now, steaming,
became something and the fossils - give off the rays
fossils... so feels sorry for them - then being

⑥

- they are brully, smart > it's
- ✓ they must allow us to help or they will lose -
One man knows, other know - more superior >
more superior, they don't like to deal with inferior ones
- it's hard time - he's not be agree -
 - ✓ Tell him we will do anything need to help.

look the vaccuums in earth - pockets
that's when they ^{will} be.
