E. SESSION SUMMARY:

---- The name "Edwards" phonetically surfaced as being involved in the incident. "Edwards" is involved as a contractor or contractor/consultant. His action was initiated as a result of a real or imaginary contract-grievance from a company located at the World Trade Center. The failure to obtain the contract has placed him in a bankruptcy position. He is from Long Island (Queens), NY. He resides in a two-story blue-grey dwelling. (Landspot/Landspur Lane).

----He sometimes drive a green Chevy pick-up with a contract sign on the door panel. The sign is comprised of black lettering on a white background.

---A tip-off from an employee who recalls the contract rejection will result in an interview by New York and subsequently by FBI agents who will obtain a confession on or about 3/4 MaRCH 1993. The consultant works on the twelfth floor for a mechanical consolidated import company/corporation.

---The bomb was made up of ten dynamite sticks obtained from an (Edwards) contract connection and placed in a sport bag placed on a ledge next to a column. The dynamite sticks were (ignited?) through the use of a time fuse.

----Additional bomb explosions could come from one of the "crazies" out there but not from "Edwards."
