SUBJECT: Minutes of DOD Grill Flame Committee Meeting,
25 September 1979

1. (U) Meeting was held in DIA/DT Conference Room, 0930 hours, 25 September 1979.
2. (U) Attendees: See Inclosure 1.
3. (U) [REDACTED] distributed copies of the minutes of the 12 July 1979 DOD GRILL FLAME Committee Meeting. The minutes were approved after minor clarification of a couple of points.
4. (S) Old Business:
- a. Dr. Vorona informed the group that a DOD Science Advisory Board, chaired by Manfred Gale, GS-18, DA, has been established to review the various GRILL FLAME Programs within DOD. Dr. Vorona reported that the committee would be meeting with him on 26 September 1979 and that he suspected that the committee would shortly visit all the DOD organizations involved in parapsychology.
- b. MAJ Stoner mentioned that he and Mr. Gale had visited with Dr. Jahn of Princeton and Dr. Lucky of Bell Labs. Dr. Jahn is still very much interested and involved in parapsychology--mainly interested in PK and precognitive RV.
5. (S) New Business:
- a. Dr. Vorona requested that he be kept informed of various funding levels of the different GRILL FLAME elements. Dr. Vorona stated that Congressman Rose had erroneous impression of funding that DOD had to support SRI efforts in this field but that he (Dr. Vorona) has straightened him out. Dr. Vorona will have the responsibility of keeping Congressman Rose up-to-date. MAJ Stoner indicated he will check on Army funding profile and let Dr. Vorona know what the level is.
- b. Dale Graff stated that he had updated the Intelligence Collection Requirements (ICR). See Inclosure 2.

c. Dale Graff briefed the committee on FTD JR# 1-570-0092-79. Basically report concerned ongoing research in parapsychology phenomena in the Soviet Union, Czechoslovakia and Rumania. See Inclosure 3.

d. Mr. Graff briefed the committee about a session he attended in Madison, Wisconsin recently. Two youngsters from Japan tried to influence images on photographic film. Whole session was far too loose to verify demonstrations. Japanese government seems to be backing parapsychology movement although they have offered no official statements to that affect.

e. Mr. Graff presented two articles on parapsychology to the group for their review. Inclosure 4 is an article by J. B. Hasted and D. Robertson entitled "The Detail of Paranormal Metal-Bending." Inclosure 5 is an article edited by William G. Roll entitled "Research in Parapsychology", 1978.

f. MAJ Stoner recommended two books for the committee to review.

- (1) "The Divining Hand" - regarding dowsing.
- (2) "Science and PSI" by Carroll Nash, Thomas Publisher, 1979
