The concept of a buried target within an area of a waterway is substantially correct. Agreed to place future endeavor on the direction finding aspect of the problems rather than relying on the result of the ERV session.

WORKING PAPER

Target #: D003
Date: 17 SEP 90
Time: 1500-1540
Viewer: 052
Session: 01

METHOD USED:

Prior to the session I looked over the area and found myself drawn to the large tree straight ahead from the starting tree. However, I did not pursue it, I went next door to ERV.

ERV: At first I saw the outline of a head of a horse. I told myself to view the location of the white container (target), in the area out behind our office. I felt that it was located in a dark place, a hole, surrounded by dirt, close to "a waterway". I then went outside. I immediately went to the right, close to the river. I found no hole, but I placed my stake next to a telephone pole.
