- At first I could see two long, slender lines reaching to a point.
- I then could see men loading off boxes from something and placing the boxes somewhere else. They were reaching up to get the boxes. This was physical work.
- I then saw circles with lines going through them & at times it looked like the circle & lines were suspending or hanging or flying.
- ~~At~~ one point there could have been an airplane overhead
- I then saw structures or objects that were low to the ground & they looked like tunnels.
- I saw Jeanne looking down at her feet & she was afraid of falling.
