SUMMARY

There is a mannish looking woman with her hair pulled back in a severe hairdo.

She appears to be near a small city - with taller buildings - versus a small town. She is in wooded area outside large town near a large structure - something like a huge water storage tank. but it seemed to have windows or port holes near the top. It appears to be grayish in color. The name of the large town or city seems to be Clover, Cloves, Colvis, Clives. I got the State of Utah and on the map later saw coalville. The structure is nearby surrounded by trees. I could not tell for sure if she was a live or dead. If pressed, I had stronger feelings for being alive.
