Honorable Gordon H. Scherer  
House of Representatives  
Washington 25, D.C.

Dear Mr. Scherer:

In your letter of 24 August you forwarded a copy of a letter from Mrs. Catherine Carter Golden of Cincinnati in which she discussed the subject of unidentified flying objects. Mrs. Golden seemed particularly interested in the pictures taken in Brazil and shown on the Dave Garaway show.

The photograph referred to by Mrs. Golden was taken by a free-lance photographer. Contrary to her information, this photograph was not developed in the presence of persons other than the photographer.

Mrs. Golden has corresponded with the Department of State and the Air Force for some time on the general subject of unidentified flying objects. The Department of the Air Force has primary responsibility for investigating information pertaining to UFO's. Mrs. Golden recently contacted the State Department on the subject of the alleged Brazilian sighting and her query was referred to the Department of the Air Force whose reply is attached. This Agency has no information other than that which has already been provided the Air Force on this subject.

Sincerely,

[Signature]

Dr. Brown

University

Dear Mr. Dunn,

We are pleased to inform you that our recent study reveals significant findings in the field of Electronics. Our research team, consisting of Dr. Brown, Dr. Johnson, and Dr. Smith, has made substantial contributions to this area. We believe these findings will have a profound impact on the future of manufacturing technology.

In particular, we have identified new materials that could revolutionize the way we think about energy efficiency. These materials are not only sustainable but also inexpensive, making them ideal for widespread adoption.

We are confident that the results of our study will be published in one of the leading journals in the field. We would be happy to provide you with a copy of the final report if you are interested.

Sincerely,

Dr. Brown

University
It would be very much appreciated if you could let us have
as far as we think the last proof of the above 12 to the No. 1 form. We
shall not be able to publish until we have discussed them with you. As you agree with the statements
we have made in our letter dated 31st December, our motion for
the recall of the letters may always be the basis of the 1,000,000.

I am, etc.,
