Radio Code Recording -  

1. In compliance with your request of 25 February 1955 (no DS number) we have obtained a tape copy of the wire recording which accompanies this copy of a message from outer space. They price the original wire recording too highly to relinquish it, even to the government however, they were overwhelmed that we showed an interest.

2. They have recently issued that the Chicago area radio operators who also claim to have recorded such messages as if you find this one interesting, we will be glad to knock down the others. Our Chicago representative would appreciate knowing that your conclusions are.

Inclusion: As stated above
