Flying Saucers Seen Over Sweden

"Eight Persons Saw Flying Saucer," Stockholm, Stockholms-
Tidningen, 20 Jan 59, page 1

No less than eight reliable persons observed a "flying saucer" over Stigsjöe, near Härnösand (Västernorrland Province) recently. The object approached the observers slowly from the south over [Lake] Långsjöen at a height of about 300 meters. The object was round, 6 to 8 meters in diameter, and surrounded by a luminous ring about two meters wide. The under side of the object emitted a reddish yellow light. It was visible for about three minutes.

The incident has been reported to military authorities.
