FBI FOIPA Addendum

As referenced in our letter responding to your Freedom of Information/Privacy Acts (FOIPA) request, the FBI FOIPA Addendum provides information applicable to your request. Part 1 of the Addendum includes standard responses that apply to all requests. Part 2 includes standard responses that apply to requests for records about individuals to the extent your request seeks the listed information. Part 3 includes general information about FBI records, searches, and programs.

Part 1: The standard responses below apply to all requests:

- (i) **5 U.S.C. § 552(c).** Congress excluded three categories of law enforcement and national security records from the requirements of the FOIPA [5 U.S.C. § 552(c)]. FBI responses are limited to those records subject to the requirements of the FOIPA. Additional information about the FBI and the FOIPA can be found on the www.fbi.gov/foia website.
- (ii) **Intelligence Records.** To the extent your request seeks records of intelligence sources, methods, or activities, the FBI can neither confirm nor deny the existence of records pursuant to FOIA exemptions (b)(1), (b)(3), and as applicable to requests for records about individuals, PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(1), (b)(3), and (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records is itself a classified fact protected by FOIA exemption (b)(1) and/or would reveal intelligence sources, methods, or activities protected by exemption (b)(3) [50 USC § 3024(i)(1)]. This is a standard response and should not be read to indicate that any such records do or do not exist.

Part 2: The standard responses below apply to all requests for records on individuals:

- (i) **Requests for Records about any Individual—Watch Lists.** The FBI can neither confirm nor deny the existence of any individual's name on a watch list pursuant to FOIA exemption (b)(7)(E) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (j)(2)]. This is a standard response and should not be read to indicate that watch list records do or do not exist.
- (ii) **Requests for Records about any Individual—Witness Security Program Records.** The FBI can neither confirm nor deny the existence of records which could identify any participant in the Witness Security Program pursuant to FOIA exemption (b)(3) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(3), 18 U.S.C. 3521, and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.
- (iii) **Requests for Confidential Informant Records.** The FBI can neither confirm nor deny the existence of confidential informant records pursuant to FOIA exemptions (b)(7)(D), (b)(7)(E), and (b)(7)(F) [5 U.S.C. § 552 (b)(7)(D), (b)(7)(E), and (b)(7)(F)] and Privacy Act exemption (j)(2) [5 U.S.C. § 552a (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records would reveal confidential informant identities and information, expose law enforcement techniques, and endanger the life or physical safety of individuals. This is a standard response and should not be read to indicate that such records do or do not exist.

Part 3: General Information:

- (i) **Record Searches and Standard Search Policy.** The Record/Information Dissemination Section (RIDS) searches for reasonably described records by searching systems, such as the Central Records System (CRS), or locations where responsive records would reasonably be found. The CRS is an extensive system of records consisting of applicant, investigative, intelligence, personnel, administrative, and general files compiled by the FBI per its law enforcement, intelligence, and administrative functions. The CRS spans the entire FBI organization, comprising records of FBI Headquarters, FBI Field Offices, and FBI Legal Attaché Offices (Legats) worldwide; Electronic Surveillance (ELSUR) records are included in the CRS. The standard search policy is a search for main entity records in the CRS. Unless specifically requested, a standard search does not include a search for reference entity records, administrative records of previous FOIPA requests, or civil litigation files.
 - a. *Main Entity Records* – created for individuals or non-individuals who are the subjects or the focus of an investigation
 - b. *Reference Entity Records*- created for individuals or non-individuals who are associated with a case but are not known subjects or the focus of an investigation
- (ii) **FBI Records.** Founded in 1908, the FBI carries out a dual law enforcement and national security mission. As part of this dual mission, the FBI creates and maintains records on various subjects; however, the FBI does not maintain records on every person, subject, or entity.
- (iii) **Foreseeable Harm Standard.** As amended in 2016, the Freedom of Information Act provides that a federal agency may withhold responsive records only if: (1) the agency reasonably foresees that disclosure would harm an interest protected by one of the nine exemptions that FOIA enumerates, or (2) disclosure is prohibited by law (5 United States Code, Section 552(a)(8)(A)(i)). The FBI considers this foreseeable harm standard in the processing of its requests.
- (iv) **Requests for Criminal History Records or Rap Sheets.** The Criminal Justice Information Services (CJIS) Division provides Identity History Summary Checks – often referred to as a criminal history record or rap sheet. These criminal history records are not the same as material in an investigative “FBI file.” An Identity History Summary Check is a listing of information taken from fingerprint cards and documents submitted to the FBI in connection with arrests, federal employment, naturalization, or military service. For a fee, individuals can request a copy of their Identity History Summary Check. Forms and directions can be accessed at www.fbi.gov/about-us/cjis/identity-history-summary-checks. Additionally, requests can be submitted electronically at www.edo.cjis.gov. For additional information, please contact CJIS directly at (304) 625-5590.

ANNOUNCEMENT

Senator John Stennis, Chairman of the Armed Services Committee, will begin hearings early in the New Year on his Bill No. S.2597 -- to amend the National Security Act -- in regard to clarification of the authority of the CIA.

The bill recently introduced by Senator Stennis resulted in part from correspondence with Senator Edmund Muskie, Chairman of the Senate Disarmament Subcommittee. To some degree, these hearings were inspired by the Watergate developments.

People with knowledge in the areas which might be fruitful for investigation should be in touch with Senator Stennis' Committee. For further information, contact the Task Force For A Nuclear Test Ban, Betty Lall and Jo Pomerance, Co-Chairmen, care of the Project on Budget Priorities, 1620 Eye Street, N.W., Washington, D.C. 20006.

5. Beards and long hair prevailed, and others stood out like a sore thumb. There was not a single Negro in the audience, nor, that morning, on the platform. Even the speaker who spoke on the case of Martin Luther King was white.

6. Not all the speakers preannounced were present. The chairman announced the absence of Richard Sprague. Another speaker, a lawyer from Los Angeles whose name was drowned out in the noise, was also absent. They were replaced by Dr. Robert Forman and someone whose name sounded like "Ed Kirkley".

7. The chairman announced that all the speeches would be tape recorded for subsequent publication. He further invited the audience to attend movies to be shown that night. One of these, "Burn", was to be shown at the University. Others by prearrangement would be shown at local movie theaters. The latter were connected with the Kennedy assassination. The case of the President's murder was in the center of the conference and, as noted by one of the organizers (Smith), one half of the speakers were to center their attention upon the Oswald case.

8. The chairman adhered strictly to the program and every speaker mentioned in the program for the morning session of November 23 spoke as specified. Of those who spoke, Norman Mailer, Robert P. Smith and Ronald Van Doren deserve particular attention. Their speeches in summary are reviewed below.

9. A table at the back of the audience presented recommended literature. The books included H. Weissberg's Whitewash and Peter Noyes' Legacy of Doubt. For some reason there was a copy of one paper only, that of George O'Toole's "Assassination Tapes". There was also a bibliography of political assassination; the foreword to which lists the persons most actively collaborating with the Committee.

10. A publication circulated during the conference was the November, 1973 issue of Computers and Automation which is to be renamed, starting January 1, 1974, Computers and People. The publication of articles such as "Nixon and the Mafia" which concludes that Richard M. Nixon seems to be the embodiment of a prediction that organized crime would someday put its own man in the White House, seems somewhat curious in a magazine devoted to the profession of data processing and the use of computers. The magazine was established in 1951 by Berkeley Enterprises in Massachusetts. Alger Hiss is among its contributors and an abundance of articles by Richard Sprague on the subject of Watergate published in the past year.

11. Another organization which received publicity at the Conference was The Committee for Action/Research on the Intelligence Community (CARIC).

12. A representative of Computers and Automation handed out this publication free of charge to members of the audience. He took notes with fantastic speed and apparent accuracy of everything said during the proceedings.

13. The lights gave out at one point and did not come on again during the morning session. The absence of current may have affected the tape recording.

14. The morning session, due to close at 12:30, ended after 1:30 p. m. By this time the audience was impatient to have lunch, and the resumption of the proceedings was therefore postponed to a later hour.

15. No document of any kind was issued to the persons who paid \$15.00 to enter. Instead their hand was stamped with the name of the organization which gave them access to all further meetings that day and the next (the members of the audience were apparently not supposed to wash their hands during this time). Names were taken down, but no questions asked other than one's initial. No information on address, occupation, etc. was required.

16. Speech by Norman Mailer. This was beyond a doubt, the most striking presentation during the Friday morning session. Mailer spoke briefly and left the conference shortly after the speech.

17. Mailer said that political intelligence as a subject was as powerful as "peace". Interest in assassination is obsessive. The obsession arises from the fact that a solution to the problem is not found, and attention is constantly drawn back to the unanswerable question.

18. He said that we have here the most powerful nation in the world which cannot come to grips with a question which seems as amazingly simple as the Kennedy assassination. The result has been that this nation has decided to shut down investigation and has thus alienated itself from its own history. This alienation has brought apathy, a trait noticeable in the reaction to investigations which bring no wide response.

19. A nation which rejects its own history is on the path to a totalitarian regime. Facts, meanwhile, have a peculiar ability to change when they are investigated, and investigators must therefore rely upon hypothesis. The history of the last ten years has been made unendurable by the abundance of hypotheses. They range from the opinion that an assassination is an accident lacking any particular sequence to the hypothesis that secret police forces are engaging in a world conspiracy.

20. The present conference must help us to learn whether there are possibilities, and what possibilities exist, to solve these questions.

21. Speech by Robert P. Smith. Mr. Smith was described as the director of research of the Committee, but he seems to be one of the major motive forces in this organization.

22. Mr. Smith pointed out that he had spent the last three years studying the Kennedy case. Much research had been done, but nothing had changed, so far as practical action was concerned, in the last nine years.

27. Speech by Ronald Van Doren. Mr. Van Doren seems to be a follower of Governor Wallace. He began by commenting on the sad situation in a country with a judiciary where individuals have to make conjectures regarding a case as obvious as that of Bremer. There is no doubt that Bremer pulled the trigger. But one should examine the political situation at the time of his action. Wallace was by far the leading candidate in the election campaign, a threat to other candidates, and he was winning the nomination. He represented a challenge to both parties. Nothing he said could be interpreted as racist, and in the economic sense he carried wide appeal. The question which faced the other candidates was how he could be stopped from disrupting the two parties and from preventing the re-election of the President. History will show how he was stopped and why this occurred.

28. The case in defense of Wallace's civil rights was quietly dropped. No proper investigation was conducted. As usual in assassination cases there was a diary. It showed that Bremer was acting alone and was deranged. Read as a piece of literature, the diary presents Bremer as a non-person, an illiterate unable to spell. There is nothing regarding the people he worked with. Meanwhile, if one examines Bremer's background, he appears an entirely different person. Why did he travel repeatedly to Ottawa? How did he manage to carry guns on planes? What was he doing in New York? Why was he in Washington? And where did he get his funds? The apartment he rented exceeds his annual income. His mother could not afford to visit him in prison, yet he dressed well. With whom was he involved?

29. All this should be looked into. Watergate brought the electoral campaign to the fore. Why has discussion of the Bremer shooting been excluded from the investigation? Bremer was a part of the 1972 campaign, yet there is no mention of Wallace or of Bremer. Two years from now Wallace will be back.

30. Speech by Ms. Meredith Rode. Ms. Rode was very brief. She said she became interested in the killing of George Lincoln Rockwell in 1970, and that the case was built on circumstantial evidence exclusively. The case is still open, for the police believe that there was an accomplice. No funds are available for defense.

23. Although the National Archives are the repository for the Kennedy assassination documents, the FBI [redacted] are responsible for restricting research. Much of the 300 cubic feet of documents have been printed, a reclassification in 1971 has released 3,000 pages, [redacted] but none of the material released has created any sensation. The Freedom of Information Act is not as liberal on assassination material as on other matters. Some material was not even turned over to the Warren Commission. The FBI and the Justice Department are alone in knowing the results of some tests.

24. In the non-governmental area, much has been published, and the book by Peter Noyes must be singled out particularly.

25. Speech by Mr. Robert Hanson. Mr. Hanson has become the counsel for Sirhan Sirhan. He studied to become an engineer and then shifted to law. (To judge from the number of cases which he says he has lost, he should have remained an engineer instead of becoming an attorney.)

Mr. Hanson said that the Sirhan case is pretty hopeless. The trial was based on a 100 per cent belief in Sirhan's guilt. Therefore important witnesses were not called, and no attention was paid to ballistics. Scientific study, however, indicates that Sirhan Sirhan may not even have been the person who committed the crime. But even if it is proved that his gun did not kill Robert Kennedy, this discovery may have no influence upon Sirhan's case. California officials have no desire to reopen the case and funds to handle the proceedings are lacking. A book by Tiger on the case is worthy of note. Tiger claims that Sirhan Sirhan was acting under hypnotic influence.

26. Speech by James Lesar. Mr. Lesar, who spoke on the Martin Luther King assassination, declared that Ray was innocent, and that the FBI and the Justice Department were responsible for wrongly solving the crime. Ray was framed by conspirators. The persons presently involved in Watergate played a role in the Ray case investigation. No private agency - only a government agency - can solve the Ray case. All depends on whether the judiciary acts honestly or with political consideration in mind. As it stands today, we see Ray's rights having been abominably violated; we see lawyers who did not do their job; and we see nothing approaching an open hearing.

The Committee for Action Research on the
Intelligence Community (CARIC)

The headlines in American newspapers have for years told of Army surveillance of civilians, U.S. spy planes being shot down over other countries, attempted coups and intrigue initiated by the CIA and unrestrained FBI wiretapping. We all know that Big Brother is watching, but no one in our government has taken the time to explain *who* is being spied upon, and *why* we are being watched. Too often, we American citizens don't even know who Big Brother is.

In 1955, President Eisenhower accepted the report of the Hoover Commission on U.S. Intelligence. Among other recommendations, the Commission emphasized the need for two "watchdog" committees on intelligence within the executive and legislative branches of government. Although a Foreign Intelligence Advisory Board (FIAB) was established to serve the President, Congress by an overwhelming majority has refused to establish a committee within the legislative branch. Now, in the midst of the Watergate scandals, there is some movement within Congress to establish committees on the separate intelligence agencies. The result will be divided oversight with no assurance that Congress will be able to stop illegal and unjustified spying. With Congress abrogating its responsibilities, there is no agency of government, directly responsible to the public, monitoring the United States Intelligence Community.

Now former intelligence workers and concerned citizens have formed a national association to provide the vital information an aware public needs to know about government operations. The Committee for Action/Research on the Intelligence Community (CARIC) is an independent "watchdog" on the government spy apparatus. CARIC, sponsored entirely by donations from American citizens, serves as an alternative source of analysis and information on the practices, organization and objectives of U.S. Intelligence. What clandestine operations are being carried out in the name of America? Is the CIA preparing to entangle us in another war similar to the Indochina War? What information is going into Federal, State, local and private data banks on innocent American citizens? Is the FBI becoming a "secret police force?" Whose phones are tapped in America? These are some of the questions CARIC is answering.

CARIC knows that all conscientious Americans are closely watching the events that have unfolded since the arrests made at the Watergate building. We share the hope of most Americans that the illegal espionage practices that have now been exposed will no longer be a part of American political life. However, the dismantling of one espionage apparatus loyal to one group of politicians does not insure that this abuse of power will not be repeated by future politicians.

Who knows what future political espionage will occur under the guise of so-called "national security" or loyalty to an administration? Only time will tell, but through diligence and your help CARIC will anticipate and bring to your attention situations within the government that are likely to produce a new "Watergate."

Although CARIC does believe that a massive government spy apparatus is at work in the world, we hope to dispel some of the paranoia citizens naturally feel when there is talk of spies and wiretaps. We know that the FBI does not have agents behind every tree, but there are agents in every major community in this country who have spied on innocent private and public citizens. Only a full and undisguised look into this hidden world can displace unwarranted fears, and guide the public effort to end this illegal and unjustified espionage. *The secrecy with which the government surrounds itself must end.*

CARIC knows that tens of thousands of American citizens from all walks of life were mobilized over the past decade to help bring an end to the government's war in Indochina — a war that has taken new forms under the direction of U.S. Intelligence agencies. CARIC hopes that these same concerned citizens will continue to oppose the policies of our government which bring this new form of *covert war* and the Watergate scandals. It is now time for thousands of Americans to mobilize to stop the spying as we stopped the dying. *Please join us in our effort.*

THE COMMITTEE FOR ACTION/RESEARCH ON THE INTELLIGENCE COMMUNITY (CARIC)

INTELLIGENCE REPORT

• CARIC ORGANIZATION

CARIC is organized to reflect the operating procedures of a typical intelligence organization. Our research process involves collecting information from a wide variety of sources both public and private. Our analysis is the collective product of CARIC participants and eliminates any compartmentalization of knowledge. The information and our analysis is then disseminated through CARIC publications and separate works by CARIC participants. In addition, CARIC provides information to other journalists and qualified researchers.

• INTELLIGENCE DOCUMENTATION CENTER (IDC)

CARIC is continuously collecting information on intelligence from a variety of sources including official government publications and documents, previous investigations, public accounts and interviews conducted with hundreds of former intelligence and police agents. The information forms the data-base of the Intelligence Documentation Center maintained by CARIC. The IDC is a library of information on U.S. Intelligence available upon request to journalists, qualified researchers and members of CARIC.

• SPEAKERS BUREAU AND WORKSHOPS

CARIC maintains a listing of members available to speak before groups on a variety of subjects ranging from the foreign intelligence programs of our government to the problems of criminal justice in this country. Our speakers include former intelligence workers, police agents and informers and others familiar with American intelligence.

CARIC will periodically conduct workshops for church, labor, school or community organizations. Workshop topics include:

- OPERATION PHOENIX — CIA assassination in Vietnam
- SALEM HOUSE — Preparation for the coup in Cambodia
- The CIA in Laos
- OPERATION BOULDER — An introduction to the next American war
- Right-wing terrorism in America
- Federal Planning for civil disturbances: Riots and demonstrations
- The Internal Security apparatus and Watergate

• MULTI-MEDIA BRIEFING

CARIC will soon augment our workshops with a multimedia briefing on U.S. intelligence featuring films, video tapes, displays and recorded interviews. The exhibit will dramatically illustrate intelligence as practiced by our government. Our hope is to create a super-conscious realization by our audience of the concepts presented in the display.

The first element of the multi-media briefing is a slide show tracing the growth of the internal security apparatus of our government and demonstrating how this apparatus influenced the Watergate scandals. The slide show terminates with suggestions for limiting future growth of the internal security apparatus.

WASHINGTON--NEW ORLEANS DISTRICT ATTORNEY JIM GARRISON IS ONE OF SEVEN BOARD MEMBERS OF A NEW NATIONAL COMMITTEE TO INVESTIGATE ASSASSINATIONS WHICH IS BEING FORMED HERE.

BERNARD FENSTERWALD, 47, OF ARLINGTON, VA., ANOTHER BOARD MEMBER, SAID THE COMMITTEE'S PURPOSE IS "TO EMBARRASS OR FORCE THE GOVERNMENT TO MAKE INVESTIGATIONS THEY HAVE BEEN PUTTING OFF SINCE NOV. 22, 1963."

THAT WAS THE DATE OF PRESIDENT KENNEDY'S ASSASSINATION IN DALLAS FENSTERWALD, WHO SAID HE WAS SETTING UP AN OFFICE WHICH WOULD OPEN IN A WEEK, LEFT THE SENATE EARLIER THIS WEEK AFTER 12 YEARS AS COUNSEL FOR SEVERAL COMMITTEES.

"THE COMMITTEE WILL CONCENTRATE ON THE THREE BEST KNOWN ASSASSINATIONS -- PRESIDENT KENNEDY, SENATOR ROBERT KENNEDY AND DR. MARTIN LUTHER KING -- BUT WILL LEAVE ITS OPTIONS OPEN ON SOME OTHER RATHER MYSTERIOUS DEATHS," HE SAID.

"OUR POSITION IS THERE WAS A CONSPIRACY IN DALLAS. THERE WERE STRONG FOOTPRINTS OF A CONSPIRACY IN MEMPHIS WHERE DR. KING WAS SHOT AND NOBODY REALLY KNOWS MUCH ABOUT WHAT WENT ON IN LOS ANGELES (WHERE SENATOR KENNEDY WAS SLAIN) BUT WE INTEND TO LOOK."

HE SAID THE COMMITTEE HOPED TO FIND PRIVATE FINANCIAL SUPPORT TO HIRE A PROFESSIONAL STAFF FOR ITS INVESTIGATIONS.

OTHER BOARD MEMBERS, SAID FENSTERWALD, INCLUDE BILL TURNER OF SAN FRANCISCO, A FORMER FBI AGENT; RICHARD SPRAGUE OF HARTSDALE, N.Y., A COMPUTER EXPERT; FRED J. COOK, ENGLEWOOD, N.J., AUTHOR; LLOYD TUPLING, ASSOCIATED WITH THE SIERRA CLUB HERE, AND PARIS FLAMMONDE, A NEW YORK WRITER WHO WILL HAVE A BOOK OUT NEXT WEEK ON ASSASSINATIONS.

SYNOPSIS:

UPI release of 1-3-69 announced the formation of National Committee to Investigate Assassinations. Board members of the committee include Bernard Fensterwald; Jim Garrison, New Orleans District Attorney; William Turner, former FBI Agent; Fred J. Cook, author; Richard Sprague, a computer expert; Lloyd Tupling, Washington, D. C.; and Paris Flammonde, author of a book on assassinations, soon to be released. The Director has asked for a memorandum on Fensterwald, Sprague, Tupling and Flammonde.

Fensterwald, former Chief Counsel to Senator Long's committee on wiretapping was subject of applicant-type inquiries conducted by Bureau in 1949 and 1959. The names of Fensterwald's mother and sister appeared on a list of delegates and members in 1942 of the Southern Conference for Human Welfare, cited by the House Committee on Un-American Activities. While employed by the State Department in 1956, Fensterwald and his mother traveled to the Soviet Union.

We have had considerable contact with Fensterwald over the past four years as Chief Counsel of the United States Senate Committee on the Judiciary; Subcommittee on Administrative Practice and Procedure (the Long committee). In these contacts Fensterwald has clearly shown he is unscrupulous, untrustworthy and anti-FBI. He frequently sought to involve the FBI in wiretapping probes by Long's committee and in January, 1966, in connection with hearings in San Francisco Fensterwald indicated that ex-Agent William Turner would be one of the witnesses he intended to call in connection with FBI wiretapping. Mr. DeLoach briefed Fensterwald and Senator Long as to Turner's unsavory background. Turner is another board member of the assassination committee.

M. A. Jones to Bishop memo
RE: NATIONAL COMMITTEE TO
INVESTIGATE ASSASSINATIONS

In December, 1965, it was obvious that Fensterwald had sent information to Fred Cook, longtime FBI critic, for article in "The Nation" by Cook dealing with wiretapping by Government agencies. Cook quoted Fensterwald as stating, "The thing that has impressed me most is the ease with which Federal agents can lie under oath."

Mr. DeLoach maintained close personal liaison with Senator Long regarding his committee hearings and it was necessary on occasion to contact him regarding letters written over Long's signature to the Bureau requesting certain information. One such instance was in December, 1967, regarding FBI contacts with credit unions. Long stated we should ignore the letter and he would instruct Fensterwald to "keep hands off" the FBI. On same occasion Senator Long advised Mr. DeLoach that Fensterwald had "shot off his mouth too much" in connection with two articles in "Life" magazine dealing with Senator Long which allegedly had been "planted" by Bobby Kennedy.

Fensterwald, who will be Executive Director of assassination committee, left his post as Chief Counsel for the Long committee last month, apparently when Long resigned as Senator in order to give his successor seniority when the present Senate went into session.

No information in Bufiles concerning Paris Flammonde.

No pertinent information in Bufiles concerning Lloyd Tupling who may be identical with individual who was on staff of Senator Richard L. Neuberger in 1954.

Richard Sprague may be identical with individual who contacted Senator Robert F. Kennedy's office in early 1968 regarding his theory that more than one individual had fired shots at President Kennedy when he was assassinated. Sprague had reportedly assisted other individuals who share his views and who were otherwise critical of the Warren Commission findings.

From the above lineup, including Garrison and Turner, it is obvious that we can expect anti-FBI sentiments from such a group.

M. A. Jones to Bishop memo
RE: NATIONAL COMMITTEE TO
INVESTIGATE ASSASSINATIONS

DETAILS:

A UPI release on January 3, 1969, announced the formation of a new National Committee to Investigate Assassinations. According to Bernard Fensterwald, 47, of Arlington, Virginia, a board member, the committee's purpose is "to embarrass or force the Government to make investigations they have been putting off since November 22, 1963." According to Fensterwald, the committee will concentrate on the assassinations of President Kennedy, Senator Robert Kennedy and Dr. Martin Luther King. In addition to Fensterwald, other members were identified as Jim Garrison, New Orleans District Attorney; William Turner, former FBI Agent; Fred J. Cook, author; Richard Sprague, Hartsdale, New York, a computer expert; Lloyd Tupling, associated with the Sierra Club, Washington, D. C.; and Paris Flammonde, a New York writer who is the author of a book on assassinations, which is soon to be released.

The Director has asked for a memorandum on Fensterwald, Sprague, Tupling and Flammonde.

Bernard Fensterwald: Fensterwald was born on August 2, 1921, at Nashville, Tennessee. He received the B. S. degree from Harvard College in 1942 and the LL. B. degree from Harvard Law School in 1949. He received the M. A. degree in 1950 from the School of Advanced International Studies, Washington, D. C. Va. - 10425

Fensterwald was the subject of applicant-type inquiries conducted by the Bureau in 1949 and 1959. While generally favorable, the names of Mr. Fensterwald's mother and sister appeared on a list of delegates and members of the Southern Conference for Human Welfare, cited by the House Committee on Un-American Activities, at a meeting held on April 19-21, 1942, at Nashville, Tennessee. Fensterwald and his mother traveled to the Soviet Union in June, 1956, for a three-week vacation visit. At that time, Fensterwald was employed as a lawyer by the United States Department of State.

Fensterwald has been employed on the staffs of a number of Senate committees. In 1953 Fensterwald was employed by the Senate Subcommittee on Constitutional Rights (Henning Committee) and was involved in

M. A. Jones to Bishop memo
RE: NATIONAL COMMITTEE TO
INVESTIGATE ASSASSINATIONS

a request to the Bureau from this subcommittee for a list of instances wherein we had furnished information to members of Congress. Senator Henning subsequently advised the Bureau that Fensterwald's requests to the Bureau had been improper. Over the past four years we have had considerable contact with Bernard Fensterwald as Chief Counsel of the United States Senate Committee on the Judiciary; Subcommittee on Administrative Practice and Procedure (the Long Committee). In these contacts with Fensterwald it was clearly evident he was unscrupulous, untrustworthy and anti-FBI. He frequently endeavored to draw the FBI into conflicts around the country by his requests of various telephone companies and other sources who might possibly have information of wiretaps and other technical surveillances by the FBI. In January, 1966, in connection with Fensterwald's hearings in San Francisco he indicated that ex-Agent William Turner would be one of the witnesses he intended to call in connection with the extent of FBI wiretapping. Mr. DeLoach briefed Fensterwald and Senator Long who was present at the time of the discussion with Fensterwald as to Turner's unsavory background. Fensterwald indicated he would take a second look at Turner in view of the information furnished by Mr. DeLoach. (Turner is reportedly another board member of the assassination committee)

"The Nation" magazine in December, 1965, carried an article by Fred J. Cook dealing with wiretapping by Government agencies, including the FBI. It was obvious Cook, a longtime FBI critic, had obtained the information for his article from Fensterwald whom he quoted several times. Typical of many of Fensterwald's utterances in connection with his assignment as Chief Counsel of Senator Long's committee was the statement, in "The Nation" magazine article, "The thing that has impressed me most is the ease with which Federal agents can lie under oath."

Mr. DeLoach maintained close personal liaison with Senator Long concerning the work of the FBI as it might pertain to inquiries conducted by his committee. On occasions letters directed to the FBI requesting certain information were handled orally by Mr. DeLoach with Senator Long who indicated that Fensterwald had prepared the letters. One such instance was in December, 1967, in connection with FBI contacts with credit unions. On that occasion, Senator Long stated we should ignore the letter and he would instruct Fensterwald to "keep hands off" the FBI. On the same occasion

M. A. Jones to Bishop memo
RE: NATIONAL COMMITTEE TO
INVESTIGATE ASSASSINATIONS

Senator Long told Mr. DeLoach that Fensterwald has "shot off his mouth too much" in connection with two articles in "Life" magazine dealing with Senator Long which allegedly had been "planted" by Bobby Kennedy. According to the "Washington Post" of 1-3-69, Fensterwald will be the Executive Director of captioned committee. It is noted he left his post as Chief Counsel for the Long committee approximately a week ago, apparently when Long resigned as Senator in order to give his successor seniority when the present Senate went into session. (77-44206)

~~Paris Flammonde~~: Bureau files contain no information identifiable with Paris Flammonde. *N.M.*

~~Lloyd Tupling~~: During 1954, W. Lloyd Tupling was appointed the Information Officer of the staff of Richard L. Neuberger, Democratic Senator of Oregon. One Lloyd Tupling, University News Bureau, Eugene, Oregon, was listed as a member of the "Society of America's Friends of the Mexican People" as of 8-13-38. This group is no longer in existence and was not investigated by the FBI, although indications were that the group was sympathetic to the communist cause. During May, 1950, one Lloyd Tupling was the publisher of "The State-Wide Newspaper," a weekly published in Boise, Idaho. (100-179915-23) *Summary* *DE-71*

~~Richard Sprague~~: In a Rosen to Mr. DeLoach memo dated 3-26-68, captioned "Assassination of President John Fitzgerald Kennedy, 11-23-63, Dallas, Texas," it was noted that Richard E. Sprague had written to Joseph F. Dolan, Administrative Assistant to Senator Robert F. Kennedy, enclosing a number of photographs taken at the assassination site, and also stating that he was a proponent of the theory that more than one individual was firing shots at President Kennedy when he was assassinated. Bureau, Dallas and New York files contained no information on Sprague at that time, and New York was instructed to conduct a credit and criminal inquiry on him in an attempt to identify him, and these checks were negative. *Summary* *N.M.*

A review was made of books written by critics of the Warren Commission to determine if Sprague might have collaborated with them. In Josiah Thompson's book, "Six Seconds in Dallas," he acknowledges assistance from one "Richard Sprague" not further identified. Sylvia Meagher, author of "Accessories After the Fact," a severe critique of the Warren Commission,

M. A. Jones to Bishop memo
RE: NATIONAL COMMITTEE TO

FBI, CIA, Secret Service, and Dallas Police Department, acknowledges the assistance of Richard E. Sprague stating, "I am grateful to Richard E. Sprague for making available a list compiled by him of photographs and films which seem to have been overlooked entirely by the Warren Commission and these investigative agencies. "

Sprague wrote us on 7-9-68 along the same vein he had written Mr. Dolan, , indicating he had important photographs of the assassination which should be reviewed by us, and also enclosed a research monograph relating to the assassination of President Kennedy. By letter of 7-18-68, we advised Mr. Sprague that the information in his monograph, as well as the photographs, were previously furnished the Bureau by the office of former Senator Robert F. Kennedy. Our files reveal no additional pertinent data concerning Sprague. (62-109060-6520)

SUBJECT: BERNARD FENSTERWALD
 EXECUTIVE DIRECTOR
 NATIONAL COMMITTEE
 TO INVESTIGATE ASSASSINATIONS

Fensterwald appeared as a guest on a radio program called, "Sunday Dialogue" featured by radio station WAVA 1/12/69. This was a two-hour show. The first hour Fensterwald was interviewed by the narrator regarding the purpose of the National Committee to Investigate Assassinations and the second hour was answering questions telephonically from the inquiring public.

Fensterwald stated that the Warren Commission report is a "fairy story" and that it is false and one of the biggest "snow jobs" ever done. He said the Committee's office will be located at 927 15th Street, Northwest, Washington, D. C., telephone number 347-3837.

Fensterwald mentioned at present he has no staff but does have a Board of Directors which include Jim Garrison, New Orleans District Attorney, William Turner, former FBI Agent, Fred J. Cook, Paris Flammonde, author and others. He hopes to build an investigative staff through funds obtained from private sources and donations. Thereafter, the staff will conduct necessary investigation into the assassinations of President John Fitzgerald Kennedy, Martin Luther King, and Robert F. Kennedy.

Fensterwald intends to link forces with various individuals around the country namely Jim Garrison, Harold Weisberg, Josiah Thompson and others to form an organization so that a large pool of information relating to the assassinations will be available.

When this information becomes available, it is Fensterwald's intention to force, persuade or embarrass the Government to appoint a new Commission or for Congress to reopen the investigation concerning the assassination of President Kennedy. He contends the truth will come out.

Memo Rosen to DeLoach
RE: BERNARD FENSTERWALD

Fensterwald stated he believed there was a definite conspiracy involved in the assassination of President Kennedy and that there was more than one assassin involved. He indicated he doubts very much the Warren Commission's statement that there was no conspiracy involved in the assassination of President Kennedy. Fensterwald wants to have the photographs of President Kennedy's autopsy, currently in the Archives, made available as he believes with others of the group with whom he has become aligned, that shots which were responsible for President Kennedy's death came from the front, rather than from the rear.

Fensterwald briefly discussed his background as being associated with Senator Long's committee on wire tapping and had been involved in investigating the Internal Revenue Service and the Department of Justice. He was asked by the narrator if he intended to investigate the FBI. Fensterwald said he was not "doing an investigation of the FBI as such," however, will have the advantage of having William Turner on the Board of Directors as well as Fred J. Cook, who are knowledgeable about the activities of the FBI and other Government agencies. Fensterwald mentioned Paris Flammonde, whom he described as an author who recently wrote the book "Why President Kennedy Was Killed." Flammonde takes the position in this book that there was a conspiracy involved and analyzes the possibilities of who were involved.

Comments made by Fensterwald regarding the investigation of President Kennedy conducted by the Warren Commission readily revealed that he was not familiar with the full facts or the information contained in the Commission's report. Further he has aligned himself with individuals whom we know to be severe critics of the Warren Commission, the FBI, the CIA and other Government agencies.

He indicated another purpose he has is "to restore some sense of integrity to our Government," as an unsolved murder of a President casts doubt on the Government. Therefore, he will make efforts to bring an honest investigation "by our Government" into the assassination of President Kennedy.

From comments made by Fensterwald and because of the known background of the individuals with whom he is associating, it can be anticipated this group will undoubtedly make unwarranted attacks against the FBI in the future.

SUBJECT : "GARRISON and the Kennedy Assassination:
Bernard FENSTERWALD et al."

1. A Washington UPI dispatch of 3 January 1969 reads as follows:

Washington -- New Orleans District Attorney Jim Garrison is one of seven board members of a new national committee to investigate assassinations which is being formed here.

b6
b7c

Bernard Fensterwald, 47, of Arlington, Va., another board member, said the committee's purpose is "To embarrass or force the government to make investigations they have been putting off since Nov. 22, 1963."

That was the date of President Kennedy's assassination in Dallas.

Fensterwald, who said he was setting up an office which would open in a week, left the senate earlier this week after 12 years as counsel for several committees.

"The committee will concentrate on the three best known assassinations -- President Kennedy, Senator Robert Kennedy and Dr. Martin Luther King -- but will leave its options open on some other rather mysterious deaths," he said.

"Our position is there was a conspiracy in Dallas; there were strong footprints of a conspiracy in Memphis where Dr. King was shot and nobody really knows much about what went on in Los Angeles (where Senator Kennedy was slain) but we intend to look."

He said the committee hoped to find private financial support to hire a professional staff for its investigations.

Other board members, said Fensterwald, include Bill Turner of San Francisco, a former FBI agent; Richard Sprague of Hartsdale, N. Y., a computer expert; Fred J. Cook, Englewood, N. J., author; Lloyd Tupling, associated with the Sierra Club here, and Paris Flammonde, a New York writer who will have a book out next week on assassinations.

Eight more board members will be named later, Fensterwald said.

2. William Turner and Fred J. Cook are well known to you. Paris Flammonde appears in the January 1969 issue of Evergreen as the author of an article entitled "Why President Kennedy Was Killed". His book The Kennedy Conspiracy has been published by Meredith Press, New York. The dust cover of the book states that Flammonde was for many years the producer of the Long John Nebel radio show. We have no record of him.

3. Reference is made to your memorandum, New York office, 24 August 1956, subject: Blanche Fensterwald, also known as: Mrs. Bernard Fensterwald. We should be grateful if you can determine whether the Bernard Fensterwald who appears in this report is identical with the 47 year old Bernard Fensterwald cited in the UPI dispatch. If so, any additional information is also requested.

4. Our records show that Richard Sprague, a management consultant and photographic researcher, appeared in a New York Times article of 24 May 1968 in which he claimed that within an hour of the assassination of President Kennedy three men may have been pulled off freight cars in a railroad yard near Dealy Plaza. We have no further identifiable record of him. We also have no record of Lloyd Tupling. We should be grateful for any further information about Sprague, Tupling, or Flammonde.

Enclosed is a copy of a memorandum dated March 20, 1959, which sets forth considerable background data concerning Fensterwald. (77-44206-34)

During recent years, Fensterwald has served as General Counsel for Senator Edward V. Long's Subcommittee on Administrative Practice and Procedure.

A check of our files also disclosed that we received correspondence from Richard E. Sprague, 37 Harvard Drive, Hartsdale, New York, in July, 1968. On that occasion,

Mr. Sprague furnished a copy of his research monograph describing photographs of the assassination of President John F. Kennedy which he had accumulated. Mr. Sprague requested an opportunity to meet with a representative of this Bureau to review and discuss his material. However, we noted in reviewing Mr. Sprague's material that there was nothing new that had not already been fully considered in our examination of the evidence involved in the assassination of President John F. Kennedy and, therefore, we informed Mr. Sprague we did not feel it necessary to meet with him to go over his material. (62-109060-6520)

In reviewing some of the books written by critics of the Warren Commission, we noted that Josiah Thompson, in his book entitled "Six Seconds in Dallas," acknowledged assistance from one "Richard Sprague" not further identified.

b3
b7E

We also noted that Sylvia Meagher, author of "Accessories After the Fact," acknowledged the assistance of Richard E. Sprague stating "I am grateful to Richard E. Sprague for making available a list compiled by him of photographs and films which seem to have been overlooked entirely by the Warren Commission and these investigative agencies." In her book, Mrs. Meagher was extremely critical concerning the Warren Commission, the FBI, the Central Intelligence Agency, the Secret Service and the Dallas Police Department. (62-109060-6290)

A check of our files also disclosed that during 1954 W. Lloyd Tupling was appointed the Information Officer of the Staff of Richard L. Neuberger, Democratic Senator of Oregon. One Lloyd Tupling, University News Bureau, Eugene, Oregon, was listed as a member of the "Society of America's Friends of the Mexican People" as of August 13, 1938. This group is no longer in existence and was not investigated by the FBI, although indications were that the group was sympathetic to the communist cause. During May, 1950, one Lloyd Tupling was the publisher of "The State-Wide Newspaper," a weekly newspaper published in Boise, Idaho. (100-179915-23)

Probers Claim Plots in Kennedy, King Deaths

Exclusive to The Times from a Staff Writer

WASHINGTON—A new group investigating American political assassinations suggested Monday that conspirators — some of them possibly the same persons—were behind the murders of President John F. Kennedy and Dr. Martin Luther King.

The conspiracy allegations — some new and some old—were made at a press conference by the committee to investigate assassinations.

The committee, declining to reveal the source of its finances, charged that the government was deliberately withholding facts about the assassinations for fear the American public was not prepared to accept them.

Bernard Fensterwald, Jr., executive director of the committee, whose directors include New Orleans Dist. Atty. Jim Garrison, said one purpose in holding the press conference was "to get our names before the public" to help raise funds.

Fensterwald, former counsel to the Senate judiciary subcommittee on administrative practices and

procedures, said the new committee has raised "a relatively small sum"—enough to run a two-man office here.

He said the committee "ultimately hopes to force the federal government into the thorough and honest inquiry which it has avoided" since the death of President Kennedy.

Fensterwald stepped down as the senate subcommittee's counsel last

Jan. 1 after the chairman, Sen. Edward V. Long (D-Mo.), lost his bid for reelection.

Other directors are: Fred Cook, Englewood, N.J., freelance writer and critic of the FBI; John Henry Faulk, Austin, Tex., humorist and writer; Paris Flammonde, New York author of "The Kennedy Conspiracy;" Richard Popkin, a philosophy professor at UC-San Diego; Lloyd Tupling, Washington representative for the Sierra Club; Richard Sprague, a self-employed Hartsdale, N.Y., management consultant; and William Turner, former FBI agent and a writer for Ramparts magazine.

A private committee formed here to "investigate assassinations," and headed by Bernard Fensterwald Jr., former counsel to the Senate Judiciary sub-committee on Administrative Practices, said that a man photographed in Dallas an hour after President John F. Kennedy's murder may be the real killer of Dr. Martin Luther King. He said the photo matched the artist's sketch of the man who killed Dr. King. The FBI had no comment.

Dear Mr. Hoover:

Through an old friend on the Dallas, Texas, Police Department, the attached material came to my attention, and I am passing it along to you as of possible interest.

~~The material consists of the articles of incorporation of a Committee to Investigate Assassinations, Inc.; a partial list of prospective directors and members; and a resume of Bernard Fensterwald, Jr.~~

My friend advises that Fensterwald together with a woman named Sandy had been making contact in Dallas with witnesses and others who might be knowledgeable about the John F. Kennedy assassination. Fensterwald represented himself as acting for a Committee to Investigate Assassinations, Inc., and created the impression that he and his group were anxious to find some new evidence or statements that would tend to contradict the conclusion of the Warren Commission.

Sincerely,

SUBJECT: BERNARD FENSTERWALD
EXECUTIVE DIRECTOR
NATIONAL COMMITTEE
TO INVESTIGATE ASSASSINATIONS

Fensterwald appeared as a guest on a radio program called, "Sunday Dialogue" featured by radio station WAVA 1/12/69. This was a two-hour show. The first hour Fensterwald was interviewed by the narrator regarding the purpose of the National Committee to Investigate Assassinations and the second hour was answering questions telephonically from the inquiring public.

Fensterwald stated that the Warren Commission report is a "fairy story" and that it is false and one of the biggest "snow jobs" ever done. He said the Committee's office will be located at 927 15th Street, Northwest, Washington, D. C., telephone number 347-3837.

Fensterwald mentioned at present he has no staff but does have a Board of Directors which include Jim Garrison, New Orleans District Attorney, William Turner, former FBI Agent, Fred J. Cook, Paris Flammonde, author and others. He hopes to build an investigative staff through funds obtained from private sources and donations. Thereafter, the staff will conduct necessary investigation into the assassinations of President John Fitzgerald Kennedy, Martin Luther King, and Robert F. Kennedy.

Fensterwald intends to link forces with various individuals around the country namely Jim Garrison, Harold Weisberg, Josiah Thompson and others to form an organization so that a large pool of information relating to the assassinations will be available.

When this information becomes available, it is Fensterwald's intention to force, persuade or embarrass the Government to appoint a new Commission or for Congress to reopen the investigation concerning the assassination of President Kennedy. He contends the truth will come out.

Memo Rosen to DeLoach
RE: BERNARD FENSTERWALD

Fensterwald stated he believed there was a definite conspiracy involved in the assassination of President Kennedy and that there was more than one assassin involved. He indicated he doubts very much the Warren Commission's statement that there was no conspiracy involved in the assassination of President Kennedy. Fensterwald wants to have the photographs of President Kennedy's autopsy, currently in the Archives, made available as he believes with others of the group with whom he has become aligned, that shots which were responsible for President Kennedy's death came from the front, rather than from the rear.

Fensterwald briefly discussed his background as being associated with Senator Long's committee on wire tapping and had been involved in investigating the Internal Revenue Service and the Department of Justice. He was asked by the narrator if he intended to investigate the FBI. Fensterwald said he was not "doing an investigation of the FBI as such," however, will have the advantage of having William Turner on the Board of Directors as well as Fred J. Cook, who are knowledgeable about the activities of the FBI and other Government agencies. Fensterwald mentioned Paris Flammonde, whom he described as an author who recently wrote the book "Why President Kennedy Was Killed." Flammonde takes the position in this book that there was a conspiracy involved and analyzes the possibilities of who were involved.

Comments made by Fensterwald regarding the investigation of President Kennedy conducted by the Warren Commission readily revealed that he was not familiar with the full facts or the information contained in the Commission's report. Further he has aligned himself with individuals whom we know to be severe critics of the Warren Commission, the FBI, [redacted] and other Government agencies.

b3
b7E

He indicated another purpose he has is "to restore some sense of integrity to our Government," as an unsolved murder of a President casts doubt on the Government. Therefore, he will make efforts to bring an honest investigation "by our Government" into the assassination of President Kennedy.

From comments made by Fensterwald and because of the known background of the individuals with whom he is associating, it can be anticipated this group will undoubtedly make unwarranted attacks against the FBI in the future.
