SUBJECT:   "PROJECT ALERT"
           INFORMATION CONCERNING

On 12/12/61, during the course of the evening session of "Project Alert" (PA) which was held at the Shrine Auditorium, Los Angeles, which was televised over the local facilities of television station KTLA, Channel 5, ROB DIX, a PA official and son of former motion picture star RICHARD DIX, read several letters to the entire listening and viewing audience which had been written by Mr. WALTER KNOTT, a militant anticommunist in the Los Angeles area and a supporter of "Project Alert."

Mr. DIX announced the letters had been sent to Governor EDMUND G. BROWN and Attorney General STANLEY MOSK of California and Attorney General ROBERT KENNEDY. The letters were all similar in content, and each invited the recipient to speak before one of the sessions of PA.

The letters mentioned that these public officials had spoken out in the past against "extreme rightists." They were invited to appear before any PA session that might fit their schedules in order that they might bring to the attention of the audience the dangers of "rightists" as well as "leftists." During the telecast, it was mentioned that these letters had not been acknowledged.
A news item concerning this session of PA in the "Los Angeles Times" paper of 12/13/61 indicates that Governor BROWN's office in Sacramento was contacted concerning the invitation to him. BROWN's office stated that the Governor's attendance at New York Civil Defense meetings and his heavy schedule prevented his appearance.

Attorney General MOSK, according to the article, said his schedule is made up several weeks in advance and he could not at this late date make arrangements to appear before the group to make an address.

The article included that United States Attorney General ROBERT KENNEDY had not answered the letter by Tuesday, 12/12/61.

According to the "Times" article, the invitations were sent out Thursday, 12/7/61, by Air Mail Special Delivery.

At the end of the television program 12/12/61, W. CLEON SKOUSEN, Faculty Director of PA, a former Special Agent, spoke about the Congo situation for a few moments. He asked that letters and telegrams be sent to the three persons who have power to influence United States attitudes toward the Congo: President JOHN F. KENNEDY, Secretary of State DEAN RUSK and United States United Nations Representative ADLAI STEVENSON.

The Los Angeles Office ascertained that letters were also directed to Los Angeles County Sheriff's Office former Special Agent and Los Angeles Police Department to address sessions of PA. Los Angeles also ascertained that does not plan to address any PA sessions but that has tentative plans to address the assembly on Friday, 12/15/61.

News clippings concerning these sessions are being forwarded.

For additional information of the Bureau, contacted the Los Angeles Office this date and
advised he was considering preparing an article concerning some statements made by CLEON SKOUSEN at a session of PA. He stated that SKOUSEN had said that a law should be enacted which would definitely ban the Communist Party (CP) and make it illegal for persons to become members of the CP. He requested that this office furnish him a statement to the effect that there was no need for such a new law since the Smith Act of 1940 covered the situation. He was advised that this office was not in a position to furnish him such a statement or any statement regarding PA.

He advised he understood the Bureau's position and indicated that he would check with the United States Attorney's Office, Los Angeles, and again advised that he was only considering preparing an article.

This "special newsletter" states as follows:

"U.S. BECOMES CASTRO PROTECTOR!...The recent delivery of a "No Invasion Promise" by President John F. Kennedy has the effect of reducing the United States to the shameful role of a surrendering Nation. This was a Pyrrhic Victory for the United States and whether or not we like it, the Communists have won the first Round...THOSE MISSILES ARE STILL IN CUBA!...Every prediction of our Committee with relation to the events of this crisis have been proven!!!

"THE CUBAN PEOPLE WILL HAVE TO FREE THEMSELVES! ! Already any efforts of the Cuban Underground here in the U. S. are being frustrated by the NO WIN BUT SURRENDER POLICY of the present Administration...By this declaration of President Kennedy and with the support of the armed forces of the United States, unwilling though they may be, the Cubans are in essence FORBIDDEN TO FREE THEIR COUNTRY!

"GET CASTRO NOW! ... There has never been a more opportune time to clean up this entire Cuban Mess! The Americans and our allies to the South smell a rat in this horse-trading of President Kennedy and his Chosen Advisors.... "BLOOD STILL RUNS IN CUBA". Reports leaking out of Cuba indicate that there is an increasing slaughter of non-conformists.... News stories out of Camaguey indicate the execution of 'American' agents of the CIA... these stories may be true... but it is more likely that these executed Patriots are those who are being abandoned by the Kennedy Declaration of NO INVASION. Dear George:

I have been advised by Mr. DeLoach of your request, on behalf of Mr. Walter Knott, that I speak at the ceremony dedicating the replica of Independence Hall at Knott's Berry Farm on July 4, 1966.

This is indeed an honor and I am most appreciative of this invitation. This project will do much to foster a better understanding of this country's heritage of freedom among all who visit it. While I would like very much to take part in this ceremony, I regret that my heavy schedule precludes my attendance. I am sure you will understand the reason that it is necessary for me to decline. Please convey my regrets to Mr. Knott and my thanks for his extending this invitation to me.

Sincerely,

Edgar

Memorandum

TO: Mr. Wick
FROM: M. A. Jones
SUBJECT: SENATOR GEORGE MURPHY REQUEST FOR DIRECTOR TO SPEAK AT KNOTT'S BERRY FARM BUENA PARK, CALIFORNIA JULY 4, 1966

Senator Murphy (R-California) has called Mr. DeLoach's office to request that the Director appear as the main speaker at a televised ceremony which is to be held at Knott's Berry Farm, Buena Park, California, on July 4, 1966. Senator Murphy said this ceremony related to the dedication of an exact replica of Independence Hall which is being constructed at Knott's Berry Farm and which will be dedicated on July 4th.

Senator Murphy stated that Walter Knott, owner of Knott's Berry Farm, has been in contact with him concerning this matter and has indicated he would be greatly honored if the Director would consent to appear as the speaker at this ceremony. Murphy stated that he was extending this invitation on behalf of Mr. Knott and added that the Director's acceptance of this invitation would be an honor for all citizens of California.

INFORMATION IN BUFILES:

Knott's Berry Farm is a well-known tourist attraction in Southern California which has various exhibits which relate to the early history of America. Files indicate that Mr. Walter Knott is considered a militant anticommunist who has supported a number of rightist organizations in California. Mr. Knott also operates Freedom Center at Knott's Berry Farm which is concerned with educating the public to the dangers of communism. No unfavorable information concerning Mr. Knott was located in Bufiles.

M. A. Jones to Wick Memo  
RE: SENATOR GEORGE MURPHY

We have had very cordial relations with Senator Murphy and he is on the Special Correspondents' List. It is noted that Senator Margaret Chase Smith, by letter dated March 2, 1965, advised that during a conversation with Senator Murphy, she had learned that, at his request, the FBI made a thorough investigation of his staff members and she desired that the FBI make a similar check of the members of her staff. The Director noted on this occasion that, "Murphy talks too much." Mr. DeLoach subsequently talked to Murphy and told him in strict confidence that he might want to be careful about talking concerning the confidential favors we do for him and the matter concerning Mrs. Smith was outlined to him. Murphy was most embarrassed and stated that this would not happen again.

The "New York Herald" of August 8, 1965, carried an article concerning the Negro riots in Los Angeles which stated in part that Murphy indicated he had received an FBI briefing to the effect that the communist-oriented W. E. B. DuBois Clubs were moving into the Watts district to take advantage of the unsettled situation. Mr. Hoover noted, "This shows we can't afford to give Murphy anything."

Murphy has commented favorably in public concerning the FBI on numerous occasions and has indicated his staunch support for the Bureau.

OBSERVATION:

It is not believed that the Director would desire to take time from his busy schedule to accept this invitation to speak at the ceremony dedicating the replica of Independence Hall at Knott's Berry Farm on July 4, 1966.

RECOMMENDATION:

That the attached letter be sent to Senator Murphy advising that Mr. Hoover's heavy schedule precludes him from accepting his invitation.

Dear George:

This letter will be longer than I care to write, but the matter is, we think, of such importance to necessitate giving you the background as well as the current plans.

First, I believe I should state the problem -- how to get J. Edgar Hoover to make a personal appearance in Orange County on July 4th of this year.

On the fourth of July in 1966, Mr. Knott opened to the public the first full-scale, exact brick-by-brick reproduction of Independence Hall. Each year since that time, we have presented an award, which we named the Richard Henry Lee Award in honor of the man who did most of the actual writing of the Declaration of Independence, to an individual who by their actions, lives, both past and present, personified the thought embodied in this great document.

The first award was given in 1967 to General Curtis E. LeMay, who, at that time, had never been involved in any partisan political efforts.

The second year, the award was given to ____________ and for the example that she was and is to the youth of our country.

This year, we would like to present this award to J. Edgar Hoover.

Governor Ronald Reagan has graciously agreed to be present, and the Philadelphia Historical Society

in Pennsylvania is coordinating their program with ours here on the West Coast. At the present time, we hope to have this on a national television hookup. The governors of every state have been contacted, asking them to join within their own states with a suitable program culminating at the same time across the nation with the ringing of bells at 2:00 p.m., Eastern daylight saving time (11:00 a.m., Pacific daylight saving time).

George, I think you know the climate of Orange County and just how much the people in our county love and respect Mr. Hoover. I realize that he is endeared in many other places, but I doubt that there is any spot in the nation where he is so revered as right here. We have never had the opportunity to show Mr. Hoover this appreciation; and, while I realize that he makes very few public appearances, it is our sincerest prayer that he would make an exception in this case.

We understand that you are as close to his ear as anyone within the nation's Capitol; and, rather than write directly to him, we thought it better to go through you since you do know and can better communicate to him the mood, the climate, and the people than we could in a letter.

The program is scheduled to start at 10:30 a.m., and it will conclude at 11 o'clock. There will be a pre-program of approximately one-half hour and a post-program of approximately an equal length.

We, naturally, are prepared to pay any and all expenses; and Mr. and Mrs. Knott would like very much to have Mr. Hoover as their personal guest for lunch, a tour of the "Farm," dinner, and for whatever time he could spare.

If you feel this is too much of an imposition to ask you to make this contact, please feel free to let us know.

Thank you for your help.

Dear George:  

In regards to the invitation to J. Edgar Hoover, it was completely inexcusable of me not to point out that this program is more or less jointly sponsored by the American Legion, Disabled American Veterans, Veterans of Foreign Wars, and the Boy Scouts as well as the local clergy and other patriotic societies. It is in no way a commercial venture of the "Farm," and the Marine Corps Band is scheduled to be here. These facts might very well make a difference in Mr. Hoover's decision.  

Thank you again for whatever you can do.

SUBJECT: CONSTRUCTIVE ACTION, INC., LA JOLLA, CALIFORNIA. DESIRE TO DISTRIBUTE COPIES OF "MASTERS OF DECEIT"

Reference is made to letter of 1-11-67, advising that Constructive Action plans to distribute a minimum of 100,000 copies of "Masters of Deceit" to high school juniors and seniors, conducting a $15,000 contest on the book.

This letter indicates that the group would like the publisher to print 51 questions in the back of the book, 25 of the true-false type, 25 multiple choice, and an essay. The students will compete for scholarships and prizes totaling $15,250. A copy of the question material is also enclosed.

DATA IN BUFILES ON CONSTRUCTIVE ACTION AND ITS OFFICIALS:

Bufiles reflect friendly correspondence with Constructive Action which is self-described as endeavoring to provide the American public with educational materials concerning threats to our institutions posed by socialist and communist ideologies. The corporation was formed in March, 1963. The group has in the past recommended "Masters of Deceit" to the reading public. A form letter in Bufiles requests contributions so that students can receive anticommmunist books; "Up From Liberalism" by William Buckley and "Masters of Deceit" are among the books listed as being distributed by the group.

ACLU Chief Refuses to Salute Flag

Teacher Fired for Being Former Red

Sam Wellbaum, an admitted Communist from 1946 to 1953, has been fired from the faculty of a high school in Garden Grove. He was one of the 110 California school teachers subpoenaed by the House Committee on Un-American Activities in 1950 but was not called to testify because the hearings were later cancelled.

Wellbaum admitted his party membership in May 1956 at a closed session of the school board. During the following months, Wellbaum threatened to continue his publicizing of the party and the school board announced that he would be suspended from his teaching duties if he continued to make such statements.

William's testimony before the school board was significant. He said that it is generally true that the Communist Party of the United States is controlled by the Kremlin. He told how he had joined the UCLA cell while a student there and then of having kept his membership after he graduated and began teaching.

Portions of the transcript of his hearing testimony to the school board will be printed in future issues of Americans On Guard.

"Audience in Walk Out"

"In a recent meeting in Orange County, Lloyd M. Smith, Southern California president of the American Civil Liberties Union (ACLU), refused to salute The American Flag."

The meeting was held at the Red Cross Hall in Buena Park. "Following a short statement that took place during the meeting, a woman in the audience asked this question: You call yourselves American Civil Liberties Union, I see no American Flag on your banner, why didn't you salute it?"

Floyd Smith: Well, that's an interesting question. There are some people who feel that listening to patriotic music in a certain manner and flag saluting are matters of vital importance. We just don't happen to feel that it is of vital importance. We feel that it is important to have free speech and press without any pressure from any source."

Audience in audience: Then why are you fighting for American liberties?

Lloyd Smith: Well, I think it's perfectly possible to be an extreme patriot and American and still put emphasis on formal attributes similar to saluting the flag. I do it every day and in every place where it is the established custom to do so. Most members of the ACLU do this. But it just happens to be the customary form of the organization at its meetings because we don't think it is desirable to emphasize the purely formal attributes, where you feel that if you salute the flag then you are legal and right and that ends it. We think that it's a much deeper thing than that, and that the formality of saluting a person by doing those in the flag is a bit misleading and that's not the real issue.

New York Committee

NEW YORK — The New York chapter of the American Civil Liberties Union (ACLU) has launched a campaign to stop the use of the flag as a symbol of patriotism.

The ACLU's campaign, called "The American Flag: An Inefficient Symbol," seeks to educate the public about the history and meaning of the flag and to promote a more inclusive and respectful approach to its use.

"Inefficient Symbol: An Inadequate Symbol"

"We're not against the flag itself," said ACLU spokesperson John Smith. "But too often we see it used in ways that are insensitive and exclusionary. We want to promote a better understanding of the flag's history and meaning, and encourage a more inclusive and respectful approach to its use."

Smith noted that the flag has been used in ways that are offensive to many Americans, including some who feel that it represents a symbol of oppression or domination.

"We want to make sure that the flag is not used in ways that divide and exclude," Smith said. "We want to promote a better understanding of the flag's history and meaning, and encourage a more inclusive and respectful approach to its use."

Smith added that the ACLU's campaign is not intended to be a call for the abolition of the flag, but rather a call for a more thoughtful and inclusive approach to its use.

Frank C. Martinez

Editor, American's On Guard

First off, since I have to thank you to those who have written and subscribed, I am happy to see that we are growing in circulation. I am printing 5,000 copies each edition.

Now, about the John Birch Society... if you don't like it, don't join it. And if you are not a member but you are one of the many Crisis Councils, you may suggest that instead of talking against it that you join it. There are 500 such anti-communist and anti-war groups...

For the record, we don't endorse any specific organization, but we do support the cause of all organizations that are fighting communism and are not members of a " hate group."

I don't expect everyone to agree with all of Robert Welch's "statements in the Public". Certainly, one must be able to do the department that one is a member of the IRS.

I am writing to you all about the John Birch Society, a patriotic organization, and I hope that you will write to the IRS and tell them that you support this organization.

Now, Frank, welcome to the world of politics, and I hope that you will continue to write to me and keep me informed of any developments.

The very brave and dedicated anti-communist organizations, such as the John Birch Society, are doing a great job in educating the public about the dangers of communism.

As a result, I have decided to write a letter to Mr. Birch, expressing my support for his organization and the work that they are doing.

I hope that you will consider this letter as a sign of support for your organization.

NAZI PARTY NOW IN SOUTHLAND

A branch of the American Nazi Party has evidently been established in Southern California.

The Los Angeles Branch is part of the national organization organized by George Lincoln Rockwell, a fascist whose name has been in the headlines for several years for his activities and his threats to the nation. The Los Angeles Branch is a local chapter of this group.

THE AOG STORY

Since its last issue, Americans On Guard has received many letters from persons saying they would subscribe if they knew more about it. This is a reasonable question and one in the background of our work. We have been publishing Americans On Guard for several years now and our subscribers are growing.

Early this week, a reporter from the San Francisco Chronicle arrived in Los Angeles and inquired about the group of interest. He came to learn about the activities of the group and the person who called himself the leader of the local chapter of the American Communist Party.

Fulton Lewis

Lewis is the name of the leader of the Los Angeles Branch of the American Nazi Party. Lewis is a local chapter of the national organization of the same name.

Lewis has been a member of the Communist Party for several years. He is a member of the local chapter of the American Communist Party in Los Angeles and he is the leader of the Los Angeles Branch.

Commie Party in Calif. Outlined

There are more Communists in California than any other state except New York. Sources within the party say that there are over 2,100 active members of the party in the state, which is about 2,500 in all.

The party divides the nation into districts such as the Rocky Mountain district, the Northern California district, and the Southern California district, etc.

Each district is made up of sections, and each section can be the site of a branch of the party. The party is divided into sections within the Southern California district.

Dassin has been identified by the House Committee on Un-American Activities as a member of the Communist Party.

Freedom Book Film Critic Store Opens

Riot 'Actor' Tries Again

LA JOLLA - A meeting was held in the La Jolla area and in the La Jolla Community Center.

The meeting was sponsored by the combined Democratic Club of La Jolla and the La Jolla Community Center.

The meeting was attended by over 100 people, who listened to the speakers and asked questions.

The speakers were David Ordway, film critic for the Communist Party's publication, People's World, and Senator Robert F. Kennedy, who represents California in the U.S. Senate.

Both Ordway and Kennedy were critical of the American Nazi Party and its activities.

The Riot 'Actor' tried again to make a success of his publication. It is unique among those being published in the U.S. because it concentrates on discouraging information that is intended to persuade the public to support the Nazi Party.

The Riot 'Actor' publication is not read by many people, but instead every man in the audience was asked to subscribe to the publication.

'HEADS UP' Karl Prinzendorf, former FBI agent, visited the Communist Party headquarters in Los Angeles.

Prinzendorf is a former FBI agent who worked in the Los Angeles office of the FBI. He is now working for the government in Europe.

It is definitely possible that you will receive more than one copy of this letter. If you do, please tear it in half and return the other copy to the Los Angeles Communist Party.
How Communists Infiltrate Into Politics

Editor's Note: Infiltration of organizations is a constant threat. The following testimony by Karl Prusin, an ex-Communist, adds more evidence to the seriousness of the problem. Karl Prusin was an editor of the United States Senate

Mr. Prusin: You spoke of the infiltration in political fields. Could you give us some examples of this?

Mr. ARENS: By my testimony as regards Communist infiltration in political fields, I mean the infiltration of the Communist party into the political life of this country. I would like to give you a few political parties to be formed, appointed to facts that are altering concerning attempts Communist party infiltration and the major success of Communists in this political area.

Back in 1922, I was a member of the Communist party, and I was a leader of the Communist party for several years. In my experience, the Communist party is a political party.

I want to point out that this is a city that does not deprive the Communist party of its political goals. The Communist party is not interested in the political life of the country. The Communist party is interested in the political life of the country. The Communist party is interested in the political life of the country.

Mr. ARNEN: Is it possible that you can give us an example of the kind of infiltration by the Communist party in the political field?

Mr. ARENS: I can give you an example. This infiltration of the Communist party began in the California State Senate. The California State Senate is the political organ of the Communist party. In this State Senate, there are many Communist party members and some others who are sympathetic to the Communist party. The Communist party has been able to gain control of the Senate and to control the legislative process in the State Senate.

Mr. ARENS: The infiltration of the Communist party in the political field in the State Senate is an example of how the Communist party is able to exert control over the legislative process.

Mr. ARENS: So, the Communist party is able to exert control over the legislative process in the State Senate. This is an example of how the Communist party is able to exert control over the legislative process in the State Senate.

Letters Ask: Who's Editor?

Editor's Note: In reply to inquiries, the following article is a brief biographical sketch of the editor of Americans on Guard. Frank C. Martinez.

Frank C. Martinez, the editor of Americans on Guard is a native of California.

He was born June 1, 1935 in Santa Ana, Calif. His parents were Basilio and Genevieve Martinez, both deceased.

He was reared in the Garden Grove area, where he attended local schools. He was while attending Garden Grove High School that he began his newspaper career as a sports writer for the local paper.

He pursued his journalistic efforts to Fullerton Junior College, and while writing for the college newspaper, he won the University of Southern California's annual "best news story" award.

Martinez quit college to go into newspaper work full-time and was working for The Register, one of the largest dailies in Southern California, when he was called into the U.S. Army by Uncle Sam.

His army career took him to Fort Monroe, N. Y., where he worked as an intelligence officer for the U. S. Army Signal School.

Upon his discharge, he went to work for The Daily News for a short spell before returning to his present job with The Register.

He devotes his non-working hours to editing Americans On Guard.

He and his wife, Clara, a physical education teacher, reside in Santa Ana. They were married last fall.

Of his editorial work, Martinez says, "We're not against communism, but there somebody has to do it. And I figure if any of our daily publications could help the fight against communism and fascism, I'm more than happy to do my share.

Certainly, Martinez is unabated.

WHAT TO DO

Advertising Campaign Offered

On February 16, 1959, an article appeared in the Los Angeles Times and other local newspapers which mentioned Jack Tenner and Richard L. Rykoff as among those identified by the House Committee on Un-American Activities as the elite corps of 39 Communist Party lawyers in the United States.

The article mentioned that they had been called to Washington, D.C. for the purpose of answering questions.

Press statements released by the committee members included the following:

"Thank you for your interest in our investigation into the activities of the Communist Party. We appreciate your efforts to support the anti-Communist fight.

We cannot discuss the specific allegations made against us, but we wish to make it clear that we are dedicated to the principles of freedom and democracy.

We remain committed to upholding the principles of the Constitution and the rule of law."

This article was printed in the local newspapers.

COMMITTEE ACTIVITY

The committee has been active in investigating the activities of the Communist Party and other alleged Communist front organizations.

In addition to the work done in Washington, D.C., the committee has been working with local chapters to raise funds for their activities.

The local committee has been active in publicizing the need for support and has held several meetings to discuss the situations.

The committee has also been working with local clubs and organizations to raise awareness and support for their cause.

We are grateful for your support and hope you will continue to support us in our efforts to promote freedom and democracy.

CLOSING

Thank you for your interest in our activities. We remain committed to upholding the principles of the Constitution and the rule of law. We appreciate your support in our efforts to promote freedom and democracy.
"The American Soviet Government will become a dictatorship of the proletariat."

"The American Soviet Government will join with other Soviet governments in a world Soviet Union."

"The leadership of the revolution in all its stages will be the Communist Party."

"Under the dictatorship, all the capitalistic parties — Republican, Democratic, Socialist, Progressive, etc. — will be liquidated. The Communist Party will function alone as the party of the toiling masses."

"Likewise, we will dissolve all other organizations that are political props of the bourgeois rule, including chambers of commerce, Rotary Clubs, employers' associations, American Legion, YMCA, and such fraternal organizations as the Masons, Odd Fellows, Elks, Knights of Columbus, etc.

"Religious training will be prohibited."

The above quotes are from the book "Down to Earth America" by William Z. Foster, national chairman of the Communist Party of United States. In his book, he outlines the events that will occur on the day that the Communists take control of the United States government.

May we suggest that you consider the above statements by Foster, as there is contained the blueprint for a totalitarian state with a dictatorship. These quotes by Foster indicate the goal of every Communist in the United States, and suggest the so-called political party for the conspiracy that is really led.

Wilkinson Decision by U.S. Court Reviewed

**Dissecting Opinion**

We agree that there was no violation of Wilkinson’s constitutional rights but the issue is that the Congressional resolution authorizing the Committee does not authorize it to interrogate a person for criticizing its function. It is clear that this case involves nothing more than an attempt by the committee to use the power as a weapon against those who dare to criticize it.

The majority of this court cannot deny that the offense is all but indecipherable in the record and for anyone who will take the time to read it. The record of the Supreme Court shows that it was harassing Wilkinson’s safety by reason of his opposition to the committee.

**IF THERE IS ANY LIMITATION ON THE POWER OF THE COMMITTEE TO SUBPOENA AND COMPULSORY TESTIMONY FROM ANYONE, WHO MAKES IT?**

On this point, the majority of the Supreme Court, relying upon the fact that the Committee held a public hearing and that the Committee was a Communist, and upon a statement by the Committee that it had been sent to Atlanta by the Committee as the majority of the Committee, said: "It is to be emphasized that the petitioner was not summoned to appear as the result of an improper investigation, and that complaints of Wilkinson were presented into the Committee which were helpful to the Committee in its deliberation."

However, the majority does not say why the evidence which the committee is required to produce any information at all as a prerequisite to the exercise of its subpoena power.

FROM THE record, it appears that the committee was required to disregard the petitioner’s testimony is a legitimate Committee hearing. The only evidence before the court that Wilkinson was a member of the Communist Party in that the record is a flat statement by the committee that it was so.

When the fact is not required to be in evidence in evidence in full support of the contention that Wilkinson was a member of the Communist Party, the testimony of the Committee is a material witness. Wilkinson in the case existing around this in the country, the charge that Wilkinson is a Communist is not a material witness. The record says the very fact that the non-existence of the party has not been designated.

**Reds Fight House Bill**

A bill sponsored by Representative Francis E. Walker has passed the House at a hearing from work sessions of long duration without any evidence submitted to the House. The bill to the extent of investigation of subversive activities by federal agencies and offices of the United States.

Harry Bridges, President of the ILGWU, when asked what he thought of the bill replied: "It seems more than any other Jenner meeting that we pay attention to any of our government’s agents or citizens within the country."

Merrin Weinberger of the Socialist Union of the Pacific, when questioned regarding the bill replies: "Anyone who won’t answer should be barred from his job. It is no answer to say ‘You have a chance to be in a witness stand or to be in the forward track of the bill.’"

The "Communist dupe" is the bill, according to the testimony of the Committee. They openly declare that their purpose is to "stop the bandwagon of all existing and potential Communist activities and its central theme to the Communist Party’s resolutions of the American Communist Party."

"Mark."

**Affirmative Opinion**

The Committee is authorized to investigate the extent, character and objects of subversive propaganda activities in the United States, the disclosure within the United States of subversive and un-American propaganda that is instigated from foreign countries or of a domestic origin and that attacks the government as guaranteed by our Constitution and explained therein that would aid Congress in any necessary remedial legislation.

In 1919, the Committee sanctioned a Committee investigating 'The Committee on Un-American Activities in Congress.

The Committee also authorized that the questioning was a violation of the 1st Amendment.'

**Action Quiz**

1. Let a person learn the great and advance of Congress and the Committee of its 1st Amendment rights.
