Enclosure(s)

FBI FOIPA Addendum

As referenced in our letter responding to your Freedom of Information/Privacy Acts (FOIPA) request, the FBI FOIPA Addendum provides information applicable to your request. Part 1 of the Addendum includes standard responses that apply to all requests. Part 2 includes standard responses that apply to requests for records about individuals to the extent your request seeks the listed information. Part 3 includes general information about FBI records, searches, and programs.

Part 1: The standard responses below apply to all requests:

- (i) **5 U.S.C. § 552(c).** Congress excluded three categories of law enforcement and national security records from the requirements of the FOIPA [5 U.S.C. § 552(c)]. FBI responses are limited to those records subject to the requirements of the FOIPA. Additional information about the FBI and the FOIPA can be found on the www.fbi.gov/foia website.
- (ii) **Intelligence Records.** To the extent your request seeks records of intelligence sources, methods, or activities, the FBI can neither confirm nor deny the existence of records pursuant to FOIA exemptions (b)(1), (b)(3), and as applicable to requests for records about individuals, PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(1), (b)(3), and (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records is itself a classified fact protected by FOIA exemption (b)(1) and/or would reveal intelligence sources, methods, or activities protected by exemption (b)(3) [50 USC § 3024(i)(1)]. This is a standard response and should not be read to indicate that any such records do or do not exist.

Part 2: The standard responses below apply to all requests for records on individuals:

- (i) **Requests for Records about any Individual—Watch Lists.** The FBI can neither confirm nor deny the existence of any individual's name on a watch list pursuant to FOIA exemption (b)(7)(E) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (j)(2)]. This is a standard response and should not be read to indicate that watch list records do or do not exist.
- (ii) **Requests for Records about any Individual—Witness Security Program Records.** The FBI can neither confirm nor deny the existence of records which could identify any participant in the Witness Security Program pursuant to FOIA exemption (b)(3) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(3), 18 U.S.C. 3521, and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.
- (iii) **Requests for Records for Incarcerated Individuals.** The FBI can neither confirm nor deny the existence of records which could reasonably be expected to endanger the life or physical safety of any incarcerated individual pursuant to FOIA exemptions (b)(7)(E), (b)(7)(F), and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (b)(7)(F), and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.

Part 3: General Information:

- (i) **Record Searches.** The Record/Information Dissemination Section (RIDS) searches for reasonably described records by searching systems or locations where responsive records would reasonably be found. A standard search normally consists of a search for main files in the Central Records System (CRS), an extensive system of records consisting of applicant, investigative, intelligence, personnel, administrative, and general files compiled by the FBI per its law enforcement, intelligence, and administrative functions. The CRS spans the entire FBI organization, comprising records of FBI Headquarters, FBI Field Offices, and FBI Legal Attaché Offices (Legats) worldwide; Electronic Surveillance (ELSUR) records are included in the CRS. Unless specifically requested, a standard search does not include references, administrative records of previous FOIPA requests, or civil litigation files. For additional information about our record searches, visit www.fbi.gov/services/information-management/foipa/requesting-fbi-records.
- (ii) **FBI Records.** Founded in 1908, the FBI carries out a dual law enforcement and national security mission. As part of this dual mission, the FBI creates and maintains records on various subjects; however, the FBI does not maintain records on every person, subject, or entity.
- (iii) **Requests for Criminal History Records or Rap Sheets.** The Criminal Justice Information Services (CJIS) Division provides Identity History Summary Checks – often referred to as a criminal history record or rap sheet. These criminal history records are not the same as material in an investigative “FBI file.” An Identity History Summary Check is a listing of information taken from fingerprint cards and documents submitted to the FBI in connection with arrests, federal employment, naturalization, or military service. For a fee, individuals can request a copy of their Identity History Summary Check. Forms and directions can be accessed at www.fbi.gov/about-us/cjis/identity-history-summary-checks. Additionally, requests can be submitted electronically at www.edo.cjis.gov. For additional information, please contact CJIS directly at (304) 625-5590.
- (iv) **National Name Check Program (NNCP).** The mission of NNCP is to analyze and report information in response to name check requests received from federal agencies, for the purpose of protecting the United States from foreign and domestic threats to national security. Please be advised that this is a service provided to other federal agencies. Private Citizens cannot request a name check.

Subject, Director of National Investigations Committee on Aerial Phenomena, by letter of 9/22/58 requested particulars of Bureau's participation concerning unidentified flying objects. The committee he heads is described on letterhead as "A privately supported fact finding civilian committee serving the public interests" and he lists several prominent individuals among "our Board members and Special Advisers." He is a retired Marine.

W.G. Sullivan (U.F.O.)

Keyhoe has been known to the Bureau since 1935 and was, and may still be, a free-lance writer. In 1948 he was described by Mr. Nichols as "a flamboyant writer and we have found from previous experience that much of his material is irresponsible." In 1951 the Director concurred with Mr. Nichols' statement that "We should not get involved with him."

As an example of his writing, the January, 1941, issue of "Cosmopolitan" magazine carried an article written by Keyhoe and John J. Daly entitled "Hitler's Plan to Seize the United States Merchant Marine." This article indicated the Bureau had in its possession documents concerning such a plan by Hitler which indication was completely false.

REC-21

62-103581-4

The attached suggested letter to Keyhoe responds in a very general way to his questions, some of which are extremely pointed such as "Have FBI Agents told witnesses not to talk about UFO sightings?" and "Does the Bureau make character investigations of UFO witnesses in some cases?" The answers which have been furnished are designed to avoid the charge we have not answered questions yet they are broad in nature to avoid his apparent pointed inquiries. His request for an interview with a Bureau official concerning our policy concerning unidentified flying objects has been side-stepped since there appears to be no point in discussing this matter further with him. JANAP 146 is Defense document re reporting intelligence sightings.

ACTION:

That the attached suggested letter be forwarded to Keyhoe. In view of Air Force interest, copy of incoming with copy of our 62-103581 reply being sent Air Force separately.

Dear Sir:

In response to your letter of September 22, 1958,
the following requested information is furnished:

The Federal Bureau of Investigation does
not investigate sightings of unidentified flying
objects. When the details of such a sighting
are reported to representatives of this Bureau,
the information is forwarded to the Air Force.

Representatives of this Bureau do not issue
instructions to individuals who have sighted un-
identified flying objects that they should not
talk about such sightings.

It is not a function of this Bureau to make
character investigations of individuals who have
witnessed unidentified flying objects.

This Bureau does not have information on
unidentified flying objects which can be re-
leased. This does not imply that this Bureau
has information concerning unidentified flying
objects which cannot be released.

It is understood that JANAP 146 is a Department

Your letter of September 22, 1958, requested an interview with an official of this Bureau concerning the matter of unidentified flying objects and this Bureau's policy in connection therewith. Since this Bureau's policy in connection with unidentified flying objects has been fully set forth above, you may feel that the requested interview is not now necessary.

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
Washington 25, D.C.

Dear Mr. Hoover:

Some time ago I wrote to you about the subject of unidentified flying objects. I congratulated you and the FBI for the exposure of the so-called "Venus swindle"; at that time I told you that this committee is making a serious, factual investigation of UFOs; we have a mass of verified evidence which disproves suggestions that these sightings are caused by mirages, hallucinations, etc.

The standing and serious aim of our committee may be judged by examining a list of our Board members and Special Advisers. Among them are such distinguished citizens as: Vice Admiral R. H. Hillenkoetter, USN (Ret.), former director of the Central Intelligence Agency; Rear Admiral H. Knowles, USN (Ret.); Colonel Robert Emerson, USAF; Major Dewey Fournet, USAFR, formerly on the Air Force UFO project; Mr. J. B. Hartranft, president, Aircraft Owners and Pilots Association; and other citizens well known in the fields of education, religion, and science.

Mr.
I am writing to ask what part, if any, the Federal Bureau of Investigation plays in the official investigation of UFOs. Some years ago, Air Force Intelligence officers once told me, FBI agents helped the Air Force interrogate witnesses on some occasions -- particularly when Air Force representatives were not immediately available. I understand that to a limited extent this has occurred in the last year or so. I have also been told that the FBI has a general directive to help the Air Force in its collection of any UFO information.

These of course would be normal functions of which anyone would approve. In this connection, however, we have received several reports which may or may not be correct. We have been told that on certain occasions FBI agents ordered, or warned, witnesses to UFO sightings not to discuss what they had seen, nor to reveal that they had been interviewed officially.

It is possible that the agents suggested or advised such action, rather than giving direct orders.

✓ So far as I know there is no authority to command a private citizen to withhold such information and I am sure the FBI would not approve of such orders without legal authority.

Also, we realize that in some cases even a routine visit by an FBI agent could be misconstrued as carrying serious implications, even requiring silence.

We have been asked about this possibility several times, and I have been questioned once or twice during lectures. We should greatly appreciate having whatever information you can give us so that we may answer such questions, correctly.

Specifically we have been asked:

Does the FBI officially investigate UFO sightings in any way?

Have FBI agents told witnesses not to talk about UFO sightings?

Does the FBI make character investigations of UFO witnesses in some cases?

Does the FBI have any information on UFOs, which can be released?

Is the FBI bound by JANAP 146, as regards the release of UFO sighting reports coming into its possession?

Our Committee believes that censorship of UFO information is not warranted since the Defense Department has repeatedly declared there is no danger involved and no threat to national security. We believe, on the contrary, that the policy of secrecy could under certain circumstances lead to hysteria and possibly even panic. We should like to know whether, in the event that the UFOs prove to be extraterrestrial, the FBI has any assigned part in any official plan to prepare for possible communication with extraterrestrial vehicles from another planet.

Several of our Board members have suggested that interviews with Federal agencies involved in this question could be of mutual benefit. If possible, I should like to have an interview with an FBI official acquainted with the facts, and with the FBI policy which may be involved. Thank you for your consideration of these requests.

Sincerely yours,

DONALD E. KEYHOE, Major USMC (Ret.)

TO : DIRECTOR, FBIDATE: 7/10/61 39FROM : *HM* SAC, NEW ORLEANS (62-0)SUBJECT: NATIONAL INVESTIGATIONS
COMMITTEE ON AERIAL PHENOMENA
MISCELLANEOUS - INFORMATION CONCERNING

Clerical employee WALTER F. MC CALL of the New Orleans Division advised that he is interested in aerial phenomena and wants to become a member of captioned organization. This organization is directed by Major DONALD E. KEYHOE, U. S. Marine Corps (Retired), and is headquartered at 1536 Connecticut Avenue, N.W., Washington 6, D. C. MC CALL stated that, to his knowledge, the objectives of this organization, are to keep records of all sightings of unidentified flying objects and to make the information concerning them available to the public, as the organization feels that the U. S. Government is making an effort to suppress this type of information.

Indices of the New Orleans Division are negative concerning captioned organization. The files of this Office reflect that in early 1950, an article concerning a flying disc appeared in True Magazine, written by one DONALD KEYHOE, who is possibly identical with Major KEYHOE. *U.S.A.*

The Bureau is requested to advise this Office of any information in its files concerning captioned organization and whether or not there would be any objection to a clerical employee of the Bureau becoming an active member of same.

On April 9, 1963, no listing for the captioned organization was located in the current Seattle telephone and city directories, or in the 1962 Aero Space Yearbook maintained at the Seattle Public Library. However, the captioned organization is indexed in the indices of the Seattle Public Library.

On April 9, 1963, SA CHARLES N. GIESE reviewed the forward to the book entitled, "Flying Saucers: Top Secret", by Major DONALD E. KEYHOE, U. S. Marine Corps, retired, who is the director of the captioned organization which is headquartered at 1536 Connecticut Avenue, Washington, D.C. This book, which has Dewey decimal system designation R533.69/K521FL, at the Seattle Public Library, was published by G. P. Putnam's Son, New York, under a 1960 copyright. It has Library of Congress Catalogue Card number 60-5267. The forward reveals substantially the same information furnished in Bureau letter to Norfolk, dated April 8, 1963.
