### Bella Savitzky Abzug

A characterization of the IADL is attached hereto.

Abzug was described in 1952 as either an out-and-out Communist or one who follows the line of the Communist Party (CP) very closely. This same source advised in 1955 that he had no knowledge as to whether Abzug was a CP member.

A source advised in 1960 that Bella Abzug has been handling estate cases for the Union of Soviet Socialist Republics (USSR).

Arthur Iberall, 2640 Whiton Road, Cleveland, Ohio, advised on July 21, 1961, that the night before he had dinner with subject and her husband at the Abzug residence. Iberall and his wife had attended City College of New York with the Abzugs. During the dinner, various subjects, such as Cuba and the Soviet Union, were discussed. Iberall stated that as a result of these discussions, he became convinced that subject and her husband were Communist sympathizers. Iberall could furnish no specific information regarding CP affiliation on the part of subject. FD-154 (Rev. 11-7-52)

Chicago, Illinois November 22, 1966 Thursday

From Thursday evening, to 10:30 PM, Saturday, November 17, 18, and 19, 1966, the Women Strike For Peace and Women For Peace held its 6th Annual Conference at the Quaker House, 5615 South Woodlawn, Chicago. There were 77 women present. They also had two speakers, men; Thursday evening SID LENS started the conference and RICHARD FLACKS opened the Friday morning session. The chairwoman for Thursday evening was SHIRLEY LENS - registration from 5:00 PM to 7:00 pm. SID LENS spoke from about 8:00 PM to 8:30 PM then discussion. SHIRLEY LENS opened the meeting with greetings from the Chicago Women For Peace to the visitors then she read what the agenda would be and how the structure of the agenda was arrived at, which was they took suggestions which came in from other groups and tried to fit them into a cohesive whole but to leave it flexible enough for change. There will be a chairwoman for each session chosen from the group.

Discussion - several women wanted to change the agenda with ideas, so a committee of four was formed to revise the agenda.

SIDNEY LENS spoke on the struggle for freedom from 1911 and the development of the history of the introduction of socialism as the beginning of the struggle for co-existence and all liberation movements. He said containment of communism is for the expressed economic purpose of keeping the markets and trade free for the United States. The Western Military Alliance line was formed to put down any further expansion of socialism, but as the various countries fought for socialism so the line grew longer and longer so that today it is world wide. At all times the Western Alliance refused to help national movements thereby creating revolutionary situations.

The roots of American foreign policy is in the military might, to be the policemen of the world, to stiffle nationalism and co-existence. This policy will be used again and again and carried out wherever there are revolts so that Viet Nam is not to be the end but almost the beginning with

Brazil being the next country to be so invaded. He spoke of Korea as being a police state under U.S. military, the cold war in Europe and finally DE GAULL's foresignt in ordering the American withdrawal of troops and military arms. This should be done by all nations wherever there are American troops, this includes the Americas. This should be done by the people of all nations who desire nationalism and coexistence to dictatorship under American foreign policy. There were a few questions mostly on how this could be stopped. His answer was to change the American foreign policy.

Chicago, Illinois November 22, 1966 Friday Morning

Friday, 9:15 AM, chairwoman MARY CLARK, Los Angeles, California, introduced Professor RICHARD FLACKS. He spoke on "Ingredients Necessary to Effective Social Action."

It is very necessary to involve all women and that is the role of Women Strike For Peace which is very important. Demonstrations will not stop war but will help. Do not underrate the power of demonstrations. The peace movement is limited in respect to foreign policy. Only certain people take interest, highly educated and the well informed people, those who read newspapers and leading magazines, college educated people. For instance, during the Korean War only the highly educated people supported TRUMAN in his thinking and it takes a change in public hardline participation to break up present day foreign policy. There has been some disagreement: in the TRUMAN group because of present day foreign policy, (Eullbright and Sellers). The peace movement has grown and is the cause of the break in that group. The W.S.P. must recruit more women into the peace movement. Public demonstration is a break through to foreign policy by peace groups. Educational work is effective, and important and "we can get this by reading peace magazines and publications. "New York Times reports the truth on Viet Nam, also Washington Times. If more of the public read these papers" they would become dissatisfied with our American Foreign Policy. This is a two prong problem. The first part is -

- 1) The peace movement must be able to reach other groups - not attentive to American foreign policy
- 2) People likely to demonstrate who are not informed concerning foreign policy - people who are not connected with foreign policy

What is not being done? .

1) Educating the people who are not aware of what can be done in the peace movement

- 2) Aquaint people on the chief source of our military budget; grass roots demand of more redirection of resources and priorities, this must be the peace movement's aim to know more about Western exports. Must reach people by creative efforts of peace groups and not think of reaching public or political action but to concentrate on war effort; to arouse the public to those who favor the war effort or those who draw benefits from the war. Several forms of demonstrations are very successful and will withdraw the energy of the war effort.
- 3) The draft 165 cases refuse to pay taxes (telephone) by students and professors and research, refusing to take part in military action.

A new form of international policy by Women for Peace. There must be direct action by mothers against conscription, radiation, and fallout. There were a few questions in statement form such as "the Dow Co. is being picketed, stores carrying Dow products are being picketed with great effect, people are refusing to pay telephone tax.

DAGMAR WILSON gave a short speech on "Our special role as W.S.P. women, what can we do." She named several things as Women for Peace, we must change the thinking of our representatives in Washington, D.C. We must make up our minds as to what role we women are going to take. Are we going to be ladylike or are we going to show the claws under our fingernails (great applause)? What we can do is get other groups not yet committed to join us such as the Civil Rights - Civil Liberties, W.I.L.P.F. Some are only lukewarm, we must light the fire under them. In the "Washington Post" (Thursday, November 17) there is a very good article on the role of women and all women should read it. "McCalls", November, issue, and "Ladies Home Journal," January issue, will carry articles on the children of Viet Nam with pictures. There must be an escalation of peace work by peace groups, to project our power, women power. We must become involved with all kinds of political action. There is a change in our society for the better and we must not let it die.

5

LEOIS GREENBERG (of Chicago) interrupted to say that the peace movement as is, is negative and to become more effective the peace movement must expand. There seems to be two (2) levels of discussion white glove and militant. It seems there must be a special effort needed to reach special people.

The review of national policy statement was shelved until the end of the conference.

Chicago, Illinois November 22, 1966 Friday Afternoon

General Session - DONNA ALLEN was to have been the chairwoman but was unable to be there. She came in later.

The session "Protest the War in Viet Nam" Most of the afternoon was taken up with TERRE DES HOMMES campaign against napalm manufacturer, Dow Chemicals. There have been protest, picketing, leaflets, and demonstrations against the jellied product that makes saran wrap and goes into the making of napalm bombs. Washington, D.C. has been asked to help bring napalm burned children to the United States by the TERRE DES HOMMES office, but has refused. Some way must be found to make Washington realize that it is American made bombs that are being dropped on innocent children. There is a new committee for this purpose, The American Committee to treat in the U.S. war burned children in Viet Nam.

There has been contact made with 180 doctors in Philadelphia who are sympathetic. 400 questionnaires were sent out to doctors in other states. 80 replied. There was more discussion on a general basis. 'Ladies Home Journal," December 28, issue, and 'Ramparts' will carry articles on the burned children and WERR' DE HOMMES.

Friday Evening

Friday evening from 7:00 PM to 10:15 PM was devoted to buzz sessions - political, draft, economics, civil disobedience, and TERRE DES HOMMES reports to be made Saturday afternoon.

#### Saturday Morning

. General Session - Chairwoman LILLIAN HAYWARD, Freezwed report of HUAC by DONNA ALLEN of Washington D.C. DONNA ALLEN spoke of her experiences before the Un-American Committee. She said that just before she left Washington she heard they had won. The committee had decided not to take their case to the Supreme Court. She said the committee would have lost anyway

as it was unconstitutional, and they had a very good lawyer. from the civil liberties organization. She said the civil liberties had handled their case all the way through as they were being tried under the civil liberties act, "so you see why it is so important that Women for Peace should work with the civil liberties and the civil rights groups". Another way is to write to all congressmen and senators and keep on writing, not just once or twice, but continuously so that we can get this committee abolished. We must get senators and congressmen to vote against the appropriations for this committee when Congress reconvenes in January, 1967, but now while the congressmen are home is the time to visit them, not to wait until January, 1967. Also a lobby should be set up in Washington' D.C. to keep us in the know on what is going on and what action we should take and women's peace groups can and should take a great part in this. There is a lot women can do. When you mention "the Pool Bill" your senators and congressmen get very embarrassed and a lot of them don't want to answer you. So don't forget, "the Pool Bill". This is one way of showing you claws.

National report - BARBARA BICK stated National Office has two (2) full-time employees, LYNDA STEIN and BARBARA BICK at \$100 per week for 40 hours. There is also a volunteer staff but it is very hard to get volunteers to help as there is so much to do and to take care of they would like help especially with the financial end.

There was a great deal of discussion on the National report, both as to financial help and the advisory committee. It was decided to have a clearing house and all information should go to this office and if any group wants information, this office should be contacted. SHIRLY LENS said Chicago would handle information regarding the 6th Annual Conference. ANN ARLOT said they would then take the responsibility on the financial question. It was suggested that a Speaker's Bureau be set up so that if any group needs help one or more speakers can go either to help build the group or just as speakers. There is also to be a conference in the Soviet Union, November 7, 1967. This is to be worked on. This item was carried on until after lunch.

#### Saturday Afternoon

General Session - AMY SWERDLOW, Great Neck, New York, reports from buzz sessions.

Napalm bombs - a decision was made by all to boycott all of Dow Chemical Products, to continue with leafleting to stop the bombing and the war in Viet Nam, to write and wire congressmen and senators in Washington, D.C. or see them at home offices on Human Rights day, December 10, 1966, to conduct candlelight vigil at public christmas trees from December 23 to 25. This is to be a National Action. To lobby for help to bring Napalm Burned children to hospitals by supplying transportation.

Draft = general agreement to abolish draft law and send out educational information to high school students and young men of college age. Urge people to urge senators and congressmen to vote against the draft when it comes up again next year. Plan another mother's march on Washington, D.C. JACKIE GOLDBERG told of plans of the college students to hold a national conference in Chicago in late December, 1966, to prepare for a nation wide strike against the draft in early spring of 1967. A strong stand must be taken by the Senate and House against the draft. A good number of Congressmen are against it. It must be abolished. Communities will act on Mothers' Day.

Policy Statement - "We request that all army and weapons of distruction be abolished. We oppose the United States policy of armed intervention in many parts of the world and reliance on military means to solve problems which are essentially social and political."

"We oppose all conscription, we want a free society dedicated to the pursuit of human rights. We oppose the draft of young men for destruction and killing in Viet Nam or anywhere in the world to further the U.S. policy of military intervention." -- This statement was accepted.

It was stated civil disobedience and dramatic action should be taken to demonstrate our horror of the draft and escalation of war and we should be ready to demonstrate at any call for emergency action in any given military action by the U.S. government. Recommended political action - To start building an independent third party for 1968. To look into possibility of using referendum as in Dearborn, Michigan (1966). This was quite successful. Some women will continue to work within the democratic party to sway party members. Others will work independently for peace. They will do a lot of door bell ringing and will use any and all kinds of tricks. The claws in the white gloves. It must be education and power. Political action in two parts, visit senators and congressmen at home before congress reconvenes and form national lobby for peace. Groups to become much more political minded. It is important to continue pushing for a candidate or develop, a candidate for 1968 - man or woman -

Chicago will become the clearing house for the draft -

There will be a conference on China in February with proof from speakers.

DAVE DELLINGER soon to be back from Viet Nam. Voted to invite Soviet women to the U.S. in May, 1967.

Voice of Women of Canada - International Conference in Canada, June 6-10, 1967. To protest use of government film "Why Viet Nam" in schools. Film a pack of lies - warn P.T.A. of film.

CCC Minutes, cont., 5/108.

<u>DUMP HUMPHREY CAMPAIGN</u> - Bella Abzug. Crisis arising nationally: Hubert Humphrey must not be allowed to become the beneficiary of divisiveness between the Kennedy and McCarthy camps! First priority of peace movement must be to DUMP HUMPHREY - Kennedy and McCarthy movements must work together to achieve this end. Bella informed us that in most non-primary states, this is being done. Delegates must be pressured to swear not to support Humphrey under any circumstances.

Educational document being prepared, showing Humphrey's past record on the issues -Vietnam, the role of the U.S. as a world police force, civil rights, etc. The public must learn the facts about this "personable, liberal" candidate. Material available at office.

- SUGGESTION THAT WSP prepare a more specific statement than any issued thus far, on "what delegates MUST stand for if they want our support...
  - WSP draw up a statement asking for a complete cease-fire while peace talks are in progress. To be discussed at N.C.C. meeting.
- July 4th be celebrated as world-wide "Independence Day", i.e., the nations of the world celebrate their independence from America's Vietnam and world police policy. To be discussed at N.C.C.

POLITICAL ACTION COMMITTEE

Meeting 3/5/68 Chairman: Bella Abzug

#### FOR IMMEDIATE ACTION

The Political Action Committee of Women Strike for Peace is planning the following action to continue our Women Voters Campaign to impress upon the decision makers in the Political Parties that THE WOMEN'S VOTE IS THE PEACE VOTE:

An appointment has been made with the Chairman of the New York State Democratic Committee, John Byrnes for Tuesday, March 19th at 3:00 PM (see below about briefing session). Appointments are being sought also with New York State Republican Committee Chairman Charles A. Schoeneck, Jr. and with New York State Liberal Party Chairman Dr. Donald Harrington.

We are aiming for delegates from each of the WSP groups in the metropolitan area, as well as representation from other womens' groups.

We must impress upon the Chairmen of these parties that we represent a huge constituency anxious to end the war, and to get to work on the really critical issues in our country.

We demand recognition from the Political Parties of their responsibility to the electorate; that the electorate is entitled to a choice of candidates that will press for their priorities and not for President Johnson's. We will also communicate that we are excited about McCarthy's candidacy because he is bringing the issues to the people. We believe that support for McCarthy is a pressure upon all the parties to bring forth a Peace Candidate.

We will ask that the Democratic Party take a second look at President Johnson and decide if Johnson can really win when his program and leadership are rejected by large numbers of the electorate. After all, it would be foolhardy of them to continue under a false sense of unity (that could lead to defeat) when the real strength of a party depends upon its ability to change from within.

We will pressure the Republican Party to consider a Peace Candidate, by telling them they will only receive the Womens' Vote (and the Independent Democratic Vote) by this action.

There will be a briefing session at the Social Action Lounge, Community Church, 20 East 35 St. at 1:30 PM, Tuesday, March 19th before the meeting with Mr. Byrnes (at which time there will be discussion regarding the statement being prepared for Mr. Byrnes.) At this meeting, we will also discuss further follow-up activities within the communities with County Chairmen and the Committee Men and Women.

We would also like to urge all those groups who have not seen their Congressmen (this session) to make appointments as soon as possible. Please stress:

- 1. To resist any additional troop commitments to Vietnam.
- 2. Demand that our government disavow the use of tactical nuclear weapons (atom bombs) in Vietnam.
- 3. Position to resist further appropriations.
- 4. Urge public hearings to question our role and the factual history of the Vietnam war.
- 5. All doves in Congress should support McCarthy, reject Johnson.

Note: EACH COUNTY COMMITTEE OF A POLITICAL PARTY ISSUES A CALENDAR OF DATES RE PRIMARIES, ETC. PLEASE OBTAIN THIS CALENDAR FOR YOUR USE AND SEND A COPY TO THE OFFICE, attention of Bella Abzug.

We urge all groups to make delegations within their own communities as broad as possible. This is an opportunity to involve women from other organizations!

WBAI will carry live coverage of the entire day.

#### POOR PEOPLE'S CAMPAIGN

Caravans of poor from all parts of the country will be moving toward Washington, D.C. by mid-May, arriving there on May 20th. A massive, supportive march being called for by SCLC leaders for May 30th, Memorial Day. Discussion on the nature of WSP participation in this rally, as well as our cooperation with the ongoing event. WSP must find ways to act politically and to continually relate the campaign to the peace issue, but at the same time be sensitive to the physical needs of the people involved - food, money, shelter. etc.

An expanded committee to plan specific WSP actions in relation to the crisis in the city and the Poor People's Campaign includes: Ruth Messinger, Ruth Meyers, Helen Fruman, Roz Buchalter, Joan Chasin and Anne Yellin.

WSP had been asked to send representatives to SANE-initiated "continuation meetings" dealing with the supportive march of late May. Bella Abzug, Ruth Messinger and Ruth Meyers to represent us.

#### POLITICAL ACTION

Expression of great concern that WSP'ers are not being as effective as possible in this crucial political period. Special CCC meeting called for Wednesday, May 1, 10:30 at office to deal with the problem. *BE ON TIME!* BRING LUNCH!

Agreed that; WSP must not lose itself in the current of campaigning tasks, but must be influential in shaping the platforms of candidates, re peace and poverty, and incorporating those demands set forth by WSP policy statements. Meeting will help all WSP'ers cope with the specific campaign issues in their communities.

N B A W A D U - John Wilson visits CCC: Tells us about the National Black Anti-War, Anti-Draft Union (NBAWADU) - asks for support from WSP.

Mr. Wilson explains the reasons for the formation of a National Black Union whose specific focus is to arouse and channel Black anti-war sentiment into an effective movement against the war and the draft.

A new Black organization was needed which would concentrate specifically on this issue. Due to the frustration and polarization of the civil rights movement, it could not be established within the regular framework of existing organizations. The main focus of this group will be:

- Motivate interest in the black community around the war. 1.
- Develop a basic cross-section of black people, and large sectors of the black 2. community against the war and against the draft. This is essential to the peace movement and essential to the survival of the black people.

Basic Problem - FUNDS: Mr. Wilson said that "since funds cannot be extracted from black people, we have been able to operate thus far because of a grant from Resistance, contributions from National and Student Mobilization, and a personal grant to me." However, "in order to build a base and be able to organize, travel, speak to black youth and communities, and involve people to do the work, our funds are woefully low and insufficient. We need additional support from the white anti-war movement."

Mr. Wilson suggested that he submit specific proposals for funds needed for further co deration by WSP. Please discuss Mr. Wilson's report in your local group and bring recommendations to CCC. He will also send copies of their literature.

There will be a National Conference of Black People against the draft over the Easter vacation, at the Hotel Diplomat.

Individuals wishing to contribute money now can send to NBAWADU, 100 5th Ave., N.Y.C.

THE PARIS CONFERENCE OF WOMEN TO END THE WAR - Ruth Meyers reports. Delegates should be:

- Peace movement people or celebrities with other constituencies beyond the peace 1. movement, but who themselves are committed to the necessity for peace action.
- As for delegates from within WSP, we feel that they should be chosen on the basis 2. of cotential contributions to the meetings, and effectiveness upon returning home. Possible candidates should be evaluated according to: ability to draft statements and write press releases, ability in public speaking and making public appearances. upon returning, fluency in spoken and written French, ability to work under pressure, compatability in working with others, stenographic skills, experience in and a knowledge of Peace activities at home and abroad.

POLITICAL ACTION - Judy Lerner reports: Charter bus was cancelled when we learned from Albany peace women that there was no public place where we could demonstrate near Conference. Agreed that, to avoid confusion and such last minute cancellations, we must survey logistics of each plan well in advance.

To ensure that WSP message reached Conference, several Westchester WSP'ers went to Albany on Monday, February 26 ("My God, this is where we belong. We can't ever allow 700 politically oriented ladies to be together and not be there, too." - Judy Lerner)

WSP'ers attended panels, talked to individuals, put our statement under the hotel doors of delegates, and placed statement on seats before luncheon honoring Mrs. H. Humphrey began. Established relationship with Albany peace women for future actions.

Decided to hold silent vigil outside motel and at suggestion of police stood with our placards and flyers on lawn. Press very interested, including two TV stations, because so little else was going on. No NY press present though WSP'er heard report of demonstration on CBS. Two McCarthy women came out, joined and were photographed with us. Press asked if we were demonstrating against Mrs. Humphrey. We explained "only in the sense that she is a political women appearing at a political conference," because our main purpose was to shake up and impress the 700 conservative Democratic women to make them realize that their constituencies are very much concerned with their position on Vietnam. And we must follow up to make them aware of the voting power of women and our determination to organize this power for a peace vote.

Bella Abzug explained that delegations and demonstrations to follow up Albany action are being planned to the key people here in New York. This is a key month for visits of local areas to district and city party leaders and representatives to state committees, because decision-making is taking place, and candidates are being chosen by innor party officials. Each A.D. has 2 District leaders - one male and one female (same with state committees.) These are key people, and the local party in each district can be called for names of woman leader to be seen. Some groups doing this; others have not -yet begun.

Discussion on Dubin campaign expressed thanks to Bella for her productive and constructive role; results of election analysed - pointed out that Dubin received 9 thousand more votes than June primary; 27,000 people moved off Party line to vote for peace, etc.;

APRIL 27th NEW YORK CITY-WIDE DEMONSTRATION PROPOSED in conjunction with International Week of Protest - Pauline Rosen and Cora Weiss report: Details of theme and slogans not yet articulated - suggestions at Fifth Ave. Peace Parade Committee meeting included

 Two main parades - one from uptown and one from downtown, both culminating at Sheepsmeadow in Central Park. Feeder marches from local communities to the two main parades.

2. Community activities throughout the metropolitan area in preparation for April 27th block activities stressing the needs of communities, i.e., if 30 billion spent on Vietnam were to be used in 'fight against poverty, etc.

Bella stressed the need (which she had also presented before the 5th Ave. P.P. Committee) for broader emphasis, and a need for a qualitative and quantitative change in activity in order to involve the broadest coalition of people who want to end the war.

WSP to further discuss its role and plan activity in connection with April 27th -

Jean Shulman
