Enclosure(s)

FBI FOIPA Addendum

As referenced in our letter responding to your Freedom of Information/Privacy Acts (FOIPA) request, the FBI FOIPA Addendum provides information applicable to your request. Part 1 of the Addendum includes standard responses that apply to all requests. Part 2 includes standard responses that apply to requests for records about individuals to the extent your request seeks the listed information. Part 3 includes general information about FBI records, searches, and programs.

Part 1: The standard responses below apply to all requests:

- (i) **5 U.S.C. § 552(c).** Congress excluded three categories of law enforcement and national security records from the requirements of the FOIPA [5 U.S.C. § 552(c)]. FBI responses are limited to those records subject to the requirements of the FOIPA. Additional information about the FBI and the FOIPA can be found on the www.fbi.gov/foia website.
- (ii) **Intelligence Records.** To the extent your request seeks records of intelligence sources, methods, or activities, the FBI can neither confirm nor deny the existence of records pursuant to FOIA exemptions (b)(1), (b)(3), and as applicable to requests for records about individuals, PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(1), (b)(3), and (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records is itself a classified fact protected by FOIA exemption (b)(1) and/or would reveal intelligence sources, methods, or activities protected by exemption (b)(3) [50 USC § 3024(i)(1)]. This is a standard response and should not be read to indicate that any such records do or do not exist.

Part 2: The standard responses below apply to all requests for records on individuals:

- (i) **Requests for Records about any Individual—Watch Lists.** The FBI can neither confirm nor deny the existence of any individual's name on a watch list pursuant to FOIA exemption (b)(7)(E) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (j)(2)]. This is a standard response and should not be read to indicate that watch list records do or do not exist.
- (ii) **Requests for Records about any Individual—Witness Security Program Records.** The FBI can neither confirm nor deny the existence of records which could identify any participant in the Witness Security Program pursuant to FOIA exemption (b)(3) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(3), 18 U.S.C. 3521, and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.
- (iii) **Requests for Records for Incarcerated Individuals.** The FBI can neither confirm nor deny the existence of records which could reasonably be expected to endanger the life or physical safety of any incarcerated individual pursuant to FOIA exemptions (b)(7)(E), (b)(7)(F), and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (b)(7)(F), and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.

Part 3: General Information:

- (i) **Record Searches.** The Record/Information Dissemination Section (RIDS) searches for reasonably described records by searching systems or locations where responsive records would reasonably be found. A standard search normally consists of a search for main files in the Central Records System (CRS), an extensive system of records consisting of applicant, investigative, intelligence, personnel, administrative, and general files compiled by the FBI per its law enforcement, intelligence, and administrative functions. The CRS spans the entire FBI organization, comprising records of FBI Headquarters, FBI Field Offices, and FBI Legal Attaché Offices (Legats) worldwide; Electronic Surveillance (ELSUR) records are included in the CRS. Unless specifically requested, a standard search does not include references, administrative records of previous FOIPA requests, or civil litigation files. For additional information about our record searches, visit www.fbi.gov/services/information-management/foipa/requesting-fbi-records.
- (ii) **FBI Records.** Founded in 1908, the FBI carries out a dual law enforcement and national security mission. As part of this dual mission, the FBI creates and maintains records on various subjects; however, the FBI does not maintain records on every person, subject, or entity.
- (iii) **Requests for Criminal History Records or Rap Sheets.** The Criminal Justice Information Services (CJIS) Division provides Identity History Summary Checks – often referred to as a criminal history record or rap sheet. These criminal history records are not the same as material in an investigative “FBI file.” An Identity History Summary Check is a listing of information taken from fingerprint cards and documents submitted to the FBI in connection with arrests, federal employment, naturalization, or military service. For a fee, individuals can request a copy of their Identity History Summary Check. Forms and directions can be accessed at www.fbi.gov/about-us/cjis/identity-history-summary-checks. Additionally, requests can be submitted electronically at www.edo.cjis.gov. For additional information, please contact CJIS directly at (304) 625-5590.
- (iv) **National Name Check Program (NNCP).** The mission of NNCP is to analyze and report information in response to name check requests received from federal agencies, for the purpose of protecting the United States from foreign and domestic threats to national security. Please be advised that this is a service provided to other federal agencies. Private Citizens cannot request a name check.

BIOGRAPHICAL DATA:

summary
 Otis G. Pike, Democrat of Riverhead, was born in 1921. He received his A.B. degree from Princeton University and his LL.B. from Columbia University. A lawyer, Pike has served as Justice of the Peace in Riverhead since 1953. He was elected to the 87th Congress on 11-8-60, defeating Republican Stuyvesant Wainwright.

INFORMATION IN BUFILES:

By letter 7-28-48, Otis G. Pike, Orangeburg, New York, forwarded a communication entitled "Class Justice" which he had found inserted in his door. This leaflet concerned the indictment of 12 leaders of the Communist Party on charges of "conspiring to overthrow the government by force and violence" and was issued by the Worker's Freedom League of New York City. The Director thanked Pike by letter 8-3-48 and forwarded reprints on communism. (100-3-4-6420)

By letter 5-25-50, Pike wrote the Director in his (Pike's) capacity as trustee and vice president of the Riverhead Free Library, concerning a publication entitled "Soviet Russia Today." The townspeople had complained that this magazine should not be on the shelves and Pike stated that for the time being they had elected to continue keeping the magazine and to file it under the heading of "propaganda."; however, he desired to know how the Director would rate the publishers of this periodical, and wondered if the Director had ever given any advise on the treatment of such literature. The Director replied by letter 6-5-50, advising Pike that the information in files of the Bureau is restricted and for official use only and that, therefore, he was unable to comment concerning the periodical mentioned. (61-7374-260)

REC-26 MCT-41 62-106491-

derogatory nature concerning Pike or any of the other individuals listed as correspondents of the subject.

The "New York Times" of 1-27-60, carried a story reflecting that Otis G. Pike, Suffolk County Justice of the Peace, had been accused of violating the Federal Migratory Game laws by shooting eleven ducks from a baited pond on 12-12-59. A Crimdel report from the New York Office dated 2-12-60 reflected that Judge Otis Pike, Riverhead, Long Island Justice of the Peace, "is screaming prejudice all over the county of Suffolk." Pike had been arrested and charged with illegal baiting of duck ponds and, while his two co-defendants paid a fine, Pike demanded a jury trial. Congressman Stuyvesant Wainwright, Pike's opponent in the 1960 elections, had been arrested for the same offense in 1956 and had been allowed to settle his case civilly, paying a \$25 fine. Hence, Pike claimed prejudice and the press took up his cause. The disposition of Pike's trial was not set forth in Bufiles. (8-0-A; 63-4296-34-529)

By request, Special Agent Bowers called on Congressman Pike at his office on 11-21-67. The Congressman explained that he has recently determined that his opponent in last year's election (James M. Catterson, Jr., Belle Terre, New York) had obtained a court order allowing a tap to be placed on his (the Congressman's) telephone in his New York office. He stated until approximately two weeks ago his opponent had served as Assistant District Attorney; hence, this facilitated his obtaining court authorization for the wire tap. The Congressman stated he intends to find out in the near future the claims made in the affidavit supporting the court order for the wire tap.

He said the foregoing information is the background for the request he wishes to make of the FBI. He stated this information and various "peculiarities" have led him to believe that his home telephone here in Washington also may be tapped and he wishes to have this instrument checked. He stated this phone is an unlisted phone number, 543-1049, located in his apartment at 434 First Street, S. E., Washington, D. C. He explained that he uses the phone frequently for business conversations and has talked to such Government officials as the Secretary of the Navy on it.

Congressman Pike has served in Congress since 1961. In 1960, he was arrested for violating the Federal migratory game law by shooting ducks over a baited pond. We have had very limited contacts with Congressman Pike, all of an official nature.

RECOMMENDATION:

That Congressman Pike be advised that our personnel competent in handling such checks is very limited and not currently available for such duty in Washington and that he may wish to contact the telephone company for assistance from it in checking the security of his home telephone.

FBI Checks Threat On Church, Pike

Associated Press

A right-wing group has threatened to assassinate several prominent politicians, including the chairmen of congressional committees investigating the CIA and an announced presidential candidate, an FBI spokesman says.

He said yesterday the FBI was investigating the threat but that there had been no arrests yet in the case.

The spokesman said the group, which calls itself Veterans Against Communist Sympathizers, threatened to kill Intelligence Committee Chairmen Sen. Frank Church, D-Idaho, and Rep. Otis Pike, D-N.Y.

In addition, the group has threatened Fred Harris, a candidate for the Democratic presidential nomination, and Rep. Ron Dellums, D-Calif. a member of the House Intelligence Committee, the FBI spokesman said.

He added that the threat also was aimed at Tim Butz, head of a Washington-based organization which has been publicly blamed for blowing the cover of CIA agent Richard Welch, who was slain last week in Greece.

The threat came in a note delivered to a Houston television station by "an unidentified individual" on Dec. 26, according to the spokesman, Tom Coll.
