The enclosed documents were reviewed under the FOIPA, Title 5, United States Code, Section 552/552a. Below you will find check boxes under the appropriate statute headings which indicate the types of exemptions asserted to protect information which is exempt from disclosure. The appropriate exemptions are noted on the enclosed pages next to redacted information. In addition, a deleted page information sheet was inserted to indicate where pages were withheld entirely and identify which exemptions were applied. The checked exemption boxes used to withhold information are further explained in the enclosed Explanation of Exemptions.

Please see the paragraphs below for relevant information specific to your request as well as the enclosed FBI FOIPA Addendum for standard responses applicable to all requests.

Based on the information you provided, we conducted a main entity record search of the Central Records System (CRS) per our standard search policy. For more information about records searches and the standard search policy, see the enclosed FBI FOIPA Addendum General Information Section.

In response to your negotiated Freedom of Information/Privacy Acts (FOIPA) request, enclosed are the processed documents.

This is the **first interim release** of information responsive to your FOIPA request. This material is being provided to you at no charge.

Duplicate copies of the same document were not processed.

Records that may have been responsive to your request were destroyed. Since this material could not be reviewed, it is not known if it was responsive to your request. Record retention and disposal is carried out under supervision of the National Archives and Records Administration (NARA), Title 44, United States Code, Section 3301 as implemented by Title 36, Code of Federal Regulations, Part 1228; Title 44, United States Code, Section 3310 as implemented by Title 36, Code of Federal Regulations, Part 1229.10.

For your information, a search of the indices to our Central Records System reflected there were additional records potentially responsive to your Freedom of Information/Privacy Acts (FOIPA) request. We have attempted to obtain this material so it could be reviewed to determine whether it was responsive to your request. We were advised that the potentially responsive records were not in their expected location and could not be located after a reasonable search. Following a reasonable waiting period, another attempt was made to obtain this material. This search for the missing records also met with unsuccessful results.

Please refer to the enclosed FBI FOIPA Addendum for additional standard responses applicable to your request. **"Part 1"** of the Addendum includes standard responses that apply to all requests. **"Part 2"** includes additional standard responses that apply to all requests for records about yourself or any third party individuals. **"Part 3"** includes general information about FBI records that you may find useful. Also enclosed is our Explanation of Exemptions.

# FBI FOIPA Addendum

As referenced in our letter responding to your Freedom of Information/Privacy Acts (FOIPA) request, the FBI FOIPA Addendum provides information applicable to your request. Part 1 of the Addendum includes standard responses that apply to all requests. Part 2 includes standard responses that apply to requests for records about individuals to the extent your request seeks the listed information. Part 3 includes general information about FBI records, searches, and programs.

# Part 1: The standard responses below apply to all requests:

- (i) **5 U.S.C. § 552(c).** Congress excluded three categories of law enforcement and national security records from the requirements of the FOIPA [5 U.S.C. § 552(c)]. FBI responses are limited to those records subject to the requirements of the FOIPA. Additional information about the FBI and the FOIPA can be found on the <u>www.fbi.gov/foia</u> website.
- (ii) Intelligence Records. To the extent your request seeks records of intelligence sources, methods, or activities, the FBI can neither confirm nor deny the existence of records pursuant to FOIA exemptions (b)(1), (b)(3), and as applicable to requests for records about individuals, PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(1), (b)(3), and (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records is itself a classified fact protected by FOIA exemption (b)(1) and/or would reveal intelligence sources, methods, or activities protected by exemption (b)(3) [50 USC § 3024(i)(1)]. This is a standard response and should not be read to indicate that any such records do or do not exist.

# Part 2: The standard responses below apply to all requests for records on individuals:

- (i) Requests for Records about any Individual—Watch Lists. The FBI can neither confirm nor deny the existence of any individual's name on a watch list pursuant to FOIA exemption (b)(7)(E) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (j)(2)]. This is a standard response and should not be read to indicate that watch list records do or do not exist.
- (ii) Requests for Records about any Individual—Witness Security Program Records. The FBI can neither confirm nor deny the existence of records which could identify any participant in the Witness Security Program pursuant to FOIA exemption (b)(3) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(3), 18 U.S.C. 3521, and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.
- (iii) Requests for Confidential Informant Records. The FBI can neither confirm nor deny the existence of confidential informant records pursuant to FOIA exemptions (b)(7)(D), (b)(7)(E), and (b)(7)(F) [5 U.S.C.§ § 552 (b)(7)(D), (b)(7)(E), and (b)(7)(F)] and Privacy Act exemption (j)(2) [5 U.S.C.§ 552a (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records would reveal confidential informant identities and information, expose law enforcement techniques, and endanger the life or physical safety of individuals. This is a standard response and should not be read to indicate that such records do or do not exist.

# Part 3: General Information:

- (i) Record Searches and Standard Search Policy. The Record/Information Dissemination Section (RIDS) searches for reasonably described records by searching systems, such as the Central Records System (CRS), or locations where responsive records would reasonably be found. The CRS is an extensive system of records consisting of applicant, investigative, intelligence, personnel, administrative, and general files compiled by the FBI per its law enforcement, intelligence, and administrative functions. The CRS spans the entire FBI organization, comprising records of FBI Headquarters, FBI Field Offices, and FBI Legal Attaché Offices (Legats) worldwide; Electronic Surveillance (ELSUR) records are included in the CRS. The standard search policy is a search for main entity records in the CRS. Unless specifically requested, a standard search does not include a search for reference entity records, administrative records of previous FOIPA requests, or civil litigation files.
  - a. Main Entity Records created for individuals or non-individuals who are the subjects or the focus of an investigation
  - b. Reference Entity Records- created for individuals or non-individuals who are associated with a case but are not known subjects or the focus of an investigation
- (ii) **FBI Records.** Founded in 1908, the FBI carries out a dual law enforcement and national security mission. As part of this dual mission, the FBI creates and maintains records on various subjects; however, the FBI does not maintain records on every person, subject, or entity.
- (iii) Foreseeable Harm Standard. As amended in 2016, the Freedom of Information Act provides that a federal agency may withhold responsive records only if: (1) the agency reasonably foresees that disclosure would harm an interest protected by one of the nine exemptions that FOIA enumerates, or (2) disclosure is prohibited by law (5 United States Code, Section 552(a)(8)(A)(i)). The FBI considers this foreseeable harm standard in the processing of its requests.
- (iv) Requests for Criminal History Records or Rap Sheets. The Criminal Justice Information Services (CJIS) Division provides Identity History Summary Checks often referred to as a criminal history record or rap sheet. These criminal history records are not the same as material in an investigative "FBI file." An Identity History Summary Check is a listing of information taken from fingerprint cards and documents submitted to the FBI in connection with arrests, federal employment, naturalization, or military service. For a fee, individuals can request a copy of their Identity History Summary Check. Forms and directions can be accessed at <a href="https://www.edo.cjis.gov">www.edo.cjis.gov/about-us/cjis/identity-history-summary-checks</a>. Additionally, requests can be submitted electronically at <a href="https://www.edo.cjis.gov">www.edo.cjis.gov</a>. For additional information, please contact CJIS directly at (304) 625-5590.

Angeles-President-elect Los Reagan yesterday named retired Gen Alexander M. Haig to be secretary of state and expressed confidence that Haig would emerge unscathed from any inquiry into his role as a top aide in the Watergate-stained Richard Nixon administration.

Reagan also announced that Raymoud J. Donovan, 50, of Far Hills. N.J., a construction company executive who served as Reagan's campaign manager for New Jersey, was his choice for labor secretary

The designations bring the number of Reagan cabinet selections to 10-all of them men, all white, most of them well to do and all except two in their 50s or 60s.

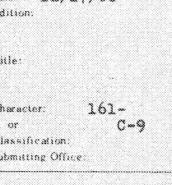

REAGAN AGAIN did not appear personally for any formal announce ment, and this time, unlike the unveiling of the first eight choices last Thursday, neither did the two newest nominees. A fransition spokesman said Holy was home in Connecticut with the file and a 102 degree fever.

en. Haig has the qualifications for this job and that there is nothing uninvented that could be brought up against him," said a relaxed and casually attired Reagan. He noted that former Watergate Special Prosecutor Leon Jaworski was interviewed on television the other night about Haig, and "he speaks very highly of him."

Reagan said the 56-year-old Haig is "the man for the job... because of the respect that he has or is held in by foreign leaders, particularly in Europe, because of his knowledge of world affairs (and) his integrity."

SENATE MAJORITY Leader Robert Byrd (D-W.Va), who will the minority leader in the next Congress, has warned that Haig would be subjected to intensive scrutiny. But Tennessee Sen. Howard Baker, who takes over as majority leader in the upcoming session, said his own inquiries gave Haig a clean bill of health and predicted that he would be confirmed easily.

Sen. Edward M. Kennedy (D-Mass.) has promised a tough grilling of Haig.

Kennedy said yesterday, "There've been serious questions that have been raised about Mr. Haig. I would certainly wait until the hearings themselves have been completed to make a final judgment, but I certainly hope that extensive hearings will be held on his nomination."

Kennedy said he is concerned with the prospect of a career military officer heading the State Department.

"THIS IS A nomination that should See CABINET Page 24\_\_\_\_ not have been made," Sen. Alan Cranston (D-Calif.) said yesterday. "It will provoke a serious controversy that will jar the harmony that has prevailed since Ronald Reagan's election."

. Cranston, who is a member of the Senate Foreign Relations Committee that will conduct confirmation hearings, said Haig's role in "matters involving Vietnam, Watergate and the Nixon pardon . . . must be and will be fully explored." Haig served as an assistant to former. Secretary of State Henry Kissinger in the Nixon administration before going to the job of chief of staff. Former President Gerald Ford named him commander-in-chief of the European Cominand of the North Atlantic Treaty Organization.

After retiring from the military and dabbling with a possible run for President this year—an idea he quickly abandoned—Haig took a job as president of United Technologies forp., a defense conglomerate that is one of the nation's largest firms.

Reagan has yet to reveal his choices for the lesser cabinet posts of secretaries of housing and urban development, energy, interior, education and agriculture, as well as his selection to head the President's Council of Economic Advisers. Those remaining posts will provide his last opportunity to find a slot for a woman or a black.

In answer to a comment that it was beginning to appear that his cabinet would be devoid of women or minorities, Reagan said, "Don't keep score until the whole thing is in. Let me say there is no plot to rule them out."

TRANSITION SOURCES said that

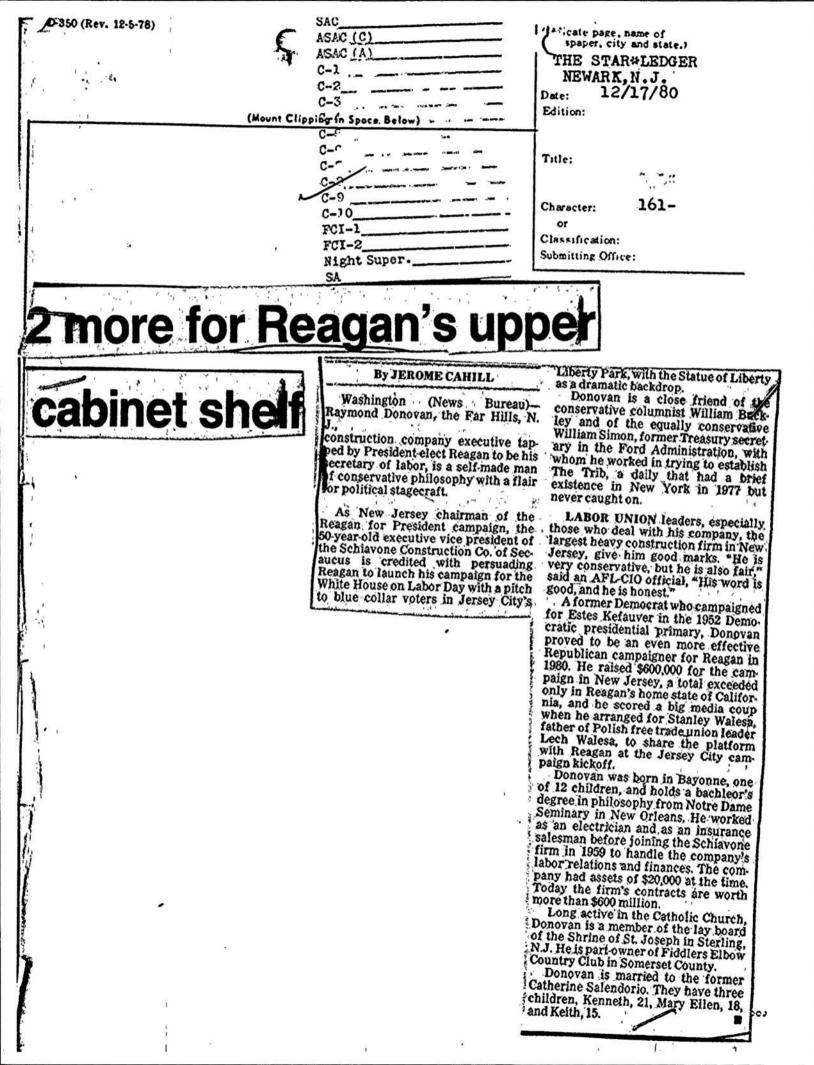

Jewel S. Lafontant, a black woman lawyer from Chicago, is the odds-on favorite to get the job of housing secretary and that Wyoming lawyer James G. Watt is the selection for interior secretary. But there was less certainty on the other posts, particularly that of agriculture secretary. Various competing interest groups were in a fierce lobbying battle over that ultimate selection.

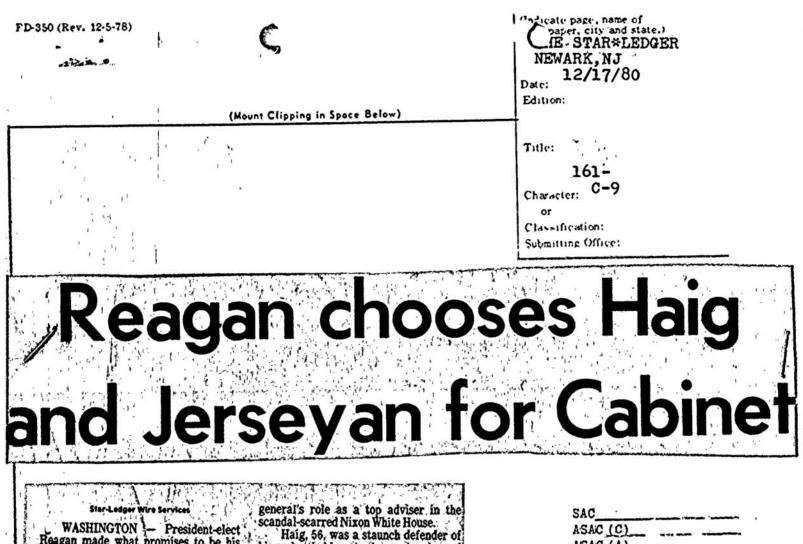

There has been some hard lobbying on behalf of New York State Sen. Roy Goodman of Manhattan for housing secretary, which would make him the only Jewish member of the cabinet so far. But when Edwin Meese, Reagan's transition director, was asked about Goodman, he said, "Who's Goodmap"

**REAGAN SETTLED** on Donovan for labor secretary even though one powerful labor igroup that had endorsed Rengan's candidacy—the Teamsters—was gushing hard for its own candidate, former National Labor Relations Board head Betty Murphy. But Reagan said that Donovan "had the approval of labor generally" and that Donovan's record convinced him the New Jersey resident would be "a completely fair man with regard to anything that had to do with labor and management problems as faced by the secretary."

appear without Haig, and Reagan officials said both would be present when other Cabinet choices are announced, possibly later this week.

Haig's role in the Watergate scandal and in the pardon given Nixon after he resigned led congressional Democrats to question Haig's selection to be the nation's top diplomat even before it was announced.

However, Reagan told reporters in Los Angeles, "I am completely convinced General Haig has the qualifications for

this job and that there is nothing uninvented that could be brought up against him."

Haig, who was Nixon's White House chief of staff, commented yesterday in a telephone interview with the Associated Press, "I feel certain my confirmation will go without any problems. I would not have accepted the offer if I felt there were any serious problems."

In a written statement that accompanied the Cabinet choices, Reagan said the selections of Haig and Donovan would send a signal to the world that America is on the march again.

Issuing what appeared to be an implied criticism of President Carter's conduct of foreign policy, Reagan said Haig's appointment would demonstrate "that our foreign policy will be clear, consistent and strong."

Reagan said he had chosen Haig "because of the respect that is held for him by foreign leaders, particularly in Europe, his knowledge of world affairs, his integrity."

Asked whether Reagan had any concern that Haig might not be confirmed. James Brady, press secretary for the transition, replied tersely, "No, he does n't." By naming Donovan to the top labor post, Reagan chose a self-made man who has never held an elective office or worked for the government. Yet Donovan, who had little experience with political campaigns before working for Reagan's election, brought the Republican's campaign to the blue collar neighborhoods of New Jersey and (Please term to Page 6)

later became chairman of Reagan's state organization.

Donovan, 50, is executive vice president of Schiavone Construction in Secaucus, N.J.

Senate Democratic leader Robert C. Byrd has said that Haig's Watergate ties would come under "intense scrutiny" at confurmation bearings, scheduled to begin Jan 9. Republican leader Howard H. Baker Jr. has said he has made a review Haig's record and beheves Haig will be confurmed.

Aides to the President-elect believe they have the votes to push the confirmatio through the new Republican-controlled Senate, yet they fear even a victory could have a considerable political cost.

During the Watergate scandal, Haig furst counseled Nixon to hang on but after bearing the tape in which Nixon acquiesced to the cover-up, he told the President, "I just don't see how we can survive this one."

When the infamous 18<sup>1</sup>/<sub>4</sub> minute gap on one tape recording was being explored in court, Haig offered what he called a. "devil theory" on the hum that replaced conversations. "Perhaps some sinister force has come in," he said.

At the Washington ceremony and news conference, Brady was asked if Nixon was consulted about Haig's appointment, and he replied that the transition team does not comment on procedures.

Asked if it would be reflective of America's foreign policy to have a military man bead the State Department, Brady replied, "If confirmed, yes." He did not elaborate.

When Nixon promoted Haig two stars to full general in 1973, the President declared at the Oval Office ceremony marking the advancement that his protege was "in the best soldier-statesman tradition of George C. Marshall."

Nixon's assessment, based seven years ago on diplomatic missions Haig had successfully carried out in Southeast Asia and China, appeared particularly apt yesterday as the 56-year-old West Pointer and former supreme commander of NATO was designated to be secretary of state.

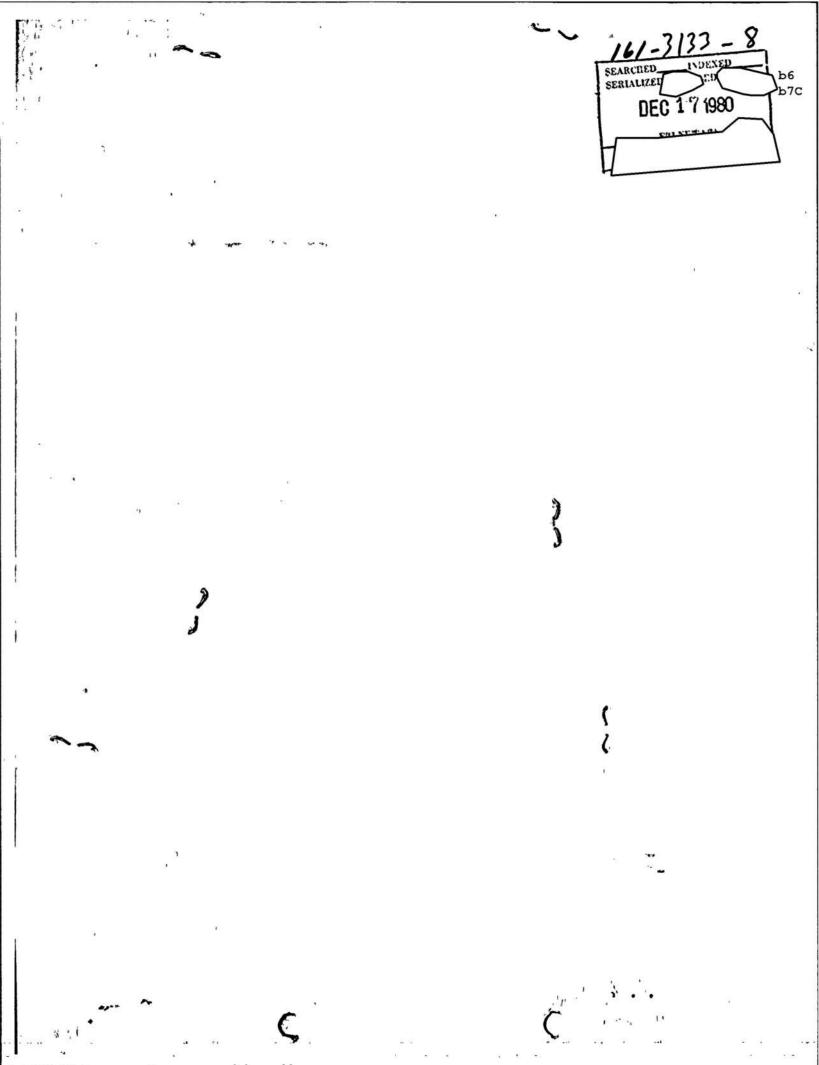

If confirmed, Haig would be the first career mibtary man in the State Department job since Marshall, who was World War II chief of staff before taking over the crucial foreign policy post in 1947.

Vietnam hberals. Their criticism focuses primarily on Haig's role as Nixon's chief of staff during the Watergate scandal and its immediate aftermath, when President Ford pardoned Nixon for all acts associated with Watergate. Haig is also faulted by the hiberals for his role, as aide to national security adviser Henry A. Kissinger, in the Nixon Administration's wiretapping of government officials and reporters.

On the other hand, Haig's supporters. On the other hand, Haig's supporters' praise him for "holding the White House and the nation together during the dark " days of 1974" when Nixon testered between resignation and impeachment, as Sen. John Heinz (R-Pa) has said. And former Watergate prosecutor Leon Jaworski has praised him as the "moving force" who engineered Nixon's eventual resignation.

In the aftermath of Haig's nomination, the foreign service bureaucracy he will inherit seemed equally divided among doubters who remember Watergate and wiretapping episodes and those who see in Haig a strong leader who will resist what they regard as the ideological excesses proposed by some members of Reagan's foreign policy transition advisory team.

"They ought to change the Pledge of Allegiance to the United States to the corporate states. It's a sad day when they can appoint a guy (Donovan) like that, ahead of the gal from California," Kelleher said, referring to Mrs. Murphy.

United Auto Workers union president Douglas Fraser said, "We hope that as secretary of labor, he will show an understanding of the problems currently faced by America's working men and women and by the millions of unemployed.

"We do not know Mr. Donovan but wish him well," Fraser said, adding he hopes the nominee "will have the necessary compassion to deal with" the problems facing: the nation's labor force.

International UFCW president William Wynn was more receptive to the Donovan choice.

4

"I don't know Mr. Donovan and welcome the opportunity of meeting with him," said Wynn, head of the 2.2million-member UFCW. "We'll be more than happy to try and work with him.

We probably had a slight preference (for Murphy), We know Betty, but I expect we'll get to know the new secretary of labor," Wynn said.

"It doesn't bother me that he's from the other side of the table. Ray Marshall (present secretary of labor) is from the other side and has worked well with labor, as did John Dunlop.

The Teamsters' reaction came after a phone conversation Friday evening with the President-elect in which IBT president Frank Fitzsimmons reiterated his strong support for Murphy for labor secretary.

"He's (Reagan) the President of the United States and I don't want to criticize him. He's got the right to pick the people he thinks are best for the job," said Thomas (Teddy) Gleason, president of the International Longshoreman's Association.

"A lot of us were looking for Mrs. Murphy, and I came out for her myself?" Gleason said.

Frank Drozak, president of the Seafarers International Union, said he's had dealings with Donovan in the past and both "liked and admired" him. Drozak, a strong supporter of President Carter's re-election, predicted a "highly successful" term in office for Donovan.

The Teamsters were the largest union to endorse Reagan's candidacy and one of the few labor organizations to do so.

Reagan and vice president-elect Bush visited Fitzsimmons at Teamster herdquarters in Washington to offer their thanks after the vote, and Teamsters are playing key roles on both the inaugural and transition teams.

general election campaign on Labor Day in Jersey City's Liberty State Park — in a city where Denocratic politicians boast they run an organization second only to the machine in Chicago.

And when Reagan came back to New Jersey, Donowan steered him far from Republican territory. Reagan went to Paterson and Lodi, and five days before Election Day, to a Bayonne tavern, where he tried to amble up to a bar with a \$20 bill Donovan slipped into his fist to buy a round for the boys.

Reagan could not get near the bar because the place was too jammed with excited supporters — all blue collar working people.

By the numbers, Reagan lost Hudson County by a scant 4,000 votes, but his overwhelming sweep of New Jersey and the rest of the country confirmed Donovan's and other advisers' convictions that the New Deal's Democratic coalition was breaking apart.

Donovan, the executive vice president of Schiavone Construction Co. in Secaucus, knew that the sandhogs and road builders who carried their union cards crushed in their wallets were ready to vote Republican. He called them "street corner conservatives."

Donovan received his own political reward yesterday with the Reagan nomination to be secretary of labor. The President-elect, in a prepared statement released in Washington, D.C., said Donovan would bring "experience, intelligence and creativity" to the job.

Donovan, a quiet and private man whose sense of humor is usually directed at himself, was little known in Republican circles when he took command of the Reagan campaign in New Jersey last soring.

A personal friend of Reagan for several years, his fierce loyalty to the former California governor was tested when he took on the task of helping to raise money for Reagan's primary campaign in 1979.

In one night in September of 1979, he raised \$175,000 for Reagan at a reception at Fiddler's Elbow, a country club he owns in Bedminster with business partner Ronald Schiavone.

He went on to raise several hundred thousand dollars more for Reagan, and hosted Nancy Reagan at his Short Hills home in April.

chairman, Donovan was elevated to co-chairman of the campaign while Hamilton Township Mayor John Rafferty was eased out of decision-making roles. Rafferty had been appointed New Jersey campaign chairman by John Sears, Reagan's original campaign manager fired after the New Hampshire primary.

In a northeastern state, Sears had wanted a Republican politician with a moderate reputation to serve as the head of the campaign. But with Sears gone, Donovan was the one with close ties to the Reagan organization.

By the time of the Republican National Convention in Detroit, Donovan was clearly the man in charge.

"It became apparent that Donovan would better serve the Governor's needs," said Thomas Bruinooge, Donovan's close political adviser and state vice chairman for Reagan.

"Through his personality, action and attitude, he evolved into the leader," added Bruinooge.

Donovan's take-charge manner frequently forced im into conflicts with Republican State Chairman havid Norcross over the handling of the campaign, but both men kept their strategic disputes quiet while Donovan retained his direct link to Reagan.

Donovan's single previous activity in Republican politics in the state was helping to raise money for former State Sen, Raymond Bateman's 1977 gubernatorial campaign.

Bateman, who first met Donovan in 1963 at a bustnessmen's luncheon, described Donovan as "a very private guz, very devout and very religious."

vate gup, very devout and very roligious." Growing up in Bayonne, Donòvan, one of 12 children, thought about becoming a priest. A graduate of St. Andrew's grammar school, Donovan spent one year at St. Peter's Prep in Jersey City before entering the Missionary Servants of the Most Holy Trinity in Alabama, an order dedicated to charitable and social work.

He returned home in 1952 after being graduated with a degree in philosophy from Notre Dame Seminary in New Orleans. In 1948, his mother had died, and it was his turn when he came home to care for five younger brothers and sisters. In 1952, he attempted to drum up support in Huds County for Sen. Estes Kefauver's campaign for Democratic presidential nomination.

"That's when I was really politically naive "Do van recalled recently. "I brought him into Jersey C but Mayor Kenny refused to see him. Kefauver tried put him in jail six months before."

In 1953, he went to work for American Insurance and joined the firm's surety bonding department in 19.

It was in his role as an insurance salesman that met Ronald Schlavone who in 1958 was trying to ge small construction company off the ground in the mid of a recession.

Donovan's pitch to sell Schiavone surety bonds – was confident the economy would rebound – led Sci vone to talk Donovan out of buying a house and invest in the company.

From a company with \$20,000 in assets, Schiav Construction now employs more than 1,500 people holds contracts for \$600 million. It is one of the lar heavy construction companies in the country. Among contracts today is one with the New Jersey Turn Authority to build Exit 13 A — the new link to New International Airport.

Donovan initially handled surety bonding and in ance matters for the construction company, but his was eventually expanded to labor relations.

Although his close friendship with Reagan ra than his views on labor issues was the key to his nom tion, Donovan is not expected to have trouble win confirmation from the Senate.

Sen. Harrison A. Williams Jr. (D-N.J.), the inc bent chairman of the Senate Labor and Human sources Committee who will be the ranking mine member of the committee's labor subcommittee w the GOP takes control next month, called Donova "excellent choice."

"I think he will surprise many people when he to work in a volatile area of labor-management tions," said Williams. "His involvement in comm

activities and organizations indicates to me he has the basic human qualities and characteristics which will make him a fine choice for this important department." Donovan is chairman of the Missionary Servants of the Most Holy Trinity Order's lay board of advisers. He is also chairman of the board of Honesty House, a privately endowed home for treatment of alcoholics in Stirling, N.J. He is also on the lay board of the Shrine of St. Joseph in Stirling in Stirling.

Donovan has been married to the former Catherine Sblendorio since 1957. They have three children, Ken-neth, 21, who is attending Fairfield University in Con-nections, Mary Ellen, 18, a student at Rosemont College in Resemont, Pa., and Keith, 15, who attends the Delbar-ton School in Morristown.

Donoyan was unavailable for comment yesterday. Bruissee said his friend was "elated and gratified" and "relieved the nomination was made public."

# **Donovan's firm** made payment to dummy company

#### By ALEX MICHELINI

Labor Secretary designate Raymond J. Donovan's New Jersey construction company once paid "\$12,000 or \$15,000" to a businessman who had set up a dummy company to launder payoffs from contractors to politicians and mobsters, it was disclosed yesterday.

Donovan, President-elect Reagan's surprise choice for the Labor Department post, has confirmed that his firm, the Schiavone Construction Co. of Secaucus, gave a check in that amount to Kantor Supply in the late 1960s.

The Daily News reported earlier that Donovan was called to the U.S. attorney's office to answer questions in the investigation that led to the indictment and conviction of former Newark Mayor Hugh Addonizio and a dozen others. Donovan was asked specifically about payments to a phantom company established by Irving Kantor as a conduit for bribes and as a means of generating cash for contractors in such a way as to escape taxes.

Donovan, a partner and executive vice president of the Schiavone firm, contended the check to the Kantor account was legitimate, insisting he paid Kantor for leasing rights to store.

materials on a vacant piece of swampland in Newark. Donovan also asserted that his company never did any business with the city of Newark.

INVESTIGATORS FAMILIAR with the Kantor operation told The News the only vacant land owned by Kantor was at 134 Lillie St., Newark. That was the address of the dummy company.

"To my knowledge, there was nothing on it; and Kantor never used it. for anything but as an address for the dummy firm," the investigator said. "At the trial, Kantor testified that all of the money put in the account was dirty, money," the investigator added.

yesterday the only property owned by her husband was the 134 Lillie St. lot.

Donoyan repeatedly has refused requests by The News to question him on the matter.

Meanwhile, it was disclosed in Washington that the Schiavone firm has been inspected by the Labor Department 49 times in the last six years and has drawn 135 citations for safety violations—more than the normal amount, according to the federal Occupational Safety and Health Administration.

Fifty-eight of the violations were termed "serious," which was termed "worse than average" for a company of more than 25 employes. Schiavone employs 1,500 persons. All but one of the violations have been corrected, according to OSHA.

In addition, a Labor Department investigation is under way to determine if the Schiavone firm is in violation of federal laws prohibiting discrimination against women and minorities. The probe, still in the hands of the department's New York regional office was initiated after, the receipt of complaints.

## Reagan nominee active at St. Rose

#### By BOB ARMBRUSTER

Raymond J Donovan, 50, President-elect Reagan's choice for Secretary of Labor and a parishioner of St. Rose of Lima parish, Short Hills, appears to be a man who remembers his roots.

He has discussed his Hudson County background in newspaper interviews, and he has remained close to the Trinitarians, a small religious community whose seminary he entered as a high school student.

Despite an obviously busy schedule in business and politics, he has been active at St. Rose of Lima parish and sometimes aitends daily Mass. Says Msgr, Harrold A. Murray, the pastor, "Whenever I've approached him for advice and counsel, he's always been there ready, willing and able to assist in any way possible. We are very proud of him."

Donovan, one of 12 children, grew up in Bayonne, and was graduated from St Andrew's School there. He spent a year at St Peter's Prep, Jersey City, before entering the high school seminary of the Missionary Servants of the Most Holy Trinity in Alabama

He returned home in 1962 after being graduated with a degree in philosophy from Notre Dame Seminary in New Orleans. His mother died in 1948, and it was his turn when he came home to care for five younger brothers and sisters.

Today, Donovan is chairman of the Missionary Servants of the Most Holy Trinity community's lay board of advisers. He is also chairman of Honesty House, a privately endowed home for the treatment of alcoholics in Stirling, and is on the lay board of the Trinitarians' Shrine of St. Joseph in Stirling

Trinitarian Father Aedan Manning, retreat director at the shrine, told The Advocate that Donovan has remained close to the Trinitarians over the years. Father Manning said the American-founded community of 190 priests and brothers seeks especially to make apostles of the laity and has a thrust toward working with the poor and the abandoned.

Father Manning observed that Donovan-"has imbibed something of the spirit" of the congregation, and also that he is undoubtedly familiar with the papal encyclicals on labor. Raymond J. Donovan

Another Trinitarian, Father Walter O'Donnell, who was a seminary classmate of Donovan's, remembers him as a good athlete, especially in basketball. He noted that Donovan has been generous to the shrine in Stirling.

In an interview with The New York Times, Donovan referred to the people heknew during his youth in Hiddson County. "I call them street-corner conservatives," he explained. "They're typified by Mr. and Mrs. Murphy who own a two-family house, and the reht paid by Mrs. O Rourke on the second floor used to cover the upkeep and taxes, but it doesn't anymore and they're frightened." Donovan said he recognized that Ronald Keagan was saying things that appealed to the people he grew up with in Eayonne

Donovan worked for the American Insurance Co from 1953 to 1958 and joined the Schiavone Construction Co the following year as a shareholder and vice president with primary responsibility for labor relations, finance, bonding, insurance and real estate.

Donovan campaigned for Sen James Buckley (R-N Y) and did some fund raising for Republican candidates. In 1976, bebecame a supporter of Ronald Reagan.

He began raising funds and putting together a 1,500-member voluniteer force for Reagan 16 months before the 1980 presidential campaign. He persuaded New Jersey Republicans to endorse Reagan before the state's June primary.

His work earned him the chairmanship of the New Jersey Reagan Bush campaign in the general election, and it was Donovan's urban strategy to have Reagan, a Californian, start his campaign on Labor Day in Jersey City's Liberty State Park Donovan,

21 years in various administrative

capacities. He was director of student af-

fairs from 1951 to 1957, dean of the University College in Newark from 1955 to 1960, and

executive vice president from 1960 to 1969. He also served one year as acting president

before becoming pastor in Roseland in 1970.

### Msgr. Fleming heads Seton Hall drive

Msgr Edward J Fleming, pastor of ... Blessed Sacrament, Roseland, and former executive vice president of Seton Hall University, will serve as chairman of the university's annual alumni appeal for 1981.

Msgr Fleming, a 1940 graduate of Seton Hall, was associated with the University for

a specialist in labor relations, was sent to 11 other states to talk to local campaign committees and labor union officials.

Denovan has been married to the former Catherine Sblendorio since 1957. They have three children, Kenneth, 21, a graduate of Fairtield University in Connecticut, Mary Ellen, 18, a student at Rosemont College in Rosemont, Fa., and Keith, 15, who attends Delbarton School in Morristown.

In another Reagan nomination, retired General Alexander M. Haig Jr, would become the second Catholic secretary of state. The current secretary, Edmund S. Muskie, is also a Catholic

Haig was born on Dec. 2, 1924 in Bala Cynwyd, Pa., a Philadelphia suburb, and attended Catholic and public schools. He spent two years at the University of Notre Dame before his appointment to the U.S. Military Academy in 1944.

His younger brother is Jesuit Father Frank R. Haig, associate professor of physics at Loyola College in Baltimore.

the labor post. Sure the brotherhood was hung over with investigations but, said one transition policy-maker, just look at what AFL-CIO chief Lane Kirkland had caid

When, during a Dec. 5 lunch, a newsman had asked Kirkland, "Are you satisfied . . . that the Teamsters union isn't dominated by corrupt in-fluences," the labor presi-dent reported: 1 1.

Inside

VICTOR RIESEL

"Yes, I am. I don't believe that the Teamsters union is dominated by corrupt influences. I know enough Teamsters around the country to know that that would be an unfair characterization , of the Teamsters union.

Kitkland also indicated he thought that going after individual union officials without solid evidence was vigilantism.

That satisfied the transition team working on the U.S. Labor Department. So the Reagan advisers didn't consider everything the Teamsters proposed as something to be avoided. Nor did the advisers murmur much on Monday when word came that it was to be announced of-ficially that Fitzsimmons would chain the first In-augural Labor Committee.

And that 15th vice president of the Teamsters Jackie Presser - whose aide already had been operating the committee would be a co-chairman.

Transition Insiders didn't say much, nor did word go up to the president-elect when orders came to honor Presser who heads the Ohio Conference of Teamsters and some locals - by appointing him a senior adviser to the economic affairs transition group.

It became apparent that everybody inside had taken for granted that Ronald . Reagan, during à telephone conversation, had promised Fitzsimmons that the Teamsters nominee Betty Murphy was in the bag. But on Dec. 16, the

stories broke on Presser's relationship to the gigantic Chicago-based \$2.6-billion Teamsters Central States Pension Fund. This retirees' trust gets \$600 million annually from employers.

Reporters asked Reagan about the federal probes. Reagan averred these should continue but that he saw nothing wrong in Presser as a Teamsters official being "a legit. imate contact with labor." The President-elect felt

he had delivered to the Teamsters. He had sent a message to aall of labor. Those loyal to him would get his loyalty. He didn't

SALESMAN, WHEN THE COMPANY WAS KNOWN AS THE AMERICAN INSURANCE CO., NEWARK, NJ. APPOINTEE'S OFFICIAL TITLE WAS FIRST ASSISTANT TO THE MANAGER OF THE BOND DEPARTMENT, AND HE WAS EMPLOYED SOON AFTER GRADUATING FROM A SEMINARY COLLEGE. REGAN DESCRIBED THE APPOINTEE AS DYNAMIC, INTELLIGENT, RESPONSIBLE, AND "ABOVE REPROACH." STATED THAT APPOINTEE LIMITS HIMSELF SOCIALLY, DUE TO HIS STRONG TIES TO HIS FAMILY. RECALLED THAT APPOINTEE LEFT HIS EMPLOYMENT WITH THE INSURANCE COMPANY FOR A BETTER PAYING POSITION. STATED THAT APPOINTEE'S CHARACTER, ASSOCIATES, REPUTATION AND LOYALTY ARE BEYOND REPROACH, AND IT IS HIS OPINION THAT "THE PRESIDENT COULD NOT HAVE PICKED A BETTER MAN FOR THE POSITION," AND THEREFORE HIGHLY RECOMMENDED HIM.

NORTON INSURANCE AGENCY, ENGLEWOOD, NJ, SEPTEMBER, 1958, TO JANUARY, 1959: ON DECEMBER 30, 1980, ALFRED J. NORTON, INC., 521 TENAFLY RD., ENGLEWOOD, NJ, ADVISED THAT WHILE NO PERSONNEL RECORDS ARE AVAILABLE FOR 1958-1959, THAT HE COULD CONFIRM THAT APPOINTEE WAS EMPLOYED WHEN THE COMPANY WAS KNOWN AS THE NORTON INSURANCE AGENCY DURING THE PERIOD SEPTEMBER, 1958, TO JANUARY, 1959, AS HEAD OF THE INSURANCE

NK 92-3565 INVOLVED AN INVESTIGATION IN 1969 AND 1970 BY THE NEWARK DIVISION, UNITED STATES ATTORNEY'S OFFICE, DISTRICT OF NEW JERSEY, CONCERNING ALLEGED PAYOFFS MADE TO ADDONIZIO, THE THEN MAYOR OF NEWARK, NEW JERSEY AND OTHER POLITICAL MEMBERS OF THE NEWARK CITY ADMINISTRATION. NEWARK CONDUCTED REVIEW OF THIS FIVE VOLUME INVESTIGATION WITH NO REFERENCE TO APPOINTEE OR SCHIAVONE CONSTRUCTION COMPANY LOCATED.

ADDITIONAL INDICES CHECKS BY NEWARK DETERMINED THAT IN DECEMBER, 1969, UNITED STATES ATTORNEY'S OFFICE, NEWARK, NEW JERSEY, REQUESTED INVESTIGATION INTO KANTOR SUPPLY COMPANY, NEWARK, NEW JERSEY, WHOSE PRINCIPAL WAS IRVING KANTOR (NOW DECEASED), FOR POSSIBLE HOBBS ACT VIOLATION IN CONNECTION WITH THE THEN ONGOING ADDONIZIO INVESTIGATION. REVIEW OF THIS SIX SERIAL FILE REVEALED THAT IRVING KANTOR, WHO AT THE TIME HAD AN INCURABLE DISEASE, NOTIFIED UNITED STATES ATTORNEY'S OFFICE, NEWARK, NEW JERSEY, THAT HE SET UP A COMPLETELY FICTITIOUS COMPANY IN THE NAME KANTOR SUPPLY COMPANY, IN ORDER TO SUPPLY FICTITIOUS INVOICES FOR THE PURPOSE OF WASHING CASH.

A SUBJECT OF THE ADDONIZIO MATTER, WAS THE INDIVIDUAL WHO REQUESTED KANTOR TO SET UP THE COMPANY.

KANTOR WAS INTERVIEWED BY INTERNAL REVENUE SERVICE AGENTS. AT WHICH TIME, HE SUPPLIED THE NAMES OF COMPANIES IN NEW JERSEY WHO DEALT WITH KANTOR SUPPLY COMPANY. COMPILED LIST WAS TURNED OVER TO THE UNITED STATES ATTORNEY'S OFFICE, AND THEY DESIGNATED. BY SYMBOL, THE PRIORITY ATTACHED TO THOSE COMPANIES REGARDING UNITED STATES ATTORNEY'S INVESTIGATION INTO ADDONIZIO. SYMBOL A IDENTIFIED COMPANIES WHICH WERE INCLUDED IN THE ADDONIZIO INDICTMENT AS HAVING WORKED ON CITY CONTRACTS DURING THE TIME PERIOD COVERED BY THE INDICTMENT. SYMBOL B IDENTIFIED COMPANIES NOT NAMED IN THE INDICTMENT BUT WHO WERE ENGAGED IN PUBLIC PROJECTS WITHIN THE PERIOD COVERED BY THE INDICTMENT. SYMBOL C AND D WERE IDENTIFIED AS NOT COVERED IN THE INDICTMENT. UNITED STATES ATTORNEY'S OFFICE, NEWARK, NEW JERSEY, DETERMINED THAT SCHIAVONE CONSTRUCTION COMPANY, FIT THE CRITERIA FOR SYMBOL B IN THAT IT WAS ENGAGED IN A CONSTRUCTION PROJECT ON THE NEW JERSEY TURNPIKE, WITHIN THE CITY LIMITS AND PAID KANTOR SUPPLY

COMPANY APPROXIMATELY \$13,000.00 TO DUMP UNCLEANED EXCAVATION ON PROPERTY OWNED BY KANTOR.

THE KANTOR INVESTIGATIVE MATTER WAS CLOSED BY NEWARK IN APRIL, 1970, WITH NO INVESTIGATION REALLY BEING CONDUCTED BY THE OFFICE. THE MATTER WAS CLOSED BY THE UNITED STATES ATTORNEY'S OFFICE IN THAT PRINCIPALS OF THE COMPANIES WHO DEALT WITH KANTOR WERE TO BE INTERVIEWED BY THE UNITED STATES ATTORNEY'S OFFICE FOR POSSIBLE TESTIMONY IN THE ADDONIZIO MATTER. WHETHER APPOINTEE OR ANY OTHER PRINCIPAL WAS INTERVIEWED BY THE UNITED STATES ATTORNEY'S OFFICE IS NOT KNOWN OR REFLECTED IN THIS FILE.

A DECEMBER 24, 1980 ARTICLE IN THE NEW YORK DAILY NEWS" REFERS TO APPOINTEE, THE SCHIAVONE CONSTRUCTION COMPANY, AND IRVING KANTOR, CONCERNING THE AFOREMENTIONED PAYMENT. IT IS NOTED, THAT APPOINTEE ASSERTS TO "THE DAILY NEWS" THAT SCHIAVONE CONSTRUCTION COMPANY NEVER DID ANY BUSINESS WITH THE CITY OF NEWARK. A COPY OF THIS ARTICLE WILL BE FACSIMILIED TO THE BUREAU.

## was extorte o-show Teamster to payi

#### By ROBERT COHEN Star-Ledger Washington Bureau

WASHINGTON - Labor Secretary-designate Raymond J. Donovan admitted yesterday that his New Jersey construc-tion company paid about \$11,000 to a "ghost" employe for eight months in 1977 and 1978, but maintained the payment was required under a contract with the Teamsters union and was not extorted from the firm to guarantee labor peace.

Donovan, the executive vice president of Schiavone Construction Co. of Secaucus, told a Senate committee he was "totally unaware" until two days ago of the no-show employe or of a 1978 Broklyn federal grand jury appearance by four of his firm's employes regarding a Teamsters local in New York. Donovan

said the matters were brought to his attention by Sen. Edward Kennedy (D-Mass).

Donovan said he checked with Joseph' DiCarolis, a senior vice president of the construction firm, and was told that the payment was made under a collective bargaining agreement to Joseph Murray, who worked as a chauffeur in New York for now retired Teamsters business agent Harry Gross. Donovan said DiCarolis told him he testified before the grand jury two years ago that the weekly payments were not extorted.

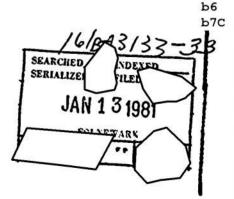

"You are totally incorrect if you call it extortion," Donovan said in response to a question at his confirmation hearing. "We didn't buy labor peace." Donovan said he "didn't like it one

damn bit" that wages were paid to some one who failed to come to work but explained that under the contract, the union had the right to name a Teamster foreman for each shift. He said the foreman was the equivalent of a shop steward who did no direct construction work and was under control of the union, not the company.

Kennedy, however, cast doubt on Donovan's statement regarding the nature of the money paid to the chauffeur. He produced information from the Justice Department which said that Di-Carolis told law enforcement officials he relented to Gross' demands and put Murray on the payroll of Schiavone's subway,

construction project in New York to "maintain labor

Kennedy also noted that the grand jury in New York is not investigating collective bargaining agreements, but reports that Schiavone and three other companies and "ghost employes" placed on their payrolls by Gross. The Massachusetts senator described Gross as a convictred extortionist:

Others, including Sen. Donald Riegle (D-Mich.) questioned how Donovan could not know that his senior vicepresident and other members of the company were subpenaed before a grand jury. Donovan agreed it might seem "strange," but added that he was not informed about it because it apparently was not considered very important.

In addition to questioning Donovan for about 90 minutes on this issue, the Senate Labor and Human Resources Committee spent more than two hours of the daylong hearing delving into a \$13,000 payment made by Schiavone in 1967 to a dummy company set up to launder more than \$1 million in kickbacks to mobsters and corrupt Newark officials.

Neither this issue or the questions raised about the Teamsters payment is expected to sidetrack Donovan's confirmation as labor secretary, according to several Democratic senators.

The committee produced a copy of the \$13,000, sheek, made out to Kantor Supply Co., as well as a Schia-

vone payment voucher with Donovan's initials, although Donovan said the initials were not in his handwriting.

The committee also distributed 1970 testimony from the late Irving Kantor, who operated the phony account. In that testimony, given during the trial of former Newark Mayor High Addonizio and others, Kantor said that all payments made to Kantor Supply Co. were fraudulent.

In addition, Kantor said in his testimony that hegave blank invoices to "someone" at Schiavone for purposes of laundering the payment. Kantor said he did this at the direction of Joseph Biacone, an organized crimefigure convicted with Addonizio at the 1970 trial.

When asked whether the \$13,000 was an extortion payment by his company, Donovan responded:

"We have never been extorted. We never made a payoff. In the Kantor incident, we considered it then and now to be an honest arrangement in the normal running of the construction business."

Donovan said that his company had an \$80 million contract to excavate and widen the New Jersey Turnpike between Exits 14 and 15. He said a company site supervisor, as is common practice, made an agreement with Kantor to dump dirt; from the Turnpike project on swampland in Newark.

He said there was no written agreement and noted that his supervisor recollects that either Kantor or someone representing Kantor came to the job site with the offer

When Kennedy pointed out that the land, located at the juncture of Wilson Avenue and Avenue P, never belonged to Kantor, but was actually owned by the City of Newark, Donovan replied that he didn't know who actually owned the land.

Donovan said he never knew Kantor and was personally unaware of the transaction until he was called into the U.S. Attorney's office in Newark in late 1969 or early 1970 and asked about the check.

Donovan said the whole incident represented "quite an unpleasant experience, pachably the most unpleasant experience of my life." He said he "treasures" his own integrity and the integrity and reputation of his company, and noted that the attitude at the U.S. Attorney's Officein Newark at the time was "accusatory."

Donovan said his Tirm's books and resords were later subpensed and examined for a few years. He said the company was never the target of any investigation or charged with any crime. He also noted that the firm got a clean bill of health from the Internal Revenue Service, which audited the firm's books while they were in the possession of the law enforcement officials

Kennedy, who vigorously questioned Donovan on the subject, asked whether the company was "duped" or simply made an agreement with corrupt officials to dump

dirt cheaply, 1 1 1 tell yourwe are an honorable company," Donovan said. "I don't know what else I can do to convince you. I have told you the truth."

Throughout the proceeding, Sen. Orrin Hatch (R-Utah), the new chairman of the committee, said he believed Donovan's sworn statements and felt he had answered the questions truthfully and forthrightly Kennedy, however, declined to say whether he would vote for Donovan, adding that more investigative work

may have to be done. "We have two situations," Kennedy said. "The question is whether your company was an innocent victim of illegal acts or whether Schiavone may have illegally participated in such acts."

Following the questioning on the two issues, the committee asked Donovan, who ran Ronald Reagan's successful presidential campaign in New Jersey, about his views on a number of policy matters.

Donovan said he believes the government has "over-managed and overregulated" the economy, but added he intends to be very "studious and not shoot from the hip" when it comes to dealing with existing regulations. Donovan said he believes in worker health and safety programs, but feels that many of these efforts have been misdirected and have had administrative problems.

He said he favors affirmative action efforts for women and minorities, but suggested that nation now has a "confrontational atmosphere" that offers "more heat than honest approaches." 

1.

The labor secretary-designate said he does not believe the Comprehensive Employment Training Act (CETA) has been successful in the public sector and said funds should be focused in the private sector, where it will be more meaningful and permanent."

Donovan said he supports state right-to-work laws, something opposed by the unions, while he is against secondary boycotts, something favored by unions.

He declined, however, to take a position of changing the minimun wage as it applies to youths and said he was not familiar enough with farm labor programs to comment. He also avoided specific questions on economic policy, but told the committee he supports business and personal tax cuts and opposes fighting inflation by fos- c tering unemployment.

Donovan also said he is against import quotas for automobiles.

Sen. Harrison A. Williams Jr. (D-N.J.), who chaired the labor committee for 10 years and introduced Donovan, said he expects the New Jersey contractor to be confirmed by the Senate. The committee may vote on the nominee later this week.

Williams, a liberal Democrat, said in in his opening statement that Donovan's philosophy of government differs from his own, but the New Jersey senator added that he looks forward to a "fresh examination of these philosophical differences" in a spirit of "cooperation." At the same time, Williams cautioned that he be-

lieves the Labor Department "has an enduring commitment to the working people of this country to play an affirmative role in providing programs and solutions to basic difficulities which have beset them." (Nount Clipping in Spore Bolow)

RAYMOND JAMES DONOVAN; SPIN

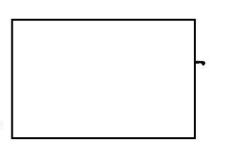

RE BUTEL CALL FROM SECTION CHIEF SCHULTE TO NEWARK 1/15/81.

PURSUANT TO BUREAU INSTRUCTIONS NEWARK AGENTS WENT TO SCHIAVONE CONSTRUCTION COMPANY SECAUCUS, N.J. 1/15/81 TO REVIEW BOOKS AND RECORDS FOR THE PERIOD OF 1967 AND 1968 TO LOCATE EVIDENCE OF PAYMENTS FROM SCHIAVONE CONSTRUCTION COMPANY TO O.K. TRUCKING OR XYZ LEASING. AT THAT TIME IT WAS DETERMINED THAT IN 1967-1968 THE FOLLOWING COMPANIES WERE IN EXISTENCE: SCHIAVONE CONSTRUCTION COMPANY (SCC); SCHIAVONE-BUCKLEY-JOINT VENTURE (SBJV) A SEPARATE BUT RELATED COMPANY (SINCE DISSOLVED); AND SCHIAVONE EQUIPMENT (SE) A SUBSIDIARY OF SCC.

THE FOLLOWING RECORDS WERE REVIEWED AT THE SCC HEADQUARTERS: CASH DISBURSEMENT JOURNALS FOR SCC FOR THE PERIOD 1/67-9/68 CASH DISBURSEMENT JOURNALS FOR SE FOR THE PERIOD 1/67-9/68

PURCHASE JOURNAL FOR SBJV FOR THE PERIOD 1/68-12/68.

THIS REVIEW FAILED TO LOCATE ANY ENTRY FOR O.K. TRUCKING, XYZ LEASING, BRIGUGLIO OR

ALSO DURING THIS PERIOD OF TIME SCHIAVONE MAINTAINED VENDOR CARDS ON ALL COMPANIES WHO HAD BILLED SCC MORE THEN THREE TIMES. THESE CARDS CONTAINED INFORMATION ABOUT EACH VENDOR AND HIS ACCOUNTS PAYABLE AND BALANCE DUE INFORMATION. THESE CARDS WERE REVIEWED AND NO CARD FOR O.K. TRUCKING, XYZ LEASING, OR RECORDS FOR SCC FOR 1965-1970 WERE OBTAINED BY THE US ATTORNEY'S OFFICE, NEWARK DURING THE INVESTIGATION OF MAYOR HUGH ADDONIZIO. AGENTS OF THE INTERNAL REVENUE SERVICE (IRS) REVIEWED THESE RECORDS AND RETURNED SAME RECORDS IN 1973 IN "TOTAL DISARRAY". WITHIN WEEKS AFTER THEIR RETURN, IRS REQUESTED PAGE THREE (NK 1618-3133) UNCLAS

AND RECEIVED SCC RECORDS FOR THE PERIOD 1971 AND 1972. UPON RETURN OF THESE RECORDS, RONNIE SCHIAVONE DEMANDED AND RECEIVED A LETTER FROM IRS STATING THE TAX RETURNS FOR YEARS 1971 & 1972 HAD BEEN ACCEPTED. NO LETTER EXISTS FOR RECORDS FOR PERIOD 1965 THRU 1970. RECORDS RETURNED TO SCC FROM USA'S OFFICE WERE STORED IN DISARRAY IN FOUR POSSIBLE LOCATIONS ON SEVERAL TRACTOR/ TRAILERS LOCATED IN A SCHIAVONE STORAGE YARD.

SCC ADVISED THAT DURING PERIOD 1967-1968, RONALD SCHIAVONE, PRES. AND AUGUST (GUS) SCHIAVONE (FATHER OF RONALD) WERE THE ONLY TWO REGULAR AUTHORIZED SIGNATORES ON SCC CHECKS. POINTED OUT THAT IF RONALD SCHIAVONE WAS GOING TO LEAVE TOWN FOR AN EXTENDED PERIOD OF TIME, A LETTER WOULD BE SENT TO THE BANK ADVISING THAT RAYMOND DONOVAN WOULD BE AUTHORIZED TO SIGN SCC CHECKS DURING A SPECIFIC PERIOD. ADVISED DURING THAT PERIOD, ALL CHECKS WERE PLACED IN

PAGE FOUR (NK 161B-3133) UNCLAS

A "CHECK WRITER" FOR AN AMOUNT TO BE EMBOSSED IN THE CHECK. IF THE CHECK WAS FOR AN AMOUNT LESS THEN \$500, IT WOULD BE PLACED IN A SECOND MACHINE WHICH WOULD PLACE A SIGNATURE ON THE CHECK. IF THE CHECK EXCEEDED \$500, THE CHECK WOULD HAVE HAD TO BEEN SIGNED BY RONALD OR AUGUST SCHIAVONE.

EXPLAINED THAT THE CHECKS ARE THEN RECORDED IN THE CASH DISBURSEMENTS JOURNAL AND ON THE VENDER CARDS, REGARDLESS OF AMOUNT. STATED THAT A REVIEW OF THE CASH DISBURSEMENT JOURNAL FOR SCC, SE OR SBJV WOULD REVEAL EVERY CHECK WRITTEN BY THESE FIRMS DURING THE PERIOD 1967-1968.

NJ FURNISHED THE FOLLOWING INFORMATION ON 1/15/81:

MR DONOVAN IS THE EXECUTIVE VICE PRESIDENT WITH DUTIES AND EXPERTISE IN ALL AREAS OF THE COMPANY'S OPERATION EXCEPT ENGINEERING. MR. DONOVAN AND MR. SCHIAVONE ARE THE ONLY EXECUTIVES AUTHORIZED TO SIGN CHECKS, IN AMOUNTS OVER \$500. IN THE ABSENCE OF BOTH, MR. DICAROLIS MAY SIGN, BUT ONLY FOR SCHIAVONE CONSTRUCTION CO. AN ALTERNATIVE TO THAT IS ANY OFFICER MAY SIGN IN THE ABSENCE IF SPECIFIC WRITTEN AUTHORITY IS GIVEN FOR A SPECIFIC PERIOD. IN INSTANCES UNDER \$500 THE CHECKS WOULD BE

THE ONLY PERSONS WITH ACCESS TO THE MACHINE IS b7C OR HIS SECRETARY b6 b7C ALL RENTALS ARE HANDLED THROUGH THE PHASE OF OPERATIONS KNOWN b6 AS SE. THIS OPERATION IS MANAGED BY SINCE b7C ABOUT 1967-1968. DURING THE PERIOD MID-60'S TO ABOUT 1965-1967 UNTIL HE WAS THAT OPERATION WAS RUN BY LET GO BY THE COMPANY.

DURING THE EVENING OF JANUARY 15, 1981 MR. RONALD SCHIAVONE PRESIDENT OF SCC TELEPHONICALLY CONTACTED THE NEWARK OFFICE AND FURNISHED THE FOLLOWING INFORMATION REGARDING CHECKWRITING AUTHORITY AT SCC IN 1967-1968:

DURING THAT PERIOD HE AND HIS FATHER AUGUST SCHIAVONE WERE THE ONLY TWO PEOPLE AUTHORIZED TO SIGN CHECKS FOR OVER \$500. IF HE WAS GOING TO OUT OF TOWN FOR A PERIOD OF TIME A TEMPORARY PAGE EIGHT (NK -161B-3133) UNCLAS AUTHORIZATION WOULD BE GIVEN TO THE BANK ALLOWING MR. DONOVAN OR OTHER OFFICERS TO SIGN FOR THAT SPECIFIC PERIOD OF TIME. CHECKS UNDER \$500 WERE STAMPED WITH A SIGNATURE BY MACHINE.

tor Weren

HE SAID THAT SEVEN YEARS AGO OTHER OFFICERS OF SCC INCLUDING DONOVAN WERE GRANTED AUTHORITY TO SIGN CHECKS OVER \$500.

MR. SCHIAVONE STATED THAT HE THOUGHT MR. DONOVAN WAS AUTHORIZED TO SIGN CHECKS ON THE SBJV ACCOUNT. HE SAID CHECKS ON THIS ACCOUNT NEEDED TWO SIGNATURES TO BE NEGOTIATED. ONE' SIGNATURE WAS REQUIRED FROM EITHER HIMSELF OR MR. DONOVAN AND THE OTHER SIGNATURE REQUIRED WAS A OFFICER.'

REGARDING THE MACHINE USED TO SIGN CHECKS, HE SAID THIS IS UNDER THE SOLE CONTROL OF

ON 1/15/81, INVESTIGATOR FOR THE US ATTORNEY'S OFFICE, NEWARK

STATED THAT HE PERSONALLY DESTROYED ALL THE HUGH J. ADDONIZIO RECORDS DURING THE SUMMER OF 1979. HE ADVISED THAT ALL THE RECORDS WERE PHYSICALLY MAINTAINED IN THE NEWARK POST OFFICE. THE POST OFFICE WANTED ALL THE RECORDS REMOVED, SO THEY WERE DESTROYED. HE WAS NOT PERSONALLY AWARE THAT ANY SCC RECORDS WERE AMONG THE ADDONIZIO RECORDS. NO INVENTORY OF DESTRUCTION OF RECORDS WAS MAINTAINED.

IT SHOULD BE NOTED, THAT TO VERIFY ONE HUNDRED PERCENT ACCURACY OF THE CASH DISBURSEMENTS JOURNAL, ALL CHECKS FOR THIS PERIOD WOULD HAVE TO BE LOCATED AND MATCHED TO THE CORRESPONDING DISBURSEMENT. THEN, THE SOURCE DOCUMENT (VOUCHER, BILL, RECIPT) WOULD HAVE TO BE LOCATED AND MATCHED TO THE ABOVE TO PRECLUDE A CHECK BEING MADE PAYABLE TO ONE FIRM AND ENTERED IN THE DISBURSEMENTS JOURNAL AS ANOTHER FIRM BY ERROR OR DESIGN.

#### PAGE TEN (NK 161B-3133) UNCLAS

IN AS MUCH AS SCC DURING THE PERIOD 1/67-12/68, PAID BILLS TOTALING WELL IN EXCESS OF \$1 MILLION PER MONTH; THE DISARRAY OF THESE RECORDS UPON THEIR RETURN FROM THE USA'S OFFICE AFTER THEIR INVESTIGATION; AND SINCE SCC OFFICIALS ARE ONLY ABLE TO STATE THAT THEIR RECORDS MAY BE LOCATED IN "ONE OF FOUR SEPERATE STORAGE AREAS ON TWO TRUCK TRAILERS", THIS TYPE OF VERIFICATION COULD NOT BE DONE UNDER CORRECT TIME CONSTRAINTS. ALSO IT SHOULD BE NOTED THAT SCC OFFICIALS ADVISED THAT THERE WAS A FIRE IN ONE OF THE BUILDINGS WHERE SOME OF THEIR RECORDS WERE STORED AND THEY ARE UNSURE IF ANY 1967-1968 RECORDS WERE DESTROYED AT THIS TIME.

Kennedy, D-Mass., C-4 asked at the time whether Schlavone had been extorted C-5 by the union official, identified in the documents as C-6 Harry Gross, business manager for a Teamsters local. C-7 "I replied that we hadn't been and that we aren't extortable," Donovan said C-8 Also bury 5-9 It was the second question about Donovan's business C-10 practices to be raised as a result of the FBI's investigation of President-elect Ronald Reagan's choice FCI-1 to head the Labor Department. FCI-2 Donovan was interrogated at length in connection Night Sunar with a federal investigation into illegal kickbacks paid b6 to New Jersey politicians and organized crime figures b7C more than a decade ago Specifically, he was questioned about an allegation that Schiavone Construction Co. made a \$13,000 payment in August 1967 to Kantor Supply Co. of Newark, subsequently identified by federal prosecutors as a dummy corporation set up to funnel payoffs from. construction contractors to various individuals, Donovan denied any wrongdoing, as he had shortly after his nomination was announced. Although Schlavone was identified in court papers as among those making payments to Kantor Supply, the labor secretary-designate testified that he believed the payment was a legitimate business expense for the right to dump debris in a vacant lot., "Obviously we were upset," Donovan said when asked about the company's reaction to revelations involving the dummy corporation. "It could easily have been a supposition that we were part of some grand scheme to defraud ....." Donovan said federal prosecutors and Internal Rev-161 **b6** enue Service agents conducted a thorough investigation SEARCHED. b7C of Schiavone's records, adding that he turned over DEXED SERIALIZED enough documents "to fill three Pepsi-Cola trucks." He emphasized that no indictments were issued against his firm or its individuals. JAN 1 4 1981 1 1 The integrity of our company, which we treasure, and balieve me, which we possess, ... is something we kniw we can't buy," he said. here were no immediate indications the question world jeopardize Donovan's confirmation.

Continued from Page 1 Sen. Orrin Hatch, R-Utab, the papel's chairman, said at the outset that "we are aware of certain troublesome aspects to this nomination." During a recess, Kennedy refused to speculate on "Donovan's chances, saying "I want to keep an open. • .: mind." . . But the senator said be felt further investigation was necessary, 1 The allegation about the "ghost" employee came, as a surprise, although Donovan had been informed several days ago. The . . It explained in part the delay in commencement of the Donovan hearings, initially scheduled last Wednesday, rie i da : After checking late last week with Joseph DiCarolis. a senior vice-president of the company, Donovan said. he learned the employee was placed on the payroll to? fulfill, the company's obligation under a collective. bargaining agreement with the Teamsters.

惶

. 12.1 The documents identified the employee as Joseph Murray, Gross's chauffeur. Records show he was on the Schlavone payroll for a period of several months from late 1977 to June 1978.

"He never showed up (for work) ...." Donovan said of Murray, "but under the collective bargaining agreement, we had to pay him."

"If you call that extortion, you would be very incorrect," Donovan asserted

He said the foreman was the equivalent of a shop steward who did no direct work. 1. 1.4

"What do you call putting a chauffeur on the payroll. who doesn't even come to work?" Kennedy asked.

"You ask me what I think of that. I don't like it one bit," Donovan replied. "It is not our policy. We have set high standards for our people."

Senate investigators produced a document contending that DiCarolis had told federal prosecutors that when Gross persisted in his demand for a Teamster to be placed on the payroll, 'he relented to maintain labor peace.":

# Donovan defends N.J. biz incidents

#### By HARRISON RAINIE and JEROME CARLE

Washington (News Bureou-Labor Secretary-designate Raymond Donovan denied yesterday that he and his New Jersey construction firm were involved in wrongdoing in two incidents in the last 13 years that spawned allegations last 13 years that spawned allegations of labor extortion, political corruption and kickbacks to mobsters

Donovan, in Senate confirmation hearings, gave his first public explanation of the circumstances leading to the payment in 1967 of \$13,600 by his firm, the Schiavone Construction Co. for a New Jersey operation that funheled the laundered cash to crooked politicians and organized crime figures

He insisted that the payment was made for a legitimate business purpose-to dump unusable road fill into a Newark landfill-and that the transaction was a "proper one."

"We are an honorable company." Donovan insisted under tough questioning. We have been cleared by the U.S. Attorney and the IRS, and I don't know what else I can do to convince you."

IT ALSO WAS disclosed by Senate Labor Committee Chairman Orrin Harch (R Utah) and ranking committee Democras, Sen. Edward M Kennedy Omass), that three officials of Schlavone, where Donotan was executive vice president, told a Brooklyn tree vice president, told a Brooklyn grand jury that the company worked grand jury that the company worked out a deal with Harry Gross, the busibess agent for New York Teamsters Local 282, to put Gross' chauffeur in a Raymond Donovan while detending role of his construction firm before Senate Labor Committee.

Donovan said there was nothing life it about the arrangement because it was mandated in a Teamsters contract. He also said he was unaware of the grand jury investigation of possible labor extortion until Senate investogators told him about it last Thurs day-despite the fact he was in charge of labor affairs for the construction firm

## Agency counters Schiavone on blame in cost overruns

#### By ROBERT G. SEIDENSTEIN

<sup>1</sup> The construction firm of U.S. Labor Secretary-designate Raymond Donovan is seeking \$4.6 million from the New Jersey Turnpike Authority, claiming it lost profits and incurred added expenses because officials were misleading in specifying the work the company had to perform.

Schiavone Construction Co. of Secaucus is suing the Turnpike Authority in connection with a project undertaken in the late 1960s to widen the highway in the Meadowlands area.

But the Turnpike Authority maintains the cost overruns were the firm's own fault and, according to legal papers, has accused the company of exaggerating its claim for damages.

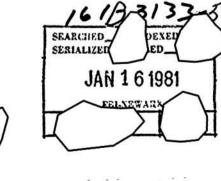

A lawyer for the Turnpike said the lawsnit-based on a \$9 million contract-is "among the larger claims" against the authority. Most claims against the Turnpike are settled before trial, according to court documents.

Legal papers note that the contract was signed in August 1967 and provided that the job would be completed in May 1968. The work was determined to be substantially finished in September 1969.

The case, which was filed in 1976, was scheduled to begin this month in Hackensack before Superior Court Judge David Follender, but has been delayed as it has on several occasions—in pretrial wrangling.

Schiavone is suing along with a Pennsylvania firm, Buckley & Co. Inc. The two companies had formed a joint business venture to do roadway excavation, grading and drainage work in East Rutherford for the Turnpike Authority.

p.m. yesterday looking through books and records, trying to locate the checks for invoices described by the informant. A source said officials at Schiavone Construction had been unable to locate the checks and invoices and do not remember the alleged transactions.

An FBI spokesman in Newark said he had no information to release regarding any search at the Schiavone Construction Co. offices.

Donovan and his company were said to be cooperating fully with the committee and with FBI investigators.

Earlier yesterday, President-elect Reagan told reporters he was aware of some allegations, but was not concerned that the Senate committee had postponed indefinitely its vote on Donovan's

lieves Donovan's assertion that he has not committed any wrongdoing and added that he does not think Donovan's nomination is in jeopardy.

Hatch and Sen. Edward Kennedy (D-Mass.) met with FBI Director William Webster yesterday on Capitol Hill. Webster said he would dispatch FBI agents to investigate the allegations.

At a Senate confirmation hearing Monday, Donovan denied any impropriety involving two incidents relating to the business activities of his construction company.

One case involved a \$13,000 Schiavone check written in 1967 that turned up in a phony account used to launder money for corrupt Newark politicians and mobsters.

Donovan said he knew nothing about

nomination.

"No, I know what the evidence is . he has told me this is absolutely not true," Reagan said.

He said he was confident of confirmation for Donovan.

Donovan could not be reached for comment last night and a spokesman for the Reagan transition team said he did not know where to find him.

Sen. Orrin Hatch (R-Utah), the chairman of the committee, said the panel received several telephone calls outlining new allegations.

"The problem is you never know whether they are cranks or not," Hatch said. "We don't have any alternative but to check them out and that is what we are doing." Hatch said that he personally be-

the fraudulent account and maintained that his company paid the money for the use of land in Newark to dump dirt that had been excavated on a New Jersey Turnpike project. He said it was a legitimate business deal and had not known that the land actually belonged to the City of Newark.

In the second case, Kennedy said the Justice Department believes Donovan's firm was extorted by a Teamster business agent in New York by placing a no show employe on their payroll in 1977 and 1978 in order to maintain labor peace.

Donovan testified under oath that/ neither he nor his company has ever been extorted. He said his company had to hird the Teamster under the provisions ofcollective bargaining agreement.

Earlier in the week, in hearings on his fonfirmation conducted by the U.S. Senlite Labor and Human Resources Committee, Donovan pointed out his company had \$80 million in contracts with the Turnpike Authority for excavation and widening jobs between Exits 14 and 15.

The committee spent two hours looking into a \$13,000 payment made by Schiavone in 1967 to a dummy company set up to launder kickbacks to mobsters and corrupt Newark officials.

Donovan, whose confirmation hearings have been delayed without explanation, denied that his firm acted improper- ly in the incident. He said he was unaware of the nature of the phony company and maintained the money was paid as a legitimate business expense.

He further explained that he learned of the payment only when he was called into the U.S. Attorney's Office in Newark in late 1969 or 1970 and asked about the check.

The Buckley-Schiavone suit against the Turnpike Authority does not involve the incident. The case concerns the firm's contractual dispute with officials and , centers on complicated construction and engineering matters.

Legal papers highlight problems the firm had with the engineering consult-ants employed by the Turnpike. The consulting firm, according to court documents, has ceased operations and its chief officer, Francis L. Brown, is believ-The Turnpike has brought Brown's

insurance company into the case main-

taining that the insurer should be made th pay part of any damages Buckley-Schifvone may eventually collect.

In the suit, the construction firm coatends the Turnpike Authority "committed numerous and substantial wrongful acts and omissions ... which ... interfered with...and retarded its performance of the work (and caused the job) ... to be performed in a piecemeal, inefficient and uneconomical manner."

The firm claims it had to furnish added materials and do extra work at a cost of almost \$4.6 million. According to legal papers, in December 1975 Turnpike officials proposed a compromise settle-ment of the suit, but the firm rejected the offer.

A pre-trial order by Superior Court Judge James Petrella notes the Turnpike Authority places some of the blame for the dispute on the defunct Brown Professional Engineers Inc. consulting firm.

The order also points out that the Turnpike views Buckley-Schiavone's claims as exaggerated and, in some instances, unwarranted.

In the latest legal maneuvering, lawyers for the construction firm are trying to bar one of the Turnpike Authority's attorneys from participating in the case.

The firm maintains that Bruce Goldstein, while serving as an assistant U.S. attorney, had reviewed company records during an investigation conducted by his office and so should not be permitted to take part in the contract litigation.

Judge Follender is expected, later in the month, to rule on the request to keep Goldstein out of the case.

Yesterday, both Joseph Nolan, the lawyer for Buckley-Schiavone and Davil Satz Jr., representing the Turnpike Atthority, refused comment on the cash Goldstein is an associate in Satz', law firm, and said Satz is scheduled to try the case.

WASHINGTON-The chairman of the Senate Labor and Human Resources Committee ordered an unexplained postponement of its scheduled vote on Raymond Donovan's nomination as labor secretary yesterday.

The committee had arranged to vote today on the nomination of the 50-year-old Secaucus construction executive, but Sen. Orrin Hatch, R-Utah, canceled the vote after meeting with fommittee aides.

"I have no details" of the decision, said one committee aide who added that no new time had been set for a committee vote.

The delay was the second the committee encountered while considering President elect Ronald Reagan's nomination of Donovan to head the Labor Department. The first delay came when Hatch put off Donovan's confirmation hearing last week so committee Investigators could look into allegations involving Donovan's firm, the Schiavone Construction Co.

Donovan appeared to have the support he needed for the committee's approval after a day-long hearing on Monday that focused largely on his firm's business dealings.

One area that investigators looked into involved a \$13.000 check the Schiavone Co. sent in 1967 to a firm later found to be a dummy corporation established to make kickbacks to New Jersey politicians and mobsters.

Donovan told the committee his company believed the arrangement was a legitimate business transaction and that Schiavone paid the \$13,000 in exchange to dump construction debris on a vacant lot.

The second area probed by the committee involved a grand jury investigation in New York that seemed to indicate that Donovan's firm bad put a "ghost" employee on the payroll four years ago in exchange for labor peace from a local Teamsters union.

Donovan told the committee he knew nothing of the purported shakedown until committee aides informed him of it last week.

After checking with officials of his own committee, he said the decision to put the worker on the payroll was made to fulfill, the obligations of a contract with the Teamsters. He conceded that the worker, who was the chauffeur of the Teamsters' business agent, never showed up for work, but maintained that the company still had no choice but to pay him.

# Committee postpones vote on Donovan's confirmation

#### By ROBERT COHEN Star-Ledger Washington Bureau

WASHINGTON — The Senate Labor and Human. Resources Committee has delayed its plans to hold a confirmation vote today on Raymond J. Donovan, the New Jersey construction company executive picked by President-elect Reagan to be secretary of labor.

The committee last night abruptly called off the scheduled vote, and staff aides said they did not know when it will be held.

One committee aide said the vote will not be held "until certain matters that need to be checked into are completed."

Another aide said, "Things have not been resolved satisfactorily," while a third staffer said the "investigation is not completed and we don't know when it will be."

At his confirmation hearing on Monday, Donovan, was grilled for about five hours on two incidents involving his firm, Schiavone Construction Co. of Secaucus.

One issue involved the payment in 1977 and 1978 of about \$11,000 in wages to the chauffeur of a Teamsters business agent who never showed up for work at a tunnel construction project in Manhattan. Sen. Edward Kennedy (D-Mass.) suggested at the

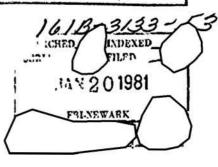

Sen. Edward Kennedy (D-Mass.) suggested at the hearing that the Justice Department feels Schiavone gave in to an extortion demand and put the Teamster on the payroll to maintain labor peace. Donovan vigorously denied that charge, said his firm has never been extorted and added that Schiavone was required to employ the individual chosen by the union under a collective bargaining agreement.

Donovan was also questioned about a \$13,000 payment made by his company in 1967 to an individual who operated a phony account used to launder about a \$1 million in kickbacks to corrupt Newark politicans and mobsters.

Donovan said the payment was a legitimate business expense. He said the money was paid so his firm could dump dirt that was excavated as part of the widening of the New Jersey Turppike.

ing of the New Jersey Turnpike. He said he did not know about the nature of the account or about the late Irving Kantor, who ran the fraudulent operation. Donovan also said he did not know that the land actually belonged to the City of Newark and not to Kantor.

Committee staffers refused to explain specifically why the hearing was delayed. They declined comment when asked whether the committee has turned up any additional evidence or information about the two incidents already publicized or whether new and unrelated developments have come to light.

## Vote on Donovan Is Delayed by Probe Of <u>New</u> Allegation

By a WALL STREET JOURNAL Staff Reporter WASHINGTON-The Senate Labor Committee postponed a vote on the nomination of Raymond Donovan for Labor Secretary while it investigated a new allegation that his 'construction company bought labor peace.

A person close to the committee said that the allegation came from an "anonymous tipster" to the Federal Bureau of Investigation and was relayed to the panel Wednesday. The committee is checking both the charge and the source of the information. That process could delay a vote on Mr. Donovan's confirmation "one day, two days, or ionger." said the source.

Reached by telephone last night, Mr. Donovan called the allegation "scurrilous and groundless." And he reiterated a stateiment he had made before the committee at his confirmation hearing Monday: "We have never been extorted. We aren't extortable." Mr. Donovan is executive vice president of Schlavone Construction Co., Secaucus, N.J.

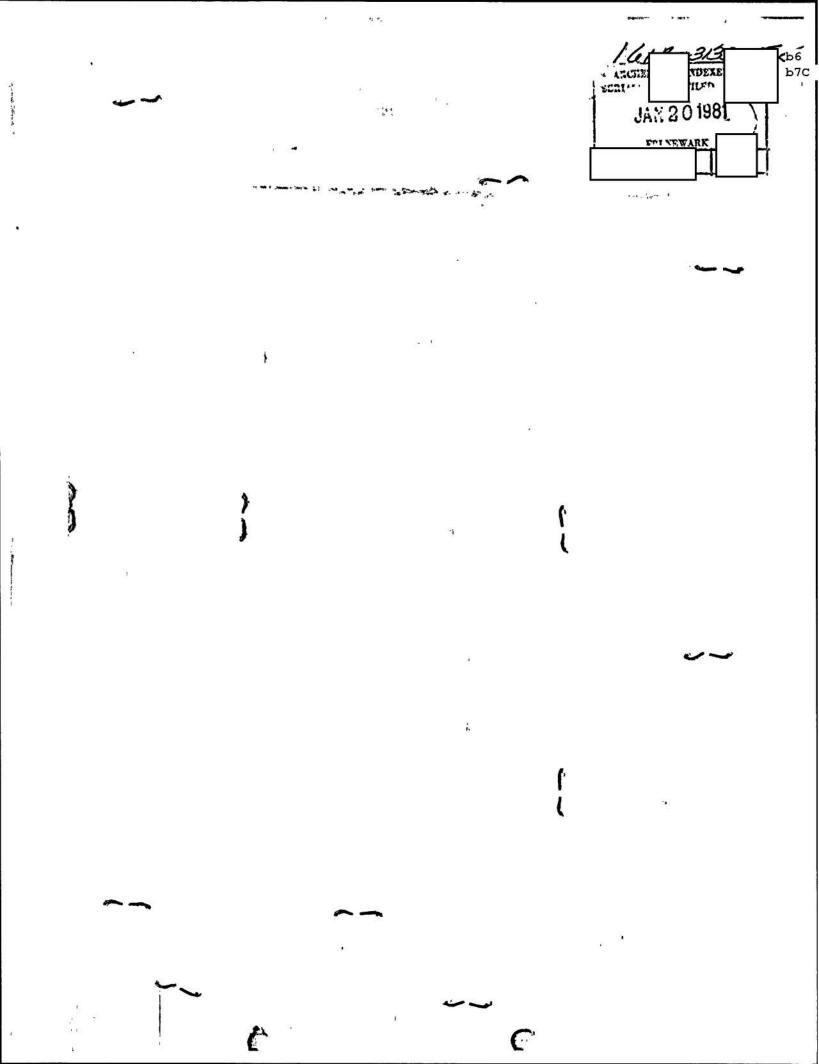

On Monday, Mr. Donovan was questioned by the committee for nearly five hours about two separate areas concerning his company. One incident involves a continuing Justice Department investigation of a New York Teamster union local that allegedly extorted payments in exchange for labor peace from several concerns, possibly including Schlavone. The panel also asked about \$13,000 the company paid in 1967 to another New Jersey concern subsequently identified by U.S. prosecutors as a conduit for illegal payments to politicians.

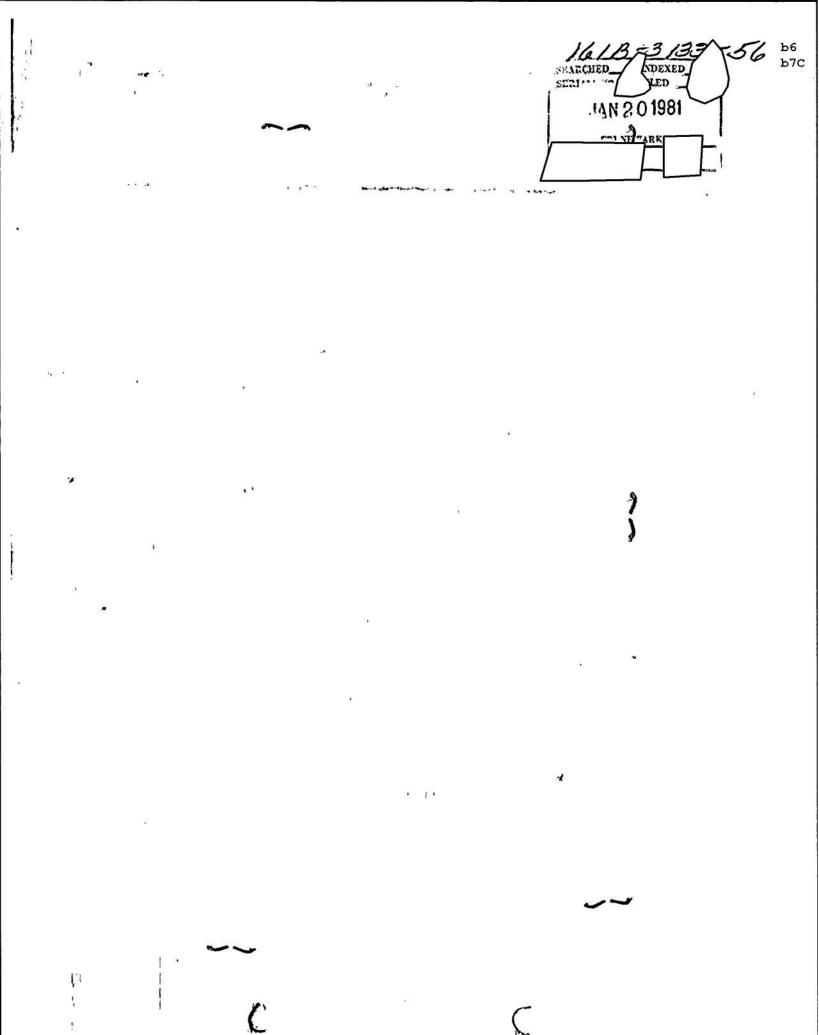

At the hearing, Mr. Donovan asserted repeatedly: "We'have never been extorted. We have never paid a payoff." Late Monday, following the hearing, a committee source said that most panel members had been satisfied with Mr. Donovan's explanations. The source predicted that the committee would approve the nomination in the vote scheduled for yesterday.

The source close to the committee said the panel won't rush its investigation of the latest allegation. "It's possible the committes from t vote patient the information. The commission won't be constrained by anyone else's time restrictions," he said.

President-elect Ronald Reagan, questioned by reporters, said he had discussed the latest charges with Mr. Donovan. "I know what the evidence ... I have every confidence in him," Mr. Reagan said. WALL STREET JOURNAL 1-16-81 p. 8.

By CHARLEY SPEKTOR NEW YORK, Jan. 14 — Secretary of Labor designee Raymond Donovan, in Senate testimony yesterday, revealed that the construction firm where he is executive vice president made a deal with a local Teamster Union official in order to "buy labor peace" on a New York job site.

Donovan's remarks before the Senate Labor Committee raised new serious doubt on whether his background as a business executive. qualifies him to serve as a labor secretary.

He hinted during his remarks that he holds an unfavorable attitude to ward the Occupational Safety and Health Administration, the CETA jobs program, the minimum wage, the Davis-Bacon Act, and the right of workers to a closed union shop.

Donovan, part of the top management at the Schiavonne Construction Corporation; admitted that a close asisociate of his at the firm, Joseph Dicarolis, at the request of Teamster Local 282 Business Agent Harry Gross, put on the payroll someone named Joseph Murray.

Put on payroll

Murray was put on as a Teamiter "foreman" on the 11:00 p.m. to 7 a.m., shift at a tunnel project in New York that Schiavonne had a contract on.

A Teamster foreman is the equivalent of a shop steward. He is supposed to insure that the company is complying with the terms of the union contract, such as monitoring whether all drivers on the jobs are Teamsters. In addition, he is responsible for maintaining health and safety standards, and insuring that wages and hours are properly adhered to on the given shift.

But Murray, it turns out, was a "ghost" employee, who never showed up even once for work while being on the payroll from November 1977 to June 1978.

Schiavonne's Dicarolis, according

to a memo from the U.S. attorney's office, agreed to put the man on the books "to maintain labor peace."

Donovan denies any knowledge of the scheme, despite the fact that his position at the company involved labor relations matters.

However, Reagan's proposed Secretary of Labor did say that he didn't really care that Murray was a "ghost."

Collusion widespread "To put it bluntly, the longer that type of person (a foreman) spends away from the project, the happier the contractor is," Donovan testified.

This type of collusion between construction firms and corrupt union officials is fairly widespread in many parts of the U.S. These dishonest labor officials "guarantee various forms of "labor peace", such as no strikes, no

enforcement of the union shop, or health and safety matters.

A big upsurge in recent years has been going on among the Teamster rank and file to oust such officials from the union.

One Midwest Teamster source told the Daily World today that it is just such deals as that made by Schiavonne and the Local 282 official that the rank and file is out to break up.

He noted that the New York-New Jersey region, where Local 282 is located, is a prime area for such deals. Richard Fitzsimmons, the son of Teamster Union President Frank Fitzsimmons, is currently serving time in a Federal penitentiary for accepting bribes from corporate officials in return for "labor peace."

While Donovan claimed to oppose these type of deals, he blatantly stated that "in many instances, you know, in the construction business.. there are times when .. not labor peace, but friendly relationships, give and take... it's done consistently."

DAILY WORLD 1-15-81. THURS

#### Against OSHA

In other parts of his testimony, Donovan exhibited anti-worker attitudes. For instance, he said that the attitudes of OSHA ought to be altered. In previous statements, he meant this to mean a cut in its powers to enforce health and safety regulations.

The Republican also stated that he had "open-mind on whether to allow employers to pay teenagers a belowpoverty level sub-minimum wage.

He also said he was strongly in favor of Section 14-B of the anti-labor Taft-Hartley Act, which gives individual states the right to prohibit workers from obtaining a closed union shop.

### Donovan denies firm was extorted into paying a no-show Teamster

#### By ROBERT COHEN

WASHINGTON - Labor Secretary-designate Raymond J. Donovan admitted yesterday that his New Jersey construction company paid about \$11,000 to a "ghost" employe for eight months in 1977 and 1978, but maintained the payment was required under a contract with the Teamsters union and was not extorted from the firm to guarantee labor peace.

Donovan, the executive vice presi-dent of Schiavone Construction Co. of Secaucus, told a Senate committee he was "totally unaware" until two days ago of the no-show employe or of a 1978 Brooklyn federal grand jury appearance by four of his firm's employes regarding a Teamsters local in New York. Donovan

said the matters were brought to his attention by Sen. Edward Kennedy (D-, Mass).

Donovan said he checked with Joseph DiCarolis, a senior vice president of the construction firm, and was told that the payment was made under a collective bargaining agreement to Joseph Murray, who worked as a chauffeur in New York for now retired Teamsters business agent Harry Gross. Donovan said DiCarolis told him he testified before the grand jury two years ago that the weekly payments were not extorted.

"You are totally incorrect if you call it extortion," Donoyan said in response to a question at his confirmation hearing. "We didn't buy labor peace." Donovan said he "didn't like It one

damn bit" that wages were paid to some-one who fatled to come to work but ex-plained that under the contract, the union had the right to some a Teamster fore-man for each shift. He said the foreman was the equivalent of a shop steward who did no direct construction work and was under control of the union, not the company.

Kennedy, however, cast doubt on Donovan's statement regarding the nature of the money paid to the chauffeur. He produced information from the Justice Department which said that Di-Carolis told law enforcement officials he releated to Gross' demands and put Murray on the payroll of Schiavone's subway

construction project in New York to "maintain labor peace.

Kennedy also noted that the grand jury in New York is not investigating collective bargaining agreements, but reports that Schiavone and three other companies had "ghost employes" placed on their payrolls by Gross. The Massachusetts senator described Gross as a convicted extortionist.

A

Others, including Sen. Donald Hiegle (D-Mich.) questioned how Donovan could not know that his senior vicepresident and other members of the company were subpensed before a grand jury. Donovan agreed it might seem "strange," but added that he was not informed about it because it apparently was not considered very important.

In addition to questioning Donovan for about 90 minutes on this issue, the Senate Labor and Human Resources Committee spent more than two hours of the daylong bearing delving into a \$13,000 payment made by Schiavone in 1967 to a dummy company set up to launder more than \$1, million in kickbacks to mobsters and corrept Newark officials.

Neither this issue or the questions raised about the Teamsters payment is expected to sidetrack Donovan's confirmation as labor secretary, according to several Democratic senators.

The committee produced a copy of the \$13,000 check, made out to Kantor Supply Co., as well as a Schiavone payment voucher with Donovan's initials, although Donovan said the initials were not in his handwriting.

The committee also distributed 1970 testimony from the late Irving Kantor, who operated the phony account. In that testimony, given during the trial of for-mer Newark Mayor High Addonizio and others, Kantor said that all payments made to Kantor Supply Co. were fraudulent

In addition, Kantor said in his testimony that he gave blank invoices to "someone" at Schiavone for purposes of laundering the payment. Kantor said he did this at the direction of Joseph Biacone, an organized crime figure convicted with Addonizio at the 1970 trial.

When asked whether the \$13,000 was an extortion

payment by his company, Donovan responded: "We have never been extorted. We never made a payoff. In the Kantor incident, we considered it then and now to be an honest arrangement in the normal running of the construction business."

Donovan said that his company had an \$80 million contract to excavate and widen the New Jersey Turnpike between Exits 14 and 15. He said a company site supervisor, as is common practice, made an agreement with Kantor to dump dirt from the Turnpike project on swampland in Newark.

He said there was no written agreement and noted that his supervisor recollects that either Kantor or someone representing Kantor came to the job site with the

When Kennedy pointed out that the land, located at the functure of Wilson Avenue and Avenue P, never be-longed to Kantor, but was actually owned by the City of Newark, Donovan replied that he didn't know who actually owned the land.

Donovan said he never knew Kantor and was ersonally unaware of the transaction until he was called into the U.S. Attorney's office in Newark in late 1969 or, early 1970 and asked about the check.

Donovan said the whole incident represented "quite an unpleasant experience, probably the most unpleasant experience of my life." He said he "treasures" his own integrity and the integrity and reputation of his compa-ny, and noted that the attitude at the U.S. Attorney's

Labor Secretary-designate Raymond J. Donovan chats with Sen. Harrison Williams before confirmation hearings with the Senate Labor and Human Resources Committee

Office in Newark at the time was "accusatory."

Donovan said his firm's books and records were later subpensed and examined for a few years. He said the company was never the target of any investigation or charged with any crime. He also noted that the firm got a clean hill of health from the Internal Revenue Service, which audited the firm's books while they were in the possession of the law enforcement officials.

Kennedy, who vigorously questioned Donovan on the subject, asked whether the company was "duped" or simply made an agreement with corrupt officials to dump dirt cheaply.

"I tell you we are an honorable company." Donovan said. "I don't know what else I can do to convince you. I have told you the truth."

Throughout the proceeding. Sen. Orrin Hatch (R-Utah), the new chairman of the committee, said he believed Donovan's sworn statements and felt be had answered the questions truthfully and forthrightly. Kennedy, however, declined to say whether he would vote for Donovan, adding that more investigative work may have to be done.

We have two situations," Kennedy said. "The question is whether your company was an innocent victim of illegal acts or whether Schiavone may have illegally participated in such acts."

Following the questioning on the two issues, the committee asked Donovan, who ran Ronald Roagan's successful presidential campaign in New Jersey, about his view on a number of policy matters.

Donovan said he believes the government has "overmanaged and overregulated" the economy, but added he intends to be very "studious and not shoot from the hip" when it comes to dealing with cristing regulations. Donovan said he believes in worker health and safety programs, but feels that many of these efforts have been misdirected and have had administrative problems.

He said be favors affirmative action efforts for women and minorities, but suggested that nation now has a "confrontational atmosphere" that offers "more heat than boost approaches." The labor secretary-designate said he does not believe the Comprehensive Employment Training Act (CETA) has been successful in the public sector and said fands should be focused in the private sector, where it will be "more meaningful and permanent."

Donovan said he supports state right-to-work lake, something opposed by the unions, while he is against secondary boycotts, something lavored by unions.

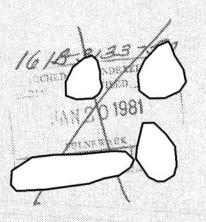

He declined, however, to take a position of changing the minimum wage as it applies to youths and said he was not familiar enough with farm labor programs to comment. He also avoided specific questions on economic policy, but told the committee be supports business and personal tax cuts and opposes fighting inflation by tostering unemployment.

Donovan also said he is against import quotas for automobiles.

Sen. Harrison A. Williams Jr. (D-N.J.), who chaired the labor committee for 10 years and introduced Donovan, said he expects the New Jersev contractor to be confirmed by the Senate. The committee may vote on the nominee later this week.

Williams, a liberal Democrat, said in in his opening statement that Donovan's philosophy of government difers from his own, but the New Jersey senator added that he looks forward to a "fresh examination of these philosophical differences" in a spirit of "cooperation" At the same time, Williams cautioned that he be-

## Committee postpones vote on Donovan's confirmation

#### By ROBERT COHEN Star-Ledger Washington Bureau

WASHINGTON — The Senate Labor and Human Resources Committee has delayed its plans to hold a confirmation vote today on Raymond J. Donovan, the New Jersey construction company executive picked by President-elect Reagan to be secretary of labor.

The committee last night abruptly called off the scheduled vote, and staff aides said they did not know when it will be held

One committee aide said the vote will not be held "until certain matters that need to be checked into are completed."

Another aide said, "Things have not been resolved satisfactorily," while a third staffer said the "investigation is not completed and we don't know when it will be."

At his confirmation hearing on Monday, Donovan was grilled for about five hours on two incidents involving his firm, Schiavone Construction Co. of Secaucus.

One issue involved the payment in 1977 and 1978 of about \$11,000 in wages to the chauffeur of a Teamsters business agent who never showed up for work at a tunnel construction project in Manhattan.

Sen. Edward Kennedy (D-Mass.) suggested at the hearing that the Justice Department feels Schlavone gave in to an extortion demand and put the Teamster on the payroll to maintain labor peace. Donovan vigorously denied that charge, said his firm has never been extorted and added that Schlavone was required to employ the individual chosen by the union under a collective bargaining agreement.

Donovan was also questioned about a \$13,000 payment made by his company in 1967 to an individual who operated a phony account used to launder about a \$1 million in kickbacks to corrupt Newark politicans and mobsters.

Donovan said the payment was a legitimate business expense. He said the money was paid so his firm could dump dirt that was excavated as part of the widening of the New Jersey Turnpike.

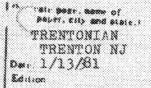

He said he did not know about the nature of the account or about the late Irving Kantor, who ran the fraudulent operation Donovan also said he did not know that the land actually belonged to the City of Newark and not to Kantor.

Committee staffers refused to explain specifically why the hearing was delayed. They declined comment when asked whether the committee has turned up any additional evidence or information about the two incidents already publicized or whether new and unrelated developments have come to light.

## Donovan Questioned On \$13,000 Payoff

By PAT McDONNELL States News Service WASHINGTON - Labor Secretary-designate Raymond J. Donovan testified Monday that his Seacancus construction firm did not knowingly provide a \$13,000 payoff to an organized crime go-between in 1967, nor has it

ever agreed to a Mob extor-

"No, we have never been extorted," Donovan, 50, executive vice president of the \$150-million-a-year Schlavone Construction Company, told members of the Senste Labor and Human Resources Committee during his confirmation hearing "In fact," he aided, "we are not exlortable."

Donovan, questioned continually on Schiavone's questionable practices, stressed bs 'pride' in the 'bonesty' and "integrity" of his firm.

Most of the more than sixhour bearing concentrated on two clouded chapters in Schiavone's history.

The first, in 1967, involved the firm's payment of a \$13,600 check to the Kantor Supply Ca. The firm's admathed founder, loving Kantor, later acknowledged that the company never really asintest, but was merely a vehicie to jagesten payodis to organized crime figures and corrupt politicians.

## Report of payoff délays Donovan vote in Senate

WASHINGTON — Senate Republicans have postponed a confirmation vote on the nomination, of New Jersey construction executive Raymond J.; Donovan as secretary of labor, amid reports that a secret "FBI-protected witness" was prepared to testify that he had personal knowledge of cash payoffs by Donovan's old firm.

ngton Post Service

Rresident-elect Ronald Reagan said he knew "what the evidence is. He (Donovan) has told me this is absolutely not true, and I have every confidence in him."

Nonetheless, Senite Labor and Human Resources Committee Chairman Orrin G. Hatch, R-Utah, put off the scheduled confirmation vote and met with FBI Director William H. Webster to pursue the new allegation. There was no indication of how long the investigation might continue, but Hatch said, "We're not kidding ourselves. There are some sproblems. We want to do a more than reasonable job of checking them out."

The maneuvering on Donovan came as Senate committees voted to approve three other Reagan nominees: Alexander M. Haig Jr. for secretary of state; Jeane J. Kirkpatrick as U.N. ambassador, and Terrei Bell as secretary of education. A vote on William French Smith for attorney general was put off until today.

The fresh information on Donovan reportedly came to Hatch's attention as a result of a lead furnished by Sen. Edward M. Kennedy, D-Mass, the committee's ranking minority member. But Kennedy staff aides de-(Continued on Page A4, Col. 4)

OTHER SOURCES, however, said the allegation, which may or may not have involved Donovan directly, forced a re-examination of his previdus testimony. The nominee denied thit he was aware of any extortion attempts by politicians or Teamsters union officials during his service as 'executive vice president of Schiavonne Construction Co. of Secaucus, N.J., a major highway and bridge builder.

During that earlier testimony, Donovan said his company had paid \$13,000 in 1967 to Irving Kantor, a Newark businessman identified in a court deposition as a middleman who "laundered" payoffs from contractors to organized crime figures. Donovan said he thought the money was a payment for dumping rights on a tract of land Kantor owned.

He also testified that he had not tearned until a few days ago that his company had put a "ghost worker" on the payroll in 1977 in order to guarantee labor peace with a Teamsters local in New York. He said he thought the job was required by the union contract, but conceded that it was a "no-show" position. BUT WHEN questioned by com-

BUT WHEN questioned by committee members. Donovan said, "We have never been extorted. We have never paid a payoff."

It is this last statement, according to some committee sources, that is challenged by the new witness whose charges, they emphasized, are without corroboration at this point. Sources at Reagan's transition headquarters last night gave no indication that they thought the nomination was in serious trouble. Late in the day, as rumors swirled around Capitol Hill, Larry Speakes, a transition spokesman, reaffirmed that "the president stands behind the nomination."

Other officials said a second internal check on Donovan's credentials had been made after his appointment in December, when the FBI field report turned up some allegations involving his firm. The recheck, these sources said, found "nd evidence of culpability" on Donevan's part.

HE STATED HE DID SOME HAULING FOR IN 1963 OR 1964, IN THE NEW JERSEY AREA BUT HAD NO RECOLLECTION OF MAKING ANY HAULS FOR SCHAVONEY CONSTRUCTION COMPANY. HE STATED HE DOES KNOW OF SCHAVONEY CONSTRUCTION COMPANY INASMUCH AS IT WAS A LARGE, WELL KNOWN FIRM IN THE NEW JERSEY AREA. HE WAS NOT KNOWLEDGEABLE OF AN INDIVIDUAL BY THE NAME OF RAYMOND J. DONOVAN NOR COULD HE RECALL EVER MENTIONING THAT NAME OR ANY SPECIAL "DEALS" MAY HAVE HAD WITH DONOVAN OR SCHAVONEY CONSTRUCTION COMPANY

HAD NO RECOLLECTION OF HAULING ANY CONSTRUCTION MATERIAL TO INCLUDE PREFAB CONCRETE FOR THE CONSTRUCTION OF THE L. ISLAND EXPRESSWAY.

LATER VOLUNTEERED THAT HE AGAIN MADE SEVERAL HAULS FOR WHO WAS ATTEMPTING TO "BUY INTO" B & R TRUCKING FOR APPROXIMATELY THIRTY TO SIXTY DAYS IN JANUARY OR FEBRUARY, 1965M WAS NOT FAMILIAR WITH X Y Z TRUCKING, CAPITOL TRUCKING OR TAYLOR TRUCKING. HE DID RECALL THAT THERE WAS AN "O.K. b6 b7С

K TRUCKING APPARENTLY WENT BANKRUPT IN THE LATE SIXTIES OR EARLY SEVENTIES AND (LAST NAME UNKNOWN) RETURNED TO UNION CITY, NEW JERSEY, AND IS NOW BELIEVED TO BE WORKING OUT OF A TRUCKING COMPANY HAULING FLOUR AND RELATED PRODUCTS FOR A BAKERY. HE STATED THAT THE RIGS ARE YELLOW (OR CREAM) AND RED.

ACT OR EQUIVALENT STATE WAGE LAWS. THESE ACTS REQUIRE THE PAYMENT OF SALARY AND FRINGE BENEFITS TO BOTH UNION AND NON-UNION WORKERS AT THE PREVAILING RATE THEREBY PRECLUDING THE USE OF NON-UNION EMPLOYEES WHEN UNION EMPLOYEES ARE AVAILABLE. LABOR CONTRACTS ARE NEGOTIATED BY THE STATE GENERAL CONTRACTORS ASSOCIATION ON AN INDUSTRY WIDE LEVEL. SCC DOES NOT NEGOTIATE INDIVIDUAL CONTRACTS WITH INDIVIDUAL UNIONS, LENGTHS OF CONTRACT AND TERMS ARE SET INDUSTRY WIDE.

ON ANY GIVEN JOB IN NEW JERSEY SCC WILL DEAL WITH SIX DIFFERENT UNIONS AND IN NEW YORK TWELVE UNIONS. SCHIAVONE STATED THAT AS A RESULT OF THE NUMBER OF UNIONS WITH WHICH THEY DEAL IT IS ALMOST IMPOSSIBLE FOR A SINGLE UNION OR DISSIDENT FACTION TO CAUSE DISRUPTION TO JOBS AS OTHER UNIONS WOULD INTERCEDE ON BEHALF OF THE CONTRACTOR TO KEEP THEIR RESPECTIVE UNION MEMBERS WORKING. HE SAID THE LARGER THE COMPANY THE LESS PROBLEMS YOU HAVE ON THE JOB WITH UNIONS.

HE STATED THAT SCC HAS HAD STRIKES FROM TIME TO TIME BUT THESE HAVE BEEN INDUSTRY WIDE STRIKES. SCC WILL HAVE LABOR GRIEVANCES PERIODICALLY BUT THESE ARE QUICKLY RESOLVED BY THE

Re FBIHQ facsimile to Newark, 1/21/81, which is attached.

On 1/22/81, Executive Assistant Director Francis M. Mullen, Jr., Assistant Director Charles Monroe, Section Chief Joe Schulte, and Unit Chief telephonically clarified the investigation being requested in the attached facsimile.

Regarding Question #1, they recommended we interview Ronald Schiavone and check with local labor unions to determine whether Schiavone Construction Company (SCC) did have strikes, particularly during 1965 - 1970.

Regarding Question #2, they requested that we simply restate our investigation at SCC regarding the books and records reviewed for the period 1965 - 1970.

Regarding Question #3, they requested that we identify the Reynwood Corp. and Fidler's Elbow Country Club, setting forth the relationship between those two entities and SCC, Raymond Donovan and Ronald Schiavone.

Regarding Question #4, they were of the opinion that this question had been sufficiently answered in the Newark teletype to FBIHQ, 1/17/81, but requested that we submit a statement regarding the number of sources which we have contacted on this investigation.

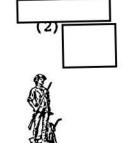

Regarding Question #5, they requested that we determine the relationship between SCC and Precast Concrete Company through interview of Ronald Schiavone. Regarding the background of Precast Concrete, they stated that they would ask New York to furnish that information. I/A 2/32-

Regarding Question #6, they requested that we identify the owners of Moscato Brothers Construction Company and identify any organize crime connection. They also requested that we furnish a statement from Schiavone regarding SCC uses of Moscato.

Regarding Question #7, they requested that we ask Ronald Schiavone about any construction projects for the Port Authority involving filling in at the airport and pier area.

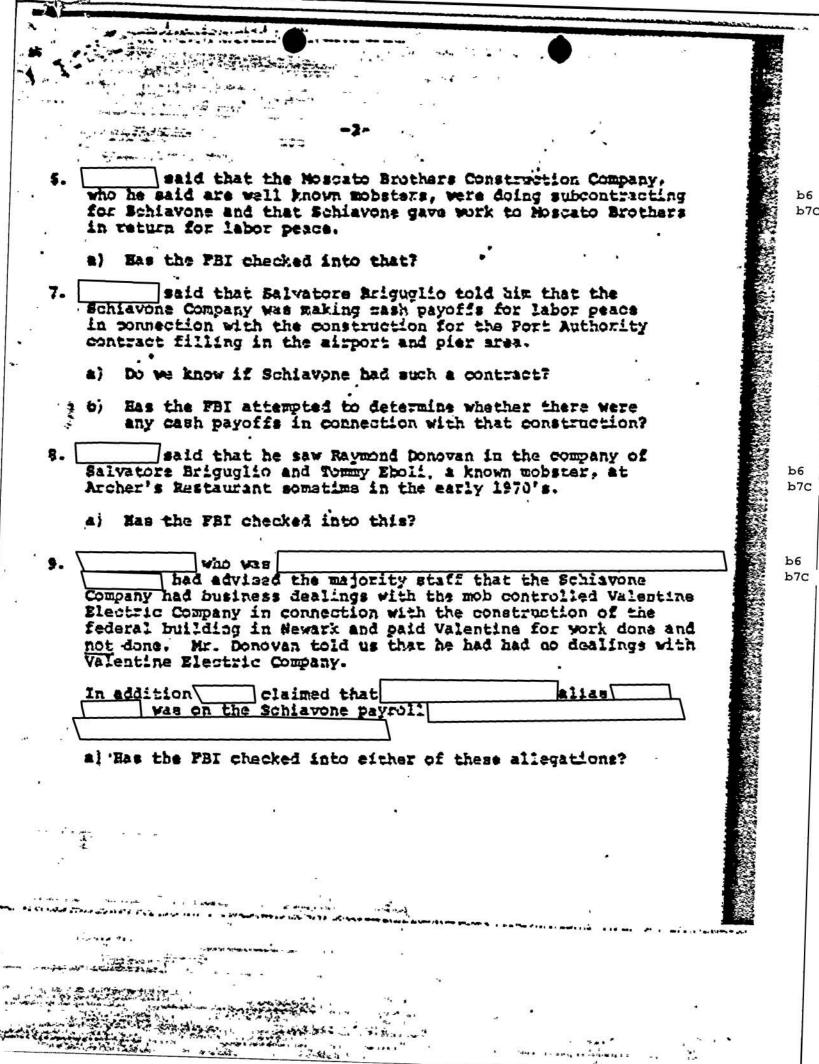

Regarding Question #8, they requested that we characterize Archer's Restaurant and state whether this is an "OC handgout."

Regarding Question #9, they requested we ask Schiavone about any business dealings SCC might have had with Valentine Electric and also requested that we go to Valentine Electric and request that they furnish records relating to their involvement with SCC. The second part of Question #9 has already been answered, and the Bureau was advised of the results by teletype, 1/21/81

They also requested that we advise the Bureau of how many Title III's have been conducted in the Newark Division involving the construction or labor industry and the fact that Raymond J. Donovan's name has never come up.

They also advised that in 1968, SCC had "problems with a carpenter's union," and the State Police in New Jersey should be aware of this information. They requested we check with NJSP regarding this.

# More Cabinet appointees move

WASHINGTON (UPI) — Senate committees unanimously approved six more members of President-elect Ronald Reagan's Cabinet yesterday but Labor Secretary-designate Raymond Donovan remains under investigation, his prospects uncertain.

In addition, two other Cabinet-level appointees were approved by Senate committees. Five others, including Secretary of State-designate Alexander Haig, were cleared by committees last week.

The Senate Banking Committee was polling its members on the nomination of Samuel Pierce, New York lawyer named secretary of Housing and Urban Development, with indications of approval is certain.

Voting a day before Reagan's inauguration, committees approved and recommended confirmation of Donald Regan, Treasury secretary, Richard Schweiker, secretary of Health and Human Services, John Block, Agriculture secretary, Caspar Weinberger, Defense secretary, Malcolm Baldridge, Commerce secretary, and Andrew Lewis, Transportation secretary.

Committees yesterday also approved unanimously the norrinations of former Republican National Chairman Wi liam Brock as special trade representative; William Cajey as director of the CIA; Darrel Trent as deputy Transportation secretary, and Frank Carlucci, now No. 2 at the CIA, as deputy Defense secretary. Approved last week were Haig; James Watt, Interior secretary; James Edwards, Energy secretary; Terfelc-10 Bell, Education secretary, and William French Smith attorney general.

Jeane Kirkpatrick was approved last week as FCI-2 ambassador to the United Nations - also a Cabinet evel N1gb position.

Reagan, in his first act as President today, will sign the commissions for members of his Cabinet, several Cabinet-level nominees and some deputy secretaries. The ceremony will be held in the President's Room, just off the Senate chamber.

The Senate, in a post-inauguration session today, plans to confirm noncontroversial members of the Cabinet and then act on Haig and others during the rest of the week.

But any hope that Donovan's name would go to the Senate along with the others evaporated yesterday, when a spokeswoman for the Labor Committee said the investigation of new allegations has not been completed.

Committee chief clerk Rita Pfeiffer said, "It really would be humanly impossible" for the committee to act before Reagan's inauguration on the nomination of Donovan, 50-year-old construction contractor from New Jersey.

The following is a summary of information furnished by Mr. Joseph A. Di Carolis, Senior Vice President, Schiavone Construction Company (SCC), 1600 Paterson Plank Road, Secaucus, New Jersey:

Di Carolis joined the company in 1962 beginning as the superintendent of various construction jobs. During the period of 1965 through 1970, he had no authority to sign checks issued by the company. As he recalls, several persons had authority during that period in the absence of the President, Ronald Schiavone. He now has such authority, having received it approximately four years ago.

To the best of his recollection, the only other person besides Raymond Donovan who was employed by SCC was an individual he knew as but who he recalls was not an officer or a supervisor. He recalls that this bore no physical resemblance to Raymond Donovan.

Di Carolis was unable to identify the following names as havings done business with SCC:

Sal Briguglio, Philip "Brother" Moscato, William Musto, "O. K." Trucking, "XYZ Leasing". He does recall that the name XYZ Leasing is somewhat familiar, but he does not recall the context of this recollection.

Di Carolis was unable to identify photographs of or Sal Briguglio, each displayed to him in a set of six photographs each.

He stated that he has no personal knowledge regarding allegations that Raymond Donovan made payoffs to anyone for "labor peace". He added that such activity on the part of Raymond Donovan would be totally out of character for Donovan.
