FBI FOIPA Addendum

As referenced in our letter responding to your Freedom of Information/Privacy Acts (FOIPA) request, the FBI FOIPA Addendum includes information applicable to your request. Part 1 of the Addendum includes standard responses that apply to all requests. Part 2 includes additional standard responses that apply to all requests for records on individuals. Part 3 includes general information about FBI records. For questions regarding Parts 1, 2, or 3, visit the www.fbi.gov/foia website under “Contact Us.” Previously mentioned appeal and dispute resolution services are also available at the web address.

Part 1: The standard responses below apply to all requests:

(i) 5 U.S.C. § 552(c). Congress excluded three categories of law enforcement and national security records from the requirements of the FOIA [5 U.S.C. § 552(c) (2006 & Supp. IV (2010)]. FBI responses are limited to those records subject to the requirements of the FOIA. Additional information about the FBI and the FOIPA can be found on the www.fbi.gov/foia website.

(ii) National Security/Intelligence Records. The FBI can neither confirm nor deny the existence of national security and foreign intelligence records pursuant to FOIA exemptions (b)(1), (b)(3), and (j)(2) as applicable to requests for records about individuals [5 U.S.C. §§ 552/552a (b)(1), (b)(3), and (j)(2); 50 U.S.C § 3024(i)(1)]. The mere acknowledgment of the existence or nonexistence of such records is itself a classified fact protected by FOIA exemption (b)(1) and/or would reveal intelligence sources, methods, or activities protected by exemption (b)(3) [50 USC § 3024(i)(1)]. This is a standard response and should not be read to indicate that national security or foreign intelligence records do or do not exist.

Part 2: The standard responses below apply to all requests for records on individuals:

(i) Requests for Records about Any Individual—Watch Lists. The FBI can neither confirm nor deny the existence of any individual's name on a watch list pursuant to FOIA exemption (b)(7)(E) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (j)(2)]. This is a standard response and should not be read to indicate that watch list records do or do not exist.

(ii) Requests for Records for Incarcerated Individuals. The FBI can neither confirm nor deny the existence of records which could reasonably be expected to endanger the life or physical safety of any incarcerated individual pursuant to FOIA exemptions (b)(7)(E), (b)(7)(F), and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (b)(7)(F), and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.

Part 3: General Information:

(i) Record Searches. The Record/Information Dissemination Section (RIDS) searches for reasonably described records by searching those systems or locations where responsive records would reasonably be found. A reasonable search normally consists of a search for main files in the Central Records System (CRS), an extensive system of records consisting of applicant, investigative, intelligence, personnel, administrative, and general files compiled and maintained by the FBI in the course of fulfilling law enforcement, intelligence, and administrative functions. The CRS spans the entire FBI organization and encompasses the records of FBI Headquarters (FBIHQ), FBI Field Offices, and FBI Legal Attaché Offices (Legats) worldwide and includes Electronic Surveillance (ELSUR) records. For additional information about our record searches visit www.fbi.gov/services/information-management/foia/requesting-fbi-records.

(ii) FBI Records. Founded in 1908, the FBI carries out a dual law enforcement and national security mission. As part of this dual mission, the FBI creates and maintains records on various subjects; however, the FBI does not maintain records on every person, subject, or entity.

(iii) Requests for Criminal History Records or Rap Sheets. The Criminal Justice Information Services (CJIS) Division provides Identity History Summary Checks — often referred to as a criminal history record or rap sheets. These criminal history records are not the same as material in an investigative “FBI file.” An Identity History Summary Check is a listing of information taken from fingerprint cards and documents submitted to the FBI in connection with arrests, federal employment, naturalization, or military service. For a fee, individuals can request a copy of their Identity History Summary Check. Forms and directions can be accessed at www.fbi.gov/about-us/cjis/identity-history-summary-checks. Additionally, requests can be submitted electronically at www.edo.cjis.gov. For additional information, please contact CJIS directly at (304) 625-5590.

(iv) The National Name Check Program (NNCP). The mission of NNCP is to analyze and report information in response to name check requests received from federal agencies, for the purpose of protecting the United States from foreign and domestic threats to national security. Please be advised that this is a service provided to other federal agencies. Private citizens cannot request a name check.

A SUMMARY OF YOUR RIGHTS UNDER THE FAIR CREDIT REPORTING ACT

THE FEDERAL FAIR CREDIT REPORTING ACT (FCRA) IS DESIGNED TO PROMOTE ACCURACY, FAIRNESS, AND PRIVACY OF INFORMATION IN THE FILES OF EVERY "CONSUMER REPORTING AGENCY" (CRA). MOST CRA'S ARE CREDIT BUREAUS THAT GATHER AND SELL INFORMATION ABOUT YOU -- SUCH AS IF YOU PAY YOUR BILLS ON TIME OR HAVE FILED BANKRUPTCY -- TO CREDITORS, EMPLOYERS, LANDLORDS, AND OTHER BUSINESSES. YOU CAN FIND THE COMPLETE TEXT OF THE FCRA, 15 U.S.C §§1681-1681U, AT THE FEDERAL TRADE COMMISSION'S WEB SITE (HTTP://WWW.FTC.GOV). THE FCRA GIVES YOU SPECIFIC RIGHTS, AS OUTLINED BELOW. YOU MAY HAVE ADDITIONAL RIGHTS UNDER STATE LAW. YOU MAY CONTACT A STATE OR LOCAL CONSUMER PROTECTION AGENCY OR A STATE ATTORNEY GENERAL TO LEARN THOSE RIGHTS.

- YOU MUST BE TOLD IF INFORMATION IN YOUR FILE HAS BEEN USED AGAINST YOU. ANYONE WHO USES INFORMATION FROM A CRA TO TAKE ACTION AGAINST YOU -- SUCH AS DENYING AN APPLICATION FOR CREDIT, INSURANCE, OR EMPLOYMENT -- MUST TELL YOU, AND GIVE YOU THE NAME, ADDRESS, AND PHONE NUMBER OF THE CRA THAT PROVIDED THE CONSUMER REPORT.

- YOU CAN FIND OUT WHAT IS IN YOUR FILE. AT YOUR REQUEST, A CRA MUST GIVE YOU THE INFORMATION IN YOUR FILE, AND A LIST OF EVERYONE WHO HAS REQUESTED IT RECENTLY. THERE IS NO CHARGE FOR THE REPORT IF A PERSON HAS TAKEN ACTION AGAINST YOU BECAUSE OF INFORMATION SUPPLIED BY THE CRA. IF YOU REQUEST THE REPORT WITHIN 60 DAYS OF RECEIVING NOTICE OF THE ACTION. YOU ALSO ARE ENTITLED TO ONE FREE REPORT EVERY TWELVE MONTHS UPON REQUEST IF YOU CERTIFY THAT (1) YOU ARE UNEMPLOYED AND PLAN TO SEEK EMPLOYMENT WITHIN 60 DAYS, (2) YOU ARE ON WELFARE, OR (3) YOUR REPORT IS INACCURATE DUE TO FRAUD. OTHERWISE, A CRA MAY CHARGE YOU UP TO EIGHT DOLLARS AND FIFTY CENTS.

- YOU CAN DISPUTE INACCURATE INFORMATION WITH THE CRA. IF YOU TELL A CRA THAT YOUR FILE CONTAINS INACCURATE INFORMATION, THE CRA MUST INVESTIGATE THE ITEMS (USUALLY WITHIN 30 DAYS) BY PRESENTING TO ITS INFORMATION SOURCE ALL RELEVANT EVIDENCE YOU SUBMIT, UNLESS YOUR DISPUTE IS FRIVOLOUS. THE SOURCE MUST REVIEW YOUR EVIDENCE AND REPORT ITS FINDINGS TO THE CRA. (THE SOURCE ALSO MUST ADVISE NATIONAL CRA'S -- TO WHICH IT HAS PROVIDED THE DATA -- OF ANY ERROR.) THE CRA MUST GIVE YOU A WRITTEN REPORT OF THE INVESTIGATION, AND A COPY OF YOUR REPORT IF THE INVESTIGATION RESULTS IN ANY CHANGE. IF THE CRA'S INVESTIGATION DOES NOT RESOLVE THE DISPUTE, YOU MAY ADD A BRIEF STATEMENT IN FUTURE REPORTS. IF AN ITEM IS DELETED OR A DISPUTE STATEMENT IS FILED, YOU MAY ASK THAT ANYONE WHO HAS RECENTLY RECEIVED YOUR REPORT BE NOTIFIED OF THE CHANGE.

- INACCURATE INFORMATION MUST BE CORRECTED OR DELETED. A CRA MUST REMOVE OR CORRECT INACCURATE OR UNVERIFIED INFORMATION FROM ITS FILES, USUALLY WITHIN 30 DAYS AFTER YOU DISPUTE IT. HOWEVER, THE CRA IS NOT REQUIRED TO REMOVE ACCURATE DATA FROM YOUR FILE UNLESS IT IS OUTDATED (AS DESCRIBED BELOW) OR CANNOT BE VERIFIED. IF YOUR DISPUTE RESULTS IN ANY CHANGE TO YOUR REPORT, THE CRA CANNOT REINSERT INTO YOUR FILE A DISPUTED ITEM UNLESS THE INFORMATION
SOURCE VERIFIES ITS ACCURACY AND COMPLETENESS. IN ADDITION, THE CRA MUST GIVE YOU A WRITTEN NOTICE TELLING YOU IT HAS REINSERTED THE ITEM. THE NOTICE MUST INCLUDE THE NAME, ADDRESS AND PHONE NUMBER OF THE INFORMATION SOURCE.

- YOU CAN DISPUTE INACCURATE ITEMS WITH THE SOURCE OF THE INFORMATION. IF YOU TELL ANYONE -- SUCH AS A CREDITOR WHO REPORTS TO A CRA -- THAT YOU DISPUTE AN ITEM THEY MAY NOT THEN REPORT THE INFORMATION TO A CRA WITHOUT INCLUDING A NOTICE OF YOUR DISPUTE. IN ADDITION, ONCE YOU'VE NOTIFIED THE SOURCE OF THE ERROR IN WRITING, IT MAY NOT CONTINUE TO REPORT THE INFORMATION IF IT IS, IN FACT, AN ERROR.

- OUTDATED INFORMATION MAY NOT BE REPORTED. IN MOST CASES, A CRA MAY NOT REPORT NEGATIVE INFORMATION THAT IS MORE THAN SEVEN YEARS OLD; TEN YEARS FOR BANKRUPTCIES.

- ACCESS TO YOUR FILE IS LIMITED. A CRA MAY PROVIDE INFORMATION ABOUT YOU ONLY TO PEOPLE WITH A NEED RECOGNIZED BY THE FCRA -- USUALLY TO CONSIDER AN APPLICATION WITH A CREDITOR, INSURER, EMPLOYER, LANDLORD, OR OTHER BUSINESS.

- YOUR CONSENT IS REQUIRED FOR REPORTS THAT ARE PROVIDED TO EMPLOYERS, OR REPORTS THAT CONTAIN MEDICAL INFORMATION. A CRA MAY NOT GIVE OUT INFORMATION ABOUT YOU TO YOUR EMPLOYER, OR PROSPECTIVE EMPLOYER, WITHOUT YOUR WRITTEN CONSENT. A CRA MAY NOT REPORT MEDICAL INFORMATION ABOUT YOU TO CREDITORS, INSURERS, OR EMPLOYERS WITHOUT YOUR PERMISSION.

- YOU MAY CHOOSE TO EXCLUDE YOUR NAME FROM CRA LISTS FOR UNSOLICITED CREDIT AND INSURANCE OFFERS. CREDITORS AND INSURERS MAY USE FILE INFORMATION AS THE BASIS FOR SENDING YOU UNSOLICITED OFFERS OF CREDIT OR INSURANCE. SUCH OFFERS MUST INCLUDE A TOLL-FREE PHONE NUMBER FOR YOU TO CALL IF YOU WANT YOUR NAME AND ADDRESS REMOVED FROM FUTURE LISTS. IF YOU CALL, YOU MUST BE KEPT OFF THE LISTS FOR TWO YEARS. IF YOU REQUEST, COMPLETE, AND RETURN THE CRA FORM PROVIDED FOR THIS PURPOSE, YOU MUST BE TAKEN OFF THE LISTS INDEFINITELY.

- YOU MAY SEEK DAMAGES FROM VIOLATORS. IF A CRA, A USER OR (IN SOME CASES) A PROVIDER OF CRA DATA, VIOLATES THE FCRA, YOU MAY SUE THEM IN STATE OR FEDERAL COURT.

THE FCRA GIVES SEVERAL DIFFERENT FEDERAL AGENCIES AUTHORITY TO ENFORCE THE FCRA:

Been close friends since that time. Aepco Oil Corp. - No longer in existence. Cabot Oil & Gas is spin-off of Cabot Corp. - Sam was chairman.

Cabot Oil & Gas was a small part of that Corporation. Sam asked me to come on the board of Cabot Corp. As a energy expert/chemical expert. Spun off 100% of Cabot Oil & Gas. I was chairman. 3 of Cabot directors came on my board. I stayed on Cabot Corp board.

REFERENCE INTERVIEW:

[Name of reference person] who resides at [address] was interviewed regarding presidential appointee Samuel Wright Bodman, III. [Name of reference person] advised that she has known the appointee for over forty years having worked with him through her first husband. Throughout the past forty years, [Name of reference person] has maintained a close social contact with the appointee and advised that he has always been a friend. [Name of reference person] described the appointee's character as "outstanding, outgoing and friendly." She stated that he tends to associate with successful business people, both male and female, and that he has many close friends in both Texas, and the Boston, Massachusetts area. He has the reputation of being "well liked by everybody" and has friends all over the world. He relies heavily on his friends and trusts his friends to provide him with accurate information when he needs it. [Name of reference person] further stated that the appointee is "extremely loyal and trustworthy" and there is no reason known by [Name of reference person] to indicate that there is anything in the appointee's background which would subject him to being compromised should he obtain a position in the United States government. Appointee is a social drinker, and [Name of reference person] advised she has never seen him overindulge. She has never known the appointee to abuse prescription drugs, or use any illegal drugs. The appointee lives well within his financial means, owning a condominium in Boston, a house in the Vineyard area of Massachusetts, and a house in Palm Beach, Florida. He is an individual who has made his successes in private business. [Name of reference person] believes that appointee will be a positive influence within the Department of Commerce.

Appointee possesses no biases toward anyone based upon race, sex, religion, sexual preference, or any other area of concern.

The French Library and Cultural Center is a non-profit organization located at 53 Marlboro Street, Boston, Massachusetts which promotes French language and culture in the United States. The library teaches French classes and puts on shows depicting French heritage.

Appointee Bodman was named as a trustee based upon his relationship with the founder of the French Library and Cultural Center, General George Doriot (deceased). Appointee met Doriot
when he was employed at the American Research and Development Corporation. At that time, Doriot was an executive within that corporation. As one of twelve trustees for the French Library and Cultural Center, appointee’s role was to, with other trustees, make recommendations regarding program curriculum and budget issues to the executive director and chairman of the board. As trustees, they did not make any decisions for the French Library and Cultural Center, to include policy matters, for the center. They merely made recommendations to the Executive Director and Chairman of the Board for consideration. Appointee’s role did include providing advice on budget issues and investments made by the library. This was in part because of his previous association with Fidelity Investments. Trustees received no compensation from the library for their time, and in fact, trustees often donated money to the non-profit organization. They had no policy making role in library activities.

advised that the candidate is a well-respected individual who will be a great asset to the United States government. She highly recommended him for a position of trust and confidence within the United States government.

Mr. Bodman was the subject of two background investigations conducted by the Defense Security Service (DSS), the most recent having been in 1993. Pertinent portions of those investigations are incorporated in this summary memorandum. During the course of those investigations, fourteen individuals were interviewed and provided favorable information concerning Mr. Bodman.

In the 1993 DSS background investigation, Mr. Bodman stated that all his foreign travel was in his official capacity as a Representative of a Foreign Interest (RFI) while employed as the CEO and Chairman of the board at Cabot Corporation and executive committee member at MIT. Mr. Bodman stated that his duties as a RFI included evaluating business performance, encouraging growth and investment and recommending/making management changes. His compensation for RFI duties was included in his salary from Cabot Corporation. Mr. Bodman stated that he does not have any personal financial investment/ownership in foreign entities.

A check of the records of the Defense Industrial Security Clearance Office, Cincinnati, Ohio, disclosed that Mr. Bodman was granted a top security clearance on October 22, 1993 based on his DSS 1993 background investigation. His clearance was terminated on July 27, 2000.

During the course of this background investigation, the records of the following entities were checked and found to contain either no record or no pertinent information concerning Mr. Bodman, unless otherwise noted in this summary memorandum:

and the White House Office.

SAMUEL WRIGHT BODMAN III, date of birth: 11/26/38
place of birth: Chicago IL, residence: 40 Battery St., 612, Boston MA 02109 telephone: (617)367-3940, was advised of the official identity of the interviewing Agent and the purpose of the interview that being to ensure that complete, accurate, and current information is available and obtained concerning suitability and security issues pertaining to the Special Agent position with the FEDERAL BUREAU OF INVESTIGATION (FBI), for which the applicant is being considered. BODMAN was advised that candor and forthrightness during the application process are significant factors in consideration for FBI employment. BODMAN thereafter provided the following information:

BODMAN was shown a copy of the Application for Employment, SF-86 (and supplemental pages) dated, which he had completed and signed. Each of APPLICANT's answers to the questions on the SF-86 was reviewed with him to ensure accuracy and completeness. BODMAN advised that the written responses to each of the questions on the SF-86 were accurate and complete to the best of his knowledge and recollection with the following exceptions:

BODMAN and his immediate family (spouse, parents, brothers, sisters, children, and current cohabitants) are United States citizens by birth.

BODMAN has never been the subject of any professional complaints or non-judicial disciplinary action taken against him by any individual, group or organization, i.e., Bar Association grievances, Better Business Bureau complaints, student, military disciplinary proceedings, Equal Employment Opportunity complaints, Office of Professional Responsibility inquiries, or a sexual harassment type complaint.

BODMAN has never been denied employment for unfavorable reasons, dismissed from any employment under unfavorable circumstances, or been denied a security clearance by any agency of the Federal Government.

BODMAN has traveled outside the United States as listed on the SF-86. BODMAN advised that his contact with foreign government officials was either ceremonial, such as the opening of new plant for Cabot or related directly to Cabot's negotiations or oversight of its interests. BODMAN does not remember any of the names of those he met accept for ZHU Rongji, who was then the mayor of Shanghai and is now the Premier of the Peoples Republic of China. BODMAN first met him because the mayor of the city under the communist system functioned like the CEO for any business venture. One of the industrial ministers there functioned as the partner.

In India (1994) the meetings were with various members of their Commerce Department whose names BODMAN does not recall to discuss discontinuity on tariffs because it was cheaper to import than to manufacture domestically which made no sense in terms of India's own interest and in terms of Cabot's interest to manufacture there.

In Hong Kong (1991 and 2000) Cabot has a long term lease and the lessor is a Public Agency. As the landlord (lessor) Hong Kong could name positions necessitation discussions with Cabot.

In Indonesia (1995) there were start up negotiations with the Minister of Industry and Trade in Suharto's government who was Ariwoboa (sp?). BODMAN was not sure of the spelling but advised that in Indonesia people have only one name, here are no first names or last names. The plant was in the western tip of Java where there was no other place to buy fuel but one company that had the monopoly. In additions, there was dumping (as in selling for artificially low prices) of products from Asia and Cabot wished for a reasonable anti dumping policy.
Prior to BODMAN's arrival at Cabot there was a problem in Algeria with the Sonatracht Oil and Gas Company. Cabot had defaulted and the company was in bankruptcy. The case was being heard in Boston. Cabot was negotiating a settlement and trying to rebuild its commercial relationship with Algeria.

The ceremonial functions were included contacts with the Minister of Trade in Victoria Australia, a member of Parliament and the Prime Minister. Nigerian Officials came for the purchase of a Liquid Natural Gas company because the company was nationalized.

Other ceremonial functions included meetings in the Czech Republic, Wales in the United Kingdom, Trinidad and Tobago and France. The specific government officials were not recalled, nor were any details beyond what was listed in the SF 86.

All other travel was directly related to Cabot's business or for pleasure. BODMAN did not recall by name the foreign nationals with whom he has met over the years. BODMAN advised that he did not travel alone with foreign nationals. There were other Americans present and at no time was he ever approached by a foreign national in a way that seemed out of context. BODMAN could remember no instances of being asked to provide information outside the direct scope of his business to include public source information. No foreign national ever tried to pressure him, instruct him or contact him inappropriately abroad or domestically. BODMAN did not see any indication that he was being assessed by an intelligence interest. BODMAN has never acted as an agent for a foreign government. BODMAN was never asked to meet with any foreign official or national in which there was not a relevant business issue to be discussed or where the meeting seemed to have no immediately apparent purpose related to BODMAN's own agenda.

BODMAN advised that has a company for which he has traveled abroad on business in Asia. BODMAN does not know any details.

REFERENCE:

Payless Shoesource Corporation, 3231 Southeast 6th Street, Topeka, Kansas, telephone (785) 233-5171, was advised of the official and personal identity of the interviewing agent and the purpose of the interview. The "Privacy Act" statement was provided to The levels of confidentiality were also furnished to and none were requested.

stated he was the for the Cabot Corporation in Boston, Massachusetts from 1991 to mid 1993. The candidate, Samuel Bodman, was the CEO/Chairman of Cabot Corporation during that time. was a General Counsel for a bank in Phoenix, Arizona prior to being employed by Cabot Corporation. After leaving, went to Bank IV and then with Payless, where he has been employed for the past five years. stated the candidate was one of many people that interviewed him for Cabot Corporation.

stated that the candidate was a no-nonsense business person and who was very driven. He came with an MIT business background with a "technical" bent to his style. He met people well, was very driven, got things accomplished on time, and was some what cold. did not build a personal relationship with the candidate while he worked for him because their styles and personalities were so different.

Prior to becoming the current CEO for Cabot Corporation. Therefore and the candidate had a long standing relationship and the candidate used for advice. also had a major role as in the business side.

Cabot Corporation was not a friendly workplace. However, that could have been based upon the time period (early 1990's) and the location (Boston). Everything was cut-throat and bottom line oriented. However, that never included doing anything illegal. The candidate insisted to no mercy on the lawsuits and to get every nickel they could.

Regarding the candidate's character, stated he was well regarded in the community and respected in the business world. was only aware of business associates and they were all well respected.
The candidate was extremely loyal to the corporation, the Board, and the shareholders. His reputation was that of a hard-nosed, driven executive, and his ability was very high. Advised he never observed, or heard of, any instance where the candidate expressed or manifested any bias or prejudice against any individual or group based on age, sex, race, color, religion, or national origin.

The candidate handled corporation finances very well and did not know him well enough to comment on his personal finances. The candidate was very well paid by Cabot Corporation.

I was aware of nothing in the candidate's background that could be used to influence, pressure, coerce, or compromise him in any way or adversely impact on his character, judgement, stability, responsibility, discretion, or trustworthiness.

To the best of knowledge, he never heard of the use, possession, sale, manufacture, or any type of distribution of illegal drugs by the candidate. Knew of no alcohol or prescription drug abuse. The candidate was energetic and devoted to his goals and he could handle stress very well.

When asked if would recommend the candidate for a position of trust and responsibility with the United States Government, there was a long pause. Finally stated he would recommend the candidate, but there are other capable people he would recommend much more readily. Stated that he and the candidate were different in their personalities and never got close. At the end, they both decided it would be better for both of them for to go elsewhere.

At this point in the interview, was asked if there was ever any event in which someone tried to run him down with a car and was this connected with the candidate.

Smiled, laughed and then stated someone had distorted the facts. He was the victim of a hit and run, but neither the candidate nor Cabot Corporation had anything to do with it.

Stated a year before he left Boston, he and his wife went for a jog in the spring, returned to their Condo, got their two dogs and went for a walk. They were crossing a four lane street at a cross walk in front of the Cheers bar. Both he
and his wife heard two motorcycles gunning their engines 100 feet away. It was 11:00 a.m., sunny and no traffic. They crossed the street with their dogs when he heard one of the motorcycles. He looked up and saw it coming dead at him. He could not react quick enough and the motorcycle hit him, went on its side, and drug him. It ended with his legs under the bike. His wife was hysterical. She got to the curb and sat down. He kept insisting he was alright. The police and fire responded. They placed him on a back board and took him to the hospital. In his right leg, he had two broken bones and a damaged tendon. He underwent surgery and rehabilitation, and ended up with a plate and six screws in his leg.

I cannot recall the name of the motorcycle rider who hit him. The attorney negotiated a settlement with the other insurance company and settled for $100,000 (max coverage) with 25% going to the attorney.

Neither the candidate nor Cabot Corporation had anything to do with the accident. They gave him time off and later good referrals.

At one point, (current Cabot Corporation CEO) suggested the accident was a result of carelessness. I did not understand that comment. Explained Cabot Corporation is a dog-eat-dog company with tremendous turn-over in senior management. There is probably a lot of ill-will toward the candidate and Cabot Corporation.

Stated he was always treated well and fairly. He knew of nothing he would consider illegal.

RE: Foreign Corrupt Practices Act Research Assignment
CC: SSA

Attached is a current copy of the Foreign Corrupt Practices Act (FCPA), comprised of 15 U.S.C.A. § 78dd-1; 78dd-2; 78dd-3. Also attached are excerpts from two recent law review articles which succinctly summarize the FCPA and its significant amendments.

The purpose and scope of the FCPA are as follows:

The FCPA was passed in 1977 in response to information uncovered in the Watergate proceedings and subsequent investigations which revealed the large amount of corruption and bribery ongoing between American political organizations and corporations and foreign officials and corporations.

The Act makes it unlawful for any U.S. corporation, individuals, or the agents of corporations and individuals to engage in foreign corrupt practices both in and outside of the United States. The Act also applies to foreign corporations, individuals, and their agents engaging in corrupt practices while in the United States.

A corrupt practices is defined as any offer, authorization or promise of payment, or actual payment of anything of value to a foreign official, including government officials, political party officials, political candidates, or officials of international organizations to influence their decisions or actions in their official capacity. The Act also covers payments made to friends, family, and associates of officials if the payment is made with the understanding that a significant amount will go to the official as a bribe.
The act is broken into three parts, sections 78dd-1, covering prohibited foreign trade practices by issuers; 78dd-2, covering prohibited foreign trade practices by domestic concerns; and 78dd-3, covering prohibited foreign trade practices by persons other than issuers or domestic concerns. These sections apply to the different aforementioned classifications of people and corporations who are subject to the FCPA.

The only exceptions and affirmative defenses to charges under the FCPA are as follows: payments made to foreign governments for routine government actions (called the "greasing exception", usually small payments to low-level government officials to ensure prompt delivery of goods already contracted for, etc.); payments that are lawful in the foreign jurisdiction in question (although bribery is technically outlawed almost everywhere); and reasonable and legitimate expenditures for promotional activities or in the furtherance of a contract (i.e. reimbursement for a plane ticket to a meeting or trade show).

Penalties can range from up to five years in prison, as well as fines of up to $2,000,000 for corporations and $100,000 for individuals.

There are also accounting requirements under the FCPA which lay out guidelines for bookkeeping in an effort to prevent corporations from hiding bribe payments as other expenditures in their books.
Education verified with no derogatory information or outstanding debts. All Law enforcement checks negative. Divorce verified. Candidate interviewed. No information regarding any complaints of sexual harassment or discrimination, any mental health consultations (other than marriage counseling), or substance abuse issues reported.

The Massachusetts Commission Against Discrimination shows that an action was brought by and though sexual harassment was not found she was awarded damages for emotional distress and unequal pay based on gender totaling over .3 million dollars.

One woman's affidavit and another's testimony revealed unwelcome touching by candidate. The affidavit also described that another senior male employee had kissed her without warning and that she found this offensive. She advised that based on candidate's reaction, she concluded that her only choice was to leave the company. Testimony described an executive committee on which candidate sat. This committee decided that she needed to
There are several thousand pages of testimony and the review of this testimony is ongoing.

Employment was verified and two Board of Trustee members were interviewed. Two neighbors and candidate's driver also provided positive references. Ten co-workers at Cabot were interviewed as well as three from Fidelity. All recommended candidate for appointment.

Two individuals requested anonymity. BS T-1 advised of but still recommended candidate. BS T-1 advised

EMPLOYMENT VERIFICATION/PROFESSIONAL ASSOCIATE

The following investigation was conducted by Special Agent [Redacted] on 4/11/01:

[Redacted] hereafter [Redacted] was advised of the official identity of the interviewing Agent and the purpose of the interview, that being to ensure complete, accurate and current information is available and obtained concerning the suitability of the appointee, SAMUEL WRIGHT BODMAN III, hereafter BODMAN, who is being considered for a Presidential Appointment, in light of the security concerns that this position warrants. [Redacted] was advised of the provisions of the Privacy Act of 1974 and did not request confidentiality. [Redacted] hereafter provided the following information:

[Redacted] of Organizational Effectiveness. This includes Human Resources Functions and, at this level, employment verification. [Redacted] responded both as the verifier of employment and a reference/colleague. [Redacted] is at [Redacted]

BODMAN came to Cabot in January of 1987 as President for the purpose of replacing the former CEO [Redacted] (now of Ampersand Ventures (617)239-0700). They overlapped by three months. [Redacted] then went to the Board of Directors. There have never been any complaints against BODMAN, either formal or informal or conflict of interest issues. A review of the personnel file by writer found no derogatory information. BODMAN's current base salary is $825,000.00 with an STI bonus of $650,00.00, $23,500 of shares, and LTI shares of $165,00.00 (which vest in three years). He was offered a four million-dollar bonus which he refused because he thought it was excessive. BODMAN's job is to create shareholder value.

BODMAN has been very successful at this. BODMAN defined the direction of Research and Development in a way which enabled it to produce new chemical processes which created a new direction for Cabot to include the development of Carbon Black, a substance which allows rubber to last and the creation of a slurry for the polishing of micro chips. Dow Corning became one of their biggest purchasers. BODMAN's ability to do this came from his background as a Chemical Engineer and his understanding of the possibilities of products on a molecular level. Also, Cabot now produces a silicon product used in cake mixes. Cabot's production of Tantalum and Niobium has allowed for their entrance
into the capacitor market and given them a significant place in the market share.

Due to these advances and to Cabot's subsequent international diversification, Cabot is now debt free and worth 680 million dollars. The old Cabot Chemical Company has been replaced by a multinational company. Certain parts of Cabot have been sold off such as the Gas Company.

BODMAN made safety for its workers world wide the number one concern for the company. BODMAN introduced ethics standards which required Cabot's U.S. standards of safety, pollution, and anti-discrimination among others to be applied equally throughout the world.

BODMAN has taken an active stance on equality in the workplace. BODMAN asked for a review of the salaries because he saw something he didn't like in how employees doing secretarial work were paid. He asked for an analysis and saw to it that all secretaries were paid the same regardless of the status of the manager for whom they worked or when they had come in. BODMAN wanted to avoid even the appearance of discrimination in salary. In this instance, that served to equalize pay among those employees regardless of race even if race played no role in the salary difference.

BODMAN has actively developed young talent and sought to bring women into the upper echelons of the company.

[blank] advised that BODMAN is a person of integrity and even when he has deeply disagreed with [blank] and been angry with him, [blank] knows he can express contrary opinions without risking his position, status or BODMAN's respect.

[blank] came into his current position two years ago and called BODMAN the most ethical person he has ever dealt with. BODMAN does not micro manage but delegates. BODMAN can work well with people of different styles and has the skill to give constructive criticism. BODMAN's critiques leave a person better for having received it. BODMAN is good at developing talent.

During his divorce BODMAN suggested that the Board hire a private investigator so that as his now ex-wife made allegations they could be investigated.
stated that BODMAN exercises good judgement in choosing those people he surrounds himself with and that these individuals have good standing in the professional community.

stated that BODMAN's reputation in the community is very good.

To the best of knowledge, BODMAN has never associated himself with any organizations whose policies would deny any person their rights under the constitution on the basis of gender, race, religion, national origin, sexual orientation, disability, age or any other class. In addition BODMAN has never exhibited any signs or expressed any opinions which would indicate that he harbors any personal biases against any group of citizens or aforementioned class.

To the best of knowledge, BODMAN has never associated with any organizations or movements which advocate the use of force to overthrow the United States government or who are involved with terrorism, espionage or sabotage. BODMAN supports our constituted form of government of the United States and does not support other forms of government whose interests may be inimical to the United States. BODMAN has never indicated that he is being directed by any foreign or criminal element to seek employment with the United States Government. BODMAN has no financial or property interests abroad or close personal ties with individuals residing in foreign countries or with foreign nationals as far as is known.

BODMAN has never exhibited any type of financial irresponsibility or appeared to live above his means.

________________________ has known BODMAN for about four and a half years. They see each other on a daily basis at Cabot Corporation.

________________________ would describe BODMAN's character as serious, open, curious and as interested in what you have to say as in expressing what he has to say. ____________________________ also described________________________ as an astute teacher who has an uncanny ability to recognize and give opportunity and challenges to talent. BODMAN was described as accomplished executive leader who established communication and promotes ideas and vision throughout the organization. He is more a leader than a manager and delegates effectively. He has "taught an old world chemical company what its options are."

________________________ described as an person of great integrity who, once when the years profits where not what he had hoped for let the Board of Trustees at Cabot know that if they though some one else could do it better, he would step down. The Board had total confidence in him and no desire to replace him.

________________________ advised that he considers BODMAN a good friend and a stellar individual.
Though, BODMAN is fundamentally an academic, he developed a code of corporate values which were clearly taught to the company. They were enumerated and involved the concept that Cabot should function with integrity throughout the world. This vision is one of openness.

BODMAN has actively pursued the introduction of women into the executive ranks of the workplace and is sensitive to issues related to the lack of people of color in the corporate world. There has been less success in that area and but BODMAN is interested in seeing that change.

In one of the plants in India there was a chairman of a company which was a subsidiary of Cabot. He tended to be very influenced by a person's caste. He was a very influential and high ranking individual. BODMAN tried to befriend him and introduce new talent. BODMAN was not quick to say he was right and that another person's culturally influenced behavior was wrong. He made every effort to be fair within a given culture. In practice, as individuals from different countries come to the U.S. for the cultural sensitivity training courses run by Cabot, they are affected to whatever degree and that gradually as they take this back with them, the culture in management changes. However, at the plant level, there is less change going on.

In the end BODMAN does not put up with discrimination and would ultimately not tolerate it.

BODMAN has never associated with any organizations or movements which advocate the use of force to overthrow the United States government or who are involved in the use of terrorism,

She advised that they are different politically. Years ago she was buying a house and he asked her if she was paying cash or going through a bank. To the best of [redacted] knowledge, BODMAN has never associated himself with any organizations whose policies would deny any person their rights under the constitution on the basis of gender, race, religion, national origin, sexual orientation, disability, age or any other class. In addition BODMAN has never exhibited any signs or expressed any opinions which would indicate that he harbors any personal biases against any group of citizens or aforementioned class.
BODMAN encourages diversity and deals swiftly with any issues of bias. Sexual harassment is an area in which has seen BODMAN take initiative.

To the best of knowledge, BODMAN has never associated with any organizations or movements which advocate the use of force to overthrow the United States government or who are involved with terrorism, espionage or sabotage. BODMAN supports our constituted form of government of the United States and does not support other forms of government whose interests may be inimical to the United States. BODMAN has never indicated that he is being directed by any foreign or criminal element to seek employment with the United States Government. BODMAN has no financial or property interests abroad or close personal ties with individuals residing in foreign countries or with foreign nationals as far as is known to.

BODMAN's professional character is very high. BODMAN emphasizes safety for workers and has pioneered a set of values that demand integrity and honesty on the part of the corporate behavior. The scientists in Cabot's Research and Development Offices were wasted before BODMAN came. As a chemical engineer BODMAN was able to give direction as what areas of research to pursue. BODMAN did not come in with his own staff but assessed the people in place and only replaced those who were not performing.

BODMAN is competent and fair. He watched when he came to Cabot and then made changes.

The IRS has its own offices at Cabot. BODMAN insists that what is done is honest and complete. likes being in a position where if there is a question on a tax issue that BODMAN would rather let if be explored with the IRS fighting hard to put Cabot's position forward. There is never any allowance at Cabot for Cabot to put something in their return that is questionable or unclear because the IRS has not ruled on the issue and hope the IRS misses it.

When BODMAN is stressed he has the "count to ten" approach so that he never speaks in anger. Even when was called into BODMAN's office because something needed to be rectified he left feeling that the criticism had been constructive and BODMAN took the time to say that he hoped that the next meeting would be around better circumstances. Once a person was critisised by BODMAN and because he came up with a solution. BODMAN gave him a commendation. This kind of thing
really raises moral and makes people trust the criticism and give their best.

BODMAN develops personnel and makes them better but he is able to terminate people he has hired but misjudged. There was a CFO who was disrespectful to others and who was asked to leave.

BODMAN has never exhibited any type of financial irresponsibility or appeared to live above his means.

To the best of knowledge BODMAN has never used illegal drugs or been involved in anyway with their sale, purchase, transportation or distribution. BODMAN has never abused prescription drugs or alcohol and has never undergone any type of substance abuse rehabilitation. BODMAN has never been involved in any fighting, spousal or child abuse.

would describe BODMAN as a very traditional person of very high integrity. As CEO, he is first and foremost concerned with the safety and the health of those he works with, the customers and the other employees. Some of their business is inherently dangerous. When under stress, BODMAN is calm and cool. He is both intuitive and analytical when things break down and can identify the critical paths even in the last hours of a crisis. He seems to thrive on pressure and has very good stamina. BODMAN is good at soliciting opinions.

of gender, race, religion, national origin, sexual orientation, disability, age or any other class. In addition BODMAN has never exhibited any signs or expressed any opinions which would indicate that he harbors any personal biases against any group of citizens or aforementioned class.

BODMAN makes his judgments based on a person's experience. In India, BODMAN's own experience is dated. The method of choosing personnel for various is positions in foreign counties is determined by the perception of how a country works. An individual was chosen to lead this company because he was well connected and experienced in the politics of the region. India has problems with corruption and that is not in keeping with Cabot's standards as set by BODMAN. BODMAN was able to accept criticism of his choice of this person based on the fact that this person was checking other peoples ethnic background. The person had made comments that in certain villages people didn't know who their father's where. Ultimately, BODMAN disassociated himself from this person. This showed that BODMAN can listen and be self critical. Cabot only owned sixty percent of this company.

To the best of knowledge, BODMAN has never associated with any organizations or movements which advocate the use of force to overthrow the United States government or who are involved with terrorism, espionage or sabotage. BODMAN supports our constituted form of government of the United States and does not support other forms of government whose interests may be inimical to the United States. BODMAN is responsible for this.

company is very high. She has never heard of any complaints against him, either professional or otherwise to include both informal and formal complaints.

During his divorce, BODMAN's now ex-wife began to make public statements against him that were heard by Cabot employees. His ex-wife alleged that he misused Cabot funds, that he used a debt situation between Cabot and Algeria as it related to Cabot's in Liquid Natural Gas. They both went on to MIT together. There were three of them that went through Cornell and MIT together. It was a nine-year process. BODMAN was first in his class at Cornell. He was competitive and believed in being the best. He enjoyed playing tennis and baseball. His future first wife was a nationally ranked tennis player. BODMAN was never "hyper social," always just a nice guy. They were in each other's weddings. BODMAN has an ironic sense of humor and a bit of a temper. Because he is so pale, he gets redder when frustrated and this was always a good barometer for anyone who knows him.

[Redacted] would describe BODMAN as very focused and intelligent. [Redacted] called him "trustworthy to the nth degree." BODMAN has an extraordinary ability to talk about information and to repackage it in a way that a wide variety of people are reached. BODMAN cares about and believes in doing the right thing. There is a moral context to his thinking.

BODMAN's professional character is outstanding. In Cabot's operations in CHINA, he had a good relationship with the former mayor of Shanghai and was able to build an understanding in Shanghai of the importance of capital and profit. As a result
he was able to attract "untypical" Chinese. They were untypical in that they did not value the collective support of the state company but instead were more free enterprise minded, looking toward the future.

________________________ of Fidelity Investments, 82 Devonshire St., Boston MA (617) 563-8450.

Other than a very bad divorce, which I does not know much about, ________________ does not know of any personal or professional complaints of any type against BODMAN to include sexual harassment, professional ethics or breaches of fiduciary trust.

While working in the Venture Capitol Area, BODMAN did very well. The compensation for these individuals is partially determined by the percentage of profit they create, i.e., it is formula driven. BODMAN was described as being among the top 15 people in that field.

BODMAN is responsible for a good amount of this growth.

During the divorce BODMAN's wife made allegations which caused BODMAN to suggest that the Board look into them fully. BODMAN advised them to request an interview with his former wife and they did. She did not want to pursue the allegations with the company. A retired Judge named Tyler investigated for Cabot and found no support.
stated that BODMAN exercises good judgement in choosing those people he surrounds himself with and that these individuals have good standing in the professional community.

stated that BODMAN's reputation in the community is very good.

To the best of knowledge, BODMAN has never associated himself with any organizations whose policies would deny any person their rights under the constitution on the basis of gender, race, religion, national origin, sexual orientation, disability, age or any other class. described BODMAN as a star, with an excellent professional character. He creates a congenial atmosphere and keeps his own stress inside while he thinks about the situation. The only way one can tell is that, since BODMAN is so pale, he gets very red.

Because of BODMAN's leadership, Cabot now has the highest return of any chemical company. BODMAN changed it from a commodities company to a high tech company. He saved the company, which was on its way out. BODMAN is very tough minded and sets high standards for himself and others. BODMAN is respected by others for this.

BODMAN understood the science of Cabot's research and development. Cabot produces Carbo black by burning sludge. However, the crystals produced in this process, varied greatly in value. BODMAN learned that in the "art" of producing Carbon black crystals no one understood the chemistry behind why different qualities of crystals were produced. BODMAN started research to develop this understanding and greatly increased the profit of this production, since high quality crystal production is now an understood process.

BODMAN has been outspoken about things that aren't right and handled well the fact that three former CEO's were on Cabot's Board of Trustees. There have never been any formal or informal
professional complaints against BODMAN as far as I knows.

The following investigation was conducted by Special Agent [redacted] over several weeks concluding on 6/5/01. This document is being prepared on 6/8/01.

The Massachusetts Committee Against Discrimination (MCAD) provided access to its records concerning the case [redacted] v. Cabot Corporation. The records contained affidavits, testimony, filings and final disposition of several thousand pages. Cabot has sought review. The decision as to whether review will take place has not been made per Cabot Corp.

Testimony and affidavits were reviewed to the extent possible in the time available. The goal of the review was to locate information which:

1. Indicated the complainants belief that candidate, CEO of Cabot Corp., or his policies or practices were discriminatory against women or whether he condoned or participated in sexual harassment. (The merits of the case are not of relevance to this goal.)

2. Determined the candidate's level of awareness of the allegations relating to him or his policies or practices in light of the fact that candidate did not reveal any awareness of the case or its complaints during his interview with writer, or on his SF 86 or its supplements.

Two additional pieces of information should be noted:

1. Two of the witnesses who gave testimony were interviewed as fellow employees in the employment check. Both were queried as to their knowledge of any official or unofficial complaints against candidate regarding any aspect of sexual harassment and discrimination, neither mentioned this case.

2. Candidate revealed that he was a witness in the case to the White House. Documentation to this effect was provided by [redacted] to writer on 6/7/01 after speaking with the candidate about his interview by the writer on 6/6/01. This was reported to FBIHQ on 6/7/01. Candidate did not refer to the affidavits against him for inappropriate touching.

Previously provided were one on point affidavit by [redacted] and the disposition of the case. Enclosed here are one on point affidavit by [redacted] and the portions of testimony found to date which provide
information as to the complainant's allegations. The disposition and affidavits stand on their own, the testimony is summarized below. It should be noted that all the testimony has not been reviewed by writer and that some of the affidavits have not been read. The rebuttals to the testimony are not presented since the goal is not to determine the merits of the case, just what was alleged in an attempt to determine what allegations the candidate was aware of at the time of his interview by writer.

The affidavits refer to unwelcome touching by candidate. The disposition shows damages awarded for emotional distress and for unequal pay based on gender. There was no finding of sexual harassment or discrimination.

The attached transcripts are copies of certain pages with sections of those pages marked as relevant. Some of those marked sections are briefly summarized below:

Volume 1
pg 189

[Discusses a leadership course, which she was asked to attend, which was preceded by a questionnaire which asked if]

pg 21

Candidate advised that he viewed [redacted] as somewhat ineffective as a lawyer and that he was attempting to bring up women talent. He was not questioned specifically about her allegations. Candidate (Vol 11 pg 145) testifies that he was advised of the complaints of [redacted] and told he needed to be careful about touching people.

(Mr. Bodman is employed by Cabot Corporation, Boston, Massachusetts, as the President and Chief Executive Officer.) Information was provided by several Cabot employees that the former spouse's allegations were investigated by Judge Harold R. Tyler and two other persons, and Howard Blauvelt, were identified as persons who could comment concerning these allegations. Additionally, another individual provided the identities of three persons who could provide possibly unfavorable information concerning Mr. Bodman at Cabot Corporation and information concerning a sexual harassment complaint. (Refer to the FBI summary memorandum dated May 22, 2001, for details concerning the above.)

Topeka, Kansas, advised that he was the for the Cabot Corporation from 1991 to mid 1993 and that Mr. Bodman was the Chief Executive Officer/Chairman of Cabot Corporation during that time. stated that Mr. Bodman was one of many people that interviewed him for employment at the Cabot Corporation. stated that Mr. Bodman was a no-nonsense business person who was very driven. stated that Mr. Bodman came with a Massachusetts Institute of Technology business background, he had a "technical" bent to his style and that he met people well. stated that Mr. Bodman accomplished tasks on time and was somewhat cold. stated he did not build a personal relationship with Mr. Bodman while he worked for him because their styles and personalities were so different. stated that Mr. Bodman was extremely loyal to the Cabot Corporation, the Board, and the shareholders and that his reputation was that of a hard-nosed, driven executive, and his ability was very high.
When asked if he would recommend Mr. Bodman, stated he would recommend Mr. Bodman, but felt there was other capable people he would recommend much more readily.

stated that he and Mr. Bodman were different in their personalities and never got to be close, however, they both decided it would be better he were to go elsewhere. was asked if there was ever an event in which someone tried to run him down with a car (see the previous summary memorandum). stated that someone has distorted the facts. stated he was the victim of a hit and run, but neither Mr. Bodman nor Cabot Corporation had anything to do with it. stated he was always treated fairly and he knew of nothing at Cabot that he would consider illegal.

stated he was unaware of alcohol abuse or illegal drug use or prescription drug abuse by Mr. Bodman, nor has he ever known Mr. Bodman to exhibit any type of bias or prejudice against any class of citizen or any type of religious, racial or ethnic group. stated that he believed Mr. Bodman lives within his financial means and he was unaware of any information concerning Mr. Bodman that could be used to compromise or coerce him.

Howard Blauvelt, Keswick, Virginia, advised that he met Mr. Bodman while they both served as directors for a company, which was a subsidiary of Cabot Corporation known as Cabot Oil and Gas (COG). Mr. Blauvelt advised that he and Mr. Bodman would meet at approximately twelve board meetings for COG over a span of two to three years. Mr. Blauvelt advised that these board meetings took place seven or eight years ago. He advised that he has not had any social contact since the aforementioned board meetings with Mr. Bodman. Mr. Blauvelt described Mr. Bodman as a very intelligent man who is a very capable individual. Mr. Blauvelt stated he has no information whatsoever regarding allegations of improprieties by Mr. Bodman's misuse of Cabot funds. Mr. Blauvelt stated that Mr. Bodman's character is impeccable. He advised his experience with Mr. Bodman as a director leads him to believe that Mr. Bodman is qualified to undertake a position of importance within the United States Government.

Mr. Blauvelt stated he was unaware of alcohol abuse or illegal drug use or prescription drug abuse by Mr. Bodman, nor has he ever known him to exhibit any type of bias or prejudice against any class of citizen or any type of religious, racial or ethnic group. He stated that he believed Mr. Bodman lives within his financial means and was unaware of any information concerning Mr. Bodman that could be used to compromise or coerce him.
Samuel Wright Bodman III

Mr. Blauvelt recommended him for a position of trust and responsibility.

Judge Harold R. Tyler, New York, New York, was interviewed as he had been identified as the person who investigated allegations of improprieties by Mr. Bodman's former spouse. He advised that he has no independent memory relating to an investigation that he is reported to have conducted regarding allegations regarding Mr. Bodman misusing Cabot funds. Judge Tyler stated that he consulted with his employer of the law firm of Patterson, Belknap, Webb, and Tyler LLP, who reviewed past records. Judge Tyler stated the records indicated that Mr. Bodman was listed as a witness giving a deposition in a case but that file is no longer available. He could provide no additional information.

In the previous summary memorandum an individual advised that a sexual harassment suit was filed against Mr. Bodman with the Commonwealth of Massachusetts Commission Against Discrimination (MCAD), Boston, Massachusetts.

A review of the MCAD records indicated that on August 10, 1994, [redacted] complainant, filed a complaint with the Commonwealth of Massachusetts Commission charging Cabot Corporation with unlawful discrimination on the basis of sex in violation of Massachusetts General laws. [redacted] alleged that she was discriminated against generally in terms and conditions of her employment due to her sex, compensated at a lower rate than males working in the same or similar positions, and constructively discharged from her job as a direct result of the discrimination. Concerning the complaint of general discrimination in terms and conditions of her employment, the Hearing Commissioner found that four incidents cited of alleged discrimination had occurred well before six months of the filing date and were time-barred. A last incident was discussed in his findings concerning the complaint of constructive discharge. Concerning the complaint of discrimination based on unequal compensation, the commissioner found that [redacted] had established that she was a victim of and entitled to judgement. On the third complaint of constructive discharge, he found that the working environment was not intolerable and that [redacted] had failed to make a case of constructive discharge. Damages of $227,748, plus interest, in back pay and $150,000, plus interest, for emotional distress were awarded to [redacted].

A review of the hearing transcripts in this matter revealed [redacted] offered as proof of discrimination several discussions with senior Cabot officials, including Mr. Bodman, in which they stated that female employees were not effective in certain roles and in foreign countries due to cultural differences and that Cabot acceded to prejudices held by others;
that she was required to work with an image consultant; that she was required to attend a leadership course (although she ultimately did not); and the restructuring of work assignments. In addition, transcripts revealed that two female Cabot employees testified on behalf of [redacted]. One employee alleged she was subject to "sexually offensive" conduct by Mr. Bodman and another Cabot manager, specifically that Mr. Bodman, during two separate conversations, placed his hand on her thigh and placed his arm around her. On both occasions others were present. The other did not testify to any actions by Mr. Bodman but offered confirmation of several incidents cited by [redacted] in her testimony.

On June 5, 2001, the FBI interviewed [redacted] of Cabot Corporation, [redacted] of Cabot Corporation, and [redacted], the law firm of Choate, Hall and Stewart, all of Boston, Massachusetts in regards to the afore-mentioned matters. All were interviewed in one meeting and the results of that meeting are incorporated in the following pages of this summary memorandum.
The following persons were present at the interview and provided significant information: ________ (hereafter General Counsel of Cabot Corporation, (hereafter Cabot), ________ (hereafter Litigation Counsel of Cabot and ________ (hereafter), of Choate Hall & Stewart (hereafter Choate).

______ advised that Choate Hall and Stewart is the law firm which represented Cabot Corporation in the hearings at the Massachusetts Commission Against Discrimination, (hereafter the MCAD), in the case ________ Complainant v. Cabot Corporation, (hereafter the case), ________ advised that she was the attorney who conducted the defense and whose name appears in the transcripts. The interview took place at Choate, Exchange Place, Boston MA 02109. Cabot is located at Two Seaport Lane, Suite 1300, Boston MA 02210.

The three interviewees, (hereafter the three), were advised of the identity of the interviewing agent and provided with a copy of the consent to release information signed by Samuel Wright Bodman III, (hereafter candidate). The three were advised that the interview was voluntary and that they were free not to answer questions especially if any attorney client privilege issues arose. The three were advised of that the interview was part of the background investigation which was being conducted in furtherance of candidate's possible selection for a White House appointment.

The three were advised that two questions were being posed. The first was "How many complaints or actions have been brought against Cabot which contained allegations of any type of discrimination or harassment and to what extent did they involve candidate?" The second was "As of this year, was candidate aware that his name had come up in both testimonial and affidavit evidence presented in the ________ case and what specifically was he aware of (regardless of his view of the merit of the accusations)?"

______ advised that there were approximately 20 cases to include cases which were settled, and cases that were outside of the Boston area. All the cases that were not settled by Cabot
were won by Cabot. No damages of any kind were awarded any complainant due to a judgement in either a hearing setting or a trial setting (this would exclude settlements). In none of the cases was Bodman a witness, named officially, or referred to in testimony in his individual capacity. He was also not referred to in reference to his policies or practices at Cabot. ADVISED that the search was as comprehensive as possible given the time frame and the fact that this information is searched by hand. Did could not be sure nothing was missed due to the fact that candidate was at Cabot for approximately 15 years, an extensive time frame.

 ADVISED that candidate would be far removed or unaware of these matters since they did not require his involvement unless the showed the need for alternate action such as terminating someone or changing or clarifying the policies or practices. No such circumstance was known to Out of state matters would be handled locally.

In regards to the second question, ADVISED that candidate would not have read the testimony and was, most likely not aware of all the allegations made by also advised that, the only reason she put candidate on the stand was that candidate's touching had been complained about in two affidavits. Candidate was aware of the complaints in this regard.

In this regard both advised that candidate touches both men and women a lot when he talks to them and confirmed that he had been advised of that fact that individual female's were expressing offense in regards to this behavior. Candidate was advised, that since women might take this in a negative way, touching during conversation was better avoided. Pointed out that in affidavit where she had complained of unwelcome kissing by another individual in management, had not revealed this occurrence to candidate at the time.

Also advised that she did not review a lot of the testimony with candidate because she wanted him to take the stand with the same degree of knowledge as before the hearings began. She also advised that it was difficult to remember, regarding any given piece of testimony, whether she had discussed
it with him, in preparing for her defense and cross examination strategy, since this took place in 1997.

Neither [redacted] believed that candidate came away from the hearings with a sense that someone perceived him as having created a hostile atmosphere to women, or that he was perceived as having negative opinions regarding the work women could or could not do, or that someone thought his senior management intimated that he had such opinions.

...the circumstances where seen as non discriminatory on the part of Cabot and by candidate to the extent he was knowledgeable of them. The extent to which candidate attributed the dissatisfaction of these individuals to their belief that they were being discriminated against by Cabot or candidate's policies is not known.

[redacted] advised that either that [redacted] testimony about what others said to her about the functioning of women in the workplace was either incorrect, or incorrectly attributed to candidate because the phrase senior management didn't always include candidate, or related to her presentation and communication style's ineffectiveness rather than her gender. Therefore, he would not think that candidate would have known she viewed him as participating in what she considered to be an atmosphere hostile to women.

With regards to [redacted] confirmed that [redacted] had been hired to help [redacted] with her presentation style and that this included some fashion advice. [redacted] advised that even though candidate was on the Executive Committee (who [redacted] believed had chosen this fashion consultant), candidate would not have known her name or that she had been hired and certainly not what she advised [redacted] advised that the same was true for the leadership course (recommended by senior management) whose preliminary questionnaire found offensive. (It asked questions about belief in religion, the sexual freedom of women and bodily functions, per testimony). That is candidate would not have been aware of the course choice or its offensiveness to [redacted]

The three stated that candidate's policy was one of no
harassment or discrimination and that this was conveyed to senior management. They stated that candidate would have wanted to be made aware of discrimination problems that were significant. Therefore, they were asked if candidate could have been remained unaware and uninformed by his senior management as to feelings and complaints at the time (as revealed in testimony and descriptions of the atmosphere created and statements made senior management.) The answer to this is contained in the statement by in the second full paragraph on page 3 herein. advised that the testimony was not reviewed with candidate after the hearing because Cabot viewed her claims as without merit and therefore not warranting any change in practice, policy or management behavior at Cabot.

pointed out that the decision in the case found no discrimination or harassment only that was paid less than her male counterparts and that since she was the only female in this position, the basis for unequal pay was attributed to gender.

COVER PAGE
This interview was conducted at the Boston FBI Office by SA [redacted] hereafter writer, of Samuel Wright Bodman III, hereafter candidate. Candidate was asked questions regarding several separate topics.

The first topic covered involved the fact that Cabot Corporation had an action filed against them at Massachusetts Commission Against Discrimination (MCAD) and that two of the supporting affidavits involved complaints directly against candidate. Candidate advised that he had not revealed the existence of the hearing (v. Cabot Corp.) or the accompanying allegations (which can be found in the below mentioned affidavits) in his SF 86 or during his interview because he had not remembered them at the time of his filing out his form or at the time of the interview. He further advised that he did recall the hearing, but not the allegations in the affidavits, at the time he responded to White House Counsel interrogatories. This inconsistency represents the fact that he saw the matter as inconsequential. He saw the case as one of a person who left the company claiming she was underpaid, stealing files and then taking a job for substantially less money elsewhere.

Candidate also advised that he did not know the specifics of the case, had never read the testimony or affidavits and had no personal recollection of the two instances of inappropriate touching that the two affidavits and alleged. Candidate stated that he did remember being spoken to about the familiar touching he does with both men and women and that it was being badly received by these women and anyone further. However, he considered the matter inconsequential and didn't think about it during the time he filled out his form, the White House interrogatories or responded in his interview. He advised that as of the ongoing instant interview (6/13), he did not remember being asked about the touching during his testimony.

He noted that when he filled out the White interrogatories he did not mention his testimony as a witness in his divorce trial, though he remembered to put it down on the
Candidate stated that when he came to Cabot he found almost no ethnic, gender or religious diversity and that out of 24 Officers only one remained after three years. Candidate feels he changed the culture in that regard, promoting diversity and equal treatment, as well as making it clear to senior management that any problems in this area where to be reported to him.

Candidate formed an executive committee so he could make major changes with the input of those who knew the particulars of the business. Candidate also wanted to make change in a way which did not discredit people. Having decisions come from the executive committee rather than from him personally allowed everyone to take credit and to be respected through massive change. Candidate stated that this committee would have not been involved in such matters as picking a presentation consultant for a given attorney, but that captains had the latitude to run their own departments. Candidate does not believe that they would ever involve themselves in the kinds of actions that the complainant describes. If that had happened candidate would have expected to have been informed and would have taken action. Candidate advised that it is possible that a presentation consultant was hired but that candidate would have not felt it was appropriate for this to include input on dress.

Candidate advised that his concerns with presentation and appearance are not gender related but related to how effective the companies personnel are in negotiations. Candidate confirmed the situation with an female plant manager who was sent to a small town in the hills of Italy and was unable to function because of the attitudes towards women. Candidate stated that Cabot should have provided a greater support system and that this would be a valid criticism. Candidate advised that there was discussion of the effectiveness of women in certain countries and that Cabot struggled with how to proceed. Cabot ultimately decided that Cabot should live by its own values overseas just as in the US and that these values were more important than profits. Cabot does not avoid placing women in overseas positions but tries to encourage the host countries come to the realization that individuals are being chosen for their competence.
Candidate did remember some aspects of the matter involving [redacted] and advised she was working part-time because of the ages of her children and that she recognized that she either needed to work full time or give up certain kinds of assignments. Candidate advised that the independence of Human Resources and their procedures of due process were respected by him. The only time he would have considered stepping in is if they were not aggressive enough in providing recourse for those who were discriminated against or otherwise harassed.

Candidate had no specific knowledge of the other aspects of testimony. All testimony summarized in the previous report (the written summary of the testimony is dated 6/8/01 and added to the report of 6/5/01) was covered with him.

Candidate advised that American Oil and Gas (AOG) purchased CARCON (a company in which candidate invested). All CARCON’s management went over to AOG. Candidate’s stock in CARCON was then converted into AOG by the merger.

Then, as CEO of Cabot, candidate made the decision to sell West Star, a Gas Transmission Company owned by Cabot, to AOG. West Star had been bought by Cabot for over 200 million and was valued at 30 million by the time candidate became CEO. Candidate had stock in AOG by virtue of AOG’s purchase of CARCON. However, it was determined by Cabot that candidate owned so little stock in AOG as compared to Cabot that no concerns (conflict of interest) were raised. (Cabot was paid in AOG stock and this prevented Cabot from losing money on West Star.)

Candidate advised that he had never heard of [redacted] conceal their existence for tax reasons. Candidate could not comment on if, between 1986 and 1987, CARCON could have changed from saying Harkon had been an investor/shareholder in CARCON to saying it was not an investor/shareholder. (Writers note: Harkon was a company of whose assets had a seizure order entered against them in the ECCI case). (The removal of Harkon as a shareholder put assets in CARCON out of reach of the seizure order.)

Candidate advised that for about nine months in 1993-1994 (or 1994-1995) he was seen by a Psychiatrist [redacted]
Continuation of FD-302 of Samuel Wright Bodman III, M.D.) at Massachusetts General Hospital to talk about some issues relating to his marriage. Prescribed Prozac (10 mg) for him for that time. This coincided with the period of time one month before, and 8 months after, he moved out of his home with his second wife.

Candidate advised that he drinks 1-2 scotch drinks and 1-2 glasses of wine each night. He advised he was never told to attend AA meetings but to become familiar with the program since his son should be attending. Candidate went to one meeting because he misunderstood what meant by suggesting candidate learn about the program. Candidate stated that never intended to candidate to go.

Candidate advised that he never physically or verbally abused his wife. Candidate advised that his ex-wife...

Candidate also advised that his ex-wife would scream at Cabot's Directors in public (the Boston Commons). Her public allegations, at parties etc., were that he had stolen from Cabot and bribed the Algerians. Candidate is not overly familiar with all her allegations but advised that Judge Tyler advised him they had no merit. Candidate advised that he did not discuss this in the interview because he did not think questions about his conduct, conflict of issues, and the behavior of those around him pertained to untrue allegations made by his ex-wife and because the personal details of his divorce were not requested. Candidate suggested that the questions should have been asked differently. Candidate advised that he did not discuss the abuse...
allegations, when asked about abuse, because they were allegations and not the truth. He advised that he did not consider the question regarding whether there had been any complaints by anyone, either informal or formal, against him to include his ex-wife's allegations. Candidate likewise advised that the other questions asked (i.e. theft, breaches of trust) would have not have been considered by him to pertain to allegations of his ex-wife unless he had been asked if his ex-wife had made any such allegations.
Second interview of candidate completed. Candidate was not able to fully explain why his ex-wife did not classify as "anyone" when he was asked if any complaints were ever made against him by anyone. Candidate advised he drinks both wine and hard liquor each night. Candidate advised that he viewed his Psychiatrist visits as marital counseling even though his wife did not attend and therefore did not report them separately. Psychiatrist who treated candidate interviewed. General Counsel of Cabot Corporation interviewed. Litigation Counsel of Cabot Corporation and the Lawyer (of an outside firm) which represented Cabot Corporation in response to the suit brought by interviewed.
The following investigation was conducted by Special Agent ____________________________ on 6/13/01, a psychiatrist at The Massachusetts General Hospital Wang Ambulatory Care Center #815 Department of Psychiatry, Boston Ma 02114 and also at Harvard Medical School was contacted regarding Samuel Wright Bodman, III. ____________________________ advised of the identity of the interviewing agent and the purpose of the interview that is to further the background investigation of Bodman's candidacy for a presidential appointment. ____________________________ was provided with the Authorization for release of Medical Information, signed by Bodman.

In the previous summary memorandum dated May 22, 2001, information was reported that an individual stated that a sexual harassment suit was filed against Mr. Bodman with the Massachusetts Commission Against Discrimination, Boston, Massachusetts. (Refer also to the summary memorandum dated June 13, 2001, for additional details in this matter). During Mr. Bodman's divorce from [redacted] she publicly alleged that Mr. Bodman misused Cabot funds and made business arrangements through Cabot Corporation for his own advantage. (Mr. Bodman is employed by Cabot Corporation, Boston, Massachusetts, as the President and Chief Executive Officer.) Also, an individual alleged that Mr. Bodman invested with another individual who formed the Bank of Credit and Commerce International (BCCI). (BCCI was the subject of one of the largest bank fraud investigations ever prosecuted).

Also, in the summary memorandum dated May 22, 2001, a review of the Suffolk County Probate and Family Court, Boston, Massachusetts, indicated that Mr. Bodman's former spouse alleged that Mr. Bodman was verbally abusive toward her and that he was involved in a romantic affair with another woman. The records also contained information that Mr. Bodman's former spouse alleged one incident of physical abuse.

Additionally, an individual stated that Mr. Bodman took Prozac, an antidepressant, and attended Alcoholic Anonymous (AA) meetings on the direction of a psychiatrist that was treating his son. This individual also alleged that Mr. Bodman was a daily drinker of hard liquor and wine.

On June 13, 2001, the FBI reinterviewed Mr. Bodman in regards to the afore-mentioned matters. The results of that interview are incorporated on pages 3-7 of this summary memorandum.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.
On June 16, 2001, [REDACTED] Psychiatrist, Massachusetts General Hospital, Boston, Massachusetts, advised that Mr. Bodman was under his care for nine months about five years ago and since that time his file has been inactive. [REDACTED] advised that there was no diagnosis and that Mr. Bodman was being seen in relation to a life circumstance which was producing some stress. [REDACTED] advised that Mr. Bodman suffered from no mental disorder and that he is psychologically health and stable. [REDACTED] initially indicated that Mr. Bodman had not received any medication but when he [REDACTED] was advised Mr. Bodman reported a prescription for Prozac. [REDACTED] remembered he prescribed it to Mr. Bodman but subsequently stopped the prescription since the antidepressants did not do much for him. [REDACTED] stated that Mr. Bodman has no prognosis because he suffered from no illness. He advised there was no need for further treatment and he recommended Mr. Bodman for a position of trust with the United States government.

Title: SAMUEL WRIGHT BODMAN, III
       LEVEL II-PAS

Synopsis: Initiation of a full-field background investigation (FFI) on captioned candidate.

Administrative: BUDED is 12/05/2003.

RECEIVING OFFICES ARE TO ENSURE THAT A COPY OF THIS EC IS PROVIDED TO EACH INDIVIDUAL CONDUCTING INVESTIGATION IN CAPTIONED MATTER. ADDITIONALLY, WHEN SENDING FOLLOW-UP LEADS TO OTHER FIELD OFFICES NOT KNOWN TO BE INVOLVED IN CAPTIONED MATTER, ENSURE THAT A COPY OF THIS EC IS PROVIDED TO THOSE FIELD OFFICES AND THAT THIS EC SERIAL IS REFERENCED.

Field offices should also refer to the investigative guidelines set forth in MIOG, Part I, Section 161, and Part II, Section 17, for additional assistance in conducting investigation in captioned matter.

CANDIDATE INTERVIEWS

Regardless of the scope, i.e., the time frame, to be addressed in candidate's FFI, the initial candidate interview is to
address each of those areas set forth in MIOG, Part II, Section 17-5.6(2)(a)-(o), for the candidate's entire adult life, i.e., since his/her 18th birthday, except for counseling. When addressing each of the areas with the candidate, he/she is to be advised that responses to all questions asked are to address candidate's entire adult life (i.e., since his/her 18th birthday), except for counseling which must be addressed as set forth below in "Counseling/Counselor Interviews". The fact that questions addressing each of the areas were asked, as well as candidate's responses thereto and knowledge of their scope, must be clearly set forth in the FD-302 reflecting the results of the candidate's interview.

If the candidate refuses to answer any question, that is to be clearly set forth in the FD-302 reflecting the results of the candidate's interview. An effort should be made to obtain from the candidate an explanation for refusing to answer and, if provided, the explanation is also to be reported in the FD-302. If the candidate refuses to provide an explanation, that also is to be reported. Thereafter, no further efforts to obtain a response to the question candidate refused to answer should be made, unless instructed by SIGBIU, FBIHQ.

COUNSELING/COUNSELOR INTERVIEWS

Counseling information to be solicited from the candidate is to be limited only to that information set forth in questions 21 and 25 of candidate's SF-86, except that the information is to cover only the scope of candidate's FFI (but not prior to his/her 18th birthday). Therefore, the scope for the counseling question in this investigation is 15 years. Counseling which occurred outside the scope of the candidate's FFI is not to be solicited or addressed, unless otherwise instructed by SIGBIU, FBIHQ. NOTE: Policy also prohibits marriage, family, or grief counseling from being solicited and addressed, except where violence by the candidate is involved.

For interviews of counselors, a copy of an executed "Authorization for Release of Medical Information" form must be used. The questions which can be asked of counselors are limited. In addition to verifying the dates of the counseling, the questions asked are to be limited only to the three questions set forth on the aforementioned release. The counselor is to be instructed to provide only that information he/she believes is responsive to each of the three questions. Each question is to be specifically asked and answered, and responses to each clearly reported in the FD-302/insert reflecting the interview results.

Because information concerning counseling is limited to the scope of the FFI, if the candidate voluntarily provides
To: Boston From: Administrative Services
Re: 161L-HQ-1337020, 11/10/2003

counseling information which occurred outside the scope of the BI, that information is to be fully explored with the candidate only during his/her interview, recorded and reported. However, no additional investigation is to be conducted concerning the information, unless instructed to do so by SIGBIU, FBIHQ. The fact that the information beyond the scope of the FFI was volunteered by the candidate, and not solicited by the FBI, must also be clearly set forth in the FD-302 reflecting the results of the candidate’s interview.

Ensure to conduct investigation as set forth under the "Leads" section herein and/or as marked on the enclosed SF-86.

Field offices are reminded that neither the investigative status of a background investigation nor any deadlines are to be disclosed to the candidate or any interviewees. Candidates making inquiries of the status of their investigation are to be referred to the client entity.

Direct results/questions to PSS [REDACTED]. Advise SIGBIU (PSS [REDACTED]) and appropriate field offices of any derogatory information in accordance with MIOG, Part II, Section 17-5.1(1). If Buded will not be met, telephonically advise PSS [REDACTED] and set forth reason(s) in Administrative Section of investigative report. SIGBIU facsimile numbers are (202) 324-6618 and (202) 324-1865.

Enclosure(s): Being forwarded to each field office, (either scanned or) with a hard copy of this EC via Bureau mail, is one copy each of the following: candidate's SF-86, dated 11/04/2003, Authorization for Release of Information, dated 11/04/2003, and Authorization for Release of Medical Information, dated 11/04/2003.

Details: Bureau has been requested by the WH to conduct a Level II FFI of candidate. Candidate’s last FBI background investigation was closed in 6/01. Update from 6/91 unless otherwise noted. Candidate’s computerized credit report has not been made available for review, additional leads maybe forth coming.
